WHO CARRIES YOUR FIRE INSURANCE?

The San Francisco Fire

was the greatest disaster in history from an insurance standpoint. Twenty-one companies failed and over fifty found it necessary to raise new capital by assessments and otherwise. Some of the companies used arbitrary methods and did not pay the full amount of their claims.

The Queen Insurance Co. of America had a gross loss of \$2,157,802.00 in the San Francisco fire. Best's Insurance Report, (a standard authority), says the Queen Ins. Co. OFFICIAL COUNTY AND CITY PAPER

FRIDAY, JULY, 16, 1909

EDITORIAL COMMENT.

nat a county fair would be a paying vonture, cer-was proven by the manner in which the people flocked to the Grange picnic.

Mr. James T. Bennett of DoTour, will be supervisor of the census for the upper peninsula. The appointment is a good one, and means that the work will be attended to in a very satisfactory manner.

People have to have some kind of amusement, and it would be difficult to find anything deaner, more in-structive and entertaining than the moving picture show. No one is too old and none too young to enjoy them.

The men that laid out the city of Manistique ovidently never dreamed that it would become a city. For they did not provide for alloys, and the principal business streets are too narrow for trailic since the automobile has become such a common vahida.

The editorial page of no weekly newspaper in the up-per peninsula is more closely scanned by the editors of the peninsula than is that of the Escanaba Journal. Bulkwin always has something to say, is not afraid to say it, and aside from woeful misconception s of Osborn in politics, is generally right.

In an article on lightning and its dangers, Edito Balcwin announces that there is no danger in using shear during a thunder storm, as such small objects will not at tract the fluid. This will be cheerful news for editors for they need waste no time during a storm but can continue to wield the useful implement of the office.

Now since Young has announced that he will be a candidate, for renomination; since Claise S. Osborn announces that he will not be a candidate for congress that he will not be a candidate for congress your, and that he is not really to announce his candidacy for the governorship, it is hoped that the wise age that making a specialty of district philtical fortune tailing at Escanaba, will switch his train of argument.

The Pioneer-Tribune desires to say, while it believe that mankind should live in the open air as much as pos-sible, it does not sanction Sunday ball games. There is nothing uplifting or helpful in a Sunday ball game. But nothing uplifting or helpful in a Sunday ball game. But there colid be no reasonable objection to a Sunday band concert, for good music is as inspiring as any sermen or sorvice. We unhesitatingly favor band concerts at the bard stand every Sunday afternoon. A service might be arranged to follow the concert with profit to all.
