Our Millinery stock is complete, and all we ask to call and inspect them before buying, as we are bound to sell every hat we have.  
In childrens Mill Bonnets, Tam o' Shaners and Sailors we are bound to please you.

if the Hawaiian Islands were annexed and under American government, or if a modified reciprocity treaty were negotiated. On the face of things, since they have free contract labor and free entry to our markets as it stands, any change would seem likely to lessen the advantage and to help the beet growers, who, meanwhile, do not appear from recent experience to need much help. It may be added that if Hawaiian competition is not of vital importance to sugar-beet growers on the Pacific Coast, it would hardly count for much in States this side of the mountains. The question of relations with the Hawaiian Islands, it must be perceived, is immeasurably more important in other respects than with respect to the production of sugar, and it is on those other grounds that the Administrator will doubtless decide what course to propose.—N. Y. Tribune.

## BREVITIES.

Angus M. Douglas of Greenlark, was in the city Tuesday.  
Owen Graham of Sylvania, is in the city, the guest of his sister, Mrs. Geo. Austin.  
There are eleven Grandeur-Bellanca riders in the city. They should organize a club.  
The infant daughter of Mr. and Mrs. J. W. Gilligan died Sunday, and was buried Monday.  
We are informed that thirty new hotel buildings will be constructed near the plant of the Weston Furnace Co., this season.  
Sam, Chapman, who has an insatiable thirst for liquor, and who has been located at the county jail the greater portion of the past three or four years, was recently sentenced to the Detroit house of correction for 90 days, for being a confirmed inebriate. Sheriff Ekstrom took him to Detroit early in the week.  
Conductors, Sharpe, Drigman and Snyder have resumed their regular runs on the east division of the Soo Line. Snyder was recently arrested in Minneapolis for "scurching." As the above gentlemen were unused to city ways and they were too valuable to lose all together, the Soo officials decided to return them to this division where they were perfectly familiar with the habits and customs of the natives.

Manistique is receiving a vast deal of free advertising since the intentions of the Ann Arbor road concerning Manistique have become public property. That Manistique is all right cannot be disputed by any one. No city in the state unless he be Houghton and the "copper country cities," felt the business depression during the past three years as little as did Manistique. There have been no business failures here, and but very few idle men. If Manistique a good town now will it not be made better by the addition of new enterprises?  
Hon. Jas. J. Brown, who delivered the commencement address here last week, has decided to locate in this city and practice his profession. He came to this conclusion after looking over the ground here thoroughly and convincing himself that the town was here to stay, and that it would continue to grow and prosper. He expects to be here about the 1st of July. In his removal here this city will gain much by adding to its legal profession one of the best lawyers in the state. He has practiced law for 30 years, beginning his career at Detroit, where he was born and brought up, and which he served as city attorney for two or three terms. He is not only a first class jury lawyer, but also a good counsel. As an orator and eloquentist Mr. Brown has few equals anywhere in the country, to which those who heard him deliver his eloquent address on the evening of the 10th inst. can testify. We congratulate the city on his acquisition, and we speak for him a liberal practice.—Menominee Enterprise.

## A Card of Thanks.

We, the "Wolverine Base Ball Club" of Manistique, wish to thank the many persons who contributed toward raising the sum of \$20.00 for the late base ball game between "W. B. C." and the "M. E. B. C." (No Limits). And we regret very much that having lost the game we are unable to repay the same to our many friends. We also wish to thank Mr. V. P. Chapman for his kindness in umpiring the game, and the "M. E. B. C." (No Limits) for the gentlemanly way in which they conducted themselves, both during the game and after.  
Yours respectfully,  
WOLVERINE BASE BALL CLUB.

D. K. Smith has returned to the city.  
Geo. Law left for British Columbia this week.  
Geo. Chandler's soda fountain is in full blast, much to the delight of east side wheelmen.  
Geo. Downer collided with Earl Vest, under last Friday evening. Demer's wheel was wrecked.  
Robert Arrowood will engage in the grocery business in the West Side Hardware building about July 1st. Manistique now has only two vacant store buildings.

A gentleman, more or less intoxicated, spee'd his horse on the main streets of the city last Friday evening, and was compelled to donate \$6.00 in police court the next morning.

Old veterans wishing to attend the National encampment at Buffalo, and it is on those other grounds that the Administrator will doubtless decide what course to propose.—N. Y. Tribune.

Carl Ekstrom, having made previous arrangements, will be unable to participate in the bicycle races July 4th. He goes to the Soo, and although he will need fast riders, will no doubt give a good account of himself.

On and after the Fourth of July the American flag will have forty-five stars. There will be six rows of stars: The first, third and fifth rows will have eight stars each, and the second, fourth and sixth, seven stars each.

R. S. Goycock who has been canvassing this city in the interests of the Northern Accident and Sick Benefit Association of Menominee, for the past two weeks, returned to Menominee Monday. He appointed Joseph Scott as local agent.

The Soo railroad is out with an insurance policy designed to indemnify its employes against sickness and injury. For payment of .50 cents per month the insurer is entitled to treatment for twenty-six weeks in a Detroit sanitarium or its associated institutions within one year from date of contract. There is no death provision.

Vice President Hubbel received the following telegram from President Merritt of the Seine-River & Remy Lake Exploration Co., late Friday evening of last week: A copy of telegram follows: "Sell no more stock at fifteen. Wilbur and Ward report vein very rich at 25 feet. Send you reports and samples today. A bonus."  
"This will certainly be cheering news to the many stockholders of the company residing in this city and vicinity.

We recently asked one of our citizens what he would do if he were suddenly to come into the possession of a million dollars. He said: "If I were suddenly to get a million dollars, I would have guardian appointed before I got the cash; I would have the guardian give bond in a surety company. I would have the company guaranteed and the company that guaranteed should also give indemnity in addition I would make the guardian invest the funds in registered government bonds, go that, lost, stolen or not, they would be sure. Then I would commence complaining of being poor, would be poor; would wear worse clothes than I do now, my health would become delicate with some rich man's disease; I would have many apparent friends that I would get to suspicious; the whole business, I would fall sick in three months, seven doctors would attend, there would be a disbursement for a thousand dollar casket, and the lawyers after waiting for the embalming fluid to set, would, like the only Christians in the land, proceed to equally divide my estate."

## Victory for Dorsey.

Last night the News was favored with a call from Detective Dorsey. Mr. Dorsey hails from Gulliver, upon the burning plains of Schoolcraft county, near the torrid town of Gould City, where bold, bad men from Hyster creek, make their rendezvous and the services of a sleuth hound of the law are frequently called upon to assist in solving some dark plot which is where Detective Dorsey got his training. One would hardly take him for a detective, but that's what he is. He wears a Mackinac, a dark shawl and a drooping moustache and terra cotta pants and is enveloped in a cloak of mystery. "Perhaps you think I'm a farmer?" exclaimed Mr. Dorsey, "I'm not a farmer." He added with a low, gurgling laugh as he showed signs of the darkness and disappeared as quickly and silently as the ghostlike figure of an owl and was lost to view.—Menominee News.

Fourth of July Excursion.  
One fare or the round trip. Dates of sale July 2-3 and 5th. Good to return up to July 4th inclusive of 3 and 12 years one-half the above rates.

We always do as we advertise and will save you money on any article you buy of us and guarantee everything as we represent it.

# BLUMROSEN BROS.

The Leaders of Low Prices and Good Reliable Goods. MANISTIQUE, MICH.

## Manistique Pioneer-Tribune

Published by Tribune Publishing Company.  
Geo. E. Hubben, Editor.  
FRIDAY, JUNE 25, 1907.  
Entered at the postoffice at Manistique, Mich., as Second Class mail matter.

Queen Lil kicks at the idea of annexation. Pears-see's kicked before.  
It is said that Senators Burrows and McMillen have banded themselves together to fight Progressism.  
Bob Wright blasted the hopes of a local poet with one fell swoop in his pen last week, by saying, "he will become a rising poet if he swallows some baking powder."  
The Gladstone Delta feels real bad to think that the Soo line is contemplating transferring its affection from Gladstone to Manistique. Really, we don't blame the Delta for feeling badly concerning the matter.  
Coal is being carried from Lake Erie ports to points on Lake Michigan for one cent per hundred pounds, or twenty cents per ton. This is about one-fifth of the rate that prevailed seven or eight years ago and shows what competition has been and is doing in cheapening

transportation. While it may be a good thing for some people it is a pretty serious matter for the owners of bottoms who are dependent on that class of freight.  
It is somewhat curious but nevertheless a fact that the very fellows who are clamoring the most and loudest for an equal division of the property are the very ones, who evidently have taken special pains not to accumulate anything of the kind themselves. Now that isn't a fair deal at all, and the more thrifty ones certainly have a right to kick against the method which it is proposed to inaugurate.  
Sugar and Hawaii.  
It is not difficult to understand that the Republican Senators were indisposed to take any step in haste regarding the importation of sugar from Hawaii which might by any possibility embarrass the President in negotiations. Doubtless the committee to which the subject was referred will be able, perhaps, after consultation with the President, to report some form of action which will not tend to interrupt any plans he may have or to impair any interest the Nation may have in the Hawaiian Islands or the commerce of the Pacific. But it may be not untimely to observe that the interest of the United States is not exclu-

sively or even largely in the islands as a sugar farm. Some of the facts appear to be unknown or commonly forgotten which have an important bearing on the subject.  
Hawaiian sugar being admitted free, 53,537,407 pounds came in during March, costing \$1,545,085 or almost three cents per pound. The imports in February were 36,124,491 pounds, at nearly the same average cost; nor was the cost essentially different in January or December, while in previous months of 1896 the cost averaged over three cents per pound. In nine months ending with March the imports into the country, and in the corresponding months of the previous year were less than a tenth. It seems evident that the immediate influence of such importations at that range of prices is not of such character or importance that the whole sugar question, or a revenue bill should depend upon it. Moreover, the price is that of the place of shipment, and freight for a long voyage must be added before the sugar can enter markets of the Pacific Coast. At the maximum, about 438,000,000 pounds were imported from Hawaii in the calendar year 1896, about one-ninth of the total imports, but the domestic supplies have yet to be added.

It is not to be assumed that the production of sugar by coolie or contract labor can be continued in the Hawaiian Islands in the event of annexation. Existing laws of the United States would render it impossible, unless some special conditions were made in the treaty, which public opinion would oppose. But the cost of producing sugar on the island by other than such labor has yet to be determined. It is conceivable that some of the German and other capitalists who have large sums invested in Hawaiian sugar plantations, as well as Americans who have similar investments, do not feel sure that annexation would benefit them, while the reciprocity treaty as it stands gives them the advantage of Asiatic labor and free access to the American market.  
Neither does it follow that annexation, or reciprocity under some modified form of treaty, if that should be found practicable, would prove as injurious to beet-sugar culture as some now suppose. On the Pacific Coast, with all the advantages favoring Hawaiian planters, the beet culture has grown rapidly and has enlisted capitalists of great strength and ability. Certainly the Hawaiian planters would not be in any respect more dangerous rivals

# A 4th of July Clothing Sale

AT THE  
**C. L. Co.'s Store**

We Shall Offer, Commencing,  
**THURSDAY, JUNE 24th,**

Come Quick, Best Bargains Yet.

**C. L. COMPANY'S STORE,**  
C. P. HILL, Manager.

A telephone has been placed in the Harry Rose residence.

**SERVANT GIRL WANTED**—Call at residence of Geo. Nicholson.

Lewis A. Hall was in the city yesterday. He left for New York this morning.

**SERVANT GIRL WANTED**—Call at Schoolcraft Co. Bank, or at residence of C. H. Moresca.

Governor Bushnell received a renomination at Toledo. Hanna controlled the convention.

L. C. Storrs, secretary state board of corrections and charities, Lansing, was a pleasant caller this afternoon.

Rev. Dr. Todd and two daughters are in the city, the guests of Rev. and Mrs. Rogers. They return to Escanaba tomorrow.

A. C. Hubbell left for Superior, Wis., last evening to attend a meeting of the directors of the Seine River and Rainy Lake Exploration Co.

The only Santry, in advance of the Frank E. Long Co. which appears at the opera house all of next week, is in town renewing old acquaintanceship and forming new ones.

Mrs. Frank Jachor received a telegram from Buffalo, N. Y., Tuesday, announcing the death of her sister, Mrs. Joseph Daiguault, aged 45 years. Deceased leaves a husband and five children to mourn her loss.

Corinne is making elaborate preparations for the celebration of Independence Day. The celebration will be held Monday July 5th. About \$200 will be expended in prizes for bicycle and horse races, and field sports. Hon. A. McEachern will deliver the address. H. C. Culver was a caller this morning, and informed us that the eagle would not scream any louder anywhere than it will at Corinne on the 5th. Corinne has an excellent half mile track and good races may be expected.

Rev. J. M. Rogers left for Big Rapids this morning.

Casper Bros. are quoting remarkably low prices on goods, in their monthly advertisement on 5th page of this paper.

The Daily Milwaukee Sentinel published a dispatch from Monomies this week which stated that the Ann Arbor people had purchased the Manistiquic & Northwestern railroad and would at once build the connecting link, between the present terminus of the road and that of the Manistiquic railroad. There are so many wild rumors about that it is well nigh impossible to believe anything you hear. The sale of the road is denied by the local officials.

The stock of the Seine River and Rainy Lake Exploration Co. has been withdrawn from the market subject to the board of directors which meets at Duluth today. The famous Rainy Lake mine was yesterday transferred to the Golden Star Mining Co., composed of wealthy eastern capitalists. The mother company—the Seine River & Rainy Lake Exploration Co. retaining 40 per cent of the Golden Star stock. This eastern syndicate stands ready to take all other properties of the Seine River and Rainy Lake Co. upon the same basis. Work will at once be pushed on the LePaige property, highly spoken of by the Toronto Globe, who has an expert in the field writing up the various properties in the Rainy Lake country. He says that the LePaige is situated on the same vein as the Olivet or Preston mine—one of the richest veins in the world.

The Golden Star stock will issued at once and all holders of stock in the mother company will receive an equal number of shares of Golden Star stock gratis. Likewise an equal number of shares of any other subsidiary company. Samples recently received by Mr. Hubbell have been forwarded to the sub-treasury at New York, for assay. Report on same will be published as soon as the data is received.

W. H. Simmons will preach at the Presbyterian church next Sunday.

There will be a special meeting of the Lakeside Lodge No. 371, E. A. M., Monday evening of next week. Work in second degree.

Joe St. Louis and family left South Manistiquic for Montreal Wednesday morning. Mr. St. Louis was a valued employee of the Hall & Buell Co. for seven years.

Muled to the Extent of 813. A smooth fellow calling himself Chas. Gordon, called at Blumrosen Bros. store Wednesday and picked out a suit of clothes, a pair of shoes and a sweater. He represented that he was an employee of the Soo railroad company and that "pay day" would be the next day. He would then call for the goods and pay for them. At four o'clock yesterday he called at the store and told Manager Rosenthal that he should send the goods to his boarding house that evening after the arrival of the west-bound passenger train. Clerk Danto followed the directions. The fellow asked for the privilege of trying on the clothing and went to his room on the second floor to do so. After a lengthy wait Danto went up to the room and found that the fellow had jumped out of the window with his best suit of clothes. A warrant was issued for his arrest and the officers have been making diligent search for him but have yet failed to catch him.

**Tax Payors Attention.**  
The tax roll of the village of Manistiquic is now in my hands, and taxes are due and payable at my office. Same must be paid on or before August 10th.  
CHAS. R. ORR,  
Village Treasurer.

**OUR SIX YEAR OLD DAUGHTER.**  
My little six-year old daughter had very sore throat, badly ulcerated, and coughed almost incessantly. Gave her Little Wine of Star Spruce according to directions and she began to improve immediately and soon got well. My Groves and I have recommended it to others, and we consider it the very best medicine in use.  
REV. D. H. GROVES,  
Pastor N. E. Church, Clarksville, Mo.

### OUR CUBAN TRADE

SIGNIFICANT REPORT SHOWING THE BAD EFFECT OF HOSTILITIES.

Trade of '96 as compared with '95 shows a decrease of \$20,000,000—figures for the Present Fiscal Year indicate a Still Greater Loss.

WASHINGTON, June 10.—A significant report on our trade with Cuba from 1887 to 1897 has been promulgated by Secretary of Agriculture Wilson. The statistics show very clearly the effect of present hostilities in Cuba upon the value of the material interchange of the United States with the island.

During 1886 the total value of our Cuban trade amounted to only \$17,518,610, as compared with \$102,861,201 in 1893, the year previous to the breaking out of the war. Returns already available for the current fiscal year indicate a still further decline, the records for the nine months ending March 31, 1897, placing the total value of the trade for that period at only \$14,624,817. At this rate the figures for the fiscal year 1897 will hardly reach \$20,000,000, or less than one-fifth the value recorded for 1893. During the early years of the present decade our Cuban trade had received a material impetus, the years 1887 to 1893, inclusive, showing unexampled gains, but for the opening of the war, a still greater expansion, if it profited, probably have followed. As it is, however, commercial interchange between the United States and Cuba has been very largely abridged.

**DEATH RATE GROWING.**

Work of Est. ... **Death Rate Growing.**

NEW YORK, June 24.—A dispatch to The World from Havana says: Extinction on the island is an appalling actual fact. The death rate is actually increasing. A prominent Spanish official, who has full knowledge of the interior, says that should the war be prolonged 15 months the western half of the island will be entirely depopulated. The death rate is likely to double next month. Contagious will then sweep the people down rapidly. The nation has turned the interior into a quagmire in many places. The troops are a pestilential dith. The soldiers are suffering terribly from fever and dysentery.

A military engagement occurred Wednesday at Manigua, 15 miles from Havana. The insurgents attacked a column of Spanish and the latter lost heavily. The details were as follows: Many ambulances with wounded have arrived here. The rebels are certainly concentrating around Havana. They have turned the interior into a quagmire in many places. The troops are a pestilential dith. The soldiers are suffering terribly from fever and dysentery.

**WOULD BUY CUBA.**

Sugar Trust Willing to Pay \$100,000,000 for the Island.

WASHINGTON, June 23.—A story is current that the sugar trust has evolved, excepted, an unlikeliest suggestion, that as Cuba is substantially for sale, it might as well become a sugar plantation for a gigantic corporation supported by sympathy and the interest of the world. In other words that we might have a West India company as England has an East India company and a Hindu Bay company, each of which has led to the extension of the British empire.

Spain has already charged to Cuba a debt of \$400,000,000, and under Spanish domination the island never yield a revenue amounting to one-half the debt. Cuba, without ports or town or ship, is a national debt and yet the Cuban government should be as good, if not better, than that of Spain.

**The Scheme Outlined.**  
Suppose there was a company's name, naming money to take up the whole Cuban debt, with the war debt of Spain charged to Cuba at its market value—say \$50,000,000, and the \$400,000,000 of \$100,000,000 at 3 per cent, and supervise and administer the contents of the ports of Cuba for the payment of the interest, the government holding the bonds as security, would not liberty and peace and prosperity for the island be accounted for? The United States would guarantee bonds to the amount of \$100,000,000 at 3 per cent, and supervise and administer the contents of the ports of Cuba for the payment of the interest, the government holding the bonds as security, would not liberty and peace and prosperity for the island be accounted for? The United States would guarantee bonds to the amount of \$100,000,000 at 3 per cent, and supervise and administer the contents of the ports of Cuba for the payment of the interest, the government holding the bonds as security, would not liberty and peace and prosperity for the island be accounted for? The United States would guarantee bonds to the amount of \$100,000,000 at 3 per cent, and supervise and administer the contents of the ports of Cuba for the payment of the interest, the government holding the bonds as security, would not liberty and peace and prosperity for the island be accounted for? The United States would guarantee bonds to the amount of \$100,000,000 at 3 per cent, and supervise and administer the contents of the ports of Cuba for the payment of the interest, the government holding the bonds as security, would not liberty and peace and prosperity for the island be accounted for? The United States would guarantee bonds to the amount of \$100,000,000 at 3 per cent, and supervise and administer the contents of the ports of Cuba for the payment of the interest, the government holding the bonds as security, would not liberty and peace and prosperity for the island be accounted for? # A GRAND CELEBRATION.

MANUFACTURE WILL MARK THE EAGLE SURVIVAL MONDAY JULY 27TH.

TERMINUS OF 2000 HAS BEEN REACHED... FOURTY FIVE YEARS CELEBRATION OF THE DAY.

It is a foregone conclusion on an established fact that Manitowish will have the most rousing celebration this year ever held in its history.

The details of the program are in good hands, as the following sub-committee will prove.

- The committees are:
Finance—W. L. Middlebrook, S. M. W. Ross, R. H. Mayhew.
Speaker and Music—W. L. Middlebrook, W. J. Weber, W. P. K. Fenner.
Sports—Norman Fox, A. P. Eastrop, M. L. Casper.

At 9 o'clock the Catholicism, Business Men, Lodges and Bicyclists will parade the streets.

At ten o'clock the literary exercises of the day will be held at the central school grounds.

At 11 o'clock the literary exercises of the day will be held at the central school grounds.

After the races the crowd will adjourn to Cedar and Oak streets where in the following field sports will be indulged in.

The various committees are working harmoniously and are bound to surpass any previous efforts.

There will be plenty of free water, and it will cost you a penny to see five first class bicycle races.

A Week of Pleasure. The popular actor, Frank E. Long, supported by his own company of unaltered excellence will begin a week's engagement at the opera house commencing Monday, June 25 in a repertoire of metropolitan successes new to our theatre goers.

The "Lost Paradise," written by Henry C. DeMille, will be given a complete production Monday night.

The "Middleman," and "Bowers Girl." Mr. Long has been on the road for years and has been stamped with the seal of public approval and the veil wishes of the legion of friends he has made everywhere he has played.

Washington, June 22.—Judge Bradley Monday morning instructed the jury to acquit Broker Seymour, on trial for alleged conspiracy of the senate sugar trust.

# WILLARD CANNOT FIND HIS WIFE.

Actor Says He Will See Her Father for Heavy Damages.

Menominee, Mich., June 17.—The Willard-Allyn engagement still continues to be the main theme of conversation in this town.

He had a conference with the Stephens family, and when asked how much money he would take to give up all right to his wife, he said that he would take nothing less than \$150,000.

He had a conference with the Stephens family, and when asked how much money he would take to give up all right to his wife, he said that he would take nothing less than \$150,000.

# SUMMARY OF THE WEEK'S NEWS

Thursday, June 17. Daniel O'Connell, son of the Irish liberator of the same name, is dead.

It is said that Baron von Reckow, Prussian minister of the interior, has resigned.

The American Bell Telephone company has declared a dividend of \$3 per share, and \$1.50 extra, payable July 15.

A formidable movement is on foot to oust Russell Sage from the presidency of the Iowa Central railway company.

M. F. Young, general manager of the Barnum-Bulley ship, died at the Auditorium Hotel, Chicago, of typhoid fever.

The steam collier, Sassafras O'Kelly, has foundered in a hurricane which has passed over Belfast Lough.

Colonel Anton Mills, Irish cavalry officer who has been colonel at San Antonio, Tex., several years in connection with the Mexican boundary survey, will be nominated to be brigadier general of the army.

The sofa fountain trust is a bad way financially and its dissolution is preferred.

Ex-County Clerk George Hobson of Cincinnati has been convicted of embezzlement.

The Winnipeg carmen who will compete at the Stanley regatta on July 15 and the following days have arrived at Henley.

There is a deficit of \$3,000,000 in the Pennsylvania state treasury, brought about by legislative appropriations in excess of receipts.

Ed Kilgore, a contractor and builder, met his death at the hands of Miss Fanny Jackson at Paris, Tex. She accused him of snatching her child.

A saddle horse, the finest that could be bought there, has been sent to General Weyler from Kansas City. The price paid is said to have been \$800.

Friday, June 18. The Julia Marlowe and her husband, Robert Taylor, will star separately next season.

In a cyclone at Astoria, Franco, three persons were killed and 20 seriously injured.

The National Association of Dental Case Manufacturers has gone out of business after a life of 30 years.

# TWENTY IN THE RUINS.

Brick Building at Waterfront Collapses Without a Moment's Warning.

Waterfront, S. D., June 22.—A sudden shock, almost immediately followed by a dull, rumbling noise and an immense cloud of dust, startled the citizens of Waterfront about 7 p. m.

The building was a large 2-story brick structure, the upper portion of which was used for living apartments, and the lower part occupied as a store.

At the time of the accident the skunk was well filled, there being over 20 men there, many of them farmers and others from out of the city.

The building was a large 2-story brick structure, the upper portion of which was used for living apartments, and the lower part occupied as a store.

That is what Edwards & Parker, merchants of Platts, Ga., says of Chamberlain's Pain Balm, for rheumatism, lame back, deep seated and muscular pains.

The Westfield (Ind.) News prints the following in regard to an old resident of that place: "Frank McVey, for many years in the employ of the U. S. A. & C. Ry. here, says: 'I have used Chamberlain's Pain Balm for many years.'

# Summer Suitings,

I have recently received a large stock of suitings suitable for the spring and summer trade. You can make a more intelligent selection from goods than from samples. Therefore I have the advantage over competition. My prices will continue to be as low as heretofore and will guarantee a perfect fit in every respect.

**Julius Petersen,**  
Merchant Tailor Oak St.

Plan to spend July 26th in Manistique.

If the gold excitement keeps up Manistique will have need of a stock exchange.

Wm. Gabell of Gladstone, was in the city the fore part of the week, and made this office a pleasant call Tuesday.

The National Protective Legion meets at Macnabee hall tomorrow evening. All members who have not been initiated are requested to be present at this meeting.

Mrs. Morsman, Miss Ethel Brown and Dan Kimball, students at the state normal school at Ypsilanti the past year, returned to the city this week.

The Steamer Weston was released by the wrecking tug Monarch last Friday and taken to Manitowoc for repairs. The damages cannot be great as her siphons kept her clear.

Mr. and Mrs. James Lyons of Petoskey, were in the city this week, as the guests of Mr. and Mrs. James Tracy. Mr. Lyons was at one time a partner of Mr. Costello in the grocery business here, and his many friends will be pleased to learn that he is prospering in his new home. They returned home yesterday.

The concert given at the Norwegian Lutheran church last Saturday evening was largely attended. The church was filled, and those present thoroughly enjoyed the program presented. Mrs. Rev. Proese proved herself a pianist of more than ordinary ability, and answered to two encores. The choir, and the male quartette rendered their selections in a highly creditable manner.

Mrs. Arthur Owen, assisted by her pupils will give a concert at the Baptist church next Tuesday evening. Invitations to the concert are 300—the capacity of the church—will be issued. Mrs. Babcock has offered the use of a Mason & Hanlin piano for the occasion. Mrs. Owen is a painstaking, popular, and highly competent teacher, and the concert will no doubt be one of the very best musical entertainments ever heard in Manistique.

The C. L. Hardware Store is kept right up to date in bicycles. Go and see the new wheel made by the Powel Co. It is called the "Normandie." Then there is the "Red Jacket" and "Aeros" family "with several new features. They come from a "new east factory" that evidently know a good thing when they make it. Prices are right too. Don't imagine you can get something for nothing anywhere, but the C. L. Co. gives value received every time.

Bert Bartholomew, and "Doc" Ross were out hunting and fishing in the vicinity of Jack pine dam Sunday last. In the afternoon about 3 o'clock Mr. Bartholomew got a shot at some game. "Doc" was hidden from view in the direct line of the bullet. The ball passed through his fleshy portion of the right leg above the knee, missing the bone and sinews. For this reason the wound is not a serious one and "Doc" will be at work in ten days or two weeks. He was without medical aid from the time of the accident until 7:30 o'clock in the evening. Dr. Bowen dressed the wound.

Mr. and Mrs. J. D. Mersereau and Miss Irene, arrived in the city Saturday last from Highland Park, Ill., for the purpose of attending the anniversary exercises of the Presbyterian church. Their many friends were more than pleased to see them. They like the home of their adoption, but still have a warm feeling for Manistique. Mr. Mersereau is, in addition to being the owner of the Highland Park Electric Light Co., the secretary and treasurer of the Anglo-American Fire Proofing Co., of Chicago, with an office in the Fisher building. His friends will be pleased to learn that he is meeting with success in his financial ventures.

A. D. Day, one of the most prominent cedar operators in this portion of the peninsula, was a very pleasant caller Tuesday. Mr. Day is firm in his belief that prosperity is here. He says that the single business is the best straw by which to judge the times. The company of which he is senior partner had a stock of 40,000,000 shingles on hand January 1st of this year. Since that time the reserve stock has been disposed of as well as the output of their five mills—all at a handsome increase in price as compared to last year. He also closed a \$21,000 contract for cedar poles. These shingles, almost without exception, have been sold in the states where agriculture is the chief occupation. When farmers feel able to make improvements it is a sure sign that times are prosperous. Mr. Day says that their customers almost invariably discount their bills—another indication of prosperity.

# THE RESULT OF OUR GREAT Economical Sale

has been so favorable, that we have decided to continue the same Low Prices, as advertised for the next 10 DAYS.

Don't miss this great chance of securing reliable goods at such extreme LOW PRICES.

**Rose Brothers,**  
CLOTHING, DRY GOODS and MILLINERY.

Chebogan pays his health officer \$125 a year.

Mrs. Jos. LaBelle visited her parents at Naulinway during the past week.

Mr. and Mrs. C. H. Orr returned from Olivet last Saturday afternoon.

Miss Kate Jewell graduated from the Pontiac high school the past week.

Miss Fern Nicholson returned from Alma college Saturday afternoon of last week.

D. G. Currie was in the city Sunday. He reports the Projector company as doing well.

Miss Lora Purdy, who has been teaching in the "colony" district the past year, was in the city last Saturday.

August C. Anderson on employee of the "Ironston mill" severely injured his arm with a slab hook Monday morning.

The Young Ladies Aid Society of the Swedish Lutheran church, will hold a bazaar at Odd Fellows Hall, the evenings of July 2nd and 3rd. All are cordially invited.

If the Fourth of July celebration is not a success it will not be Mr. J. Casper's fault. He solicited and collected the greater portion of the funds required for the proposed celebration, not an easy task by any means.

The Christian Endeavorers of this section of the upper peninsula will hold a grand rally at Escanaba Saturday and Sunday July 3rd and 4th. C. B. Willis, general secretary of the Y. M. C. A. in Milwaukee will be present. Manistique will no doubt be represented.

Mr. and Mrs. Fred Smith and daughter Mamie, of Green Bay, arrived in the city Monday. Mr. Smith returned to his duties as postal clerk on the Chicago-Green Bay route on Wednesday while Mrs. Smith and daughter will spend several weeks with relatives.

Mrs. Arthur Owen canvassed the city last week for the purpose of securing a sufficient number of scholars for a kindergarten to be conducted here this summer by Miss Edwards, of Saginaw. Failing to secure the requisite number of names the project has been abandoned.

D. Willard assistant superintendent of the Soo line, and John C. Cooks roadmaster of the same line were in the city this week looking after the preliminary work on the proposed switch from the railroad to the proposed dock of the Ann Arbor Co. The work of laying the rails will be commenced next week.

The Bankson Stock Co. disbanded here last Saturday evening. Mr. Bankson and one of the ladies of the company, skipped out on the afternoon train Saturday. The remainder of the company presented a play at the opera house in the evening and Managers Guinan & McLeod kindly turned the total receipts over to them, some \$15.00. They left for Marinette Sunday evening. We'll always have occasion to remember Mr. Bankson as he failed to liquidate his bill for printing before leaving.

Judge Brown of Marquette, was in the city this week.

D. Wilson of Thompson, was a pleasant caller Monday.

As a man grows older he is said to grow indifferent to the attacks of his enemies.

Girvin's bakery and Dr. Dube's residence now have telephonic connection.

Mr. and Mrs. Frank Lapper of Plymouth, Wis., were in the city a few days the past week as the guests of Mr. and Mrs. Geo. Nicholson. They returned to Plymouth Wednesday.

An Exciting Game.

Several weeks ago ago the Wolverine base ball club challenged the No Limits for a game of ball, and as an inducement raised a purse of \$20.00 to add interest to the proposed game. The No Limits accepted the def. and as a result the game was played last Saturday afternoon, at the farm of Ernestus Orr, several miles east of town. Several hundred people attended the game, which by the way was hotly contested and interesting.

V. F. Chappel was selected umpire, and W. L. Loranger official scorer.

The Wolverine went down in defeat but did exceedingly well considering the fact that they are commonly called the "kid nine," while the No Limits are young men. The Wolverines treated their opponents to four goose-eggs while the No Limits returned the compliment with three.

Up to the seventh inning the score was 7 to 0 in favor of the Wolverines, but owing to a bunch of errors the No Limits scored five runs to their credit during that inning. At the close the score stood 14 to 8 in favor of the No Limits.

The players and their positions follow:

W. B. A. C.	PROFESSION (No Limits)
Best Catcher	G. C. Frank Merwin
Scott Brooks	First Jack McWilliams
Ed. Mills	Second Chris Fehernitz
Ernest O'Brien	Third Bob Sims
John Peltier	Fourth Willie Paulsen
Lytle Glendening	Short Stop Geo. Sawyer
Harry Anderson	First Base Frank Quinn
Fred Paulsen	Second Base John Quinn
Victor Deemer	Third Base Will Smith

The friends of the Wolverine club are not satisfied, and hope that the game will be repeated.

It is hoped also that preparations may be secured in or near the city next time. The Ann Arbor car ferry might be chartered.

The Choral Concert.

The concert given at the opera house last Tuesday evening under the direction of Miss Edith Kennedy, was a great success from an artistic standpoint. The storm that raged during the early portion of the evening was responsible for the small attendance.

The chorus class was on the program for four selections, and the rendition of these selections proved Miss Kennedy's capability as an instructor. Mr. and Mrs. Kaufer never sang more sweetly than they did upon this occasion. Their duet was enthusiastically received.

Fred Olson and the orchestra pleased as usual.

All in all, the concert was so good that it is hoped that Miss Kennedy will see fit to have it repeated in the near future.
