EDWARDS-McGREGOR

Mr. E. V. McGregor and Miss Eva Edwards Married Last Wednesday at the Woods Church.

ARE ESTIMABLE YOUNG PEOPLE

Wedding was Largely Attended and Numerous Presents Received.

Miss Eva Edwards and E. V. McGregor were married at the Woods church last Wednesday evening in the presence of a large number of friends and relatives of the contracting parties. Rev. Albert Tucker of this city officiating.

The bride and groom are members of two of Schoolcraft county's most highly respected families. The bride is the daughter of Mr. Jacob Edwards, lumber merchant here, and the groom is the son of Donald McGregor.

They left for Star Siding near Munising, yesterday morning where, Mr. McGregor is the store keeper for the Worcester-Munising Co. and where he has fitted out a home ready for occupancy.

The best wishes of a host of friends follow Mr. and Mrs. McGregor to their new home.

Miss Margaret McGregor acted as bridesmaid and G. H. Edwards as best man. The bride was tastefully attired in white, became brilliant in trim with silk, and she carried a bouquet of carnations.

After the marriage about forty relatives and near friends assembled at the home of the bride's parents where a bountiful and elegant wedding dinner was served.

Offertory will be vocal duet "Bible Night" accompanied by either and guitar orchestra.

Second mass will be at 8 o'clock and third mass and sermon at ten-thirty a m All cordially invited. Collection for the poor orphans of the diocese of Marquette at all services.

Rev. Jos. P. Kunes, pastor.

Died Suddenly.

Andrew Hoff, a coal-miner for Martin Johnson, the tailor, died very suddenly yesterday afternoon at his room in the Stewart block, after a few days illness. He came here from Menominee last February, and was an experienced workman.

A cousin residing at Starbuck Bay, Wis., has been notified of his death.

Tested Engines.

Engineer J. W. Bower returned Wednesday from his trip to Milwaukee and Detroit where he went to test fire engines. The city is to make this trip for the purpose of ascertaining the relative merits of engines that are being offered for sale by the municipalities in question. He will submit his report at the next meeting of the council.

After Violators of the Game Laws.

Deputy State Game Warden Bellotti is in the city Wednesday morning and left shortly thereafter accompanied by Deputy Orr and Sheriff Moody to investigate infractions of the game laws.

I haven't got the best stock in town as some say, but as good as you will find at the price. Come and see A. Fyell.

FINE DISPLAYS.

Our Local Merchants are Vying with Each Other in the Display of Christmas Goods.

Every merchant in the city is placing a very handsome line of goods on exhibit suitable for the holiday trade, and we feel sorry for the person, who after an examination of the stocks, still feels constrained to send to the cities for his gifts.

The displays include all the latest toys, trinkets, silverware, cut glass and china ware, dolls of every description, ball articles, the latest and most popular books, perfumes and in fact everything that any one could wish for.

The dry goods stores, with their exceptionally large and varied assortments, remember a relative or friend with something of a substantial nature. Hundreds of dollars are usually sent out of the city at this season of the year by the merchants.

This is not as it should be. Read the advertisements appearing in this issue and then visit the stores and you will become convinced that you can secure everything you need here without paralyzing the department stores of the cities.

Celebrated their Birthdays.

The farm boys residing in the Graham district recently had a blowout. The birthdays of three of the young folks was the occasion and the boys "rang up" and gave an oyster supper in honor of the events.

Those present were:

Messes: Elisabeth Creighton, Dan Daynes, Lacie Graham, Charlie Wilkie, Angus McSwain, Jennie Burton, Misses: Jas. MacDonald, Arthur Lako, George Pfeiffer, Wesley Tripp, J. J. Burton, Frank Jones, William Brown, James Tripp, Willie Butts, Gray Smith, Myrene Graham, Nina Graham, Cora Lako, Ethel Graham, Eva Lako.

Those present report a very pleasant time and as the boys put it the only ones that did any kicking were the oysters.

The steamer Duluth was in port Monday with a cargo of eighty-four tons of hay, from Fayette, and Gardien.

NEW TRAIN SERVICE

The Soo Line Will Run a Through Train Steeper to Chicago, via Larch, Shortly.

TIME SAVED AND CONVENIENT

Service will be inaugurated on December 22nd, and will be Very Popular with the Traveling Public.

A new time schedule will be issued shortly by the Soo Line which will be a great convenience to Chicago traffic. On and after December 28th, train 87 will leave the Soo at 3 o'clock p. m., instead of two o'clock as at present and the end of its run will be Larch, at the junction of the Soo and Northwestern railroads, through Gladstone and Escanaba. A thorough sleeper between the Soo and Chicago will be one of the features of the train. By this arrangement passengers for Chicago can leave Manistique at 6 o'clock and arrive at Chicago the next morning without change of cars. In turning, the sleeper leaves Chicago at 8 p. m. and reaches Larch in time to connect with the Train No. 8, which passes here at 7 o'clock a. m. Train 88 will pass here at 11 o'clock as at present but will be an exclusive passenger train instead of a mixed train as at present.

This new innovation will be greatly appreciated by the traveling public.

Annual Meeting.

The annual meeting of the stockholders of the First National Bank of Manistique will be held at its office in the City of Manistique, County of Schoolcraft, and State of Michigan, on the 19th day of January, 1903, at 2 o'clock p. m., for the election of directors for the ensuing year, and for the transaction of such other business as may properly come before the meeting.

Wm. S. CHERRY, Cashier

Goes to Iron Mountain.

T. J. Pattison has purchased a half interest in the steam laundry at Iron Mountain, operated by his uncle, Jacob Pattison and the firm name will hereafter be Pattison & Pattison, and the laundry will be known as the White Steam Laundry. Tom has a first-class business education, is thoroughly conversant with the laundry business and is a model young man.

M. E. Church Items.

Rev. Frederick Spence of Manistique will preach morning and evening, Sunday school at noon. Epworth services at 6 o'clock.

The Marks Bros., Co., A First Class Repertoire Co., Here Next Week. (Cheboygan Tribune.)

The above company opened a week's engagement at the open house Monday evening and have struck a popular chord with the amusement loving public of the city, being greeted with full business since the first evening. Loving public of the city, being greeted with full business since the first evening. Loving public of the city, being greeted with full business since the first evening.

Tuesday evening "The Night Before New Years" was the play and the favorable impression made by the company the first night was more strongly enforced. Tuesday evening Cheboygan Judge No. 504, B. P. O. E. attended and led their "horns" with them and were in evidence during the whole performance. Last evening "The Slaves of Russia" was presented in the same admirable manner as the first two performances. This afternoon a matinee will be given when "The Soldier of France" will be played and this evening "The Rose of Kerry" will occupy the boards. To-morrow, Friday, evening the popular play "Under Two Flags" will be presented and the engagement will close Saturday evening, with "Jerry the Tramp" as the play.

It is a continuous performance from the rising of the curtain until the last act is completed, the intervals between the highest order, illustrated songs, moving pictures etc. The famous Arena contortionist, is by far the best in his line ever seen in Cheboygan. Altogether it is one of the best companies that have visited Cheboygan.

DEATH OF MARY E. GRIFFITH.

Funeral was held in the Woods District Last Sunday Afternoon.

Mrs. Mary E. Griffith, died last Friday. She was born in Maryland, Canada, Feb. 28, 1838. She was a daughter of Allan M. and Mary E. Dano. In 1848 she was married to Wm. G. Griffith, and to them were born five children: Allen M., Sanford, Sydney E., Mrs. Curtis of Alice, Mich., and Mrs. Wood, who cared for her tenderly in her last sickness.

Deceased was a member of the Methodist church. The funeral was held Sunday afternoon in the Woods Presbyterian church, Rev. Albert Tucker of the Manistique Presbyterian church, officiating. The home was crowded with neighbors and friends who came through the storm, to pay respect to the memory of this venerable woman.

Heavy Fines Would Correct the Evil.

Manistique juries have always been lenient with bone-die homebreakers who have been arrested for violations of the game laws, but men that use dogs in tracking deer and kill the animals to get a bit. If such lawless persons were fined heavily there would be more respect for the game laws.

Resolved: That Ihs Chapter No. 54, Order of the Eastern Star has lost a faithful member the family a kind husband and father and the community a valued and upright citizen; and while we stand beside the "broken column" we feel to say that God knows best and in Him will we trust, and.

Resolved: That we tender to the bereaved wife and family our sincerest sympathy, and that our Chapter be draped in tribute to his memory.

TO RESIST ALLIES

PRESIDENT OF VENEZUELA HURRYING REINFORCEMENTS TO LA GUAYRA

CITIZENS ARE VOLUNTEERING

ASSERTED SUFFICIENT MEN CAN BE SECURED TO RESIST FOREIGNERS.

MINISTER BOWEN'S LATEST

NOTICES STATE DEPARTMENT OF RELEASE OF ALL PRISONERS HELD.

La Guayra, Venezuela, Dec. 12.—General Forner, minister of war, arrived here with 2,000 troops. Eight thousand men under President Castro's leadership are expected here in 19' only.

The British cruiser Indefatigable is now here. She is at anchor in the harbor. All the other warships have left La Guayra. Minister Hagar and Herr von Pilschke, the German minister, left here on Wednesday night. The former was to board the Retribution and the latter the Vineta, which sailed for Trinidad.

The government has sent 8,000 men and eight guns from Caracas to reinforce the garrison at La Guayra. These troops departed during the night of Wednesday and are expected to arrive at La Guayra. All day Wednesday and all day Thursday the garrison has been carried to Fort Lavigne, which crowns the harbor, and preparations are being made to resist the foreign force.

Hundreds of volunteers have been armed and more are being recruited. It is asserted here that the government can find sufficient men to resist the foreign forces. Every one is ready to fight in all classes and conditions. Captain Massey offers to lead the volunteers.

The news of the capture at Port of Spain, Trinidad, of the Venezuelan without Bolívar by the British cruiser Charlybia was communicated to President Castro by a representative of the Associated Press. The event created intense excitement.

All the British and German subjects arrested have been released.

NO OFFICIAL REPORT.

British Foreign Office Without News From Venezuela.

London, Dec. 12.—The foreign office at 1 p. m. was still without official news from Venezuela. The officials were glad to hear of the release of the British subjects, but they were unable to express any opinion on the British patches except to say, as Under Foreign Secretary Cranborne did, that they presumed they were correct.

In the house of commons Under Foreign Secretary Cranborne confirmed the reports of the British and German vessels at La Guayra and the disembarkment of the British and German troops. He stated that the vessels without resistance and also the capture of the Venezuelan garrison at Port of Spain, Trinidad.

Two of the prizes, he added, would be cleared for sale. The Venezuelan steamers were taken out of the harbor and at 2 o'clock a. m. the British and German vessels were taken to sea.

The intention of repulsing any landing by the British and German troops and the stores and banks are closed. The British and German troops are being held in the town and the population is being protected by other action taken by the British government.

PLEASURES THE GERMAN.

Action of Minister Bowen in Securing Release of Citizens.

Berlin, Dec. 12.—The German foreign office officials are much pleased at Minister Bowen's energetic action at Caracas resulting in the release of most of the Germans imprisoned there and by his efforts to liberate the others. Full notices on the subject have been received from Washington.

The newspapers here, with the exception of the Socialists, are in sympathy with the government action toward Venezuela. The Vorwärts, which never loses an opportunity to assail what it considers to be "political shams," says it thinks the firmness of the German government and the moral destruction of an unscrupulous ruler, a fine piece of patriotism and internationalism, none the less, however, for the promotion of certain financial aims.

The paper adds: "So far as Germany is concerned, the action taken in Venezuela is more than good, says 150,000 marks from German capital is invested in Venezuela. The United States must feel secure satisfaction at seeing Germany's ruling its dominating position in Venezuela commensurate and must hope to supplant Germany by American financial influences."

SEIZE ALL WARSHIPS

VENEZUELAN VESSELS TAKEN BY COMBINED GERMAN AND BRITISH FLEET.

A Counter Move President Castro Arrests All British and German Crafts in Caracas. Estimated to Number About Fifty—Allied Anglo-German Force Seizes the Customhouse at La Guayra.

London, Dec. 10.—A dispatch from Caracas, Venezuela, dated Dec. 9, says: The combined British and German fleet today (Tuesday) seized the Venezuelan fleet, composed of four warships in the harbor of La Guayra.

It is reported also that an ultimatum will be delivered tomorrow (Wednesday) asking for an answer and a compliance with the demand of the British and German ministers.

MOVE BY VENEZUELA.

All German and British Subjects in Caracas Arrested.

Caracas, Venezuela, Dec. 10.—All German and British subjects in Caracas were arrested today. There are comparatively few white British subjects in Caracas, probably less than fifty.

LANDING MARINES.

German and British Warships Seize the Port of La Guayra.

La Guayra, Dec. 11.—The combined Anglo-German fleet, which is not 200 feet from the customhouse. The landing of marines has begun.

APPEALS TO THE PEOPLE.

Castro Urges Venezuelans to Fight Great Britain and Germany.

Paris, Dec. 11.—A Venezuelan government communication to its representative here protests that Great Britain and Germany, acting in concert, have committed an act of hostilities in a manner as arbitrary as it is unprecedented by the seizure of Venezuelan vessels lying at La Guayra.

The communication says the indignation in Venezuela is at its highest pitch and the government is resorting to forcible reprisals. It has arrested the resident subjects of both hostile nations and has seized the railways and other means of transport.

At the same time, adds the communication, President Castro has appealed to the Venezuelan people to take up arms. He has decreed a general amnesty for all political offenses and has ordered the restitution of the confiscated property of Venezuelan leaders.

ONLY ONE VESSEL SAVED.

Anglo-German Fleet Sinks the Venezuelan Warship.

La Guayra, Venezuela, Dec. 11.—Ten German and four British cutters captured the Venezuelan warship Charlybia. They went alongside the Venezuelan vessel and ordered them to surrender, and to report about being fired to the British and German forces.

The British and German vessels seized the name of the German gunboat Bolívar at Port of Spain, Trinidad. The German cruiser Panther steamed into the harbor during these proceedings with the British cleared for sale.

The Venezuelan steamers were taken out of the harbor and at 2 o'clock a. m. the British and German vessels were taken to sea. The intention of repulsing any landing by the British and German troops and the stores and banks are closed.

The British and German troops are being held in the town and the population is being protected by other action taken by the British government.

GUNBOAT BOLIVAR TAKEN.

British Cruiser Seizes Her at Port of Spain, Trinidad.

Port of Spain, Trinidad, Dec. 11.—The British cruiser Charlybia seized the Venezuelan gunboat Bolívar in the harbor of Port of Spain, Trinidad. The British officers here while the captured gunboat took the crew of the vessel to the island of Trinidad.

The British torpedo boat destroyer Quill has sailed with the instructions to capture the Venezuelan warship and was engaged in blockading the harbor of the Venezuelan.

IS WITHOUT PRECEDENT.

Arrest of British and German Subjects in Caracas.

Washington, Dec. 11.—It was said at the British and German embassies in Caracas that the arrest of British and German subjects in Caracas is without precedent in the history of civilized countries, supposedly at peace with each other, and that such action would be regarded as sufficient ground for a declaration of war.

Members of the diplomatic corps here indeed regard it as being such a declaration of hostilities.

Italian Minister Succeeded.

Rome, Dec. 11.—Signor Palumbo, Italian minister at Bogota, committed suicide at 11:30 p. m. Tuesday. He threw himself out of a window at a hotel. The minister has been suffering from some time past from nervous disorder.

Boy's Life Saved From Membranous Group.

W. W. Lynch, a prominent citizen of Washington, Ind., writes: My little boy had a severe attack of membranous group, and only got relief after following Foley's Honey and Tar. He got relief after one day and I feel that it saved the life of my boy. My wife writes: Sold by E. N. Orr & Co.

REGRET THE ACT

WASHINGTON OFFICIALS DISCUSS THE DESTRUCTION OF VENEZUELA'S FLEET.

NOT CONSIDERED NECESSARY

Vessels Were Useless Against a Formidable Squadron and Might Have Been Kept Intact Until Present Trouble Is Settled and Then Restored to Venezuela—Several Conferences on the Situation.

Washington, Dec. 12.—The submarine from Minister Bowen that the British and German prisoners were well come news, for the official act that by releasing these civilians President Castro had diminished gravely the probability of success in the problem. He had insisted on retaining them in jail the allies must have dispatched a force to the capital of Venezuela and war outbreak would have ensued.

As it is the officials here prefer to regard the status as not one of war, providing the allies allow their original program of a "neutral blockade," perhaps followed by the temporary seizure of Venezuelan customhouses. Details of the situation in which it was adopted. The president is showing particular interest in the situation during the morning he called on Secretary Hay away from his regular office to the congressional committee, charged with the chairmanship of the committee called at the state department during the forenoon to talk about the Venezuelan developments.

Senator Cullom, chairman of the committee on foreign relations, expressed his opinion that the vessels of the Venezuelan fleet, which might have been kept for their uses, as against a formidable squadron, which it is believed little else," he remarked. He believed that, if it were considered necessary to seize the vessels, they should be kept intact until after the present trouble had been settled and then restored to Venezuela.

Senator Cullom expressed the opinion that the United States would not become directly involved in the present disturbance, as he is satisfied that the United States has no intention of annexing Venezuela territory.

UNITED STATES NOT INVOLVED.

Administration's Stand on the Venezuelan Trouble.

Washington, Dec. 12.—Washington refuses to regard the situation in Venezuela as involving this government, and is regarded as an act of war by Great Britain and Germany to seize the Venezuelan navy. It is also an act of war for Great Britain and Germany and British residents to place a country under arrest without giving them an opportunity to leave the country.

The matter, so far as this government is concerned, is entirely a matter between the United States and Great Britain. No official concern will be manifested, unless the Monroe doctrine is directly infringed by an attempt to place powers to hold Venezuelan territory or to acquire Venezuelan territory.

It is only by a deliberate violation of the understanding between the age of some unexpected event that we can take a hand in Venezuela.

The president was long ago made acquainted with the present state of affairs in England, and the limits of military and naval plans of both powers were laid before this government.

Resolution for Arbitration.

Washington, Dec. 12.—A joint resolution was offered in the house of Representatives by the Hon. Charles S. Dwyer (Colo.) authorizing the president to propose to Great Britain and Germany arbitration and to accept the arbitration award.

NOBLE PRIZES DISTRIBUTED.

King of Sweden Personally Makes the Awards.

Stockholm, Dec. 12.—The king of Sweden has, in the presence of the royal family, distributed the Nobel prizes, which were awarded for 1905.

The Dutch professors, Lorenz and Zeman, divided the physics prize; Professor van't Hoff, the chemistry prize; Dr. De Groot, the secretary of the International Peace bureau at Bern, and Dr. Cobet, also of Bern, divided the Nobel prize for literature.

Professor Hjalmar Rosen, principal of the Liverpool school of medicine, received the prize for medicine. The German and Dutch ministers received the prizes on behalf of the king and queen of Sweden, respectively. The other prize winners were present and personally took their awards.

Would You Like to Feel Young Again?

Old people certainly have had feelings that those below fifty hardly understand.

It is discouraging to find that little tasks that once were easy are now very hard.

Many old people are lame, nearly all are weak.

Work of all is that feeling of languor, of inability to act, of weakness that once were easy are now very hard.

Nothing will make the old young again, but Vinol will prevent ninety-nine out of one hundred old people from feeling so bad.

There is no humbug about it. We found out about Vinol and tried it every way before we decided to put it on the market and guarantee it. Now we believe that almost any tired, discouraged old person will take a bottle of Vinol and feel better right away.

It will increase their strength, appetite, and brighten their spirits. It does this by nourishing. In old people, the digestion becomes feeble. Vinol supplies quick nourishment and helps the food to nourish. Don't blame the old folks for being blue and cross. Take home a bottle of Vinol. Money back if it isn't helpful.

A Weak Stomach

Indigestion is often caused by overeating. An indigestion authority says: "The harm done by this excess that comes from the stomach is not only to the stomach, but to the whole system. It is the food that you eat that does the harm. You eat too much, and you eat the wrong kind of food. You eat too much of the wrong kind of food, and you eat the wrong kind of food too much."

EDITORIAL COMMENT.

In the demise of Ex-Speaker Reed the nation has lost one of its foremost citizens.

Morgan has now organized a company which will absolutely control the output of anthracite coal.

Thomas Scadden has been re-appointed as register of the land office at Marquette—an honor worthily bestowed.

More scalpin' coats are being worn in Manistique this season than at any previous season. The speaks well for the prosperity of Manistique.

The votes of the thirteenth senatorial district were canvassed Wednesday at Menominee. O. B. Fuller had 6,989 and Frank Edlitz 5,772. O. B. Fuller therefore succeeds himself.

"Can you cook?" asked the young man who meant business. "That is not the most important question to be considered," replied the practical young lady. "Can you provide the food to be cooked?"

The Danaher & Melony Co., which has for years been the sole support of Dollarville, has decided to close down its mill for an indefinite period as all the pine stumps owned by the company has been cut.

In the recent estimates of money asked for harbor and river improvements we find that Congressman Sheldon has entirely ignored Manistique, and will leave the honor of giving Manistique what it deserves and needs to Congressman Ellet Young.

Escanaba has had another virtuoso spasm and has raided all the gambling dens confiscating the paraphernalia and warning the saloon keepers that under no circumstances will gambling be tolerated in the future. When will Manistique do the same thing.

Gladstone business men have organized an association and are making a concerted effort to induce capitalists to locate there. From all indications their efforts will be crowned with success as a number of new enterprises are in embryo. Much could be accomplished in Manistique were a similar organization instituted here. The present "stamp" flury will not be without its compensation if it results in an association being formed.

Every upper peninsulaite should be a subscriber of the Detroit Daily Tribune. The paper has been doing work of inestimable value in exploiting the possibilities of this section of the state the fruits of which the peninsula is now reaping and will continue to reap in increased immigration. Its state news department is especially strong. The field is thoroughly covered by an array of special correspondents and the matter is ably edited. We can recommend the paper to any one desiring an up-to-date state newspaper.

COLONIZE THE UPPER PENINSULA.

The Upper Peninsula Land Co., with a capital stock of \$750,000, has been organized under the limited liability act of the laws of Michigan to dispose of the property consisting of 1,000,000 acres acquired from the Detroit, Mackinac & Marquette land grant commission. The officers of the company are: W. G. Mather of Cleveland, chairman; F. J. Merriam, Detroit, secretary and general manager; R. E. Mann of Cleveland, treasurer; and R. T. Houghton of Detroit, assistant general manager.

The lands acquired by the company lie along the lines of the DuRoi, South Shore & Atlantic and the Soo roads in the upper peninsula.

"It is the intention of the company to open up about 50,000 acres of this land for settlement," said Mr. Merriam, "and that will be done at once. The company is now having the land purchased carefully re-examined for the timber on it. When this is done a distribution, or at least a subdivision of the land will be made and the land now in shape to turn over to settlers will be colonized. The timber will be cut off the other and such as is good for agricultural purposes will be utilized. It is not generally known, but it is a fact that in the upper peninsula, from range 23 to the Soo, the killing frosts are fewer and later than right around Detroit. This is due to the moisture of the lakes. There is as good land in the tract purchased as there is in the state of Michigan, and anything can be grown on it that can be grown anywhere in a moderate climate. No better fruit than is raised in the upper peninsula can be grown anywhere. I have spent 15 years in that country and know every foot of it, so am in a position to know whereof I speak. Had I not been thoroughly equipped with this information I never would have attempted to raise the \$3,000,000 necessary to make this deal a go. It is going to be hard work to get the matter into shape, but the advantages of soil and conditions are so manifest to anyone who will investigate them that I do not anticipate much difficulty in getting the right class of people settled in there. The land of the company is in many places splendidly adapted for growing peaches and the pastures in that country never dry up. There will be \$1,000,000 of bonds issued by the company.

"I have not heard anything beyond what I saw in The Tribune regarding the formation of a \$7,000,000 company to acquire the remainder of the land grant property, but I would not be sorry to see such a thing go through. It would stir things up and aid in making the upper peninsula one of the most prosperous portions of Michigan and would add materially to the greatness of the state. I believe that Michigan in the next 10 years will make strides that will astonish the world."

When asked regarding the naming features of the property a reply, Mr. Merriam said that was a matter that still has to be carefully investigated, but intimated that the Peninsular Land Co. will get all there is out of the property acquired.

WARNER BOOM GROWS.
A Lansing dispatch says: Just at present the gubernatorial boom of Secretary of State Fred M. Warner appears to be a very promising embryo. The manner in which the Warner and Bliss forces have worked together in this little affair of depriving Lewis M. Miller of his further tenure of the clerkship of the house of representatives, and putting Charles S. Pierce, Secretary Warner's deputy, in his place, has furnished something to think about.

The opinion has been freely expressed that Gov. Bliss may throw his influence and that of many connectors with his administration to give Mr. Warner the nomination in 1904.

Mr. Warner's candidacy has other elements of strength. In his past political career he has drawn about him many Republicans of influence whose services will be forthcoming in 1904. In that year, when the convention to nominate the next governor will be held, the Farnington official will have the appointment of enumerators for the state census in every township and ward in the state.

FORGET IT.

By Elbert Hubbard.

To live on close, friendly and confidential terms with a man—to eat his bread—and afterward disagree with him, go before a gap, and expose his faults, foibles, weaknesses and mistakes is a most disgraceful thing to do. The deliberate, premeditated attempt to reveal the worst in any person or thing, is a shocking occupation, and he who indulges in it will reap the contumely that he endeavors to cast over another. Every life has its faults we grant that—but it is excellence we want revealed, not the mistakes.

When a man takes it upon himself to reveal the faults of another, he is in honor bound to place in parallel columns a truthful record of the good this man has done.

To expose your alleged enemy is a form of self-vindication which never vindicates.

We should endeavor to cut out this evil, but let us not in fixing our gaze upon the lesser evil forget the greater good.

The evils are real, but they are the outgrowth of the miserly or devious, but of prosperity.

A fundamental law of civilization is the inviolability of property; but this is in no way inconsistent with the right of society to regulate the exercise of the power to confer upon owners of property.

We are not attacking corporations, but endeavoring to do away with any evil in them. We draw the line against misdeeds, not against wealth.

Publicity can do no harm to the honest corporation. To seek not to be understood about sparing the dishonest corporation.

Insistence upon the impossible means in achieving the possible.

Effort to obstruct any attempt at betterment betrays blindness to the historic truth that evil evolution is the sure sign of a backward revolution.

The only relation of the tariff to big corporations is that the tariff makes manufacturers profitable. The tariff merely for trade would simply make manufacturers unprofitable.

Stability of economic policy must at least be the prime economic need of this country. This stability should not be sacrificed.

The country has acquiesced in the wisdom of the protective tariff.

It is most earnestly to be wished that we could tear the tariff from the main point solely of our business needs.

The well-being of the wage-worker like the well-being of the tiller of the soil, should be essential in shaping our economic policy.

This must never be any change that will jeopardize the comfort of the American wage-worker.

This is an era of federation and combination. Organized capital and organized labor also should remember that in the long run the interest of both should be brought into harmony with the interests of the general public.

The conduct of each must conform to the fundamental rules of obedience to the law of individuality, freedom, and justice and fair dealing to all.

Some disaster will come upon both if either grows to take as habitual an attitude of sour hostility and distrust toward the other.

Any kind of class animosity is, if possible, even more wicked, even more destructive to national welfare, than sectional, race, or religious animosity.

We can get good government only on condition that we judge each man upon his individual merits.

We are neither for the rich man as such nor for the poor man as such. We are for the upright man, rich or poor.

Ohio has become a part of our international political system. She should be given some of the benefits of our economic system.

We should always fearlessly insist upon our rights in the face of the strong, and we should "with ungrudging hand" do our greatest duty by the weak.

We, the great republic, should make all our other nations of the American continent feel that we desire to show ourselves not exclusively their friend.

The world has not progressed sufficiently to make it possible, or necessarily desirable, to invoke arbitration in every case.

No independent nation in America need have the slightest fear of aggression from the United States.

No policy ever entered into by the American people has benefited the American people more than the policy of holding the Philippines.

Not only does each Filipino enjoy the right of life, liberty and the pursuit of happiness, but he has never before had the people as a whole enjoy a measure of self-government greater than that granted to any other Oriental save the Japanese alone.

We have not gone too far in granting these rights, but we have extended them to the limit that in the interests of the Philippine people themselves it is wise or just to go.

It may be questioned whether the world has not gone too far in granting constructive statehood to any people who have given in the Philippines.

The triumph of our arms—above all the triumph of our love and principles—has come upon our ears but we have not taken the time to think about it. Too much praise cannot be given the army for what it has done in the Philippines.

EPIGRAMS OF ROOSEVELT.

By Elbert Hubbard.

In battle the only shots that count are the shots that hit.

We have habitually made our own certain foreign policies which demand the possession of a first class navy.

A good navy is not a promotional navy. It is the nearest guarantee of peace.

Fatuous self-complacency or shortsightedness in refusing to prepare for change is both foolish and wicked.

EDITORIAL COMMENT.

There were 12,072 deer licenses issued in the upper peninsula counties the past season and a careful estimate of the deer killed is about 5,300.

It is particularly unfortunate for a man to be beaten for office by just a few votes. It gives such a lot of cheap brass the opportunity of blowing around that "I did it!"

How to Prevent Croup.

It will be good news to the mothers of small children to learn that croup can be prevented. The first sign of croup is hoarseness. A dry or two before the attack the child becomes hoarse. This is soon followed by a peculiar rough cough. Give Chamberlain's Cough Remedy freely as soon as the child becomes hoarse, or even after the rough cough and it will dispel all symptoms of croup. In this way all danger and anxiety may be avoided. This remedy is used by many thousands of mothers and has never been known to fail. It is, in fact, the only remedy that can always be depended upon and that is pleasant and safe to take. For sale by A. S. Putnam & Co.

Miners Present Damaging Evidence to Anthracite Commission.

Schenectady, Pa., Dec. 16.—Tales of evil from houses owned by G. E. Markle & Co., the narration of the forced removal from her home, and the story of a wife who as a result of an accident was killed in the Marquette mines, and her two boys strangled years ago, were presented to the anthracite commission today by the principal features of the day's sessions of the coal strike commission. The testimony, as presented by some of the witnesses, "who have been given up by the coal mining industry, was at times pathetic and surprising to the commissioners, who listened to it with an aching attention.

The miners during the afternoon concluded the calling of witnesses against the Marquette company, which concerns and the conditions surrounding it have been prominently before the commissioners since last Saturday. In the absence of Samuel Dick of Philadelphia and George B. Redford of Wilkesbarre, attorneys for the Marquette company, who are reported to be unavoidably absent, only a perfunctory cross-examination has been carried on by J. H. Torrey of Schenectady who is representing another company before the commission, and who has been asked to care for the latter. There has been considerable surprise and indignation expressed that the company has made greater efforts to resist some of the testimony than it has presented. It is expected, however, that the company will do so later. The Marquette and large companies have nothing to say regarding the character of the testimony being presented, but those representing the miners are well pleased.

ONE BANDIT KILLED.

Attempt to Rob a Bank at De Kalb, Tex., Falls. De Kalb, Tex., Dec. 11.—A daring and fatal attempt to rob the bank here was made by four men early in the day. Over the bank is the local telephone exchange. The men, J. Dodd and his son, Marvin W. Dodd. One of the robbers kicked at the telephone exchange desk, and when Marvin W. Dodd responded a pistol was pointed at his head. Dodd fled, and the man, wearing a hat, and the weapon from him and with it shot and killed the bandit. A struggle followed and young Dodd was shot twice, but seriously wounded. The three surviving bandits escaped.

CALLS OPERATOR

LAWYER FOR MINERS SPRINGS A SURPRISE AT THE COMMISSION'S HEARING.

ASKED ABOUT PRICE OF COAL

Witness Declines to Tell What He Gets for His Product, Evidently Not Caring to Make Public the Profits of His Company—Plaintiff Announces That They Will Complete Their Case the Present Week.

Schenectady, Pa., Dec. 12.—Lawyers for the miners against a surprise on the coal companies at the opening of the day's proceedings by calling to the witness stand J. Crawford, one of the prominent independent operators. He is the president of the People's Coal company, which operates the Oxford colliery at Schenectady, Mr. Crawford, who has been attending the sessions each day, was surprised to be called and remarked as he sat the stand: "When did you ship coal last?" "Yesterday."

"What are you getting for it?" "I don't know exactly." "Can you even name it?" "I can't if I want to." "Don't you want to?" "No, sir."

At this point attorneys for the operators objected to the inquiry proceeding any further along the lines of what a company's profits were. Mr. Darrow said he called the witness to show that the coal companies were also to be the witnesses in wages paid to the miners. He asked for Wayne MacVoy, in his examination of Mr. Mitchell, he said, indicated that the increase in coal prices would ultimately be absorbed by the "lowest class of the poor," and he wanted to show that the companies are well able to give the increase asked for without putting it on the poor.

Mr. Darrow then continued the examination. "How many tons do you produce a day?" "One hundred to one thousand tons."

Finally Made an Estimate. "And you don't know how much you get for it?" "I can give an estimate." "Well, what is it?" "About \$2.50 a ton."

COUNTERFEIT UNION LABELS.

Big Plant at Chicago Turning Out Millions.

Chicago, Dec. 12.—In a raid by constables and labor leaders early in the day, it is believed the greatest plant in the country for counterfeiting union cigar labels was discovered, says the Inter-Ocean. The printing establishment of LYMAN E. McFARLANE, 230 Third street above, was entered and the ten counterfeit plates captured from which it is believed all the counterfeit labels in the United States have been printed. The plates, which are of the same size and shape as the original, were also captured.

Christmas shoppers will soon be crowding the stores hunting for some new and pretty articles to give to some loved friends and relatives. Shopping during the short time that still remains to Christmas is a pleasure to some people, but to the great majority it is a tiresome and nerve-racking ordeal.

Most rush to one store for one article, some other store for some other article, and to half a dozen other stores for half a dozen other articles that you can not find in the other stores. What a pleasure it is then to be able to go into one store, an hour or so there and secure almost everything you need without leaving the place; what a lot of time is saved, what a lot of walking, hunting and tire some inquiring is saved thereby. It is a boon to the public. It makes shopping a real pleasure. That is always appreciated by the grateful public is shown by the crowded condition in Rose Brothers store, which is the only store in Manistique where you can secure everything you want for holiday gifts, for men, ladies and children. In ready made garments, shoes, cloaks, furs, rugs, curtains, fancy china, cut glass, bric-a-brac, toilet goods of all kinds, boxes, jewelry, toys and dolls, not a few, but a large and full selection of all we mention. Bring the children to see the largest display of toys in the city.
