MANISTIQUE, MICHIGAN, FRIDAY OCT. 12 1906.

PER YR.

TWO CHANGES MADE

Mr. H. Bruse succeeds the late W. H. Nelson as manager of the Manistique Iron Co.

HONOR WORTHY BESTOWED

Honorable H. Baker succeeds Bruse as cashier.

Mr. George H. Bruse succeeds the late W. H. Nelson as manager of the Manistique Iron Co. and has entered upon the active duties of the position.

Mr. Bruse has been connected with the company in question during the past seven years in the capacity of cashier, and prior to coming here he was in the employ of the Austin Iron Co. at Marquette, for a similar period of time.

He has had the experience essential for the satisfactory filling of the position to which he has been promoted, and will no doubt make a good record for himself and the company. He has the respect and esteem of the citizens as well as his employees.

Mr. Herbert B. Baker succeeds Mr. Bruse as cashier, and in this case as well as that of Mr. Bruse no mistake was made by the promotion. He has been filling a clerical position in the office for more than six years and is thoroughly conversant with the duties of the responsible position to which he has been promoted this week. He is a most young man and his advancement speaks well for his capability and the esteem in which he is held by his employees.

Grand Floral Offerings

Mr. Geo. H. Bruse who attended the Nelson funeral service held at Milwaukee last Saturday says that the floral offerings were very elaborate and that the various Masonic bodies to which the deceased belonged, spared no expense in showing their respect for their deceased brother. The Masonic offering was a floral shrine plus the Grand Rapids cemetery a double garland, while the Kalamazoo community sent a floral cross and crown, and the employees of the Iron Co. a very handsome "Globe Wheel."

The services were held under Episcopal auspices in the chapel connected with the crematory, where the body was returned to rest, thus fulfilling the request often made by the deceased, during recent years.

Big Deal in Hardware

Carl G. Ekstrom has recently purchased a million feet of standing timber, mostly maple from A. McEachern and will log same the coming winter.

SLIGHT BLAZE AT ARROWWOOD'S

Fire Department Answered Call Promptly but Fire Was Extinguished Before It Arrived

A blaze was discovered under the porch in front of Arrowwood's store in Lake-side addition about 7:30 o'clock Wednesday evening and the fire department made a quick run with the hose. However, the operators got busy and extinguished the blaze before the arrival of the firemen.

The fire was evidently caused from a cigar stub as a number of logs are in the habit of concentrating their every evening.

The damage will not exceed \$500.

WILL SERVE US WELL

With Hon. J. H. McCullum in the Legislature, This District's Interests Will Be in Good Hands

It was long known as though Hon. J. H. McCullum of Manistique, republican nominee for representative, Schoolcraft district, will have no opposition. As yet no names have been made in that direction, and the chances are that there will not be. His nomination has met with almost universal approval throughout the district. Irrespective of party, and the Republicans of the district are congratulating themselves on the fact that they were fortunate enough to get someone able to accept the nomination for the honor-able position of state legislator.

At Kenonimac

The following teachers are attending the meeting of the Upper Peninsula Educational association held at Kenonimac this week: Prof. W. R. Hanson, Misses Bruse, Harrington, and Tucker. The ladies left Wednesday evening, and Mr. Hanson last evening.

Oliver Satisfaction

The resolution of J. J. Paska as poor commissioner by acclamation showed that the board of supervisors was pleased with his record as an official. The public opinion is also satisfied as to his being a painstaking and competent official.

THE ANNUAL MEETING

On the Board of Supervisors Held This Week

HRUSKA REFLECTED COMMISSIONER

The Salaries of the Simultaneous Unchanged, Appointment Made

The board of supervisors of Schoolcraft county met in annual session last Monday morning and evening continued in session since that time.

During the week the usual grind of bills were introduced and routine business transacted.

C. W. Hinton was re-elected as member of the school examining board without opposition for a term of two years, and J. J. Hruska was also unanimously re-elected for a term of three years as poor commissioner.

The books, bills and vouchers of the board of poor commissioners were examined by a committee consisting of Supervisors Morrison, Matari and McCullum.

A committee consisting of Williams, Hunt and McCullum was appointed to confer with the Chicago Lumber Co. relative to the purchase of four or nine acres adjacent to the present county house.

There however is much sentiment on the board that the location should be moved into the country where it might in a measure become self supporting by the filling of the soil by the manager, and the inmates that would be able to work.

The salaries of the county officer were fixed for the coming two years and amounts as heretofore.

The committee appointed to confer with the C. L. Co. did so this morning and reported that the land could be secured for about \$300 per acre.

The board by a vote of 11 to 3 decided not to sanction the purchase or use of a voting machine in Doyle township. The appointment was completed at day.

STEAMER WESTON DELAYED

Was Partially Disabled and Crew Reluctant to Work

Owing to refusal of the crew of the steamer A. Weston to remain at work, and after under advice of the chief engineer, the captain stopped here several hours Monday night and picked up a new crew. The steamer, with its barge, both lumber laden, remained its trip to Tom's Bend only Tuesday morning.

The steamer was partially disabled owing to a damaged wheel, and the crew claimed they feared the consequences if the steamer went on to Lake Erie in the rough weather.

The Weston is a little vessel owned by Charles Weston, of North Tonawanda, Free Press.

THE DEMOCRATIC TICKET

Placed in Nomination Monday is Strong One

The Democratic convention called to place in nomination a county ticket was held at Cassville hall Monday afternoon. The convention was called to order by W. A. LeRoy, chairman of the Democratic county committee, who read the call.

On motion, Chase Witter was elected temporary chairman and George McPherson temporary secretary.

On motion the chairman appointed a committee on credentials, viz: W. A. LeRoy, Charles Beck, and J. J. Hruska.

The temporary officers were made permanent; eighteen delegates were present, and the following ticket was announced:

For Sheriff, Marbeck McNeil
For Co. Clerk and Register of Deeds, Geo. McPherson
For Treasurer, A. S. Putnam
For Prosecuting attorney, For Comm. For Sheriff, Arthur Boehm

Charles Beck was elected chairman and George McPherson secretary of the county committee.

Will Lumber Twenty "Forties"

Hanson & McLaughlin of Whitewater, have secured a contract from A. McEachern to cut the timber on twenty "forties." This spruce, cedar and hemlock will be cut.

A Carload of Horses

Wilson & McEachern have received a carload of strictly first class draft horses at the C. L. Co's barn this week. If you are contemplating purchasing a team you should not fail to see this lot. You will be able to find a team that will suit you.

WON AT MUNISING

The Manistique High School Eleven Defeated the Munising Team

THE FINAL SCORE WAS 5 TO 0

A football game with the eleven in about five weeks.

Last Friday afternoon the local high school boys played their first game of the season under the new rules and defeated Munising 5 to 0. The game was an excellent one and although the Munising team was somewhat heavier, the advantage in weight did not depreciate the merits of the play.

Manistique won the toss and chose to defend the west goal. This forced Manistique to kick off in the face of a strong wind. The ball was returned to the Munising 10 yard line. Munising worked a forward pass for the first play making a long end run for about 30 yards. With the ball in our territory it was held for downs on our own 25 yard line. By end runs and plunges through the line along with two or three goal punts the ball was brought back to the Manistique 40 yard line. Fitch dropped back for another punt and kicked the ball about 15 yards. Chambers touched the ball but failed to get possession. The oval fell into Dupont's arms and he ran about 25 yards for a touchdown. He also ran two of the Manistique players and made a sensational run.

Manistique then kicked off with the wind and kicked beyond the goal. Munising got the ball for a touchdown and kicked back on the 25 yard line. Manistique quickly returned the ball and was making good progress when time was called for the first half.

Manistique kicked to Manistique and Roberts caught the ball and returned it about 5 yards. The ball was gradually worked to the Manistique 25 yard line. At 8:30 P. M. the game was called for three downs, Manistique tried to drop kick for goal. The attempt was unsuccessful and the ball was kicked out from the 25 yard line. The ball on changed hands several times and time was called with the ball in Manistique possession on Manistique's 40 yard line.

No one was injured in the game and time was taken out only once during the contest.

A return game will be played here in about two weeks.

Mr. Wm. N. Lake of Vermontville, and Miss Ivy A. Platt, of Battle Creek, but formerly of Manistique, were married at 8 o'clock last evening at the home of mutual friends, Mr. and Mrs. G. Thornhill, 106 Kalamazoo street. The ceremony was performed by Rev. Wm. St. Pater, pastor of the First Protestant church, only members of the family being present. A finely prepared wedding collation was served by the hostess, whose hospitality on this occasion was thoroughly enjoyed by all present. The young people left the city upon the 8:35 west bound Michigan Central train for a brief wedding trip, their friends being on hand at the station to give them a proper send off. Upon their return they will make their home upon the groom's father's farm, of which he is manager. Mr. and Mrs. Lake have excellent prospects of a fortunate and happy married life.—Battle Creek Moon. Miss Platt is well known here.

OFFICIAL COUNTY AND CITY PAPER.

FRIDAY, OCT 12 1906.

EDITORIAL COMMENT.

It is claimed that onions are preventatives of typhoid fever.

The bell has rung good hard on white shoes and white dresses.

There is one chance in thirty six million that you will be injured when traveling.

A woman with a blue hat, yellow skirt and white shoes laughed at a man this week because he wore a bright red neck tie.

Nearly every good talker talks too much. It is an unfortunate thing for a person to get stuck on the sound of his own voice.

Paris has been long known as a Sundayless town but now acknowledges that it will have to swing into line and enforce Sunday laws. The working people want a day of rest even if they have to fight for it.

The Democrats of Luce county, in the resolutions passed in their county convention warmly commended President Roosevelt and with equal warmth condemned the Republican leaders of the county.

There would be less of it if you would telephone the owner when you see a brainless kid whipping a delivery horse. In nine cases out of ten the horse is more intelligent than the driver that resorts to a club.

A bar keeper at Maple Ridge, near Escanaba, was choked to death, Tuesday because he was a little slow in complying with the request of three customers that possessed an infernal combination that needed quenching. Delays are dangerous.

J. F. Ryan of the copper country was nominated for congress by the Twelfth district Republicans at their convention held at L'Anse last Monday afternoon. Four counties, viz: Houghton, Baraga, Ontonagon and Gogebic were represented. The convention endorsed Bryan and Hearst.

There is more money, and better money, and cleaner money in a farm than all the mines in Christendom. If you have been bred a farmer instead of a prospector, do not stick your hard earned money into a hole in the ground, that is deeper than twelve inches. Stick to your farm. A mine investment is as dangerous as a poker game or bucking the board of trade, or betting into politics.

In the promotion of Mr. Geo. H. Brusie, to the responsible position of manager of the Manistique Iron Co. the honor was worthily bestowed. He is one of Manistique's best business men, and his close attention to business, going faithfully and well every task assigned him during the years that he has been identified in business, certainly earned for him the honor that is his. It proves that honesty, sobriety and industry have their rewards.

Senator Charles Smith, of Lake Linden, dean of the upper house and one of the watch dogs of the treasury, is said to have been awakened to the necessity for larger appropriations for the state fish commission. The commission is so sadly in need of funds that it has not been able to paint its car in several years and the hatchery at the Soo has not been painted since 1899. It is suggested the fishermen be licensed like hunters and that the fees go to the commission to help pay for the stocking of streams and lakes. In view of the fact that fishermen from all over the country come to Michigan for their sport and leave thousands of dollars here each season, it is advanced that nothing should be permitted to in any way injure the reputation of the state as a place to fish.

EDITORIAL COMMENT

It is a matter of course that the Republican Party is to be defeated.

Majority of the people in this state are in favor of the United States Constitution as it stands.

A Michigan Republican is a man who is in favor of the United States Constitution as it stands.

George W. Wood is a Republican. He is in favor of the United States Constitution as it stands.

The Michigan Republican is a man who is in favor of the United States Constitution as it stands.

The Republican Party is a party of the people. It is a party of the people.

The American manufacturer who can't be President Roosevelt's principle in the next presidential election are to be boycotted by the South American countries. A similar to that effect is being circulated.

The Democrats played an excellent ticket in the field Monday afternoon. An effort will be made to land one of the candidates but the most sane one of the party cannot hope to make the scheme a winner.

The strike does not appear to effect the Manistique Herald-Leader to any appreciable extent but then, the "old man" may be putting in twenty-four hours daily to make present appearances possible.

VESSEL FINALLY CONFISCATED, BUT CONTRABANDS HAD BEEN PUT ASHORE.

The county board of supervisors evidently does not want a deputy game warden for it pays no salary to State Warden Chapman's last appointee, Joseph P. Hutt, and refused to pay an expense bill of \$50 he incurred in looking after the duties of the office. Mr. Hutt has made a good record for himself in the office and certainly deserves better treatment.

Editor Baldwin has not been a resident of Escanaba, many weeks but he thinks the town is about the limit in many ways. He says that it has the reputation of being the worst town morally in the country. He urges every citizen who believes in having a city so clean that his wife or his daughter can walk on any of its streets without fear of contamination, to get busy.

Isn't it about time that our lower peninsula brethren would let up on the statement that the upper peninsula is "tied to McMillan" for U. S. senator. Who ever said so, that is what portion of the upper peninsula ever declared itself to be so pledged? The sooner the lower peninsula fellows get out their noddles that the upper peninsula is looking out for itself, the sooner they will arrive at a correct understanding of the conditions up here.—Crystal Falls Diamond Drill.

The Manistique township board of education has decided, and wisely too, to teach agriculture to the children attending the four district schools of that township. It is true that Schoolcraft county does not possess very many first class farmers. It is also true that no where can better fruits and vegetables be raised than in this county. If every township takes as much interest in farming as the township in question it will not be long until a revolution shall have been effected in the agricultural circles of the county.

Manistique will never treat the farmers of the county with the consideration they deserve until a market place is established where the farmer can expeditiously dispose of his wares. The many thousands of dollars sent to the lower peninsula, Wisconsin and Minnesota, for produce could easily be kept in Manistique if the farmers were given the proper encouragement. While large quantities of vegetables etc. are being raised here the amount could under favorable conditions be increased to such an extent that the demand could be supplied without resorting to outside markets.

Politics are evidently warming up in New York for Hearst recently denounced leading Democrats that have announced their intention to bolt him in the following terse language: "We are house cleaning and out of every dark hole and dirty corner come political crookedness, and corporation croton bugs, and vary old rats of Wall street. No sooner had the Democratic disinfectant filtered into the nooks and crannies than Judge Parker scrambled out of his corporate corner. I am glad that we have driven this political crockpot from under the sink into the legal laundry, where the soiled clothes are washed by the corporation establishment across the way."

A London doctor talked of the food question the other day, in connection with a general health talk and he formulated a few simple rules which will undoubtedly make the food cranks open their eyes. "Keep up your weight and don't worry" is one. "Leave the heat alone, it is the most difficult organ to injure." "Eat when you are hungry, till you have had enough." This all seems like common sense and should greatly simplify matters for the chronic invalid.

A FEW PRINCIPLES OF VALUE.

There are only a few principles of any value, and they are simple and easy to remember. 1. Be temperate. 2. Be industrious. 3. Be fair. 4. Be honest. 5. Be as sensible as possible, and avoid folly of any kind. 6. Be faithful to your duties, whatever they may be, and helpful, if possible to your associates. All the writers and lecturers in the world cannot tell you any more and you have always known the six rules quoted above. It is loathing to listen to good advice if you practice the six precepts quoted.

BOHOONER FROLIC, CHASED BY REVENUE CUTTER, LANDS CARGO OF CHINAMEN.

ENTERS HARBOR OF PROVIDENCE, R. I.

VESSEL FINALLY CONFISCATED, BUT CONTRABANDS HAD BEEN PUT ASHORE.

Providence, R. I., Oct. 11.—After having evaded the United States customs and immigration officers for two weeks, the schooner yacht Frolic, which left Picoanota, N. F., with a cargo of contraband Chinese immigrants, was boarded in the Providence river by the cutter confisced in the name of the United States governments. Two Americans, members of the crew, were placed under arrest, they being the only persons found on board the boat; two men were arrested on suspicion of having concurred in the smuggling of Chinese into this country, while seven Chinese, believed to have been passengers on the Frolic, were also arrested.

The Frolic entered the harbor in broad daylight, anchoring on the west side of the Providence river. Despite the vigilance of the coastguard and the revenue cutters from Eastport, Me., to Cape Hatteras the schooner came up the harbor without attracting any attention, those who saw her taking her for a fishing schooner.

It was by the purest accident that it was discovered that she was a smuggler. A man employed at the coal pockets stumbled over two Chinese hidden in a heap on the wharf of the coal pier. The women went to the office of the company and reported the occurrence to the night watchman, who in turn informed the police. Officers were dispatched to the scene and within a short time eight Chinese had been captured.

Vessel Finally Confiscated.

Meanwhile the customs and immigration officials had been notified of the affair. The vessel was not boarded immediately, however, as there was not a breath of wind stirring and it would be impossible for the craft to get away. The search for the Chinese more had been caught. A boarding party then went out to the schooner and it was confiscated by the government officials, and the two members of the crew found on board were arrested and brought ashore.

At the police station it was learned that the two men captured on board the vessel were Edward R. Janikas of South Boston and William A. Duncan of Boston. They were taken to the city, where they, with "Al" Ames of Boston, constituted the crew of the smuggler, while the Chinese were taken to the city. The two last named are now at large, as are twenty-seven Chinamen, who had been landed before by the schooner. It was discovered that the Frolic was in the harbor.

In his cell one of the prisoners made statements which, if true, indicate that the smuggling of Chinese into New England states has been carried on for years with great profit. He stated that an expedition like that of the Frolic netted about \$15,000 clear of all expenses. Serious charges more had been caught. A boarding party then went out to the schooner and it was confiscated by the government officials, and the two members of the crew found on board were arrested and brought ashore.

Doctors Said He Would Not Live.

Peter Fry, Woodruff, Pa., writes: "After doctoring for two years with the best medical men in Wyoming, and still getting worse, the doctors advised me if I had any business to attend to I had better attend to it at once, as I could possibly not live another month as there was no cure for me. Foley's Kidney Cure was recommended to me by a friend, and I immediately sent my son to the store for it, and after taking three bottles I was able to get up and continue to improve until I was entirely well." A TYPICAL LETTER.

Mrs. Carry Peduzzi, Lincoln, N. Dak., writes:

"I take pleasure in telling you that I am entirely cured of catarrh of the stomach and pelvic organs. It was an excruciating account of my illness that I could no longer attend to my housework. I could not eat or sleep and had terrible pain in my back. I took Peruna and in five months I was well. I have not felt so well for a long time. I wish everyone who is sick would take Peruna and thus recover their health. I have Peruna in the house continually. I thank you for all that you have done for me."

A Medicine of Merit.

Miss Katie A. Wadler, 1706 Prentiss street, Louisville, Ky., writes:

"As my experience has been so favorable to the use of Peruna, I unhesitatingly state that I believe that it is a medicine of unquestioned merit for all the ills that we women suffer from."

"I find that it strengthens and infuses new life into the system, and whenever I feel run-down or over-tired, a few doses of Peruna will strengthen me again."

Found a Friend in Need—Peruna.

Mrs. Florence Atkins, 1101 Front St., Toledo, Ohio, writes:

"Peruna cured me of catarrh of the uterus. I took about four bottles when I noticed an improvement and five bottles cured me."

"I do not know what I would have been like to-day had I not obtained Peruna, for I was in a terrible state. I had pains all over and was cross and irritable. I was losing hope of ever being well again."

"I am to-day a well woman after suffering for nine months. I cannot tell you how happy I feel, but you will know."

"Peruna is the best medicine on earth. I have found it new taking it and I will always keep Peruna in my house. Peruna is the best friend I ever had. I cured me."

America is the Land of Nervous Women.

The majority of women are nervous because they suffer from some form of pelvic catarrh.

"The greatest obstacle in the way of recovery is that they do not understand that catarrh is the main source of their illness."

Women who are in doubt as to their ailment should write to Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio, who will give their letters prompt attention, without charge.

Miss Anna McGinn, 101 Main street, Providence, R. I., writes:

"I wish to let you know of the good your medicine has done for me. I had what the doctors called trouble. I had been doctoring for year before I tried your Peruna. I got a bottle of your Peruna after a week's use of it. I began to get better. I could not eat, sleep, or work. I have at last found that the medicine that will cure me is Peruna. It cured me."

You get something better than money out of a pair of RALSTON HEALTH SHOES and that is genuine, serene one and comfort. Shoes costing one or two dollars more do not possess this quality of making your feet feel at home.

The Ralston Health Shoe is a slanted shoe—shaped like the human foot. We have in our store shoes like this picture; also shoes more extreme or less pronounced in style—any you choose. But every pair is built so that the inside conforms to the mould of the foot that wears it. You will be comfortable if you walk out of this store with RALSTONS on.

WILL DEMAND PLACES

REBEL GENERALS SELECT POSITIONS UNDER CUBAN PROVISIONAL GOVERNMENT.
Havana, Oct. 11--Governor Tati has announced that the provisional government's policy would be the removal of the detachments of rural guards from any points at which signs of ill feeling developed. The first movement of the army will be the immediate exchange of places by the companies of the rural guards at Cienfuegos and Matanzas.
Charles E. Magoon, the newly appointed provisional governor of Cuba, received many callers during the morning and was in constant consultation with Mr. Tati, gaining an insight into the affairs of the island.
MAINE BOARD TRANSPORTS.
Cases of Yellow Fever Appears at Cienfuegos.
Cienfuegos, Oct. 11--Colonel Barrett has ordered the immediate removal of the American Marines from the city in view of the appearance here of yellow fever. The marines were taken on board the transport. The yellow fever patient came from Orono, where two other cases are reported.
Senor O'Farrell in New York.
New York, Oct. 11--Among the passengers on the steamer Marco Polo which has just arrived from Havana, were Juan O'Farrell, who was secretary of state and justice in the former government, and Joseph Sleeper, former secretary of the American legation at Havana.

men who served under General del Castillo have been instructed not to sell their horses and it is feared that Del Castillo has a wild idea of enforcing his demand for a position under the provisional government.
TO REMOVE ILL FEELING.
Rural Guards Changed From One Post to Another.
Havana, Oct. 11--Governor Tati has announced that the provisional government's policy would be the removal of the detachments of rural guards from any points at which signs of ill feeling developed. tion at Havana.
MANY TERRORISTS EXECUTED.
General Strike at Lodz as Protest Against Courtmartial.
Lodz, Russian Poland, Oct. 11--Five terrorists, sentenced to death by drumhead courtmartial, were hanged during the morning.
The employees of the street railroads, the schoolteachers and the newspaper employees have joined the men in all the factories, who went on strike as a protest against trials by drumhead courtmartial.
At Bendonia five socialists were tried by drumhead courtmartial and shot for armed resistance to effect.
HAS DESIRED EFFECT.
Bulgaria's Threat Arouses Turkish Official to Action.
Constantinople, Oct. 12--Bulgaria's threat to order her troops to reconquer the post at Sujuk unless the Turkish commissioners sign by Oct. 14 the report resulting from the inquiry into the dispute regarding the delimitation of a portion of the frontier of the vilayet of Adirnaple has had the desired effect. The ports has ordered the Turkish commissioners to promptly complete the work of delimiting the frontier.
Ballooning's Long Drop.
Springfield, Mo., Oct. 11--George Dilling, an aeronaut, who made an ascension here, narrowly escaped death. His balloon descending rapidly while he was a height of 3,000 feet. The balloon lighted upon a house-top, Dilling's legs were crushed and he received internal injuries.
Senator Beveridge Ill.
Boston, Oct. 11--United States Senator Albert J. Beveridge of Indiana

caught cold and is ill at the home of George B. Baker in Brookline and it is probable that all of his speaking engagements for a week or ten days will be cancelled.
TOUCHED BY CHILD'S APPEAL.
Governor Takes Four Years From Prisoner's Sentence.
New York, Oct. 11--The appeal of a twelve-year-old child has touched the heart of Governor Higgins. He cut four years from the sentence of John H. O'Rourke, who is serving an eight year term in Sing Sing prison, and he will be liberated just before Christmas.
The letter was written by Jenny O'Rourke, who resides with her mother at 417 West Forty-first street, New York city, and reads in a childish way the difficulties which Mrs. O'Rourke has had to contend with in bringing up her six children. The youngest of which is three years old.
ONE PROBABLY FATALITY.
Three Columbus (O.) Policemen Seriously Injured.
Columbus, O., Oct. 11--Three policemen were seriously injured by an explosion in an empty tenement house near the Capitol Hotel on West Broad street. The tenants had moved and taken the stove, but had not stopped the natural gas pipe and the gas escaped and filled the house. The police entered the house to see what was the matter, when the explosion followed.
Policeman Tom Casey was blown through a door and it is feared is fatally injured by falling flames.
Spanish War Veterans.
Washington, Oct. 11--The United States-American War Veterans have elected Captain Hamilton Ward, but

the first places visited by the building inspectors were the butterine factory and the tinshop. Policemen were stationed at the doors of both buildings and ordered to refuse all persons admission to the buildings. Employees inside the buildings were not molested, but all of those who had left at the lunch hour were turned away when they tried to return to their work. The policeman told all employees that the five escapes ordered by the building commissioner had been built.
The managers of the firm capitulated after the butterine factory and the tinshop had been closed an hour and agreed to secure building permits for the improvements ordered by the building commissioner. The guards were then withdrawn.
IN OHIO AND INDIANA.
Heavy Snow Storm and High Wind Reported.
Cleveland, Oct. 11--A heavy, wet snow, driven by a high wind, fell here during the day. The storm is the most severe since that of Oct. 8, 1905, and is general along Ohio's lake front.
Various points throughout Ohio report record-breaking weather. At Xenia the snow fell for three hours. At Findlay an inch of snow fell, breaking all records there for this time of the year.
South Bend, Ind., Oct. 11--Four inches of snow fell here during the day. A snow storm raged for several hours at Marion and other Indiana points.
Cynthiana, Ky., Oct. 11--The first snow of the season fell here during the day.
Every saint in the calendar is said to be provided with a good umbrella.

CLOSE PACKING PLANT
CHICAGO OFFICIAL TAKES RADICAL ACTION AGAINST NELSON MORRIS & CO.
FAILS TO MAKE CHANGES ORDERED
COMPANY CAPITULATES AFTER SHORT SHUTDOWN OF SEVERAL BUILDINGS.
Chicago, Oct. 11--Building Commissioner Harten has ordered the police to close all buildings at the packing plant of Nelson Morris & Co. found to be in a dangerous condition. Some time ago the commissioner ordered that certain changes be made in twenty-eight buildings connected with the plant in order to conform to the building ordinances. He was informed that the changes had not been made and he directed that a force of inspectors and police be at once sent to the stock yards and if the changes had not been completed by noon to close all of the twenty-eight buildings in which violations of the law had been discovered.

Wounds, Bruises and Burns.
By applying an antiseptic dressing to wounds, bruises, burns and like injuries before inflammation sets in, they may be healed without medication and in about one-third the time required by the old treatment. This is the greatest discovery and triumph of modern surgery. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness and prevents any danger of blood poisoning. Keep bottles of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering such injuries entail. For sale by A. S. Putnam & Co. and Larbar & Neville.
For Rent.
Room 2223 feet in new brick block suitable for business of any description, and centrally located. Call on or address Geo. GOSWICK, Manhattan, Mich.
Nothing to Fear.
Mothers need have no hesitancy in continuing to give Chamberlain's Cough Remedy to their little ones, as it contains absolutely nothing injurious. This remedy is not only perfectly safe to give small children, but is a medicine of great worth and merit. It has a world wide reputation for its cure of coughs, colds and croup and can always be relied upon. For sale by A. S. Putnam & Co. and Larbar & Neville.

WILES OF THE CHEFS

BANQUET TIDBITS ARE NOT ALWAYS WHAT THEY SEEM.

"A Cod and a French Cook Can Work Together." The breast of one "Chicken" Has Been Known to Satisfy Twelve Hungry Dinners.

It has almost passed into a proverb that many of the dishes served up in cheap restaurants, where nothing is wasted, are, to put it mildly, mysterious. But, on the other hand, most people who patronize fashionable and more ambitious restaurants are generally content to accept the menu for what it is said to be. This ill-told tale is somewhat abused, and the amount of "faking" which goes on today in some of the "big" establishments would probably surprise those who are uninitiated in the higher branches of the culinary art.

For instance, by the addition of vegetable juice just before being dished up, cod cutlets are, at seasons when salmon is very dear, set before customers as salmon cutlets and are, needless to say, charged accordingly. This deception, according to an expert, is wisely practiced not only in better class restaurants, but also on some of the great hotels.

Another popular trick as practiced by the restaurateur is to serve a veal beef done overheat in sealed hotbeds, while a skillful chef is capable of little difficulty in palming off dainties for sole on epicures who pride themselves on the soundness of their judgment of cooking.

On one occasion some time ago a dinner for seventy-five people was ordered at a well known fashionable restaurant in the upper part of New York. A large contingent of salmon had

salmon arrive.

In despair the chef, a Frenchman, decided to "take the bull by the horns" and procure another fish to do duty for the scorching salmon. Accordingly he set to work to turn cod cutlets into salmon cutlets, and this rapid transformation was soon effected by an addition of vegetable juice. The waiters, who naturally were aware of this whole sale deception, were given express orders to report any complaints to the chef at once. However, to the intense delight of the chef, all passed off well, and on hearing that his underbride had not been detected he cheerfully exclaimed, "Ah, a cod and a French cook can work miracles."

Green peas of certain seasons of the year are naturally a luxury quite beyond the reach of many of average means, while even cutlets for fashionable hotels themselves frequently have the greatest difficulty in getting a sufficiently large quantity to meet the demand. However, to fulfil these needs, they offer any great difficulty in times of stress, and by adding vegetable color to the matter, green peas can be plentifully served up as green peas with the cook and favorites new people which have often had not some from abroad.

Roast veal served with a thick white sauce makes, says a well known chef, most satisfactory substitute for the breast of a chicken, and therefore it does not come altogether as a surprise to find that the breast of one chicken has been known to satisfy twelve hungry diners.

"The staff takes great care of the breast of a chicken," was the comment of a waiter who was being for the first time initiated into the mystery of how to feed a dozen people off one chicken.

Perhaps the clearest deception practiced by eminent chefs is the art of manufacturing the lobster pattee so dear to the heart of the epicure. This appetizing dainty would at first sight seem to defy even the most ingenious cookery fakir. However, here again the artful chef has overcome apparently insuperable difficulties, and many toothsome looking lobster patties are thus not always quite what they are said to be.

The deception is worked in this way: A common crustacean is boiled and the meat carefully chopped off and put into a mortar, while a certain part of the shell is added. The mixture is then vigorously pounded as far as possible, and the addition of forcing it would tax the powers of the most critical connoisseur to detect any difference between the genuine mixture and the genuine lobster pattee.

"The various deceptions I have told you," remarked a famous chef to his writer, "are naturally not practiced every day, but are only utilized in times of emergency, and these emergency occasions occur more frequently than the trustful customer would like to believe."—New York Times.
