

The Manistique Pioneer-Tribune.

VOL. 24, NO. 2222 NEW SERIES, 734

MANISTIQUE, MICHIGAN, FRIDAY, OCT. 14, 1904.

\$1.50 PER YEAR.

WATER AND SEWERAGE

WHI NO DOUBT BE THE ALL ABSORBING QUESTION TO BE DECIDED BY VOTERS NEXT SPRING.

COMPLETE SYSTEMS EXPENSIVE

But It Step Is Taken Every Part of It Should Be Included in Plans

The question as to whether Manistique will have waterworks and sewerage systems will no doubt be voted upon at the city election next spring.

The engineer employed by the city has completed his plans and specifications for such systems and in a short time the approximate cost will be announced.

The systems are not luxuries but necessities, and situated on the shores of one of the largest and purest reservoirs in the world—Lake Michigan, the question of an unlimited water supply is easily solved for Manistique.

When the question comes up, as it surely will sooner or later, any proposition that does not embrace every portion of the city in its plans, should be voted down. The limited property owner on Garden Ave. or Dear street should be given the opportunity for availing himself of these necessities and the protection from fire.

Any compromise plan whereby only a few streets are to be taken care of and the remainder of the town ignored should be voted down, for all taxpayers will have to pay the proportion of the expense incurred and it certainly would be an imposition to expect them to do so without an opportunity of availing themselves of the utilities they will assist in paying for.

NO GAME THIS AFTERNOON

Football Team Not in Shape for a Game.

Word has been received that the Manistique team will not be here this afternoon as scheduled as it is not in shape for a game. The tickets sold for the game will be good for the game with Gladstone which will be played here Oct. 29th.

Manistique Pastor Honored.

Rev. Albert Torbet of this city succeeded Rev. J. M. Rogers of Marquette as manager of Presbyterian home mission work in the upper peninsula. The position is fraught with great responsibility and Mr. Torbet will no doubt carry on the work in the same able manner that Rev. Rogers did during his long service in said office.

INFANT DAUGHTER DIES

Elizabeth Wright Fox, daughter of Mr. and Mrs. N. W. Fox, Dies Last Saturday.

Elizabeth Wright Fox, infant daughter of Mr. and Mrs. N. W. Fox, died last Saturday morning at 8 o'clock of intestinal troubles after a very short illness. Funeral services were held from the home Monday afternoon at 2 o'clock, Rev. J. H. Fox officiating. Miss Hilbert Lindgren sang a solo directed by the service. The little one was about ten months, old and was a remarkably healthy and handsome child, never having been sick until its final illness.

Mr. and Mrs. Fox have the sympathy of the community in their sad affliction.

UNUSUALLY QUIET

in Shipping Circles, Says Captain Woodgrift

The steamer Daell and one tow left for Ontonagon yesterday laden with lumber. Capt. Woodgrift reports that since his last visit to this port his boat made two trips to Lake Superior ports. On the first trip they left at Duluth fourteen days before they secured a cargo, and on the second trip they were detained at West Superior eleven days for the same reason. He says that it is unusually quiet in shipping circles this summer.

He expects to make two more round trips to Manistique before winter sets in.

Were Well Paid.

Mr. and Mrs. James Lako who were married last Monday evening, were treated to a genuine old fashioned "charivari" by the male contingent on the evening in question, and on the following night the ladies repeated the dose. As a result the entire neighborhood will participate in an oyster supper at the company's farm this evening.

To Contractors.

Sealed bids will be received by the undersigned, secretary of the Board of Education of the township of Manistique, until 10 o'clock, on the 19th day of Oct. 1904, for furnishing all necessary materials and building a school house 30x28 feet with a wood shed attached. There also two closets 1x7 feet each. Plans and specification may be seen at my office. Work to be completed in thirty days. The board reserves the right to reject any and all bids.

JAMES ARBOWOOD, Secy.
Capt. T. H. Cooke, was doing business in the city yesterday.

WHY NOT HOLD A FAIR

An Agricultural Society Could No Doubt Be Organized Here.

FROM FINANCIAL VIEWPOINT

A Fair and Bazaar Would No Doubt Be a Great Success.

The time is ripe for the organization of a fair association. The large attendance at the recent race meet which was held at an inopportune time, clearly shows that under more auspicious conditions a three days fair and race meet would draw very large crowds. The agricultural resources of the county could be thus advertised in a very effective manner.

A first class program would attract many hundreds of people to Manistique and no doubt much trade now being diverted to other centers would be a source of profit to our business men, who would make no mistake in planning and managing such an enterprise.

The "driving park" should be secured either by purchase or lease and a track made now toward holding a fair next year. It is none too early.

COMMITTED SUICIDE

Young Man at Garden Shot Himself Last Monday.

Mr. George Lourenson, a well-known young man of Garden, committed suicide Monday afternoon by shooting himself through the head. No reason for the young man's act is known and it was entirely unexpected by his friends with whom he talked that day in an jovial and light-hearted way as ever.

Between four and five o'clock in the afternoon leaving a number of his friends, he went to Stelwagon's store where he purchased a revolver and a box of cartridges, saying that he was going to the woods and a revolver would come in handy. He went direct to the saloon of Joseph St. John where the deed was committed.

The death of the young man is a serious blow to his parents who only a month ago lost another boy by throwing. They have the sympathy of the entire community.—Garden Cor. Escanaba Iron Post.

Lost a Heifer.

Lost a white heifer calf last spring. It is about fifteen months old. Anyone knowing the whereabouts of same please notify the undersigned.

43 - E. Parnassus, Gulliver, Mich.
Mr. Duncan McDonald of the Soo, was in the city on business yesterday.

PLANS FOR ELECTION

The Places for Registration and for Holding Elections Fixed by City Council.

At the meeting of the city council held last Monday evening, the places for holding registration and elections in the various wards, were fixed as follows.

For registration:
First ward - McNeill's blacksmith shop.
Second ward - W. L. Middlebrook's store.
Third ward - City Hall.
Fourth ward - Open houses.
The election polls will be held at McNeill's blacksmith shop, First ward; Park's store, Second ward; O'Leary hall, Third ward, and open house, Fourth ward.

A NEW SERIAL

Initial Chapter Will Appear in Next Week's Issue.

With next week's issue we will publish the initial chapter of an intensely interesting serial story which will continue for the next three months. The serials that appear in "The Pioneer-Tribune" are high class literature that would cost you \$1.50 each in book form. If you are not a subscriber and are reading your neighbor's copy, and you're half of the "three months for 25 cents" offer we are making at the present.

Burley-Lake

Mr. James Lake and Mr. Charles Burley were married at the home of the bride last Monday evening by Rev. Albert Torbet. The contracting parties have been residents of the county for a number of years and are very highly respected by their large circle of acquaintances.

Chas. R. Orr Elected Moderator.

Mr. Charles R. Orr, one of the elders of the local Presbyterian church was elected moderator of Lake Superior Presbytery at the recent meeting held at St. Ignace. He will be required to deliver a sermon at the opening of the spring session of Presbytery to be held at Ontonagon. Rarely indeed is a layman thus honored and in this case the honor was most worthily bestowed.

Landed \$10,000 Policy.

R. A. Toepke has recently entered the lists of local life insurance agents and as agent of the Northwestern Co. wrote Mr. Blumenson a policy for \$10,000. Mr. B. who has \$20,000 insurance in this company, no doubt carries more insurance than any other individual in the city.

A NEW SCHEDULE

For Foot Ball Games of Intercollegiate Association Arranged.

FOUR GAMES FOR OCT. 22ND

Many Teams Drooped Out, Hence Necessity For New Plans.
E. H. Constock, superintendent of the Houghton schools and Kendall P. Brooks, superintendent of the Marquette schools and both members of the board of control for the Upper Peninsula Intercollegiate association arranged the schedule for the high school football games for the fall season this week which are expected to decide the U. P. championship. The schedule as originally arranged became impossible, because of the number of teams that decided to drop out.

Under the new schedule four games will be played on the 22nd of this month, as follows:

- (1) Soo vs. Manistique.
- (2) Escanaba vs. Marquette.
- (3) Menominee vs. Ishpeming.
- (4) Bessemer vs. Hancock.

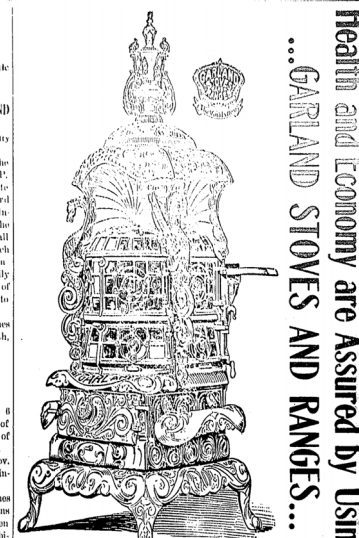

October 29th games No. 5 and No. 6 will be played between the winners of 1 and 3 and the winners of 2 and 4 of the games on October 22, respectively. The final game will occur on Nov. 5th, and will be played between the winners of game No. 2 and No. 6.

The decision as to where the games will occur is a matter left to the teams to settle, nor has any arrangement been made in regard to playing off possibilities. It is assumed that all the games will be decisive, and this will doubtless be the case. Mr. Constock has been supplied with lists of the proposed players on the different teams, and duplicates of these lists have been sent to all the upper peninsula schools in the competition. If there are any protests they are expected to be forwarded to officers of the association without delay.

ATTEMPTED HOLD-UP

Henry Larsen Knocked Down Foot Pad One Evening Last Week.

Henry Larsen, who boards in Lakeside Addition, was the victim of an attempted hold-up one night last week, in the vicinity of Mrs. Tucker's residence. He was stopped by a tall man, who insisted on taking a bundle of clothing that Larsen was carrying. Larsen promptly gave the man a good knock on the head with his fist that he was knocked down and made his escape home. The street lights were not burning at the time.

Health and Economy are Assured by Using GARLAND STOVES AND RANGES...

Sole Exclusively by C. L. CO. HARDWARE, A. M. LEROY, Manager.
