

The Manistique Pioneer-Tribune.

VOL. 23, NO. 2096 NEW SERIES, 608

MANISTIQUE, MICHIGAN, FRIDAY, MAY 16, 1902.

\$1.50 PER YEAR.

STEADY GROWTH.

Manistique Has Never Experienced a Boom and its Depressing After Effects.

DESTINED TO BE A GREAT CITY

For Capital is being attracted by its Central National and Export Advantages.

In one respect at least Manistique is unlike any other city in the peninsula. It has never experienced a boom and its inevitable and demoralizing reaction. Instead, its growth has been steady and always upward. A community so constructed is on a sure foundation.

Twenty-five years ago Manistique was a little hamlet, and the oldest inhabitants can remember the time when there were but few buildings in the town. The fact that it has less than 5000 inhabitants today is mute testimony of the solidity of its growth. Nine years ago there was not a brick building in the city. Today the city can boast of towns of handsome brick and brownstone buildings, all occupied too. Had the town been the victim of a boom there would be vacant buildings now.

The city thus far has been dependent upon the lumbering industry for existence and as that industry will in a few years, be only a reminiscence local capital is sensibly casting about for industries that will insure the future of the city. Now that they are succeeding is known to all.

The Federal Leather Co., which has commenced the erection of an immense plant, this week is taking a fore-runner of other industries equally extensive. The company in question, after thoroughly canvassing their localities decided in favor of Manistique, and it is needless to add that there will profit by the decision of the bright business men that comprise the company.

Berry Bros. of Detroit, who control the furnace and the Barrell Chemical Co. like Manistique so well that they have insured the permanency of their industries here by recent purchases of hardwood woods.

The White Marble Lime Co. owns sufficient lime stone of a superior quality to supply an unlimited trade, and is doing an increasing business every year.

The industries above mentioned are not dependent upon pine, and before

the last pine log passes into the mill, it is safe to predict that with the plants already secured, and those that will seek a location here, the final closing of the mills will not be severely felt in local business circles.

The continual exploitation of Manistique's natural and acquired facilities have borne fruit. A few years ago the fact that Manistique possessed an excellent harbor was harped upon and as a result, two great trunk lines have made the city the terminus for their railway lines. These new railroads add to Manistique's importance as a shipping point, and transportation facilities attract industries more prolifically than anything else. They tap the river which flows through the city can furnish plenty of water power for several additional enterprises.

Cities possessing fewer attractions are capital than Manistique, have been doomed much to their future detriment. The one that hold the destiny of our city in their hands have been conservative and the developments prove that Manistique is a better city commercially for that reason.

Will Locate on This Side of the River.

The Federal Leather Co. has decided to erect its mammoth plant on this side of the river, east of the Barrell Chemical plant. The fact that it would have been very costly to secure proper foundation for the heavy machinery used in the plant in "the Forty" is the reason why the company decided in favor of the new location where the bed rock lies near the surface.

The 800 line will be compelled to station a switch engine here when the new plant goes into operation for the present switching at this point is almost sufficient to demand the services of an engine and crew.

A Social Will be Given at Macintosh Hall next Tuesday evening under the auspices of the ladies and Sir Knights, for the benefit of Dan Ward and Hans Torgeren.

A program consisting of vocal and instrumental music, and addresses will be presented. The Swedish Cantata has also promised to furnish several numbers. For refreshments, hot biscuits and maple syrup and lemonade will be served. After the rendition of the program those desiring will dance. Admission 25 cents. Children 15 cents.

WAX-WORKS SHOW

To be Given by the St. Cecilia Choir of the Presbyterian Church.

Mrs. Jarley's Wax-Works show will be given at the Star opera house, Wednesday evening, May 28th, under the auspices of the St. Cecilia Choir of the Presbyterian church. The following are the pieces to be presented by Mrs. Jarley that evening:

THE WARRIORS OF BROTHER BOND'S CHARACTERS
Mother Inse.
Father Inse.
Mother Inse.
Father Inse.
The woman with rings on her fingers.
THE WARRIORS OF BROTHER BOND'S CHARACTERS
The Vocalist.
Carrie Naim.

THE KATZESAMMER BAND.

Prof. H. H. Katzsammer, Conductor
Herz Franz Schöner.
Prof. Louis Wimmer.
Prof. W. F. Schöner.
Herz Carl Schöner.
Prof. H. H. Katzsammer.

Autopsy Confirms Testimony.

Doctors Kaine and Sattler performed an autopsy, on Saturday last, on the body of the infant found buried on the forty, mention of which was made last week. The results seemed to confirm the theory that the child was born alive.

Has Broken Ground for Site.

The Federal Tannery Company broke ground on their tannery plant yesterday morning. Work will be pushed with vigor, and all the men employed that can be used to advantage. The site chosen is east for the chemical works near the Orr Bros. Co. slaughter house.

ANOTHER BODY FOUND

Mr. Creighton, Residing on the West Side Found the Body of a Child in His Yard.

A CASE FOR THE CORONER.

Who buried it is More Conjecture as Yet, Although There is a Clue.

Mr. Creighton an employe at the C. I. Co's mill, who recently moved into a house on the "Westside" recently found the badly decomposed body of an infant on his lot while engaged in spading ground for a garden spot.

The matter has been referred to the coroner and an inquiry as to the parentage of the child and who buried it will undoubtedly be made. There is a clue which may reveal the party. This is the account reported from "the Forty" within a week.

Fire at Thompson's.

The dwelling house of Thomas Bryant at Thompson was discovered to be on fire about eleven o'clock Tuesday, supposed to have caught from a spark from the chimney. The contents were quickly removed from the building without serious damage. Two streams of water from the fire pump located in the saw mill, soon got the flames under control, without great damage to the building other than the roof, but for a short time after the flames were put out looked across for adjacent buildings. Mr. and Mrs. Bryant have been in California during the winter, and were expected home this week.

The Jubilee Singers.

The Tennessee Jubilee singers will give a concert at the M. E. church next Monday evening, May 19th. Those purchasing tickets will be assured of a first-class musical entertainment.

Speaking of this company the Pittsburg Dispatch says:

"The concert given last night by the Tennessee Jubilee Singers at Carnegie Music Hall, Allegheny, was the best attended musical concert given thus far in the Brookway course this season. The 15 interesting numbers of the program were rendered by the best company of colored artists that has ever appeared here. Shortly after 9 o'clock every seat in the hall was occupied and before the performance began many tickets for standing room were sold.

TRAIN 87 WRECKED.

Conductor Meagher and Two Passengers Heavily Injured.

Train 87 met with a head end collision at Pombine last evening. The engine ran past a signal and crashed into an engine on the main line. The engineer, Conductor Meagher, and two passengers were injured. Meagher's shoulder was dislocated and he received severe bruises about the head which rendered him unconscious.

Carries It in His Vest Pocket.

Although Patsy McManara has only affiliated with the Republican party since last winter he is willing to wager \$1000 to \$500 that he carries the Schoolcraft county vote in his vest pocket and that he would deliver the goods for Sheldon. He made the boast to the chairman of the Republican county central committee yesterday.

Stranger Than Fiction.

There is a strange coincidence between the death of Mrs. Edwards and that of her sister, which occurred some years ago. The two sisters married brothers; they both died at the same age, and of the same ailment, and in the same week of the same month of the same year after marriage; both leaving the same number of children.

Leaves in July.

Rev. Branch will close his pastoral here on July 1st and as he has been granted a vacation during June he will cease preaching on May 25th. He is undecided as to where he will locate but in any event will make Manistique his home until autumn. He will devote the summer in writing insurance for the New York Mutual Life Ins. Co. Mr. and Mrs. Branch have many friends that wish them success wherever they may locate.

The Wash Goods.

For a long time winter hung its lengthening pall upon hoping hearts, and now May is only thirty days into the sunshine. At such a time what better theme than wash goods. They deserve the honors of the day. Our stock is at its zenith; it is not deficient in richness, variety or economy. We gathered on the most comprehensive plan; secured the best of every good kind and are regularly underselling the closest competition.

BREMENERS BROS.

Your Chance for Success

IN PASTRY COOKING IS GREATLY INCREASED BY USING MRS. VAN DUZEN'S COOKING TINS

It is a new thing in Tinware and gives universal satisfaction. We also handle all kinds and descriptions of Kitchen Utensils, Cakes and Sewing Cutters, Egg Beaters, Jelly Moulds, Universal Food Choppers, Potato Mashers, Tinbale Trays, Etc., Etc.

C. L. CO. HARDWARE,

A. M. LeRoy, Manager.

AMONG THE UNIONS.

Outsiders Seek the Union Label, Their Trade Demands It.

The label is constantly coming into greater demand, manufacturers as well as dealers appreciating the fact that union goods are more sought than formerly. W. A. LeRoy, a Manistique cigar manufacturer, was in the city Sunday, and while here presented the right to use the label by becoming identified with the Cigar Makers' International Union of America.

Mammoth Cave.

The third number of the Methodist lecture course will be given Friday eve, May 23rd. It will be "The Mammoth Cave," by Rev. F. L. Osborne. The subject will be illustrated by maps, curios and stereopticon views. Do not miss this.

The Maccafee will give a benefit social at their hall next Tuesday evening, May 27th. The proceeds to be given to members now in. Admission 25 cents.

Capt. C. J. Fox and family of Detroit, will arrive in the city next Tuesday for an extended stay. They will occupy N. W. Fox's home, while here.

CONFIDENCE IN THE LEGION.

District Organizer Connors Inspired It at Meeting Yesterday. Dr. Connors of St. Ignace, district organizer of the National Protective Legion, was in the city yesterday afternoon and at a well attended meeting of the Red Cross legion she gave an interesting and instructive talk to the members. Incidentally, she touched on the recent ruling of the state insurance commissioner in refusing to renew the license of the order, and her remarks on this point inspired much confidence among her auditors. Mrs. Connors pointed out that the only effect of the decision was to interfere with new work and that in no way did it involve the present members. The speaker also was confident that the ruling of the commissioner would be over-ruled, and that a renewal of the license would soon be granted. Were there any fears among the Legion members here they were dissipated by Mrs. Connors—Mining Journal.

The Steamer Weston and low arrived Monday evening and took on cargo of lumber for Chicago. The Stewart had a load of coal for the C. L. Co.

Every volunteer is expected to be present.</p> <p>A hundred or more bargains in pianos are being offered by Grinnell Bros. of Detroit. Mrs. Babcock, the firm's representative would be pleased to send you a list of the bargains and assist you in making a selection. The list in question has been published in the Detroit newspapers recently and includes pianos at all prices.</p> <p>The Board of Review of Hiawatha township will meet at the home of the supervisor in that township on Monday, May 20th, 1902, at 10 o'clock in the forenoon and continue in session during that day and the following day at least six hours each day. All parties interested should give their names accordingly.</p> <p>A. C. Bookway, Supervisor.</p> <p>Supervisor A. D. Day of Engadin was in the city attending the annual tax sales. He bid in description after description of the N. Holland lands in Garfield township for a Mr. Bayless of Minneapolis, who had bought them of Frank Blake. The Holland, who cut the pine on these lands, operated a sawmill at Nauswauy. When the pine was gone they abandoned the lands, subsequently offering them for sale at a ridiculous price per acre, and Mr. Blake bought them. He has lately sold the tract to Mr. Bayless, and Mr. Day came down to pay the delinquent taxes which aggregated a pretty large sum, some \$3,000—St. Ignace Republican.</p> <p>Big fees from little acorns grow, is a phrase that is as old as the hills. Two years ago this spring Rose Bros. started business in Coon's old store building. The growth step by step from that building to the large brick block now occupied by them, it is something that most of Manistique's present inhabitants are familiar with the secret of their success lies in their business system, the chief of which is "not how cheap; but how good." To sell the best merchandise at the lowest prices has brought Rose Bros. these customers they now enjoy. To celebrate the tenth anniversary of the beginning of Rose Bros. store they will inaugurate a 15 days special sale in all departments. Read their large circular and advertisement in this paper, it will certainly pay you.</p>	<p>FREEMAN FOUR YEARS.</p> <p>Menominee Man Sentenced Monday by Judge Stone for Forgery.</p> <p>(Marquette Eagle)</p> <p>A. V. Freeman, who was found guilty of forgery in circuit court at Menominee, was brought before Judge Stone Monday for sentence. Judge Stone gave him four years in prison at Marquette as the penalty for his crime. His attorney, Richard Flanagan, withdrew the plea of not guilty on the charge of embezzlement and on the charge of contempt of court. On this charge Judge Stone suspended sentence. It is believed that if Freeman's stay at Marquette is characterized by good behavior that he will not be sentenced on the last plea. The general opinion in Menominee is that he got off lightly as a heavier sentence was expected. The maximum is fourteen years. Freeman took his sentence stoically and had nothing to say regarding it.</p> <p>Met, Loved and Married in a Single Day.</p> <p>On Saturday, May 30, Rev. S. Benson, as the Presbyterian paragon, visited Mr. Andrew J. Wirtz of Manistique and Miss Hattie A. McGee of Pt. Berlin, New Hampshire, in holy matrimony. The bridegroom looked upon the commencement of Miss McGee at 10 o'clock on Saturday morning for the first time, she having journeyed westward from the Green Mountain State to meet him there. They had been in correspondence for some time. Each saw in the other the realization of their fondest anticipations, and they at once obeyed the dictates of their hearts and accepted each other's companionship for life. Mr. Benson has solemnized many marriages, but recalls none in which Cupid's work was done so swiftly as in this instance. The marriage license was issued by Clerk Isaac Corp—St. Ignace Republican.</p> <p>Fl. E. Church Notes.</p> <p>On Sunday morning the theme will be "The Three-Strain Man". In the evening will occur the last number of the Fligra's Progress, Christian passing from the West Mountain to the Central City. Do not miss this. "Abide with Me," and "Rock of Ages" will be sung and illustrated as special numbers. A lively offering will be presented at the Sunday School at 10 o'clock. Epworth Service at 8:30 led by Mrs. Fannie W. Osborne.</p> <p>Teachers Wanted.</p> <p>The board of Hiawatha township will receive applications for teachers at this date until May 25th, 1902. Leave applications with FRED GRAMM, Clerk, Manistique, Mich.</p>	<p>A BURGLAR'S QUEER DOINGS.</p> <p>Entered Residence of W. H. Hill Through Basement Window—Hill Nothing.</p> <p>It is thought that someone entered the residence of W. H. Hill on Tuesday morning of the neighbors noticed that one of the panes in the basement window had been taken out, and upon examining it closer, the glass was found to have been removed cleanly. All the little particles having been picked out as though the burglar had taken great pains to avoid injury to himself in crawling through.</p> <p>Mrs. Wright of Marinette, Mrs. Hill's daughter, was awakened, too, as Mr. Hill and family are now in California, and came over in the afternoon to make an investigation. Although the storm house door was locked, the front of the house was wide open as though it had been opened from the inside. The glass which had been taken out of the window was found lying in broken pieces on the cellar floor. As far as could be seen nothing had been disturbed in the house and the motive of the person entering is a mystery—Menominee Democrat.</p> <p>Sciatic Rheumatism Cured After Fourteen Years of Suffering.</p> <p>"I have been afflicted with sciatic rheumatism for fourteen years," says Josh Edgar, of Germantown, Cal. "I was able to be around, but constantly suffered. I tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did and immediately relieved and in a short time cured, and I am happy to say it has not since returned." Why not try this liniment and get well? It is for sale by A. S. Putnam & Co.</p> <p>To the Public:</p> <p>My wife, Agnes Bellant, having left my bed and board, I will not be responsible for any bills that she may incur from and after this date.</p> <p>LOUIS BELLEANT Thompson, Mich., May 9, 1902</p> <p>Alone in Mid-Ocean.</p> <p>Or on the train, or in the house or, while at your office duties, you are subject to disagreeable results from irregular or excessive diet. Dr. Caldwell's Syrup Pepsin cures positively constipation, indigestion, acid, headache and stomach troubles. Sold by A. S. Putnam & Co.</p> <p>Union Memorial Services.</p> <p>Union memorial services will be held at the Methodist church Sunday evening, May 26th and Rev. Osborne will deliver the sermon. All veterans and allied societies will attend in a body and all members are urged to attend.</p>

Geo. E. HOLBEIN, Editor and Manager.

FRIDAY, MAY 10, 1902.

EDITORIAL COMMENT.

Hon. C. A. Wright of Houghton county, has entered the lists of congressional aspirants.

A man who is not in the business says that he can make money manufacturing automobiles at \$250 each.

One has truthfully said: How much charity there is for a disparted leader, and how little for an industrious, sober, useful man.

A boy was asked, "What is a lie?" He gave this answer: "A lie is an abomination unto the Lord, and an ever present help in time of need."

"When we hear a man expounding, we always tell him about it," said a gentleman this week, "for we are so tired of hearing foolish, untruthful remarks."

An up-to-date justice of the peace has offered to the police justice work of Manistique under contract and turn all fees over to the city.—St. Ignace Enterprise.

The twenty-eighth annual meeting of the Michigan Pioneer and Historical society will be held in Lansing on Tuesday, Wednesday and Thursday, June 3, 4, and 5th, 1902.

The Manistique Pioneer-Tribune this week marked its twenty-second birthday. Editor Holbein publishes an excellent paper, and deserves the hearty support the people of his city have given it.—Soo Times.

The postoffice receipts of Grand Rapids increased first \$7,000 during April as compared to the previous month. It pays to have a gubernatorial candidate in a city. The figures from Fruit Ridge have not been made public.

New candidates for the second place on the Republican state ticket continue to be considered by the upper peninsula papers. Some of these appear to take it for granted that we must have that place on the ticket whether we have just the right man for it or not, less if we let it get away from us we lose something. The Mining Journal is not of that mind. At best it is no great advantage to us to have the lieutenant governor, and none whatever unless we can place in the office a man of more than ordinary tact and ability. Why not let that office go to the lower peninsula this time, just for a change? Some day we may want one of the state positions of more consequence to us than the lieutenant governorship, and it might be well to break the partially established precedent under which we have taken that as about all that we are entitled to ask for or receive. Thus, we have been twice given the attorney generalship, but we got that through an unusual turn in politics, and we hear no talk of having the party continue to let it come our way. If the lower peninsula has a good candidate for the second place on the ticket this year let it go there. We have had enough of empty boxes.—Mining Journal.

BRINGS OUT MR. HANDY.

The Grand Rapids Evening Press announces that Hon. S. T. Handy, formerly of this country but now of the Soo, is a candidate for lieutenant governor. In its issue of last Friday the Press prints the announcement, with a cut of Mr. Handy and says that while no formal announcement has yet been made, there is likely to be a strong movement through the upper country on his behalf.

Mr. Handy is as much surprised at the announcement as anyone. He said to the Soo News-Record last Sunday night he had no knowledge of the article and had not authorized any person to launch his boom, for the reason that there was no one to launch. "I have never given the matter any thought," said Mr. Handy, "and shall certainly not be a candidate as long as Mr. Chandler stays in the race."

WAR ON THE TRUSTS.
(From Wisconsin.)

The attorney general of the United States has filed his request for an order to restrain the beef trust from further operations under its alleged illegal agreements, charging that the members of the trust conspire to refrain from bidding against each other, and thus compel stock owners to sell for a less price than they would receive if a combination existed; that they conspire to bid up the price of stock for a few days at a time to lure large consignments and consequently depress rates; that they conspire to raise, lower or fix the price of fresh meats to dealers and consumers throughout the country and abroad; that they periodically hold meetings and agree upon prices not to be deviated from; that they restrain the volume of shipments in order to manipulate markets; that they impose penalties upon each other for violations of agreement; that they have a uniform rule of credits; that they maintain a black list of delinquents and refuse to sell to dealers whose names are so listed; that they impose uniform charges for carriage on dealers and consumers, whereas without a combination and conspiracy no carriage charges whatever would be made; that they receive by means of rebates, unlawful rates from railroads that are denied to competitors. The call for a restraining order is supplemented by a request that the trust be ordered to produce books, papers and documents relative to its dealings.

In the meat trust inquiry at Jeffersonville, Missouri, evidence was elicited which substantiates the above charges, and there will probably be little difficulty in securing similar evidence in Chicago. A St. Louis dealer swore that the big packers intimidate stock raisers by telling them that if they sell to packers or dealers outside of the combine the trust will make no further purchases from them; that the members of the trust buy cattle on different days, so that each can practically fix his own prices; that they arrange prices weekly that must be adhered to under penalty by the retailers; in other words, that in buying and selling the combination of packers controls the markets absolutely.

The charges brought against the beef trust by the attorney general are strong and to the point. If evidence can be secured to properly support them the packers will have to pay penalties for their violation of the anti-trust law, and dissolve their heartless and rapacious association. In that event, the government will have its hands clean, for work in the same line elsewhere. The anthracite coal trust is preparing for a remorseless pinch of consumers during the winter of 1902-1903. Furnace and stove sizes are now selling for \$7-10 a ton, carried into the bins of Milwaukee consumers, and it is stated that the price will be put up arbitrarily 10 cents each month, until it reaches \$7-50 on the curb, or \$7-75 carried into the bins. Pea coal, which once sold as refuse, now commands \$5-15 per ton—that is, the coal trust commands the consumers to pay that amount for the small-sized fuel. It is said that evidence secured by the Interstate Commerce Commission shows that the anthracite coal roads, which own the mines, make a division of prices at terminals that allow an excessive rate for freight and thus depress the amount figured as the value of the coal at the mouths of the pits; that the freight charge on anthracite coal is four times that charged on bituminous coal; that the railroads bought up large areas of coal land after depressing the price by charging excessive freight rates; that the selling price and output are fixed by agreement; that the railroads allot production among themselves; and that mines owned by the roads are permitted to run longer than the mines owned by independent companies. These charges are as strong as the allegations against the beef trust, and there can be no excuse for inaction on the part of the government after its attack on the former combination.

No Loss of Time.

I have sold Chamberlain's Colic, Cholera and Diarrhoea Remedy for years, and would rather be out of coffee and sugar than it. I sold five bottles of it yesterday. It does not do up no farther, and they are at work again this morning.—H. R. PLYMOUTH, Plymouth, Oklahoma. As will be seen by the above the remedy was able to keep up with their work without losing a minute. You should keep a bottle of this remedy in your home. For sale by A. S. Putnam & Co.

MR. YOUNG FINDS ENCOURAGEMENT.
(See Journal.)

Each week brings something cheering to the friends of Hon. H. O. Young, who are anxious to see him nominated for the position of congressman from this district, says the Shipping Iron Ore. There are many who are working for his success in the heartiest manner, and in a way that will bring good results. There is no fighting waged against Mr. Sheldon, the campaign being clean and honorable. He is looked upon as the right man for so important an office and his friends also desire to pay him deserved recognition for the hard work he has rendered his party in many campaigns. His voice and money and influence have always been heard in the party's interest, and he would make an excellent representative for the whole of the tenth district. A report has been started that Mr. Young may have trouble securing the delegation from his own county. That is nonsense. Marquette county is overwhelmingly for Mr. Young. Of course the postmasters who are under obligations to the present congressman are in duty bound to do what they can for the gentleman who favored them. They would be ungrateful to take any other position, but they cannot and do not hope to succeed against the army of Young workers in the county, and any claims that they stand a chance of winning are ridiculous. Mr. Sheldon should not expect the county in the face of such odds as are presented by letting them save their money and time, both of which will be wasted in any effort to defeat the choice of the people.

THEY SHOULD BE PAID.

The county board of supervisors at its recent session paid the members of the building committee fair compensation for the work done during the construction of the court house, and will pay each new member of the committee \$2 per day for actual time spent in overseeing the work yet to be completed. While there is no law making said expenditure legal, yet very few will take exceptions to the action of the board for the members of said committee certainly earn their money and deserve recompense. In this connection we might state that many public officials are expected to devote much time and talent without expense to the taxpayers, in their efforts to intelligently administer the affairs of their official positions. This is not as it should be. Of course there is honor in being mayor or alderman of a municipality, but these officials, especially the mayor, are expected to devote days and weeks of their time in conducting public affairs and looking after the expenditure of large sums of money and receive salaries that will not pay for the shoes they wear out in looking after the interests of their constituents. The public should pay for time and talent expended for its use as cheerfully and liberally as business enterprises do. Mayor Crane, for instance, devotes at least \$500 in time in looking after the welfare of the city, and receives \$50.

THE COAL STRIKE.

The strike of the anthracite coal miners which is now on, involves 140,000 miners and probably 500,000 indirectly in the persons of wives and children. The demands of the miners are these:

A nine hour day for the current year and eight hours for subsequent years.

That hereafter coal shall be measured not by weight but by weight. That the miners union shall be recognized by the mine operators and the coal carrying companies.

The two of the propositions, to say the least, are very fair, and it is hoped that the strike, which if prolonged, may involve vast interests and imperil the prosperous condition of things, may be speedily settled.

Like a Drowning Man.

"Five years ago a disease the doctors called dyspepsia took such hold of me that I could scarcely go," writes Geo. S. Marsh, well-known attorney of Nocona, Tex. "I took quantities of pills and other medicines but nothing helped me. As a drowning man grabs at a straw I grabbed at Kodol. I felt an improvement at once and after a few bottles an sound well." Kodol is the only preparation which exactly reproduces the natural digestive juices and consequently is the only one which digests any and all food, and cures every form of stomach trouble.

Frank Mullen sold his farm in Doyle township to Geo. Ghent for \$1200 cash.

RE-ELECTION OF CONGRESSMAN.
(See Journal.)

With congressional nominating conventions almost a daily occurrence just now, we read a great deal about the wisdom of the returning of congressmen to Washington term after term because of the increased prestige and influence that comes with long service on the floor of the house.

The wisdom of such a course cannot be denied, provided the man who seeks a renomination and election has made himself strong enough to profit by the advantage thus secured. To elect a weakling to represent a congressional district and then to continue to return him to Washington merely because he has made a few acquaintances and has learned the methods of procedure would be nothing less than assinine.

The policy of returning worthy representatives is well illustrated in the two states of Iowa and Maine, both of which have sent back the same delegation year after year, and Iowa and Maine although both are comparatively small states have wielded an influence upon national legislation altogether out of proportion to their size. But the men who are so regularly returned are worthy of the honor. They are men of marked ability and statesmanship. To such men experience only was needed to ripen them into leaders among their fellows.

To urge such an argument as a reason for returning a congressman who has failed to rise to even mere mediocrity is an insult to the intelligence of the average voter.

The proper policy to pursue is to elect a man to the office who gives promise of filling it acceptably. Should he fulfill these expectations he should be returned as many times as he may choose to go. On the other hand should he fail to rise to the opportunity the sooner he is retired and his place more fully filled the better for his constituency.

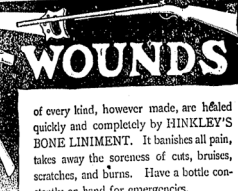

CANDIDATE FOR LIEUT.-GOV.

Hon. S. N. Dutcher of Newberry is being urged to enter the race for the lieutenant governorship, and if he is given sufficient encouragement may go before the next republican state convention as a candidate. The Enterprise is glad to hear of such a possibility. Mr. Dutcher being a gentleman whom all can honor and respect, and probably the most acceptable whom the republicans of the upper peninsula could put up. He enjoys the highest personal esteem of all who are privileged to know him.—St. Ignace Enterprise.

Nathan Hale.

The one particular distinguishing and highly commendable feature in connection with the production of "Nathan Hale" which will be the special attraction at the opera house May 29, and one which promises to be of unusual interest, is that of Howard Kyle who appears in the title role of Clyde Pitoh's revolutionary play, absolutely guarantees that he will bring with him every item of the elaborate scenic details which characterizes the original presentation in the East and that the cast will be "identically the same as has during the past two seasons so masterfully acted Mr. Kyle in" with him every item of the elaborate scenic details which characterizes the original presentation in the East and that the cast will be "identically the same as has during the past two seasons so masterfully acted Mr. Kyle in" with him every item of the elaborate scenic details which characterizes the original presentation in the East and that the cast will be "identically the same as has during the past two seasons so masterfully acted Mr. Kyle in".
