KILLS GERMS OF CATARRH

Hymel goes to the Root of the Disease and Takes Astonishing Cures.

Catarrh cannot be cured by the use of pills, liquid medicines and so-called system tonics. Under such treatment the germs of the disease will still live in the air passage and increase and multiply.

Hymel is the only scientific and thorough way to cure catarrh. Killing the germs in the air passages; it enters the blood with the oxygen, destroys the microbes in the blood and effectively breaks from the system all traces of catarrh.

Probably the strongest evidence that can be offered as to the power of Hymel to cure catarrh is the fact that A. S. Putnam & Co. will agree to refund the money if you say Hymel has not cured you.

The Complete Hymel outfit costs but \$1.00 and consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hymel. The inhaler lasts a lifetime, and if it does not cure, an extra bottle of Hymel can be obtained for 50 cents.

EDITORIAL COMMENT.

What an inviting field Gridley would be for a temperance worker.

A. W. Maxwell, chairman of the Democratic state central committee of Iowa, has belied the Democratic ticket and has offered to go on the stump for Teddy.

Wesselus has made a statement to the effect that Stearns will not accept the nomination for governor at the hands of the Democratic party, or as an independent candidate.

Mr. J. J. Riley is being solicited by many voters to enter the race for nomination for sheriff and the encouragement is of such nature that he has decided to make the effort.

What do you think of the idea of constructing waterworks and sewerage systems for Manistique? The columns of this paper are open to our readers for a full discussion of the idea.

England demands an apology from Russia for the sinking of a British boat. Fullest reparation must be made, and the Union Jack saluted together with the promise not to molest neutral shipping.

Down at Owosso the mayor is doing what the Law and Order League is doing here, and as a result twenty-four of the saloon keepers of that city are awaiting trial in the circuit court for violations of the ordinances.

The startling news comes from Mackinac county that McEachern claims to control the Schoolcraft county delegation to the representative convention. The politicians here, including the delegates themselves, are not aware of the fact, however.

The horrible tragedy that shocked Manistique last Friday afternoon is another example of what whiskey is capable of doing. A mixture of jealousy and liquor is a dangerous commodity when carried about by a hot blooded southerner.

Too bad that Michigan does not have capital punishment. The death penalty would not be too severe a punishment for the wretch that so brutally murdered Pearl Stansway last Friday. No doubt the murderer had premeditated due the deed, and lured the girl from Canada, where they promptly hang such dastards, to Michigan, where the extreme penalty is imprisonment for life.

The courts have just decided that Admiral Dewey and his men are entitled to a million of prize dollars on account of the destruction of the Spanish fleet in Manila bay five years ago. This is not so astonishing as if Dewey had taken five years to do the work and the courts had decided on the division of the prize money between coffee and late breakfast. The law may shoot straight, but the man behind the sheepskin is brother to the snail.—Detroit Journal.

Again the unionists, despite the advice of their leaders, are resorting to violence toward those that are willing to work in order to provide food for their families. During the past week several men whose families were in want were fatally injured by a frenzied mob while seeking employment at the Chicago packing houses. This is a free country and a man may elect to work or not to work, but no one has a moral or civil right to keep others from earning a livelihood.

The Wall Street Journal makes the editorial assertion that the "high finance" crowd in Wall street, as for Parker. The Journal is exceptionally well informed on the drift of sentiment from that quarter, and its remarks are worth quoting. It closes an interesting review of the line up as follows: "It is safe to say that while Wall street will contribute to the campaign fund of both political parties this year, the largest share of campaign money will go to Judge Parker. Very confident assertions are made by local Democratic politicians that there will be any amount of Standard Oil money for Judge Parker. The hatred of the 'high finance' for President Roosevelt is undiminished and, indeed, rather refreshed by the hope of defeating him. It is not surprising, because he is unrepentant. It is still in Wall street as it was in February, 1903, anything to beat Roosevelt."

EDITORIAL COMMENT.

Marquette's new court house will be dedicated during the first week of September.

Malcolm McLeod, who was defeated for the nomination for auditor general, will quite likely succeed Grosvelo as state labor commissioner.

Manistique certainly has had its share of excitement during the past week. A murder and a case of accidental death by drowning are certainly sufficient for one week.

Russia has, by deciding to give all judicial prisoners a trial instead of allowing them to expire in Siberia, inaugurated a wonderful reform. In time Russia may become a civilized nation.

The newspaper man who asks for support is a bigger a dead beat. His paper will readers the most readers is always headed by merchants.

The Democrats are having all kinds of trouble to induce some one to accept the nomination for governor. Warner is such a strong candidate that the party is finding it extremely hard to find a man sufficiently partisan to offer himself as the victim.

The infamous idea that anything is fair in politics is not seriously approved in Schoolcraft County. The people want men to be as honest in politics as they can be anywhere else. Fair elections are wanted and men who make pledges and promises should keep them like men. Honesty pays best in everything. To advocate any other policy is dishonesty.

The untimely death of Dan Scott by drowning at Indian Lake last Sunday cast a pall of gloom over the entire city. He was a model young man. His habits were good, he was industrious, always cheerful and was the main support of his parents. It is sincerely regretted by his many friends that he should have been cut down in the full bloom of young manhood.

A pathetic memento, a few wild flowers tied by a soiled ribbon, the gift of a poor family, was the only floral decoration placed upon the casket that contained the remains of "Golden Rule" Jones of Toledo, when they were in state in Foleoid's city hall recently. The withered garland expressed the love of the common people more forcibly than a hundred column casket. Jones may have been erratic and many of his ideas impractical but he spent his life and means in living up to the tenets of the Golden Rule. That he did this is attested by the fact that he, while wealthy, was so universally beloved by the less fortunate. When the tenor of the very rich and the very poor converge over the grave of a man it is safe to say that he, while engaged in the activities of life, exemplified the noble teachings of the rule which if universally followed and carried out, would transform the world.

If the Republicans do not win a sweeping victory next November, apathy will be the cause. The Democratic party is more united now than at any time within the past eight years, and will wage an aggressive campaign. Millions of dollars will be used by the Democratic organization to encompass the defeat of Roosevelt. Warring factions have relegated principles to the rear and are hot foot and untidily hustling to gain control of the government. When it comes to voting you will see the wildest silver man shouting for Judge Parker and the strongest anti-trust man warmly supporting the Wall street candidate. It is none early for Republicans to firmly resolve that they will go to the polls next Autumn and vote the straight Republican from coroner to president, and to induce their friends to do likewise. Democracy has been in control of the government at sundry times and the sorry mess they made of it is well known.

If every Republican in the United States does his duty the election of Roosevelt is a certainty. As we said before, the only danger is apathy.

"HERE TO STAY."

The Northport Leader was ten years old last week Editor Campbell, who by the way is one of the wisest members of the profession in Michigan, in speaking of the birthday anniversary of his paper says:

As a medium for the advancement of public and private enterprises, it has been a success. As an agency for the distribution of samples of our goods, its style of rhetoric and inflammatory elocution, it has been a "howling" success. As a money making concern, it is not rated by Dunn or Bradstreet as one of the financial octopuses to be pointed out by the enemy of wealth as a horrible example of the sudden accumulation of a large portion of the world's finances by a single individual, and all under one large water-proof canvas. * * * The life of a country publisher is that of a stationary tramp without any tomato can. Be that as it may, like the man in the sarcophagus; we are here to stay.

WHAT THE PEOPLE LIKE IN ROOSEVELT.

Privilege has had some fairly hard raps of late, and the American people have a pretty clear idea that Mr. Roosevelt will give it a few before he lays down his office. Both those who by what they should not have and those who bulldoze are being taught their place in a democracy where each is as good as his fellow man, but no better. The entry in the government printing office who had expected to turn the public service into a "closed shop," and to admit and reject whom they chose, were brought up with a round turn in the Miller case. The people liked that tremendously. The greatest magnates in the land, aided by the shrewdest lawyers, organized a huge corporation in violation of law. The supreme court, at the instance of the administration, ordered it dissolved. The people liked that tremendously. There is a conviction throughout the country that the interests of the plain people, who ask nothing of the government but ample protection in their right to earn an honest living in their own way, are looked after by Mr. Roosevelt, and that he does not forget them when under the pressure from the political and personal representatives of privilege hunters of all kinds. Different as Mr. Roosevelt is in so many ways from Lincoln and from McKinley, he is like those two great men in his intuitive insight into the mind of the plain people. Mr. Roosevelt's scholarship has not blinded his human sympathy, and he has no subtlety of mind behind which to hide his natural simplicity and directness.—American Monthly Review of Reviews for July.

DIED OF PERITONITIS
What the Marinette Eagle Says Concerning Hans Juhl's Death.

The death of Hans Juhl which was mentioned in the PIONEER-TRIBUNE last week was caused by peritonitis. The Marinette Eagle of last Friday, in speaking of his death says:

Hans Juhl, editor of the Fremont, the Danish paper, died this morning shortly after one o'clock. He had been sick two weeks past and during the last few days his condition was very critical. A Milwaukee physician was called in on consultation Tuesday.

He was forty-four years old and came to Marinette from Manistique, Michigan years ago. He published the Fremont for five years at Manistique and then moved it to this city, where he had published it continuously for the past years with the exception of two issues he missed during his illness.

He also published a small magazine in the Danish language for some time. He was a man of sterling character and had built up a nice business in Marinette. He is survived by his wife and two year-old sons. The funeral arrangements have not yet been made and have been held in abeyance until the arrival of relatives from Manistique, Mich., tomorrow.

Mr. Juhl died from peritonitis following inflammation of the gall bladder.

MR. M. F. LEROY DEAD
His Demise Occurred at Detroit Last Friday Afternoon.

Chas. and M. LeRoy were called to Detroit last Saturday morning upon the receipt of news that their father, Mr. M. F. LeRoy, was critically ill. Shortly after they left the city a telegram was received announcing his death. The deceased was well known in this city for years in the capacity of traveling representative of wholesale business. During the past few years he had been engaged in the insurance business.

A letter received by the editor yesterday morning from Chas. LeRoy stated that Mr. LeRoy died Friday afternoon at 6 o'clock at the home of his daughter in Detroit and that the funeral services were held from the same place and took place at the residence of Messrs. A. M. and Chas. LeRoy, Detroit, two hours after the funeral but in time to attend the burial services. The cause of death was carcinoma.

From a Pontiac newspaper we glean the following:

Myron F. LeRoy died at the home of his daughter, Mrs. William F. Manne, in Detroit, on Friday the 23rd day of July, 1901.

Mr. LeRoy was born at Milltown, N. Y., in 1822, and resided in Louisiana in the early fifties. In 1850 he took up his residence in Saginaw, Mich., where he was engaged in the manufacture of wagons. Later, for a number of years, he served as collector of taxes. Mr. LeRoy in 1897 removed to Detroit where he conducted a grocery store for a number of years until about 1878, since which time and until his death he has been a commercial traveler in Michigan. Mr. LeRoy was the last survivor of a family of eight brothers and sisters. He had a son, Martha M. LeRoy, and seven children: Mrs. C. A. Koehler and Mrs. J. F. Payne of Saginaw; Mrs. Willar F. Manne of Detroit; Mrs. Frank D. Hatch of McGregor, Iowa; Samuel LeRoy of Hazelburg, California; Abram M. LeRoy and Charles H. LeRoy of Manistique, Michigan.

SCALDED BY EXPLOSION
Of Pat Containing Coffee, Last Saturday Evening.

Mrs. John Hancock met with a terrible accident on Saturday evening, by which she was severely scalded about the face, arms and chest by the explosion of a patent coffee-maker. A party named Mr. and Mrs. John Hancock and Mrs. Bessie, Miss Hancock, Miss Hubbard, Mrs. O. A. Bower and John Hancock were to have a party at the home of the latter on the second side of the river near the sand bank, and while preparing the coffee the lid of the vessel was blown off and the contents scalded hot struck Mrs. Hancock fairly in the face. Her hair was pulled and crossed the burns, and while very painful, no serious results are anticipated. The guests took supper at about eight o'clock.

EVELYN CLARK INJURED
Daughter of Cashier Clark of the State National Bank, had Narrow Escape From Death.

Evelyn Clark, four years old, daughter of Mr. and Mrs. Harry W. Clark of Bryant street, met with a serious accident at the residence of William Charlton, which adjoins the Clark residence, last Saturday afternoon. The child fell from a second story window on the south side of the house and landed her left leg near the bay.

While the fracture is very serious, the child was fortunate to escape with her life. She was sitting in the window with her back against a screen. The weight of her body caused the screen to fall out and she fell with it, turning a summersault in mid-air and striking the ground on her left leg. The distance was at least 16 feet. A vain attempt was made by the other children in the room to catch the girl as she fell. Dr. Chandler was quickly summoned and the little girl was taken to a comfortable apartment. Had the child struck on her head the result could hardly have been expected being fatal.—Tonawanda Daily News.

FOUND DEAD IN DITCH
John Reardon's Body Found Along Railroad Track Near Gritley.

Soo Line section men found the body of John Reardon in a ditch along the track about midway between Gritley and Blaney Junction Monday morning. Sheriff Moody and Coroner Kestner were telegraphed for and after examining the body they could not find any indications of foul play and decided that an inquest was unnecessary.

Reardon left Putz McNamara's restaurant about five o'clock, for the shack on the McNamara farm which he occupied. He was quite drunk when he left for the farm, and a bottle partially filled with whiskey was found on his body. Alcoholism, epilepsy or heart trouble, was the cause of death. The body was lying in a shallow pool of water but when found the face was not immersed. The grass and bushes in the immediate vicinity looked as though he had crawled about in a circle for some time.

The body was brought to Manistique for burial. The deceased was about sixty years of age.

LIGHTNING'S WORK
The Hannala Residence Partially Wrecked by the Electric Fluid.

A bolt of lightning entered Perry Hannala's residence last Friday afternoon over the telephone wire and did considerable damage to the building. Many of the windows were shattered and most of the plastering in the house was knocked off. Walter, the oldest son of Mr. Hannala, was sleeping in one of the upstairs rooms and miraculously escaped without injury. He was covered with plaster when found.

The same bolt severely shocked a little daughter of Mr. Wm. Radford, who lives across the street from the Hannala residence. She was standing in the doorway when the shock came.

ENTERTAINED VISITORS
Parties Given in Honor of Mesdames Swift, Brown and Martin.

THE HUNT STOCK CO.
Playing to Good Business at the Opera House This Week.

The Hunt Stock Co. is pleasing fair-sized audiences at the new opera house this week. The company is above the average in ability and the specialties between the acts are exceptionally good. Kate Fitzgibbon, the star, has an exceptionally sweet and well trained voice and her solos are very enthusiastically received. Marie Fitzgibbon especially in character songs and exerts in the Irish. The company will give a matinee tomorrow afternoon at the usual hour and will conclude the engagement tomorrow evening.

This is the initial visit of this company here, and as it has pleased theatergoers will no doubt include Manistique in future itineraries.

Simmons Ball News.
The Simmons ball team defeated the Gladstone team last Sunday at Gosh City by the score of 10 to 2. Our boys played a snappy game all through and only for an error by Yaww in the 3rd, but the boys would have been shut out. Brown established a record in the 3rd, but three balls being pitched and in the 9th but seven. Gladstone batters fazed him, he striking out 11 and but two hits being made off him. While Simmons touched up Schuler and Brazill for 14 hits.

The visitors are a gentlemanly lot of boys and played good ball, but their base running was very poor and they have had a few more scores. The line up follows:

GLADSTONE
Loney 1st b Tolbar
McClellan 1st b Ervingham
Gulkins 2nd b Dalton
Stangley 3rd b Fairbanks
Vanderlost c Busby
Brown p Schuler and Brazill
Jack Sharkey c Hollister
Lowe 1st b Schuler
Yaww 1st b McClellan
Vanderlost 1st b McClellan
Vanderlost 1st b McClellan
Vanderlost 1st b McClellan

Score by innings:
1 2 3 4 5 6 7 8 9
Simmons 0 4 1 0 0 4 1 0 2
Gladstone 0 0 0 0 0 2 0 0 2
