MANISTIQUE, MICHIGAN, FRIDAY, AUG. 26 1904.

\$1.50 PER YEAR.

MR. GONVEA PAROLED

After Serving More than a Year in Marquette Prison.

WAS RELEASED LAST FRIDAY

He Expects to Locate in the Lower Peninsula.

Mr. John Gonvea, who was sentenced to serve a four years term in Marquette prison at the June term of the circuit court in 1902, having been found guilty of manslaughter, for killing Elmer Landvall, the seven-year-old son of Mr. and Mrs. Chas. Landvall, received his parole on Friday last week and is now at liberty.

It will be remembered that on Thursday evening, April 19th of that year a number of small boys fantasized the old gentleman by throwing rubbish against his door. He first shot a pistol blank in the darkness and the bullet struck little Elmer Landvall in the head with fatal result. The victim had not participated in the affair that angered Mr. Gonvea and was at least 200 feet away from the Gonveas' gate, from which the shot was fired.

The jury consisting of Messrs. Kelsey, Barnes, E. A. McEllan, C. D. Rahl, Alex. Durno, Archd. D. Smith, Geo. Colby, James Mutari, J. D. Kaylor, Samuel Brooks Jr., Ben Odo, Jacob Edwards and Elmer Vincent, after a number of ballots brought in a verdict for conviction on the charge of manslaughter, accompanied with a request for mercy at the hands of the judge. For some months petitions have been circulated in his behalf and were largely signed by our citizens who felt that the aged gentleman had been sufficiently punished for the crime he had unwittingly committed.

Having sold his property here he contemplates locating in the lower peninsula.

Weston's Stern Damaged.

The steamer Weston is at the shore dock of the Detroit Stevedoring Co. with its stern badly damaged. Just how it happened is a mystery to the crew. The boat made an entire trip to the bottom bracket of the bearing missing, but her master was not aware of the fact until Dover Jones made an examination yesterday. It is now supposed that the boat picked up a log in her wheel. It will take two or three days to complete repairs.—Detroit Journal.

Mrs. William Miz, who has been critically ill, is reported as improving.

AT ADJOURNED EXAMINATION

Officers For and LeDue Testified as to Measurements Taken at the Robinson Farm.

An adjourned examination was held in the John Robinson case, in Justice Simmon court last Saturday afternoon at which time Officers LeDue and For were the witnesses. They testified as to measurements taken, also to the finding of an exploded cartridge in the door.

Mr. Robinson being unable to serve a jury in the sum of \$2,000 was mandated to jail until the September term of the circuit court.

LOOKING FOR SITE

Eastern Capitalist Wants to Build a Paper Mill in This Section.

Under Favorable Conditions, Would Employ 300 Men.

Mayor Bowen is in correspondence with an eastern capitalist, who is desirous of erecting a paper mill in the upper peninsula. He writes that he would employ 300 men and is seeking a location that has tracts of hemlock, spruce, larch and birch tributary to suit his needs.

If the matter was taken upon an energetic manner no doubt the plant could be located for Manistique. An increase of timber in the wage centers of the city would certainly be a desirable state of affairs.

A representative of the capitalist will probably visit this city shortly and investigate conditions.

FIREMEN DESERVE ENCOURAGEMENT

Local Company Should Join the U. P. Firemen's Association.

For the small sum of \$10 the local department could be enrolled as a member of the Upper Peninsula Firemen's Association and its dues paid for one year. As the department is a volunteer one, it would be asking too much of the boys to bear the expense of such membership. The association exists and the amount should be advanced by the city which would be amply repaid for by attending the tournaments the volunteers would not doubt secure many valuable pointers.

CITY LEGISLATORS

Have Decided to Have a Survey of City Rate of Sewerage and Waterworks.

PROPERTY OWNERS MAY BUILD WALKS.

Another Tender to Be Employed at Five Hours per Month and Followed by the City Board.

The city council at its meeting Monday evening, did much of interest to the public, among which was the preliminary steps toward securing sewerage and water systems for Manistique.

It was decided to secure a competent engineer to make a survey of the city which shall be placed on file and utilized at such time when the city shall decide to construct such systems. In the past several surveys have been conducted in a haphazard manner, and in the future, any work in that direction will be done in accordance with the survey and levels fixed by same.

A resolution was also passed empowering the city attorney to frame an ordinance requiring citizens and property owners to build their own walks and keep them clean of snow in the winter months. This ordinance, if carried, will materially reduce taxation as thousands of dollars are annually expended for snow walks and requiring the old ones. The expense of keeping the walks clear in the winter time also amounts to a snug sum.

The fire committee was instructed to employ an additional tender for the fire department. John Looze, the chief of the department has been secured. He and two horses will be used to draw the hose car.

The policemen have also been granted a ten days' vacation and are to furnish a suitable substitute to fill their positions while off duty.

UNIONS TO CELEBRATE

Labor Day Will Be Appropriately Observed by the Various Unions on Manistique.

SPORTS, BAND AND FREE DINNER

for Proposed Celebration. Will not Close Fourth of July Celebration.

The members of the various unions of the city held a meeting Wednesday evening for the purpose of performing plans for the proper celebration of Labor Day Monday, Sept. 5th.

The boys decided to have a hand if it all the money they could raise. A fall game between Manistique and Simmes, a big program of sports, monster street parade and possibly a free dinner will be the features of the celebration.

At the meeting above mentioned the following committees were appointed: Patriotic, J. W. Scott and John C. Dineen.

Sports, W. G. Evans, W. A. LeDue, Victor Deemer.

Parade, John Caspersen, John Carley, and Frank Wilder.

Music, Chas. Fywell, and W. A. Miz.

Finance, J. W. Scott.

This will be the first time in the history of Manistique that Labor day has been celebrated. During the past year a number of unions have been organized here, and hereafter, no doubt Labor day will vie with the Fourth of July celebrations. The branches of labor that have been mentioned here are the carpenters, masons, bricklayers, cigar makers, fishermen and tug men.

Further particulars and the program will appear in next week's issue.

EDITORIAL COMMENT.

The old-fashioned way—the only way to reduce taxes is to cut down expenses.

The Democrats are looking for a campaign motto Parker and Hoops ought to fit.

The average husband takes his vacation by sending his family away to some resort for two weeks.

Democrats care very little about Candidate Duriege so long as he displays a generous disposition.

The Democratic party announces its good intentions. The Republican party refers to its good deeds.

The St. Ignace Enterprise is supporting Parker for President, and from appearances has flopped back into the Democratic fold.

The hay harvest of the United States ranks almost with cotton in value. Corn stands first; then eggs, then cotton, and then hay.

The American flag was never more universally respected than it is now at the power of the republic more sensibly felt everywhere. Why change?

The Democratic claim of wonders they will work if given power should be discontinued by a backward glance at their past failures and follies.

The Democrats might have been dangerous opponents of the Republic this year if they had repudiated Bryan at St. Louis instead of compromising with it.

"In a country like ours it is fundamentally true that the well-being of the tiller of the soil and the wage worker is the well-being of the state."—Hoover.

Sight should not be lost of the fact that so far as the Democratic platform is concerned the party stands just where it did in 1896 and in 1900 on the money question.

Democratic m... in estimating the electoral college vote follow the report of the boy who was catching rats. He said "When I get the one I am after and two more I'll have three."

The Democrats are appealing to "the masses." The American people made it plain in 1896 and again in 1900 whether they wanted an administration of the masses, the classes or the whole people.

The Manning caucus to elect delegates to the county convention was very largely attended at 500 votes were cast. The Dixie'n faction won out winning a decisive victory—the vote being 335 to 185.

Democratic managers propose to make the campaign "on President Roosevelt's personality." They will find that the heart and the conscience of the masses are with him and that he can not be defeated by any art to exaggerate his faults or obscure his virtues.

While Eastern Democrats are claiming that their party is pledged to the gold standard, Democrats of Kansas, Nebraska, South Dakota and other states in the West are planning fusion with the Populists and standing squarely on the money plank of the Kansas City platform.

And now the opponents of Warner are endeavoring to create sentiment against him on account of the fact that the census enumerators appointed by him, by their returns, show a decrease of population in several of the cities of the state. The kickers evidently argue that a nonsensical kick is better than no kick at all.

Those who have enjoyed the benefits of the Ferris school are preparing to organize for the advancement of Mr. Ferris' candidacy, but they will be simply overwhelmed when those who are accustomed to find wholesome and substantial articles of diet in a certain excellent brand of cheese organize for the promotion of Mr. Warner's interests.—Detroit Journal.

MICHIGAN IS SURELY GROWING.

Not even the figures announced by the Warner census enumerators can dispel the belief that Michigan is increasing in population with as great a headway as was enjoyed at any time during the preceding decade. Accepting the Warner statistics with that confidence we

has, the total of 2,530,016 is a population which gives Michigan eighth place among the states of the union. The growth since 1900 shows a per cent increase of 43/2 during a period of something over three years, thus maintaining a percentage of increase of 15 for the preceding decade. On the 1st of June, the 3,000,000 mark should be reached in 1912, a point within the reach of our nearest rival, Indiana, at her current rate of increase. Michigan has held the ninth place for 24 yrs., but during the past decade her increase was 740,000, as compared with 530,000 in Indiana, and the rate thus established and apparently maintained, surges Michigan up one peg.

A glance at the state figures just issued reveals some oddities. Twenty-one of the older counties show a decrease. Even Jackson county, with a growing city as a magnet, has fallen behind. When so much depends upon the accuracy of the enumerators, those statistics cannot be viewed as finalities, but a general trend may none the less be indicated. The most significant increase has been made in the northern counties, Chippewa, Presque Isle, Charlevoix, Gladwin and Leelanau all displaying a healthy growth. And here is where the future development of Michigan beyond larger possibilities than that of Ohio, Wisconsin or Iowa. Good farming lands are still awaiting the pioneer, and the state need not depend alone upon the growth of its manufacturing cities for accretions to its numbers.—Detroit Tribune.

SECRET OF SUCCESS IS LOYALTY TO PARTY.

When the Republican party in convention assumed local places in nomination a city, county, state or national ticket, you can rest assured that the best possible available timber has been selected for the various offices, and the man that will both the ticket selected cannot lay just claim to being a true blue member of the party. No ticket has ever been placed in nomination that exactly suits every member of the party. But the only way to keep intact a party organization is to uphold the will of the party, as expressed by its representatives in convention. Personal likes or dislikes should not be paramount to party fealty. This principle so loyally upheld by the Republicans of Schoolcraft county has kept it in Republican column for the last twelve years, and success will continue to perch on its banner if the same principle is adhered to in the future.

A newspaper that claims to be Republican in politics certainly is not living up to its duty to the party if it signifies its intention of bolting the ticket if it is interested by the decision of the party. It can not be called as a Republican paper but should proclaim itself an independent organ. The party is greater than any newspaper.

After a man has founded and founded a chain of Democratic newspapers from Texas to Michigan, he certainly is not a safe authority or a safe advisor for the Republican party. As the result of his previous experience and inherent hatred for Republicanism would be very much pleased if he could disrupt the local Republican organization. Party fealty and loyalty rests lightly upon the shoulders of the transient political prostitute under the conditions above referred to.

The Pioneer-Tribune has always loyally supported the nominees of the Republican party in Schoolcraft county and will continue to do so no matter to which faction they may belong, notwithstanding the abuse heaped upon it by the Democratic hot air artist, who poses as a Republican but at the same time announces his intention of announcing in due time when the party should place in nomination, and who hints that if his advice is not followed he will knife the ticket as he did last spring, because the ticket placed in nomination did not suit him and his employers.

ROOSEVELT'S CAREER.

We do not at the moment recall any rapid sketch of President Roosevelt's public career which more graphic, more appreciative or in essential points more accurate than the following:

"No other man ever rose from police commissioner to president of the United States in less than five years. No other so vigorously and so successfully tramped stumbling blocks into stepping stones. Theodore Roosevelt entered politics as a reformer as soon as he had left college, and made a reputation at the very start for public spirit, honesty, combativeness and unshakable physical and moral courage. He made enemies at every step, and every enemy made him ten friends. The boy assemblyman forced hostile legislation to condemn its own political allies. The young civil service commissioner boldly challenged the national leaders of his party and compelled them to observe the law. The police commissioner trampled ruthlessly over all the prejudices of a cosmopolitan community, whether they represented the vicious instincts of a criminal faction or the innocent fears of the liberty loving majority. The assistant secretary of the navy thrust a rude hand into the coils of red tape that swayed the department and cleared the way for the commanders that smashed the fleets of Spain. The governor of New York accepted the hostility of the public service corporations by signing the Ford franchise tax bill. The president of the United States challenged Wall Street by forcing a settlement of the anthracite strike and ordering the dissolution of the Northern Securities Company. He sacrificed his popularity in the south, rather than shut the door of hope in the face of the negro. He secured the partial fulfillment of our pledge of Cuban reciprocity. He ended the half century period of talk on the Panama canal, and brought on a period of action. He insisted on probing the friends of the postal service in the face of the anger of his party leaders."

And from whatever source this tribute to Mr. Roosevelt? From some campaign biography? Or from some close political friend? Or from some fervid Republican orator? Not at all. The foregoing is the estimate given of President Roosevelt by the leading Democratic journal of the United States, the New York World. It is true that the World professes to think that Mr. Roosevelt has "a few minor imperfections." And it partly the result of an increasing avidity for political success at any cost. But at bottom does not the World really think that the man whose public career it has epitomized above is a pretty good candidate to vote for.—Houghton Gazette.

EDITORIAL COMMENT.

THE PIONEER-TIBUNE has no candidates or a slate to spring upon the party or public before the caucus or convention. A contemporary that believes in the clear people making an untrammeled selection of candidates has announced that in due time it will initiate the party as to the candidates it should place in nomination for the coming spring election. We are content to allow the party to name its ticket and the will of the party will be supreme as far as this paper is concerned. It certainly shows inconsistency upon the part of said contemporary to insist that the "boss timber" people be allowed to make their selections without consulting the voters, and in the same breath to announce that it will present a ticket that should be nominated and elected.

We have in mind an editor that "blew into" town last summer, and one month after he was a voter in Michigan, participated soactively in the caucus in his ward that he presented a printed slate of delegates for his own creation. Perhaps the fact that he personally nominated the slate received only thirteen votes out of a total of 200 has put him "agin" the idea of a slate. At the same time he claimed that the slate he made up went out in one of the other wards. He also furnished a slate for the second ward, which the persons he picked threw out without consulting the voters. He refused to let anyone else be so addicted to lying that it is an invariably easy rule to slice them up. When they express themselves as being in favor of a principle or idea it is safe to decide that they are diametrically opposed to it.

WILLFULLY MISREPRESENTS TO GAIN A POINT.

But we must ask no man to support a seconded who might be placed on the ticket, labeled Republican regardless of "ability of fitness."—Record.

Neither will we ever have an ever. It can be trusted when it comes to nominating a ticket, and the hot air artist that does the bidding of his employers can rest assured that "secondaries" never received a nomination on a Republican ticket in Schoolcraft county and never will.

The "secondaries," that the bunch of which the Record is the mouthpiece, has opposed in recent years, are E. D. Carr, Magnus Klugstad, Geo. A. Wickste, O. A. Bowen, D. J. Ward, Geo. G. Rogers, W. F. Crane and others that might be named. These men stand high in the community, and the time announced by the Record that they have been debbed "secondaries" by the self important talk above mentioned.

The Pioneer-Tribune was also liberally misrepresented by the personage above mentioned when it said that it had announced that it would support the Republican ticket regardless of the fitness or ability of the candidates.

The text for the two columns of bombast, vituperation and misrepresentation that appeared in that sheet last week was taken from the item which appears below.

The candidates that have been vigorously opposed by the bunch represented by the Record are named in this article, and their "fitness and ability" cannot be questioned—was not even questioned by those opposed to them.

This paper has never stated that it will support candidates regardless of their fitness or ability, but it has, and does again state that it has all ways abided by the decision of the party said and supported heartily every candidate nominated by the party during the past eleven years.

Brother, when you become better acquainted with the Republican party you will find that there is a refreshing difference between the Democrats and Socialistic parties you have been "trimming" with for years. You will learn that loyal and decent men are usually chosen as standard-bearers—men that deserve and get the support of the better elements of the party. The bigotry of the indiscriminate calling men with honorable reputation, "secondaries" just because these men have incurred the enmity of the paper's readers interests you conserve. In time you will learn that doing the majority to be treated to do the right thing, and that the majority in Schoolcraft county is Republican. You may, after you have been a citizen of the state long enough to
