Even a casual reading of the figures of America' rowing export trade will cure any pessimism on the art of those who question the permanency of prospety under Republican policies.

There are several Democrats actively husiling for nominations at the hands of the Democratic conven-tion to be held on the 22nd Some of them actually hink that they could be elected if placed on the ticket this fall.

A casual glance over the advertising columns o THEPIONEER-TRIBUNE will convince you that Manistique's annual piano wat is on in real carnest. The Cable Co., Grinnell Bros., and LaBar & Neville hav mething of interest to prospective piano buyers.

A convention may be trapped to nominate a can-didate who does not stand on the platform but it is a different propestion to induce the voters to support such a candidate at the polls. Democratic man ger-admit this by giving up hope of carrying any of the Western States which went for Bryan in 1896 and 1900.

Although the Republican county ticket has not yet American voters will hardly forget their experience when they applied the Democratic back-pedal on an up-grade.

Democratic back-pedal on an up-grade. Roosevelt to the coroner. Judging from past experience we are sure that no "scoundrels" will be placed thereon, and we are running no chances in urging pro-convention resolves to vote the ticket straight.,

The Fourth ward appears to have plenty of sapirants to recomity offices. It has a candidate for probate judge, to treasure, for scheff, for county elfex and register of deeds and two for prosecuting attorney. Perhaps a candidate for coroner could be unearthed to the same varief it became necessary to find one. The Third ward has three aspirants, viz. for sherift, for county elerk and register of deeds, and treasurer. As yet the First and Second wards have presented no candidates.

The Republican party stands pledged to the policy of protecting American industries. The Democratic party opposes this policy without offering anything in place of it.
