MAJ. DUVAL DEAD

His Demise Occurred at Spring Lake on July 26th. Was Buried at Louisville

WELL KNOWN HERE

Was Manager of the Western Pioneer for Ten Years, and Had Many Friends
The news of the demise of Major Harry Duvall, which occurred at Spring Lake, Mich., July 26th, was received here this week by Mr. and Mrs. McKinney, who received a copy of the Grand Livon Journal, with the announcement of same. Mr. and Mrs. Duvall were residents of Manistique for ten years, and occupied a prominent position in the social life of the city. To their many friends the news of his demise will be heard with regret.

The deceased was born at Louisville, Ky., on May 10th, 1838, where he spent the first sixteen years of his life. Following this he lived a few years at Baltimore. He received his education at the University of Lexington, Ky., and the larger part of his life was devoted in the manufacture of pig iron. For ten years he was manager of the Western Pioneer Co., in this city, leaving here eleven years ago, when furnace property was sold. He located at Spring Lake where he resided until his death.

He was a life long member of the Masonic fraternity. He was raised to the degree of Master Mason in Illinois lodge, No. 271, F. & A. M., created a companion of the Royal Arch in Lafayette Chapter, No. 2, R. A. M., knighted in Apollo Community No. 1, of Knights Templar, and created a Prince in Oriental society, March 18, 1889, all in the city of Chicago. He held a life long membership in all of these lodges.

During the rebellion, being a loyal Southerner, he enlisted with the South, and served through the war as an officer in the confederate army, acting as major in the staff of General Donelson.

He was married to Miss Mary Strickland in Chicago in 1855, who survives him.

His death was caused by kidney troubles, and several operations he had to undergo. So supped his strength that he had been practically an invalid for several years.

The funeral service was held at

Spring Lake on the 27th of July, and was attended in his nature. After the service a special car was provided for the funeral party to Grand Rapids, where a train was taken for Louisville, where the remains were buried under the auspices of the Knights Templar.

Mr. Duvall was highly educated, a brilliant conversationalist, and the life of any social gathering in which he participated.

Owing to ill health he retired from active business career, when he left here seven years ago. During his residence at Spring Lake, he at once became a prominent factor in that place, and served as an alderman for some time. It also became a factor in social and fraternal circles, and participated in the annual decoration day services, and assisted the ladies in blue to decorate the graves of their deceased brethren. He was an active and enthusiastic member of the Yacht club.

The sympathy of the community goes out to the bereaved widow and relatives.

ERIKSSON-ACKERMAN

Popular Young People Wedded Wednesday Afternoon.

Miss Alice Eriksson and Mr. Will Ackerman were married at the Norwegian Lutheran parsonage by Rev. Oien, Wednesday afternoon in the presence of the relatives of the contracting parties. The bride and groom are well and favorably known here, both having resided here since infancy. The bride is the youngest daughter of Mr. and Mrs. Andrew Eriksson, and the groom is the oldest son of Mr. and Mrs. Chas. Ackerman. He is an industrious young man, and as is the bride, very highly respected by his associates. They left for Houghton last night where Mr. Ackerman has employment as a

His First Case.

Mr. W. A. LeDuc tried his first case Tuesday night out, and as a result may decide to quit the trade of cigar making and embark as a disciple of Blodstone. He defended Morley Bryce, who was arrested by Emory Howes on the charge of assault and battery, and in the trial held before Judge Knox he made such a good showing that the jury decided the case in his favor.

Richard Harcourt has moved from Soney to Detroit.

The Elks Temple Will Be One of the Most Convenient Buildings of the Kind in the Peninsula

IT IS TO COST \$10,000

Work Will Be Commenced at Once, and Will Be Pushed to Completion.

The local lodge, I. P. O. Elks, at a recent meeting, decided to accept the plan for a new temple, proposed by Architect Donner of the S. S., and work on the building to be commenced at once. An inspection of the plans will convince anyone that the building will be handsome and convenient. Without the furnishings, it is estimated that the cost will be in the neighborhood of \$10,000.

It will be 40x70 feet in size, and contain two stories and a basement. The material used will be stone and brick. The building will be placed about four feet above the sidewalk level, and a flight of wide stairs will extend from the walk to the front entrance. The entrance will be in the center of the building and a plate glass panel in the door, 20x28 inches, gives an idea of the size of the entrance. On either side of the entrance large plate glass windows, surrounded with panels of etched glass, will add to the appearance of the structure.

The basement which extends under the entire building, will have a height of eight feet. In it will be located the steam heating plant, bath, shower bath, coal rooms, toilet rooms, store room, kitchen cold storage room, and dressing room.

The bowling alley will occupy one half of the basement. The plans of the first floor call for a vestibule which opens into a spacious reception hall, located on the west side of the building. The ladies' parlor is behind the hall, and between it and the dining room is a check room. The arrangement of the east side of the first floor calls for a smoking room and lounge

MARVELOUS SHOTS

The Topperweins Proved Themselves Masters of the Rifle and Shot Gun

PERFORMED RARE FEATS

Five Shred Crowds Attended the Feature Game at the Tin City Grounds Tuesday Afternoon.

Mr. and Mrs. Topperwein of San Antonio, Texas, expert shot, advertising the merits of the Winchester arms and ammunition, gave an exhibition of their skill at the grounds of the gun club Tuesday afternoon, in the presence of a hundred or more spectators.

Their work was marvelous and it is doubtful if there are better shots in existence than the Topperweins. Some of the feats performed by Mr. Topperwein, included shooting out the bullet of a cartridge thrown haphazard in the air. The breaking of small marbles thrown high in the air by rifle shots was easy for him. He drew a profile of an Indian in tin by rapid firing rifles, and the work was as complete as though drawn with a brush. Throwing five eggs in the air and breaking them all before they reached the ground, were also features of the exhibition. He was able to hit the balls eye every time by standing with his back to the target and taking aim by use of a mirror. Mrs. Topperwein shot five empty shells from the fingers of her husband, as rapidly as she could pull the trigger.

She also placed a shot in the center of a card target held by her husband by means of a revolver, and then, in rapid succession emptied the gun through the same hole. She also split the card when it was held with the edge toward her. She also clipped a pine stick held by her husband, by piece meal, until barely a quarter of an inch remained. She also made a score of 99 out of a possible 100 shooting at clay pigeons. She missed six in the first 25, "just to encourage the members of the gun club" who were entered in competition, but secured 71 out of a possible 75 during the remainder of the contest.

"Bushing the can" was one of the best things done by Mr. Topperwein. He placed a can so that the first shot would throw it into the air, and before it reached the ground he pro-

duced it forward by hitting it five times. So thoroughly are they versed in the art of shooting, that it is believed they could hit a target, were they handicapped by blindfolding. President Wharfside of the gun club, deserves all sorts of credit for giving the citizens of Manistique an opportunity of witnessing the feats of these experts.

Advertisers. All advertising must be in the hands of the printer not later than Tuesday afternoon to insure insertion in the Pioneer-Tribune. We are inconveniencing ourselves by issuing the paper Thursday evenings so that the subscribers on the R. F. D. routes can secure the paper Friday, and as we are doing this for the benefit of the advertisers, they who do not appreciate the condition it places this offer: in when the copy for advertisements is belated. Please remember that copy must be in the office not later than Tuesday afternoon, or it will be compelled to revert to our original schedule of appearing Friday evening.

Mr. Len Byers returned home last Saturday from Pinn & Miller's camp where he was engaged cutting marsh hay.

John Tennant, Jr., has moved his family into one of his father's houses. We are pleased to have good people moving into this settlement.

Mr. Mack Langous, while working in Pinn & Miller's camp was nearly killed by a limb falling from a tree, which caused a bad cut on the head also bruising his hip.

About twenty couples gathered at the home of John D. Byers last Saturday evening. They enjoyed themselves in dancing, until the small hours of the morning.

Joseph F. Hutt is having his residence painted which makes a handsome appearance to our town. The work is being done by his brother, Frank, who is a first class workman.

MORE ABOUT TRANSFER

The Escanaba Press Speaks of Bonifas Purchase.

Speaking of the transfer of the Escanaba Press has the following to say: Through negotiations that have just been closed the Little Harbor Lumber company, Bonifas Brothers, owners, has purchased the mill and townsite at Little Harbor together with a large tract of timber near that place and will carry on extensive operations at that place for the next ten years. The officers of the new concern are John Bonifas, president, treasurer and general manager; Colin Bonifas, vice president and Isaac Bonifas, secretary.

The members of the firm already own a considerable tract of standing timber near Little Harbor and which added to that purchase from the former operators of the Little Harbor mill, forms a timber holding second to none in that district. The work of getting out timber is to be started at once and lumber of all grades, together with shingles, lath, ties, posts, poles and pulp wood will be turned out. The company's net will require ten or twelve years to complete and will give constant employment to a large crew of men.

The company is to operate a general store at Little Harbor and will make its general headquarters at that place. John Bonifas, head of the new concern, is one of the best lumbermen in this district, and recently retired from the old Bonifas Lumber company which operated in the vicinity of Garden for many years, handling the greater portion of the timber that was cut in that district. By closing the new deal, Mr. Bonifas will be enabled to continue to make his home at Garden and much of the company's work will be directed from that place.

Granulated Sore Eyes Cured.

"For twenty years I suffered from a bad case of granulated sore eyes, says Martin Hoyt of Hourieton, Ky. In February, 1895, a gentleman asked me to try Chamberlain's Salve. I bought one box and used about two thirds of it and my eyes have not given me any trouble since. This salve is for sale by E. N. Orr & Co., A. S. Putnam & Co. and LaRue & Neville.

Mr. and Mrs. Henry Branel of Shingleton, were visitors in the city early in the week.

Booths Balm cures PILES

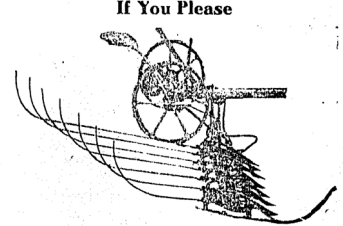

The pain, the agony, the discomfort of piles, are all quickly put to rest by Booth's Balm, the powerful, eucalypti, antiseptic ointment. It relieves in five minutes; it cures to stay cured in a few days. Its soothing, healing properties penetrate right into the seat of the disease, and stop all inflammation, itching and distress in a very short time.

And Booth's Balm is so low in price that any sufferer can afford to use it. A big box only costs 25 cents and it is an almost miraculous remedy for eczema, sunburn, scalds, scurvy, chills, chafing and itching of skin, sore, chapped hands and feet.

It is highly efficient in curing skin diseases, such as pimples and blackheads. A. S. Putnam Co. sells Booth's Balm and will recommend it.

Obituary. Died at her home in Rapidsville on Aug. 2nd, Octavia, wife of Jerome Cantin, aged 61 years and 6 months. Deceased was ill four weeks from complications of disease. Her friends see the best of medical aid but all in vain. She was born at Mackinac Island, Feb. 2, 1844 and at the age of 17 was married to Raphael Booth. Nine children were born of this marriage of whom three are living. They are: Mrs. Julia Pond of Trout Lake, Mich., Mrs. Ida Campbell of Saint Ste. Marie, Mich., and Mrs. Rosa Cantin of Rapidsville. In 1885 she lost her husband and two years later was married to Jerome Cantin. Her second husband survived her.

OFFICIAL COUNTY AND CITY PAPER

FRIDAY, AUG. 13, 1909.

EDITORIAL COMMENT.

Not one person in 10,000 lives to 100 years of age.

The children are commencing to dread the advent of school days.

A large number of people favor an income tax because they would not have to pay it.

If you cannot afford something you crave, try and persuade yourself that it is not good for you.

The women look for a portion of their reward in Heaven, but the men want theirs now.

Theodore Parker has truly said, "every roe is an autograph from the hands of Almighty God."

Recently a newspaper man called his brother editor, "that little pot-bellied, jelly faced rainbow chaser," and yet no one was killed.

Get rid of your regrets. You are what you are from what you have experienced, and rightly understood and accepted. All experiences are good—the bitter one best of all.

An effort is being made to secure Governor Johnson of Minnesota, as the stellar attraction at the farmers picnic and home coming celebration which is to be held on August 27-28.

Manistique is becoming quite a convention city. The annual convention of the Manistique Baptist Association and the general conference of the Swedish Baptist denomination, convene here during the next thirty days.

Don't lose your capacity for being amused and entertained. It reduces friction and keeps you young. Attend Sunday school picnics, socials, and join in the movement of the young, and imbibe a little of their enthusiasm.

My, but some of the Republicans hate Senators Burrows and Smith. This paper was called to a turn by a lower peninsula subscriber, who is a valued friend of the editor, for publishing the senatorial "holier plate" taffy last week.

In this issue will be found a detailed description of the Elks temple that will be erected in this city during this session. The building will be an ornament to the city, and a lasting monument to the enterprise of that small, aggressive order. The Masonic bodies should follow the example of the Elks, and build a home.

A few evenings ago, while passing the Princess theatre, with his little girl, young playing in the crowds that thronged the lobby, remarked to her, "do you think that we can succeed in here?" She replied, "I think we'd better wait until we are on the way home."

It is a little difficult these days to separate the man who believes in the policy of protection, but believes most duties are too high and, is therefore for a revision downward, and the man who at heart is a free trader, but under the pressure of "tariff revision" is seeking to have Republicans help him legislate the protective features out of the tariff entirely.

Some newspapers are criticizing the action of contemporaries in publishing "holier plate," matter in which the senators of Michigan are praised. The Pioneer Tribune published the plate matter in last week's issue, and it is not ashamed of it either. Michigan has reason for feeling proud of its senators, and it is hoped that they may be retained in their positions for an indefinite period.

That the liquor forces are busy it is only necessary to state that at least three times a week this office receives circular letters and other data from headquarters at Detroit, advising on the "good" points of the liquor traffic, and the reasons why whiskey and beer are better beverages than water. The men at headquarters are a cheap lot of scoundrels, and woefully misjudge the newspaper man of the state, if they think that the stuff will be printed free of charge. Then, too, it is safe to say, that nine tenths of the newspaper men publishing the matter, would designate it as advertising matter pure and simple, so that their readers would not be misled into thinking that it represented the ideas of the editor on the policy of the paper.

EDITORIAL COMMENT.

Among women it is thought all right for a girl to marry for money. If, by so doing, she can take care of some of her kin.

Did you ever notice that when a little woman marries a big man she is boss, and if a big woman marries a little man she is boss too.

When he signed the tariff bill, President Taft apologized for the bill with the statement that it was not a perfect bill nor in strict compliance with party promises.

When an auto owner was informed by a friend that he contemplated the purchase of a buzz wagon, the former quite promptly said, "a fool and his money are soon parted."

A Maine prophet figures that the end of the world will come at 11:23 A. M. on September 12th. That's a shame. The most erump erump pulled off in Schoolcraft this year is due to be pulled off between the devotees and members of John Barleycorn, at the polls next spring.

St. Ignace has a citizen that believes the fact that cows are not permitted to roam about the town at will. He contends that cows are cleaner animals than tobacco chewers, and that the latter should be kept off the streets.

Another argument why the Chatham experiment station should not be moved to Menominee county, is the fact that a man died there last week as the result of sun stroke. This fact certainly proves that Menominee county is too far south for an experiment station that would be of any use for the upper peninsula.

Uncle Joe Cannon has disappointed thousands of his friends in his effort to "get even" with the insurgents in Congress by means of his committee appointments. The American people believe in fair play and any enterprise founded on the idea of "getting even" must of necessity fall in its accomplishment.

Relative to the automobile industry, it is stated that there will be built in this country in 1910, 250,000 machines, with a value of \$20,000,000, whereas in 1905 there were built but seventy machines valued at \$167,500. They privately owned cars are said to be approximate in number 270,000. By August 1, 1910, it is estimated that this number will be 470,000, valued at \$69,000,000 or one car for every 150 of population. There is no less than \$200,000,000 of capital invested in the industry in the United States; there are over 100,000 men on the pay rolls of the factories and the annual disbursement in wages is over \$90,000,000. Furthermore, the industry has not reached the high stage of its greatest development. The boom of its greatest expansion is even now under way.

—Mining Journal.

GOOD WILL TOWARD THE PRESIDENT.

The tariff discussion has provided a striking illustration of the esteem and respect in which President Taft is held by his countrymen everywhere. He has come through his trying contest with the reactionaries in Congress with his widely popular unimpaired. The very man he has beaten at their own game, fed kindly toward him. The most uncomplaining critics to the tariff bill in its final form, those who do not hesitate to express the opinion that the president might have accomplished more than he did, still take pains to give him credit for perfect good faith and aggressive honesty of purpose. "The tiger and the lamb" is one of the best good plays yet produced, and will be to the glory of the Grand Opera House, Aug. 15.

Cholera Infantum Cured.

"Something like two years ago my baby, who was then three months old, was taken seriously ill with cholera infantum, vomiting and purging profusely," writes J. F. Dempsey, of Denby, Ala. "I did not have had to relieve her but did her no good, and being very much alarmed about her went for a physician but failed to find one, so came back to Elder Brod & Carter's store. Mr. Elder recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. I procured a bottle of it, went home as quickly as possible and gave the baby a dose of the remedy. It relieved her in fifteen minutes and soon cured her entirely." For sale by E. N. Orr & Co., S. Putnam & Co. and LaRue & Neville.

Order for Publication.

STATE OF MICHIGAN,
The probate court for the county of Schoolcraft.

At a session of said court, held at the Probate office in the city of Manistique, in said county, on the twenty-third day of June, A. D. 1909.

Present: Hon. Edmund Ashford, Judge of Probate.

In the matter of the estate of Paul Johnson, deceased.

John F. Peterson, having filed in said court his petition praying that certain instrument in writing, purporting to be the last will and testament of said deceased, now on file in said court, be admitted to probate, and that the administration of said estate be granted to the executor named therein or to some other suitable person.

It is ordered that the Thirtieth day of August, A. D. 1909 at ten o'clock in the forenoon, at said probate office, be and is hereby appointed for hearing said petition.

It is further ordered, that public notice thereof by publication of a copy of this order, for three successive weeks previous to the day of hearing, be the Manistique Pioneer Tribune, a newspaper published and circulated in said county.

W. J. G. DUKES

My wife has been in a very poor state of health. Nothing seemed to do her any good until I used

USE PERUNA.

W. C. T. U. Has Begun Crusade Against Use and Manufacture of Tobacco.

"From various points about the state, comes the word that the W. C. T. U. is planning to follow the anti-liquor crusade with one against public smoking."

At several W. C. T. U. meetings out in the state, speakers declared that they would have prohibitions in 1911 and that this would be immediately followed by war on the use of tobacco.

Mrs. Anna L. Anders, prominent W. C. T. U. work in Detroit, declares that these plans will be followed out.

"We are sure to win not less than 20 counties to prohibition by the local option vote next spring and our battle for this year is 'state-wide prohibitions in 1911.' In the meantime our work for social purity and against the use of tobacco is being forward steadily. We are sure to win the state-wide prohibitions in 1911." In the meantime our work for social purity and against the use of tobacco is being forward steadily. We are sure to win the state-wide prohibitions in 1911.

Peruna has been in a very bad state of health for several years, and nothing seemed to do her any good until she began to use Peruna one month ago. Since then she has returned to her former state and is gaining in flesh every day and I believe she is a well woman today.

"My little boy, ten years old, was pale and had but little life. He began to use Peruna the day his mother began. Today his face is rosy, and he is out in the yard running and jumping with the rest of the children."

Has No Menagerie.

Mrs. T. J. Ballant, Pryor Creek, Indian Territory, writes: "I am happy to tell you that I keep free from my old stomach trouble (had no external symptoms at all). I am still at my work, work and drink what I want, and enjoy that I found a sure cure in this my weary vestibule, which I failed to find in the best of 'home' hypodermics."

Col. M. J. Warring's production of "The Tiger and the Lamb" does not carry in any respect, but a very strange intense drama. The Tiger is a long, easy-going, cheerful dog, with a man who ought to be in a cage. The Lamb is a sweet innocent girl whom the Tiger expects to marry, but she, loving still being loved by the man, is unwilling to give up the Tiger doesn't get her. The play has been called a poem. The dialogue is clear cut, terse and to the point, no time is spent in explanations, the situations are startling and speak for themselves, surprise after surprise is presented to the audience in astonishing rapidity, there is not a dull moment in the presentation, the comedy vein which runs all through the play is clean, healthy and humorous.

Anti-liquor victory is to be followed by temperance reform, according to Mrs. Anna L. Anders, prominent W. C. T. U. work in Detroit, declares that these plans will be followed out.

"We are sure to win not less than 20 counties to prohibition by the local option vote next spring and our battle for this year is 'state-wide prohibitions in 1911.' In the meantime our work for social purity and against the use of tobacco is being forward steadily. We are sure to win the state-wide prohibitions in 1911."

Peruna has been in a very bad state of health for several years, and nothing seemed to do her any good until she began to use Peruna one month ago. Since then she has returned to her former state and is gaining in flesh every day and I believe she is a well woman today.

OBTAINS OUTLET TO NORTHWEST

Interests Connected With Ann Arbor Road Buy Manistique & Northern Line.

Interests identified with the Ann Arbor Railroad company have acquired the Manistique, Marquette & Northern, which was acquired following the foreclosure sale of the Manistique, Marquette & Northern line. The road runs from South Manistique to Shingleton, and from Scotts to Doyle, all in the upper peninsula of Michigan, having 60 miles of standard gauge main line.

The new owners have issued \$1,100,000 of 4 per cent bonds, maturing 25 years, and the mortgage securing the bond holders of the old line have been placed in the hands of the Union Trust Co., of Detroit, trustee since the time of the foreclosure sale. The new owners are now in control of the property.

Officers of the new corporation are all New Yorkers. President, George F. Rorer, R. C. Gove, vice president, Howard C. Dickinson; secretary, C. J. S. Devere. Mr. Gove is a director of the Ann Arbor railroad.

Vice president and general manager, George K. Lowell, General Controller, S. Warren and other officers of the Ann Arbor road are out of the city, and it is not stated as to the company's offices that they have been making a trip of inspection over the new acquisition.

The position of the Ann Arbor road is greatly strengthened by the latest move on the railroad map. It has obtained a much needed outlet to the upper peninsula and the north-west, and it connects with the Soo Line at Manistique, and with the Duluth South Shore system at Shingleton. It has thus gained access to the mining regions and to the great northwest. It is in a position to carry coal over the Detroit, Toledo, & Ironton and the Ann Arbor, all one line, direct to Frankfort, and thence by boat to Manistique and on to the northern country.

The Manistique, Marquette & Northern was incorporated April 1, 1902, as a successor to the Manistique & Northwestern. Capital stock was \$2,000,000, all of which has been issued by the Grand Rapids & Indiana road. An authorized issue of \$1,500,000 bonds, \$1,100,000 of which was held by the Grand Rapids & Indiana road, and the balance was paid in May, 1903.

September 31, 1905, the road was bid in at foreclosure sale by the Union Trust Co., as trustee, under the mortgage, and since March 21, 1906, it has been operated by the trustee. Straubhaar, who was president of the Manistique & Northern, J. H. P. Huphart was operating agent, and J. A. Robinson, manager.

Total income for the year ended June 30, 1908, was \$97,114. Of this amount \$33,730 was passenger earnings, and \$63,384 freight earnings. Operating expenses and taxes were \$38,440, leaving net earnings of \$58,674.

QUERIES ANSWERED.

Important Subjects For Subordinate Granges.

About Open Meetings—The Lecturer's Province—Best Time For Grange Exercises—Membership Contests—Grange Lecture Courses.

Question—What should be our policy in regard to open meetings?

Answer—Make them just as rare as the conditions will warrant, and if some granges there is no need of ever having one except on such necessary occasions as Grand Army, G. A. R., and other organizations, etc., and even then attendance of outsiders should be confined to those especially associated with the service in question. Undoubtedly too many open meetings are held. The privilege of the grange has often been given to those who ought not to be members, and by so doing the order has lost its prestige.

Question—What should be the order of business at the meetings?

Answer—The order of business at the meetings should be as follows: 1. Reading of the minutes of the last meeting. 2. Reports of the various departments. 3. Reading of the letters received. 4. Reading of the letters sent. 5. Reading of the letters of introduction. 6. Reading of the letters of resignation. 7. Reading of the letters of withdrawal. 8. Reading of the letters of expulsion. 9. Reading of the letters of suspension. 10. Reading of the letters of reinstatement. 11. Reading of the letters of readmission. 12. Reading of the letters of re-acceptance. 13. Reading of the letters of re-ordination. 14. Reading of the letters of re-initiation. 15. Reading of the letters of re-education. 16. Reading of the letters of re-entrance. 17. Reading of the letters of re-employment. 18. Reading of the letters of re-assignment. 19. Reading of the letters of re-appointment. 20. Reading of the letters of re-authorization. 21. Reading of the letters of re-confirmation. 22. Reading of the letters of re-confirmation. 23. Reading of the letters of re-confirmation. 24. Reading of the letters of re-confirmation. 25. Reading of the letters of re-confirmation.

Intense Colicky Pains Relieved.

"For some years I suffered from intense colicky pains which would come at a time and from which I could find no relief," says J. S. Mason, of Denver, Colo. "Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended to me by a friend. After taking a few doses of the remedy I was entirely relieved. That was four years ago and there has been no return of the symptoms since that time." This remedy is for sale by A. S. Putnam & Co.

Soldier Barks Death Plot.

It seemed to J. A. Stone, a civil war veteran of Genoa, Pa., that a plot existed between a desperate lunatic trouble and the grave to cause his death. "I contraction a stubborn cold," he writes, "that would not clear up. I believed that it was in spite of remedies for a year. My weight ran down to 130 pounds. Then I began to use Dr. King's New remedy, which restored my health completely. I now weigh 175 pounds." For severe Croup, obstinate Cough, Hemorrhage, Asthma, and to prevent Pneumonia, use Dr. King's New Remedy. Sold by A. S. Putnam, druggist.

Relief in Six Hours.

Cures Hay Fever and Summer Colds.

A. S. Nussbaum, Batavia, N. Y., writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed only to aggravate it. Fortunately I insisted upon having Foley's Honey and Tar. It quickly cured me. My wife has since used Foley's Honey and Tar with the same success." For sale by E. N. Orr & Co.

THE GRANGE RECOGNIZED.

Congressman William Sulzer of New York in a speech before the house of representatives on April 8 on "National Aid for Good Roads" asked manufacturers concerned with a tariff on their remains an address by Hon. N. J. Bachelder, master of the national grange, on this subject. The address was printed and the address appears in the Record. This is an indication of at least one congressman's opinion of the influence of the grange in legislation.

AN OLD TIME HANGING.

The Dark Day When 'Old Jennie' Was Executed in Maryland.

"As dark as the day when 'old Jennie' was hanged" is one of the many quaint sayings that for generations has been used on the lower eastern shore of Maryland, but from the accounts that have been given by those who were present at the hanging, it has been ascertained that the day was as dark as the day when she was executed for wholesale murder in the neighborhood.

Deitchon's Great Relief

A life journey on the inland seas is the pleasant and economical method of traveling. The convenience of the shore line and the picturesque beauty of the inland waters are added to the pleasure of the trip. All the important ports on the Great Lakes are reached regularly by the excellent service of the D. & C. Lake Line. The best of these is the Erie, which has the quality of speed, safety and comfort. Every boat is under strict supervision and is supplied with powerful engines. The Clark-Walton Telegraph Service is used aboard.

Tickets reading via any rail line between Detroit and Buffalo, Detroit and Cleveland, in either direction, are available for transportation on D. & C. Line Steamers.

The D. & C. Lake Line operates daily trips between Buffalo and Detroit, Cleveland and Detroit, four times weekly between Toledo, Detroit, Mackinac and Sault Ste. Marie, and two times weekly between Detroit, Bay City, Sault Ste. Marie and Sault Ste. Marie. A Cleveland to Mackinac special steamer will be operated from June 15th to September 10th, leaving Cleveland daily for Mackinac, stopping at Detroit, Sault Ste. Marie and Grand Haven, Mich., every other day. Special daylight trips between Detroit and Cleveland during July and August. Send 2-cent stamp for illustrated pamphlet.

THE PAYNE BILL

While Not Perfect Will Accomplish Good Results.

The Payne bill has been passed by the senate and signed by President Taft, and is now the tariff law of the land.

The act cannot be really known until it is tested by our experience. Five months of grinding labor in congress has been fruitful of controversies on special items, but there has been little to arouse a general interest. Localities especially affected by tariff changes in certain articles were stirred for a time, and their members of congress stirred themselves in Washington. These sections and those congressmen were quiet, and some others were aroused. Perhaps the only great change of universal interest, and certainly the greatest change in the bill, is the removal of the duty on hides, the personal victory of President Taft.

The completed bill, the enacted law, is doubtless not perfect. A man of President Taft's consistency and sincerity is obliged to say that it is not even a literal fulfillment of Republican promises. But after the long strife of big and little interests the trace which might have been struck contains much merit.

It is not a free trade measure. Protection is the declared fiscal policy of the country, and the nation seems to be growing in that conviction. Still, the few free traders the country has are active, and those who have heard that "protection made the trusts" are noisy. But the Payne law is an attempt to apply the protection principle wisely, without abusing a just tariff theory.

The law is not likely to create any great immediate change in business conditions. In time the changes in wholesaler to retailer, to consumer, thus in time every one of us will know the Payne law from the Dingley, the Wilson and the McKinley laws. But the country's business is advancing so rapidly, and the tides of commerce are so free, that the Payne bill will be absorbed and the items which will adjust themselves to it almost without friction.

The temper of business since the special session began has been contented. The business world has been satisfied with the patriotism of the president and of the great majority of congress would guard the nation's interests. Thus neither the cleverness of Aldrich nor the clamorings of senate alarmists have disquieted the American people. If the testing of the law proves that there is any need for disquietude any need for more

changes in the intricate schedules, the people will still have confidence that the president and the congress will do what is right and patriotic. Detroit Journal.

Legion Picnic.

Manistique Legion, No. 18, N. P. L., will hold its annual picnic at Harrison on Indian Lake, Saturday afternoon and evening, August 28th. All members and their families are invited to participate. They are requested to meet at the hall at one o'clock, where transportation will be furnished all. Fill your baskets and participate.

To Open Gallery Here.

Mr. E. E. Nequette writes from Detroit that he contemplates going into the photographic business in this city and will hold his opening during the first week in September. He will occupy the Hager studio on Cedar street next to Dr. Livingston's residence. Mr. Nequette is well and favorably known here as a photographer and his friends are pleased to learn that he will return.

Large quantities of blue berries are being shipped from this city at the present time. About 100 crates were awaiting shipment at the express office last Saturday morning.

TO INVADE NEW FIELDS

The Soo Line Planning to Secure a Portion of Business South of Chicago.

The Soo Line is said to be planning to acquire a much larger portion of the tonnage between Chicago and the Northwest than it now carries, and also to obtain a line from the wheat fields of Canada to the Gulf of Mexico.

Through the medium of the Wisconsin Central, which the Soo Line recently bought, the latter road is said to be negotiating for the purchase of the Chicago, Milwaukee & St. Paul.

It is the purpose to build the road and Gary road, which was recently sold to the St. Louis Union Trust company.

If the Soo Line should absorb the new belt railway it will be following the example of the New York Central lines. Several years ago the Lake Shore purchased the "Three Y's" and a portion of the belt railway in order that the New York Central lines might have a delivering road which crossed every other road entering Chicago.

The recent purchase of the Wisconsin Central by the Soo Line gave the latter the Chicago entrance it has been seeking, but it did not give it the Chicago tonnage it desired.

The new belt road is constructed between Delmas, Ind. north to Milwaukee and east to Gary.

The Soo Line would obtain connection with the new belt by constructing a road from Portage to Rockford.

It is stated that the Soo Line is contemplating the construction of a short line to connect with the Louisville and Nashville at Evansville, Ind., and then enter into close trade relations with the latter road for a through service.—Escanaba Press.

THE NEGATIVE HEARD

uttered the following truth last week, that every man should be to the truth. It says: "When an individual 'raps his face' for his local newspaper several years ago is usually the one to have the most to say in criticism of it. Should he have away he escapes being damned as well as avoiding payment. If he dies he also leaves the publisher behind. Yet his relative expects a charitable notice of the old fraud and addition to losing his money, the editor is expected to pile up a tissue of extravagant lies."

Some one is scattering bits of printed matter about town ostensibly to kill dogs. Late last week, a three-year old girl found a piece of freshly cooked meat and was about to eat it when an older person happened along and confiscated it. The piece in question was covered with paragon, and would have caused the child's immediate death. The person guilty of this reprehensible work is being shadowed by the officers, and an arrest may be made in the near future. They have a first class clinic, and if sufficient proof can be made, the guilty parties will be pushed to the limit.

THE TIGER

AND THE

LAMB.

A PLAY ABOUT SOMETHING.

SO YOU LOVE HIM, I HEARD EVERY WORD.

A graphic story of the Southland, full of color and action, inspiring in it's theme, thrilling in it's situations. It tells the story of a pure lamb-like girl, of a treacherous tiger in the guise of man, of a hero, the type of vigor and strength. It is a story of love—the new love sprung to life and throughout the play there is a tenderness and natural atmosphere which speaks volumes.

HE'S COMING HERE TOMORROW TO SEE YOUR DAUGHTER.

The play presents both possible and stirring situations and does it in the most delightfully entertaining and simple manner.

The characters are clean cut and vivid, and the story has both weight, depth and great sympathetic and absorbing interest. It goes into no large arguments, nor does it preach or battle with any problem.

BREVITIES.

Sheriff Smith made an official call at Cooks yesterday.

Ladies fall suits, the most elaborate in line ever shown here, in more exhibition at Mose Winkelman's store.

Chief Engineer Hill of the Northwestern Leather Co., is in the city superintending the construction of the extensive additions to the leather tannery plant.

Misses Mary Goodwin and Gertrude Morris of Oak Park, Ill., arrived here Wednesday, and are the guests of Mr. and Mrs. R. G. Goodwin, Water street.

Mr. G. M. Hoell of Minneapolis was in the city this week in the interests of the Scientific American. He was accompanied by Prof. A. E. Parkinson, general agent of the same publication.

The Women's society of the Presby-terian church will hold the regular meeting at Harrison beach, Aug. 18-19. Carriages will meet at Presby-terian church at 9 a. m. Ladies residing on the west side will meet at W. L. Middlebrook's store. Trans-act business at 12. Signed by com-mittee. Mrs. L. P. Norton, chair-man.

Mrs. Will Deltus gave a party last Thursday evening in honor of Misses Anna Erickson and Stromer. The evening was spent in playing games and in music. Refreshments were served. Those present were: Jennie and Mary Carr, Agnes Hamel, Miss Stromer, Grace Trowsell, Ma-mie Trowsell, Anna Erickson, Ad-elaine Ashford, Messes and Mes-sidnes John Glewin and Amel Curtis, Messes Harry Hamel, Chris Johnson and Leonard Winkel.

For the past three weeks no new cases of small pox have been develop-ed in the city, as the result of the efficient work of the health officer, and it was thought by him that his troubles were over. However, in this he was mistaken for Frank Hart, employed at Phillip's camp in Thompson township, came to the city this week, and was found to be suf-fering from the disease, and is now quarantined at the home of his mother in Lakeside addition. One of the men employed in the camp was careful during the epidemic at the pest house, and the health officer has since learned that another man, had the disease, and remained in camp, thus exposing his fellow laborers. The health officer of Thompson town-ship, in which township the camp is located, was not informed of the fact. Efficient measures have been taken to pick the men in camp, and by so doing the disease may be kept from spreading.

BREVITIES.

Dr. McNeill was at Gladstone last Sunday.

Mr. and Mrs. W. I. Aldrich, were in the city yesterday.

Dan T. Guinan is negotiating for the purchase of W. A. LaDue's cigar factory.

Officer Frank Jachor is spending his vacation at Gladstone with his son, Frank.

Some excellent views of the streets of Manistique are on sale at the drug stores at the present time.

An advertisement for the Delta county fair and Farmers' picnic is held at Escanaba, Aug. 25, 27th and 28th, appears in this issue.

The ladies of St. Francis de Sales church will hold a fair at the paroch-ial school building commencing Tues-day. All sorts of fancy articles will be offered for sale. Refreshments consisting of ice cream, cake, sandwiches and coffee will be served. Everyone is cordially invited to at-tend.

Have you been reading the insur-ance advertisements appearing in this paper during the past two months, in which the merits of the companies are presented by Agent Wm. S. Crowe, are advanced? They make interest-ing reading and give one an idea of the standing of the ten companies he represents.

Work is being pushed on the grad-ing of the road bed of the line be-tween Van Harbor and Cooks. A mile of grading in the vicinity of Cooks, as completed during the past week, and it is expected that the remaining three miles will be completed before the end of September. Trains will be operated shortly there-after.

Messrs Selzer and Goodwin of the Manistique Creamery, have been making a systematic canvass of Gar-den and contiguous territory, and as soon as the railroad to Cooks will be in operation, a large quantity of cream will be shipped to the local creamery regularly. It is the plan of these gentlemen to place an auto-mobile on the route to collect the cream for shipment at Garden, as soon as the conditions warrant next spring.

The condition of the harbor is so grave that the citizens of Manistique should lose no time in apprising the engineer in charge of this district of the Hills. The afternoon was spent in necessary prompt action, so that funds may be available next spring to continue the work. It would be a good idea for the city to pay the expense of a delegation to present the matter before the proper authority at Milwaukee, so as to enlist his influ-ence in the city's behalf.

HOW HE MET DEATH

Robert Hannan Was Killed by Falling Under Wheels of Logging Train

BOTH LEGS SEVERED

Accident occurred July 29th. Hannan was killed as he was crossing the bridge over the logging train on Friday.

In last week's issue brief mention was made concerning the death of Mr. Robert Hannan, as the result of an accident, while engaged in rail-roading in the state of Washington. No particulars were obtainable in time for publication, at that time. The particulars follow:

He met with the accident that caused his death, while engaged as brakeman on a logging train, on Thursday, July 29th, near Cherry Valley, Washington. He was jerked from the train and fell beneath the wheels which passed over him, severing his right leg near the body and his left one lower down. The accident occurred at eight o'clock in the morning, and despite his terrible injuries he lived until three o'clock in the afternoon.

The remains were brought to 'Innocent', Mich., for burial, and were accompanied from the west by Will Hannan, an uncle of the deceased, who resides in the vicinity of Seattle, and by Miss Louise Rapert, of Howell, Wash., the affianced of the deceased, who was to become his bride early in the autumn.

The funeral services were held from the home of Mr. Frank Leonard, in Capas, on Friday afternoon of last week. The floral offerings were numerous, and among these were remembrances from J. P. Griffith, the companion of which Mr. Thomas Hannan is an employe at Deseronto, Ont., and the Macabees of this city.

His parents decided that the burial should be held at Capas, because many relatives of Mr. and Mrs. Hannan are buried there.

The deceased was born at Capas, twenty four years ago. He came to this city a number of years ago, at the time his father filled the position of founder in the local furnace. He left for the west three years ago and was engaged in mill work during a greater portion of the time. At the time of his death he was serving temporarily as brakeman, until such time as the mill in which he was employed, would resume operations.

The sincere and heartfelt sympathy of the entire community go out to the bereaved parents and sister in their overwhelming affliction. Mr. and Mrs. Nick Deemer, at

tended the funeral, the latter being the only sister of the deceased. Mr. Deemer returned to the city last Friday evening and Mrs. Deemer returned Thursday evening of this week.

BREVITIES.

The family of Magnus Klugstein is mourning at Harbison beach.

Mr. W. E. Wheeler left for his home, Portville, N. Y., Saturday morning.

Mr. E. N. Orr has been in Detroit this week purchasing goods for the holiday trade.

Miss Bernice Bowen returned Thursday last on a short visit with friends at St. James.

Messrs Murdock and Hill of the Soo, were in the city Saturday, on business connected with the Tammy.

Dr. and Mrs. Itabani were the guests of friends at Osawimamee resort during a portion of the week.

Mr. Earl Johnson of Charlevoix, visited Mrs. Johnson here late last week. They will remain here for some time.

Miss Myrtle Morgan of Chicago, is visiting her sister, Mrs. P. M. Johnson, who is a guest at the New American Hotel.

Mrs. William Hayes of Frankfort, arrived here Saturday night and is a guest of her mother, Grandma Merwin, and other relatives.

Postmaster Crano was called to Detroit Tuesday by a telegram announcing the death of his sister, Mrs. J. T. McKay, which resulted from an operation for appendicitis.

The city team defeated the Gould City team at the latter city last Sunday to the tune of 4 to 5. Ten innings were required to win. The local battery was Eliot and Screen.

Mr. Winfield Scott of Watertown, N. Y., arrived in the city Monday evening and is the guest of Mr. and Mrs. Henry Robertson, Ashton Ave. He is a brother of Mrs. Robertson, and will remain for some time.

Rava, Rutledge and Scott, were at Cooks Monday evening, and as a result of their visit, two liquor dealers, who were violating the liquor laws, will no doubt be compelled to defend themselves during the next term of the circuit court.

Messrs. C. E. Anderson and I. C. Cain, representatives of the Michigan Union Advocate, of Detroit, were in the city during the past week securing data for a special edition of the Advocate, to be issued shortly. In said edition Manistique will be given a page, and at least twenty-five pages will be devoted to the upper peninsula. The Advocate is the official organ of the Michigan Federation of Labor.
