A RED LETTER EVENING.

Manistique Legion No. 108, Entertains National Secretary Scott at Manistique, N. Y. Mr. Geo. A. Scott of Manistique, N. Y., National Secretary of the National Protective Legion who has been making a tour of the upper peninsula in the interest of the order, was the guest of Manistique Legion No. 108 last Monday evening. The legion convened shortly after 7 o'clock and was opened in due form. Nine new members were initiated. At 8:30 o'clock the general public was admitted. At least 200 interested persons were present. The president of the legion opened the meeting with a few remarks. A quartette consisting of Mesdames Kieferer and Patterson and Messrs. Kieferer and Wilson then sang "Natchez and Rome".

Mr. Scott was introduced by the president and held the wraps attention of his audience for more than an hour while he explained the plans and objects of the order. He prefaced his address by urging the necessity of carrying insurance. That the American people thoroughly believe in insurance is proven by the fact that 14,000,000 policies are in force in America. He thoroughly explained the sick benefit and investment features of the National Protective Legion in such a convincing manner that no doubt the membership of the local legion will be increased as a result of his visitation. Two years ago last April Mr. Scott visited Manistique for the purpose of organizing a legion. After an infinite amount of "dramatics," twenty-seven persons assembled to hear his explanation of the order. As a result of the meeting, and systematic hustling, a legion with sixteen charter members was organized.

That the legion is healthy and prosperous is only necessary to add that the legion has about 140 members at the present time in good standing and the prospects are exceedingly bright for an increase of 100 per cent. in membership before the end of the first five year period. The success of the legion can almost wholly be credited to the indefatigable labors of Dr. J. M. Sattler who has been the president of the legion since its inception.

The legion is unlike other fraternal insurance companies. In those one must die before any benefits are derived. In the legion, at the expiration of every five year period, the earnings of the legion are apportioned to the members. At present the "pay offs" are \$250. During the period the member pays in \$120. The profits arise from interest charges, increase in membership and legacies. The holder of a full certificate in class B pays \$2.00 a month and in case of disability draws \$15 per week. The amount he draws is deducted at the time of final settlement with interest at the rate of 6 per cent.

The legion is incorporated under the laws of the state of New York, which state has the strictest insurance laws of any state in the union. There are sixteen legions in the upper peninsula, but Manistique has the distinction of having the largest legion in the peninsula. He is very much pleased with the results of his trip and says that much interest is being manifested everywhere.

ANOTHER FIRE.

Mr. Wilson's Barn Destroyed by Fire. His Residence Property in Great Danger. Last Saturday night about eleven o'clock fire was discovered in Mr. Wilson's barn in Riverside addition. A general alarm was sounded but the flames were promptly extinguished by a bucket brigade. The barn was located about 300 feet back of the stone building, the second-story of which is occupied by Mr. Wilson. Owing to the fortunate lack of wind the fire was confined to the building where it originated. It is thought that chicken thieves were responsible for the fire. Loss \$400.

Christmas Men with quite an experience in the vicinity of Camp 105 recently. He was standing in a "runway" when a large doe came along. He fired five shots at same but failed to land the deer. It came so close to him that he wounded it over the head with his gun. The deer was stunned and the gun disabled. Christensen then caught the deer and cut its throat.

Whisheno Social. The B. Y. P. U. of the First Baptist church will give a Whisheno social at the residence of Dr. Bruckley on Friday evening Dec. 24th. Everyone is invited.

A MOVE IN THE RIGHT DIRECTION.

A City Building a Possibility. The need of such a building is apparent. At the last session of the village council a resolution was passed favoring for its object the purchase of the present site of the engine house providing satisfactory terms can be made with the owners.

It is to be noted the present building will be rebuilt or a new structure erected for use of the village. The building should be sufficiently large to house the appointments of the fire department, to provide for a council room and clerk's office, a lock up, and living rooms for the custodian of the engine. The council is divided on the question of a new building, and a compromise may be effected by remodeling the present structure.

The present building could undoubtedly be utilized for something, but what kind a grave mistake would be made were it to be impressed into service as a public building. It is unsuited for such purposes and it would cost nearly as much to renovate it as a new structure would cost. The permanency of Manistique is a certainty. It has outgrown the loggia that is the terror of towns dependent upon the lumber industry for its subsistence. In order to keep in the process it is necessary to provide to the credit that the citizens believe in its permanency. This can best be done by erecting modern, lasting and handsome buildings.

A modern city building might cost something but it would be money well expended. The council has for several years past been paying interest on several thousands of dollars for rental of a council room. This expense would be obliterated by a new building.

SHOT BY A WOMAN.

George Ballant of Hunt's Spur, Killed by Mrs. Mattson Saturday Morning. George Ballant, who was in the employ of Joseph Cowett, a jobber for the Peninsula Cellar Co., who operates in the vicinity of Hunt's Spur, was mortally shot last Saturday morning at 2 o'clock by Mrs. Mattson. He was endeavoring to enter his house at the time. She fired two shots at him, the last one taking effect in the right breast, the bullet passing through the body and lying just beneath the skin about two inches from the spine. Dr. E. R. Westcott was immediately summoned to attend the injured man and at once extracted the ball. Ballant lived for about sixteen hours after the shot was fired.

Deputy Sheriff Cowett placed the woman under arrest about 10 o'clock in the morning and placed her in charge of Deputy Sheriff McNeil, who took her to Gault City the same day. Sheriff Lantz and acting coroner Rutherford, came to Hunt's Spur Sunday evening and took charge of the case. A post mortem was held at the body by order of the coroner. A coroner's jury was also expanded and evidence taken. The victim formerly resided at Benton, Mich.

Attorney Peters has been engaged by the defendant.

Slight Change in Time. A slight change in the time table of the Soo railroad went into effect Monday of this week. The east bound mixed train now arrives here at 11:50 and leaves at 12:10 o'clock p. m. Its former arriving and leaving time was 12:20 and 12:40 p. m. The west bound train reaches here at 3:15 and leaves at 3:30 as heretofore. The time of the flyers remains unchanged.

The Well Known St. Paul Dentist. Mr. G. D. Driece Tudor M. A. O. Tudor Optical Co's eye specialist will be in Manistique on Thursday and Friday Dec. 14th and 15th and can be consulted at the store of the Chicago Lumbering Co., who handle their goods exclusively in Manistique. No charge for thorough examination. No fancy prices. No humbug.

The price of caskets has been raised from \$5 to 10 per cent. Sunday School will be held at the Episcopal church next Sunday afternoon at 8 o'clock. A number are taking advantage of our special offer. We will send Ten Acres county this state. He reports having a pleasant time and that the people in the southern part of the state having the pleasant fall weather that they are enjoying.

THE COUNCIL MEETING.

Partially Devoted to Have a City Building. The village council met last Monday evening in special session. The usual number of bills were allowed and the reports of the marshal and street commissioner were read and placed on file.

A resolution was adopted regarding the interest resolution that has been in force. Orders now draw seven per cent interest instead of eight as heretofore. The liquor bond of John Sawyer with John Neveaux and Henry McCann as sureties, was approved. The fire committee was instructed to have more of the walls about torn out of the engine house. These most needed will be attended at first.

A resolution was passed that the village purchase the property where the engine house is located, providing the property can be secured for \$5000 and time given for payment, the notes not to draw interest. HART-MORAN. Mr. Henry Hart and Miss Rose Marna Married Tuesday. Two of Manistique's well known young people—Mr. Henry Hart and Miss Rose Marna, were married at St. Francis de Sales church last Tuesday morning by Rev. J. P. Kunes. The wedding was largely attended. The groom, Mr. Hart, is the junior member of the firm of Boncher & Hart, grocers, and is one of Manistique's most esteemed young business men. The many friends of the contracting parties wish them a happy and prosperous future.

PERSONAL.

Geo. Kulis is trying his luck as a hunter this week. Rev. Branch returned from Wisconsin Monday noon. Mrs. I. W. Wintal of Gladstone, is visiting relatives in this city. Mr. John Remold of Ford River, spent Sunday with his family in this city. Messrs. McCallum and Holstein were in Gladstone during the fore part of the week.

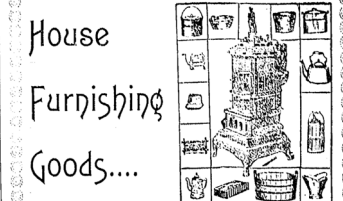

Mr. A. C. Carpenter and daughters returned from their sad mission last Tuesday. Geo. Houscher and D. W. Thompson spent a few days in the vicinity of Garden this week. John K. Furness returned Saturday from his hunting expedition and reports killing one deer. Munlock Buchanan left for Minneapolis Friday evening of last week, but he is about to visit his brother.

Joseph Wichert, the popular sign manufacturer of Escanaba, was in this city yesterday interviewing patrons. Mrs. Peitchard, who has been the guest of relatives for some time, left for her home at Lansing last Monday. Mrs. E. F. Lyons attended the Cavanagh funeral at St. Ignace Sunday. She was a relative of the deceased.

Miss Martha Payne of the Soo, was in this city the fore part of the week. She returned to the Soo Tuesday morning. Mr. Joseph Hart of Chicago, arrived in this city Monday for the purpose of attending the Hart-Moran wedding Tuesday. Mr. John Forshar, a fireman for the Soo Line, with headquarters at Gladstone, is spending the week with his parents at South Manistique.

A Brooks of Franklin, Oakland county, was the guest of E. W. Miller the first of the week. Mr. Brooks is contemplating locating here if he can secure a house. Capt. Fountain of Seul Chics light and fog station, was a pleasant caller and M. M. Allen of Ishpeming arrived in this city Monday. They are spending the week hunting deer in the Wood's settlement. They are making their rendezvous at the home of Mrs. Jas. Clark.

Mr. M. H. Clark returned Tuesday evening from a four weeks visit at Cornish, N. Y., and Erans Lake, Lennox county this state. He reports having a pleasant time and that the people in the southern part of the state having the pleasant fall weather that they are enjoying.

FRIDAY, NOV. 21, 1890.

EDITORIAL COMMENT.

Figuratively speaking, Bayan will be soon for the Free Press.

Also President Hobart is dead. The end came suddenly to him. His death is a great loss to the party, and the Republican party.

Admiral Dewey has stated that the "officers" of the U. S. Navy are not to be considered as the "officers" of the U. S. Army. We did not contribute anything to the project we will not do another.

Rumor has it that Mr. J. H. M. Cahoon will be a candidate for the county treasury nomination before the Republican county convention next autumn. He would make a very strong candidate.

The fact that Dewey gave away the property purchased for him by the nation, is having a depressing effect on contributions for the Dewey memorial arch. The projectors of the enterprise have changed the name of the proposed arch to the Naval arch in order to connect the opposition raised.

Two brave soldiers boys returned to their homes at Petoskey from the Philippines last week and were royally received by the citizens. The occasion gave Editor Hampton an opportunity to pen a "copperhead" except which will wagger a dollar was not very highly appreciated by the two heroes.

The steel rail makers in the South Chicago mills will receive an increase in wages of 100 per cent. The first of January on account of contracts for 500,000 tons of steel rails at \$35. The men now receive \$75 and \$50. They will then get \$150 and \$200 a month. Yet this is "imitation prosperity."

Railroad Commissioner Osborn is doing one thing that he deserves great credit for. He has not allowed a grade crossing of steam and electric roads since his induction in office. He exacts a separation of grades. Had this been done by his predecessors the numerous fatal accidents at crossings would not occur.

Republican newspapers throughout the state continue to boom the Hon. Chase S. Osborn as a candidate for governor. Up to the present time Mr. Osborn has made no announcement of his candidacy and the many flattering notices that he is receiving appear to spring spontaneously from his admirers. He has a tremendous following in the U. S. and is admirably qualified to fill the governor's chair. Should he decide to place himself in the "hand of his friends" he will get the solid support of the U. S. delegation and will come sweeping down the state with enough votes to nominate him easily.—Newberry News.

For the third time within the past four years death has entered the newspaper family of the upper peninsula. Editor Cavanaugh of the St. Ignace News, was the last victim, his death occurring Thursday evening of last week. For eighteen years the deceased conducted the News. That he "stood up" for his town and the political party of which he was a member, it is not necessary to add. Of late years he was identified with the Republican party, and his ability as a politician was readily perceived by those in high places in the party. Death has robbed St. Ignace of one of its staunch friends.

NON-SENSE HEADS AS THOSE WHO WILL NOT SEE. Chairman Jones of the Democratic National Committee has evidently not kept a very close eye upon the conditions in the United States during his absence in Europe, since he is credited with saying on his return that he did not think the prosperity in the United States had reached the agricultural classes. The mere fact that the exportation of agricultural products during the fiscal years 1895 and 1899 under the Dingley law and McKinley administration equaled that of the three years 1895, 1896 and 1897 under the low Tariff law which Mr. Jones assisted in framing, ought to be a sufficient hint to him of prosperity among the agricultural classes, while the further fact that hundreds of millions of dollars' worth of mortgages have been paid

since the country rejected free silver and thus assured a sound financial basis, should be to him additional evidence of agricultural prosperity. Johnson (N. Y.)—Republican.

HAVE USED AMERICAN GOODS.

There is a bitter complaint among the manufacturers of wooden goods in England that Americans have practically ceased to buy of them. Under the Wilson law duty tax on imported wooden manufactures is assessed to the value of \$100,000. With the freight and other charges added these goods cost the American consumer three times as much as the profit went into the pockets of the foreign manufacturer. Under the present tariff law we purchased but \$2,250,000 in 1888 and the foreign manufacturer should be profitable at the loss of the tariff.

We have used all the wooden goods we needed, we have found no fault with the quality, and the prices have not been unreasonable. The difference is that we have used American goods, made in American factories by American workmen and women and have kept our money in the American family instead of paying to foreigners.—Sandsky (O.) "Register."

A THRIVING BUREAU.

Garden in a Thriving Condition. Every body here.

The writer visited the village of Garden for the first time this week and during his few hours stay was very highly impressed with the prosperous condition of the merchants, and by the very large stocks of general merchandise carried. The mercantile business is looked after by four solid, substantial firms, viz: Valoria & Co., Casper Bros., Disco, Bonheur & Co., and Sullivan & Co. All carry complete stocks. Disco, Bonheur & Co. also operate a flouring mill and that the mill is well patronized it is only necessary to state that the mill is operated until nine o'clock p. m. every day. At about 200,000 bushels of wheat are converted into first-class flour during the course of a year. Sullivan & Co. operate a feed mill where coarse grains and peas are ground. Their mill is continually on the grind too.

In the McDonald House, Garden has a first-class hotel of which it may well be proud.

The postoffice collection store is in charge of general Joe Delorin, who is the assistant postmaster. The store is a first-class drug store and looks after the sick of the community. He reports the health of all distressingly good at present.

Herman Winters conducts the only meat market in the town and is doing well.

Mr. Cantin is the undertaker, and he carries a large stock of caskets and trimmings. He is also a practical embalmer.

The new town building is nearing completion. It is a large and imposing structure and will cost, when completed, about \$4,000. The lower floor will be utilized as headquarters

for the fire department, council room and office rooms for village officials. The upper floor is to be a hall. Aside from the business men above mentioned we met William Bonheur, who is president of the village, Mr. William Kautlein the supervisor, as well as others whose names we do not recall at present.

"The times when" spirit is still here. The citizens will never be satisfied until they are a component part of Schoderlet county. After seeing their thousands of acres in a high state of cultivation and the countless evidences of wealth, we are more than ever in favor of the idea.

As for many venereal and irremediable eye troubles originate in childhood or the measles, scalded heads, diphtheria, whooping cough. Everybody knows at the time, in the course of a few years the children become near sighted. Avoid all this by the use of the proper glass at the proper time and get an expert's opinion at once—Thursday and Friday, Dec. 11th and 12th without expense.

THE ONTARIO LUMBERING CO.

Better skating at the opera house Thanksgiving afternoon.

Forty Millions from Michigan Minerals. The annual report of Michigan minerals and minerals by Commissioner of Mineral Statistics George A. Newell just issued, says:

By giving the reader a practical illustration of the Michigan minerals which mother earth has yielded in the year, I will present the following homeily picture: If all the iron ore produced for the year in the state of Michigan were cast into a steel rail weighing 50 pounds to the ton, the rail would encircle the globe one and one-half times. If the refined copper taken from the mines were drawn into a No. 12 telephone wire, that wire would reach around the world 29 1/2 times. If the barrels of salt manufactured in Michigan for the year 1888 were stacked up, they would make an unbroken line 1,500 miles in length. If I estimate the marketed value of the minerals produced in the state for the year at \$38,825,000. Of this amount, I credit iron ore with \$18,450,847, copper with \$16,851,979, and salt with \$2,388,272."

Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of anything else for Indigestion, or Biliousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart Failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other ouches. You only need a few doses of Green's August Flower in liquid form, to make you satisfied. There is nothing serious the matter with you. Sample bottles at A. S. Putnam & Co. 10.

To the Public.

Having been legally elected county physician, I am ready to promptly render my services to all those entitled to same. O. C. BOWEN, M. D.

BREVITIES.

Lady Smith is having a hard time of it judging from the headlines in the daily press. The Ladies Aid Society of the M. E. church will meet with Mrs. Tomant next Wednesday afternoon.

Manistee is equipped for fighting fire successfully will not be complete until a fire alarm system is installed. A public dance will be given at the opera house Thanksgiving eve (Wednesday Nov. 29th). All invited (without). Good music.

Manager McLeod had a row with two season tickets for the 20 or 25 roller rinks. Attend the roller rink Thanksgiving afternoon and get acquainted with the scheme.

An illness which severely affects that section fall. One struck his horse, working it. The horse was found in the ground a few feet from the foundation of the house.

The ladies of the M. E. church are arranging to have a large sale of fancy and plain papers for ladies and children on Dec. 16th. Luncheon will be served during the afternoon and evening in connection with the sale.

George McAdams owns nearly 20,000 shares of mining stock. He is a firm believer in the merits of Island Falls, Alice A. and Golden Star and he has many reasons for his belief, too.

The Island Falls property is being sold by the Ontario Lumbering Co. The ladies of the M. E. church are arranging to have a large sale of fancy and plain papers for ladies and children on Dec. 16th. Luncheon will be served during the afternoon and evening in connection with the sale.

When all the pine and hardwood shall have been cut off between the bay and Lake Superior, will there not be a great change in the climate? There are those who declare that the influence of the land has already had an effect on the character of the seasons. The weather of late years has been more uncertain, the vicissitudes of temperature greater and the great frosts more spasmodic than in the early days. The violent storms and the heavy rains of the past year were unprecedented hereabouts and the loss of timber for the cause we may look for astonishing meteorological conditions when a few more years of tree-raughting have elapsed—Gladstone Delta.

A Birthday Party.

Allie Marie, daughter of Mr. and Mrs. C. H. Coon, was one year of age last Tuesday, and Mrs. Coon, in honor of the event, invited a number of infants to assist in celebrating the event. Those present were: Doris Teacher, Mary Clapp, Emma Johnson, Allie Marie Coon, Mary Ann, John J. Moresau, Fritz Oberstedt. Refreshments consisting of sand, waffles, coffee, cake and olives, were served.

Messrs. Nora and Winnie Gustafson assisted in entertaining the guests and in pouring the coffee. Many useful and pretty presents were received by the little hostess. The souvenirs for the occasion were picture books.

Black and white collie dog, with red points. Answers to the name of Jim. Liberal reward will be paid returned to American House.

One Fare for the Road Trip. Single fare for the round trip between all stations on the Sag Line for Thanksgiving. Tickets on sale Nov. 22nd and 30th and good for the return trip until Dec. 1st.

A New Department.

Edwin K. Bissard will handle a complete line of Ladies and Markets. Mr. Baker returned from Milwaukee Wednesday, where he purchased a large stock of the goods. You will find their prices right.

Notice to Taxpayers.

I shall be at my office at my residence in this town on Tuesday, January 10, 1891, for the purpose of receiving payment of taxes due on the tax roll of the township of Blawana for 1890. During the remainder of each week I can be found at my store by those wishing to pay taxes.

P. O. J. LASSLEY, Township Treas.

Manistee, Mich., Nov. 21, 1890.

Animated Picture Exhibition.

The most satisfactory and pleasing animated picture exhibition that has yet been presented in Manistee which was furnished by the Vitaphone Friday and Saturday evenings. The Pan-American-Jeffries fight was especially good, the films running smooth and clear. When the Dewey parade appeared, it was enthusiastically received and applauded, as was the Gold Bug and Lacey Coon propositions in Ontario while the Golden Star, with its rich ore and immense facilities for stamping, is bound to become a permanent and heavy dividend payer.

At Star opera house next Friday evening, Dec. 1.

Press 10, 25 and 35 cents.

Bravo Star Path.

Victims to stomach, liver and kidney troubles as well as women and all feel the results in loss of appetite, poisons in the blood, backache, nervousness, headache and tired listless run-down feeling. But there's no need to feel like that. Fasten to J. W. Gardner, Indianapolis, Ind. He says: "Electric Bitters are just the thing for a man when he is all run down, and don't know whether he lives or dies. It did more to give me strength and good appetite than anything I could take. I can now eat anything and have a new lease on life." Only 20 cents, at E. N. Orr & Co.'s Drug Store. Every bottle guaranteed. 3

Wanted—Agents to sell the invention for producing a brilliant incandescent light, the "Bess" Incandescent Vapor Gas Lamp; thousands being sold; prices within reach of all; largest factory of the kind in the world; exclusive territory given hustlers.

The Bess Lamp Co., Canton, Ohio.

To Cure Liver Troubles in 74 Hours.

ARMORED TRAIN WRECKED.

British Troops Fall Into a Trap Laid by the Boer Commanders of the Transvaal.

London, Nov. 17.—Mistakenly trusting to the superior British equipment of armor-plated trains, the British force...

The investigation into the cause of the accident is being conducted by a committee of inquiry...

The British force was composed of 100 men and 100 horses, and was accompanied by a train of 100 tons of supplies...

The train was wrecked at a point where the rails were only 18 inches apart, and the locomotive was overturned...

The British force was captured by the Boer commando, and the train was looted of its contents...

The Boer commando was led by a man named De Wet, who is one of the most famous Boer leaders...

The British force was taken to a concentration camp, and the train was burned to prevent its use...

The Boer commando was dispersed, and the British force was released after a few days...

The British force was taken to a concentration camp, and the train was burned to prevent its use...

Supplement to the Pioneer-Tribune.

No. 479.

Manistique, Michigan, Friday, November 24, 1899.

\$1.50 per year.

BREVITIES.

Geo. Keils and son Otto went to Stouben Wednesday morning to hunt. They expect to return Saturday.

Hot candy every hour at Will Button's candy kitchen on Main street.

Dennis Helfron and M. W. Orr went to the Orr homestead Saturday to join the Ekstrom Chappel hunting party.

Joseph [Stockford, Hodgdon, Me., healed a sore running for seventeen years and cured his piles of long standing by using DeWitt's Witch Hazel Salve. It cures all skin diseases. A. S. Putnam & Co.

Gladstone's foot-ball team will undoubtedly suffer defeat at the hands of the Manistique team on Thursday of next week. The boys are practicing constantly and are showing a marked degree of proficiency.

Millions of dollars, is the value placed by Mrs. Mary Bird, Harrisburg, Pa., on the life of her child, which she saved from croup by the use of One Minute Cough Cure. It cures all coughs, colds and throat and lung troubles. A. S. Putnam & Co.

The recent meteoric display did not come up to the expectations of astronomers. One of them now claims that a mistake of one year was made in the calculation of the time and that the Leonid shower is due next November. The fellows that lost several nights of sleep recently in order to see the shower are now disgruntled.

It will not be a surprise to any who are at all familiar with the good qualities of Chamberlain's Cough Remedy, to know that people everywhere take pleasure in relating their experience in the use of that splendid medicine and in telling of the benefit they have received from it, of bad colds it has cured, of threatened attacks of pneumonia it has averted and of the children it has saved from attacks of croup and whooping cough. For sale by A. S. Putnam & Co's Drug Store.

A party of the Manistique boys are encamped near the high rollway, about 15 miles out of town looking for game. While two of the boys were looking for their camp after a long hunt they passed through town. After getting new bearings and a good feed they again made the attempt to locate their camp and comrades. They were not without game as Ashford exhibited a red squirrel and Galbraith remarked that as they had a liberal supply of matches and salt the boys wouldn't go hungry.

A. H. Thurness, Mgr. Wills Creek Coal Co., Buffalo, Ohio, writes: I have been affected with Kidney and Bladder trouble for years, passing gravel or stones, accompanied by excruciating pains. Other medicines only give temporary relief. After taking Foley's Kidney Cure, the result was surprising. A few doses started the brick dust, little fine stones, etc., and now I have no pain across my kidneys and feel like a new man. Foley's Kidney Cure has done me \$1,000 worth of good. E. N. Orr & Co.

FRIDAY, NOV. 21, 1899.

BREVITIES.

The open season for deer closes next Thursday.

Save early in any quantity for sale at the postoffice.

John A. Anderson has been on the sick list this week.

Mrs. B. A. Anderson of the McGee house is in the city.

The contracts for the building of a new school hall at the corner of Park and State streets.

Owing to the absence of Rev. Branch his services were held at the Presbyterian church last Sunday.

Just received in large assortment of Snycera, Walton and Alexander Rugs at C. L. Co's Store.

Attend the Union Thanksgiving services at the M. E. church next Thursday morning. Rev. Rooney will deliver the sermon.

The news of the death of Mrs. A. C. Carpenter was greeted with much surprise and sadness by Seney people.

Owing to the fact that next Thursday is Thanksgiving day this office will be closed all day so as to give the force an opportunity of properly giving thanks.

John Reed, of Deckerville, Mich., is visiting in town. He arrived at South Manistique. He arrived in this city last Friday and reports having a valuable rifle stolen at Trout Lake.

Mr. William Hutton opened his candy kitchen for business last Monday. He invited the school children to call and secure samples of his confectionery. It is not necessary to add that they did.

The Woman's Missionary Society of the Presbyterian church will hold a praise service at the church a week from Sunday evening. A special program is being prepared, which will be published next week, consisting of speaking, music, etc.

The following marriage licenses were issued by the county clerk this week: Angus, Lillian and Mary S. Erickson; Henry J. Hart and Rose Moran, on the 20th; Geo. M. Ames and Alice Springstead, on the 21st. All parties reside in Manistique.

BREVITIES.
Born to Mr. and Mrs. Wm. Norvall a son last Thursday.

Arthur Payne, who was quite ill last week, is convalescing.

The Patterson and Bean party and outfit returned to the city Thursday.

Four Wednesday about 100 deer licenses were issued by the county clerk.

The proudest and best are the only materials that will be used at the county kitchen.

Geo. M. Ames and Miss Alice Springstead were married by Rev. Rollo Brandt Tuesday.

Money to loan on good real estate mortgages. Enquire at Manistique Bank.

Ladies' Flannel Shirt Waists and Ladies' Underskirts in all colors.

The little tots will always get the best of treatment as well as the best of meals at the county kitchen, just opened.

The grand jury is throwing consideration into the camp of hoodlums that find their pockets with ill gotten gain during the recent session of the legislature.

A "left handed" party is to be held under the auspices of the L. O. T. M. at their hall this evening. An excellent program has been prepared. Everyone invited.

We have the famous "Fitz" coats and vest and the McMillan pants. The best working clothes on earth; try them and you will wear no other.

County Clerk Ashford received a large batch of deeds to be recorded Wednesday. They were United States Patents to Palms and Driggs, trustees for the Peninsular Land Co. There were 50 deeds in all.

John McCarthy left for Akley, Minn., Tuesday night where he will remain during the winter. His family will follow later. Mr. McCarthy will engage in the hotel business again when he finds a suitable location. His many friends here regret his departure from our midst.—Mining News.

Judge Steere has filed and appointed the times of holding the several terms of circuit court in this judicial circuit for the year 1900 and 1901. The schedule for Schoolcraft county is on the second Tuesday in January, the third Tuesday in April (non-jury), the fourth Tuesday in June and the fourth Tuesday in September.
