ANNUAL CONVENTION

Sessions of Episcopal Convention Held at St. Alban's Church.

SERMON BY BISHOP WILLIAMS

Nearly Every City in the Diocese Represented by Clergy and Laity

The Fourteenth Annual Convention of the diocese of Marquette, met at St. Alban's church in this city on Wednesday.

At 7:30 Rev. Hicks celebrated the Holy Communion, assisted by the Rev. Gill.

At 10:30 o'clock the convention sermon was preached by the Bishop and was a splendid explanation of the Eucharistic teaching of St. John's gospel.

While God was described as being in us, and around us, on every side the Holy Communion was shown to be the authentic point of contrast between God and man.

The first of our Lord's recalled miracles was the turning of water into wine. This took place at the marriage of Cana of Galilee described in the second chapter of this gospel.

Wine was lacking, probably because there were more guests than had been provided for.

"He makes water into wine every year as the rain falls on the vineyard, is drunk up into wine and be-

The launch was run into Manistique and is now completing its journey by rail.—Soo News.

Why?

From a small beginning the sale and use of Chamberlain's Cough Remedy has extended to all parts of the United States and to many foreign countries. Why? Because it has proved especially valuable for coughs and colds. For sale by E. N. Orr, A. S. Putnam & Co., and LaBar & Neville.
 Pomona Grange was organized at Engadine last Monday. There are eight granges in Mackinac county with a membership of over 400. The speakers were J. W. Hutchins, Colon C. Little and Supt. Geimarr. Deputy Wilde organized the Pomona grange.

Buell Grange.

We have the following report to offer for the past three months: There have been several changes made in our list of officers. Overseer C. F. Ekstrom and Lecturer Cole resigned. The latter was elected overseer while Bro. Chas. A. Miller was elected lecturer.
 On August 3rd we had the following visitors from Hull Grange: Mr. and Mrs. Ralph Merwin, Ralph and Ruth Merwin, and Joe Hamilton. Glad to see you, call again. Mr. and Mrs. Andrew LaBar and Dan Murphy were given the third and fourth degrees, and they are no full fledged Patrons of Husbandry.
 As the time is near when the farmer will want to dispose of his crops, it is time that we arrange for some sort of a market so we will know when we start for town with a load, just what we will do with it. As it has been in the past we never knew whether we could dispose of anything or not and someone else always cuts the price both ways. They will set the price on what the farmer had to sell, also on what he had to buy. The price is forced down in the fall when the farmer is forced to sell, then just as soon as they have something bought up at their own price, and the farmer has nothing to sell, then they advance the price to the consumer just to suit themselves. There should be some understanding between the business men and the farmer and the sooner they can agree the better it will be for both parties. It would be a good idea for every grange in the county to get to work and endeavor to think out some plan for the profitable marketing of our product, and at our next Pomona meeting have things in shape to establish same.

A Sprained Ankle.

As usually treated a sprained ankle will disable the injure person for a month or more, but by applying Chamberlain's Liniment and observing the directions with each bottle faithfully, a cure may, in most cases, be effected in less than one week's time. This liniment is a most remarkable preparation. Try it for a sprain or bruise, or when laid up with chronic or muscular rheumatism and you are certain to be delighted with the prompt relief which it affords. For sale by E. N. Orr, A. S. Putnam & Co., and LaBar & Neville.
 Martin O'Hara and his sons, were spectators at the Brighton auto race and witnessed the accident that caused the death of a machinist and injured four others. They were about 100 feet from the spot the accident occurred.

THE TEACHING FORCE

Several Changes Made in Its Personnel for the Coming Year

SUPT. ROOT IS HERE

And Appears to be the Right Man for the Responsible Position to Which He Has Been Called.

The public schools will resume next week, after the extended summer vacation, and Prof. C. C. Root, who has been selected by the board of education to succeed Prof. Hanson, as superintendent of the schools, is here for the purpose of becoming acquainted and making plans for resumption of the year's work. Very few changes have been made in the personnel of the force, and this means that efficient work will be done during the coming year.

The board made no mistake in selecting Mr. Root for the responsible

position of superintendent, for during his short stay here this week, he has very favorably impressed all meeting him. He is a graduate of the state university and Michigan state normal, and holds the titles of A. B., Bachelor of Pedagogy. He has had eleven years experience in teaching in rural, village and city schools. During that period he was principal,

of the Fairbury, Neb., schools, the Union schools, and was superintendent of the Shelby, Mich. schools.

The following is the list of teachers:

High School
Lewis Reichle, Ph. D., Harvard, Principal.
Gretta Hagley, A. B., Alma, history.
Evel Davidson, A. B., Chicago, mathematics.

Edna Kilmer, Mt. Pleasant, kindergarten.

Special
Louise Nowack, Ypsilanti Normal, and Anderson in charge of the one Snyder Ypsilanti Normal domestic science.

There are comparatively few changes in the staff of teachers this year. The new teachers are as follows:

Miss Blanche J. Parkinson who succeeds Mrs. Anderson in charge of the Commercial Department in a grade of the Commercial teacher's training department of the Cleary Business College, Ypsilanti. She has had several years' experience in public school work before taking up the special work.

Miss Jane Snyder who will have charge of the domestic science and art graduated with this year's class from the Ypsilanti State Normal College. She comes highly recommended and is well prepared to carry on the work installed by Miss Martin last year.

Mr. H. H. Harshman a graduate of the local high school and a student for the past three years at the U. of M. will be the new principal of the west side school. He has a good record as a student and as a rural teacher in this county.

Miss Jessie Johnston will fill the position of sixth grade teacher in the Central building held last year by Miss Horvitz. Miss Johnston is a '09 graduate from the Normal college having taken special work in domestic science. She is a graduate of the Grand Rapids high school and has several years of successful experience in the schools of Kost and Barry counties.

Miss Mary Westover comes to us very highly recommended as one of this year's class at Ypsilanti and with a very successful experience in the rural and village schools of New York county. She will have the fourth and fifth grade work in the Lakeside school.

Another new Lakeside teacher is Vera DeZeng who will have second and third grade work. She is also a graduate of the local high school and from the Ypsilanti Normal.

THE SACRED CANTATA

David, The Shepherd Boy, Will Be Presented Saturday, Sept. 11th; At Opera House

McLELLAN, THE LEADER

Cast and Chorus Will Total 100 Voices, Showed the Liberator's Patronage.

The cantata, David the Shepherd Boy, will be repeated at the Opera house Saturday evening, Sept. 11th. The initial presentation of the beautiful cantata, it will be remembered, was given late in June, and ever since there has been a demand for its repetition. As at the previous rendition it will be under the management of the Methodist church, and Mr. Angus McLellan will be director. Practically the entire cast and chorus of 100 voices will be the same as the initial performance, and all are rehearsing, so that a finished production can be guaranteed.

Tickets are now on sale. Aside from assisting a worthy cause, you will encourage home talent, and receive much personal benefit therefrom by purchasing a ticket and attending the rendition of this "biblical classic."

Long Auto Ride.
A jolly party visited Pairport last Friday. Five owners of autos decided to make the trip which covers eighty two miles, and that same was made without incident or delay, showing that the judgment of local auto purchasers in the selection of machines, is good. A portion of the road is not ideal for automobile, yet the time made was very good. Mr.

Brasie's time between here and Garfield was 1:20, while Mr. T. Haker, who did not get away from the city until a late hour, made the trip in 1:25. The party also dined at the Deloria Hotel, Garfield, and arrived in the city on the return-trip at six o'clock. Those constituting the party were:

Mr. and Mrs. C. H. Orr and daughter, and Miss Eva Orr, Verne Coffey, Mrs. Coffey, Miss Mabel Hartung, Mrs. John Girvin and Miss Helga Kingstad, Mr. Geo. H. Brasie, Messrs. and Mrs. George Crense and Barton, H. T. Haker and Mrs. W. A. LeDuc, Messrs and Madames Will J. Hebeau and Joseph Hebeau, Mr. and Mrs. V. I. Hixson and daughter, and Miss Marjory Gifford.

Was Given a Surprise.

Mrs. Minnie Carney was given a surprise last Wednesday afternoon in honor of her birthday. The afternoon was pleasantly spent, and refreshments were served. Among the presents was a purse of \$5.00 donated by the ladies. These present were: Mrs. Anna Helgren, Jennie Peterson, Amanda Peterson, Mrs. Cooper, Fannie John, Mrs. Jacobson, Edith Larson and daughter, Mrs. Fred of Green Bay, Mrs. J. J. Helen and Miss Fieberitz, Mrs. Nagel, Mrs. A. E. Clark of Minneapolis, Ruth Helgren, Anna Nagel and Salie Peterson.

Many people delude themselves by saying, "It will wear away," when they notice symptoms of bladder trouble. This is a mistake. Take Foley's Kidney Remedy, and the drain of the vitality. It cures backache, rheumatism, kidney and bladder trouble, and makes every trace of pain, weakness, and urinary trouble disappear. For sale by E. N. Orr & Co.

Mr. Peck and family of Chicago, passed through the city last Friday, enroute to St. Ignace, via auto. From here the party proceeded to Newberry. Mr. Peck drives a 30 horse power Thomas machine, the latest machine ever seen here. He experienced no trouble on the sand roads he encountered enroute, as his machine possesses sufficient power to extricate itself from any road difficulty.

Dr. Abernethy, the great English physician, said, "Watch your kidneys, when they are affected life is in danger." Foley's Kidney Remedy in-takes healthy kidneys, corrects urinary irregularities, and tones up the whole system. For sale by E. N. Orr & Co.

Mr. Alex. Roberts, who resides in the vicinity of the brewery and who devotes some time to gardening, brought a white spine cucumber to this office last Saturday morning which was fourteen inches in length. It is another evidence that Schoolcraft county soil and climate is the equal of that of any other section of the United States.

Miss Artie Fydlid is visiting friends at Detroit.

A BURGLAR'S ADVICE.

Where to Keep a Revolver at Night and How to Use It.

I take my job in hand to write you an answer to the mug that signs his name "Victim" what says that a burglar in your bedroom does not sleep with his feet under the bed. You are safe from burglars coming into the room and shooting you dead and to tell him the only way to get out of a room by burglars is to be still when they tell you to and after they have gone to collect from the burglarly insurance company.

Your son "Victim" is a dull guy if he thinks a ball will stop any one that knows his trade, because we already have a club ball through the pants' right leg and easy just the same way as we pass holes through the paneled lock of dead latches on outside doors, because there ain't nothing will stop a man that knows the trade only a steel door with an iron crossbar back of it and oil-rails contacts all round.

What's more is that any man who sleeps with a pistol under his pillow is a chump, because that's where we always look for it the first thing and if he knows proceeding to the back of the evening, the right place to keep a pistol being in the front hall hanging on a wall where you ain't liable to do no damage to the bedroom walls and furniture with it, besides his being laid for someone people to wake up in the night and feel for a pistol that ain't there no more.

If a guy wants to take a pistol with him when he goes out he got nerve enough to use it the proper place for it is not under the pillow, because that's where we always look for it, but at the foot of the bed, about where you can stretch out with your toes so that when you make up and feel the burglar's hand searching under your pillow you can say still he's no more over to the bureau, when you will have plenty of time to get hold of your gun with your toes and pull it up gentle and slow like for someone people to see if you are mule enough to make the burglar shoot in the smoke all right, but if you ain't got the nerve for the job you'd better not have no gun around, because he will shoot next.

Having been in the bolt slipping and pistol collecting business for nine years, I guess I know the game, and if I haven't you can see my "Victim" lives I would just come up some evening and punch his gun for him to show him his job is no good—Stumpy Mike in New York Sun.

Dr. Hume of Owasco, Grand Master, and Dr. O. F. Gilbert, of Bay City, Grand Lecturer of the Grand Lodge of Michigan Masons, will visit Lakeside lodge, No. 271, F. & A. M., next Tuesday evening. Upon that occasion the third degree will be conferred, and a banquet served at six o'clock.

Foley's Kidney Remedy
Succeeds where everything else fails. It restores exhausted and broken-down vitality. It cures all the ailments of the urinary system. It is the best medicine ever sold. It is sold in all drug stores.

The vessel will be practically new when she comes out. Prof. Charles C. Root and wife arrived in the city last Friday evening. Mr. Root has met a number of our citizens thus far, and from indications, will as superintendent of the public schools, be eminently successful. As all signs have been removed from the front of the saloons in accordance with the new laws governing the traffic, it will now be a hard task for cops to distinguish a thirt-parter from a millinery store, and mistakes will no doubt be made for a time at least.
