MRS. McEACHERN DEAD

In the Death of Mrs. A. McEachern, the Entire Community Center Irreparable Loss

HER DEMISE OCCURRED FRIDAY

Living Friends and Neighbors Pay Last Sad Rights

Mrs. Mary McEachern, wife of A. McEachern, and daughter of Archibald and Margaret Love, passed away at her beautiful home in Grand City last Friday September 14th at 11:15 A. M.

She was born in St. Ignace, Ontario, October 23rd, 1850 and at the time of her death was 55 years, 10 months and 15 days old.

On May 14, 1874 she was married to A. McEachern and there were born to this union five sons and three daughters, one of the daughters dying in infancy.

In 1881 the family moved to Michigan and homesteaded the place where they have ever since lived, having received from the United States one of the most beautiful farms in the country, the gates of which were always open to the passing traveler, and not even a beggar was ever turned hungry from her door.

Mrs. McEachern was over 100 years of age when she died. A brief funeral service was conducted at the home, at noon, by the pastor of the Presbyterian church, the Rev. T. A. Chagnot.

The casket was completely hidden with flowers there being many beautiful wreaths from different organizations with which she was connected, as well as great masses of flowers from her many friends.

Neighbors from far and near crowded the house and filled the yard to pay their last tributes of love to her memory. After the close of the services a large funeral cortege followed the hearse to the station, where a special train under the direction of Mr. Nicholson was in waiting, which took the family and over a hundred of the friends to Manistique, where Mrs. McEachern had expressed a desire to be buried.

Here they were met by many more friends and large delegations of the Lady Maccherson and National Protective Legion who escorted the procession to the Presbyterian church, where the last funeral services were conducted. The pall bearers were Messrs. George Orr, Walter Orr, W. B. Thomas, Benjamin Gero, A. S. Putnam and I. S. Huppigny.

The church was beautifully decorated, the pews being banked with flowers. Rev. Albert Torbet, the pastor, preached from the text, "I bowed down heavily as one that mourneth for his

mother, embracing, motherhood and comforting the bereaved family and friends with the visions of the heavenly home. Rev. T. A. Chagnot assisted, six being an account of the life of service and love of the deceased. The gathering sang, "Lead Kindly Light" and "Nearer My God, to Thee."

The body was then laid to rest in the flower bed on the top of the hill in the cemetery, there to await the resurrection morning.

As the perfume of the raised flowers, and the gentle breath of the falling springtime, so were the peaceful and beloved influences of her daily life upon all those who were privileged to know her. Her amiable and lovely character secured for her a large circle of friends who deeply lament her loss. The kindness of her disposition and her cheerful unsmiling endearment to all who knew her, and so gentle were all ways, so bright and cheerful her disposition that she shed a pleasant radiance about her wherever she went.

The affectionate associations with her friends, the pleasant recollections with the fragrance of her Christian spirit, and her joyous, happy life.

She greeted everyone with a smile and the friendships which she cultivated were so precious and enduring as her life. Her departure has left an empty void which can never be filled. She was the inspiration of her husband, and the idol of her children. But as she departed without murmuring to the will of her Heavenly Father, so may we follow her example that we may meet her in her Heavenly Home.

Behind her hours time from gates close forever. She is now far from them. For she has reached the city of the saintly. The New Jerusalem! A voice is heard on earth of kindred voices. The loss of one they love, that she is gone where the redeemed are hovering in glory, awaiting a feast above.

The mourners through the way and from the mourner. The funeral bells toll slow; But on the golden streets the holy people come. And passing to and fro, And saying as they meet; Rejoice another Louie wait for its coming; The Savior's heart is glad, a loved life is laid.

God hath reared the Father's Home."

For Sale. One wore horse, one driving horse, one second hand buggy, cutter, harness, blanket and fly-net, inquire of R. B. Wardell.

VAN ANKEN RETURNS

The Much Advertised Check Forger Again in the County Jail

THE LAST OF THE TRIO CALIPT

Arrested at Onondaga at Sheriff Klages' Residence

The much wanted Harry A. Van Anken arrived from Chicago yesterday morning in custody of sheriff Klages, and was at once placed in a cell in the county jail from which he escaped on the night of Tuesday Aug. 28th in company with Joseph Casanova and James Vallier.

The prisoners were discovered by the officers near the shores of Lake Michigan on the evening of Aug. 29th and Vallier was killed by the officers while running away to avoid arrest. Casanova was caught on August 30th but Van Anken could not be located and was thought by the officers to be lost in a swamp in the vicinity of the place where last seen, but no trace of him was found, although several officers were searching for him.

On Saturday about 5 o'clock P. M. a telegram from the Record Herald was received saying Van Anken was in jail in Chicago. Sheriff Klages and Prosecuting Attorney Hixson were informed at once by inquiry by one of the Chicago authorities, the information was confirmed and sheriff Klages left for Chicago Sunday, Sept. 3rd, but as Van Anken refused to return to Michigan unless compelled to and upon notice from the sheriff Prosecutor Hixson left for Lansing the following Wednesday.

Several of the necessary papers, which were placed in the sheriff's hands and a hearing had before Gov. DeWitt of Illinois, and a warrant procured for the removal of Van Anken to the jail at this place. No trouble was experienced with the state authorities of Illinois in having him extradited, but considerable strategy was necessary to get Van Anken out of Chicago as it was expected that through his attorney he would cause all the trouble possible.

Van Anken informed the sheriff that he did not follow the beach on his return to Manistique, after the shooting of Vallier, but worked his way through the woods until he arrived at the summit of a high elevation south of Grand Ledge and following the swamp to the south of the lake reached the railroad some distance west of Grandville, and then followed the railroad to the city and took a train here Thursday night last day. Casanova was brought in. He was enabled to reach the railroad from in-

FRAME OF CHURCH WRECKED

Contractor Injured Suffers Serious Loss by Wreck of Building

This city was visited by a severe electric storm about midnight Monday, accompanied by a gale of wind and a deluge of rain. The crashing thunder and dazzling flashes of lightning caused a general hurry to get windows closed. During the storm the heavy rafters which were partly in place on the new Swedish Lutheran church were blown down, and went crashing against the tower on the North west corner of the building, breaking timbers and twisting the lower half as well as damaging other parts of the framework. The loss which is estimated at not less than \$100 falls upon contractor Aug. Ribson and will occasion considerable delay in its work.

Passengers on The Buell

Mrs. Geo. H. Orr, and Mrs. R. L. Brown, who will visit relatives in New York state, Mrs. B. D. Carr for Detroit, Wesley Orr who goes to the M. A. C., Lansing, and Ralph Brown to U. of M. Ann Arbor, were passengers on the Buell yesterday.

A FORTUNE IN IT

Fireman of Escanaba Secures Large Proliferation From \$50 per Month to \$100 per Year.

A tale of suddenly acquired riches comes from Escanaba. James F. Dewitt, a locomotive fireman for just eight years on the G. & N. W. Ry., but 32 years of age is reported to have received \$975,000.00 on a patent on a turbine engine, on which he had been quietly working for three years, and in addition to receive \$100 per day for fifty days, so much so that he is now in New York to start the work according to the Escanaba Herald. Dewitt is expected in some quarters as to the truth of the story, and as the young man is absent from the city Dewitt's version was not obtained.

The patent is said to be the first perfect steam turbine engine that has been built but which has been the dream of invention for years. The sale purports to have been made to the North German Lloyd, Hamburg American and Canadian Steamship Lines.

Married, Sept. 10th by the Rev. G. A. Hilton of the Fremont Congregational church, Minneapolis, Minn. W. Vern McIntyre of Rhyolite, Nevada, and Miss Maude Helms of Manistique.

NARROW ESCAPE

Halfbreath Escape of Rev. Peterson and Three Children of Doyle Township During the Storm

ELECTRIC FLUID PLAYS PRANKS

The Matter on Which They Stopped Was Too Dangerous for Homes to Remain

The electric fluid which they stopped was too dangerous for homes to remain. A demonstration of the freaks of lightning occurred in Doyle township during the storm Monday night, when a bolt entered the chimney of the house of Peter Peterson, and chimney being located in a room in which was a bed occupied by Mr. Peterson and three children. Mr. Peterson being away in camp.

The bolt did no damage to the upper part of the chimney, but demolished the lower portion entirely, jumped to the springs of the bed and tore the mattresses to pieces, and following a part of the bedstead, the bottom of which it destroyed, escaped through a window at the side of the room, breaking two panes of glass in its exit. The damage inflicted on the bed, and as the occupants of the bed realized only a slight shock, but their escape from serious injury if not instant death was little short of miraculous.

HEEL CRUSHED

Foot Caught by Split of Engine.

Benjamin Gross, met with a quite severe accident while tending on Indian Lake Monday in his father's launch. Both man and father were trolling, and the line was about to go overboard, when both made a grab for it, with the result the boys had were caught by the moving shaft in which was a set screw, which cut the flesh to the bone, but no bones were broken. Prompt work on the part of Mr. Gero, who when he heard the boy scream, prevented a much more serious result. The wound is healing nicely and the young man will soon be about.

New Pastor Located Here

Mrs. Christina Paik and three children, family of Rev. Christian Paik, the new pastor of the Norwegian Lutheran church, arrived in the city Friday last, and are now located in the parsonage of that denomination.

**EDITORIAL COMMENT.**  
One editor in Ohio has sued another for \$10,000. Might just as well have sued for a million brother.

Lansing will be headquarters of the State Central committee, it having been decided by that body to open headquarters at Detroit.

Welcome: News for the tax payer is contained in the statement from Lansing that the state tax rate will this year be \$1.35 per \$1000, against \$2.45 per \$1000 valuation one year ago.

The Mining Journal announces the candidacy of T. M. Wells of Negaunee, for the legislative nomination in the first district of Marquette county, so that John Gordon will not have to make the race alone, and there may be others with like aspirations.

The Detroit Free Press says that in the whole catalog of legislative absurdities there is nothing more selfish than the game laws, and gives in evidence the fact that the sportsmen's association of Grand Rapids will have them amended this winter to suit its convenience. The game laws are an anachronism, but not the only one in our social policy and perhaps one of the least harmful. The value of the game is trifling, but the silly regulations are sometimes annoying.

On another page will be found the Republican county ticket, the choice of the people at the primaries held Sept. 4th, and is a good one, one that every Republican in the county can conscientiously and heartily support. Voters do not let the fact that it is an off year prevent your going to the polls and registering your choice for county as well as state offices, and make the majority so large that there can be no doubt as to where the Republican party stands on the issues that confront us.

The Escanaba council has its trouble. Cows are running at large in the western wards and damaging lawns, and two women who hurt themselves on defective sidewalks have sued for \$3000. Gladstone had better start now to accumulate a sinking fund to pay defective sidewalk damage claims, for there will be some coming in before a great while.—Gladstone Delta.

And this should remind our city council that on several of the streets of this city the walks are in very bad condition.  
The new railroad rate law went into effect last week, but it is probable that extensions of time to most roads will be necessary to enable the accounting departments to adjust their rates, and formulate schedules to conform to the requirements of the law. When this is accomplished and the new rates filed with the Inter state commerce commission the small shipper should be placed on a more equal footing with his competitor doing a larger business, but who has had the advantage of a pull in securing rebates.

W. J. Bryan the idol of Democracy so long as he remained on the other side of the ocean, has started things moving now that he has returned to this side. It would seem to an outsider, that Bryan's temerity, in endeavoring to coerce the faithful of the state of Illinois, will be punished more or less severely depending on his future action. The quarrel resulting from his attempt to compel the resignation of Roger Sullivan from the state Central committee, has reached the, your another stage, and Roger proposes to stand pat. Bryan seems to have nothing new to offer except public ownership of railroads, and a disposition to dictate to the party, and the wheel horses of Democracy do not appear to be disposed to adopt either proposition, and already, there is promise of a lively contest for the nomination to the presidency, which is still two years away.

The conditions of business constitute a practical argument for the retention of a Protectionist Congress and for promoting Roosevelt Republicanism. The government is taking measures to prevent money speculators from arresting the movement of the crops. Call money rates are reasonable. Gold is coming in from abroad. Our sale of manufactures and of raw materials to foreign nations were enormously large in July.  
If you don't like all this, vote the Democratic ticket!

And even Leland admits that Governor Davenport's majority was big enough.  
Shake Grand Traverse County, Michigan, with you in the debate of the proposition to bond for \$12,000 to build a new jail.

**REAL WAR YET TO COME**  
LITTLE HOPE THAT CUBAN INSURRECTION WILL BE SETTLED AMICABLY.  
BELIEVED AMERICA MUST INTERFERE  
PUBLIC VIEWS WITH SIGNIFICANCE CONCERNING THE EARLY ARRIVAL OF WARSHIPS.

Havana, Sept. 13.—The dispatches received from the Cuban revolutionaries are so full of hope and confidence that the real war is yet to come. The only reason for this is the fact that the Cuban revolutionaries are so confident of their success that they are not making any effort to negotiate with the insurgents. This, however, is not likely, as congress is steadily moderate and determined to stand absolutely by President Davenport's course.

There seems to be considerable doubt as to the profitable use of denatured alcohol, notwithstanding the promises made by the advocates of the so-called free alcohol legislation in congress last winter, and it is very probable that the Standard Oil trust will foster the doubt. Internal Revenue commissioners Yerkes who was sent to Europe to investigate the uses of denatured alcohol, indicates in his report, that no industrial revolution is likely to result from placing this article of commerce on the free list, for the time has not yet arrived, when alcohol shall take the place of other fuels for the production of light and heat, but further time and development may dispel the doubts now existing, although we have not as yet discovered any rash on the part of manufacturer to change the old style of motor, or construct new; adapted to the general use of alcohol as fuel. The old steam, or gasoline engine is still being used by the farmer the artisan, the boatman. However a bumper crop of potatoes resulting in a low price of the tubers might result in causing the agriculturist to turn the surplus into alcohol instead of pork.

**VESSLS FOR CUBAN WATERS.**  
Cruiser Denver and Gunboat Marietta En Route.  
Washington, Sept. 13.—With a view to caring for American interests in any emergency that may arise in connection with the Cuban revolution the cruiser Denver and gunboat Marietta were ordered to proceed from New London, Conn., to Havana. She is due there shortly. The gunboat Marietta, which has been doing patrol duty in Demilee waters, was ordered from Monte Cristi to Cienfuegos, on the south coast of Cuba, where it is expected to reach in twenty-four hours. The cruiser Des Moines, which left Norfolk last Friday, is to be detached at Key West until further orders.

**WELCOMED BY THE SOUTH.**  
Bryan Enthusiastically Greeted at Louisville.  
Louisville, Sept. 13.—W. J. Bryan received a most hearty welcome to Louisville when he arrived here on the arrival here from St. Louis. The train bearing the distinguished Democrat and his party arrived at noon and was met by thousands of people and other Democratic organizations. Several thousand men were in line. The streets were thronged with the club headed by the reception committee, escorted Mr. Bryan to his hotel, the Nehalem, being enthusiastically cheered on the route.  
**ROCKEFELLER NOT PRESENT.**  
Plea of Not Guilty Entered for Oil Magnate.  
Friday, Oct. 13.—A plea of not guilty has been entered in the probate court here by John D. Rockefeller on the charge of violating the anti-trust law through Standard Oil company. Mr. Rockefeller was not personally in court. He pleaded through his attorney.  
Judge Banker then adjourned court until the first Monday in October. The trials may not be started on that day, but it is expected that they will be.

Cuba Buys War Yacht.  
New York, Sept. 13.—The Cuban government has authorized the purchase of the steam yacht Antia of Philadelphia, which is to be used as a coast patrol. The Antia, according to the yacht register, is owned by George B. Wilson. She is 187 feet over all and registers 232 tons gross.

### ATTACK BY PULAJANES

TWO NEGRO REGULARS KILLED AND EIGHT WOUNDED IN ON-SLAUGHT AT NIGHT.

HUTSPETS BLOODED AND CAMP BUSED

BLEEPING SOLDIERS RALLY TO DEFENSE AND NATIVES ARE FINALLY ROUTED.

Men, Sept. 13.—In revenge for the punishment inflicted upon them by the regular troops for the killing of Lieutenant Rouse Treaswell of the Philippine scouts the Pulajanes attacked a detachment of the Twenty-fourth Infantry (colored) on the night of the 10th and before they could be driven back they killed two and wounded eight of the colored soldiers. Early on the evening of the 10th the bandits ransacked the camp of Treaswell and succeeded in killing the officer. The colored troops came to the rescue and drove the fanatics from the fold, killing and capturing a large number. The Twenty-fourth then went into camp near Bura, Lero, then the scene of the engagement. The band returned during the night, banded in the outskirts and rushed the camp. More than a score of indictments were returned against the Pulajanes for the murders which were had up before they being based on the mismanagement of the bank.

Bank Officers Indicted. Chicago, Sept. 13.—The grand jury has voted indictments against Paul O. Stenland, former president of the Milwaukee Avenue State bank and now under arrest in Tangier, and Henry W. Herbig, the cashier, now confined in the county jail in this city. More than a score of indictments were returned against the Pulajanes for the murders which were had up before they being based on the mismanagement of the bank.

### DIAMOND MERCHANT ROBBED.

Losses a Fortune in Gems While Asleep on a Train.

Baltimore, Sept. 13.—Solomon Urbach, a diamond merchant of New York city, reported to the Baltimore police that he was robbed of \$40,000 worth of diamonds while en route to this city.

Mr. Urbach boarded a sleeping car of a Pennsylvania train in Jersey City at midnight. He says he had \$40,000 worth of neat diamonds in a wallet in his vest which he put under his pillow when he retired. When he awoke at the train was nearing Baltimore he declares the vest with its contents was gone.

### SHEA MUST STAND TRIAL.

Indictments Against Labor Leader Upheld by Court.

Chicago, Sept. 13.—Cornelius P. Shea, president of the International Brotherhood of Teamsters, will be compelled to stand trial on charges of conspiracy, growing out of the great teamsters' strike of last year. For two days arguments have been heard in court relative to the quashing of the indictments, but it was decided that the indictments are good and the trial will commence at once.

Cost of a Street Car Strike. Saginaw, Mich., Sept. 8.—According to the statement submitted to the city council the Saginaw Valley Traction company lost \$84,000 last year. The gross receipts were \$171,000, of \$6,000 less than the cost of operation. The cost of the deficit came from taxes, interest on bonds and depreciation of property. Four million passengers were carried. The big street car strike of last summer, lasting two weeks, was the principal cause of the heavy loss.

### MYSTERY UNCOVERED

Evidence of What Looks Like Murder in a Dead Recluse's Home.

REMAINS OF A MAN ARE FOUND

Delishat Attempt to Blow Up a Butler—Letters of Fred W. Smith—Michigan State News.

Bank Ste. Marie, Mich., Sept. 8.—Mystery surrounds the finding of a skeleton under the floor of a partly burned hut in the woods near Trout Lake. The hut was occupied by a homesteader named James Jans until about a year ago, when he committed suicide. Nobody was ever reported missing, and it is not known who the man under the cabin was. It is believed by some of the settlers that he was murdered and buried under the floor, but whether by Jans is not known.

He Had Seen Better Days. A watch and an ambition of a secret settler is said to have been found by the settlers. Jans was an odd character, and lived alone in the woods for miles from Trout Lake. He is supposed to have been better days, as he was well educated. At the time of his death it was said that he killed himself because he could not leave drink alone.

Some Miscellaneous Did This. Dale, Mich., Sept. 8.—John F. Bibles' Loin Wagon works was barely saved from destruction by the discov-

Pain From a Burn Promptly Relieved by Chamberlain's Pain Balm. A little child of Michael Strauss, of Vernon, Conn., was recently in great pain from a burn on the hand, and as gold applications only increased the inflammation, Mr. Strauss came to Mr. James N. Nichols, a local merchant, for something to stop the pain. Mr. Nichols says: "I advised him to use Chamberlain's Pain Balm, and the first application drove out the inflammation and gave immediate relief. I have used this balm myself and recommend it very often for cuts, burns, strains and sprains, and have never known it to disappoint." For sale by A. S. PUTNAM & CO. and LARAB & NEVILLE.

JAS. VALLIER INQUEST

THIS HONORABLE JURY WAS DUBIOUS TO ACQUIT WEDNESDAY

THE JURY EXONERATES OFFICERS

Three Witnesses Testify as to the Facts Leading up to the Shooting at Valley

The inquest on the body of James Vallier killed in the shooting at Valley, Mich., on the 29th day of August, was resumed Wednesday at the office of Ed. Ashford, W. Johnson, prosecuting attorney, before Justice of the Peace, Attorney H. H. Bly, before the coroner.

STATE OF MICHIGAN, County of Schoolcraft.

An inquisition taken at the morgue of Sven Johnson, in the City of Manistique, in said County, on the first day of September, A. D. 1906, before Sven Johnson, one of the coroners of said County, upon the view of the body of James Vallier, then and there lying dead, by the oaths of the jurors, whose names are hereinafter set out, who being sworn to inquire in behalf of the People of this State, when, in what manner and by what means the said James Vallier came to his death.

Examination and testimony of witnesses produced, and sworn to by said coroner, during the absence of said coroner, by the undersigned for said examination.

S. JOHNSON, Coroner.

STATE OF MICHIGAN, County of Schoolcraft.

At an adjourned inquisition taken at the office of Ed. Ashford, in the City of Manistique, in said County, on the Twelfth day of September, A. D. 1906, before Sven Johnson, one of the coroners of said County, upon the body of James Vallier.

Examination and testimony of witnesses produced, sworn and examined upon an inquest taken upon the body of James Vallier, deceased, Samuel Mix, A. C. Rockwell, William Sellers, Andrew Richardson, Julius Peters, and Henry Schuster, good and lawful men of said County, duly sworn upon their oaths to inquire and report to me, half of the People of this State, when, in what manner, and by what means the said James Vallier came to his death.

Fred M. Orr, a witness produced, sworn and examined upon said inquest, by his oath says, my name is Fred M. Orr, I live in this city, in the livery business, I am an undersheriff of this County; On the 29th day of August I was out searching for a deer, who had broken out of the jail of this county, the escaped prisoners were James Vallier, Henry VanAuker and Joseph Cassmere. I found the parties, who I saw them coming up over a sand knoll on the road from Whitelake to the beach, they were, I should judge about 20 or 30 rods from the lake shore. When we first saw them they were about 4 rods away, we stopped the car, and they dodged the other side of the knoll from us, Mr. Richards was on the left hand side of the rig, he ran up across the knoll. Mr. McGregor and I went up the road to where we saw them, Mr. McGregor was some little in the lead, when I came onto the knoll they were from 5 to 4 rods away from me, I called to them to halt, a shot did Mr. McGregor and I heard each time we told them that if they didn't halt we'd shoot, I called three times, by this time they were about 8 or 12 rods away, then I called to the boys to shoot, and they commenced shooting; I saw two men fall, and the third man went over a sand knoll and that was the last. I saw of him. I kept running all the time in the direction where I saw the men fall, I came up to this man Vallier within about six feet before I noticed him, I stopped still for about a minute then walked around to his head, I stood and watched him, still I was satisfied that he was not shamming, then I struck a match to see his face, I also felt of his pulse, and thought he was dying, when I left him I marked the spot as near as I could, and went over the hill to where the others were, we looked round there for a few moments for the other man before I said anything to them, then I said to them "We've got one of them over here." We went back and examined him and found he was dead, then we carried him into the wagon and brought him in to the undertaker's. This man was James Vallier, he had been arrested some time before that on charge of stealing a horse the arrest was made under special statute for horse stealing, he had waived examination before Justice of the Peace and was bound over for trial in the Circuit Court, he had been unable to give bond and had been committed to the County Jail to await trial, and had been in the County Jail about two or three weeks, he escaped from jail the night of the 28th of August, at about 8:30 o'clock p. m., he escaped by cutting of the hinges from the cell door leading to the corridor, it is a small door that we used to use for putting wood through. I learned that two men had been seen going toward Whitelake on the track soon after the escape was reported to me, and Charles McGregor a deputy sheriff went to Whitelake that night, also John William A. LeDuc with us, and during the day of the 29th searched in the vicinity of Whitelake and the beach towards Seal Chozo Light house, we saw tracks bearing showing that the three prisoners were in that vicinity later in the day we secured the assistance of Fred Richards, and Mr. LeDuc returned on the evening train, we left Whitelake between 7:30 and 8 o'clock in the evening of the 29th, it was between 7:10 and 7:30 p. m. when we first

saw them, it was quite dark in the woods, the moon set by the point where we first saw them was about 3 or 4 miles away, they were going East in the opposite direction to any fire-light, they were heading toward the shore of the lake, we were armed, I had two revolvers, Mr. Richards a rifle, and Mr. McGregor had a revolver, tall struck Vallier in the back between the shoulders with a bullet, on the front, that would be my opinion. VanAuker had been arrested on charge of obtaining money under false pretenses, by means of passing forged checks, he had an examination before Justice and bound over to trial, and Joe Cassmere had been arrested on charge of assault with a great bodily harm, less than the crime of murder, all of them were in awaiting trial at next term of the Circuit Court and commitments had been issued by the magistrate before whom the examinations were had.

S. JOHNSON, Coroner.

Charles McGregor, a witness produced, sworn and examined upon said inquest, by his oath says, my name is Charles McGregor, I live in this city, I am in the livery business, I am a deputy sheriff of this County, On the 30th of August I was called upon by the undersigned Attorney, and the undersigned, and informed that three prisoners had escaped from the county jail. I was first sent to Cassmere's home in this city, I went from there to the depot and went to Eastern public along the line. We then learned that men had been seen on the track going towards Whitelake Mr. Orr told me I had better get a team and go to Whitelake and try and head them off there, I left Mr. LeDuc and Mr. Orr at Gulliver at the crossing by the Lake. I put up the team at Whitelake, and looked around there to see if I could find any traces of them. After searching until near daylight we went back to Whitelake, had our breakfast and went toward the beach, worked on the beach till we found their tracks, we followed till they left the sand went into the woods, then we gave up the search and returned to Whitelake. Mr. LeDuc then returned home and we secured the services of Mr. Richards, Sheriff of Schoolcraft, and the undersigned that evening, we met the prisoners about 20 or 40 rods from the beach, we stopped the rig and went after them, when on top of the hill we were within 10 or a rod of them we all called to them to halt, but they kept running and Mr. Orr remarked that we had called to them three times, and that we had better commence shooting, I do not know how many shots were fired. We saw two of them disappear, and the other man continued running and we running after him. Mr. Orr came close to this man Vallier, and I and Richards kept going toward the top of the hill. When Mr. Orr joined us he said, "We have one of them down there in the hollow." When we got to the top of the hill we saw to the north of the man VanAuker. We looked around a few minutes, then we put the man Vallier in the wagon and took him to Whitelake. Mr. Orr got another team and brought him to town.

CHAS. D. McGEHEON, Subscribed and sworn to before me, this 12th day of September, A. D. 1906.

S. JOHNSON, Coroner.

Fred Richards, a witness produced, sworn and examined upon said inquest, by his oath says, my name is Fred Richards, I live in Whitelake. I am not a deputy sheriff of this county. I work in the woods in the cedar business, on the 29th of August I was called upon by the sheriff to assist them in capturing escaped prisoners. The officers were Mr. Orr and Mr. McGregor. I went with them down to the beach, when near the beach going up a little hill we saw the prisoners, we stopped the horses and jumped out of the rig and went about three or four rods away and running toward the woods. Mr. Orr and Mr. McGregor ran the road towards them and I cut across, when on the hill I met two men, they were running as fast as they could. Mr. Orr and McGregor were calling to them to halt, so I called to them also to halt, we called four or five times to them, then Mr. Orr said to shoot, so we all commenced shooting, I saw two men at that time, one of them disappeared and think he went over the hill, I kept on running after the man that I saw, and did not see him after he went over the hill. Mr. Orr came up then and said there was one of them over there. We then gave up the search owing to darkness, went back to the man who had been shot, carried him out to the wagon and drove to Whitelake. Mr. Orr brought him to town after wards.

FRED RICHARDS, Subscribed and sworn to before me, this 12th day of September, A. D. 1906.
