ARE NECESSITIES

Waterworks and Sewerage Systems For Manistique. Inevitable Results of Growth.

ALL FAVOR PROPOSITION.

The City Admirably Located for Installing the System.

There is a healthy and growing sentiment in Manistique that waterworks and sewerage systems. The utility and need of these systems is so apparent that it is unnecessary to touch on that phase of the subject. From a sanitary standpoint the sewerage system will in the not distant future become a necessity and to be effective a waterworks system must be installed in conjunction with it. Aside from the utility of furnishing the inhabitants a plentiful supply of pure water at their very doors for culinary as well as for irrigation purposes, a system of waterworks would have a tendency to materially reduce the exorbitant rates of insurance in vogue on residential and business property.

The writer heretofore interviewed several property owners and tax payers on this subject during the past week. One of these owns a modest little house in Lakeland, which he has paid for out of his wages as a mill hand. He is a very fair representative of hundreds of men in this city in similar circumstances. He expressed himself as being heartily in favor of the expenditure of sufficient money to establish these utilities and that he would only be too glad to contribute his proportion either by direct taxation or by a water tax. A man classed as modestly wealthy and the owner of several parcels of real estate was also interviewed and expressed himself in practically the same manner as his fellow citizen in modest financial circumstances.

These conveniences which sooner or later will become imperative, could be established without adding to the present burdensome tax. Thousands of dollars have been frittered away in the management of the city during the past twenty years that if applied toward the payment of these utilities would have balanced the account. Manistique's excellent financial condition, would make it an easy matter to float long term bonds at a low rate of interest to pay for the systems in question. Water rents would undoubtedly pay the cost of operation and interest charges, and a sinking fund founded to retire the bonds, by direct taxation. In this manner the cost of utilities

WEDDING BELLS

Miss Jessie Davidson and Mr. R. J. Van Marter Wedded Last Wednesday Evening.

HAVE GONE TO MACKINAC

And Will Be at Home to Friends After September 1st.

One of the prettiest events of the season occurred Wednesday morning, July 20th at 5 o'clock, at the home of Mr. and Mrs. Alexander Davidson, when their daughter Jessie was united in marriage with Mr. R. J. Van Marter.

The bridal party took their position beneath the beautiful arch of ferns and magnolias while Mrs. Owen played the Lohengrin March. The bride and groom joined hands and Mr. Geo. A. Burdick sang, "Where Thou Wilt Go," by R. Becker, with most pleasing effect.

The bride was prettily gowned in white organdy trimmed with lace and shirtings, and carried a shower bouquet of white bridal roses.

The maid of honor, Miss Pearl Irene Davidson, sister of the bride, was gowned in white and carried white carnations.

Dr. G. M. Livingston, acted as best man. After the ceremony the guests were served with a beautiful wedding breakfast. The tables were tastefully decorated with American beauty roses and peonies.

Those present at the wedding were: Messrs. and Mesdames D. McPhail, A. H. Owen, Messrs. Dr. Livingston, G. G. Quinn, Charles Brown, Geo. A. Burdick, Mrs. Mosher, Misses Margaret Mosher, Blith Fuller, Elsie Brown, Higgman and Tufts. Out of town guests were Miss Suzanne and Charlotte McIntyre of Gladstone, and Misses Anabel and Margaret Buchanan of Minneapolis.

Reasons for Scarcity of Fish.

Several reasons are given for the scarcity of fish in Indian Lakes. It is said that dynamite and nets are used to catch fish, and no doubt this accounts for the apparent scarcity. Then too, the absence of fish hatches at Indian River dam and the two dams on the Manistique river in this city is also a contributory cause. Under present conditions fish can get out of the lake but can never return. Fish hatches should be supplied at the dams.

HAVE GONE TO MACKINAC

And Will Be at Home to Friends After September 1st.

Several merchants have expressed themselves as being in favor of holding a business men's picnic some time during the present summer. They claim that they are so busy looking their own interests that they don't find time to get acquainted with their competitors and also engaged in other lines, and for that reason think that a day could be profitably spent in getting acquainted.

The average business man does not take sufficient recreation, and the idea of doing so for one day and spending the time in the woods or on the lake shore is a capital one, and it is hoped that the business men may meet and formulate plans for a picnic, as has been proposed.

Sold His Interests.

Will Carpenter has sold his interest in the lumber shop to his partner, L. E. Johnson, and is undecided as to his future movements. He may continue to be a resident of Schoolcraft county.

PETER DUBE MARRIES

Dube-Fillon Wedding Occurred Tuesday Morning.

On Tuesday morning at St. Anne's church occurred the wedding of Peter Dube and Miss Florence Fillon, both well known young people of this city.

The wedding was a very pretty event and a large number of friends and acquaintances attended. Miss Jennie Fillon was bridesmaid and Arthur Fillon best man.

After the ceremony the bridal party and relatives went to the home of the bride 1118 Wells avenue where a wedding breakfast was served.

Mr. and Mrs. Dube left Tuesday night for Chicago where they will spend a few days.—Escanaba Iron Port.

Annual Meeting.

The annual meeting of the stockholders of the Manistique Marble Company will be held at Manistique, Mich. on Wednesday August 16th 1934, at 11 a. m. for the election of Directors, and the transaction of such other business as may come before it.

HANS JUHL IS DEAD

His Death Occurred Yesterday Afternoon.

AFTER A SHORT ILLNESS.

Formerly Conducted a Newspaper in Manistique.

Mr. Hans Juhl, editor of the Fremont at Manistique, died yesterday afternoon at his home in that city. Mrs. August Eriksen, his sister, who resides here, received a telegram yesterday afternoon which stated that Mr. Juhl was very ill, and that a male nurse had been sent to Manistique on the first train. Just before train time she received the announcement of his death.

The deceased was born in a German Province, of Danish parentage, forty-four years ago. During his infancy his parents moved to Kolbing, Denmark where he was reared, and learned the printer's trade. He came to America in 1881 and after working at St. Ignace and Chicago he came to Manistique in 1883. For a number of years he was employed in the Pioneer office as compositor, and in 1889 he launched into the business for himself establishing the Fremont, which he published here until ten years ago when he moved his plant to Marinette where he has continued its publication.

He was married to Sophia Johnson in 1885, and one son, aged about ten years, with the widow survives him.

Mr. Juhl was a tireless worker and this made his death all the more a loss to his many friends, including the writer, as he was a man of his untiring energy.

Big Real Estate Deal.

The Lac LaBelle Co. has sold to Joseph H. Berry, trustee, 68,828.37 acres of land in Schoolcraft, Delta and Alger counties. The consideration is \$313,500.

Losing Money.

The local meat dealers are not materially affected by the packing house strike as yet, except that they are losing money, as some of their meat. Pork chops cost them 14 cents per pound wholesale and the selling price is 14 cents. All are receiving their usual supplies.

Patten-Harwood.

Mr. John Harwood of this city and Mrs. Anna Patten of Marquette, were married by Rev. J. B. Fox at the Baptist parsonage, Monday July 16th. The groom is employed on the M. M. & N. Ry. as freeman.

ON A SAD MISSION

Mrs. Harry Rose Called to Middletown, Ohio, by Death of Her Father, Mr. S. Simon.

HE WAS WELL KNOWN HERE

Highly respected by his friends and neighbors, Mrs. Harry Rose received a telegram last Friday evening announcing the death of her father, Mr. S. Simon of Middletown, Ohio, which occurred at 2 o'clock in the afternoon on that day. Heart failure was the direct cause of his demise. The sad news came with double force to Mrs. Rose as she had returned from an extended visit with her father only three weeks ago and he was then taken in the bed of death. A letter received on the day previous to his death stated that he was in his usual good health.

Mrs. Rose left for Middletown on the early train Saturday to attend the funeral. The deceased was born in Europe, sixty five years ago and in early life was engaged in grocery business at London, England. He came to America about thirty three years ago and has for many years been engaged in mercantile business at Middletown.

He leaves a son, Julius, of Middletown, Ohio, and a daughter, Mrs. Harry Rose of this city. Mrs. Simon died about eight years ago.

The deceased was well known here, having made frequent visits to Manistique. Three years ago he spent the entire summer here. He was wealthy, influential and honorable in all that he did. He was held in highest esteem by all knowing him socially and in business circles. He was an honored member of the Masonic Fraternity.

The bereaved relatives have the heartfelt sympathy of the people of Manistique. We clip the following tribute from the daily Journal of Middletown, from the issue of July 15th:

In this hour of grief which has stricken a large circle, and by the ties of blood and friendship as well as the many thousands of people of this city who mourn the death of lamented Simon Simon, whose sudden demise came as a terrible shock to them. I feel I may be permitted in paying a few words of tribute to the memory of this man, to mention the death of lamented Simon and because of this relation toward him. It enabled the writer to get glimpse of the leading attributes that constituted the great charm of his loving personality.

While my acquaintance with him was comparatively long to impress me with his sterling worth as a man. His heart was full of the tenderest sympathies, so much so, that he was ever seeking to alleviate the condition of those who were less favored than himself. In all things he was honest itself. It is related of him that while he served upon a jury of kindness toward himself, especially in the earlier days of his business career; he never treated an unkind thought of anyone who had failed to apply toward him, the spirit of the Golden Rule. He never shirked an obligation, no matter how trivial or how severe it might be.

His life from the cradle to the grave was an open book in which his every thought and act illumined its every page of a beautiful, serene and noble life. Having once satisfied himself upon a matter where duty bade him act, he never evaded or skirted himself off other than as a true courageous man would meet it.

Instances could be given, when, had he been pressed down by obligations that would have crushed the ordinary person, he was less true to that sterling sense of honor that actuated him in all things; and which seemed more in evidence the sharper and severer the crisis, he might have lessened the burden that so sorely oppressed him and still have retained all his reputation for honesty, candor and faithful dealing toward all men, but that was not in consonance with that unflinching honor and probity of conduct that had marked his career from a boy in that far distant home, or as a man of conscientiously discharging the duties of a citizen of this republic, the new home of his adoption.

There was but one course for him to follow—and that was where honor led. It is because of these high qualities, so prominently exemplified in his social, religious and business life that he presented himself so deeply upon all who were connected to him by kindred ties, or by acquaintanceship. Always kind toward all with whom he came in contact, especially so to the home relations, striving ever to lessen the burdens of those about him; seeking rather to remove an obstruction in one's pathway, than to make it more difficult; going often, out of his way to promote another's success or happiness, never thinking of self when performing these good deeds; radiating about himself the sunshine of his sweet and frank personality; he made for himself a place in the hearts of all who knew him, and etched in memory's record, tributes of love and of high esteem that shall last as long as life itself.

It is but seldom that a person by his life, has so appealed to the heart element of those who knew him personally, or through his death that when death has been in heart memory. Such is true in a special sense of Cardinal Manning, Lincoln and McKinley, and such is true of every other person who puts into life the heart principle of living, toward his fellowmen. He did as he had lived, in the complete sense of an abiding faith,

trusting an abiding faith, trusting in the power of God's love and in the fruition of His promises, a noble lesson of unselfish living and of the beneficent power of heart deeds stream along the pathway of a full life.

BARKWORTH WILL DROP OUT

Because He Will Take No Part in the Campaign, Greatly Displeased.

Thomas E. Barkworth, chairman of the Democratic state-central committee, has notified Secretary Charles S. Hampton and Daniel J. Campan, asking them to make arrangements for the Democratic state-convention to be held at Grand Rapids Aug. 3, saying he will take no part in the coming campaign, except as a voter. He refuses absolutely by a recent election as chairman of the state-central committee.

Chairman Barkworth's position is taken as a result of the St. Louis convention and he says:

"The action of the St. Louis convention is, in my opinion, a clear surrender to the Hill faction and the men who backed the Democratic ticket in 1906, and I cannot in honor take part. Not only so, but the candidates have been handed over bodily to the men who betrayed the party and helped to defeat Bryan."

"I agree with Bryan that Parker's nomination was secured by crooked and indefensible methods. While not agreeing to all Bryan says in his manifesto, I cannot but admit his logic. There is no doubt that the party has been betrayed into the hands of its enemies."

Be Careful.

The authorities at Washington have given a penalty of \$500 on any one taking mail out of the postoffice other than his own. All postmasters are liable to make mistakes and get the mail in the wrong boxes and the law says that the people must examine their mail before they take it, and if they have mail leaving the office, and if they have mail leaving their own it must be returned at once. That is the fault of the postmaster makes no difference. This law includes newspapers as well as first class mail.

The tug Annabel is being treated to a new coat of paint this week.

Simmons Notes.

The Simmons base ball team won another victory Sunday by defeating the Rapid River team by the score of 13 to 0. Our boys were right on their mettle and the only time a Rapid River player got any further than second base was when Boyer made a base hit and tried to stretch it into a home run by cutting left and third base. But the umpire saw it all and called him out. Our catcher was good and did the job of knocking everything that came their way. The Rapid River boys are a gentlemanly lot of young fellows and would have put up a better game if they could have played. Their fielding was excellent but lacking weak. Following is the line up:

| | |
|-----------|-------------|
| 1st base | RAPID RIVER |
| 2nd base | Simmons |
| 3rd base | Boyer |
| 4th base | McCall |
| 5th base | Stangeboys |
| 6th base | Tabanart |
| 7th base | Cole |
| 8th base | Forrest |
| 9th base | Barabare |
| 10th base | Hixford |
| 11th base | Pfeifer |

Score by innings:

| | | | | | | | | |
|-------------|---|---|---|---|---|---|---|---|
| 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 |
| Simmons | 0 | 1 | 1 | 0 | 1 | 0 | 1 | 1 |
| Rapid River | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 |

POPULATION IS 4506

The Recent Census Gives Manistique a Substantial Increase in Population.

A GAIN OF 470 SINCE 1900

The Ratio of Increase Places Manistique in the List of Progressive, Growing Cities. Information from Lansing shows that Manistique has a population of 4,506, compared to 4,136 in 1900, an increase of 370.

The census was taken by Messrs. Irish, Freeman, Van Marter and McCallum, and they did their work in a thorough manner.

The figures, when compared with other cities of the upper peninsula show that Manistique is keeping pace with the procession and that its growth, while not rapid, is substantial and steady.

The city has doubled in population during the past ten years and from all indications will repeat the trick during the coming decade and will be a city of at least 10,000 inhabitants ten years hence.

Rather Slow, Brother.
