\$1.50 PER YEAR.

RECEIVED SENTENCES

Dunkley, Stone, Robinson, Miller and McKesson Received Their Sentences This Morning.

RANGE FROM LIFE TO ONE YEAR

All Except McKesson to the Marquette to the Konia.

Judge Stone pronounced sentence on the various persons found guilty of crime during the present term of court which is drawing to a close, this morning shortly after the opening of court. The prisoners and their sentences follow:

Danid Dunkley, who murdered Pearl Stanaway, was given a life sentence at Marquette prison.

Geo. Miller, found guilty of rape and incest, will spend ten years at Marquette prison.

Stone, convicted of forgery, received an indeterminate sentence at Marquette, the minimum being one year and the maximum two years.

Ray McKesson was also given an indeterminate sentence and will be taken to Konia. The minimum in his case was one year and the maximum three years.

A SURPRISE PARTY

Mrs. Townsend and Miss Jennie Pattison Surprised by Litchfield Friends.

Mrs. Townsend, teacher of the Waude district school, and Miss Jennie Pattison, teacher of the Sheridan district, were surprised at their boarding place, the home of Mr. and Mrs. Jacob Edwards, Tuesday evening of this week, by a party of young people from Marquette.

The evening was spent with games and music, after which complimentary refreshments were served. All reported it a very pleasant evening.

Taken to Chicago.

Principal Forsyth of the high school, who has been ill for the past week was taken to Chicago last evening by Dr. Livingston. This thought that his illness was of a peculiar kind and it was deemed advisable to take him to Chicago where a specialist would perform the operation if one is found necessary.

Lost—between Marquette and Manistique a brown leather handbag containing a pair of kid gloves and other articles. Finder will please leave at Waterman's or at this office.

M'CORNAC-FOX

Walter Wright Fox, Well Known Here, Marries a Prominent Detroit Lady.

Walter Wright Fox and Miss Ethel Jane M'Cornac were married at the home of the bride's parents, Mr. and Mrs. S. J. M'Cornac, 62 Canfield Ave., West, Detroit, Tuesday evening of this week, at eight o'clock.

The invitations were limited to the immediate friends of the family and no reception was held.

Mrs. Robert H. Davis attended the bride as matron of honor and Mr. Robert H. Davis was best man. The bridesmaids, largely attended, and the liberal presents attracted the best local talent as well as specially horses from Escanaba, Gladstone and the Soco.

The various events were nicely conducted and interesting and jangling from the expressions heard on every hand, it is safe to predict that the money required to give Manistique a first-class track before the second meet will be forthcoming, and that Manistique will take high rank among the cities of the peninsula as a racetrack town.

The time is ripe for the organization of a strong association here that would come into a three days and two meet for next autumn.

The management of the first meet are to be congratulated for several horses with marks better than 2:15 participated in the free for all race in which the phenomenal time of 2:09, 2:28 and 2:24 was made—phenomenal when the track is at best fifteen seconds slow, and that a gala was blowing most of the afternoon.

ON A FURLOUGH

Erik Erikson of Battleship Maine Visiting Parents and Relatives Here.

Visited Various Countries Bounding on Mediterranean Sea. Reports for Duty Next Week.

Erik Erikson, the eldest son of Mr. and Mrs. S. August Erikson, who has been serving in the U. S. navy as an apprentice since January 1st, 1903, arrived in the city Tuesday evening on ten days furlough Tuesday evening.

During the greater portion of the time that he has been in the service he has been a member of the crew of the battleship Maine, which has been in the North Atlantic squadron.

While there he visited Portugal, Greece, Austria and Hungary. While in Lisbon he saw the King of Portugal driving on the streets.

Prior to going to Europe his vessel was stationed in the vicinity of Cuba and Porto Rico. Earnings the boat touched at the Azores.

The Maine has a displacement of 12,500 tons and its crew numbered about 500. Notwithstanding the fact that the boat was quarantined for two months on account of various contagious diseases, Erikson escaped infection and has not been sick—has even seen sick—since his enlistment. He is a member of a gun crew having charge of one of the six inch guns.

He likes the life of a sailor and will quite likely re-enlist when his present term expires two years hence.

At the expiration of his furlough he will report for duty at Newport.

OYSTER SUPPER

To Be Given by Manistique Legion Next Tuesday Evening.

An oyster supper will be given by Manistique Legion No. 188, N. P. L., next Tuesday evening from 8 to 10 o'clock to which the members and the public are cordially invited to patronize. The net proceeds will be applied on regular debt. The menu for the affair follows:

Oysters
Baked Beans
Sandwiches
Pickles
Assorted Cake
Coffee
Fruit

The price will be 25 cents, and the supper will be given at Old Fellows hall.

THE FRATERNAL BUILDING

Several Orders Have Appointed Committees to Confer and Make Reports.

Three of the orders thus far have appointed committees to investigate the merits of the fraternal building bill and to make reports for acceptance or rejection by the lodges they represent.

Those taking the initiative in the matter are Manistique Legion No. 188, N. P. L., Lakeside Lodge No. 271, F. & A. M., and DeBois Point K. O. T. M.

There appears to be a decided sentiment in some of the lodges for taking favorable action.

ENTERTAINED THE TEACHERS

Misses Hocking and Russell Give Enjoyable Party to a Few of the Teachers.

The Misses Hocking and Russell entertained the following teachers on Friday evening last: Misses Edna Frisby, Sarah, Goodell, Howard, Oyler, Miller. After playing several games of cards at the home of Miss Hocking, the refreshments were served at Miss Donnell's. Ice cream was served in little baskets made of shelled wheat biscuits, and tiny savoury delicacies placed in a large metal tin with red ribbon, worn green as before.

LYAMA STILL DELAYS

JAPANESE COMMANDER TAKING PLENTY OF TIME TO MATURE PLAN OF ATTACK.

REINFORCEMENTS FOR KUROPATKIN

INFANTRY AND ARTILLERY BEING RUSHED TO THE RUSSIAN GENERAL.

WAR DISPATCHES SUMMARIZED.

The expected battle between the Russian Main Russian army and Marshal Oyama's forces has not yet occurred and the day's activities do not indicate any developments of an important character on the part of either army. The Russian commander has been reinforced by reinforcements, especially artillery, but the military critics express doubts whether he contemplates more than a passive resistance at Mukden. The opinion seems general that the next battle of a decisive nature will occur at the Pass.

Lieutenant General Strosser reports that the Japanese losses in the attacks on Port Arthur from Sept. 19 to 22 were 10,000 men. He adds that the Japanese are now making a vain attempt and approaching by outcrops and a tunnel. The success of the Russian resistance at Port Arthur has been proved in St. Petersburg to have been Oyama's failure to attack Kuropatkin.

JAP VERSION DIFFERS.

Russians Failed to Burn Junks on the Hun River.

Tohko, Oct. 6.—The Japanese report on the Changtun junk incident is in direct contrast to the Russian version. The Japanese report states that on Sept. 30 forty or fifty of the enemy's cavity attempts to burn the junks at the junction north of Changtun. On that day a number of the junks were destroyed and the remainder were damaged. It is further stated that no Japanese gunboats were engaged in the attack on the Hun river and that the junks were destroyed only by the use of the Hun river.

FROM KUROPATKIN TO THE PASS

IRREGULAR TRIANGLE SOON TO BE THE SCENE OF A GREAT ENGAGEMENT.

Tohko, Oct. 6.—It is evident that the irregular triangle, the apex of which is Mukden, is the main theater of the war. The pass between Mukden and Fushun, on the upper reaches of the Hun river, will soon be the theater of extended and extensive military operations.

The Russian apparatus are extending the pass as their main base and are constructing a series of defenses to defend it from the south and the east. Two roads approach the pass from the south. One of these roads is the main highway from Mukden and the other, which is smaller, starts at Fushun and winds through a hilly country. Mukden, miles north of Mukden is the town of Yin, the main base and the main base of the Russian army. It is reported that the Russians are actively engaged in trenching in these regions and are erecting high fortifications on the Yin. The Yin river, which is shallow and fordable, runs through the town.

EDITORIAL COMMENT.

Edward Jewell will receive every Republican vote in the county for treasurer. His geniality, honesty and fitness for the office will turn the trick.

Now that we know what we've got to beat, let's elect every man on the Republican ticket. No Republican can afford to bolt the choice of the majority.

Hereafter all fish eaten by Union Laborites in Chicago must bear proof that they were caught by union fishermen. The labor organizers will endeavor to organize the fishermen about the great lakes, so that each fish will find their way into the frying pan of the loyal Unionite.

An unique voting contest was held in Big Rapids, the home of Ferris under the auspices of the Presbyterian church. The vote was taken for the favorite candidate for governor. After several days of voting, the polls were closed Wednesday evening. Warner had received 247 votes and Ferris only 75.

A. C. Rockwell, whose nomination for probate judge is practically a renomination, for he is filling the unexpired term of J. H. Van Tassel is opposed by a strong opponent, Thos. Helms, an old soldier. Rockwell will receive the full party vote and his majority will be one of the largest in the list.

No good republican will bolt his ticket. As election day gets nearer all straight Republicans will shelve the idea that the Democratic candidates for sheriff or other offices should be remembered at the polls and will decide to vote her straight. Without Republican votes no Democrat can be elected.

Every Republican connected with THE PIONEER-Tribune will vote for every Republican nominee—always will. Sometimes the dose swallowed is bitter, but it always goes down. It is the only way. Nothing can be made by bolting. If you bolt sometimes you can reasonably expect to sustain a bolt on yourself, or friends. That wouldn't be right would it?

It is only four weeks until election. Do not fritter away your vote by heeding to the enemy and casting a split ticket for a candidate on the opposition ticket because your friend on the other side wants you to help him out. Decide now that when you enter the polls on Nov. 8th, you will vote a straight Republican ticket from president to coroner. By so doing you will do your whole duty as a Republican.

The present national campaign has been a remarkably clean one. A few remarks have been made about Roosevelt's teeth, children and eyes; about Parker's inability to talk, Fairbanks' frostiness, and Davis's youthfulness, but there has been a welcome lack of scandal. While there are still four weeks to run it is doubtful if anyone's blood will warm up in this time to the mid-throating stage. It is a clean campaign.

Mr. O. A. Bowen, who received a practically unanimous renomination for county clerk and register of deeds at the recent county convention has by his uniform courtesy, and the painstaking and intelligent manner in which he has conducted the affairs of this important office, deserved the honor. Mr. Bowen has always been an uncompromising Republican, and no reasons can be advanced why he should not receive the full strength of the party vote.

There can be no question of the fact that Manistique is prettier today than she has ever been. More people are keeping their lawns trimmed, more people are keeping beautiful flower beds, and more people are planting trees now than at any time in the history of the little city. That is to say, there is much room for advancement in this direction cannot be gained. More trees, and the pulling down of unsightly fences should be the ambition of owners of residence property. Little park spots should be maintained in every ward where trees would afford shade for the playing children as well as for the tired housewife or laborer. Money thus expended would come back in substantial benefits for a lifetime. When we die we can only leave our money behind, and it is just as well to watch it making the world better while we live.

EDITORIAL COMMENT.

The political apathy may be explained by the fact that the people read all they care to hear and therefore do not turn out to political meetings and speaking except in exceptional cases.

Mr. V. I. Hixon, who was renominated for prosecuting attorney, and David Knox the candidate for circuit court commissioner, have no opposition. Both able men and deserving of a unanimous vote.

Among the other charges of extravagance Judge Parker omitted to call attention to the fact that the interest of the government debt was \$2,000,000 less last year than it was under Mr. Cleveland's administration.

Editor Bob Wright of the Oshtemo Inter Lake, has been nominated for county clerk by the Democrats of Precinct 14 in city. Active county is overwhelmed with Republicans, reasons of occupying a seat in heated apartment in the court house are not disturbing Bob's text.

The only candidate on the Democratic county ticket that the majority of the members of that party will back is C. G. MacPherson for sheriff. George is a clean young and cheerfully popular and will no doubt poll a fair vote. However he is no better than Douglas Klagstad, the Republican nominee, and lacks much of the experience necessary in the proper conduct of the office which Klagstad possesses. No just reason can be advanced why Klagstad should not receive every Republican vote this year, or why every other candidate on the ticket should not be accorded the same courtesy.

IN HIS OWN CITY.

Probably no man in the state of Michigan has said more kind words about his home town and its people than has candidate Ferris at the morning exercises at his institute during the past twenty years, and yet the democrats think that every voter in Big Rapids should support him out of "local pride." But it isn't work; nowhere in the state do republicans more fully understand that Mr. Ferris would not vote for one of them if they were on any but the democratic ticket, than in his home town.—Big Rapids Pioneer.

CREDIT IS DUE FR. WARNER.

One of the topics upon which Democratic speakers and newspapers have had a lot to say is the census. Thus far they have not had one good thing thing to say about it. It remains to be seen, however, whether Hon. Fred M. Warner will be given credit for reducing the expense of this year's census to nearly one-half of the cost of that taken ten years ago. In 1894 the state census cost \$7,159. This year it will cost approximately \$3,740; and to Secretary Warner is due the credit for the reduction. This certainly does not look much as though Mr. Warner had ruthlessly made the census machinery for his personal political benefit, as frequently and recklessly charged in certain quarters.—Lansing Republican.

MAY BE CONTAGIOUS.

The Schoolcraft county Republican nominating convention was held in Manistique last week. Pacific counsels prevailed, factional differences were buried and all agree the ticket will receive the united support of the Republicans of Schoolcraft county.

From the result one is warranted in supposing that harmony was desired by both factions—by the dominant no less than by the other—and that reasonable concessions were made.

EDUCATION PAYS.

Pupils of the public schools are again at their studies and the boys in particular are bemoaning the fate that keeps them in the school room, not realizing the advantages which they are privileged to enjoy and viewing school in the light of hardship rather than pleasure. But perhaps if the facts were presented to him in figures their logic would appeal to him and cause him to do the shoes and stocking, the starched collar and part his hair more willingly. This is the way it is figured out by a well known educator. The average educated man gets a salary of \$1,000 per year. He works forty years, making a total of \$40,000 in a lifetime. The average laborer gets \$1.50 per day, 300 days in the year, or \$450 a year. In forty years he earns \$18,000, and \$40,000 or \$22,000 equals the value of an education. To acquire learning, reading requires twelve years at school at 180 days each, or a total of 2,160 days. Divide \$22,000 the value of an education, by 2,160, the number of days required in getting it. We find that each day in school is worth a little more than \$10 to the pupil. Boys, is it worth while to get an education?—Iron River Reporter.

HOAR'S DECLARATION OF FAITH.

"I have no faith in fatalism, in destiny, in blind force. I believe in God, the living God. I believe in the American people, who do not bow the neck or bend the knee to any other, and who desire no other to bow the neck or bend the knee to them.

"I believe that the God who created this world has ordained that His children may work out their own salvation, and that His nations may work out their own salvation by obedience to His laws, without any dictation or coercion from any other. I believe that liberty, good government, free institutions, cannot be given by any one people to another, but must be wrought out by any or centuries, at the oak axde ring to ring. I believe that a republic is greater than an empire. I believe in George Washington, not in Napoleon Bonaparte; in the whigs of the revolutionary day, not in the Tories; in Chatham, Burke and Sam Adams, not in Dr. Johnson or Lord North. I believe that the north star, abiding in its place, is a greater influence in the universe than any comet or meteor. I believe that the United States, when William McKinley was inaugurated, was a greater world power than Rome in the height of her glory, or even England, with her 400,000,000 people. I believe, whatever clouds may darken the horizon, that the world is growing better, that today is better than yesterday, and tomorrow will be better than today."

DYING MAN ON PILOT

Grand Trunk Engineer Finds John J. Steele with His Skull Crushed.

MAN WAS STEERING A RIDER

Engine Had Struck a Horse and the Rigidly Held the Michigan State Note.

Louis, Mich., Oct. 4.—One of the most peculiar accidents ever recorded here occurred as the Grand Trunk passenger train for Grand Rapids was coming into town. As the train was passing the engine's head was tipped over and wedged behind the coupling box. When the engines reached town he attempted to lift his engine. The engine struck the animal and tossed it into the ditch, a mangled mass of bones.

Was Stealing a Ride.

On the pilot of the engine, steering a ride round Grand Rapids is Louis, John J. Steele, aged 21 years, son of Michael Steele, an Ionian druggist. The horse struck the boy and knocked him unconscious and Steele's head was tipped over and wedged behind the coupling box. When the engines reached town he attempted to lift his engine. The engine struck the animal and tossed it into the ditch, a mangled mass of bones.

Skull Was Crushed.

Steele was lifted to a hearse truck and taken to his home on High street. Dr. Barnes reports his skull was crushed at the base of the brain and recovery impossible. Steele's head was sent to the morgue and secured a position on the Perry Marquette, but in starting for home he missed the Perry Marquette, on which he had a pass, so boarded the Grand Trunk engine.

POLICE SEIZE A SINGIE

Chief of Police describes This Bank to Be Plain Dealer of Wasas St. St. Joseph, Mich.

St. Joseph, Mich., Oct. 4.—Chief of Police describes This Bank to Be Plain Dealer of Wasas St. St. Joseph, Mich.

Chief Schoolcraft Has Learned that a well-dressed man, accompanied by a woman, lived in a room at the Geo. Hays hotel in this city two weeks ago. The man paid for the room, but the understanding that they would return in one hour. The couple roared from the room for two days, and this was the last seen of both occupants until the room was found unoccupied south of this city.

The police believe the man and woman were either accidentally drowned or committed suicide by plunging from the roof of the hotel into the lake.

Two New Barons Named.

Plint, Mich., Oct. 3.—Two new large bars on the farm of Patrick's farm near Northport, burned to the ground. They contained five valuable head of horses, the loss of two large horses besides a quantity of farm machinery, all of which was consumed. Loss, \$2,000. It is thought that the barn was set on fire by some enemy of Burns, as he barn only a year ago were burned in a mysterious manner.

"THE PRINCESS CHIC"

Manistowic To Give An Evening Operetta.

Those who have seen "The Princess Chic" will recall that it is an operetta, at much as high grade of excellence, both as to music, and libretto, than the average contemporary country opera offering. In writing it, Kirk LaShelle, the librettist, and Julian Edwards, the composer, were evidently moved by the commendable desire to provide a much more ambitious and meritorious offering than the average modern high opera. It will be recalled that in his book, Kirk LaShelle has succeeded admirably in securing and transferring to the stage the romantic atmosphere of the middle days of the feudal splendor through which the story runs. He has given the opera a color and consistent plot that possess real interest and much dramatic power. Much of the success with which the opera has met must be accredited to Kirk LaShelle, the composer of the score. Mr. Edwards has succeeded in giving a truly characteristic musical setting to the happy lines in Mr. LaShelle's lyrics, and he has injected into his music the dash and swing and vim of the wild, free days which Mr. LaShelle chose the period of his opera. Stage settings and costumes of real unusual richness and beauty have been provided for by Manager LaShelle. "The Princess Chic" is offering at the New Opera House Monday Oct. 24th and those who enjoy genuine comedy, stirring, catchy music and all that pertains to the best opera combine are looking forward with high anticipation to the appearance of the Kirk LaShelle Opera Company.

Failed to Get the Bird.

One of Manistowic's popular Westcott Sunday along the lake hunting last Sunday went the party of M. M. & N. N. He saw a bird along the shore and he was about to shoot it, when the bird flew out of his hands and he was disappointed. He was disappointed.

Government's Proclamation.

To the People of the State of Michigan, Greeting:

The Universal Exposition commencing the acquisition by the United States of the vast territory known as the Louisiana Purchase is now in progress at St. Louis. The event it commemorates is not only one of the most important in the world's history, but the exposition itself is the greatest and most complete exhibition of the achievements of the human race ever made.

Michigan, through one of the Louisiana Purchase, is by her history, her traditions and her people, closely related to that great event and the magnificent states which have grown out of it. Her natural products and manufactures find in this exposition a prominent place and have received deserved applause. Her progress in education and the arts have been equally recognized.

To properly emphasize the relation of Michigan to the Exposition, the event which it celebrates and the achievements it represents the twelfth of October, 1894, has been set aside as "Michigan Day" whereon can be celebrated by appropriate ceremonies the worth and achievements of our great state.

Therefore, beginning Wednesday, October 12, 1894, as Michigan Day, at the Universal Exposition, St. Louis, and invite all loyal citizens to attend, that the celebration may be signalled by united dignity and enthusiasm.

Given under my hand and the Great Seal of the State of Michigan, at the Capitol, in Lansing, this thirtieth day of September, in the year of our Lord One Thousand Nine Hundred and Four, and of the Independence of the United States the One Hundred Twenty-ninth.

(Great Seal.) A. T. BLES, Governor.

FRED M. WALKER, Sec. of State.

M. E. Church Notes.

Election of officers for the Epworth League was held Tuesday evening and the following named persons were elected:

President, Ethel McNamee; 1st Vice Pres., Mary Foley; 2nd Vice Pres., Mrs. Earl Vaatlander; 3rd Vice Pres., Mrs. Wm. 4th Vice Pres., Ada Little; Secretary, Emma Pattinson; Treas., Lillie Bolt; Christian, J. Hagar; Organist, Mrs. Miller.

A business meeting of the Epworth League will be held in the paragon next Tuesday evening.

Out to Desert.

The troupe that played "The Town Gospel" at the opera house last Monday night was the gospel of the town tonight. They staid here and a donation from the people about town together with what they managed to raise amongst themselves brought the actors back to their home--Crystal Falls, Ind.

PHYSICIAN'S GOOD LUCK

Dr. Hart's Fortunate Experience of Special Interest to Many in Manistowic.

The happiest man in New England today and one who is receiving congratulations from his many friends is Dr. Philip Z. Hart of Lacomis, N. H.

Probably no physician is better known in all parts of the United States than Dr. Hart, as he has been a great traveler and knows the best people wherever he has been. For years he has suffered with catarrh in his worst form.

Although he resorted to the latest scientific treatment, and consulted many of his brother physicians, Dr. Hart finally said, "I might just as well have thrown my money in the river for I grew worse and worse. It is really due to my bad judgment that I tried Hyomeo."

The Doctor, in his emphatic way added "Thank God that I did for, Hyomeo cured me completely. My wife and I will swear that Hyomeo cured me of the worst case of catarrh that ever existed. I used it constantly at night, and had a dropping in the throat, which kept me a great deal. I tried thick plug and was in a horrible condition. However, I am entirely cured, solely through the use of Hyomeo."

A. S. Putnam & Co. are the local agents for Hyomeo, the famous treatment which cures catarrh without stomach dosing. A complete outfit costs but \$1.00, extra bottles 50c. They will list under guarantee to refund the money if it does not give quick relief. Ask them to show you the strong guarantee under which it is sold.

SLIGHT WRECK ON M. M. & N

Five Cars, Including Passenger Coach Leave the Rails.

By the turning of a fall, five cars of M. M. & N. train due last evening, were derailed about two miles north of Stenben. The passenger coach was injured and derailed from the rails. The engine and the passenger coach were derailed and the damage to rolling stock was slight. The passengers reached Manistowic about eleven o'clock.
