DIFFERENT.

A Populist orator, says the Galena Republican, was about to begin his speech when the sound of a drum was heard approaching. "What's that?" asked the orator, and when informed that it was the Salvation Army he made a break for the back of the stage and was about to jump when the chairman said: "Hold on. What's the matter with you?" "I don't want to speak to those fellows," said the orator; "I have whose utter incompetency you were cognizant of? You should view the county's business in the same light. The Democrats were fully aware of the fact when they nominated the ticket that several of the candidates could not attend to the duties of

their offices if elected, and the deputyships were farmed out in advance. In every case, however, the deputies chosen are Republicans. The old time Democrats are not taking kindly to the idea as they think that there is sufficient consent of the party to fill the positions in a satisfactory manner without calling on the enemy for men to appropriate the spoils of office.

Vote the straight Republican ticket and you will give the enemy as well as the deserters a badly blow from the effects of which they will not recover for a term of years.

THEN AND NOW.
 See News.

This year common labor is employed in the Upper Peninsula at a minimum wage rate of \$1.75 per day. Lumbermen are advertising for men at \$35.00 per month and board, promising them work in the woods until spring at those wages. Even at this abnormally high wage rate, men are hard to get by the operators, showing that they have employment in other fields of activity. Just contrast this condition with that existing during Cleveland's last administration, if you please, Mr. Workingman. Then you were paid from 90 cents to \$1 per day for common labor, and were receiving \$12 to \$14 per month in the woods. It was extremely difficult to obtain employment at these figures. In many places no work was to be found, and free soup houses were established by charity to keep the laboring man from starving to death. Thousands of men at that time were yet to get an occasional bowl of soup in order that they might keep body and soul together. Today these same people are employed at high wages, have good clothing, and the best to eat in the land is theirs if they want it. It was starvation and no employment under a democratic regime, and it is plenty and all kinds of work under the republican administration. These are facts that cannot be controverted and they will be remembered by the army of the employed when it casts its ballots Nov. 6. It is an insult to the intelligence of the workingman to think that he will take a single chance of again plunging himself in a condition of want and starvation by voting the Bryan ticket.

EDITORIAL COMMENT

Can you afford to vote for a change?

Get out every Republican vote on election day.

Any man or boy who is a hustler can always get a job.

The protective tariff policy of the Republican party has proven its worth.

The Democratic party and its candidate for president is still pledged to free silver.

The Democrats were in power from 1893 to 1897. Do you want to go back to those kind of times?

The census enumeration shows that the wages paid at present are higher than they have been during the past ten years.

Railway mail clerks have to study constantly. They are the most capable, the hardest worked and the poorest paid men in the government service.

Michigan is not the only state with grade crossing problems. Pennsylvania has just furnished another object lesson of their danger by the killing of three people on the line of the Pittsburgh & Lake Erie R. R. The people of this state have reason to heartily commend the attitude taken by Chase S. Osborn in refusing to grant any permits for more of the death traps—Detroit Tribune.

Our friend and readers can always do the paper a favor by patronizing our advertisers. The more advertising we get the better paper we can publish. If our readers will form a rule of patronizing our advertisers, they will be encouraged to advertise more extensively, and we will put forth more effort to get up a good paper. We will never knowingly advertise any concern that is not legitimate, and the house that advertises is generally the best place for an economical person to buy. So if our readers will adopt a plan of patronizing public-spirited business men who advertise, they will find that they get better bargains as well as helping improve the paper.

John P. Altgold and Daniel J. Campaign to shape the destinies and outline the policies of the great free people?

Williams is at the moment concealing within the dark recesses of his mysterious intellect exclusive knowledge of the cause of the outbreak at Victor, Col., in which Gov. Roosevelt was subjected to shameless treatment.

Altgold is an apologist for violence of any and every kind. He pardoned the bloody anarchists and is in sympathy with the use of force to redress grievances which can be redressed by law. He laughs at the assault of Chicago thugs on the men who escorted Senator Dewey to the Coliseum.

Campaign, from headquarters in Chicago, issues a manifesto, advocating a boycott of manufacturers who will not expose their business to the peril of Bryanism. Bryan himself is shouting sedition from rear platforms by telling his hearers that the Republican party is about to corrupt the voters of the country.

Can it be possible that the sane and intelligent men of Michigan will cast their votes for the Mountebank who is now touring the state and invite to govern them the inflammatory apostles of disorder and violence, who are training in his wake?

We do not believe it. We do not believe that the voters of Michigan who cherish their homes, who respect the laws, who demand fair play, who honor the institutions of their country will vote to imperil all they hold dear.

Do not get scared if your heart troubles you. Most likely you suffer from indigestion. Kotol Dyspepsia Cure digests what you eat and gives the worn out stomach perfect rest. It is the only preparation known that completely digests all classes of foods; that is why it cures the worst cases of indigestion and stomach trouble after everything else has failed. It may be taken in all conditions and cannot help but do you good. A. S. Putnam & Co.

THE "IDLE" SOLDIERS.

From the Ballistons American.
"This country has a hundred thousand soldiers walking around in idleness," W. J. Bryan.
Walking around in idleness,
Whenever the flag's assailed;
Mowing the lawn with an idle might,
That never yet has failed.
Lawson, and Liscum, and Logan, too,
Carson—the list is long.
Went to their death in "idleness,"
And their "idleness" was wrong.
Grant and Sherman and Sheridan—
"Why should we call the roll?"
They led away in the idle fight—
In fights that tried the soul.
"Walking around in idleness"—
Heaving the burden load;
What of the glow of a woman's pride?
Is that not an idle tale?
"Walking around in idleness,"
Over the plain road;
Scorched and worn by the galling sun,
Lazing an idle hour.
Fighting with life energy,
Cheering with life breath—
"Walking around in idleness,"
And dying an idle death.
Private Smith, with an idle gown,
Gone to a home abroad;
And idle tears mark the idle woe
And the idle mother's love.
"Walking around in idleness,"
Lawson and Liscum, too;
Lazons more will come fifty when
These idle deeds do.

DEMOCRATIC RECORD ON THE TRUST QUESTION.

Every Line of Legislation Now on Our Statute Books Was Placed There by the Republicans, and the Democrats Voted Against a Constitutional Amendment to Regulate Them Only Four Months Ago.

How the Democratic National Chairman Tried to Help the Sugar Trust—Facts from the Congressional Record.

Every line of legislation now on the statute books of the United States directed against trusts and unlawful trade combinations was placed there by the Republicans.

The last occasion on which the parties, as represented in Congress, went on record on the trust question was on June 1, 1900.

On that day a final vote was taken on a constitutional amendment to grant Congress power to "define, regulate, prohibit and dissolve trusts, monopolies and combinations, whether existing in the form of corporations or otherwise."

It requires a two-thirds vote of Congress to submit a constitutional amendment to the State Legislatures for ratification.

The question in the Senate was by a vote of 154 yeas to 122 nays.

OF THE YEAS 140 WERE REPUBLICANS AND ONLY 5 WERE DEMOCRATS. The five were Campbell of Montana, Napson and Taylor of Massachusetts, Chandler of New York and Shroy of Pennsylvania.

OF THE 122 NAYS, ONLY TWO WERE REPUBLICANS, Lord and McCall.

Richardson, Lewis, Nelson, Rappert, Salmon and all the other professional "trust killers" voted NAY. They declared the measure to be in line with the Trusts. The Democrats indulged in spasms of virtue for two days, denouncing the trusts, and then voted to continue them.

In one of Mr. Bryan's recent speeches he gave the Republican remedy as the final one he would adopt, in case he was elected and all other means failed.

In other words, Mr. Bryan admits the value of the Republican idea, but wants to try other measures first. He has not said what those measures are to be.

Some trusts operate all over the country; others, like the New York Ice Trust, operate in a single city. The requisite power to reach each and all and bring them within the Federal law, WAS DENIED BY A MARGIN OF 38 VOTES, ALL DEMOCRATIC.

Denouncing is one thing, doing is another. Mr. Bryan's trust denunciations, in view of his party's record, promise no better than the prophesies he made four years ago, and as a prophet Mr. Bryan has not succeeded.

Senator Jones and the Sugar Trust.

The Democrats made another brilliant pro-trust record during the same session of Congress. Representative Richardson of Tennessee, Democrat, tried to end the Sugar Trust by offering a joint resolution to admit Cuban and Porto Rican sugar free of duty.

The resolution of that duty would have amounted to about \$25,000,000 a year, and the Sugar Trust would have benefited to the amount of at least \$15,000,000 per year.

The controller of the Sugar Trust is Mr. Henry O. Havensmyer, Deputy Secretary of the American Sugar Refining Company and only a member of the Ways and Means Committee of the House. This was done by the Republican members of the committee.

It was also proposed by Senator Jones, Democratic national chairman and Mr. Bryan's manager, to return the duties paid on Porto Rican sugar and molasses, not to the Porto Ricans, but to the persons who sell these duties.

This amounted to about \$1,800,000. And the scheme succeeded, the American Sugar Refining Company and A. S. Lasalle & Co., a part of the same concern, would have benefited by a direct gift of \$1,250,774. This is the first instance on record where a direct gift was made to a trust, and the Democratic manager, Senator James K. Jones, wished to make it. This was also presented by the Republicans.

The money was not to be returned to the Porto Ricans, as the duties paid now are, but to the Sugar Trust.

All the facts are printed in the Congressional Record and are a part of American history.

"DEAR BOY" LETTERS, No. 9.

My Dear Boy:

You say that you are tired of working for old man Sherman, and are thinking of going West this fall, where wages are higher. You ask what I think about it.

"Well, I have no objection to your going West, but I don't want you to go till after the election. This is the first time in your life that you ever had an opportunity to exercise your right as an American citizen in voting for a President of the United States. I don't want you to lose your vote for the following reasons:

1. The only chance of election of Bryan comes from the over-confidence of Republicans. It makes me sorry to hear a man say, "Oh, McKinley is going to be elected, anyhow. There is no danger. I have arrangements made to live in California in November, but you won't need my vote."
- Especially do I regret to hear talk of this kind among some of the railroad men. If any class of men ought to come up unanimously to the support of McKinley and the Republican party, that class is composed of the railroad men of this country. Four years ago there were thousands of cars sidetracked, no building and but little repairing going on and general stagnation in the railroad business. Now new roads, new roadbeds, new cars, the roads crowded with trains, full time and better pay than most other men of this country. And it vexes me to hear a railroad man say, "I would have to lay off a day to vote, and I guess I'll not do that. There will be plenty to elect McKinley without me." — Well, if I detected, just such men as that will have themselves to blame.
2. No American voter has any right to stay away from the polls or to lose his vote if it can possibly be avoided.
3. My son, you are one of the sovereigns of the United States and you have no more right to neglect the duties pertaining to your high calling than the Emperor of Germany has to neglect the govern-ment of that mighty empire. To vote is a matter of inalienable privilege, and not a matter of mere civility, consideration or duty.
4. Two years ago you enlisted to fight for your country as a soldier, but the war was over and you would not let us go. You say, "I sympathized with you in the bitterness of your disappointment." I know that, because you were a soldier, you would not let us go, and I would, because you wanted to go. And I think that the war would have made a good soldier. But I want you to realize that you serve your country as truly when you are a soldier in the ballot as if you were a soldier in the field. Perhaps you can do more good with the ballot than you could with the sword. Your country did not seem to need you as a soldier, but your country does need you in the realm of citizenship.
5. No matter how long you may live, you will never have an opportunity to vote for better men than this year. We have a magnificent ticket, McKinley and Roosevelt! What a superb combination! They are both statesmen and both heroes, one of the great Civil War and one of the war for the deliverance of Cuba. McKinley, steady, earnest, thoughtful, calm, kind and faithful; Roosevelt, impetuous but efficient, brave and daring, with both moral and physical courage. Was there ever a better ticket or one which more thoroughly commands the respect, the confidence and the affection of the American people?
- If you don't stay and vote you will be sorry for it twenty years from now. Make some sacrifice for your country's sake. Oh, boy, you must not go until the election is over. And when in November the ballots fall:

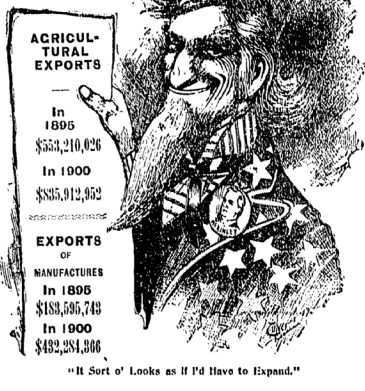

"As snowflakes fall upon the seed, and light, with a sense of duty faithfully done, YOUR FATHER.

The Polish Civic Club at Youngstown, Ohio, recently told a story of a cat that left its mother to run after a mouse. Secretary Heath has taken up the matter and is circulating a campaign poster which very artistically depicts Senator Hanna's idea. The cat is seen chasing the mouse, and the mouse is the cow in the foreground snarling quietly home, while the boy stands with uplifted fist shaking it at the calf, saying, "You little fool, you little fool, you did fool, you'll be sorry when supper-time comes."

The picture is entitled "The Polish Civic Club, or a Lesson to Labor," and stands by a fence in front of a cottage as a farmer and a woman, the man with a full dinner pail in his hand. This poster is sure to catch on and is likely to be a good deal of use.

When Senator Hanna arrived in Chicago this week it was shown to him and surprised him. He had an idea that Mr. Heath had been developing his story.

United States left that country by the treaty of Paris.

FOR REPUBLICANS.

Is the Paramount Issue of the Present Campaign.

Prosperity the Cause of the Welcome Change.

Supreme Court Would Nullify Any Imperialistic Ideas.

No One Fears "Imperialism," While All Are Proud of the Records Made by the Army and Navy.

Every True Democrat Can Take No Other Course Except to Vote the Republican Ticket.

(By George C. Perkins, United States Senator from California.)

No portion of the country is more immediately concerned in sustaining the expansion policy of President McKinley than the States of the Pacific coast.

While we are engaged in the exportation of such enormous quantities to the Orient, while other sections are sending manufacturers of every description, the coast is sending across the Pacific its own flour, fruits and manufactures. Besides this, we are handling the ships in which the exporting is done. Our own manufacturers have ranged from mining and other machinery to a complete line of domestic manufactures for the Japanese government. Every line of industry has benefited and we expect by the establishment of closer commercial relations to increase both our population and prosperity.

The Pacific coast has long been on the edge of the country. Today it is the center of the American trans-Pacific trade. We have reached out beyond for business. We can control the trade of the Pacific. That is why we are all expansionists.

The growth of the trans-Pacific trade is a matter of very recent years. Not more than ten years ago the Canadian Pacific established the first line of trans-Pacific steamships. Prior to that there were six steamers plying from San Francisco in the Japan and China lines, they brought from the Orient tea, silk, rice and the endless line of articles that are imported from Japan and China. They carried to the Orient the form of Mexican dollars and bullion, some provisions, and flour which was taken along for ballast as well as to fill up the cargoes. The establishment of the Canadian line—primarily for military purposes—and secondarily for the traffic of a good many San Franciscans into the Orient. To them, they thought, the trade had come. San Francisco was to be its Asiatic business. Then followed a rapid succession the establishment of new lines from Portland, the Puget sound to San Diego.

Our merchants availed. Instead of six steamers plying from San Francisco the number has been added to. The demand is now for larger boats and better boats, and the trade from the Pacific slope is many times what it once was.

The forwarding cargoes are but the exports which are of very considerable article of American produce and manufacture—cotton goods, electrical goods, bicycles, cotton lineally by the railroad, alcohol by the steamer, and so on. The manufacture of dynamite powder in Japan, agricultural implements, canned fruits, canned vegetables, canned meats, almost everything that the world can conceive. And the demand on the steamship companies is all ways for room and then for more room.

What is true of the Asiatic trade is equally true of the Australian. "The Oceanic Steamship Company is about to add three 5,000-ton vessels to its fleet and to begin steamer connection with Tahiti. I am assured that the available freight carrying facilities of the Australian steamers are engaged for months ahead.

"These are the material evidences of trade expansion. The sentiment of this Pacific coast is overwhelmingly in favor of closer business relations with the Orient. It is not our favor giving up the Hawaiian Islands, which have been developed by California money, but our favor Mr. Bryan's policy of straggling the Philippines.

HOW SHALL I VOTE THIS FALL?

Am I a Republican, Democrat or Populist?

Let me reason with myself and you.

Suppose for a moment I am a farmer and I own a few head of stock. Five or six years ago I farmed 100 acres of land. Times were good and I was well off. My wheat brought only 40 cents a bushel at the farm and my corn only 18 cents. It was cheap to buy coal. I had enough money for seed and sold the rest, but didn't get enough to pay the storekeeper, and I owed him, and could get no more credit. I loved a big payment on my farm machinery. Thank heaven, the agent of the Harvester Company extended the time on my note for another year. That saved my home and the lives of myself and family.

That was under Cleveland's Democratic Administration.

Four years ago McKinley was nominated for President. It was a happy omen for the future of the soil all over the country.

In 1897 my crops were good. My wheat and corn, cattle and hogs brought good prices.

I paid off the storekeeper, settled with the Harvester Company, took up the mortgage on the homestead and commenced to pay.

Another year I farmed 100 acres and three more years have gone by and I am still prosperous. No prospect, in fact, that I have almost forgotten the hard times before William McKinley came to be President of the greatest Republic in the world. But I have not forgotten the man in the homestead, that big hat and the man in the log, that my wife and daughter are well dressed, and that the old man himself is taking life mighty easy.

Prosperity has increased the size of my waistband, and I guess I am just good enough Republican to vote once more for Major McKinley.

WHAT SAY YOU?

(By George L. Shoup, United States Senator from Idaho.)

There are many reasons which have induced the voters of the mountain States to support the members and the policy of the Republican Party this fall. One word more than any other explains the position of our people in this support and that word is confidence.

The record of the Republican party is a record of fulfilled promises.

The first act of the party after its return to power was the enactment of the Dingley tariff law, which again placed us on a par with the rest of the world.

"Take for example the benefits which have accrued to my own State, Idaho. Among the principal industries are mining, cattle and sheep raising and farming.

The great lead mines of the State are working every man possible at wages of \$2.50 per day of eight hours. During the three years of President McKinley's administration the value of the lead produced in the State was \$14,114,000, while during the last three years of President Cleveland's administration the total value was only \$7,800,151.

Our sheep have advanced in price from \$1.15 to \$2.50 per head a gain to the people of the State of over three million dollars in the value of the sheep alone. In the year 1897 the wool clip of Idaho was valued at \$42,035, while for the year 1900 it is estimated that it will bring to the wool growers of the State \$2,000,000.

A very conservative estimate of the number of cattle in the State is 400,000. These cattle, at the present value of the head price of \$15 per head, make the cattle men at least seven and one-half million in value of their herds. They were three years ago \$10 per head. The increase in the price of horses of \$10 per head has a solid added between one and two million dollars to the wealth of the State.

The voters of this State and of the other mountain States are not blind to these facts, and on election day they will give earnest evidence of their confidence in the party whose policy has so enriched the mountain home.

The voters of the West are proud of the achievements of our army and navy in the Philippines. The patriotic sentiment of the Republican party in declaring for the retention of the territory so gallantly won from Spain appeals to us all.

"They do not fear 'imperialism,' for we have never met an American who was not a patriot. The patriotic sentiment of many men who have never voted anything but a Democratic ticket, but who are now voting for McKinley and Roosevelt on this issue alone.

You can count on the electoral vote of Washington, Oregon, Idaho, Utah, Wyoming and perhaps Montana and Colorado for McKinley and Roosevelt.

PACIFIC COAST PROSPERITY

The Pacific coast has had a full measure of prosperity in the past four years and the clamor cry raised by the Bryanites only excites the people.

The leading Bryan party of the coast is the San Francisco Examiner, which has been the organ of the New York Journal and the Chicago American. It "wants" columns short that the wages there are a plenty of call for their services. On Sept. 3, the Examiner's "Help Wanted" columns had advertisements for the following:

Male..... 2,554
Female..... 231

Total..... 2,805

On Sept. 21 the same paper had advertisements for the following:

Male help..... 2,061
Female help..... 306

Total..... 2,427

Prosperity has vitiated the coast in contrast.

AMERICAN BEING PLEASED TO LEARN THAT THE FRENCH PRESS HAS FOLLOWED THE LEAD OF LONDON AND IS NOW SOLID FOR BRYAN. Henri Rochefort, editor of L'Intransigeant, declared earlier on September 20th that if Mr. Bryan had been elected the expansion policy of Mr. McKinley will be struck from American politics for years to come. Libre Parole goes further saying:

"The results in the elections in the United States on the 6th of November interest our future destiny. It is for us that Bryan is working. Made a criminal by imperialism, McKinley conquers against Franco."

All true Americans should note that Bryan is working for the interests of Europe—not of the United States.

PINGREE ON HIS WORK.

Passing of New Legislation Helps Republicans.
"I calculate I have increased the Republican majority by 25,000 votes" said Gov. Pingree in a recent interview. "The amendments to the constitution will be passed by the biggest vote ever given on any constitutional amendment."
"It's too early to talk of a special session in December, but I will say I owe it to this legislature to clear up the taxation business. Up in Lansing I had over 50 representatives and senators ask me to call another special session. Why, it would take the new legislature three months to learn all the present one knows. We could get through in three days."
"Referring to his future political course, Gov. Pingree said:

Cold Stomach or Death.

"There is but one small chance to save your life and that is through an operation," was the fatal prospect set before Mrs. J. B. Hunt, of Line Ridge, Wis., by her doctor after vainly trying to cure her of a fatal case of stomach trouble and yellow jaundice. Her life's work was the marvelous power of Electric Bitters to cure stomach and liver troubles, but she heard of it, took seven bottles, was wholly cured, avoided surgery a knife, saved her life and feels better than ever before. "It's too early to talk of a special session in December, but I will say I owe it to this legislature to clear up the taxation business. Up in Lansing I had over 50 representatives and senators ask me to call another special session. Why, it would take the new legislature three months to learn all the present one knows. We could get through in three days."

Question Answered.

Yes, August Flower will have the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for indigestion, or Biliousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart Failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied. There is nothing sorer the matter with you. Sample bottles at A. S. Putnam & Co.

HELP FOR WOMEN

WHO ARE ALWAYS Tired. "I do not feel very well, I am so tired all the time. I do not know what is the matter with me."

You hear these words every day; as often as you meet your friends; just as often as these words are repeated. More than likely you speak the same significant words yourself, and do not know you do feel far from well of the time.

Mr. E. H. Pinkham, of Chelsea, Wis., whose portrait we publish, writes that he suffered for two years with bearing-down, and that he had had all kinds of miserable feelings, all of which was caused by falling and inflammation of the womb, and after doctoring with physicians and numerous medicines she was entirely cured by

Ygita E. Pinkham's Vegetable Compound.

If you are troubled with pains, fainting spells, depression of spirits, reluctance to go anywhere, headache, backache, and always tired, please remember that Ygita E. Pinkham's Vegetable Compound will relieve you of your suffering as it did Mrs. Rice. Proof is afforded in the fact that Ygita E. Pinkham's Vegetable Compound has made the cure that it has, and no other woman has helped so many women by direct advice as Mrs. Pinkham; her experience is greater than that of any living person. If you are ever in need of advice, her address is Lynn, Mass.
