MANISTIQUE, MICHIGAN, FRIDAY, MARCH 14, 1902.

\$1.50 PER YEAR.

HOW TREASURERS SUCCEEDED.

Most of the Township Treasurers Report Good Collections.

The various township treasurers of Schoolcraft county have made their returns to Treasurer Rogers and in most cases the showing made is very good. Thompson again is the banner township returning only \$881.11 delinquent, or 2.5 per cent of the total. The city of Manistique comes next with a delinquency of 2.1 per cent. The total percentage for the entire county is 1.15. Owing to the fact that the Northwestern Insurance Co. failed to pay its taxes in Manistique township amounting to about \$2,000.00, the returns from that township are higher than usual. The D. M. & M. Linn Co. did not pay its taxes in Haverhill township, and for that reason the delinquency in that township amounts to about fifty per cent of the total amount.

A list of the tax for all purposes levied in the several townships, and the amounts returned delinquent follows:

Township	Delinquent
Manistiquette	\$ 5,461.85
Harrison	4,511.94
Inwood	2,923.21
Doyle	5,477.41
Soney	3,216.74
Thompson	5,378.00
Gerritsville	5,512.30
City of Manistique	45,082.18
Total	\$112,222.91

Republican Township Caucus.

The Republicans of Manistiquette township will hold a caucus on Saturday afternoon, March 29th, at two o'clock at the Commercial school house for the purpose of placing in nomination a township ticket and for the transaction of such other business as may legally come before the caucus.

A Farewell Reception.

Wednesday evening, March 12th, a company of neighbors in the way of a surprise treated Mr. and Mrs. Frank Ottendine a reception prior to their removal on Riverside. A very pleasant evening was spent. A friends says: We all regret very much to lose them from our neighborhood circle, but our loss is Riverside's gain. Long but they live and prosper in their new home, and may they have many such house warnings.

REPUBLICAN CITY CONVENTION.

The delegates of the Republican City Convention of Manistique were called to meet at the City of Manistique on Monday evening, March 11th, 1902, at 7 o'clock, for the purpose of electing delegates to the State Convention.

Those present were: Ada Little, Winifred Little, Frank Hines, Martin Lehto, Ralph Brown, Clarence Madarain, Elmer Hill, Wesley Orr.

Less Than Ten Usual.

Less woodmen than usual are spending their vacation in Manistique. The prevalence of river driving on account of the fact that most of the logs are transported by rail, has been the means of compelling the old time "river drivers" to seek new pastures. There too, many of the camps are filled with young men from the lower peninsula, attracted here by the big wages paid, and as soon as they receive their money they like for home, many of them not remaining in Manistique long enough to even visit the harbor.

Waived Examination.

Angus McDougall and James Menere, arrested on the charge of illegally selling liquor in Gerritsville township, had their preliminary hearing before Justice Thompson in this city yesterday. They waived examination and were placed under bonds for their appearance in the circuit court.

Who Win the Times.

The Manistiquette indoor base ball team, which leaves for Marquette and Houghton next Monday morning where it will play four games, in its first-class trim, and will no doubt win at least three of the four games scheduled. A number of "fans" will accompany the boys.

A Special Meeting of Lakeside Lodge.

No. 371 P. & A. M. will be held in Masonic Hall, Monday evening, March 17th at 8 o'clock for the purpose of conferring the 3rd degree. Every member is requested to be present.

Compulsory Secure Additional Room.

The board of education is compelled to rent a room to accommodate the overflow from the Fourth and Fifth grades. One of the rooms in the city building has been procured and will be occupied shortly after April 7th.

When the large ring was added to the Central building many thought that the school population could be accommodated for a number of years, but it is proving inadequate. Manistique has many school children in proportion to the population than any other city in the state, and it will only be a question of time, when a modern brick building of generous proportions will have to be provided.

Mrs. McKinney Entertains.

Mrs. McKinney entertained a number of her lady friends last Tuesday evening. Mrs. Gledhilling won first prize in the game contest with bean bags, and Mrs. McLeod second prize. The prizes were a pot of baked beans, and an earthen mustard cup. Those present were: Madeline Branch, Rose Rogers, Edwinger, Nicholson, Benson, Brown, Johnston, Davidson, Hixson, Carr, Gledhilling, Orr (R. N.), Orr (V. L.), Orr (M. W.), Goodell, Crane, Blumrose, Rosenthal, Hoffman, Rose (H.), Winn, Gilligan, Craver, Van Thess, Wadhell, Currie and McLeod.

An Alarm of Fire.

The burning of a pile of waste paper at the rear of Baker & Bassford's store Wednesday afternoon caused some excitement. An alarm was sounded but the services of the fire department were not needed.

FOR FAITHFUL SERVICE.

There is very much uncertainty now as to who will receive the appointment as postmaster of Manistique, and from all indications a dark horse, (C. H. Mereworth, is now started for the position. When Sheldon started to make the race for congress against Sam Stephenson, Charlie lined himself with the Sheldon forces and with each recurring campaign he has done much to keep Schoolcraft county in line for him. In fact he has been assisting in his efforts to advance Mr. Sheldon's interests. The congressman evidently thinks that unremitting and effective efforts on his behalf should be rewarded and no doubt the black horse will win out. However, Charlie, aside from his previous good work, must prove his ability to control the caucus next Friday evening, before the plum lands in his basket.

How We Compare.

The poor of Schoolcraft county cost the county from \$5,000 to \$8,000 a year. These figures are greatly in excess of the cost in neighboring cities whose population is in excess of the population of Schoolcraft county.

In Escanaba the total cost of maintaining the poor was \$2,918.52 last year.

In Marquette the cost was about \$5,000 during the same period.

Scientific Job.

Is always done by an expert carpenter, when he uses such superior steel tools as he chooses from our high grade stock. A good carpenter may be known by his "ship's" but a carpenter that is up to date and expert in his work won't use anything but our tools. He can make his reputation on them.

Now For Cinders.

George F. Averill, living at Arverne, N. Y., says that he has discovered a way of using the waste coal ash cinders that will make the hitherto useless material of great commercial value. The way which Mr. Averill has found for these coal ashes is in a new kind of fireproof mortar, 90 per cent of which is made up of coal ashes and the rest double hydraulic cement, says the Chicago Chronicle. Mr. Averill has had tests made under the supervision of the engineers of building in Manhattan, which show that the insulating properties of a block constructed according to Mr. Averill's specifications are very great.

MARQUETTE'S PRISON.

There are 235 prisoners incarcerated in this institution.

According to a report compiled by Warden George Freeman there are 235 prisoners at the bench penitentiary here, nearly all of whom are employed in making cigars and overalls and the Mining Journal. The average cost of food per day per man is about ten cents. During the past year the maintenance of the prison, as was the case at the other state penal institutions, cost more than earnings, though nearly all the convicts are employed. The deficit was \$32,000, which amount the state treasury was drawn on. The principal reason for the deficit was the advance in the price of almost everything which goes into the prison for its needs and wants, without a corresponding advance in the price of contract labor. The average earnings per man last year was about thirty-five cents per day. At Jackson last year's deficit was \$24,000 and at Ionia \$42,000. At the same meeting of the joint prison board, to be held at Mackinac Island, July 25, John Hennes, of Menominee, a member of the Marquette prison board, who has made a study of the prisons of Europe will prepare a paper on this subject, and M. H. Morinay, also of the Marquette board, and Dr. Bliss, of the Jackson board, will discuss corporal punishment in prisons.

The state boards of pardons and of corrections and charities will meet with the prison boards at that time.

Could Not Breathe.

Coughs, colds, croup, grip, bronchitis, other throat and lung troubles are quickly cured by One Minute Cough Cure. One Minute Cough Cure is not a mere expectorant, which gives only temporary relief. It softens and liquefies the mucous, draws out the inflammation and removes the cause of the disease. Absolutely safe. Acts at once. "One Minute Cough Cure will kill that is claimed for it," says John J. of the Peace, J. Q. Hood, Crosby, Miss. "My wife could not get her breath and was relieved by the first dose. It has been a benefit to all my family."

Must Be Polite.

A new code of rules and regulations are in force on the Chicago & North-western railroad. The employees hereafter must use pure English and be polite to passengers. In the past when a drunken woodman would find the flyer and after getting aboard would refuse to pay his fare, the conductor with the assistance of the brakeman would eject the non payor rather roughly and use anything but polite language. Under the new rule the conductor, will access the dead end in the following language: "I am very sorry, but under the rules and regulations of the company I will be compelled to ask you to vacate your seat and the car as soon as the train comes to a full stop." But an nothing is said about the parking kick that the hobo gets as he leaves the platform, he will probably get that with the same force as of yore.

A Neaganes minister made the rounds of the saloons after hours to gather proof for arrests that followed. A mob of drunken rowdies assailed him and threatened to kill him.

CLUES PROVE NOTHING

So Far, in the Case of the Poisoning of Mrs. Ada Klump, of Lowell.

ONE WOMAN IS OUT OF THE GASH

Armed Man Works Out Clues in Investigation—Motive of Her Friends Attacked—Items.

Grand Rapids, Mich., March 10.—After the clue was followed by the detectives who are investigating the mysterious poisoning of Mrs. Ada Klump has proved fruitless. The husband, William Klump, of Lowell, has broken down and wept. He admits his wife was murdered, but he denies knowledge of the crime, and says he knows of no possible motive for the crime.

All Are Looking for a Woman.

The lead detective and the sheriff's force are spending their time in removing the mystery surrounding the tragedy. Klump's footprints for some time, which some believe were in the village and by those who are acquainted with him, leads to the belief that when the plot was hatched others besides Klump will be implicated.

Woman Traveler Investigated.

It is definitely learned that Klump came to the city the last of February and registered under the name of "W. W. White." He remained here two days. When asked why he did this he said he did not wish to be traced. He was here at the time Klump was murdered, and it is reported that he had turned his personal papers into the hands of the police.

Woman Traveler Still Held.

The theory that some woman in the affections of Klump conspired the plot and carried it out still holds with the officers who are conducting the investigation. Klump appeared worried and restless in jail yesterday and was allowed to talk about his case at the prison.

Kelleog set his own mile record by 1:50 seconds. Robinson established a new Michigan record at 4 feet 6 inches in the shot-put.

Grand Rapids, Mich., March 10.—The Niagara Power company has organized with \$1,000,000 capitalization to consolidate electric lighting and power interests. MOTIVE SEEMS TO BE UNKNOWN

Miss Wittich's Relations with Klump—John Bailey's Suit—Her Inability.

Grand Rapids, Mich., March 11.—Set by two men, bound and gagged and hustled into a buggy, Miss Wittich, a dressmaker, was driven south on a highway. Mrs. Van Deventer went north last Thursday evening. Miss Wittich was within half a block of her own home when she was taken to the city. She held her hands with her mouth and held her hands with her mouth and held her hands with her mouth.

All Are Looking for a Woman.

The lead detective and the sheriff's force are spending their time in removing the mystery surrounding the tragedy. Klump's footprints for some time, which some believe were in the village and by those who are acquainted with him, leads to the belief that when the plot was hatched others besides Klump will be implicated.

Woman Traveler Investigated.

It is definitely learned that Klump came to the city the last of February and registered under the name of "W. W. White." He remained here two days. When asked why he did this he said he did not wish to be traced. He was here at the time Klump was murdered, and it is reported that he had turned his personal papers into the hands of the police.

Woman Traveler Still Held.

The theory that some woman in the affections of Klump conspired the plot and carried it out still holds with the officers who are conducting the investigation. Klump appeared worried and restless in jail yesterday and was allowed to talk about his case at the prison.

BRITISH GENERAL CAPTURED IN A FIGHT WITH THE BOERS UNDER DELAWARE.

Casualties Include Forty-one Killed Seventy-seven Wounded and Two Hundred Missing—Four Guns and All British Baggage in the Hands of the Boers—Some of the Prisoners Released but Methuen Is Retained

LONDON, March 11.—General Methuen and four guns have been captured by the Boers under General Delarey. General Methuen was wounded in the hand.

In the engagement 2 British officers and 28 men were killed, 5 British officers and 72 men were wounded and 1 British officer and 200 men were taken prisoner.

The fight in which General Methuen was captured occurred before dawn March 7, between Wilburg and Lich Town, Orange River Colony. The British force numbered 1,500 men. The Boers captured all the British baggage. General Methuen is retained as a prisoner.

The text of Lord Kitchener's dispatch, dated March 5, announcing the capture of General Methuen, is as follows:

"I greatly regret to have to send you had news of Methuen. He was wounded by 900 mounted men, under Major Paris, and 200 infantry, 4 guns and a pom-pom, from Wynburg to Lichtenburg, and was to meet General, with 1,500 mounted men, before dawn. Friday morning he was attacked by Delarey's force, between Two-Bush and Palmietfontein. The Boers charged on three sides.

"Five hundred and fifty men have come in at Marburgs and Kruisfontein. They were pursued by the Boers four miles from the scene of the battle. They report that Methuen and Paris, with the guns, baggage, etc., were captured by the Boers. I have no details of the capture, but I am delaying publication till I can send definite news. I think this sudden reversal of activity on the part of Delarey is to draw off the troops pressing Dewet."

Details of the Battle.

In a second dispatch dated Sunday, March 9, Lord Kitchener says:

"There has come in from Kruisfontein, with the remainder of the men. He reports that the column was moving in two parties. One, with 400 men, left Two-Bush at 2 a. m. The other, with the main wagon, started an hour later, just before dawn the Boers attacked. Before reinforcements could reach them the rear column broke. In the meantime a large number of Boers galloped up on both flanks. Those, at first, were met by the flank parties, but the panic and stampede of the miles had begun and all the main wagons, with the terrible mixture of mounted men, rushed past the ox wagons. All efforts to check them were unavailing.

"Major Paris collected 40 men and occupied a position near the ox wagons, which were then halted. After a gallant but useless defense the enemy rushed into the ox wagons and Methuen was wounded in the thigh. Paris, being severely wounded, surrendered at 10 a. m. Methuen is still in the Boer camp."

The following are the names of the casualties, as already cabled.

Lord Kitchener's dispatch announcing the disaster to General Methuen's forces was read in both the house of lords and the house of commons by Lord Roberts, the commander-in-chief, and Mr. Brodrick, the war secretary, respectively. They both paid tributes to General Methuen, the former expressing his appreciation of Methuen's success through the day, declaring that his task of forcing the Boer position at Magersfontein was an almost impossible one.

AGAINST THE MERGER.

Government Brings Suit in the Federal Circuit Court at St. Paul.

St. Paul, March 12.—A bill in equity circuit court at St. Paul in which the United States is complainant and the Northern Securities company, Great Northern railway company, the North Pacific railway company, James J. Hill, W. P. Clough, D. Willis James, John S. Kennedy, J. Pierpont Morgan, Robert Bacon, George F. Baker and Daniel Lambert are defendants, United States District Attorney Purdy filed the petition, which bears his signature as well as that of Philander C. Fox, attorney general of the United States. The object of the action is to restrain the alleged conspiracy, combination or merger of the two railroads, and is brought under the act of July 2, 1890, known as the Sherman anti-trust act. The petition charges:

"That the said James J. Hill and his associates entered into an unlawful combination or conspiracy to effect a merger of the Northern Pacific and Great Northern.

"That they seek to promote the latter end by the acquisition of the stock of the other, but of both at the expense of the public.

"That the defendants are attempting to monopolize and have monopolized the interstate foreign trade to the great and irreparable injury of the people of the United States.

"That the Northern Securities company was organized solely to incorporate the holding of the stocks of said company and to carry on the business of the said companies.

THE OAF'S ANSWER.

Are you neglecting your health?

THE PENALTY OF NEGLECT

IS THE SAME AS THE WAGES OF SIN.

SMITH'S GREEN MOUNTAIN RENOVATOR SHOULD BE TAKEN PROMPTLY BY EVERY SUFFERER.

If you are merely existing, we want to have a few earnest words with you.

The numbers of people who really live is small compared with the vast number that merely exist.

Some people seem to think that if they feel able to get around and attend to their usual duties they ought to be thankful. As a matter of fact, it is the solemn duty of everybody to be entirely well—to feel the blood of health dancing in the veins and the vigor of perfect strength in every member of the body.

Such a happy condition is possible only when every organ is doing its work properly and there is a consequent harmony of all the functions and a full supply of pure blood.

Any piece of mechanism, particularly one so delicate as the human body, will surely get clogged up at times and thrown completely out of gear.

You know very well what the symptoms are. You know, too, that troubles of the liver, kidneys and stomach are responsible for your condition. You know you need cleaning out and fixing up generally. Smith's Green Mountain Renovator is what you need. It will do for you better, quicker and keep you well longer than anything else.

This celebrated remedy is made solely of roots and herbs and is, therefore, perfectly harmless. It is the great body-builder of all medicines. Those who use it have strong nerves and muscles and never have to take any other kind of medicine.

In Vermont, where it comes from, it has been everybody's medicine for a quarter of a century, although never advertised until it was bought by its present owners and placed on the general market through agents.

Its former makers were satisfied with the steady custom of Vermonters—and with the fact that no other medicine could take its place with those who knew its merits.

I am telling all my friends about SMITH'S GREEN MOUNTAIN RENOVATOR. It has certainly done wonders for me. I have been completely run down, nervous and weak, besides suffering with a sore on my ankle—the result of impure blood. I am on my fourth bottle and feel like a new woman, and my ankle is healing finely. I know that the Renovator will do as much for others as for me, and I recommend it strongly to all who are weak and sick.

"MRS. C. REESE, 19 Park St., Norwalk, Conn."

Everybody is invited to try this medicine at our risk. Give it a trial and note the results. If you are not benefited, you can have your money back.
