MANISTIQUE, MICHIGAN, FRIDAY, JUNE 27, 1902.

\$1.50 PER YEAR.

## THE CONVENTION.

A Very Harmonious Affair and Well Attended.

### BLISS AND YOUNG DELEGATES CHOSEN.

Twenty-four of the thirty regulars elected delegates presented their credentials and participated. Promptly at two o'clock, county chairman Benson called the Republican county convention to order and read the call, and appointed a committee on credentials consisting of Messrs. Norris, Orr and Bellare, and the report showed that the following delegates had their credentials and were present:

Hawatha A. C. Beckwith,  
Gerrit W. Mackley, and Amos Stauffer.  
Harrison—E. X. Orr, Chas. Bellare, Howard—J. E. Wright, Frank Carson, Seney—John I. Feltham,  
Thompson—H. B. Norris, Fred Miller, J. B. Plich,  
City of Manistique—  
First Ward—W. C. Bronson, M. J. Dufrost, Victor Martin and A. E. Hartwick,  
Second Ward—Geo. Miller, Jas. Duran and S. M. Coe,  
Third Ward—W. P. Crane, Otto Johnson, J. H. MacNaughton, L. S. Phlippen, and K. E. Johnson.  
Fourth Ward—Geo. E. Hallden, Chris. Dredahl and Henry Schuetter.

All but one delegate of the twenty-six in above list were present and participated in the regular Republican convention.

J. H. MacNaughton was chosen secretary and teller.

The officers of the convention were then sworn.

Motion prevailed that the delegates to the various conventions be elected by acclamation. The delegates elected were:

State—V. H. Hixon, Geo. E. Holbein and J. H. MacNaughton.  
Congressional—W. F. Crane, Elmer N. Orr, and Norman W. Fox.  
Senatorial—Ed. J. Olson, Fred Miller and J. E. Wright.  
Representative—H. D. Norris, John Bellare and V. C. Bronson.  
The convention thereupon adjourned.

The delegates proceeded to give an excursion to Potosky or Charlevoix about July 15th. Particulars later.

## THE CAUCUSES

Were Largely Attended and the Young Forces Won Decisive Victories.

A great deal of interest was manifested in the outcome of the Republican caucus held last Friday evening. The shades of color supplied by a lot of out-of-town men, especially they for a week prior to the caucus, and the Young Forces were not solely by any means other. Both claimed a check but the result proved that the claims of the Republicans were not founded on fact.

THE YOUNG FORCES.

Committee Chairman Bellare called the caucus to order in the blacksmith shop and Wm. C. Bronson was chosen chairman by acclamation, as was Harry Adams for secretary. Upon motion the chair appointed two tellers—P. K. Zortkey and S. McNeil.

Motion prevailed that four delegates be selected by acclamation and the delegates named were Wm. C. Bronson, M. J. Dufrost, Victor Martin and A. E. Hartwick.

They were declared elected and upon motion the caucus adjourned.

Patrick McNamee standing under the crushing debt he received in his own ward called a few of his followers together and held another caucus.

## THE SECOND WARD.

The caucus for the second ward was held at Paul's hall and was called to order by Samuel Mox, chairman of the ward committee.

He was elected permanent chairman and upon motion appointed the secretary teller, and assistant. The officers were sworn by Alder Sam Schuster.

The officers were sworn by Alder Sam Schuster.

Motion prevailed that all three delegates be elected on one ballot.

The following persons were placed in nomination and received votes as follows:

Geo. Miller.....21  
John Duro.....20  
Samuel Mox.....20  
Wilfred Monahan.....20  
Seymour Graham.....20  
Leaves Schuster.....20

Miller, Duro and Mox were declared elected as delegates.

## THE THIRD WARD.

Caucus was held at the city building and same was called to order by N. C. Hixon.

Continued on Second Page.

## BLISS RENOMINATED.

The Saginaw Man Renominated by an Overwhelming Majority on First Ballot.

### PLEDGE FOR PRES. ROOSEVELT

Platform Men Favor Philanthropic Principles and Against Tax on Stockings.

The following nominations were made by the Republican State Convention at Detroit yesterday.

Bliss had an overwhelming majority having 511 votes, to 241 for Stearns, 100 for Horton, and 20 for Patton.

Governor Aaron T. Bliss of Saginaw.

Lieutenant Governor—Alexander Maitland of Marquette.

State Treasurer—Dana McVoy of Grand Rapids.

Auditor General—Perry P. Powers of Cadillac.

Attorney General—Charles A. Blair of Jackson.

Commissioner of State Land Office—Edwin A. Whitney of Bay Port.

Superintendent of Public Instruction—Edos A. Fall of Abion.

Members of State Board of Education—Patrick H. Kelly of Detroit and L. L. Wright of Ironwood.

All of those with the exception of lieutenant governor, auditor general and members of the board of education are renominated. Both Maitland and Blair were nominated on the first ballot.

G. J. DeKrome of Holland was re-elected chairman of State Central Committee. Convention adjourned last night.

### WILL BUILD NEW DEPOT.

The Ann Arbor Railroad Co. Will Build Depot at Manistique.

Agent Hancock of the Ann Arbor Railroad Co. informs us that his company has decided to erect a freight and passenger depot at Manistique. The location has not been definitely decided upon as yet, but location and full particulars will be given next week.

### General Passenger Agency Fleet.

Messrs. W. R. Callahan, of the Soo Line, G. W. Hilgard of the Duluth South Shore & Atlantic and C. J. Kirby of the Ann Arbor Co. and J. J. Wilson of the Manistique, Marquette & Northern Railroad Co. met in the city today and adjusted rates on freight and passenger traffic.

## THE FOURTH OF JULY.

Details Being Arranged and an Interesting Program Prepared.

July Fourth will be observed in this town by the burning of cannon, at day break, and John Gayer will be in charge of the firing squad. At ten o'clock appropriate exercises will be conducted on the steps of the new court house. Rev. DeBorne will deliver an address, and Rev. Branch will make the Declaration of Independence. Revs. Fox and Johnson will also participate and patriotic songs will be sung. The afternoon program will be held at the Irving park. A ball game will be the first feature.

There will also be trotting and other races, bicycle races and other attractions.

If the evening a \$125 display of fireworks will please the people. The committee on fireworks has carefully selected that this year and no one will be disappointed.

Nearly \$500 has been raised and no pains are being spared to make this one of the best celebrations ever held in Manistique.

### Accident at Chemical Works.

An accident occurred at the chemical works yesterday afternoon, by which three men were more or less injured. John Leonard quite seriously, but the injuries to the other men, John Freeman and Gary Cox, are thought to be not serious.

The accident was caused by the breaking of a plank on which several men were standing while raising a timber used in the construction of the refining house.

### B. V. P. U. Elects Officers.

At the annual meeting of the Baptist Young People's Union, held at the Baptist church, Tuesday evening, the following officers were elected: Pres., Miss Edith Fuller; Vice Pres., Frank Hines; Cor. Sec'y, Jessie Davidson; Recording Sec., Mary Masten; Treas., Mrs. Bertha Crowe; Supv. of Junior Union, Alice Miller; Assistants, Misses Jessie Davidson, Pearl Davison, Lillian Pollock, Winnie Orr.

### Pullman Buffet Sleeping Car.

Commencing July 1st the Ann Arbor railroad will discontinue its over sleeping cars and substitute Pullman Buffet sleeping cars between Toledo and Frankfort.

### J. J. KIRBY, Gen'l Pass. Agt.

## CRIPPLED BY THE CARS.

Will Martin Fell in Front of a Stub Car While Jumping From Same to Turn a Switch.

### LEFT LEG CUT OFF BELOW KNEE.

Was Amputated Above the Knee by Dr. Cole Assisted by Dr. Ruttle and Dr. Sattler.

A serious accident occurred here the first year, at the place, and about 5 o'clock yesterday morning, by which William Martin, whose parents keep the C. L. Co's boarding house, lost his left leg.

As related by Martin, he was employed as brakeman on one of the small engines used by the company in hauling the products of the mill, and at the time of the accident was switching a car of alums. Martin attempted to jump from the car to throw a switch, when his foot caught on an iron on the car, and he was thrown across the track. By a quick motion he succeeded in getting his right leg out of the way, but the left one was caught under his moving car and entirely severed below the knee.

The leg to the hip was badly bruised, and he was at once taken to the Manistique hospital, where the leg was amputated above the knee by Dr. Cole, assisted by Drs. Ruttle and Sattler.

The patient is doing as well as can be expected under the circumstances, and is being nursed by Leon I. Carpenter.

### Unjustly Criticized.

E. A. Whitney of this city had quite an experience at Escanaba last week. He was asked by the conductor of train 87 to carry a side young man from the train to the street car at North Escanaba, and to see that he would be placed on the C. & N. W. train for Chicago. He did so. When the train reached Chicago it was ascertained that the boy was dead. The Escanaba papers state that the boy died while Mr. Whitney was carrying him from the street car to the train at Escanaba, but as he was not aware of it he placed his charge on the train as instructed by the young lady who accompanied him.

He has been unjustly criticized for doing his whole duty as a man in this particular case.

### ICE CREAM—Made of pure farmers cream at the best on Oak St.

"It is all in the rubber." To obtain the proper elasticity for wringing clothes dry and the necessary strength to withstand the great strain of wringing must be well made and of good rubber, otherwise they are of little or no value. At The American Wringer Co. we select the best rubber in their wringers they select the best grades of rubber and exercise great care in compounding, therefore know what their rolls are made of and what service they will give.

We also have in stock the Ayne and Yale Ball Bearing Lawn Mowers, both in 14 and 16 inch knives. They are the best in the market.

**C. L. Co. Hardware Store,**  
A. M. LeRoy, Manager.

### McGREGOR-GUILLE.

Mr. W. C. Guile and Miss Elm C. McGregor were married last Saturday.

Mr. Walter C. Guile and Miss G. McGregor, were married at the home of the bride's mother, Mrs. Elvira Cookson, on Saturday evening of last week, at 8 o'clock, Rev. Branch officiating. The wedding was strictly a home wedding, Rev. and Mrs. Branch being the only ones present aside from the immediate family.

Mr. and Mrs. Guile left for Cadillac, their home for the summer, via the Ann Arbor Line at nine o'clock.

The contracting parties are well known here. Mr. Guile made Minneapolis his headquarters here during the greater portion of the past two years, and served as the inspector for the Bradley Woolen Co. The bride has been a resident of Schoolcraft county for the greater portion of her lifetime and is highly esteemed by a large circle of acquaintances.

Mr. and Mrs. Guile have the best wishes of their many friends.

### For the 4th. One Fare

For the annual trip between all stations on the Soo Line. Tickets on sale July 1, 3, 4. Return limit July 7th. Apply to nearest agent.

### Baptist Church Notices.

Pastor Fox will speak Sunday morning on "Patriotism"; in the evening the pastor will deliver a sermon to the young people and the new officers of the B. V. P. U. will be installed in office. All are invited to these services.

Regular services as follows:  
Sermon at 10:30 o'clock a. m.  
Bible School at 12 o'clock  
Junior B. V. P. U. at 3 o'clock p. m.  
Sr. B. V. P. U. at 6:30 o'clock p. m.  
Sermon at 7:30 p. m.  
Thursday evening prayer meeting at 7:30.

### A. L. Church Notices.

On the coming Sunday, June 29th, special services will be held at this church. This day, being the one just before July 4th, is called Patriotic Sunday.

In the morning the theme will be, "God in Our History."  
In the evening the pastor will speak on "Our Double Debt." Special music at these services.  
Sunday School at noon.  
Egworth service at 6:30 o'clock.

Call and see the Kravick & Bach pianos at Lollar & Neville's. They are swell.

The Up-to-Date Store.

Manistique Pioneer-Tribune  
Published by Tribune Publishing Co.  
Entered at the Post Office at Manistique, Mich., as Second Class matter.  
Official Paper of the City of Manistique and County of Schoolcraft.

THIRTY-THREE BREADS.

One of the most breaded things ever attempted in the political history of Schoolcraft county, is the contest that the Sheldon forces are making. The Sheldens themselves through the district considered this county the pivotal one and a frantic but fruitless effort was made to capture it as a result.

No less than four Menominee men with money and a desire to place it here were here all week. They were assisted by several Escanaba, while Mangum of Marquette and Weston of the Soo, made daily visits to direct the fight. They succeeded in naming eight delegates to the outgoing township while the Young forces landed seven.

As the convention consisted of thirty delegates, fifteen of which were from Manistique all the energies of the hired Hibernians from Menominee, Delta, Marquette and Chippewa, supplemented by the tricky wire pullers of the city were directed toward winning out here.

The coters of the city, resenting the influx of outside heeled and hoodlums into the fight, were out in full force and gave the outfit a body blow in every ward—Young delegations being elected in every case by big majorities.

The only case of weakness occurred in the Fourth ward where a man long known as a political crook dropped a bunch of 27 ballots in the box hoping thereby to be able to name the chairman of the caucus. Commission Ekstrom ruled that a new ballot be taken and Thomas received 99 votes to McKesson's 60.

Seeing that the jig was up, Mercereau gathered a few of the faithful, numbering six and held an impromptu caucus, and adjourned in time to participate in the vote for delegates in which they were defeated by a majority.

Patrick McNamara's reign as king of Schoolcraft county Republicanism was abruptly terminated when the voters had an opportunity of expressing themselves on the subject.

The necessity for a primary election law governing caucuses in cities the size of Manistique, is apparent, to Manistiqueans at least. Were such a law in force, midnight caucuses held on the streets after the regularly called caucuses have adjourned would be an impossibility.

An effort will be made to secure the dismissal of Postmaster Mangum of Marquette and one or two other officials that were actively identified with the crooked work they did in the caucuses of Manistique last Friday evening. These officials are governed by the rules of the civil service commission and the commission has the power to decapitate government officials that actively participate in politics, prior to conventions. The parties pushing the matter here find it very easy to secure evidence that is convincing.

The Houghton Gazette says that there is sort of a contest on in Schoolcraft county relative to the congressional delegation, but that as the county in question with its three votes casts no figure, but little interest is being taken in the outcome by the Sheldon forces. Rats! No less than ten Sheldon hoodlums made Manistique their headquarters the whole of last week. There were shrewd wire pullers from Menominee, Delta, Marquette and Chippewa in the bunch and they spent money freely. Despite their efforts they were defeated, and then they conceived the idea of electing contesting delegations so as to thwart the will of the voters of Schoolcraft county in case the Sheldon forces would control the congressional convention. Oh, no, Schoolcraft is of no importance.

A fraternal exchange contains the following sentiment: People kiss their dead who never stop to kiss their living; they hover over open casket with hysterical sobs but fail to throw the wealth of affection about those loved ones who are fighting the stern battles of life. How unbecomingly we permit the opportunities for carrying sunshine in to the lives of those we love to pass by. A word of cheer to a struggling soul in life is worth more than all the roses in Christendom, piled high on casket covers. The dead cannot smell the fragrance of the flowers, but the living can scatter them broadcast in their pathway, there for open and pick up the "blessings" of a welcome smile, a cheer, a well done.

Such has been the condition of affairs at the caucus and convention may be expected from the Gazette. No caucuses were ever more fairly conducted and the Sheldon forces secured only five of the thirty delegates chosen.

THE COMING EVOLUTION.

Were it not for the railways, does any one doubt that this country would be traversed by great and commodious highways, for ordinary vehicles, describing the shortest distance between the great cities? To the ancient Romans such road-building was the first step toward civilization and development. Every important province was connected with Rome by a highway as straight or direct as the engineering science of the day could make it.

In these modern days the railroads are the highways and the common roads are such straggling paths of communication as local enterprise may design. There is no plan of direct communication between different states or sections of the country apparent in their construction. But it is already apparent that the automobile may change all this. Here is a machine that makes it possible to travel on a good road almost as fast as on a railway train. It is not surprising, therefore, to be told that a plan is already under consideration by prominent automobilists and bicycle manufacturers to build a short-cut highway from New York to Chicago. It is thought that the distance can be reduced to 850 miles.

Such a highway would be followed by the construction of other lines connecting the great cities in all parts of the country, providing the problem of safety can be satisfactorily solved. It would hardly do to permit heavy self-propelling vehicles, traveling at the rate of an hour, to go flying along the open roadway without some strict and comprehensive system of regulation. Safety might be insured by making a wide automobile path on each side of the road, leaving the center for bicycles and horse drawn vehicles. Thus the autos on one side would be all traveling in the same direction. If they were permitted to pass another, it might be permitted to turn into the central roadway for that purpose, at a moment when there was no carriage or pedestrian in sight to be endangered.

This evolution of the modern means of travel will all be worked out in time. Edison proclaims that his new storage battery will ultimately place the automobile in the hands of the poor man. The greater distribution of these machines among the people, the greater, of course, will be the demand for highways especially adapted to their use, with due regard to the public safety. —Minneapolis Tribune.

THE SECRET OF THE CONTEST.

"We do not question the fairness of your caucuses or your county convention, but we came here for the purpose of sending a contesting delegation to the congressional convention in case we could not win fairly," is the manner in which a Menominee gentleman expressed himself last Saturday evening just before leaving the city.

A WILFUL LIAR.

"The Young forces attempted to hold sack caucuses in Manistique. Sheldon's forces held the regular ones. Sheldon has a majority of the uncontested delegates to the county convention." Detroit Free Press.

A Retraction.

In last week's issue we published a statement that the gentlemen that were thrown out of a caucus on the night of last week on Thursday evening and at which time Thomas Watson met his death, were more or less under the influence of liquor when they started for home. We were so informed by what we deemed reliable authority, but upon investigation learn that such was not the case and that the gentlemen were not under the influence of liquor at the time of the accident and that the deceased was a man of good reputation in the community in which he resided.

The Tranny of Trivial Things.

The great emotional experience of life are led by the same casual look upon the trivial. Life and love look into each other's eyes, a man and woman elect each other from all the world, but the joyful solemnity of marriage is nullified by the details of the wedding, perhaps by family scoldings over flowers and favors and invitations. Or great death comes at the door, and the little human soul overwhelmed with grief, snatched by the sudden opening of eternity before its eyes, yet faces (there is no other word for it) over "mourning" over the width of the hem of the veil or the question of emerald buttons or that jet. This may be shocking or mournful or influential or no matter what it is, but it is certainly unlivable. —Harper's Bazar.

Good Advice.

The most miserable beings in the world are those suffering from dyspepsia and liver complaint. More than seventy-five per cent of the people in the United States are afflicted with these two diseases and their effects: such as sour stomach, sick headache, indigestion, constipation, palpitation of the heart, heartburn, water-brash, eructing and burning pains at the top of the stomach, yellow skin, cold tongue and disagreeable taste in the mouth, coming up of food after eating, low spirits, etc. Go to your druggist and get a bottle of August Flower, 75 cents. Two doses will relieve you. Try it. Got Green's Prize Almanac.

To St. Anne, De Deaupre and Return

At very low price, via the Soo Line. Dates of sale sub of Rheumlander, July 13-20, west of Rheumlander July 20th. Get particulars of nearest agent, or write W. R. Callaway, G. P. A., Minneapolis.

Pat's Test.

A good story is told of an Irishman, more patriotic than clever, who enlisted in one of the most cavalry regiments. The fencing instructor had experienced rather a difficult job in the matter of explaining to him the various ways of using the sword. "Now," he said, "how would you use the sword if you were an enemy?" "Be-uh," said Pat, "I'd clean him up with 'd just tickle him with the point to see if he was slumming." —St. James Gazette.

Leads Them All.

"One Minute Cough Cure beats all other medicines I have ever tried for coughs, colds, croup and throat and lung troubles," says D. Scott, Carrin of Longtown, Pa. One Minute Cough Cure is the only absolutely safe cough remedy which acts immediately. Mothers everywhere testify to the good it has done their little ones. Croup is so sudden in its attacks that the doctor often arrives too late. It is a deadly ailment. One Minute Cough Cure. Pleasant to take. Children like. Sure cure for croup, bronchitis, and coughs.

The man who never makes mistakes

does not know the real pleasure there is in being right. —Saturday Evening Post.

The domestic fowl is not mentioned in the Old Testament.

Read It in His Newspaper. George Schaub, a well known German citizen of New Lebanon, Ohio, is a constant reader of the Dayton Volksfreund. He knows that this paper aims to advertise only the best in its columns, and when he saw Chamberlain's Pain Balm advertised therein for lame back, he did not hesitate in buying a bottle of it. For his wife, who for eight weeks had suffered with the most terrible pains in her back and could get no relief. He says: "After using the Pain Balm for a few days my wife said to me, 'I feel as though I were new,' and before using the entire contents of the bottle the unbearable pain had entirely vanished and she could again take up her household duties." He is very thankful and would not hesitate to offer his best of wishes for the recovery of every sufferer from this wonderful remedy. This valuable medicine is for sale by A. S. Putnam & Co.

CAR FERRY CONTRACT.

Largest in the World Will Be Between Northport and Manistique. Wm. W. Knuffman, of Marquette, was in Detroit last week in the interests of the Manistique, Marquette & Northern railroad. In regard to his visit the Detroit Journal has the following to say:

Wm. W. Knuffman, of Marquette, vice president and treasurer of the Manistique, Marquette & Northern railroad, arrived in the Russell hotel from Detroit last week to execute the contract with J. Wallace, general manager of the American Shipbuilding Co., for the construction of a car ferry that will be the largest in the world.

Wm. W. Knuffman arrived in the hotel he had in an ample pocket a receipt of \$15,000, which represents the first payment on the contract. The ferry will be 200 feet over all, 50 feet beam, with a capacity of 30 to 40 ton cars. It will have two 10-hp gas engines, cylinders 25, 37 and 62 inches, with 20-inch stroke. Steam will be furnished by six Scotch boilers 13 feet 9 inches in diameter, 12 feet long.

The ferry is to cost approximately \$500,000 and will ply between Northport and Manistique. Passengers will be carried on this ferry and the passenger quarters will be fitted up as snugly as those on an excellent passenger vessel. It will be built under the supervision of Capt. Harriman of the Great Lakes Registry, and will be guaranteed to run 105 miles an hour.

The new ferry will be started on the route between Northport in the lower peninsula of Michigan and Manistique in the upper peninsula. It will form a connecting link between ports that are open all the year around for two sections of a system of railroad that are equally important, though small. The Manistique, Marquette & Northern extends from Manistique almost to the north, having a connect on with the Soo line at Manistique and with the Palmetto, South Shore & Atlantic at Shingleton. This will give the road important leaders for its lines in the upper peninsula. A line is now projected between Traverse City and Northport, through Leelanau county, that is under consideration and to be known as the Traverse City, Leelanau & Manistique, which will have its lake port at Northport. At Traverse City the line connects directly with the Grand Trunk & Indiana railroad, a Pennsylvania property.

Mr. Knuffman advanced a proposition which has stunned some of the marine men. He says that it is altogether possible for the road to handle ore down from Manistique, or possibly Duluth, and to haul up the coast all rail, by the use of this ferry, and thus for the first time in the history of the great lake trade bring the all-rail competition directly opposed to the boat lines into a trade the boats have hitherto monopolized. The undertaking is gigantic and almost incredible. Mr. Knuffman says, however, that he believes the rates can be made, and that the roads can be operated in such a way as to make it a paying business. The route would be the South Shore from Manistique to Shingleton, the M. B. & N. to Manistique, the ferry to Northport, the new T. C. L. M. to Traverse City, and the Pennsylvania or its connections through to the valleys or the Pictured district.

Actual Work of Construction Begun. (Simpson Leader.) Mr. O'Donner, superintendent for O'Donnell Bros. & Co., contractors, came up from Grand Rapids Tuesday and was at Suttons Bay contracting for lumber to build camp for the preliminary work. Mr. O'Donner will break ground for the grading in August as soon as their tools and machinery can be shipped from the Upper Peninsula, where the contractors have just finished a job. The road will be completed this fall with the exception of the ballast, which is affected by the frost so much that the ballasting will not be done till spring. There are only about six miles of right of way that has not been secured. The ballast is secured and the surveyors are at work setting grade stakes now on the other end. Another crew will begin on this end this week or first of next. Nothing preventing, we shall certainly have regular train service before Christmas, possibly November 1st. By a severe stretch of the imagination, we can already see the daylight through the timber, and feel that we are about out of the woods. Northport will be the nearest resort town of Michigan. It will also be the metropolis of Leelanau county and a fitly the city of commercial importance to the Grand Traverse region—a city of beautiful homes and splendid possibilities. It will be the best of all catch-as-catch-can, feather weight constant or championship honors north of everywhere. We deserve to be pardoned if we do sleep over just this time. For ever has a century of the people of this locality have had their ear to the ground listening for the rattle of a locomotive, now we naturally feel like throwing a few bouquets at ourselves.

Ready to Yield. "I used DeWitt's Witch Hazel Salve for piles and found it a certain cure," says S. R. Meredith, Willow Grove, Del. Operations unnecessary to cure piles. They always yield to DeWitt's Witch Hazel Salve. Cures skin diseases, all kinds of wounds. Accept no imitations.

CURES ANY PAIN UNDER THE SKIN OF ANY NATURE. The only safe and sure relief.

UP THE PANAMA CANAL

Exploring the Big Ditch in a Naphtha Launch.

BANKS LINED WITH MAGNOLIA.

Graphic Account of a Trip to the Canal. The expedition was organized by Captain William Coates of New York.

A trip through part of the Panama canal in a naphtha launch was a feat accomplished recently by a party of amateur explorers under the guidance of Captain William Coates of New York.

"It was a great canal trip and one I did not expect to take," said Captain Coates the other day to a reporter of the New York Times.

"The way we came to make the trip was peculiar. Fifty years ago I went on a journey around Cape Horn to San Francisco.

"I know something about the Panama launches because I had been tinkering around that kind of machinery for years. We got out the launch and after a few days' run we were in the canal.

"The first thing we had to do was to go and see the electric of the canal about the trip, because we were told that Indians near the end of the canal were very wild.

"I forgot one member of the crew. He was a big Jamaican darky. I met him before we got through the canal. Before we got through the canal he was the most valuable member of the crew.

PLUCKY BOY STOWAWAY.

Youngster Crossed Sea in a Donkey Boat. The boy was named John and was only ten years old.

"The boat was a small one and was built for the purpose of carrying a few tons of goods. It was built by a Jamaican and was named 'The Donkey'.

GO TO SEA IN COFFINS.

Club Formed to Sail the Coffins of Vanished Fishermen. The club was formed in New York City.

An aquatic club with a fleet of coffins has been organized in New York City. The club was formed by a group of fishermen who had been lost at sea.

"The coffins are made of wood and are of the same size as the coffins of the fishermen. They are built by a group of fishermen who had been lost at sea.

"The coffins are made of wood and are of the same size as the coffins of the fishermen. They are built by a group of fishermen who had been lost at sea.
