THE CELEBRATION

Plans Being Formulated for the BIRTHDAY OF JULY CELEBRATION

WILL BE HELD ON THE 30th

city will join the Grangers at the Pleasant Indiana Lake Pavilion

Plans have practically been completed for the celebration of the anniversary of the Nation's Independence, on Saturday July 3rd. A large sum of money has been raised, and an excellent program is in course of preparation, which guarantees that everyone as well as the town people shall have a profitable day, if the weather permits.

The two bands have been employed to furnish music Saturday and the following Monday, when it is the intention of the townspeople to join with the members of the Grange, at the picnic to be held at Indian Lake.

A committee consisting of Messrs. San Wicketman, L. Rosenthal, Robert Kubik, Moses Wicketman and J. Yalonski, has been appointed to provide a number of sports and arrange for prizes to be given at the picnic grounds. This feature will be a big success for the gentlemen in question, an entertaining and up-to-the-minute.

The city of Manistique extends a cordial invitation to every resident of Schoolcraft county to the celebration here. Every effort will be made to give them their money's worth. Then, too, the farmers should make an especial effort to attend, for the business of the city certainly have shown a very commendable spirit in securing the two bands for the Grange picnic, and in other ways assisting in making the picnic in question a big success.

In this connection it is not amiss in calling attention to the fact that the bands have been very liberal in their charges for the two days, and that they deserve much credit for making the success of the two days' celebration possible.

One of the features of the day will be a game of ball between the Janes and the Rapid River team, at Lakeside park at 6 o'clock on Friday.

A big attraction in the forenoon will be the callithumpian parade in which the college boys who are spending their vacations at home, will shine. All of the students that Sophomore make the freshmen do, will no doubt be enacted. The "ankle dancers" that made Ann Arbor famous, will also be a feature of the day. Numerous prizes will be given.

The complete program for the two days follows:

- Dog and cart race, 2 blocks, Main to Oak street, 1st \$2.00; 2nd \$1.00 and 3rd \$0.50.
- Cycle race, fursace and Cedar streets from Elk to Oak, 1st \$3.00; 2nd \$2.00; 3rd \$1.00.

- Ball game, Lakeside park, 4 p. m. July 3rd.

COMMENCEMENT EXERCISES

Were Held Friday Evening and Were Largely Attended.

The commencement exercises of the high school were held at the opera house last Friday evening, and a large audience was present. Prof. J. G. Carter, President of the Chicago University, who is largely engaged in university extension work, delivered the address. Mr. Troop is a highly educated man, and his deductions were most forcibly expressed. Much that he said will long be remembered by the class as well as by the others hearing his excellent address.

Prof. Humon, before distributing the diplomas, called attention to the many changes made in the curriculum of the schools during the six years that he has been in charge of the schools; also to the increased attendance in the high school, and to the larger increased number of boys that are making the full high school course.

He also called attention to the fact that the present facilities have been set up to date, and that a new high school building was needed.

The singing was furnished by the high school choir, under the direction of Miss Moore.

HIS SUFFERINGS ENDED

Mr. Paul Johnson Died at a Sanatorium at Wauwatosa, Last Friday

WAS BURIED HERE TUESDAY

The deceased was President and General Manager of the North Shore Lumber Co. The news of the death of Mr. Paul Johnson, which occurred at a sanatorium at Wauwatosa, near Milwaukee, last Friday morning, at 10:10 o'clock, while on a visit to his friends that were aware of his critical condition, was a shock to the community of Manistique of which he had been such a prominent figure during the past several years, where he had been the president and manager of the North Shore Lumber Co.

Mr. Johnson had been two months ago, under the heavy load of business responsibility he was carrying and was taken to Chicago for treatment. All that medical skill could do was done for him, but he was unable to continue to grow worse until death ended his sufferings.

The remains were brought to this city Monday morning for burial, and were accompanied by his sister, Mrs. John Peterson of Duluth, and her husband and nephews, John Peterson and Otto Lindberg.

The deceased was born at Lidex, Sweden, in 1876, and emigrated to the United States in 1879, locating at Ludington, where he remained several years. From Ludington he went to Saginaw, where he and his brother in law operated a mill. Later he located at Cadillac, where he operated two mills for a number of years, in partnership with a Mr. Anderson, under the firm name of Johnson & Anderson. Seven years ago he became interested in Thompson, and was the president and manager of the North Shore Lumber Co., which acquired the holdings of the Front Co., and continued the business of lumbering, manufacturing and railroading. He paid very close attention to business, and under the strain lost his health and life.

He leaves a wife and four brothers, all of who reside in Sweden, except Mrs. Peterson.

The deceased was very highly respected by all knowing him. He was popular among the employees of the company, and during his residence in the little city, did much toward its material improvement.

He was a member of the Elks, and the Knights of Pythias. The funeral services were held from the First Baptist church Tuesday afternoon at 2:30 o'clock. Dr. Schomaker officiating. Rev. Antonson of the Swedish Baptist church also made a few remarks in the Swedish language. The services were very largely attended.

A special train was placed at the disposal of the employees of the North Shore Lumber Co., and many of the employees came to the city to pay their last respects to the deceased. The mill of the company was shut down at 11 o'clock on that day, so as to make it possible for all to attend. The services at the grave were in charge of the B. P. O. Elks. Thirty or more members attended in a body, and the procession was led by the Manistique band. At the grave, the Rev. Ruler Craver repeated the beautiful ritualistic service of the order, and no service of similar nature was ever more impressively conducted than this particular service by Mr. Craver.

Among the beautiful floral offerings was a floral circle from the Elks. The diet consisted of white carnations, the numerals were of purple and the hands pointed to the hour of eleven.

NEED A NEW BUILDING

Manistique Needs a \$50,000 High School Building To Supplant Temporary Structure

MUCH BEHIND OTHER CITIES

Even Rapid River The Superior Education authorities are clamoring in Manistique. In his address before the graduates at the opera house last Friday evening, Prof. Humon touched a popular chord when he called attention to the necessity of having a modern high school building in this city. While the present building is commodious, and in fairly good repair, its appearance is decidedly antiquated, and in this respect as in many other respects far from being what could reasonably be expected in a hunting city of 5,000.

Instead of building the addition several years ago, the old building should have been torn down. As it is, the present high school building represents an untidy narrow equal of the cost of a modern brick building, a building that would be an credit to the city. If the money is intelligently expended and extravagance curbed, no citizen who has the best interests of his city and the nation at heart, will begrudge the amount of school tax he pays.

By providing adequate facilities for the education of its children, and compelling them to attend school, the community is doing an laudable thing for the future of the country. The backbone of the nation is its public school system, which provides a common school education and imparts young men and women to go forward in educational lines, and to make the most of themselves.

Life is but a narrow span, and every one placed in this world should be given an opportunity for developing the very best there in them. A community that does not assist in doing this and that is neglecting in providing facilities for making that development possible, comes far short of doing its duty to the present and future generations.

Manistique has been extremely lax in many things. Too little thought has been devoted to the future. There has been for years, an air of improvisation in every detail of the building and the patching up of the high school building and the revamping of a business block into a city building are stress that forcibly bring this to mind.

To the credit of Schoolcraft that to erect that whatever improvements have been made, have been of substantial aid. The handsome car house and the county hospital prove this assertion.

The time is ripe for Manistique to discard makeshifts and build for the future. There will always be a city here—the kind of course, depends almost wholly upon the attitude of the people themselves. Permanency will be long in coming, as long as the city brands its public buildings with the discouraging motto, "Temporary."

There is not a city in the upper peninsula that has a better high school building than has Manistique. Even Rapid River, so long celebrated as being a tough town, has a new high school building that would be an ornament in a city twice the size of Manistique. We cite this case to impress upon the reader the fact that Manistique has been guilty of woeful neglect in this respect.

We all believe that Manistique is destined to become one of the largest cities in the upper peninsula during the next quarter-century, and whether it shall or shall not be is almost wholly in the hands of the present inhabitants.

Our business men are doing their part by erecting large and handsome brick business blocks. The substantial buildings erected along Cedar street, are monuments to their faith in the city's future, and we doubt if few of them would oppose a bond issue for the erection of a modern and handsome high school building, notwithstanding the fact that they would have to pay very largely toward the retirement of the bonds.

Manistique needs a \$50,000 high school building. When will it be erected?

ORGANIZES MANY GRANGES

Deputy White Has Organized 27 in the Peninsula, Having a Membership of 1,000.

John F. White, deputy for the Patrons of Husbandry, or the Grange, no one is better known, has been in the upper peninsula since last December, organizing Granges and he talks very interestingly of his work.

Since coming to the upper peninsula he has organized 27 Granges with a combined membership of 1,000, and he is just getting really started with the work. He expected when he entered upon the work that he would complete the organization of his peninsula in one year, but he says that he will be unable to do so.

He made the discovery that the upper peninsula has more farms and farmers than he supposed and it is easy to infer from his talk that he will have many good things to say about us when he returns to lower Michigan.

Mr. White said: "I have seen some of the finest farms and farming country since coming to the upper peninsula that I have seen in all my life and this Frankfort is a great one, as my home county—Ottawa—is one of the best farming districts in the state."

CARFERRY RAISED

The Wrecking Tug Completed Its Work Wednesday Evening and Carferry Has Been Towed to Frankfort.

WILL NOT BE DAMAGED MUCH

Will be towed to Frankfort and then hauled to South Chicago.

Ann Arbor No. 4, which turned turtle in the local harbor on May 25th, was brought on practically even keel Wednesday and moved to the north side of the river, by the wrecking tug, Favorite. The boat was towed to Frankfort, where it is being worked on, where the wreckage will be removed, after which the ferry will be taken to a South Chicago yard for a thorough overhaul.

It has been ascertained that the hull of the boat is damaged very little and that it is not leaking. The boilers on the left side of the boat fastenings but the engines are intact. Twelve cars were yet in the hold when the boat left the harbor. The steamboats were twisted in such a manner that it was found necessary to remove the wreckage without cutting them off, and it was deemed advisable by the railroad company to have this done at Frankfort. The weight of the cars and iron ore remaining in the hold tilted the boat to the left and owing to the fact that most of the plates were taken off by the wrecking crew, the boat presents a much worse appearance than her condition warranted.

The plates on the left side of the boat have a decided outward bulge and most of the upper works will have to be rebuilt.

The raising of the carferry was one of the most expensive jobs of the week in the history of the lake, and the Favorite worked on the job three weeks and three days, and its charges were \$150.00 an hour. The work done by the wrecking crew was excellently done, and pushed day and night. The cost of wrecking and the rebuild will exceed \$300,000, but the ferry cost \$250,000 when built, it paid the company to save the wreck.

This mishap undoubtedly has taught operators of carferries a lesson concerning the handling of cars when loading, and it is safe to say that no such disaster will ever befall the Ann Arbor Co., or any other company engaged in the transportation of unbraked carload lots across a body of water.

Work has been commenced on the reconstruction of the "sprung" carferry was wrecked at the time the carferry tilted and within ten days operations will be resumed in the good old way at the ferry slip.

MOVEMENT BEGUN

The Local Option Convention Was Held Tuesday Afternoon and Permanent Officers Elected

COUNTY WELL ORGANIZED

Convention Was Largely Attended, Near by Every Precinct Represented.

The local option convention was held at the Swedish Baptist church Tuesday afternoon, at which time a permanent organization was effected and plans made for the vigorous prosecution of the work in the county. The convention was largely attended, and practically every precinct in the county was represented.

The convention was called to order by Rev. H. H. Scott, Rev. Mills was called to the chair as temporary chairman, Rev. Collator of Genesaw was selected as secretary.

Walden presided. The convention proceeded to the organization of a local option campaign and upon motion the chairman appointed a committee of five to select permanent officers, and to select a name for the county.

That the county committee shall consist of the following members: C. L. Co., M. A. Nelson, Doyle, Geo. Ghent, Gernfask, Jared Stauffer, Hiawatha, Joseph P. Hutt, Inwood, Milton Wilman, Manistique, J. J. Riley, Mueller, Carl Blomquist, Sney, Chas. O'Connor, Thompson, Edward Sowers, First ward, John Stream, Second ward, Geo. Atkinson, Third ward, John Mosher, Fourth ward, M. H. Quick.

That the canvassers of the county shall be: Inwood, Louis Meisinger, Doyle, Jacob Edwards, Gernfask, Samuel Burns, Hiawatha, Frank Hutt, Manistique, Wilford Strickland, Mueller, Albin Herquist, Thompson, Edward Sowers, Thompson, Abram Sidbeck, First ward, Emil Johnson, Second ward, August Norman, Third ward, Edward Stauffer, Fourth ward, Geo. A. Wickström.

The report of the committee was accepted by the convention. A number of the delegates present made short addresses in which they expressed their ideas concerning the progress of favorable sentiment and the probability of success of the movement.

The work of securing signatures to the petitions will be commenced very shortly and it will be necessary to secure at least 600 names in the county. It is believed that this number can be secured without much trouble.

The petition will be presented to the board of supervisors at the October meeting and the question will be voted upon at the regular spring election held next spring.

HONORED DR. SATTLER

Manistique Legion Presents Him With a Token of Esteem Tuesday Evening.

Manistique Legion surprised Dr. Sattler at the regular meeting held Tuesday evening by presenting him with a handsome watch box suitably engraved, as a slight token of the esteem in which he is held, and an appreciation of his faithful service as president of the Legion for the past twelve years. He was very much surprised and voiced his heartfelt appreciation of the gift.

Dr. Sattler, who had so faithfully served the Legion for the past six years, was also presented with a fountain pen.

Attorney James C. Wood made the presentation speech, and in an eloquent manner expressed the sentiment of the members. His address to Dr. Sattler follows: "Some eighteen years ago you came to this community with the people of this community; during these years you have not only won high regard professionally, but your high ideals and honest work have given you the love of your associates, made you a leader among men in this community, and you have your esteem of your fellow citizens generally. Your moral worth has left its influence upon our people; your example is one that may be followed with pride and knowledge that it has its reward; your standard of uprightness has called you to positions of honor and brought not only

credit upon yourself, but everlasting good to the community.

For years you have been the honored president of this order, to which you have given much of your valuable time and the benefit of your natural executive ability. During those years you have guided this order through its ups and downs, and so earned the everlasting gratitude of its members. It is therefore, with deep regret that the members of this order witness your departure. Not alone will the members of the order miss you, but many others, for in nearly every home in this community have souls been made happy by your kindly ministrations, your words of comfort and good cheer. In the hour of affliction you brought comfort; in the hour of sorrow your words of cheer have smoothed the pathway of the afflicted; all these will miss you, and now that you are to go from us,

we can but feel that Manistique's loss is Donver's gain. It is my great pleasure, brother Sattler, on behalf of the members of this order, and as a token of their high esteem, to present you with this gift, and in doing so, I express the hope and wish, not only of the members of the order, but of the entire community, that in your new home you may health and good fortune be with you and yours always.

After the conclusion of the addresses, ice cream and cake was served. Invitations have been issued for the wedding of Mr. Elmer Harold Ackerman and Miss Mayno Sophie Soderberg, which will be solemnized at the home of the groom's parents, Mr. and Mrs. Chas. Ackerman, Grand Ave., on Wednesday evening June 30th, at 8 o'clock.

Miss Crystelle Witter and Edward McCreger left for Duluth Tuesday evening.
Miss Pearl Davidson left for Toronto this morning where she will spend a portion of her vacation.
Miss Linderman left for Waterford, Conn., yesterday morning, where she will spend a portion of the summer.
Mrs. Alex. Davidson leaving for Winnipeg and other cities in the Northwest territory, this evening where she will visit relatives.

BREVITIES.
Mr. J. A. Hrawley of Gould City was in the city today.
Miss Gertrude Greenwood has returned from Oberlin college, and will spend the summer vacation here.
Proprietor Stewart of the Star Theatre, is now receiving his films from the manufacturers direct, and is receiving absolutely new films, so that his patrons will be certain of seeing films that have never been shown in the city. This service costs him much more than the other service, but he is determined to give the people of Manistique the very best service obtainable. In the future no one will be able to say: "I've seen that film before." No other concern can secure the film until after Mr. Stewart is through with it. The new service commenced this week, and the good service he is giving has been freely and favorably commented upon.

STOP! LOOK! LISTEN! DANGER!!

You have heard of people getting killed on the R. R. tracks. We hear of it almost daily. It usually happens to those who are unfortunately deaf, blind or sometimes it happens to people who are perfect in every respect but they pay no attention to the signal signs and you may know the results.

The same danger signal applies to the mercantile business. The poor hard working men and women, they toil mighty hard in order to provide their families with bread to eat and a little clothes to wear. Sometimes they have to get along

When it comes to QUALITY you will find Mose Winkelman's the proper place to buy. Mose Winkelman is now conducting one of the greatest and cleanest sales on Men's and Boys' Suits that you ever heard of. Space does not permit us to mention the qualities or quote prices, we simply advise you all good hardworking people not to waste your valuable earnings but come right down to Mose Winkelman's store and ask the clothing clerk to show you those hand tailored Suits, Pants and Shirts which the whole town is raving so much over.

with less in order to exist, and still those very ones will go to the different stores and grab for the first thing they see, simply because it was marked BARGAIN. But as far as bargain is concerned it would be a big long price to take it home for nothing, because the very moment they arrive home they find out they have got nothing.

Do not forget that Mose Winkelman is a person who believes in good merchandise only. Just imagine all the high grade Suits, Pants and Shirts will be sold so cheap that the word BARGAIN or SACRIFICE is no COMPARISON. Look out for the so-called BARGAIN Signals for it means DANGER. QUALITY is what you must look for and we've got it.

A VALUABLE INVENTION.

Seney Parties Secure Patent on Rail Straightening Device.

Messrs John Warehock and James Harcourt, both of Seney, have secured a patent on a rail straightening device, the utility of which should greatly commend it to railroad companies. Constant and heavy traffic gradually bends the ends of the steel rails downward, as well as in the weakest portion of the rail is at the joints. This weakness may cause the rails to become battered at about a foot beyond each side of the joint, and in time necessitates the replacement of the old rail with new ones at considerable expense. The invention in question provides an easy and simple and easily operated and effective device by which the downward bent ends of the rails may be straightened or bent back to normal position and then properly braced to sustain them, thus greatly increasing the life of the rails.

APPROCIATED HER SERVICES

Miss Mayme Townsend Honored by the Pupils and Parents of the Edwards District.

Miss Mayme Townsend of this city, who so successfully taught the school in the Edwards district during the past year, was greatly surprised by the pupils and parents of the district last Thursday evening, at the home of Mrs. Jacob Edwards. The party was an expression of appreciation upon the part of the patrons of the school, and was practically every inhabitant of the district. The evening was spent in the playing of games and music, and everyone had a royal good time. Refreshments were served. Speeches were made in honor of the part of the patrons of the school certainly should be gratifying to Miss Townsend. She has been engaged to tutor general for the following year. The present at the party were:

Anna Curran, Amy and Sadie McGregor, Bertha and Melvin Edgar, Sara Raymond and Edith Rogers, George Rice, Mabelle and William Stewart, Ruby and Caroline McGregor, Joe and Harold Hamilton, Ralph and Clyde Edwin, Mabyn Wood, Stanley Townsend, Mr. and Mrs. Geo. Edwards, Rev. and Mrs. W. E. Hogg, Curtis Clarke, Edmond Richards, Buffalo Tolson, and Mrs. Geo. Rice, Mrs. Chas. Rogers, Mrs. Ed. Cookson, Stanley and Ian McGregor, Mr. and Mrs. Vera McGregor, Mr. and Mrs. Jas. Clarke, Mr. and Mrs. M. C. Dowling, Mr. and Mrs. W. E. Hogg, Mrs. and Mrs. Geo. Wagner and family and Mr. and Mrs. Jacob Edwards and family.

Popular Cookies Wed.

Miss Daphne Roberts and Claude Rivers, popular young Cooke residents, were joined in marriage Friday morning of last week at the Congregational church in that village. Rev. Mr. C. Dowling, pastor of the church officiating. The attendants were Misses Ganey and Ida Olson and Messrs Olson and Albert Huebner. Many friends were in attendance at the ceremony and were guests at the wedding dinner at the home of the bride's parents, Mr. and Mrs. Jacob Roberts.

The Bride is a beautiful young lady and is the only daughter of Mr. and Mrs. Roberts. The groom is the son of Levi Roberts and is an exemplary young man.

That evening a reception and dance was given in honor of the young married couple at Eagle hall, which was a most splendid affair and enjoyed by all.

The wedding was in the wee small hours before the crowd dispersed to their several homes, after wishing Mr. and Mrs. Rivers bon voyage over the sea of life. They were the recipients of many handsome presents.

Marblehead News

Miss Jane Reid has returned home. Mr. Dolf Anderson is working in Marblehead.

John Mc-Namara has started to build his new barn.

Marblehead ball boys drove to Garden City Saturday to play ball.

Mrs. E. Eastman is visiting relatives and friends in Manhattan.

Mr. Geo. Nicholson has started to build his new barn at Marblehead.

John and Miss Ella Johnson spent Sunday in Manhattan.

Neara Scilly and Goodwin were in our vicinity the fore part of the week.

The road work between Gulliver and White-dale will be finished this week.

Frank Cookson and son, Everett left Monday morning for Cape, Stechen.

Mr. and Mrs. Wm. Cozantine and children visited at W. A. Wood's on Sunday last.

White Dale News

Mr. and Mrs. G. Ghent and John McGregor were in Manhattan on Tuesday.

The Grange club practiced at the home of Miss Minnie McCullough Wednesday evening.

Mrs. Dave Brock left Monday for Drummond Island, where he will spend the week with his mother.

Look for an announcement of the next week's issue of the Pioneer-Tribune.

Since we have two stores in White-dale, we have something more like Marquette prices. A poor man has a better chance. Opposition in trade is a good thing, especially here.

ADVICE TO POSTMASTERS.

Department Wishes That Signs at Small Offices Be Displayed.

The postoffice department recently sent out the following suggestion, which is printed here for the benefit of the postmasters in the smaller offices of the copper currency.

The attention of the department has been directed repeatedly to the fact that many advantages to the revenue would be secured by the erection at each post office of a substantial exterior sign bearing with the words "Post Office," the name of the town or village in which the office is located. It is the plan of the department to insist hereafter on the display of signs of this character on all post office quarters for which leases are made by the government. It is considered, furthermore, that all postmasters should co-operate with the department to put into effect, wherever practicable, this plan to indicate plainly to the traveling public the name of the town in which post-offices are situated. No appropriation is available from which the department may make allowance for the cost of signs at third and fourth class offices, but it is deemed that the matter is of sufficient importance to justify the recommendation that each postmaster shall provide for the convenience of the public a suitable sign which shall appear the name of the postoffice. Where the name of the office and the name of the town differ the sign should indicate that fact also.

Prof. Hanson will spend two months at the University of Michigan doing special work.

JARRED THE SULTAN.

Advice General Wallace is Said to Have Given Abdul Hamid II.

When General Low Wallace was the American plenipotentiary in Constantinople he saw Abdul Hamid II. at close quarters—too close for comfort really—but his involuntary inspection was decidedly convincing as to the sultan's stupidity.

It seems that from the day of his presentation to the sultan the general had grown in favor at the court and was frequently "commanded" to attend merely from the personal liking of Abdul Hamid for the American minister and the enjoyment of conversation with him. In those days the sultan was particularly vexed over affairs in Egypt. He felt that Egypt was his personal property, yet England had taken the control of the country out of his hands entirely. She had tarried and "by your leave" had had "advised" him that for the good of Egypt he, Abdul Hamid II., had better let her and then had gone ahead.

He had accepted the advice because he had nothing to say "no" with. Without a fleet what could any one say to England? This forced acquiescence worried the sultan continuously until he could not endure longer without madness. In his distress he summoned General Wallace and described to him in detail his humiliating condition.

The general listened with friendly sympathy, and the sultan, being relieved in thus talking in confidence to a man whom he knew to be sincere and altogether free from selfish interests, asked the minister what he could do under the circumstances. General Wallace said that he appreciated the trust and confidence of the sultan, but that, being the representative officially of the United States of America, he could not advise the ruler of another country as to what steps that ruler should take against a third power, especially when this third power was on friendly terms with his own country.

The sultan acknowledged the correctness of this position, but besought the general to make an exception, saying that there was no other man in the empire to whom he could go for one single word of honest, disinterested advice. But the general repeated that he could not be false to his duty as a minister and envoy from his government.

Then said the sultan, "Tell me as a private individual; tell me as a friend." This appeal touched General Wallace deeply, and he said, "As a friend, then, and a private citizen, I will say this, that were I in the position you have described to me I should put myself at the head of my troops and fight to the bitter end."

At these words the blood left the sultan's face, and he fell to the floor in a dead faint. He felt their truth, and he knew, furthermore, that he lacked the strength of character, the force, the will power, to carry out such a program.

What would have happened had the sultan's heart been physically weak as well is not easy to conjecture. As it was, General Wallace did not leave the Yildiz kiosk until long after the hour he had intended, and Abdul Hamid II. never again sought a confidential interview with the author of "Ben-Hur."—New York Press.

Then and Now.

The difference between the relations of parents to their children now and in the days before us is well illustrated by the story of the old general who was talking to a young lady whom he had taken in to supper. Before them on a plate was a chicken. "After all, general," said the young lady, "there is nothing in the world like the liver wing of a chicken." "Well," he replied, "do you know I never tasted one, for when I was young my parents ate it, and now my children do!"—Congregationalist.

Straightening the Back.

It is the custom in certain parts of Scotland among the women laborers in the field, when their backs begin to ache from bending low while working with short handled hoes, to lie down their faces upon the ground, and allow others to step upon the lower part of their backs with one foot several times. This operation is known as "straightening the back."—Chicago News.

Do the truth you know and you shall learn the truth you need to know.—MacDonald.

MEMORIAL SERVICE

The Maccabee Bodies Will Decorate the Graves of Deceased Members Next Sunday Afternoon

SERMON IN THE EVENING

The local K. O. T. M. M. and the L. O. T. M. M. organizations will hold their annual Memorial service at their hall next Sunday afternoon, and will decorate the graves of their deceased brethren and sisters thereafter. Rev. E. H. Scott will preach an appropriate sermon at the M. E. Church in the evening, which will be attended by the two societies in a body.

The afternoon service will begin at 5 o'clock, and the general public is invited to attend. Rev. Hiram Ellis will deliver a short address, and the ritualistic service suitable for the occasion will be also presented. After this the societies will march to the cemetery where the graves will be decorated.

The following members are buried here and their graves will be decorated: K. O. T. M. M. John Oberg, Elias Carlson, J. M. Chase, Major W. E. Christie, August Ahlstrom, Lafayette England, Michael O'Donnell, Bradford Langworthy, Chas. O. Moore, Edward Hayes, Wm. B. Irish, William Tennant, Edna Dean, Edward Carley, Angus Black, Edward Tomath and Peter Sandberg.

L. O. T. M. M. Elizabeth Miller, Ada Smith, Marguerite Leonard, Emma Murphy, Mary McCormick and Hannah Larson. It is hoped and expected by the officers that every member of the city will participate in all of the services above mentioned.

THEY MUST BUY CERTAIN AMOUNT

Farmers Will Lose Rural Service Unless Certain Amount of Stamps are Purchased

The postoffice department has issued orders that any rural delivery route on which 50 cents worth of stamps per day are not furnished will be discontinued. There are four routes which do not already meet with this requirement and once the ruling becomes generally known, even this few will doubtless be the first to be discontinued. Farmers should buy necessary stamps from the rural carrier, thus putting the service on their line out of danger and also forming a good habit of the property and intelligence of that particular route.

CONTRACT AWARDED

The Weston Mfg. Co. Secures Contract for Erecting the New Riverside School Building

BARTON BROS. SUCCESSFUL

In Landing the Contract for Heating and Plumbing, Bidding Will Cost About \$20,000.

The bids for the construction of the Riverside school building were opened Monday afternoon, and it was ascertained that the Weston Manufacturing Co. was the lowest bidder, its bid being \$7,500. Barton Bros. secured the contract for the heating and plumbing, their bid being \$2,500. The mason work will be done by Albert Olsen, who furnished estimates for the three lowest bidders.

The various bids follow: Mr. John Mowler, \$7,500.00; Mr. August Erikson, \$7,223.00; Mr. Wm. S. Hanson, \$2,571.00; Weston Mfg. Co., \$7,100.00. The bids on the heating and plumbing follow: E. T. Partridge, \$2,000.00; T. E. Logan, \$2,600.00; Barton Bros., \$2,500.00.

The two first bidders on the plumbing are from the Sox. The building which was described in length in a former issue of the Pioneer-Tribune, will be an ornament to the city, and a convenience that Riverside addition has needed for many years.

Work will be commenced on the building at once, and it will be completed early in September.

A CHINA SHOWER

Given Miss Mayme Soderberg at the Home of Carl Gunnarson Tuesday Evening.

The young ladies comprising the Lutheran League of the Swedish Lutheran church gave Miss Mayme Soderberg, a surprise china shower at the home of Mr. and Mrs. Carl Gunnarson Tuesday evening, which was attended by twenty or more young ladies.

While the bride to be was detained in another portion of the house, the guests arranged the china ware on the dining room table, and when everything was completed, she was escorted to the table and compelled to make a speech. This she did expressing her heartfelt appreciation of the generosity of her friends. Refreshments were served and the evening was very pleasantly spent.

Mason Work

I am prepared to do everything in the line of mason work. Geo. Malinthaup (G)

WILL COME HERE

The Upper Peninsula Association To Convene at Manistique Next Year.

LOCAL MEN HONORED

A. S. Putnam Elected President and J. N. Forsbar, Secretary and Treasurer.

The Upper Peninsula League, Knights of Pythias, which met at Calumet this week, highly honored Manistique, by deciding to hold the next annual meeting in this city, and by electing Mr. A. S. Putnam as president of the league and Mr. John N. Forsbar, secretary and treasurer of the same body.

About 500 people are in the habit of attending these meetings, and while it may seem a herculean task to entertain that number, Manistique will no doubt be equal to the occasion, and everyone will enjoy their full part making the stay of the league a pleasant and profitable one.

Evergreen Lodge, No. 91, has 10 members. It is growing nicely and is one of the most active lodge-affiliated with the league. That its members, with the assistance of the other lodges, will make the visit of the brethren here the most enjoyable meeting ever held in the history of the organization, is a conceded fact. Monismie was an aspirant for the honor, but withdrew in favor of Manistique.

Dr. Roos and Capt. Carrington, who represented the local lodge at Calumet, certainly did a good stroke of business in landing the honor at Manistique, and it is now up to Manistique to fulfill pledges made by its representatives.

Will Serve Meals

The Catholic ladies will serve dinner and supper at St. Francis de Sales school, July 3rd. The following menu will be served: Roast Beef with brown gravy; Baked potatoes, ham baked beans; brown bread; Cabbage salad Pickles; Ice Cream, Coffee and Cakes.

Warning

To owners and drivers of automobiles. Notice is hereby given, calling attention to the provision of law governing speed of automobiles. Complaints have been made by order of the City Council all persons violating said provisions, will be prosecuted.

Paul Rediker, Chief of Police.

SORELY BEREAVED

The Young Son of Dr. and Mrs. E. B. Patterson Drowned at Sandpoint, Idaho.

The many friends of Dr. and Mrs. E. B. Patterson will regret to learn that their three year old son was recently drowned at Sandpoint, Idaho. We glean the following account of the affair from the News, published in that city.

Edward, aged 3 years of Dr. and Mrs. E. B. Patterson, was drowned in Sand Creek in rear of the Page hotel. The accident will occur as follows: It was recovered at 11 o'clock having been in the water fully two hours and it was impossible to resuscitate him.

It appears that the little fellow wandered from his home, across Second street from the Page hotel, and went down to a little creek where it is used by the Farmer in high water for their launch. The creek is just beyond the hospital and is gotten to by a steep bank and through a heavy growth of trees and brush.

Two little boys, Frank Hinkle and Norris Brundage, who went to the dock to fish, saw a cap upon the top of the water. They threw the cap upon some bushes on shore and continued their fishing. A short time afterwards Mrs. L. B. Farmin went with the Farmer out doors on the dock and their attention was called to the cap. She questioned the boys who were fishing and supposing that the little Patterson had been near the water, took the cap over to Mrs. Patterson next door to the Farmin home.

Mrs. Patterson supposed her little boy was wearing his straw hat and was not alarmed over the finding of the cap at first, thinking Edward had gone down town after candy, as he said he intended to do. However, when the hat did not appear and it was found he has not been seen at his father's office or on the street the alarm was given and it became apparent that the lad met his death by drowning.

A crowd congregated and grappling hooks were secured. A young fellow, said to have been a hobo—came with the crowd and offered his services to dive for the body. He put on a bathing suit and with his first dive into the water he secured the body of the little fellow. The body was lying face downward. The body was taken to the Page hospital and an heroic effort made to bring the little fellow to life but it was of no avail. The little Farmin children state that they saw the lad at the dock when they went down to see their father and mother go away with the launch. That was before 9 o'clock.
