WAS ESTIMABLE LADY

Mrs. Margaret Byrne Died Sunday Evening After Long Illness With Tuberculosis.

Mrs. Margaret Byrne died at her home in Lakeside addition last Sunday evening of pulmonary tuberculosis, after an illness of six months. She was born at Ottawa, Canada, forty-four years ago, and became the wife of Joseph Byrne, at Fayette, twenty years ago. She leaves a husband and two sons, Uren and Frankie; also two brothers, John and James Crilly.

The deceased was highly regarded by all knowing her. She was a devout christian lady, and was a member of St. Francis de Sales church. Her untimely death is very much regretted. The funeral services were held Tuesday morning from St. Francis de Sales church, and were largely attended. As she was a highly esteemed member of the National Protective Legion, and C. M. B. A., a large number of the members of both organizations attended.

Sunday Morning Blaze

The house occupied by Geo. Bruehl, mayor, located in the "Forty" in the vicinity of the post house, caught fire from a defective chimney last Sunday morning while the family was at church. The fire was extinguished by members of the fire department by the use of ladders, before much damage was done. People & Forster, who own the building, estimate their loss at \$175.00. The furniture was damaged to some extent, and was insured for \$500. The fire department laid 1,700 feet of hose, but was unable to reach the house from the nearest hydrant.

Joseph Van Dyke's store was entered by a sneak thief last Friday night, and several boxes of cigars, a lot of knives and other goods were taken. The thief gained entrance by breaking a window in the office. The only clue left a number of foot prints in the snow. Judging from some the work was done by a man.

FURNACE TO RESUME

Orders Received By Manager Bruse To Resume Operations February 1st

MR. BRUSE GIVEN PROMOTION

Will Also Have Charge of the Plants at Newberry and Chocoma. Reserves His Good Fortune.

The best news heard in Manistique for some time is the fact that the furnace and chemical plants will resume operations on February 1st. Manager Bruse was notified by the officials at Detroit, to blow in the furnace on that date, and the necessary repairs and preparations are being pushed with all haste to have everything in readiness upon that date.

The resumption of the plants certainly means much for Manistique and will improve conditions materially. The furnace has been banked for many months, and its inactivity has been greatly felt by our business men. All indications pointed to a dull winter, but the resumption will certainly alter the aspect.

In this connection it may be stated that Manager Bruse, who has made good as the successor of the late superintendent, Mr. Nelson, and has been given the management of the furnace and chemical plants at Newberry and Chocoma in addition to the management of the local plants. He was given a substantial increase in salary.

He is careful, conservative and economical, and has a thorough knowledge of the business. That he will add additional laurels to his good record as an official it is needless to add.

Attempted Suicide

William Brasher attempted suicide via the leadenun route at St. James hotel last Saturday afternoon. He arrived in the city from Germantown that day with \$3.00 in his possession. He was discouraged because he could find no employment and was out of funds. He handed a note to one of the guests after taking the dose, addressed to George Jones, of North Branch, Mich., notifying him that he had committed suicide. A doctor was notified and by prompt measures saved him. The sheriff took him to the county jail.

Mr. Dona Nevaux, who has been spending the holidays with his parents in this city, returned to Green Bay Tuesday evening where he resumes his studies at the Green Bay Business College. He graduates from that institution in March.

THE MINSTREL SHOW

The K. of P. Lodge Has Decided Upon Friday, Feb. 5th, For the Big Show

The date for the big minstrel show, to be given under the auspices of the local K. of P. lodge, has been fixed for Friday evening, February 5th, and will be held at the opera house. More than forty persons will appear in the cast and includes the best talent in the city. Rehearsals are being held regularly and the affair promises to be one of the best ever held in the city.

CARL JACOBSEN INSANE

Is Incarcerated in One of the Asylums of California. Was a Former Resident.

The many friends of Carl Jacobsen will regret to learn that he is hopelessly insane and is confined in an asylum in California. He has been in poor health for some time, and often expressed his desire to commit suicide. Prior to his detention he left the home and was missing for eleven days, and when found was in a serious condition. One of the Los Angeles newspapers in speaking of his disappearance and condition, said: "Jacobsen lived alone and had frequently threatened to kill himself on account of ill health. He had much time to worry over his ill health. When his brother paid his lodge dues last week for him he remarked that he did not wish to live any longer. He left home Tuesday morning but did not return. Mrs. Andrew Anderson, 4120 Moller street, who saw that he was despondent and attempted to keep him with her, but he would not stay. 'I will never come back,' he said when he parted from her. He gave her his watch before leaving."

The informants man lived here for a number of years and was in the employ of the O. L. Co. as a lumber shover at the docks. He left for California about two years ago. The trouble above referred to occurred late in November.

Card of Thanks

We desire to thank our friends and neighbors for their kindness during the illness of our beloved wife and sister. In this connection we desire to express to Miss Madeline Richmond and her family their valuable aid. JOSEPH BYRNE, JOHN CRILLY, JAMES CRILLY.

WANT RE-DIVISION

The Boundaries of Schoolcraft, Menominee and Delta Counties Should Be Changed

WANTS A NEW COUNTY

With Gladstone as the County Seat. Some Very Good Reasons Given For the Contention.

The Gladstone Delta in its issue of last week, advocates the re-arranging of the boundaries of the counties of Schoolcraft, Delta and Menominee counties, also gives good reasons for the organization of a new county with Gladstone as the county seat. While there is much good sense in the contention of the Delta it no doubt will be many years before the proposition shall be favorably acted upon. Sporadic efforts have been made in this matter in the past, but the results were all. The three townships in Delta county lying east of Bay de Noquet, have, for years been anxious to become an integral portion of Schoolcraft and the county in question has been anxious to annex the territory. The matter was even taken to the legislature, but, owing to the opposition of the other county interested, the scheme was killed. The townships comprising the western end of Mackinac county, also wish to be annexed to this county but the parent has thus far been loath to give its consent.

It is apparent to every close student of local conditions that many radical changes in county boundaries could be made, and that, were they made, all parties concerned would be better satisfied. A county, however, is not unlike a parent. No matter how many children the latter may have, he does not care to lose any one of them. For the benefit of our readers we here give the argument of the Delta. Some follows: The awkward arrangement of the territory in the three counties of Menominee, Delta and Schoolcraft, has caused many attempts to obtain a better division, though they have never been carried very far.

The north end of Menominee county is sixty miles in an air line, from its county seat. It is traversed by several railroads, all running east of Escanaba. The north half of Menominee county, containing many flourishing villages and towns, is naturally tributary to the delta and should be added to Delta county.

The eastern towns of Delta county belong to the Delta county. Continued on page 10

It Costs \$2,000
sometimes for a skeptical person to learn that a bank is a safer depository for money than a hand bag. That is what it cost a lady recently to learn this bitter lesson. An enterprising burglar who was aware of her foolish distrust of banks watched his opportunity and the money was gone. The savings of almost a life time were lost merely because of the foolish fear that the bank would break. Think of the millions and millions of dollars in banks every day and night and the loss by the breaking of a bank is not one dollar in a hundred millions. Don't try to be your own banker. You may make a failure of it.

It is stated that the star of Bethlehem can now be seen in the heavens by any who will rise early enough in the morning. The star, which is unusually bright, can be seen in the east where it was discovered about fifteen days ago. It now makes its appearance about day-break. The star of Bethlehem, which 1909 years ago guided the wise men, is said to appear only at intervals of 600 years, so you had better look for it while it is in the heavens, as you will probably be too old when next it makes its appearance.

Wonderful European Formula

All Forms of Bronchitis and Lung Trouble Disappears by Using Warner's Emulsion. It is a wonderful European Formula.

It is not only the irritation, dimpling and finally stopping the cough, but the fact that it builds up the system and acts as a splendid tonic. Even a single bottle has been known to completely cure the disease, though in more stubborn cases three or four bottles are necessary.

It is the original remedy and is sold and personally recommended in Australia by all druggists.

Not theories, why you should install modern plumbing in your home.

It will make the health of your family at least 50 per cent better.

It will improve the value of your property.

It will put it on a complete sanitary basis—it fact it will make your home doubly comfortable and inviting to what it is now.

Information is Refused

President Replies to Senate Resolution. The President has refused to answer a resolution of the Senate regarding the release of information.

Executive Declares That Congress Has No Authority to Call for Reasons Why Attorney General Did Not Prosecute Steel Corporation When It Absorbed the Tennessee Coal and Iron Company.

Washington, Jan. 7.—President Roosevelt, in a special message to the Senate, declines to permit Attorney General Cummings to say why he has failed to bring action against the United States Steel corporation on the account of the absorption of the Tennessee Coal and Iron company. The message is a response to a resolution introduced by Senator Cullerton.

The reading of the message elicited the closest attention of the Senate members of controversy, and the statement that congress had the authority to call for the reasons of the attorney general in rendering an opinion elicited smiles from senators. He declared that he had known every detail of the transaction leading up to the absorption by the steel corporation of the Tennessee Coal and Iron company and stated that before the entire matter had been placed before him by members of that corporation he had replied that he did not feel that it was his duty to object to it.

Would I mention Commerce Law. The president also sent a special message to congress calling attention to the recent decision of the Supreme Court of the United States in the case of *Harrison v. United States*. The message is a response to a resolution introduced by Senator Cullerton.

Does the Baby Thrive? If not, something must be done with the food. If the mother's milk doesn't nourish it, she needs Scott's Emulsion. It supplies the elements of fat required for the baby. If baby is not nourished by its artificial food, then it requires Scott's Emulsion.

Half a teaspoonful three or four times a day in its bottle will have the desired effect. It seems to have a magical effect upon babies and children. A fifty-cent bottle will prove the truth of the statements.

ALL THE LIVING TO BE REMOVED

Italian Government Issues Instructions.

CARED FOR ELSEWHERE

Tents on Board United States Supply Ship *Coluga* Will Be Used for Sheltering Earthquake Refugees in Camps—Parliament to Make Provisions for the Repatriation of the Destroyed Cities.

Rome, Jan. 7.—Every hour new progress in bringing order into the earthquake district and system into the work of relief. The government has instructed Lieutenant-General Francesco Meana, commander of the province, to remove temporarily all the living in the destroyed cities and towns so that they may be properly cared for. The tents which the American supply ship *Coluga*, in accordance to be bringing will be most welcome for sheltering the survivors in camps. The Italian war minister also is sending large quantities of field equipment for use in housing the living in the open.

The repatriation will be through envoys proving their rights to property under special enactments which parliament will be asked by the cabinet to pass at the extraordinary session called for Friday and Saturday.

The cabinet meets daily under the presidency of Premier Giolitti. It is proposed to ask parliament to increase the tax on buildings by 500,000. The rigid measures that the authorities are enforcing in the earthquake zone cause considerable complaint, especially in Reggio, where it is feared large relief expeditions consisting of soldiers, doctors and carpenters will be obliged to visit about 100 miles in the restricted for twenty-four hours before being allowed to re-enter the district.

The administration of relief in the Calabria district has been unable, on account of the bad condition of the roads, to deliver food and supplies from Reggio to twenty miles in the interior. Couriers have brought to Reggio urgent appeals for help for the thousands of those towns, who are starving.

TRADE LOST BY DISASTER

Meena a Heavy Purchaser of Durnum Wheat.

Dublin, Jan. 7.—Meena was one of the largest buyers of wheat in the world, according to Mr. W. J. O'Connell, president of the Anglo-American company of Dublin. The wheat was used by the manufacturer of durnum, which was sold throughout Europe. Dublin, Chicago and Minneapolis were heavy exporters of durnum wheat and Meena was one of their chief buyers. This trade has been disrupted by the earthquake and Irish shippers have heard nothing yet of the wheat that they had in transit.

W. J. O'NEILL IS MISSING

Former Chicago Banker Last Heard From Near Messina.

Chicago, Jan. 7.—Anxiety for the safety of W. J. O'Connell, the former Chicago banker, was increased by the receipt of a cablegram stating that Mr. O'Connell was last heard from at Messina, Sicily, on his ride from Messina. Since then there is no trace of him. Mr. O'Connell is a close friend of Archbishop Ireland and crossed the Atlantic with the latter, who was on a visit to Rome.

QUESTIONS ANGER HAINS

Defendant in Murder-Trial Appeals to Court.

Flushing, N. Y., Jan. 7.—District Attorney Darrin, in his cross-examination of Thornton J. Hains, asked the witness many questions concerning his conduct towards Mrs. Claudia Hains during the absence of her husband, Captain Hains, in the Philippines. The prosecutor, armed with evidence from the absence of her husband, Captain Hains, in the Philippines. Dogs a Menace at Messina.

Messina, Jan. 7.—Dogs now constitute one of the dangers to the earthquake refugees. These animals, starving and often rabid through lack of water, gnaw the corpses like hyenas and frequently attack the refugees left for Palermo by a young man whose eyes and right cheek had been horribly mutilated by a dog.

Battlehips Sail for Naples.

Port Said, Jan. 7.—The battlehips Connecticut, Kansas, Minnesota and Vermont, the detachment of the Atlantic fleet which is to aid the Italian earthquake refugees, has left here for Naples. Upon their arrival Admiral Sperry will place the vessels at the disposal of the authorities.

General Cotton Dies Suddenly.

Washington, Jan. 7.—General John Cotton, formerly assistant attorney general of the United States and prominent member of the Washington navy club, died suddenly at his home in Woodstock, Conn., Aug. 3, 1841. He was assistant attorney general during President's administration from 1859 to 1860.

Bound for Port Snelling.

Roanoke, Va., Jan. 7.—Two boats have left here over the Chesapeake for Port Snelling, Minn., having aboard the crew of the sailing schooner *Johnnie* of the United States army of pacification brought here by the transport *McClellan*. The men who are now traveling to their destination in the West comprise twenty-eight infantry.

CHINA ISSUES A WARNING

Beijing, Jan. 7.—The American, the British and the Japanese ministers are warning them the principle that the situation brought about by the dismissal of the second round of the Yuen Shi Kai involves a strong affirmation of the powers and a guarantee in the future against any administrative act that might endanger the peace. The German, the Russian and the French ministers appear to be without instructions from their governments and are awaiting developments.

Officials of the Chinese government have indicated that inquiries concerning the treatment of Yuen Shi Kai on the part of the legations, would be unfavorable and that wherever the Chinese government is not prepared to receive representatives from foreign governments on the subject.

The prime minister is securing from the foreign ministers in and through having set up the principal cause that the necessary concessions for intercourse between the Chinese and the ministers of foreign governments have not yet been agreed upon.

SENATE MAY OPPOSE FRANK H. HITCHCOCK

Remured Objection to Taft's Postmaster General.

Washington, Jan. 7.—According to reports about the senate the hasty appointment of President-elect Taft in announcing formally the selection of Frank H. Hitchcock, chairman of the Republican national committee, to be postmaster general is due to a suggestion that the nomination might end up opposition in the senate.

It has been said that if continued to hold his position as national chairman, Hitchcock would be inclined to his serving as the head of the postoffice department, which has some federal patronage that any other of the executive departments.

When Secretary Cortis was named by President Roosevelt as head of the postoffice department he was serving as chairman of the committee, but he had announced his intention to resign as soon as he had concluded congressional business in a hand which comprised three or four months. He retired within a few months in accordance with his promise.

Mr. Hitchcock became first assistant postmaster general under Mr. Cortis and he organized postmasters and other federal employees to a degree that made them a political power. If the Hitchcock nomination comes to the senate and opposition to confirmation is raised it is said an effort will be made to induce Democratic senators to abstain and leave in order to save certain Republican senators from embarrassment.

Some friends of Mr. Hitchcock declare that in the event it became necessary for him to choose between the national chairmanship and the postmaster generalship he would retain the former place.

GATES FAVORS LOWER TARIFF

Financier Joins the Ranks of Revisionists.

WRITES SPEAKER CANNON

Declares That Iron Ore, Coal and Lumber Ought to Be put on the Free List and That a Fifty Per Cent Cut in the Iron and Steel Schedule Would Not Affect American Manufacturers.

Washington, Jan. 7.—John W. Gates has joined the ranks of those who are asking for free trade in iron, coal and lumber. In a letter to Speaker Cannon, which was referred to the committee on ways and means, Mr. Gates declares that these articles should be

JOHN W. GATES.

put on the free list and that a cut of 50 per cent in the steel schedule would not affect the manufacturers of iron and steel in this country. Mr. Gates' letter is dated at Port Arthur, Tex., and reads as follows: "I notice a great deal of evidence in being taken on tariff matters in Washington. It seems to me there are three articles that ought to be on the free list—iron ore, coal and lumber. I have a large portion of my fortune in the steel business, but I will tell you conscientiously and candidly—a cut of 50 per cent in the schedule would not hurt the manufacturers of iron and steel a particle."

EDWIN HAWLEY ON STAND

Questioned Regarding Merger of Hariman Railroads.

New York, Jan. 7.—Edwin Hawley of this city, president of the Iowa Central Railway company and of the Minneapolis and St. Louis Railroad company and a director in several other railroads, including the Western Pacific, was the first witness called by the government in the hearing of the merger of the Hariman railroads. Mr. Hawley had been in the railroad business for forty years, becoming connected with the Union Pacific in 1883. Mr. Hawley was questioned concerning transcontinental business of the Iowa, Central and Southern Pacific at the time of the alleged merger.

Mr. Hawley said that he was general Eastern agent of the Southern Pacific at first and that he had jurisdiction over the Morgans lines of steamer which was used as a part of the Sunset route. Competition among the rival railroad companies before the formation of the merger, he said, was general. He declared that he always opposed the consolidation of the commercial agencies of the Union Pacific and Southern Pacific railroads.

NOW IN HANDS OF JURY

Fate of Sisters Accused of Murder of Captain Erb.

Media, Pa., Jan. 7.—The fate of St. Catherine Erb and her sister, Mrs. Catherine Belsel, who have been on trial in the Delaware county court for more than a week charged with the sensational murder of Captain J. Clayton Erb, the husband of one of the defendants, has been placed in the hands of the jury. The prosecution asks for a verdict of first degree murder for both women and asks the defense to admit Mrs. Belsel shot and killed her brother-in-law in the way to keep the defendants on the ground of self-defense.

Head of New York Central.

New York, Jan. 7.—W. C. Brown has been elected president of the New York Central and Hudson River Railroad company, succeeding W. H. Newhall. Mr. Brown was formerly first vice president of the New York Central.

Amoy, China, Jan. 7.—Reports received from the district in Macao and Amoy, which has been the scene of the starting fact that there are more than 200,000 freight cars lying idle in the yards of the American railroad.

HOTEL GUESTS DRIVEN OUT

Springfield, Mo., Jan. 7.—Fire destroyed the Baldwin theater and office building and a number of other buildings in the business district and destroyed the \$100,000 Colonial hotel. The total loss is estimated at \$250,000. Fire Chief Kamala was slightly injured.

The fire was caused by an explosion of gas in the basement of the theater, which was a five-story structure, occupied by offices as well as the theater. The Colonial hotel, a steel building, suffered the burning of most of the structure in the business district and destroyed the hotel. The loss to this building will exceed \$100,000.

THIRTY-FOUR ARE DROWNED

Russian Steamer Sinks Rapidly Following Collision.

Odesa, Jan. 7.—The Russian steamer *Svetlovsk*, with a crew of thirty-eight, came into collision near Sevastopol with the Greek steamer *Pandion*. Four of her crew managed in the moment of the collision to get aboard the *Pandion* and were saved. The other thirty-four members of the crew were lost.

COMMITTEE ACTION TO BE UNANIMOUS

Agree on Report Concerning President's Message.

Washington, Jan. 7.—Another meeting of the special committee of the house appointed to recommend action on the referendum by the president to the motives of congress in limiting the use of the secret service force has been held.

In contrast with the inability of the committee to agree on a course of action previous to the holidays it is understood that there is practically no opposition to the report. The majority of the committee are members, John Sharp Williams and James Lloyd as well as the Republican members, James B. Forrest, Edwin Denby and John W. Weeks.

Members of the committee have agreed to recommend action on the referendum by the president to the motives of congress in limiting the use of the secret service force has been held.

Do You Value Your Eyesight?

If you value your eyesight, do not place your case into incompetent hands, such as traveling Doctors, Hummers and Packers, when you have a chance now, such as you never had before, to secure an "optical specialist" permanently located in your city, and fully equipped to attend to your wants. This has been my main specialty for the last 12 years and with my college training and experience, am fully prepared to give you as good service as you will find in any large city. I am prepared to give you a complete and Scientific, Ophthalmoscopic and Refractive examination and correct and relieve many forms of headache, dizziness, pains front, top and back of head, insomnia and many other troubles, by giving the proper lens. If you value your eyesight at all, do not trust them to "travelling" fakes. I have fit thousands of satisfied customers in my years of practice in my home city.

Read these testimonials from some of my home influential people:

Bluffton, Ind., Nov. 9th, '09
 MR. A. R. GROVE, Manistique, Mich.
 I regret the change on my own account, but trust you will do well in your new home. We always turned to him as a friend and customer who has been prompt, honest and reliable in all his dealings, but feel sure the same quality will assure you a good business and success in your new location.
 Yours truly,
 H. C. ARNOLD, Pres. Standard Bank.

Bluffton, Ind.
 TO WHOM IT MAY CONCERN:
 This is to certify that A. R. Grove has done optical work in Bluffton for years and his standing in that line has been the best. Mr. Grove stands well in this community as a gentleman as well as a business man,
 Respectfully,
 I. N. HATFIELD, M. D.

Bluffton, Ind.
 TO PEOPLE WHO WEAR GLASSES:
 I can truthfully recommend Mr. A. R. Grove to any one who is in need of glasses. My eyes are bad, and his services has been of the best, in my case.

POPULAR CANDIDATE

Judge John Stone, of Cassette, Circuit, is all the United Support of Upper Peninsula.

FOR THE SUPREME BENCH

is one of the ablest jurists in the State, and Popular here and in Lower Peninsula.

From all indications the upper peninsula will present a solid front next spring for Judge Stone, of the Marquette circuit, as the successor of Judge Grant on the supreme bench. Judge Grant, whose term expires at that time, is not a candidate for re-nomination, and as he is the upper peninsula member of the bench, his successor should be chosen from this section of the state. Speaking of his candidacy, the Menominee Herald Leader has the following to say: "About a month ago the Herald Leader had the honor of securing the name of Judge John Stone for the supreme bench to succeed Justice Charles B. Grant, whose term will expire in the spring. Judge Stone at that time had no idea of becoming a candidate for the supreme bench of the state, but an enthusiastic supporter of the suggestion received and so persistently, as it were, did the office seek him, that he became a candidate in spite of himself."

The upper peninsula Republican association unanimously endorsed him for the office and his election is practically assured.

The upper peninsula may well be proud of having as a candidate for the supreme bench of the state a jurist so well qualified for the honorable and responsible office as Judge John W. Stone, a gentleman whose talents, attainments, experience and sterling qualities, have not only profoundly impressed the people of this state, but have also commanded attention and admiration in the councils of the nation.

Judge Stone was born in Medina county, Ohio, on July 18, 1838, and is a son of the Rev. Chauncey and Sarah Stone, who were natives of Vermont. In January, 1852, he was admitted to the bar in Allegan county. In 1856 he was elected prosecuting attorney of Allegan county and in 1878 was elected judge of the Twelfth Judicial circuit. In 1877 he was elected to Congress from the First Congressional District, his home being at Grand Rapids. In May, 1888, he was appointed by President Arthur as United States attorney for the western district of Michigan, which continued until the fall of 1888. In the spring of 1887 he removed to Houghton and was elected to his present position in 1890. Three times he was endorsed by both Republicans and Democrats, a condition probably unparalleled in the political annals of Michigan.

To Owners of Dogs.
 In accordance with ordinance No. 41, the tax on dogs is now due and payable at the office of the city clerk. All owners of dogs should attend to this at once.

Upper Peninsula Sportsmen Are Agitating Numerous Changes to the Game Laws

GOOD IDEAS PRESENTED

Want Longer Fishing Season and Ask for Reduction in Number of Deer Killed by Hunters.

At a recent meeting of the Portage Lake Rod and Gun club, held at Houghton, it was decided to petition the legislature to make the following changes in the game laws of this state to apply to the upper peninsula:

1. That the limit for deer be reduced to one, and that a doe with horns.
 2. That the trout season be from May 1 to Sept. 1.
 3. That the protection on hawks, owls and loons be taken off and a bounty be paid for their killing.
 4. That snaring of rabbits be prohibited.
 5. That the season for shooting rabbits be from Oct. 1 to Feb. 15.
 6. That the open season for partridge be from Oct. 1 to Nov. 1.
- The consensus of opinion of Marquette sportsmen seems to be that these changes are highly desirable, and that the petition should be favorably acted upon by the state legislators, says the Mining Journal. All sportsmen desire that the game in the upper peninsula is growing scarce every year, and say that something must be done to further protect it.

WANT RE-DIVISION

Continued from page 1

long of right to Schoolcraft county. They lie within an easy ride of Manistique and are cut off from Escanaba by two arms of Green Bay which make it a difficult journey to their present county seat. These towns should be cut off from Delta and given to Schoolcraft.

The northern and central portion of Delta county from Gladstone to the Alger county line and from the Escanaba River to the Fish Dam which is, in a measure, isolated from the other territory mentioned and is naturally connected with Gladstone, should be erected into a new county, with Gladstone as the county seat.

This arrangement would be very convenient for all concerned, would rob none and would make four counties where now there are three unevenly built. Each would have a population of the same order, the new county the smallest number, somewhere about seven or eight thousand.

The counties would all be larger than the average in the lower peninsula, though the Gladstone county would be the smallest of the four. It would yet contain some twenty or more townships.

The division proposed here is merely on those lines is inevitable at some time not far in the future.

The eastern towns of Delta, Fairbanks and Garden have long been desirous of joining Schoolcraft county, for, on their good roads, it is a short ride from the Garden peninsula to the Schoolcraft county seat. They have only been refused to remain in Delta county by provisions which are unfair to the western towns.

The north end of Moonisnoie county is unequally yoked with its county seat which is difficult of access and has little in common with the northern townships.

This project is one which The Delta advocated some years ago, when Garden township was about to apply to the legislature to be united with Schoolcraft county. But the politicians of Escanaba compromised the matter with the eastern towns and the discussion died out.

It is a topic that will constantly recur for the reason given, that the counties are badly divided; all that is needed now is an energetic leader to give us a more equitable arrangement. If there be such a man between Escanaba River and the Sturgeon, let him stand forth.

For Cash Only

On and after January 1, 1909, I will sell goods for cash only. Goods ordered from my store must be paid for when ordered, or when delivered, or the goods will be brought back to the store.

This rule will apply to all, the rich and poor alike, and no one will be extended a line of credit.

After several years experience in the grocery business, I have arrived at the conclusion that this is the only way in which to do a satisfactory business. The cash business will be of mutual benefit both to the customer and myself. I will sell goods as close as possible under the new plan, and will save my customers money on their purchases.

In this connection, I desire to thank my customers for their patronage in the past and hope to merit a continuance of the same in the future.

Those that are indebted to me at the present time will be given thirty days in which to pay their accounts and if same are not paid at the expiration of that time, the accounts will be placed in the hands of an attorney for collection.

LINCOLN BANQUET

Big Time Expected at Ishpeming, Feb. 12th. Speakers of National Reputation to be Present.

The one hundredth anniversary of the birth of Abraham Lincoln will be celebrated at Ishpeming, Feb. 12th, by a banquet. Prominent Republicans from every county in the upper peninsula will be present, and speakers of national reputation will deliver the addresses.

The banquet will be under the auspices of the recently organized Lincoln club of Marquette county, the officers of which are: M. M. Duncan, of Ishpeming, general manager of the Cleveland Cliffs Mining Co., president; Gnd Smith, of Marquette, district collector of customs, first vice-president; Joseph H. Winter, mayor of Negaunee, second vice president; F. A. Keese, mayor of Ishpeming, third vice president; W. H. Moulton, of Ishpeming, secretary, and C. T. Krue, of Ishpeming, treasurer. The banquet will be served in Braasat hall, the auditorium of which is the largest in the county.

Supervisor Nudson, of Ousino, was in the city this week attending the sessions of the board of supervisors. Mr. Nudson is connected with the Worces ter Color Co., and is very popular with the employees of the company. He will make an invaluable member of the board. We acknowledge a pleasant and fish ordinary bite well. It is said that
