## A REPUBLICAN LANDSLIDE

Roosevelt Elected President By the Largest Majority Ever Accorded A President.

## WARNER AND STATE TICKET WINS

Schoolcraft County Rolls Up An Unprecedentedly Large Republican Majority for Every Candidate.

### THE UNOFFICIAL PLURALITIES:

Roosevelt for President.....	1240
Warner for Governor.....	966
Young for Congress.....	1512
Mills for Senator.....	1232
Clark for Representative.....	1091
Rockwell for Probate Judge.....	1023
Brown for Clerk and Register.....	924
Joseph for Treasurer.....	1248
Kingstad, for Sheriff.....	1448
Hansen for County Atty. (No opposition).....	1518
Knox, the Court County? (no opposition).....	1419
Ling, for Coroner.....	1212
Johnson, for Justice.....	1210
Port, for Surveyor (no opposition).....	1041

While every person that has been keeping close touch on national and state politics conceded that Roosevelt would be elected president, even his most sanguine supporters were surprised at the magnificent majority he received. He carried every northern and western state and Missouri and West Virginia as well. His vote in the electoral college is 248. Parker received 161. Roosevelt's popular vote exceeded Parker's by nearly 2,000,000.

Michigan gave Roosevelt a majority of over 184,000 and elected Warner and the state ticket as well as every congressman by very satisfactory majorities. The able and persistent fight made against Warner materially reduced the majority he should have received but it is estimated that he was elected by about 60,000.

Congressman Young was elected by a majority 25,000. Schoolcraft county gave the largest majority in its history. Out of a total vote of less than 1700 votes Roosevelt received a plurality of 1282. In the past when the county would give 600 majority the majority was considered large.

A tabulated statement of the vote in Manistique and the township appears on another page. With the figures as modified they are practically correct. Warner was out on some as his majority indicates. Ferris ran 188 votes ahead of Parker and McCurdy for repre-

### GRANDMA WHARFIELD DEAD

Her Demise Occurred Last Tuesday Evening. Was Eighty-four Years of Age.

Grandma Wharfield died at her home in this city last Tuesday night after a very short illness. She was born in Bradford, Ont., in 1820 and was therefore ninety-four years of age. At the age of nineteen years she was married to Henry Wharfield of Massachusetts, and eight children, four sons and four daughters were the result of this union, five of which are living, viz: Mrs. J. C. Smith of the Sea, William Wharfield of Indianapolis, Ind., George Wharfield of Legassport and James and Frank Wharfield of this city.

She was left a widow in 1877, her husband dying at Wyandotte, this state, and all the years since that time have been spent in devotedly caring for and keeping a home for her family.

From Ontario the family moved to LaPeer, residing there a number of years. Twenty-two years ago they came to Manistique where they have since resided.

She was beloved by all who knew her, from the youngest to the oldest, and those who have known her for years speak in highest praise of her.

She has been identified with the local M. E. church for several years past, and as infirmly fastened her group upon her faith in God, and His provident care grew brighter and stronger and when the summons came it must have been a happy release from human suffering.

She was cheerful of disposition and uncomplaining, even under the affliction of lameness and blindness, and her influence was felt by those who visited her from time to time.

The funeral services were held from the M. E. Church, Rev. McOmie officiating, yesterday afternoon, and were largely attended.

### WARNER HAS 60,000

His Enormous Plurality A Surprise Considering the Concerted Fight Made Against Him.

ROOSEVELT 184,000 PLURALITY

By Far the Largest Vote Ever Given Any Candidate in the State.

One hundred and eighty-four thousand plurality for Roosevelt. Sixty thousand plurality for Fred M. Warner, for governor. Twelve republican congressmen. Thirty-two republican state senators. One hundred republican members of the state house of representatives.

Practically every candidate running for county office in the eighty-four counties of Michigan on the republican ticket elected.

The vote cast was something surprising, and the enormous majorities by which the republican ticket every one else through, was no less so.

All of the twelve republican congressmen were chosen by majorities which dwarf anything of the kind ever known in the various districts.

In the state legislature there will be not one lone democrat, as was the case in the landslide of ten years ago, when John Donovan of Bay was the sole survivor of the democratic legislative slate.

Collier-Briggs. The home of Mr and Mrs. P. H. Collier of Gontic City, was the scene of real happiness on Wednesday, Nov. 10th, when their eldest daughter, Miss Nellie May, was united in marriage to Mr. Wm. Rev. Albert Torbet of Manistique officiating. The young people of the community had given them numerous showers, and many were the beautiful presents bestowing the high esteem in which they were held. The bride is an accomplished young woman, having received her education in Green Bay, Wis., where she has held a good position. She is a young man of fine address and excellent habits whose future business success seems promising. His family are well and favorably known. He has been in business in Green Bay.

### A CULTURE CLUB

Organized by Rev. J. B. Fox of the First Baptist Church.

### A COMMENDABLE IDEA

And that That All Churches Could Follow With Profit.

Through the efforts of Pastor J. B. Fox of the First Baptist church, a club has been organized among the young men of the church and congregation and some have been engaged in the new First National bank block.

The name selected is the Young Men's Culture Club, and its object is altruistic, seeking to promote the highest interests of young men, morally, intellectually, socially and physically.

Resulting means will be maintained for the use of the members, and educational work will also be provided.

At a recent meeting the organization was completed and the following officers were elected.

President, J. C. Irish. Vice President, Wilbur Olin. Secretary, O. G. Quirk. Treasurer, B. J. VanMarter.

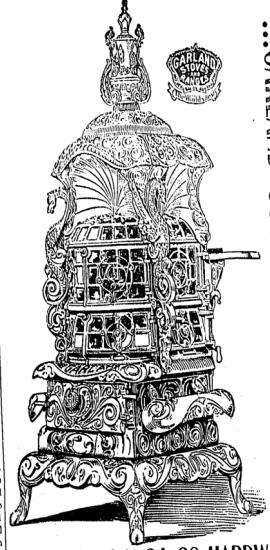

The church expects to erect a large addition to their building next year, and when this is completed, rooms will be specially fitted up for the use of the club. This idea is a commendable one and Mr. Fox certainly deserves much praise for pushing the project to a successful finale. The churches have been and are being so negligent in this respect, and in no branch of the christian work will the results be more far-reaching than in christianizing young men. It is a field that every church should cultivate.

### EDITORIAL COMMENT.

And the next day it snowed.  
Even Missouri gave Roosevelt a majority.  
Egypt and esophagus appear to be synonymous terms.  
The country was saved again, and four years more of Republican prosperity is assured.  
President Roosevelt announced Tuesday night that under no circumstances or conditions would he be a candidate for reelection four years hence.  
Schoolcraft county rolled up the largest majority Tuesday in its history for presidential, gubernatorial and county candidates. It shows what a united party can do.  
Roosevelt's popular plurality over Park is nearly 2,000,000. No president since the time of Washington enjoys the confidence of the people to the extent that Roosevelt does. They like his honesty, fearlessness and frankness.  
Hon. J. R. Clark, the candidate for the legislature did not receive as large a majority in Schoolcraft county as Congressman Young for the reason that his opponent, John McCarthy, was a former resident of the county and was well liked while here.

Prosecuting Attorney Hixson and Circuit Court Commissioner Knox had no opposition at the polls and both received the full party vote. Their ability to fill the offices is so well known that no one could be in doubt to make the race against them.  
Judge Rockwell's majority was only surpassed by Treasurer Jewell in the list of prominent office voters for on the county ticket. He certainly has many reasons for feeling proud of the magnificent endorsement he received at the hands of the voters last Tuesday.

No one denying the fact that the Detroit Tribune and News exerted every effort to defeat Warner, but the result was in keeping with the results in previous years when these same papers attempted to influence the people of the state for whom to cast their ballot.  
The very satisfactory majority received by County Clerk Bowen was a hearty endorsement by the people of his previous term. Mr. Bowen has made a record for being a painstaking, capable and popular official, and the good majority he received was certainly deserved.

Had Parker maintained the sphinx-like attitude assumed by him at the opening of the campaign Roosevelt's vote in the electoral college might not have exceeded 235. Some people possess the tact of putting their feet in it every time they open their mouths, and Parker has proven himself to be in that class.

A number of voters in the city in their anxiety to vote for McPherson marked their ballots in such a manner that they failed to vote for presidential electors. The teachers of the public schools are doing commendable work by holding elections, using instruction ballots for that purpose. In this manner the boys will know how to vote properly when they are eligible.

Deputy Attorney General Harry E. Chase advocates the raising of the American flag at the polls in every voting precinct, and suggests that the legislature pass such a law for Michigan. He says that flags are already floating over the school houses of the state, and that there is no reason why the stars and stripes should not wave over the place where the electors exercise the highest prerogative of citizenship. He believes it would teach lessons of patriotism, and at the same time mark the places of holding the elections.

### ROOSEVELT'S STATEMENT.

"I am deeply indebted to the American people for thus expressing their confidence in what I have done, and have tried to do. I appreciate to the full the solemn responsibility this confidence imposes upon me, and I shall do all that is in my power not to forfeit it. On March 4 next I shall have served three and one-half years and this three and one-half years constitutes my first term. The custom which limits the president to two terms I regard as a substance and under no circumstances will I be candidate for or accept another nomination."

### THE ROOSEVELT PEOPLE LOVE.

There are several Theodore Roosevelts, as Carl Schurz and others have pointed out. But the Roosevelt the people love best is discovered in that rattling answer to the personal slanders of Judge Parker, printed Saturday. The dignity that hedges the president of the United States goes not prevent the candidate for the presidency from giving a straight answer to a direct insult.  
There is no mingling of words. A lie is called a lie without fictitious tenderness or respect for his author. The president does not hesitate to take the responsibility for Mr. Cortelyou and his acts. He is not afraid to say what we do not remember, that any other president candidate for president has said, that he will go into office, if elected, unhampered by anything said or done by his campaign committee or himself in the confidence or himself in the campaign. He is not too timid to point out that neither Judge Parker nor his campaign committee is in position to make this frank declaration. Altogether this statement to the American people is the clearest note, the straightest hitting, the most effective knockout blow we remember ever to have seen in a political campaign. The people like this sort of thing. They give a hard fight, if he fights fair. They are delighted to hear a spade called a spade. They like little stock in the sham dignity of the presidential office.  
They like this direct statement far better than they would have liked a formal reply by Cortelyou or a roundabout letter to Lodge. They will receive it in the same spirit in which Grover Cleveland was cheered for half an hour before his Newark speech. The two men own their hold on the American people to the same qualities. No more entire opposite to both of them can be imagined than Judge Parker.—Manistique Tribune.

### EDITORIAL COMMENT.

It certainly was a Republican landslide.  
Less than 200 votes were cast for Ferris in the city of Manistique.  
How much larger would the majority have been had Parker talked more.  
Roosevelt's majority in the electoral college is nearly so large as that received by McKinley four years ago.  
Even that dismantled and battered political hulk, William Jennings Bryan, would have made a better showing against Roosevelt than did Parker.  
"Indiana is reliably democratic and the vote will go there," said Chairman Tom Taggart the day before election. As a political prophet Taggart is bum.  
Parker proved himself to be a light weight by his vicious and unwarranted attack upon the integrity of President Roosevelt and National Chairman Cortelyou.  
No more spots have developed as the result of the election in Schoolcraft county. The defeated candidates made an aggressive and clean fight, and turned up smiling Wednesday morning.  
Abner C. Rockwell was elected by an overwhelming majority as probate judge receiving good majorities in every township and precinct in the county notwithstanding the fact that he was pitted against a strong candidate.  
Much surprise was manifested at the large registration in Thompson township last Saturday and the big vote cast Tuesday. In the course of a year or two that township will poll more votes than it did during its former palmy days.  
Ed Jewell received a larger majority for county treasurer than did Roosevelt for president. Since the president has signified his intention of not making the race four years hence, we place Mr. Jewell on the list of presidential possibilities.  
As it has been proven this week that many citizens prefer to take a hike to the woods two or three days before the hunting season opens and thereby lose their vote, the state game laws should be so amended that the date for the open season for deer should be placed as late as the 15th.  
Magnus Klagstad made a phenomenal run considering the popularity of the man pitted against him. McPherson was by far the strongest candidate on the Democratic county ticket and what little work was done by the opposition was done in his behalf. Klagstad made no ante-election promises and will go into the office next January without any handicaps. He will make a faithful official and the voters of Schoolcraft will never have cause to regret his elevation to the office in question.  
E. H. Jewell is a worthy successor to Geo. C. Rogers, the present county treasurer who completes his four years' tenure of the office on January 1st. The honest, correct and efficient work done by Rogers will be duplicated by Mr. Jewell. The big majority he received was not a surprise to those in touch with Schoolcraft county politics for he has more friends and fewer enemies than is the lot of most people. The county will never have cause for regret in placing its funds in his hands.  
There is a note of warning to Republicans in the phenomenal run made by Ferris for the governorship. Of course the personality and wide acquaintance of the candidate attracted thousands of voters to him, but the fact that the voters of Michigan are dissatisfied with the present mode of holding caucuses and conventions was the real secret of the slump from Republicanism. The next legislature must pass a satisfactory primary reform measure during its next session. Neglect to do so may imperil Republican success two years hence. The vote on the governorship last Tuesday certainly is fair warning. The Republicans of Michigan have rarely nominated so clean and able a man for the governorship as Warner, and the slashing done Tuesday was not directed at him but at the inactivity of the party in giving the people what they demand.

### POPULAR PLURALITY.

THAT OF PRESIDENT ROOSEVELT IS OVER A MILLION AND A HALF.

ALL RECORDS ARE BROKEN

McKINLEY'S PLURALITY IN 1896 EXCEEDED BY OVER SIX HUNDRED THOUSAND.

SOLID SOUTH IS DISRUPTED

MISSOURI CONTRIBUTES HER ELECTORAL VOTES TO REPUBLICAN COLUMN.

New York, Nov. 10.—With a record-breaking popular plurality of more than 1,200,000, President Roosevelt now seems assured of the electoral votes of Missouri and Maryland, making a total of 242 as against 123 for Alton B. Parker. The nearest approach to this vote was in 1856, when Grant received 723,911 plurality. Grant's record in electoral votes is defeated by Roosevelt's.  
The latest news returns in Missouri and Maryland, however, indicate that Missouri is in the Republican column by some 2,000 plurality. Parker has been elected in Maryland and the presidential vote will likely be cast for President Roosevelt. In other states, pluralities continue to grow large. Pennsylvania has a 200,000 and Ohio 250,000 plurality. The "solid South" was broken by the defection of Virginia and some Republican gains in the South held the opinion that the solid South hereafter will exist in history alone.  
The banner state for Roosevelt is Pennsylvania, where 400,000 to 500,000 plurality. New York gave the president a "vicinity" 714,000 more than he did Parker. New York city returns are still incomplete, but the management over the result has established Parker carried Greater New York by 35,900 votes.  
Illinois won second place in the states to Roosevelt by giving a Republican plurality of more than 200,000. Chicago was won second place, most to Philadelphia, by giving 103,000 plurality to Roosevelt.  
Run Ahead in Many States.  
President Roosevelt ran ahead of his ticket in many states, notably in Massachusetts, where he secured a plurality of 80,000 votes, while the Republican candidate for governor was defeated by 25,000.  
In Nebraska the definite announcement that the legislature will not can dispose of the statement that William J. Bryan had aspirations for the United States presidency. In that state, too, the governorship is in doubt.  
In Minnesota, where Roosevelt secured 126,000 plurality, a Democratic governor was probably elected. The election of a Democratic governor is the second in the history of the state. Chairman Babcock of the Republican congressional committee was defeated by a greatly reduced plurality, but Chairman Cowley of the Democratic congressional committee was defeated in Minnesota where the Republicans now have eight congressmen instead of one. Roosevelt has retained Colorado by probably 15,000, but the governorship is still in doubt.  
The following table shows the pluralities in the various states, also the electoral votes of the opposing candidates.

Every Republican County Candidate Elected by Safe Majorities.  
**INDEPENDENTS GIVEN DEATH BLOW**  
In Houghton and Marquette Counties the Independent Parties give for National and State Delegates.  
The returns show that every republican candidate for county office in the upper peninsula was elected. Last Tuesday the Independent Republican tickets in Marquette and Houghton did not get much, but as the regular ticket received overwhelming majorities. In Chippewa county a pitched fight was made by the Democrats but they failed to score. In Mackinac county the Democrats confidently expected to elect Mr. Peterson but for the second time in four years he went down in defeat.  
John Rought a former resident of Inwood township was elected sheriff of Marquette county. The Democrats hoped to win a treasurer and update judge but were disappointed.

**REV. ROGERS MADE HIT**

**Iron Ore Liked His Talk at Recent Independent Rally.**  
Rev. Rogers of the Presbyterian church, made an excellent impression at the Independent rally at Ishpeming last week. Concerning his address the Iron Ore had the following comment:  
"The Rev. Mr. Rogers of Manistique, in his talk at the Independent Republican meeting held in Ishpeming Wednesday evening, paid a glowing tribute to President Roosevelt. It was beautifully expressed, full of honest feeling, and caught his hearers it was there was no mistaking. Mr. Rogers is an eloquent talker and knows how to hit. His speech developed the fact that this city is overabundant for Roosevelt. There hasn't been a better talk in the interest of the president than that of Mr. Rogers, and we are sorry he was not brought out earlier in the campaign. Not that he would have made many converts, as there are few to convert, but it is a real pleasure to listen to such a man."  
In another place the Ore says:  
"The Light Guard Band favored the audience with a selection, following which the chairman introduced Rev. J. M. Rogers, pastor of the Marquette Presbyterian church. His address was one of the finest efforts ever heard here. It was a manly talk coming from the heart and was listened to with keen interest by his audience. His tribute to President Roosevelt was a glowing one and was received with vociferous approval."

**BIG REGISTRATION**

**A Total of 907 Voters Registered Last Saturday.**  
It is safe to venture that nearly every voter in the city last Saturday, registered for the total of 907 names were registered. It covers a number of workmen who reside in Manistique were not in the city and the 907 does not by any means represent the entire voting strength of the city.  
The registration of the various wards follows:  
First Ward ..... 173  
Second Ward ..... 165  
Third Ward ..... 315
