Two Children Banned to Death.

Saturday, shortly after noon hour, the house of Joseph Mitchell, west side, was burned to the ground and two of his little sons aged three and five years were burned to death. The particulars are as follows: Mrs. Mitchell went to a neighbor's house, a block away, on an errand, where she remained some ten or fifteen minutes, and when returning home she noticed a light through a window on the second floor of the house. She rushed to the house and into it and while attempting to find her little ones was almost suffocated by the smoke and was about to leave the building when her foot touched something on the floor which proved to be her babe which she carried out doors, and then she called again and again for the others, but no answer came back to her. The little house was reduced to ashes and there it was that the charred remains of the children were found. Both babies were horribly burned, so badly so that the limbs dropped from them when picked up. Mrs. Mitchell thinks the two boys went upstairs where some matches were left, and in trying to find them fired the building. They were taken to the furniture rooms of the C. L. Co., where they were made ready for burial by Undertaker Klemmer, and the remains were buried on Sunday at Thompson, after services in the Catholic church in this city. Mr. Mitchell, the author of the article, is an employee of the C. L. Co., and was in camp at the time of the terrible holocaust.
