A Bank Account

Is very convenient if a payment is disputed. People do not always take receipts for the money they pay, and even when they do, sometimes lose them. If a bill is paid, put no proof of the fact can be furnished, and payment is again demanded, too often it must be paid the second time. But if a check is given for the bill, this is the very best kind of evidence of payment. Everybody should have a bank account, and pay all bills whether large or small, with checks. EDITORIAL COMMENT.

Patrick O'Brien, editor of the Iron River Reporter, it is stated, is an aspirant for the nomination of Representative in his district. Pat is justly popular with the newspaper men of the peninsula and no doubt every one of the "gang" would be more than pleased if he should score.

One hundred letters were recently sent to one hundred practicing physicians in different parts of the country, asking their opinion of vaccination. Exactly one half of them replied that they believed in it, and the other half replied that vaccination was a curse to the human family.

Remember what a wag said of two wise kings: "King David and King Solomon let very merry lives, they amused themselves immensely with concubines and wives; but when old age came on them, and filled their souls with qualms, King Solomon wrote the Proverbs, and King David wrote the Psalms."

The government having discontinued the coining of the silver dollars the probability is that they will in due time pass out of circulation altogether, and their places taken by one and two dollar bills. There has all along been a hostility to silver in the East, and the people there will not accept standard dollars in exchange for currency, unless they are obliged.

QUESTIONS AGAIN, BROTHER.

The long winded homily that appeared in the Record last week in which its editor contended that the taxes, which are conceded by everyone to be exorbitant, would be reduced if the voters voted right this fall, and would supplant the so called political bosses now in the ascendancy and the "plain people" which consist of Patrick McNamara and other political satellites, that are furnishing the sinews of war for the new newspaper venture, be placed in the saddle.

If the astute editor of the Record can prove how his official can increase the rate of taxation his deparment scheme to hoodwink the average voter may appear more opaque than it seems to all at present.

The county board of supervisors, the city council, the board of education and the board of poor commissioners have the supervision of every dollar of the county. They control the expenditure of every dollar of the public funds, and the supervisors and aldermen fix the rate of taxation. If the treasurer, sheriff and clerk are honest, and no one has ever questioned the honesty of Messrs. Rogers, Mooley and Bowen, they can draw only the salaries fixed by the board of supervisors. How the election or defeat of candidates for county office can possibly affect the rate of taxation is beyond the ken of the average mortal.

That reforms might be made in the expenditure of money by the board of poor commissioners that the board of supervisors might save a snug sum yearly by the use of the pruning knife, and that the city council might do the same thing, is conceded by many but as aldermen and supervisors are not voted for at the coming election the contention of the Record is extremely gaudy.

One of the heaviest stockholders of the Manistique Record and who dictates much of its policy, when serving as alderman last year, railroaded the purchase of the steam roller that body, and added a two or three thousand dollar debt upon the municipality, drawing a high rate of interest, in November, and as a result the city paid interest during the entire winter on an investment that could not be used until April. This is one of the many ways in which the public funds have been squandered, and his constituents wisely did their duty as citizens by turning him down at the caucus and later at the polls.

It is admitted by all that Manistique's rate of taxation is entirely too high, and there are reasons why the rate is high aside from extravagance upon the part of those that expend the money raised.

If all the taxable property of the city and county was placed on the rolls, and a fair and equitable valuation placed thereon, there would be a radical drop in the rate.

The writer directly and indirectly paid taxes last year aggregating \$1,400.00 and has certainly more of a "kick coming" than one that does not own a dollar's worth of property and whose name does not appear on the tax rolls.

There are other reasons why the rate is high and from the failure to place a fair valuation upon real and

personal property. The county is at present paying for the handsome new court house, and there are few if any taxpayers that are objecting to contributing their mite. Then, too the city is paying for the new and much needed school house in Oakland addition. The school tax is the heaviest tax of all, yet no self-respecting citizen begrudges the amount paid for that branch of the municipality and no one can, in our view, that the board of education is extravagant in its expenditure of public funds.

When all property is fairly valued, when the owners of valuable franchises will be compelled to pay for their concessions, when officials that have the debt creating power will draw in their horns, then an improvement in matters of taxation may be expected.

The fact that Bill Jones or John Smith are contestants of county offices and that the election of one or the other of them is desired, will not affect the taxation, for county officers draw the salaries fixed by the supervisors, and those handling county funds, are now compelled to give surety of such a nature that in case of de-falcation, 100 cents on the dollar will be realized instead of 50 per cent as was the case several years ago when the treasurer proved treacherous to the trust imposed upon him.

The cry of high taxation is being used as a cloak to hoodwink the public at the present time and to accomplish ulterior motives. If the Record is sincere in its contentions it will make that fact known next spring by working the tax racket, for from all appearances the local taxes this year will be as excessive as they were last year.

EVEN MONEY ON ROOSEVELT.

Governor O'Dell of New York in response to a suggestion that the presidential election will be close, said: "It won't be as close as you think. I met a man today who said he wanted to bet even money Roosevelt would carry New York and would let two to one on every doubtful state, which included Indiana, Illinois, Wisconsin, Connecticut, New Jersey and West Virginia. He had found no takers."

GOLD BEYOND COUNT.

The government under Roosevelt and the Republican party is not borrowing money or selling gold interest bearing bonds to pay current expenses. The stock of gold in the United States still continues larger than in any other country in the world. Besides the gold in active circulation, the treasury vaults now hold gold coin and bullion to the amount of \$696,835,068, exclusive of the legal reserve of \$150,000,000. For the first time in the history of the country, the trust funds in the United States treasury amounted to more than \$1,000,000,000. The total amount is \$1,002,169,699.—Mining Gazette.

CLARK IS AN ORATOR.

The nomination of Mr. Judson B. Clark to the office of Representative in the State Legislature from Alger, Lape, Mackinac and Schoolcraft counties, comprising the Schoolcraft district, was made by acclamation, the secretary being instructed to cast the full vote of the convention for him. Mr. Clark's speech, when brought before the convention, was a ringing Republican utterance, placing him at once among the few really able platform speakers. Those unacquainted with Mr. Clark's forensic powers (which he has too long suffered to lie latent) were surprised and delighted. "Here's a man," said Editor Baldwin of the Manistique Republican, "whom we want to 'stump' our county." And the delegates from other counties were of the same mind—and, looking ahead, beyond the campaign now opened, they saw in their nominee a clear, able gentleman, bright as a dollar, who, at need, could clearly and forcibly present his views on the floor of the House, take creditable part in debates, his influence and usefulness not limited to the exercises of corridor talks and button-hole interviews.—St. Ignace Republican News.

REPUBLICAN PLATFORM RELATIVE TO PRIMARY ELECTION REFORM.

The following resolution declaring for primary reform was adopted at the Republican state convention held in Detroit: "We believe that the selection of candidates for public office should be protected from improper control and taint of corruption, and should be conducted as the judgment and will of the people in their respective counties and election districts may demand and direct. To that end we affirm the action of the Republican convention at Grand Rapids, May 18, 1904, in favor of primary reform where changes from the existing caucuses and convention system are desired.

"We further believe it wise and desirable that all caucuses and primaries relating to the selection of delegates to state conventions should be held upon the same day. And we recommend to the incoming legislature the adoption of such a law, with proper details for its satisfactory enforcement."

This is in line with the primary election laws of such other states as Michigan would desire to be classed with, has stood the test of practical application, is conservative, and will, we believe, prove perfectly satisfactory to the people of our state.

SUN OUT FOR ROOSEVELT.

The New York Sun editorially says: "To state the Sun's position and its reasons therefor requires no meager display of explicit and implicit expression. The main consideration is as broad as the nation's interests. At the caucus now made up we prefer the impulsive candidate of the party of conservatism to the mildly conservative, temporary, opportunist representative of the Hun vote in the background. We have more faith in the distinct promises of the Chicago platform, not ignoring the more serious defects of that document, than we have in the miserable hell brood of dishwater and dynamite concocted at St. Louis a month ago by a party afraid to renounce its criminal frolics, and that at Exempt by a respectable candidate who declares with gusto that its flavor is admirable.

"We shall, hereafter, advocate the election of Roosevelt and Fairbanks and advise the defeat of Parker and Davis, preserving our own absolute independence of organic control and our freedom of judgment as to every specific question occurring. And may the Honorable Theodore Roosevelt's present discouragement of precipitancy stand always at his elbow.

"In the politics of the empire state, so far as they concern state matters, we shall support the candidate, whatever may be the personal disposition of his to us, who seems to us to be more likely to give the people of New York the honest and competent administration their public affairs so grievously need and to wipe out the shame and evil of existing conditions at Albany."

AN EXCELLENT CHOICE.

The Republicans of the Schoolcraft legislative district, comprising the counties of Alger, Lape, Mackinac and Schoolcraft, made an excellent choice when they placed in nomination for the legislature, T. B. Clark of St. Ignace. Mr. Clark is a clear-cut business man, a sterling citizen and an enthusiastic Republican. It is a safe prophecy that the next legislature will include among its members but few who will be the peer of Schoolcraft representative. Earlier in his career, the St. Ignace man was elected mayor of his home town and some idea of his high esteem in which he is held by his fellow citizens may be had from the fact that his re-election was unopposed, the only time in the history of municipal politics of St. Ignace that such a thing ever occurred.

Mr. Clark is a modest, unassuming gentleman of the best type and his record as a lawmaker is sure to be one of which northern Michigan can be proud.—Sun News.

FOX COUNTY TREASURER.

Edward H. Jewell announces his candidacy for the Republican nomination for county treasurer. Mr. Jewell is a young man of sterling worth, is honest, and capable of filling the position he seeks with great credit to himself and the county should the party see fit to nominate and elect him. He is a good accountant, and has the education and experience, so vital in the position he seeks. He has been a resident of Schoolcraft county for twenty-one years and is at present holding a responsible position in the Manistique bank. With two such excellent candidates in the field as Messrs. Jewell and Johnson, who are as yet the only ones to announce their aspirations for the office, the race will be a close one.

Judging from appearances thus far there will be a refreshing absence this year of the activity that has characterized the pre-convention campaigns of previous years.

The Sun Times hints that Clark's nomination is so unpopular that a good Democrat if nominated could defeat him. He was nominated by acclamation, and his election will be nearly equally as unanimous, no matter who the Democrats will secure to make the race.

'Tis often said, and truly too, that the average newspaper man can take a vacation and his absence be not missed by the readers of the paper for which he furnishes copy. There is one exception to the general rule. Wherever R. H. Wheelock of the Manistique Tribune hikes out for a vacation the last page of that paper contains a notice of his absence.

Several things were demonstrated by the fire at the Chemical plant Monday evening, which if remedied, will no doubt materially lessen the damage in the future. The mammoth pump at the plant should draw its supply from the river instead of from a tank. The too, a platform should be built on the river bank for the convenience of the city fire department. With the adequate supply the river furnishes the chemical plant would be certainly able to cope with any fire without the aid of the local department, but no matter how powerful the pump is it must draw upon an unlimited supply of water to do effective work.

JAPS PRESENT DEMANDS

Call Upon Port Arthur Commanders to Surrender.

Tokio, Aug. 15.—The commander of the army besieging Port Arthur reports that Major Yamada, a member of its staff, was dispatched under a flag of truce to the outposts of the Russians, where he delivered to the Russian staff officer the offer of the emperor of Japan granting the removal of non-combatants. He also demanded the surrender of Port Arthur. An answer is shortly expected.

RUSSIAN VESSELS MISSING

VLADIVOSTOK SQUADRON NOT HEARD FROM SINCE SUNDAY'S ENGAGEMENT.

ST. PETERSBURG, Aug. 15.—The admiralty is beginning to manifest uneasiness at the fate of the Russia and Gromobol, of the Vladivostok squadron, which have not been reported since the engagement of Sunday last with the Japanese squadron in the Straits of Korea.

MANY SERIOUSLY WOUNDED.

Japs Rescued Six Hundred of the Rurik's Crew.

Tokio, Aug. 15.—Six hundred and one of the crew of the Russian armored cruiser Rurik, sunk in the engagement Sunday with the Japanese squadron commanded by Admiral Togo's casualties on Aug. 10 increased the total of killed and wounded to 228.

CHEFOU A RUSSIAN BAPT.

Japan Will Not Surrender Captured Destroyer.

London, Aug. 15.—With regard to the Ryeblent Japan, it is asserted, is determined not to comply with the Chinese demand, submitted in compliance with the Russian note, that the vessel be returned to Chefoo. Japan insists that to all intents and purposes Chefoo has been a Russian base during the war, Chinese junks having been fitted out there and sent through the Japanese "blockading vessels" to Port Arthur.

The steamer has yet been given to the Ryeblent, but when it is done it will be communicated to all.

BEY AT VLADIVOSTOK.

Several Russian Ships Did Not Return to Port Arthur.

St. Petersburg, Aug. 15.—Rumors in circulation here as to the effect that the cruisers Diana and Pallada have reached Vladivostok. It is possible that these reports have grown out of the receipt of private telegrams by the families of naval officers.

Cholera Intantum

REASONS

Why our Vinol is the Greatest Health Restorer and Strength Creator Known to Medicine.

Because Vinol contains in a concentrated form all of the most active elements found in cod liver oil, and because it does not irritate the stomach, therefore wherever old-fashioned cod liver oil emulsions will do good, Vinol will do far more good.

Because we have never sold anything in our store equal to Vinol to restore health and create strength for old people, weak, sickly women and children, and because it is so easy to take, and so pleasant to take, it is the best medicine for all ailments.

Vinol cures hacking coughs, chest and lung troubles, and all ailments of the throat, bronchitis, and all ailments of the chest and lungs.

A prominent physician writes: "Vinol is the most palatable and reliable preparation of cod liver oil ever compounded. I now use it entirely in all cases where I formerly depended upon old-fashioned cod liver oil and cod liver oil emulsions to relieve my patients."—Wm. H. Wood, M.D., New York, N.Y.

REPULED AT ALL POINTS.

Japan Makes General Attack on Port Arthur Aug. 10.

St. Petersburg, Aug. 15.—The emperor has received the following dispatch from Victor Aleksov, dated Aug. 12: "According to a report from Port Arthur, the Japanese fleet of Admiral Taka and Sasebo mountain in front of the city during the night of Aug. 10. The heavy train of the Japanese was attacking our coast front, but was repulsed at all points. They also attacked simultaneously our whole front from Wolf hill to Taka mountain, but everywhere were driven back. The success has been bounded from the east side for four days."

The receipt of the official dispatch announcing the repulse of an attack on Port Arthur revived the hopes that the fortress may prove invulnerable. General Stossov's dispatch also disclosed the early morning current in the city that the streets had been cleared.

PORT ARTHUR BURNS

Shells from Jap Batteries Set Fire to Buildings IN THE FORTRESS.

Shankwan, Aug. 17.—The Japanese began a night attack Monday from the east and west of Port Arthur. From their position north of the fortress they set fire to it usually of fire of timber which has been carried down from Wolan and other points of the fortress.

Under cover of this Lieutenant General Nogi's brought up a howitzer to the slopes of the Hze hills, digging trenches and observing buildings. The important buildings on the east side there was a fire from the Japanese shells, which they captured on Japanese positions on both sides were enormous.

SHIPS MAKE A SORTIE

RUSSIAN VESSELS VAINLY ATTEMPT TO GET AWAY FROM PORT ARTHUR.

Chefoo, Aug. 17.—The Russian ships under the Russian flag made a sortie early in the day. The Japanese did not get some distance from the harbor entrance during the night, leaving outboard from Port Arthur. This gave the Russians a chance to get some distance out before being discovered.

Late in the afternoon the Russian fleet returned to Port Arthur harbor without succeeding in the Japanese. The sortie of the Russian warships from Port Arthur is regarded as a confirmation of the Russian reports that the Japanese have occupied an important land position, and are now leaving the harbor. It is certain that they returned to their former anchorage after the sortie.

IN BATTLE OF AUG. 10

JAPS REPORT THE SINKING OF A PROTECTED CRUISER OF THE PALLADA CLASS.

Tokio, Aug. 16.—Admiral Togo reports that a vessel of the type of the protected cruiser Pallada was captured and sunk in the engagement of Aug. 10.

Chefoo, Aug. 16.—An unconfirmed report which has reached here from Tsingtau says the Russian cruiser Rurik, which put into Tsingtau after the capture of Port Arthur and which sailed there and put to sea within her twenty-four hours' limit, has been sunk forty miles from Tsingtau.

Japan Claims Russia Violated Chinese Neutrality.

St. Petersburg, Aug. 15.—Information received in St. Petersburg, Aug. 15.—The Russian government has received information that Japan will decline to accept the Russian proposal to have a representative on the coast guard ship which is to accompany the Russian fleet to the coast of China, and that the Russian government is to be held responsible for the violation of Chinese neutrality, which Japan, at the opening of the war, promised to respect to the extent of her power.

It is understood that Great Britain, the ally of Japan, has declined to apologize. It is believed that Japan realizes that this course will do her no good, but that she will not follow it because it would mean a loss of prestige in China, where some opinion has already been translated to mean weakness.

China has replied to Russia's representations regarding the Ryeblent, but her reply is couched in general terms, and she has declined to do so to preserve the strictest neutrality. It is expected that the Russian government will not accept the Japanese proposal to have a representative on the coast guard ship, and that the Russian government will not accept the Japanese proposal to have a representative on the coast guard ship.

A SHOOTING AFFRAY
John Robinson Arrested on Charge of Shooting David Francis, His Employee.

ROBINSON DENIES THE CHARGE
Bullet Passed Through Francis' Chest Injuring His Arm and Knocked Out Several Teeth.

Francis arrived at town late Friday afternoon with an automobile in his rich check caused by a rifle ball. He and Robinson had a quarrel a short time before the shooting and Francis was leaving the place when the shot was fired and was about 100 feet from the house when struck. He was thrown to the ground by the force of the ball, and managed to get to the Swedish residence, where the wound was temporarily bandaged and Mr. Sheridan hitched up his team and brought him to the city for treatment.

My name is David Francis, a resident of Manistique and an sixty-one years of age and have a daughter living at Manistique. I have been in Manistique and vicinity since some time in June. Worked at digging sewer for some time and went to work for Robinson about the 15th or 18th of July. Worked in buying for \$1.25 per day but about After having worked for Robinson building a bridge. Was in Manistique with Robinson on Aug. 11th. We had a few drinks but not enough to affect me. We took two half pints of whiskey when we started for home, and drank one of them on the way, arrived at Robinson's farm about 12 o'clock at night. Had never seen Robinson before I met him at his place. We drank the other bottle of whiskey the next morning. Did not work the forenoon of the 12th except remove the hay rack from wagon. While removing the rack it fell on both of us, it hurt me but don't know whether it hurt Robinson or not. Robinson called me a slow, lazy fellow. I told him I did not want any trouble and that I would leave him, and went to the house and upstairs, changed my clothes, packed my grip and came down. I left Robinson at the wagon, but he came to the house while I was upstairs, and began preparing his dinner. I went out the door and hid him the time of day, then asked him what he was going to allow me for selling his land. He replied 2 per cent on the dollar. If I went out on toward the barn, following the usual path to get around a stump, went in a southeasterly direction. Went through the bars and was going along the path when I heard the crack of a gun and fell. Was somewhat dazed but got up picked up my hat and grip and started, looked back and saw Robinson a few feet from me, he was firing a shot. I had something in my hand which I supposed to be a gun. Fell from the edge of the shot, which entered the right side of my face near the jaw and came out the corner of the mouth. I am positively clear as to what happened in a few minutes, was somewhat frightened and went straight to the place of the man who brought me to Manistique. I do not remember passing Robinson's place. If Robinson did or said anything to me after the shot I do not know it. Robinson and I had settled up on the 11th and he paid me about \$18.00. I had paid me some before. I know that Robinson had two guns in the house, a rifle and a shot gun and rifle combined. At the apartment hearing held Wednesday Mr. Francis was cross questioned as to the shot he had reached when shot. Sheriff Moody also testified as to the exact spot where he found Francis' pipe, and that it was about 125 feet from the house and that there was an unobstructed view from the house. He also testified that two fences and small fruit trees obscured the view from the town across the river at which point Mr. Robinson claims that he saw a man dodge into the bushes after the shot was fired.

THE GRIP
The men whom we admire are those who are willing to work, to sacrifice for some good cause. The success of every church depends on those who will labor for the church and do not seek always to shift responsibility. It is constantly said that the success of our government depends upon men like Folk in Missouri, Jerome and Law in New York, who are willing to work for the cause of poor politics and good government. We admire men and women in proportion as they are able to look beyond their own interests, their own families, and work for the church, the country and other people. "Whoever would become great among you shall be your servant."
