MANITOWISH, MICHIGAN, FRIDAY, MARCH 21, 1902.

\$1.50 PER YEAR.

LOST FOUR GAMES.

The City Team Lost by Narrow Margins the Four Games Played in the Mining District.

ALL GAMES INTENSELY EXCITING.

Considering the Short Time the Club has been in Existence, the Record Made by Them is Very Encouraging.

The news from our city ball team has been discouraging to the stay at home this week, but great hope was indulged that they would at least capture the last game played at Marquette last night, but the news being a fourth defeat, the score being Marquette 4, Manitowish 3. While the boys have not won a victory on this tour, honor was with defeat, as the scores show, and the Marquette and copper country players admit that the Manitowish aggregation are first class players, and have proven themselves gentlemen in their deportment. While we hoped that victory might perch on the banner of our home team in at least half or more of the series, there should be nothing of half criticism, as it is concealed by their opponents that they have reflected nothing but credit on themselves and their home city.

Following is the report of the first game, with the Beavers, as published in the Mining Journal:

The crack Manitowish ball team met its Waterloo last evening at the hands of the Beavers, but by so narrow a margin that honors ever go with defeat. The score was 7 to 6, the rallies by innings being based as follows: Manitowish.....1 0 0 2 1 0 0 0—6 Beavers.....1 0 0 1 1 0 1 1—8

As the score would indicate, the game was intensely exciting; and by all odds it was the best ever played here. At various times it looked as though the leading would be secured on one side or the other, but by fast work and splendid pitching the threatened runs were shut off and the contest continued practically an even thing until the final time at bat. The ninth inning, in particular, was wearing on the composure of the fans. It opened with the score a tie—four to four—and the visitors at bat. The first ball pitched was his safety, and with the runner on first base and no one out the prospects for the Beavers

FROM SUNNY ITALY.

A fitting Place for Gods to Dwell, Says Dr. Patterson. Dr. Patterson writes a very interesting letter from Italy. He and his family are enroute from Vienna to the United States. In a personal note to the editor he says:

I am sure you today another record. From Gibraltar I shall hope to bring matter up-to-date, but the climate here is not conducive to exertion either mental or physical it is enough simply to live and be glad that you are living and looking in the glorious warmth of an Italian sun. I am sitting here in the archmarked picture, 150 ft. above the water—looking over the Bay of Naples which is almost hidden under its skin but almost without a ripple. While beyond rises in its grand majestic old Vesuvius calmly rolling out the smoke from the workshops of Vulcan beneath—that is it looks so from here—when you are up at the crater edge it is another story. The trees are full of oranges and lemons ripe for picking—while all about are flowers, such as only a semi-tropical climate such as this can produce. Do not wonder that the old poets laid here the scenes of the lovers and struggles of their mythological gods—for truly it is a fitting place for gods to dwell when the dirty lagos are out of sight.

We are all well and happy. With kind regards, E. D. P.

WILL OPEN A NEW TERRITORY.

The Car Ferry Lines Will Give Manitowish Manufacturers an Opportunity to Expand.

With the facilities for transportation that the operation of the Ann Arbor and Pennsylvania systems will give local manufacturers, a new territory for business will be opened to some of these. The White Marble Lime Co. can now invade Ohio territory and give the inhabitants of that state an inkling of what constitutes first-class lime and shingles. No better lime is manufactured in the United States than that produced by the White Marble Lime Co. There is a growing demand for it and much of the output is shipped west. Several of the largest paper mills in Wisconsin are heavy customers, and with increased facilities for shipment the company will expand its business.

FRANK PRICE DIES SUDDENLY.

While Riding from This City to the Home of James Wilson, Sunday Morning.

Frank Price, or "Slim Jim" as he was familiarly known hereabouts, died suddenly on the road between this city and the home of James Wilson in Doyle township, last Sunday morning. He had been in the city for a week and indulged excessively in intoxicants during the whole time he was here. Last Sunday morning he started for the Wilson residence with James McKenzie, Thomas McKenzie and Michael Kratz who had been in town for a load of supplies. The men left town about six o'clock in the morning. After assisting in loading the supplies at Parker & Nesman's store he said to the others that he would walk on ahead and that they would later overtake him, which they did at the "stone-on-creek." At the foot of the Brassie Hill the others got off the wagon and walking up the hill leaving Price to drive the team which he did until they passed the Brassie residence. Price then waited for the others and then got into the wagon again and rode until they reached the McIntyre swamp, when one of the McKenzies boys asked Price if he was cold, and if so, he had better walk while. Replying, he said that he was not cold, and began singing a song. Shortly afterward he got off the seat and laid down on some sacks of grain in the wagon, and apparently went to sleep. He was covered with a blanket and shortly afterward, one of his companions thinking that he might be cold, tried to awaken him, found that he was dead. The body was then taken to the Wilson home, and Coroner Mix notified. He and County Clerk Ashford went to the Wilson home Monday morning, and after an investigation into the cause of death, decided to hold an inquest, at which the facts as mentioned above were secured. The jurors empowered were Alvin Wood, James Wilson, Benj. Sheets, Geo. Hamilton, William McKelvey and Judg. Sweet. The jury decided that death resulted from natural causes. The deceased had been a resident of Manitowish and vicinity for a dozen years or more and was a plumber by trade. He was well bred and intelligent, and when sober was not a bad sort of fellow. He has a sister residing at St. Louis, also relatives in Pennsylvania. The sister has been apprised of his death.

NATIONAL PROTECTIVE LEGION.

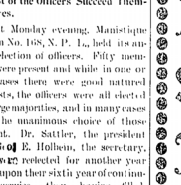

Elect Officers Last Monday Evening. First of the Officers Succeeded Themselves.

Last Monday evening, Manitowish Legion No. 108, N. P. L., held its annual election of officers. Fifty members were present and while in one or two cases there were good natured contests, the officers were all elected by large majorities, and in many cases the unanimous choice of those present. Dr. Sattler, the president and G. E. Holburn, the secretary, who were re-elected for another year, enter upon their sixth year of continuous service, they having filled these positions since the organization of the local legion in April 1897. The newly elected officers follow: W. P. J. M. McCallum, W. P. J. M. Sattler, W. V. P. -Miss Brooks, Secy—Geo. E. Holburn. Treas.—Geo. Kells, Conductor—Miss Langworthy, Chaplain—Miss Haman, Inside D. K.—Mrs. Tumath, Outside D. K.—W. R. Patterson. Christian—Geo. Kells, Pianist—Addie Ashford. Trustees—Messrs. Rogers, McCallum and Branch.

The success of the local legion has been phenomenal. When it was organized in 1897, there were scarcely enough charter members secured to effect an organization, and perhaps no other ever founded here had greater or more persistent opposition. Notwithstanding this it continued to grow and now has the honor of having more than 200 members in good standing and more than 228 policies in force. The faithful few that signed the charter are about to reap the benefits of their foresight and faith. The first coupons of their certificates mature April 1st and for every \$100 they have paid in they secure \$250. A public pay off is being arranged for and will be held at the convenience of National Secretary Scott who will be present to present the checks. The pay off will probably occur in May.

There isn't a society in Manitowish that is doing more for the laboring man than the Legion. It furnishes sick and accident insurance of \$15 per week and at the end of every five year period divides its profits among the members. Sincere organizations fifteen years ago it has paid \$850 to holders

Scientific Job . . .

It is always done by an expert carpenter, when he uses such superior steel tools as he chooses from our high grade stock. "A good carpenter may be known by his chips," but a carpenter that is up-to-date and expert in his work won't use anything but our tools. He can make his reputation on them.

We are also showing the most complete line of cotton waists, made in the new Gibson style of white laws, madras and in all the pretty colors and fabrics. In prices from \$1.00 and up.

BIRMINGHAM BOYS.

Simon Leroy, night bartender at the Barres Hotel had an exciting experience on Tuesday morning which resulted in quite severe burns on both hands. He had filled out a tank of the gasoline lamp used for heating water, and supposed he had shut the valve tight but there must have been a leak, as when he went to light it the gas ignited, and set fire to paper adjacent and enveloped the lamp. Leroy succeeded in throwing the lamp out of doors, and with a fall of water extinguished the flames. Thus averting that might have proved a costly fire.

BREVITIES.

Ed. Pydal returned from Detroit yesterday.

F. G. Dodg was down from Hiawatha on Wednesday.

Stylish shoes at light prices at the Hub Clothing Store.

For the newest and latest styles in men's hats, go to the Hub Clothing Store.

Miss Fern Nicholson is expected home on Monday from a visit to friends at Alma.

Robert Wood and Mr. Lawson of Thompson joined the Houghton excursionists, on Wednesday.

Friends and relatives of Chas. Nelson, of Gulliver, are greatly worried over his sudden disappearance, over a week ago, and no information of this whereabouts have been received.

For the past winter Mr. Nelson has been in the cedar business in company with Annab Goodreau, at St. Cloud Point, and last week Wednesday came to this city to draw his money. It is estimated that he had with him about \$250.00 or \$300.00.

Mr. Goodreau sat supper with him at the American House, Wednesday evening, and on leaving the table Nelson told his partner he would see him again in a few minutes, and left the room. Since that time all traces of him is lost and his friends suspect foul play.

Miss Ida M. Hopson gave a Salmagundi party Saturday evening for the members of the T. D. A. Club at the home of Mrs. O. W. Dunton. Miss Hall and Mr. LeDuc won first prizes, the former receiving a dainty seal bearing bag and the latter a barbitol pill book. The consolation prize to Miss Godell was a miniature chair with two seats to "Go Way Back and Sit Down," and to John Forsan a tiny rug, something he could beat.

A feature of the affair was the amusing Japanese made for the ladies and the lip parson for the men, with which to secure partners for supper. The refreshments consisted of chicken and mushroom patties, salmon chips, coffee, lemon charlotte and cakes. After refreshments the music of a celebrated paragon was pinned on the back of each guest, and amusement was had in the endeavor to discover their identity. Miss Hazel Nicholson assisted. The guests included the Messes Knott, Burrell, Tucker, Gledinning, Godell, Hall, Ellis Brown, and Messes Thomas, LeDuc, Baker, Malmgren, W. Shiner, Forsan, Burdick and Adkins.

For Cup Sale.

During the fifteen minutes that the electric lights were out last Sunday evening, Miss Anderson who was seated in the dining room of the Barres Hotel, was robbed of her face which was hanging in the hall at the time.

THE SERIES ENDED.

The Legionites Won From the Elks and Now Tie the Masons for Second Place.

The last game of the base ball tournament was played last Friday evening and the Legionites defeated the Elks in a score of 10 to 11. The game was very exciting after the sixth inning. The Legionites made nine scores during the first three innings and succeeded in keeping the Elks down to three scores during the same innings. A fairly good sized audience was present.

The score follows:

Elks	1	2	3	4	5	6	7	8	9	Total
Jerech, 2nd B.....	2	1	0	0	0	0	0	0	0	3
Williams, C.....	0	0	0	0	0	0	0	0	0	0
LaFrance, R.S.....	0	0	0	0	0	0	0	0	0	0
Johnson, 1st B.....	0	0	0	0	0	0	0	0	0	0
Gen. B.....	0	0	0	0	0	0	0	0	0	0
Geary, 3rd B.....	0	0	0	0	0	0	0	0	0	0
Mans, C.....	0	0	0	0	0	0	0	0	0	0
E. N. Orr, 2nd B.....	0	0	0	0	0	0	0	0	0	0
F. M. Orr, 1st B.....	0	0	0	0	0	0	0	0	0	0

For the Legionites.

The base ball association was organized at the commencement of last winter, and four of the secret orders of the city organized clubs, viz: The Masons, Legionites, Foresters and Elks. Twelve games were scheduled, of which one played last Friday was the last. The Elks won first place, the Masons and Legionites are a tie for second place and the Foresters quit third in the race.

The series afforded much amusement for the public during the long winter months, and the net receipts are sufficient to pay for the uniforms purchased by the teams. Then too those participating in the games are much better physically for having had the exercise.

The tournament developed first class specialists out of players that were at first deemed but average players when the series was inaugurated.

Will Crowe who had no previous experience as a pitcher was forced by the loss of good humor. Among the most interesting was the "Line Killy Club," rendered by Hank Goodman, in which he introduced a taking reference to the delay in starting the new high school, and to the presidential question of paving Merritt and Wash streets, as well as the six story bank building.

Mr. Al Newton, club expert and hoop roller, succeeded in doing the seemingly impossible, and winning frequent applause as he performed an exceedingly difficult feat with remarkable ease. One of the especially captivating features of the entertainment was the American dancing novelty trio, who alone and unsupported by any other excellent members of the company, would have been well worth seeing. The vocal and musical numbers were fine, and the company, on the whole, was one of the best ever appearing in this class of entertainment in the city—Oskoh Times.

At Star Opera house on Saturday, March 29th.

DON'T TRIFLE WITH HARMFUL DRUGS.

TAKE NATURE'S OWN MEDICINE. Nature provides a cure for everything if we know where to look for it, and SMITH'S GREEN MOUNTAIN RENOVATOR is a medicine of her own making.

Among the roots and herbs which grow in old Vermont there are some which have been tried by experiment and experience to be the best, quickest and safest cures for liver troubles, malaria, rheumatism, scrofula and all ailments of the liver, kidneys and stomach—that is to say, more than ninety per cent. of all known diseases.

These roots and herbs are compounded in Smith's Green Mountain Renovator and offered to you as the best medicine which can be made. As a matter of fact, it isn't made at all—it is simply compounded skillfully and scientifically.

Any dealer in medicines will tell you that New England, and particularly the State of Vermont, is one of the hardest places in the world to establish a business. The people up in that section of the country are very careful what they buy, decline to buy new things and never make two purchases of an unsatisfactory article.

This has been the case for more than twenty-five years, and this remarkable medicine has grown stronger and stronger in popularity as the years go by, although, until its present owners got hold of it, it has been advertised only by word of mouth.

This proves better than pages of argument that here we have a medicine that meets every possible requirement and is really good and reliable.

You ought to use it for yourself and your family. We are glad to be in a position to offer it to you and to recommend it.

When the unmistakable signs that your blood is out of order appear, take Smith's Green Mountain Renovator at once. The bad complexion, the dull eye, the lack of strength and endurance, the loss of vigor, all tell the story of impure blood.

It is the first and foremost duty that you owe to yourself and your family to see that this medicine is kept well, and you ought further to see that no harmful, dangerous drugs are used.

LOST FOUR GAMES.

Continued from First Page.

That more runs were in sight if necessary. The game was witnessed by a large crowd, and of course it gave great satisfaction. The Manistiguie boys leave this morning for the copper country, and will return here in a week to play with the Marquette this evening. The victors constitute a splendid class of young men and do honor to the game and their town. They made many friends last evening by their gentlemanly actions.—Mining Journal.

The following score furnished us by Manager W. F. Crowe tells the story in detail:

Innings	1	2	3	4	5	6	7	8	9	10	11	12
Manistiguie	0	0	0	0	0	0	0	0	0	0	0	0
Marquette	0	0	0	0	0	0	0	0	0	0	0	0

The result of the game between the Culmet and Manistiguie teams at Culmet on Tuesday was a score of Culmet, 12; Manistiguie, 11; after a hotly contested game.

The Houghton-Manistiguie game on Wednesday evening was a hotly contested one, the score being one to one in the seventh inning, but in the next two innings the Houghton team scored five runs and the Manistiguie boys became unable to hit Murphy safely, the game resulted in a score of Houghton, 6; Manistiguie, 1.

A round trip rate of \$1.50, Manistiguie to Houghton and return, effective Wednesday morning, the following Manistiguie people started for the copper town to root for the local ball team, in its contest with the Houghton Light Infantry team: W. N. Lyons, W. A. LeDuc, Thomas Carey, John Costello, Jr., Joseph Miller, Fred Demer, Ole Johnson, Leo Johnson, Martin O'Hara, E. A. Lightfoot, Harry Cooney, Oren Quirk, Max Philipp, Nels Olsen, Harry Tucker, Dr. Sattler, O. P. Reed, A. B. Nelding, Geo. E. Holsten, E. Shier, and two or three others whose names we did not learn.

ROSS ESTATE WINS.

Judge Stone Affirms Order Authorizing the Sale of Lands.

Judge Stone, in the recent court, has handed down a decision in the well known case of Frank Ross vs. the Ross estate in which he finds in favor of the administrator. The litigation involved the right to sell certain property holdings of the estate in order to satisfy a judgment of \$100,000 in favor of Thomas Sullivan, executor of a timber deal. The probate court some time ago issued an order authorizing the administrator to sell the lands, and from the Frank Ross, as one of the heirs to the estate, appealed. The circuit court has now affirmed the authorization granted by Judge Kelsey and has assessed the costs of the suit against the plaintiff.—Mining Journal.

More Gab Than Sense.

A base ball crank with more gab than sense was responsible for the following item in the Mining Journal of last Friday. The game referred to was a practice game in which the city team divided its players with a scrub team. The item referred to follows: "It need not be surprising news to the ball players here to learn that the 'undefeated' Manistiguie team bears the distinction no longer. In a game at Manistiguie last Thursday evening, The Mining Journal was advised yesterday, the city nine went down in defeat before the 'White Stockings' by the score of 12 to 14. The victorious aggregation is a new team, picked from other Manistiguie clubs and is said to be extremely fast, as the result of Tuesday night's match would go to show. It is out for the championship itself, and is ready to hear from the Marquette and the copper country teams. The 'White Stockings' will never leave town unless they walk."

Join the Association.

The tug captains and engineers of this city joined, and were initiated on Tuesday into Escanaba Lodge No. 15, Lake Tug Men's Protective Association. The following are the members from this city: Captains—John McWilliams, John Gonyer, Levi Garrett, Dan McCauley, R. D. Johnson, Lawrence Egeenau and Ernest Carington. Engineers—William Hamer, Eph McCullough, Charles Tronheim and Lyle Norton.

CELEBRATED
THE CURE
NATURE'S CURE
Headache for Forty Years.
For forty years I suffered with a severe headache, which was cured by the use of this medicine. It is a great relief to all who suffer from this ailment. The cure is simple and effective. It is a true blessing to all who have tried it. The cure is a true blessing to all who have tried it. The cure is a true blessing to all who have tried it.

VEGETABLES AS RELATED TO INDUSTRIAL DEVELOPMENT.

Possibilities and Opportunities in the Upper Peninsula.

I am aware of the difficulty in convincing a great many farmers as to the opportunities which are afforded to them by farming in the upper peninsula. These farmers are mostly those who, while more or less busy with lumbering and perhaps mining, became farmers by accident after having watched the success of professional farmers and seeing every one except themselves get rich and prosper on their lands. In very few sections have these farmers even yet been able to satisfy themselves if they would devote to farming alone their whole energy of brain and muscle, they would succeed as well as those by whom they allowed themselves to be distracted.

By farming a little and lumbering a little they have managed to make both ends meet, but by devoting themselves to one or the other they would be able to prosper. It is a fact that in the neighborhood of their farms they find it easier to complain than to reform. Though their crops diminish year by year, they will refuse to believe that this is the inevitable result of considering a farm as a mine rather than a factory. Finding their labor more and more they will soon arrive at a point where they will become easy victims of land speculators. To this I am entitled as the only one who realizes that the upper peninsula is liable to become a profitable field from which a good crop of discontented farmers may be induced to resort to distant farming regions where skilled wealthier farmers in established lands, illustrated pamphlet and selective advertisements.

Everywhere I find the east iron literature of the average newspaper containing advertising offers of land to be had for a song (or still cheaper) in regions extending all the way from the balmy swam Florida to the so-called temperate zones within gunshot of the arctic circle. Every one who has seen the advertisements of the upper peninsula is liable to be misled to believe that the land is so cheap that it is worth the trouble of going to the upper peninsula to see it. It is a fact that the land is so cheap that it is worth the trouble of going to the upper peninsula to see it. It is a fact that the land is so cheap that it is worth the trouble of going to the upper peninsula to see it.

REPUBLICAN WAR CAUCUSES.

The Republican electors of the First Ward will meet in caucus in the W. L. O'Sullivan shop.

Friday Evening, March 21st, 1902.

One Alderman for two years.

One Supervisor.

One Constable.

For the election of three (3) delegates to attend the Republican City Convention, yet to be called; also, for the transaction of such other business as shall properly be brought before said caucus.

N. W. Fox.

R. E. DUNNELL.

C. E. KESLO.

Committee.

THIRD WARD.

The Republican electors of the Third Ward will meet in caucus in the room in the city building, adjoining the council room.

Friday Evening, March 21st, 1902.

One Alderman for two years.

One Supervisor.

One Constable.

For the election of five (5) delegates to attend the Republican City Convention, yet to be called; also, for the transaction of such other business as shall properly be brought before said caucus.

N. W. Fox.

R. E. DUNNELL.

C. E. KESLO.

Committee.

FOURTH WARD.

The Republican electors of the Fourth Ward will meet in caucus at Miller's barn, opposite the Legion house.

Friday Evening, March 21st, 1902.

One Alderman for two years.

One Supervisor.

One Constable.

For the election of three (3) delegates to attend the Republican City Convention, yet to be called; also, for the transaction of such other business as shall properly be brought before said caucus.

GOOD ADVICE.

The most miserable being in the world are those suffering from dyspepsia and liver complaint. More than seventy-five per cent. of the people in the United States are afflicted with these two diseases and their effects such as sour stomach, acid heart, indigestion, flatulence, palpitation of the heart, heart-brain, water-brash, gnawing and burning pains at the pit of the stomach, yellow skin, coated tongue and disagreeable taste in the mouth, constipation of the bowels, loss of spirits, etc. Go to your druggist, and get a bottle of August Plover for 75 cents. To do so will relieve you. Try it. Get Green's Price Almanac.

Souvenir Spoons and Playing Cards.

Issued by the Soo Line are etched as well as attractive spoons are dainty and artistic and cards are of a high order both in design and finish. Our spoons will supply cards at 15 cents per pack. For spoons, 25 cents each, 50 cents for set of three spoons, and express or money order to W. R. Callaway, G. P. A., Minneapolis, Apr. 18.

EDITORIAL COMMENT.

E. W. Kibby one of the founders of the Soo Journal, has accepted a position with the Daily News-Record. The Journal made a mistake when it crowded Kibby out.

Mr. A. McEachern of Gould City, who farms on a large scale, has been on a large scale, arrived in this city on Monday evening and entertained to the Cadillac for entertainment. Mr. McEachern has been named as a man of the right sort to represent this district in the State Legislature, and should the honor come to him and to Mackinac county there is no person whom Rep. News could more heartily support. St. Ignace Republican.

INFORMATION FOR PRINTERS OF BALLOTS.

Law Provides Each Must be Perforated and Numbered.

It will doubtless be news to a large number of citizens of Michigan that the last legislature provided for an important amendment to the election law which will become operative this spring for the first time. The law now provides that after the election ballots are printed each ballot shall be perforated on the right and upper corner and that each ballot shall be numbered upon this corner. When the voter receives a ballot the number of the ballot is taken by the election inspector, and when the voter emerges from the booth, after having prepared his ballot and after it has been placed in the box the inspector is required to tear off the perforated corner. The object of the law is to prevent the use of ballots outside the booths. It has been found that frauds have been practiced in some of the larger cities by procuring a ballot and after using it to give it to a voter, who will pass through the booth, and give the prepared ballot to the inspector, retaining the blank ballot received and offering it as evidence of having voted at the polls. This operation has been known to have been repeated many times during the day at numerous polling places in the state.

FL. Church Notes.

The theme on Sunday morning will be, "The Theless Volume." In the evening the pastor will speak on "The Man of Galilee." Sunday School at seven. Epworth service at 6:30 p. m., led by East Wm.

STATE TREASURER.

God Sent This Office Should be Conceded to the Upper Peninsula. When asked in Detroit last week who was likely to be the Upper Peninsula candidate for lieutenant governor, Smith said: "Maybe the upper peninsula won't have any candidate. The office of lieutenant governor does not amount to much anyway. If I had my way there would be no upper peninsula candidate for that office, which is only important once in six years when the state board of equalization meets. If the republican party would give the upper peninsula the office of state treasurer instead of lieutenant governor, there would be some indication for to put forward candidates."

Prompt Returns.

John E. Fremont, secretary of the White Pine Club, Woodmen of the World, received a check for \$1000.00, Monday, which was drawn in favor of Mrs. Archie McLaughlin. This order pays its death claims very promptly and in fact there is not but if any others that offer the man of moderate means better insurance for the money.

Whiteline Notes.

Mr. Louis Tule is in town. Mr. Harrington of Gould City was a caller here this week. Mrs. N. L. Neveaux has gone to Manistiguie for a few days. John Rogers is erecting a new residence on a corner of his lot. Mrs. Fred Baker and Hilda Myrtle are visiting friends at Gould City. Miss May Stewart spent a day with friends here before returning to Manistiguie last week. Mrs. Albert Neveaux of Lewis spent a week with the family of N. L. Neveaux at St. Ignace. Mr. Stephen is clerking in the company's store in the city of Wis. who has returned to his home in Manistiguie. Mr. and Leo Bork and Wm. Lyman went to Gould City Monday. Mr. and Mrs. Dock attended the Lady Maccocks with their St. Patrick's Day concert, Monday evening.

Strikes A Rich Find.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H. "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have cured me. I feel like a new man and am able to do my work as usual. I have recommended them to all my friends and they have all benefited. I have a bottle of Electric Bitters in my medicine chest. I have a bottle of Electric Bitters in my medicine chest. I have a bottle of Electric Bitters in my medicine chest."

Whiteline Notes.
