MANISTIQUE, MICHIGAN, FRIDAY, AUGUST 30, 1901

\$1.50 PER YEAR.

Joseph Casemore Fatally Injured.

HE SLIPS AND FALLS ON A SAW AT THE C. L.'S MILL, LAST MONDAY EVENING, AND RECEIVES FATAL INJURIES.

HE DIED EARLY WEDNESDAY MORNING.

Joseph Casemore received fatal injuries at the C. L.'s mill last Monday evening by falling against a rapidly revolving saw. Despite the fact that one arm had been severed, as well as every rib on his right side he lived until early Wednesday morning. Casemore who resided at Wingham, Ont., decided to return to Canada on Wednesday of this week. With this view he quit work in the mill Saturday last. On Monday evening he went to the mill to bid the workmen good-bye. While in the act of handling a cigar to a friend he slipped on some boards or pieces of wet bark and fell against a bucket saw. His left arm was severed above the wrist and the shock caused him to partially turn around and the saw cut through all the ribs of his right side.

The workman immediately went to the assistance and placed a compress on the arm. He was then taken to Dr. Patterson's hospital where Dr. Patterson, assisted by Drs. Saulters and Burdick operated the arm and trimmed the severed edges of the ribs. The operation which required nearly four hours must have been a terrible ordeal for the victim, as owing to the fact that the right lung had collapsed no anæsthetics were administered, and Mr. Casemore was conscious the whole time and watched the surgeons perform their work. His supreme nerve and vitality was the only thing that saved him from a speedy death.

Tuesday afternoon he rapidly grew weaker and his death occurred at 12 o'clock Wednesday morning as stated above.

The deceased was born at Wingham, Ont., on Sept. 17, 1875 and was therefore about twenty-six years of age. His father, John Casemore of Wingham, and five brothers and three sisters, mourn his untimely end. Four of the brothers and one sister reside at Manistique. They are Richard, John Robert and William, and Mrs. Andrew Timman. The other brother, James, and sisters, Minnie and Roseetta, live at Wingham.

The father arrived in the city last evening for the purpose of accompanying the remains to Wingham for burial.

The deceased spent the past two summers here and those having made his acquaintance speak very highly of him.

The relatives have the sympathy of the community in their affliction.

If A. Jones Located at Alpena.

H. A. Jones, formerly of Manistique arrived in the city yesterday, and has decided to make this his future home. Mr. Jones is by profession an attorney and will open an office as soon as he can procure desirable quarters.

The gentlemen visited this city last May, and spent considerable time here looking the situation over.

He decided that there was an opening for another attorney in this city, and likewise decided to locate here. His family and furniture will arrive soon as he can procure a dwelling--Alpena Pioneer.

Mr. Juray was located in Manistique prior to his going to Menominee.

Rev. Osborne Will Undoubtedly be Retained.

The M. E. congregation, at the annual meeting held last Monday evening took unanimous action toward the retention of Rev. Osborne for the coming year, and the presiding elder was requested to secure his return if possible. This concerted action means that Mr. Osborne will continue his work as pastor for another year at least. Aside from his parishes, he has many friends in the city that are more than pleased that he will remain. He is a tireless student, an eloquent speaker, and an aggressive and valiant soldier in his chosen profession.

Dr. Patterson says that Dr. K. B. Patterson has sold his practice, which also includes a lease on the hospital building to Dr. Cole of Traverse City, who will take immediate possession. Dr. Cole is a young man and comes highly recommended as a practitioner. Dr. Patterson, we are informed, will leave for Europe shortly to continue his studies.

Remission to the Sea.

The Sea Land will sell tickets to the Soo and return next Sunday morning for \$2.25. Tickets will be good for returning until Sept. 3rd. The excursion will be good--be largely patronized.

WHO'S YOUR CHOICE?

Six Trustees Will be Elected Next Tuesday. A Sanitary of Sanitary Trustees.

The annual school election will be held at the opera house next Tuesday. The polls will be open all day and until 8 o'clock in the evening. All taxpayers, and those having children of school age will be entitled to vote.

There will quite likely be two or more slates presented, and if the names on the tickets presented you don't suit you, you have the liberty of writing out a ticket that will suit yourself. Thus far we have heard the names of the present board mentioned as candidates. These are Messrs. W. S. Ramsey, Capt. Johnson, M. H. Quirk, Chas. R. Orr and Dr. Bowen. Messrs. Geo. P. Ross, John Costello, A. S. Putnam, Dr. Saulters, John Park, S. M. J. H. McCallum and Perry Hannan are also mentioned as available timber. There may also be other.

While very little interest is being manifested at present to doubt the pot will be boiling when the time for the election is reached.

It is to be hoped that politics and religion will not be factors in the choosing of the six trustees to govern the schools for the coming year. People, irrespective of religious or political beliefs, are interested in the public schools, and should have a voice in the management.

Oliver Haver, Green Park's clerk, is disabled by a broken bone as the result of a runaway accident Tuesday evening. He and his family spent the day at Indian Lake, and while he was driving the horse to the barn after his return, the animal became frightened and ran away. The carriage collided with a post and was wrecked. Oliver was thrown out and sustained the fracture of the bone over the ankle joint. The injury will lay him up for some time.

New Brick Block.

Work on Ekstrom Bros. new brick block was commenced this week. The building will be two stories high and its dimensions will be 40x70 feet. The first floor will be divided into two rooms, one of which will be occupied by the proprietors as a bicycle repair shop. The other room will be occupied by D. Kratz, a clothing merchant of Gladstone. The upper floor will be fitted up for living apartments.

Lessons on the Banjo.

Ella Carr Patterson will accept pupils on the banjo. Instructing from the beginning to the highest possible artistic finish. Visiting hours 10 to 12 a. m., 7 to 10 evenings (Sunday included) Hotel Hawaiian.

"The Oudma," Kansas City, Mo., says: "Ella Carr has the distinction of being the only banjo soloist who has ever appeared on the Lyceum platform as a star performer, having engaged several of the largest lecture courses in the United States, her company consisting of the Imperial Quartette of Boston and Mabel Bushong, pianist. Miss Carr also played week engagements at the Casino Theatre, Broadway, New York; Grand Opera House, Boston; Columbia Theatre, Providence; Chicago Opera House; Theatre Francaise, Montreal, and other cities. She plays with great expression and in an easy graceful manner and has wonderful execution. The tone quality she produces is also remarkable but the chief charm of her work lies in the depth and delicacy of feeling with which she interprets the authors' compositions. Miss Carr, who is a niece of the late General Burnside, is exceedingly popular, possessing the ability and merit which command admiration."

At Palky's Westlake Hardware Store you can secure the best saws and axes manufactured, also all kinds of cut-n-maker's tools, as well as all the standard tools for the kitchen. A fine line of granite iron ware is included in the stock. His prices are very low. Aside from his hardware he carries a large and complete line of staple and fancy groceries, vegetables and fruits. Leave or telephone your orders.

Two Teachers wanted in Germantownship. Address, Mrs. N. STAFFORD, Germantown, Mich.

SUICIDE OF LENA REID.

Complete Details of the Shocking Affair as Published by the Evening Wisconsin.

Lena Reid, aged 17, deliberately committed suicide late yesterday afternoon. Her mother is on the verge of insanity. The father, Andrew Reid, is on his vacation somewhere near South Sea. Marie and her two children are in the city. The young girl had received a well-meaning and just rebuke from her mother and had retired to her room. A few moments later she returned to her room which her mother was sitting and informed her that she had swallowed carbolic acid. The screams of both caused the neighbors to come and Dr. Buchanan was summoned. It was too late, however, the girl dying in ten minutes, and the mother had gone temporarily insane.

Contrary to the wishes of her mother, the young girl who had just recovered from a severe attack of scarlet fever, yesterday afternoon borrowed a bicycle from a girl friend, accompanied by another, rode out to Duck creek, four miles away. On the return trip she punctured her tires and was compelled to walk most of the distance.

The afternoon being very warm, she was tired when she reached home, and told her mother of the mishap. This called forth the rebuke, and the girl immediately repaired to her bedroom and swallowed the poison.

On the opinion of the physician, no serious nothing can save the mother from losing her mind but possibly the return of her husband.

The Reid family belongs to the most cultured set of Green Bay, and is much thought of. Both parents endeavor to fairly idolize their children, and for this reason sympathy in their bereavement is widespread.

The funeral services were held last Saturday from the family residence.

WAR ON THE SUPREME TENT.

Byington Says Great Camp, K. O. T. U. Will Oppose It.

A Grand Rapids dispatch says: Maj. N. S. Byington, of Port Huron grand commander of the Maccabees of Michigan, who was recently deposed by the abolition of his office as supreme adviser of the supreme tent, came to Grand Rapids last Friday and said he will wage war against the supreme body by extending the jurisdiction of his office to all of Michigan to include other states. Michigan is the only state possessing

Loor—An umbrella. Funder will receive liberal reward, Has name, Joseph Simon, on handle. Return to Ossawinimake Hotel.

I am prepared to take picnic parties to the lake. Can haul 25 children or 20 adults at one load. Prices reasonable.

A. A. RAY.

Patrick, Kenting, the Detroit city member who is now at Marquette, evidently impressed the Mining Journal very favorably as it published a two column interview last Tuesday morning.

The Swedish dialect comedian, Ben Hendricks and his "Ole Olesen" Company, will be one of the attractions at the opera house within the next few weeks. Mr. Hendricks and company made a favorable impression here on their last visit, previous visit and will doubtless attract the patronage of many Theatre attendants.

The balance of all our summer goods has been marked down to good-by prices. You may thank that our policy has always been to carry no goods over from one season to another. We close our stock for two reasons. First, it keeps our stock free from old and shabby goods. Second, it places our customers at such great bargains as our clearing sales never put within their grasp. A pleasant summer is a two-step plan. A best advertisement. Please thank a best advertisement. Please read our ad very carefully.

BRANDREY BROS.

BREVITIES.

Three quarters of an inch of rain fell during the storm last evening.

Mr. and Mrs. John Patterson of Thompson were in the city yesterday.

The deer licenses for Schoolcraft county have been received by Clerk Ashford.

"Jim Slim," Griffith's running horse took second place in the race at the Soo on Wednesday.

Sheriff Moody and County Clerk Ashford left on Tuesday, for a few days fishing up the Indian river.

E. A. Whitely reports several inches of water on the track at the Soo, making it impossible to pull the cars this week.

For Sale Cheap—80 acres, 3 1/2 miles from city. New barn and new house, good spring on farm, about 35 acres cleared; also all kinds of farming machinery. J. JOSEPH DORRIS.

Mrs. James Dawson and daughter Pearl of Delray, Mich., are sisters of Mrs. J. W. Little, a daughter of Mrs. Dawson, who for some years resided at Thompson.

The aldermen are agitating the question of purchasing a house for quarantine purposes. Several places on the outskirts of the Westside of the city are being discussed.

A thimble party was given at the home of Mrs. O. A. Bowen yesterday afternoon in honor of Mrs. H. W. Clarke, by the members of the Reading Club, of which Mrs. Clarke was a prominent member during her residence here.

A. D. Day of Engadine, arrived in the city last evening. He says there is considerable sickness in and about Engadine, caused by pneumonia. A young daughter of Mr. Day has been very ill for three weeks and is not yet out of danger.

The Hart & S. Line will give an excursion to Buffalo. The city of Louisville leaves Green Bay on Sept. 20. The fare for the round trip including meals and berths will be \$50.00. The excursionist will have three days at the Pan American, six hours at Detroit and four hours at Mackinac Island. If you desire to go Agent Wickwire at the dock can give you all necessary information.

J. H. McCullum of Manistique, was in the city over Sunday to visit Dr. William, who is a friend of his. Mr. McCullum is at Mackinac Island, present connected with the Pioneer Tribune and a pleasant gentleman to meet. He enjoyed a ride about town and was well pleased with the natural beauty of St. Ignace, but did not take so much of a fancy to some of our Italian buildings that adorn State street.—St. Ignace Enterprise.

BREVITIES.

Miss Grace McCauley has returned from an extended visit with friends in Illinois.

Wanted—Good reliable men and women to canvass. Liberal commissions. Address Albert P. Koochke, 60 Spring St., Marquette, Mich.

Hamilton, Brown shoes for men, ladies and children, are manufactured by the largest shoe factory in the world. Every pair guaranteed. For sale at Winkelman's.

Chamberlain's Colic, Cholera and Diarrhoea Remedy has a world wide reputation for its cures. It never fails and is pleasant and safe to take. For sale by A. S. Putnam & Co.

Harvey, the son of Mr. and Mrs. Alex. Rowe, of Marquette, died on Tuesday of last week, after a short illness.

Chamberlain's Colic, Cholera and Diarrhoea Remedy has a world wide reputation for its cures. It never fails and is pleasant and safe to take. For sale by A. S. Putnam & Co.

Try a can of Libby's dried beef, ham loaf, venal or beef loaf. Nothing better when you are in a hurry for supper. C. I. Groc. Dept.

Martin O'Hara leaves next week for Buffalo and other cities of New York state, where he will visit the exposition and relatives for a month.

The health officer of Mackinac Island, hustled a small-pox patient off the island and neglected to report the case. By doing so he kept the fourth class from stampeding. He was fined \$25 and costs.

C. H. Worcester and others have purchased 30,000 acres of valuable timber lands in the vicinity of Munising. Some of the timber is located in the northwest corner of Schoolcraft county. It will all be manufactured at Manistique.

Pump cheeks, flushed with the soft glow of health, and a nice complexion make all women beautiful. Herbine imparts strength and vitality to the system, and the rosy hue of health to the cheeks. Price, 50 cents. A. S. Putnam & Co.

The editor is under obligations to Alvin Wood for a bountiful supply of some good apples. He had a fair crop of early apples and will have a few barrels of winter apples to place on the market this fall. The members of Schoolcraft county apply the more firmly we are convinced that they are superior to those grown elsewhere.

BREVITIES.

The editor's family is indebted to Rev. Branch for a catch of bass.

Born, to Mr. and Mrs. C. A. McIntyre of Rapinville, a son on Aug. 16th.

Earl Vastbinder returned from Calumet last Friday where he was the guest of his brother.

That time flies is evidenced by the fact that several Manistique women have commenced to make Christmas presents.

Misses Pearl and Jessie Davidson, of Manistique, are the guests of their cousin, Miss Lottie McIntyre—Gladstone Delta.

Two noted Jewish holidays are approaching. New Year falls on September 14 and Yom Kippur, the Day of Atonement, on September 19.

Dr. Leahy an optician, located at the Soo, did business here for several days during the past week. He will visit Manistique regularly in the future.

For mosquito bites, bites or stings of insects, animals or reptiles, apply Ballard's Snow Liniment. It counteracts the poison in the wound, allays the inflammation and heals the flesh. Price, 25 and 50 cents. A. S. Putnam & Co.

There was a swell dance in Phillips Tuesday evening. Sullivan's orchestra of Escanaba, furnished the music. Among those present from outside were Misses Ross, McCreary, Orr and Coffey of Manistique and Miss Tracy Wolcott, of Marinonise—Spring Rock, Stephenson Journal.

Mrs. S. H. Allport, Johnston, Pa., says: "Our little girl almost strangled to death with croup. The doctors said she couldn't live but she was instantly relieved by One Minute Cough Cure. A. S. Putnam."

A country editor was running the motto, "We tell the truth," at the head of his paper. The other day, however, he was compelled to acknowledge several gentlemen who objected to the truth being told, and as a consequence the motto had disappeared and the following notice was inserted: "Until we receive him, [names] received this paper will not be the last rest of them."

Don't be satisfied with temporary relief from indigestion. Kodol Dyspepsia Cure permanently and completely removes the complaint. It relieves permanently because it allows the tired stomach perfect rest. Digesting food, rest the stomach. Nature requires supplies from the food eaten. The sensible way to help the stomach is to use Kodol Dyspepsia Cure, which digests what you eat, and can't help but do you good. A. S. Putnam & Co.

BREVITIES.

To Save Her Child

From frightful disfigurement Mrs. Nannie Gallagher, of La Grange, Ga., applied Bucklen's Arnica Salve to great sores on her head and face, and writes its quick cure exceeded all her hopes. It works wonders in sores, bruises, skin eruptions, cuts, burns, scalds and piles. 25c. Cure guaranteed by E. N. Orr & Co., druggist.

M. L. Lons's Sons Co., has completed operations at Munising, and the mill will be dismantled.

Are you runnin' for colds this year? No, you darn fool, I' runnin' to A. S. Putnam & Co. for a bottle of Dr. Caldwell's Syrup Pepsin to cure this indigestion.

Munising is to have a third saw-processor. Bob Wright will be the advertiser.

O. O. Buck, Berne, Ark., says: I was troubled with constipation until I bought DeWitt's Little Early Bitters. Since then have entirely cured my old complaint. I recommend them. A. S. Putnam & Co.

The Northwestern Leather Co.'s tannery at the Soo handles 1000 hides daily.

James Bryantville, Ind., says: DeWitt's Witch Hazel Salve healed running sores on both legs. He had suffered 6 years. Doctors failed to help him. Get DeWitt's. Accept no imitations. A. S. Putnam & Co.

let you hear a tale of evil—follow it.
Put the evil out of sight.
Make the good live in bright,
like to Heaven above.

LIONS AND AN AUTOMOBILE
A SOUTH AFRICAN SKETCH
By D. C. Drighlan.

It is greatly in favor of the automobile in South Africa that it is not only so far removed from the subject to the fact of the automobile, but also to the fact of the automobile.

In addition to its tank a 20-gallon can of gasoline or oil was transported, which for a time and matterially to the weight of the outfit. Hill himself, however, weighed not more than 110 pounds, and his entire outfit, including fuel, was not more than 110 pounds.

At another time, while he was passing a swamp which was not very deep, he was passing a swamp which was not very deep, he was passing a swamp which was not very deep.

Suddenly the underbrush immediately ahead trembled with antlered heads, and the moment the soldier of a hand of duiker-buck, not feeling from him that he was passing through a ring of fire.

In his astonishment at this unexpected, reflected in his eyes, he did not, for the moment, reflect in his eyes, he did not, for the moment, reflect in his eyes.

Luckily for him, they were not, they were not, they were not, they were not, they were not, they were not.

The machine was clearly, the machine was clearly, the machine was clearly, the machine was clearly, the machine was clearly.

Two of the lions were not fully, two of the lions were not fully, two of the lions were not fully, two of the lions were not fully.

Stones and bushes were constantly deflecting the direction of the motor, and another larger bush or clump of vegetation brought it to a sudden stop, and it continued puffing and pushing at the obstruction.

For some time the lions watched it, performing listless or indifferent to the black-maned lion went out toward the bushes, and he then squatted down to watch him with snarl and snarl.

Nothing remained for it but to make a dash for the snarling tree-trunk, his foot and he leaped heavily toward the tree-trunk, and he leaped heavily toward the tree-trunk.

The lion lunged, however, growling and snarling with one paw clamped on the trunk of the tree, and he leaped heavily toward the tree-trunk.

At another time, while he was passing a swamp which was not very deep, he was passing a swamp which was not very deep, he was passing a swamp which was not very deep.

Suddenly the underbrush immediately ahead trembled with antlered heads, and the moment the soldier of a hand of duiker-buck, not feeling from him that he was passing through a ring of fire.

In his astonishment at this unexpected, reflected in his eyes, he did not, for the moment, reflect in his eyes, he did not, for the moment, reflect in his eyes.

Luckily for him, they were not, they were not, they were not, they were not, they were not, they were not.

The machine was clearly, the machine was clearly, the machine was clearly, the machine was clearly, the machine was clearly.

Wind and Flood Cause Great Damage to Property in New Jersey and Pennsylvania.
New York, Aug. 26.—The country from Jersey to Pennsylvania was deluged with wind and rain, and the result was a deluge of water from the sky.

Thousands of dollars of damage was done to property. Trees and buildings were blown down. Houses were undermined by Jersey City and Hoboken were deluged.

Reports Thursday indicate that the storm was severe in the country districts. Several large trees were reported to be uprooted and destroyed.

EDITORIAL COMMENT.
Next year the annual reunion of the Upper Peninsula Veterans Association will be held at Ishpeming. A sample copy of the St. Johns was reached our exchange table this week. It contains more advertising than any other country newspaper in the state.

The Grand Marais Herald extolled the eighth year of its existence with last week's issue. We congratulate Mr. Ward upon the prosperous appearance of his newspaper.

"Tip" Apelin received the nomination for congress in the Tenth district and as the candidate is from Bay county the nomination is equivalent to an election.

Senator McMullen of Cheboygan failed to land the congressional nomination, but by delivering his delegates to Apelin at the proper time, undoubtedly secured a chance on the postoffice appointment.

One of the Vanderhills says that inherited wealth is a curse. We are personally acquainted with a number of editors of country weeklies who would like to have a little experience with that particular curse.

A sewer is badly needed on Cedar street, yet a sewer without a sufficient supply of water to flush same was an unmitigated nuisance. The time will come when Manistique will have to expend large sums of money for sewer and waterworks systems.

Attorney General Oren has been asked for an opinion as to the powers of the state board of equalization with special reference to the contention that the board must keep the total equalization within the amount fixed by the boards of equalization of the several counties.

The Menominee papers state that the Ann Arbor Co's determination to ply a line of carriages between Manistique and Frankfort means the abandonment of the line from Gladstone. It means also, the abandonment of the winter route between Menominee and Frankfort.

It is concluded by experts that within a few years the United States will be able to produce from beets the \$100,000,000 worth of sugar imported annually. As much of the imported sugar comes from Germany perhaps this is the indirect cause for the recent prohibitive tariff placed upon American products by that country.

Hon. Charles H. Chapman, an old time newspaper man, and who is at present deputy state railroad commissioner, has decided to found a newspaper at the Soo, the initial issue of which will appear shortly. We understand that the new venture is backed by many of the business men and politicians of the Look city, and its success is assured. We wish Mr. Chapman success in his venture.

Booker T. Washington uttered an unmistakable truth in his speech before the negro league in Chicago the other day when he said "that the opinion of the world regarding the colored race would be influenced by deeds and results and not by words." The object lesson of one honest negro, he continued, "succeeding in each community in some business or industry is worth a hundred abstract speeches in securing opportunities for the race."

The Port Huron "Daily Herald" states a truth that not few newspapers are in a position to appreciate the force of in this brief but pregnant article on the "Lies" but the avidity with which lawyers accept libels against newspapers is proportionate to the advertising they hope to receive rather than to any deep sense of their injury inflicted upon their client. As a matter of fact newspapers do not libel one man when a lawyer in good practice does five hundred. It has been commented upon that a lawyer in court room may call a man a liar, a scoundrel, villain or thief, and no one complains when court adjourns. If a newspaper prints such reflections on a man's character, that libel may not be libel at all. It is owing to the fact, therefore, that we believe what the editor says.

EXAMINED APPRAISED.
The man who was cocksure that his place could never be made in this country is now urging the re-education of dry to cripple the metal manufacturers. If putting on the duty would not protect how can removing it have any effect? Answer.

The newspapers are commenting upon the fact that there is a distressing lack of men at the summer resorts this summer. The reason therefor is easy. The "old man," owing to circumstances, is compelled to remain at home and hustle for a living.

By resorting to irrigation the "pine larchers" in the vicinity of Delta junction would produce potatoes enough to supply a state, or a sufficient amount of sugar beets could be raised to profitably operate a beet sugar factory. Wells and wind mills would solve the question of securing sufficient water.

The gold in the treasury has passed the half-billion mark, the exact amount being \$504,354,197, and is not only a greater sum than this country has ever had but it is believed to be a greater sum of gold than was ever in the possession of any nation at one time, and the holdings are still increasing. What a difference between our and under Cleveland regime, when bonds had to be issued to keep the Treasury gold reserve from falling below the legal limit. And what a practical enforcement of Republican legislation and policies. Treasury Roberts said of this gratifying exhibit: "The dimensions of this fund indicate a great era of prosperity now prevailing throughout the U. S. It can always be regarded as an accurate barometer of industrial and commercial conditions, and the fact that it is now in excess of anything we have ever held indicates that the volume of our business has assumed corresponding proportions. It fur- nishes a convincing argument against the free silver theory also, and shows that our currency system is running on rock bottom. No string- ent argument against the fidelity of a change in our currency system could be furnished."

The state board of equalization session at Lansing last week, adjourned on Thursday evening, after hearing a mass of evidence, large enough in volume to overwhelm them. It was taken seriously. Many able arguments were presented by representatives of different counties, many of whom were questioned by the tax commission in regard to the best method of arriving at the cash value of property, and while nearly all conceded that the tax commission is honestly striving to arrive at a correct solution of the many problems with which they are confronted, very many are not convinced that they are employing correct methods in arriving at the results contemplated by the legislature in enacting legislation laying in view the assessment of all property at its true cash value. What weight the recommendations of the tax commission may have with the board of equalization can only be conjectured, but it is not generally believed that all will be adopted by the board in arriving at an equalization of the state. In view of the many objections raised by representatives of different counties, and the unanimous opinion of the residents of Wayne county, as set forth in the press of Detroit, and the claims in behalf of that county as made by Bob Oakman, the board decided to grant a further hearing to any counties that desire it, on the 17th day of September, and no doubt many will avail themselves of the opportunity to be heard further. It is quite generally believed however, that a considerable increase in the total valuation of the state as a whole will be decided on, unless it shall appear that such increase shall result in reducing the amount of taxes to be paid by the railroads of the state; and it is charged in many quarters that the railroad interests are justly seeking to bring about such a result, but it is hoped that the board will fairly weigh all the evidence procurable from any source, and the able to arrive at a conclusion that will be fair to all interests.

STILL CIVILIZING THE NEGRO AT THE STATE.
The work of free government is still being carried on with unrestrained enthusiasm in the south. Sunday a Tennessee mob lynched a negro for the "usual offense." What was unusual was the fact that there seemed to be no doubt about the man's guilt. That his case had been referred to a regularly constituted court, he could have been found guilty and hanged by the orderly processes of the law; but this would not have satisfied the spirit of the mob.

From Macon, Ga., comes the report that a negro may have been lynched Sunday. He is said to have been a young white woman, and late Sunday night a mob was seen escorting the man, who was tied hand and foot, to a friendly swamp. A negro living near Birmingham, Ala., is said to have written an instructor to a white woman. A mob that was searching for him could not find its man; so in a spirit of American civility it burned down his home.

Even the north could not resist the temptation to assist in the great work of civilizing the colored brother. At South Camden, N. J., a negro was arrested by the police and exaggerated reports of his offense spread throughout the neighborhood. A mob, thereupon was formed, and the houses of a number of negroes were wrecked. A race war took place in Fairview park, Indianapolis, and while nobody was killed, four negroes were injured.

To day the United States is the only civilized or even semi-civilized country in the world in which there are crimes against orderly government which are committed with impunity. What is worse than the crimes themselves is the spirit of indifference with which these manifestations of mob violence are viewed. The rumor that an American has been killed by a Kurd creates more indignation in the United States than the detailed account of the burning of a negro at the stake.

WILL FAIL DISMALLY.
Does anybody suppose that the recent enormous investments in American industrial enterprise would have been made but for the stimulus that Protection has given? Those investments mean incalculable sums paid to labor and added in many ways to the general wealth of the country, for the common benefit and to the vast increase of the common prosperity. To shut off Protection would be to jeopardize those undertakings and aim a tremendous blow at the vitality of the country and the interests of American labor.

The American people have been thoroughly educated of late on the money and the tariff questions. They have twice given an emphatic verdict for sound and honest money as essential to the creation of a safe basis of business. They understand equally well that Protection guards them from foreign hostility. A great many attempts have been made to fool them on this issue, the feeblest being the latest. And it will fail more dismally than any which preceded the present Free Trade foray.—Troy "Times."

THE HOY LAVER.
A smart active boy will lose some chance he has for securing a good position if he is found loafing around stores, saloons or on the streets. A few days ago a lady asked some friends to recommend a good boy to her—and who was truster, and not afraid of work. A bright boy's name was proposed, but she said, "What, that loafer? I wouldn't have him if he was the last boy on earth, and what's worse he smokes cigarettes, too. No boy is worth his salt who has that habit!"

What's Told in Talk.
"I had a mirror of yours shown a wretched, sallow complexion, a jaundiced look, mottled patches and blotches on the skin, it is the trouble," says Dr. King's New Life Pills regulate the liver, purify the blood, give clear skin, rosy cheeks, rich complexion. Only 50c at E. N. Orr & Co's drug store.

All About the Pan-American Exposition.
A most valuable publication treating of many of the distinctive features which will make the Pan-American Exposition at Buffalo one of the greatest events of recent years has been issued by the Soo Line and may be had gratis by sending to us or by mail to W. R. Callaway, G. P. A., Minneapolis, Minn.

DE THOU MERCIFUL.
The dumb brutes suffer these days and cannot complain. They furnish for water and can only wail. They long for cool shade and can make, but their throbbing heads cool, and thoughtless menship enjoy them into a trop. A man's religion is gauged by the way he treats the dumb creatures around him. A man who waters an animal is edging as near heaven as he who worships in a synagogue; to drive a horse in a walk is as sacred an act as prayer; and he who thoughtlessly makes his fellow brothers in God's creatures—the horse, the dog, the cow, the hog or any of God's lowly children—suffer unnecessarily in this hot day has done a cardinal sin. Mercy should make us kind, should draw all living things into a brotherhood. The delivery boy who is gentle with his beast is serving God as truly as though he were going on a crusade or praying in the tabernacle. The lesson of the blighting heat should be kindness. Be kind and you will be happy.

Give Into Effect September 4th.
The New's garnisher law, passed by the last legislature, will go into effect Sept. 4. It makes sweeping changes from the old and is likely to stir the ire of those who draw weekly wages of from \$12 to \$30 and who could not be touched under the former laws. A credit man who has made a close study of the new law gives the following pointers regarding it: "When a defendant is a householder, he shall have exempt the amount of 80 per cent of any amount due from the garnisher defendant, but in no case shall more than \$30 of such indebtedness be exempt, and in no case shall less than \$5 be exempt. The present law is the only one of several proposed that has proved satisfactory to the state legislature. Under the old law, passed about fifty years ago when manufacturing interests in the city were comparatively unknown in the state, and men were paid by the month, there was exemption of \$25. It was hard to wear people from their faith in the excellence of the law, but about eight years ago the agitation was started and it is likely to prove a beneficial change."

Recently published figures lead the public to believe that a cost of \$8.75 is necessary in all cases when garnish proceedings are begun. This is not the case. When the action is based on the following fees are necessary: Entry fee 50 cents; officers fees for serving principal summons, 75 cents; officers fees for serving garnish summons, 75 cents; and to be paid to garnisher defendant, 50 cents a total of \$2.50. In seven out of ten cases this is all. If the defendant does not settle in his own favor, and the claim is judgment and if the garnisher defendant does not pay money into court there are fees to the officers for summons to show cause, 75 cents; a grand total of \$4.25. If the judgment is rendered it does away with the officers fee, entry and trial fee, and the whole cost of instituting proceedings is \$1.75. In the great majority of cases it is necessary to make a second garnishment.

Under the old law if a debtor was earning \$25 or less a week there was no way to reach him. Now if a debtor is earning \$12 a week his earnings of \$2.40 go toward payment of costs. If he is garnished a second week and money is paid into court there is a margin of 95 cents for the creditor, supposing the garnisher defendant pays money into court as they usually do.

"The beneficial effect of the law is, that when a debtor knows that this amount of say \$12 can be reached by proceedings he would be foolish to let \$1.75 to be paid out in costs when by making arrangements with his creditors to settle the bill he could have \$2.40 to apply to the debt. The \$1.75 paid for costs he does not receive as credit for the amount of the bill."

"No appetite, you eat," "Stomach feels bad." Well, take Caldwell's Syrup Pepsin and you can eat anything.

How is Tired?
\$12.00 for the round trip to Pan-Exposition via Soo Line. Get particulars from agents or write W. R. Callaway, G. P. A., Minneapolis, Minn they will gladly send you a copy.

Attended the Editor.
Editor S. A. Brown, of Bennett'sville, S. C., was once immensely surprised. Through long suffering from dyspepsia, he writes me with great gravity that he had not strength to work and suffered great distress from his stomach; he tried Eucalypti Bitters which helped him at once and after using a bottle he is now, as he says, in good health. He is, I am sure, a good example to all who are afflicted with dyspepsia, loss of appetite, stomach and liver troubles it is a positive, guaranteed cure. Only 50c at E. N. Orr & Co.

St. Ignace will celebrate Labor Day next Monday. A program of races, sports, and balloon ascension will be featured. Reduced rates on the railroad and steamship lines entering the city.

PROMPTLY DELIVERED

A YOUNG LADY'S LIFE SAVED.
At Panama, Columbia, by Chamberlain's Colic, Cholera and Diarrhoea Remedy. Dr. Chas. H. Utter, a prominent physician, of Panama, Columbia, in a recent letter states: "Last March I had as a patient a young lady sixteen years of age, who had a very bad case of dysentery. Everything I prescribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and a most wonderful result was effected. The illness lasted four days, she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well." For sale by A. S. Putnam & Co.

Rain this month, 1.78 in; last year same time, 3.39 in.

Their Secret is Out.
All Saultville, Ky, was curious to learn the cause of the vast improvement in the health of Mrs. S. P. Whitaker, who had for a long time, endured untold suffering from a chronic rheumatism trouble. "It's all due to Dr. King's New Discovery," writes her husband. "It completely cured her and she cured our little grand-daughter of a severe attack of Whooping Cough." It positively cures coughs, colds, lagripis, bronchitis, all throat and lung troubles. Guaranteed bottles 50c and \$1.00. Trial bottles free at E. N. Orr & Co's drug store.

German Syrup is the special prescription of Dr. A. Boeckler, a celebrated German physician, and is acknowledged to be one of the most potent and effective medicines. It quickly cures coughs, colds and all lung troubles of the severest nature, removing as it does the cause of the affection and leaving the parts in a strong and healthy condition. It is an experimental medicine, but has stood the test of years, giving satisfaction in every case, when its rapidly increasing sale every season confirms. Two million bottles sold annually. Doehler's German Syrup was introduced in the United States in 1895, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 75 cts. Get Green's Prize Almanac.

Nothing Like It.
Go to the Pan-American Exposition via Soo Line and the Lakes, only \$12.00 for the round trip. Get particulars from agents.

Will be received for a remedy that is equal to Dr. Caldwell's Syrup Pepsin. For particulars ask A. S. Putnam & Co.
