MANISTIQUE, MICHIGAN, FRIDAY, JANUARY 24, 1902.

\$1.50 PER YEAR.

THE M. & N. W. SOLD

The Pennsylvania System Purchases the Manistique & Northwestern Railway.

MEANS MUCH FOR MANISTIQUE

New Industries Will Be Attracted Here, It is Expected From Appearance of the Route.

A deal which is consummated last week at Detroit which is of vital importance to Manistique. We refer to the sale of the Manistique & Northwestern railroad to Messrs. Kaufmann and Mallery, who represent the Pennsylvania system. It means that Manistique with its all the year harbor will become a leading factor in the commercial world, and that the settlement of the harbor will be the center of the upper peninsula's list of prominent cities.

It is reasonable to conjecture that the Manistiquing and the Marquette & Southern railroads are in the deal as well, for it is the aim of the Pennsylvania system to gain entrance into the iron field of the upper peninsula, as the roads in question with the Manistiquing & Northwestern form practically an air line between Manistique and the iron range. If this is not the case the new purchasers may extend the line from Stouvenon along the original route to Negaunee.

The iron mines of the Marquette and Pittsburgh, via the route from Escanaba. Therefore in the course of time Manistique will become a very formidable competitor of that city. Then too the new owners will operate four monthly conferences between the city and Northport, where connections will be made with the Traverse City, Leelanau & Manistique road which will be constructed next season. At first the main line will be from Northport which strikes the Pittsburg, Ft. Wayne & Chicago railroad at Ft. Wayne. The Pennsylvania Company has been seeking an entrance to the iron country of the upper peninsula and for a time it was thought that it was to attain its desire by building a road

from St. Ignace to the Soo and from thence to Marquette. Although the line has been surveyed several times the idea will no doubt be abandoned since the company has secured a more feasible route by purchasing the route from Manistique to Soudawon. The new deal means more for Manistique than its most sanguine critics can realize. No city in the upper peninsula can offer equal transportation facilities. Every day in the year harbor and manistiquing harbor power and the facility with which the raw material can be placed here and the equal facility with which the finished product can be distributed to all sections, certainly gives Manistique advantages over any other city in the peninsula.

It is authentically stated that one of the largest gasoline engine factories in the world will be added to Manistique in the course of time. Two years. Other industries will follow, and it is all that is contemplated in the industrial line, is done, the old town will double its population within five years.

The croakers that predicted "Manistique's finish" when the last log was converted into lumber, will be disappointed. Doubtless blessed by natural resources and location it is destined to grow, for capital is ready to develop and take advantage of what it has to offer.

Although the purchase includes South Manistique it is the intention of the purchaser to construct a ship canal to the harbor. This canal, if done, the officers allowed him to first go to the Hotel Marquette, where upon the hotel was he shaved by the hotel barber, the operation including the cutting off of his monocle. This done, the slight order from a liverman on the way up the street put in an appearance, and the party left for the penitentiary, where Chappel was soon turned over to Warden Freeman.

If the government acts favorably upon the proposition to improve Manistique's harbor no doubt our locks will be erected here.

The new company will bond the road for \$2,000,000 and the Union Trust Co. will take the bonds. This bond gives some idea of its future plans for improvement and extension, and of its newly acquired property. The companies here have made satisfactory traffic arrangements with the new owners for the transportation of logs, wood, etc. and no changes will be made in the personnel of the employees until May.

V. P. CHAPPEL IS BROUGHT HERE FROM MANISTIQUE.

Arrival of Party Attracted Little Attention and from Appearance of the Trio They Looked Like Prosperous Business Men.

Verdon P. Chappel, former treasurer of Schoecraft county, arrived here from Manistique Saturday afternoon in the custody of Sheriff Moody and a deputy. The party looked like a trio of prosperous business men, and it was known to but one or two persons at the station that they constituted two guardians of the peace and an official who had betrayed his trust and for which he had been sentenced to a term of five years in the branch state prison. Each of the men carried a grip and all were well dressed, the prisoner in particular, an apparently costly fur overcoat constituting a portion of his apparel, and except that two of the trio were keeping close surveillance on the other there was nothing in the appearance of the party to indicate the object of the mission to Manistique.

Probably because Chappel had been such a prominent resident of his city and county, he was given more privileges than the ordinary run of prisoners who are brought to the local penitentiary, for instead of being taken to the prison, as is usually the case, the officers allowed him to first go to the Hotel Marquette, where upon the hotel was he shaved by the hotel barber, the operation including the cutting off of his monocle. This done, the slight order from a liverman on the way up the street put in an appearance, and the party left for the penitentiary, where Chappel was soon turned over to Warden Freeman.

Marquette Accepts Challenge.

The manager of the Marquette indoor base ball club has written the following letter to Mr. W. S. Crowe, manager of the Manistique team: "We hereby accept the challenge contained in your communication of recent date and beg to state that while our engagements in Marquette during the month will prevent our going out to town, yet we will, if you are agreeable, make arrangements for a couple of games during the month of February. I will be glad to hear from you on the subject."

VERY INTERESTING GAMES

Played by Opposing Teams of the New Indoor Ball Aggregation.

The Manistique indoor base ball club played two interesting practice games last evening. Although the games were five inning games it was necessary to play seven innings in the second game to decide it.

The first game was between Clubs No. 1 and No. 2. The players and score were as follows: Club No. 1: Williams, C.; Crowe, P.; F. Brown, 1st H.; W. Hudson, 2nd H.; W. S. Crowe, L. S.; LaFayette, R. S.; Mum, I. P. Club No. 2: F. Brown, 1st H.; C. Crowe, 2nd H.; J. J. Miller, 3rd H.; W. Hudson, 4th H.; W. S. Crowe, L. S.; LaFayette, R. S.; Mum, I. P.

THOMPSONS CAN PLAY BALL

The Independents Beat the K. of P. Team in a Score of 10 to 4. The people of Thompson turned out last Saturday evening to witness their first game of indoor base ball. The contestants were the Independents and the Knights of Pythias. The former won after a close game. Norris won the batting honors by making four hits out of four times at bat, and Henke, Peterson and K. Vosine each did some fast hitting.

"Parlor Base Ball."

If you wish to see and participate in one of the most interesting events of the season, attend the "Parlor Base Ball" social to be given on the evening of the 31st inst. by the Alumni Association of the Manistique High School at the home of Miss Amy McGregor on Range Street. Dainty refreshments will be served. Fifteen cents will be charged for the full evening's entertainment. All are cordially invited.

DEATH OF AN ESTIMABLE LADY.

Mrs. John Miller Died Last Tuesday Night.

Mrs. John Miller died at her home in Lakeside addition at 11 o'clock Tuesday night, after an illness of two months. The deceased was the daughter of Mr. and Mrs. Michael Kandel and was born in Germany thirty-five years ago. She came to Manistique in 1881, and in 1887 was married to Mr. John Miller, who with six children survives her. The children are Matthew, John, Nicholas, Jacob, Charles and Meggie. Charles is the youngest being two months old. The deceased was highly respected by all knowing her. She was a consistent member of St. Francis de Sales church and also a member of the Sacred Heart Society.

The funeral services were held from the church this morning. Matt Hein of Milwaukee, a step brother of Mr. Miller, Miss Lizzie Kandel, Mrs. G. A. Miller and John Kandel of Escanaba, and Mrs. Gabriel of Keweenaw, Wis., were among the out of town relatives that attended the obsequies.

A Good Company.

The concert given by the Odeochlagi Concert Co. at the opera house Wednesday evening was the most artistic entertainment of the kind it has seen since the opening of the city. The pleasure of a Manistique audience to hear for years, Odeochlagi is a virtuoso of exceptional ability and he was enthusiastically enored a number of times during the evening, as were the other members of the company. The reader and soprano solos were as good in their respective lines as the star, Odeochlagi, in his.

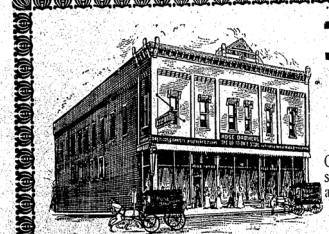

Want to Succeed.

A city Treasurer Bowen reports that more than nine-tenths of the total amount called for by the tax roll, was paid prior to January 10th. A very good record, that. Mr. Bowen has proven himself such a capable official that he should receive a unanimous nomination and election. Competent, courteous, painstaking and honest officials such as Mr. Bowen deserve re-nomination and judging from the sentiment expressed by those of influence, that com- plement will be accorded him. The lecture association is to be congratulated upon securing this company as an attraction of the course.

Weeber who has been in German Township recently reports that there is some sentiment there for the organization of a new county which shall consist of portions of Leno and Alger and Mackinac counties, Germanisk and Senny townships of this county. The scheme also provides for the erection of a county seat town on the shores of Manistiquelake. Schoecraft county would never consent to allow the two townships in question to secede for there are too many good people living there. We can't afford to lose them. Manistique will be a city of 10,000 inhabitants within five years and a first class road will be built from the county capital to the northern portion of the county, then all will be satisfactory.'

### BREVITIES.

John I. Bellare, Stoney's popular mechanic and postmaster, sacrificed himself.

Since the Pennsylvania system has purchased the M. & N. W. Ry. the idea of a union depot on the triangle between the two roads on their street should be agitated.

The Sox line which will place a heavier rail on the eastern division from Glanstone to the Sox, next summer, is already distributing the material along the line of road.

### WERE EVENLY MATCHED.

Good Scores Made in a Recent Practice Game by the Basket Ball Teams. The basket ball teams of the High School played several very exciting practice games at the opera house yesterday afternoon. The results follow were made.

The Seniors and Juniors played the first game, the score being 10 to 0 in favor of the Seniors. This was followed by a game between the Juniors and Freshmen in which the Juniors won in a score of 15 to 10. The third game, between the Freshmen and Seniors, resulted in a victory for the Freshmen. The above record shows that the teams are very evenly matched and all indications point to very exciting contests when the next public game is played.

**Manistique Wants to Play Ball.**  
Wm. E. Groves, manager of the Manistique baseball nine, has written to Otto Stipe in regard to games ten to Dto Stipe in regard to games with the Sox club. The matter was referred to Jas. J. Ryan, who has informed Mr. Groves that the Manistique players can be accommodated some time next month. It is understood that Manistique has a strong team.—Sox Times.

### MAY REACH COPPER COUNTY

Not Likely that the Terminus of the Manistique, Marquette and Northern Railroad Will be Marquette.

That the Manistique, Marquette & Northern railroad will eventually be extended to the copper country is very probable.

That the Cleveland Cliffs people are factors in the recent railroad transfer, is practically certain. The company headed by Mather, have constructed a railroad extending from Marquette to the Huron mountains, thirty miles westward of Marquette. The road was primarily constructed for the purpose of hauling wood to the company's furnace, but a glance at the map of the upper peninsula shows that a very direct line to the copper country could be made by extending the line above mentioned.

As the Pennsylvania system is the power behind the throne in the recent deal it is reasonable to infer that the deal it is reasonable to infer that at Marquette, but that it will be extended to the copper country.

**Concerning the Owens.**  
The following information concerning Mr. and Mrs. A. H. Owens and daughter, who are attending the conservatory of music at Dresden may interest our readers:

They have been quite well nearly all the time since they returned to Germany. They are all working hard, and regularly at their musical studies, and are, as some of them, keeping up their practice nearly the whole 14 hours per day that they are allowed to practice. It seems there is a law there (either city, or otherwise) that forbids practicing music from 10 p. m. until 5 a. m., very good thing, too.

Lucile, attends a German school six days in a week, mostly in the forenoon, besides having her lessons in music at the conservatory, so she is a pretty busy girl as well as her parents.

**A Sleighing Party.**  
Kaster Francis Zimmerman treated a number of his young friends to a sleighing party on Tuesday evening in honor of his ninth birthday. He received many pretty presents. Those present were:  
Joy Weber, Nancy Boomer, Ralph Erickson, John and Stevy McGregor, Chester Curtis, Alton Wood, Perry Norton, Arnold Olsen, Coffey and Elmer Devald, Harry and Glenn Thomas, Alton Whitney, Henry Wisnandy, David L. March, Clarence Barr, Harry Zimmerman.

### AN AMUSING DECISION.

West Virginia Jurist Delivered One Devoid of Technicalities.

**REM FROM STATE'S HIGHEST COURT**  
Choice Extracts From Judge Dent's Judicial Philosophy Rendered in a Case Which Originated in the County of Randolph and Was Instituted by a Daughter Against Her Father.

Judge Marmaduke H. Dent has sent out from that august and sedate body, the West Virginia supreme court of appeals at Charleston, a gem in the way of a decision wherein he departs from the traditionally excellent and gives an exposition of law so refreshingly simple and amusing that he runs many loud and laughs, says a special dispatch from Wheeling to the New York World. The decision has caused a mild sensation among the lawyers and has brought the judge so prominently before the people as a jurist that, although he is the only Democrat on the supreme bench, he has been elected president by his Republican colleagues.

The case in point originated in Randolph county. Ell Moore made an assignment for his creditors, but hoped to reserve something from the wreck. Accordingly he got his father-in-law, the Rev. Anthony Mastoe, to invest this daughter bought suit in the circuit court and lost. She appealed to the supreme court and won, the lower court being reversed. Here are some bits from Judge Dent's judicial philosophy:

"This is a suit from the precincts of Randolph county instituted by Clara, intermarried with Ell Moore of Monroe, against her son, the Rev. Anthony Mastoe of Drolet, near the happy land of Cannon, the neighboring county of Tucker."

"Ell entered the contest badly figured. The backbone of his evidence had been broken by the obstruction put in its way by the defendant in his way of trust and not under seal—solemn acts which cannot be easily explained away and by which he is entangled from selling the truth, and not a great hardship on Ell. In addition, a number of his neighbors, notably among them two of his brothers-in-law, 'pe's sons, who are in a position to know, say his reputation for truth and veracity is not the best, and they do not hesitate to testify that they would not believe him under oath."

"The evidence tends to show that while Pa Mastoe does a little preaching, trying to gather the best sheep into the fold, and has one eye on the penny, where the wicked cease from troubling and the weary are at rest, he keeps the other eye wide open in an endeavor to make friends with the num-

"Mrs. Moore has always been a favorite with equity, and it always throws its willing arms around her to protect her from the importunity and dross of her impetuous husband."

"If it is to continue preaching—and it is to be hoped, for from the conduct of this suit and the testimony of the witnesses Ell is not the only one in need thereof—she should cultivate a greater regard for the truth and try to overcome his lust of the fleasquaps of Egypt."

"As to this one-half acre lot, pa must be held to be the holder of the legal title in trust for Clara. The decree complained of must therefore be reversed, and this case is remanded to the circuit court, with directions to assure Clara, the wife of Ell, the legal title to the one-half acre tract, retaining thereon a lien for any unpaid purchase money, if her pa exacts it, subject to the credit of \$97.30, with interest on the costs of this suit, and any other just demand she may show hereafter, to be satisfied by the court."

**A Dickens Letter.**  
George Manville Pann is the possessor of a sheet of old fashioned blue wire worn note paper, which had its habitation for years upon the bill file of Charles Dickens, to whom it tells its own tale.

"Mr. Charles Dickens is much obliged to Mr. Gladstone for the offer of Lord Byron's bust. But, as Mr. Dickens cannot play that instrument himself and has nobody in his house who can, he declines the purchase, with thanks. Deronahoe Fernes, trustee upon the paper, says Mr. Pann, but there seems to be no playing among the notes, and one cannot help thinking that when Dickens wrote that he could not play the flute he must have recalled a certain state scenario played at 'Mrs. Todger's Commercial Boarding House,' written by his in 1844—New York Tribune.

### VERY THIRSTY.

Escanaba Supports a Saloon to Every 100 People.

Sheriff Alex Roberts of Delta county has been notified by Hon. John W. Stone, circuit judge, that unless he shall at once enforce all the saloon laws, the matter would be taken up with the governor of Michigan, and a new sheriff appointed. Sheriff Roberts says that he will at once take action and see that the saloons are closed all day Sunday and between the hours of 11 p. m. and 4 a. m., and that all slot machines and other gambling devices are removed.

Pittsburgh, a city of 10,000 people, has 100 saloons. In some of them there are as many as five slot machines in operation.

**Right of Way at Suttons Bay.**  
O. E. Murray accompanied by Attorney C. W. Gibson, representing the Traverse City, Leelanau & Manistique Ry. Co., went to Suttons Bay Thursday to attend a special meeting of the village council at that place. The meeting was held in the office of the village. There has been in the past some jangling in the village over the right of way through the streets of the place for the road. That is all past now and there will be no further difficulty in that regard, as it has been definitely settled. The petition for right of way through the streets and alleys, asked by the railway company, has been granted and the committee on streets and sidewalks have been instructed to draft an ordinance, apportioning the streets and alleys over and through which the road is to pass. This ordinance will be submitted to the railway company later on.

Mr. Gibson has begun his work in securing the right of way from Suttons Bay to Northport and expects that is completed he will work between this city and Suttons Bay. The survey has been completed their work at Northport and will at once begin at Traverse City Herald.

**Taxpayers Attention.**  
The time for payment of taxes in Manistique township has been extended to Feb. 25th. I, the undersigned, treasurer of said township, will receive for taxes at my residence near Northport until that date.

# FOSTER OPPOSES FAVOR SHORT ROUTE

EX-SECRETARY OF STATE CRITICIZES BILL FOR EXCLUSION OF CHINESE.

## IS A VIOLATION OF TREATY

Appears before the Senate Committee on Immigration and Discusses the Subject at Length—Believes Any Measure Passed Extending the Period of the Existing Law Beyond 1901 Would be Illegal and Valueless.

Washington, Jan. 24.—Ex-Secretary of State John W. Foster appeared before the senate committee on immigration and spoke in opposition to the "Chinese exclusion bill" which has been introduced in congress. His remarks were directed more particularly to the Mitchell or Pacific coast bill, which he said was a plain violation of our treaty with China. Mr. Foster said that our government had four times asked China to modify existing treaties in the interest of American citizens and that in every instance China had refused to do so. He then submitted for the consideration of the committee three propositions. The first was that any law passed by the present congress which continues the exclusion of Chinese laborers beyond 1901 would be null and void, international authority being in violation of treaty stipulations. He said that during the negotiations resulting in the treaty of 1882 the United States sought to have the exclusion of Chinese laborers extended to 20 years and that the Chinese government had refused to make it for more than 10 years. He also insisted that when the treaty of 1882 expired the United States should have asked the Chinese government to renew it for more than 10 years. He also insisted that when the treaty of 1882 expired the United States should have asked the Chinese government to renew it for more than 10 years.

## A FAVORABLE REPORT.

Ship Subsidy Bill Approved by Senate Committee on Commerce.

Washington, Jan. 15.—The senate committee on commerce has authorized a favorable report on Senator Fry's ship subsidy bill. The Democratic members of the committee voted against the bill, but the majority vote sided with the bill. The report is favorable to the bill.

## NO NEWS OF THE CONDOR.

Feared the British Sloop-of-War Has Been Lost.

Victoria, B. C., Jan. 24.—There is no news of the British sloop-of-war Condor and naval men are considerably worried about her.

The steamship Moana, which was so anxiously awaited, brought no later news regarding the Condor, which was believed to have been lost.

The Moana brought news that an epidemic of bubonic plague has broken out among the passengers of the ship.

The mission property of Mr. Edel on the New Territories group, including a school, church and other property, has been destroyed by a storm.

**CRONJE'S FAITHFUL DOG.**  
Dear General's Canine Friend Poked by Ben of Green Point Camp.  
General Cronje's dog, the faithful four-footed creature that followed the fortunes of his master from the outposts of the war until he was run in his lot with the British troops. He is written a Cape Town correspondent every minute hold of news from the front and enjoys life with the best of them. The dog is in the rear of the line, but he is the master, especially long in the legs. On the whole, he is of a sturdy disposition so far as stragglers are concerned and will receive attention from none save a man in uniform. He attends every minute hold of news from the front and enjoys life with the best of them.

**A Wife Says:**  
"We have four children. With the first three I suffered almost unbearable pain from 12 to 14 hours, and had to be placed under the influence of chloroform. I used three bottles of Mother's Friend before I was able to get on my feet. My fourth child, a healthy boy, did my housework up to the day of his birth, and suffered but few hard pains. This is the greatest remedy ever made."  
**Mother's Friend**  
Will do for every woman what it did for the Minnesota mother who writes the above letter. Not to use it during pregnancy is a mistake to be paid for in pain and suffering. Mother's Friend eases the patient with strong body and clear intellect, which in turn are imparted to the child. It relaxes the muscles and allows them to expand. It relieves morning sickness and nervousness. It puts all the organs concerned in perfect condition for the final process, so that the labor is short and practically painless. Danger of doing or hard labor is altogether avoided, and recovery is merely a matter of a few days.  
Druggists sell Mother's Friend for a bottle. The Bradford-Reggie Co., Atlanta, Ga. Send for free literature at once.

**Don't Live Together.**  
Constipation and health never go together. Dr. Williams' Little Early Bile Beans promote every action of the bowels without distress. "I have been troubled with constipation nine years," says J. O. Green, Detroit, Mich. "I have tried many remedies but Little Early Bile Beans give the very best of every thing. Yours truly, A. S. Putnam & Co."

GROWING YLANG-YLANG

Facts About a Profitable Industry in the Philippines.

TREE OF GREAT ECONOMIC VALUE

The Essence of It Sells For From \$10 to \$25 a Pound, and the Supply Does Not Exceed the Demand—Also Possesses Some Curious Virtues in Youth and Other Aches.

From official material in the division of Insular Affairs, war department, the following information has been compiled in response to inquiries from various sources, particularly with reference to the early start of ylang-ylang.

Among the numerous trees of economic value in the Philippines are many varieties of great essence or essential oils are extracted. These only used in the present state of the industry are the ylang-ylang, sampaguita and champaca.

The ylang-ylang (Plandora) is a cultivated and wild tree often attaining a height of sixty feet, but is known as Cananga odorata (Hook) or Cananga odoratissima (Bl), belonging to the eucalyptaceae family, producing leaves 2 1/2 to 3 inches and drooping greenish yellow flowers three inches long and of extraordinary fragrance.

The sampaguita (Jasminum sambac, L.) is a plant belonging to the family Ericaceae, producing white flowers from which a highly prized perfume essence is extracted by distillation. It is the champagne (Micheleha champaca, L.) is a plant belonging to the family Rubiaceae, attaining a height of thirty feet.

The popularity of ylang as the latest favorite in the list of perfumes is illustrated in the case of the Emperor Claudius, after enjoying in nearly two centuries as the odor of ylang from the city of Manila.

The ylang-ylang, or sometimes spelled ylang-ylang, yields to oil and is one of the most valuable of the Philippine islands, where it is a favorite among the natives.
