## A PARTIAL PROGRAM

Pythians Perfecting Program for League Meeting.

EVERY DAY A BUSY ONE.

An All Rail Trip to the Big Spring is on the Program.

The committee on program and entertainment for the forthcoming meeting of the Upper Peninsula Pythian League, have decided in part, as to the summer in which the visitors shall be entertained during their stay here. There will be no annual moment during the session if the plans as outlined are followed.

The visitors will be entertained at a smoker and reception Monday evening. Tuesday will be devoted exclusively to business. During Wednesday, the 14th visitors will be given an auto ride to Indian Lake. In the evening a party will be given in the convention hall. The party will be preceded by a procession. The streets are to be illuminated for the occasion, and speeches will be given in connection with this feature of the program. Thursday forenoon will be devoted to business and at one o'clock the visitors and the members of the fraternity will make an all night trip to the "big spring," where they will have an opportunity of seeing one of the most wonderful works of nature in the world.

The "Dakota" Shrine of the Pythian Fraternity, will initiate a number of candidates Thursday evening. As they utilize a card of "instruments of torture," in giving this work it is safe to venture that there will be something doing on the evening in question. A number of our merchants are making elaborate plans for decorating their places of business and show windows. This is the proper spirit and one worthy of emulation.

## MADE A BIG DEAL

Fred Cooper Nets \$42,000 on Timber Deal in the West.

Mr. Fred Cooper, a former resident of this county, but at present located at Postville, Ore., was the friend here that has recently disposed of timber holdings in that state at a profit of \$42,000. W. W. Parker owned a tract which was included in the deal, upon which he realized a profit of about \$1,073. The timber was sold to Eau Claire, Wis., firm. Mr. Cooper's friends in this section are pleased to learn of his good fortune.

It is his intention to visit Manistique some time during the coming summer, but it is safe to say that this trip will not be made before the Jefferson-Johnson fight.

## IS IN COMMISSION

The Manistique Dairy Products Co. Has Placed Creamery in Operation

## LOOKS LIKE BUSY SEASON

Everything Running Smoothly and Butter of Excellent Quality Manufactured.

The Manistique Dairy Products Co., has placed its creamery in operation and the first butter of the season was made yesterday. All indications point to a very successful year for the company as the facilities for Manistique have been thoroughly canvassed and contracts made that will insure the steady and remunerative operation of the plant. Manager Goodwin is well pleased with the quality of butter made this week and that the company will have a greater demand for its products than it can supply. In a foregoing conclusion, Mr. Goodwin is of the opinion of necessity, which by the way, is an abundant trait, about a creamery, and when you purchase the Manistique brand you know that you are getting the best.

## Go To Pickford.

Prof. and Mrs. J. L. Barnhart, who for a number of years have been in charge of the Eclectic schools, have accepted positions at Pickford for the coming year. Mr. Barnhart will have charge of the grammar department while Mrs. Barnhart will conduct the primary department. Both are first class teachers and are well known in Manistique. The Pioneer-Tribune wishes them success in their new location.

## Card of Thanks.

We desire to thank our friends and neighbors for their assistance and expressions of sympathy during the illness and burial of our beloved son. We appreciate the solicitude of all those who words can express. Mr. and Mrs. Edward Hogarty.

## A SANER FOURTH

American Humane Society Taking Initiative in Matter.

Throughout the length and breadth of the United States, sentiment leading to a saner observance of the Fourth of July is gaining, with great rapidity. Cities, towns and villages everywhere are adopting rigid ordinances prohibiting the use and sale of deadly and dangerous explosives to the young. In the creation of this sentiment the American Humane Education society, aided by the influential daily newspapers of the country, has been doing noble work. The statistics compiled by the society are appalling and are a convincing argument of the abolition of the noise making and death-dealing appliances deemed so necessary in celebrating the day made glorious by our forefathers.

In 1909 there were 215 boys and girls killed and 6,000 injured during the celebration of the Fourth. During the past seven years, 3,316 were injured and 24,000 wounded. In the list of the ten blackest states, Michigan appears in eighth place. It is not too late for the city council to pass an ordinance, that will be effective this year.

## HEARTY FAREWELL

Extended Peter Campbell by I. O. O. F. Wednesday.

## MANY ADDRESSES WERE MADE

Was Preceded with an Emblematic Ring Departure Regretted by Fraternity.

An impromptu farewell party was given Vice Grand Peter Campbell, by the members of I. O. O. F., lodge No. 356, last Wednesday after the Monday afternoon May 30th. The members were invited to the dining room where light refreshments were served. After cigars were lighted, District Deputy Grand Master, H. J. Neville, who acted as toastmaster, made an address in which he called attention to the invaluable service, and faithfulness of Brother Campbell, who was to leave for the west in the morning, where he intended to remain permanently. His comments were heartfelt, and deeply impressed the members present.

In closing, he presented Mr. Campbell with a valuable ring, emblematic of the order. Mr. Campbell voiced his deep appreciation of the gift and the spirit in which it was given. He testified at length the reasons that prompted him to make the change of location. The toastmaster called upon many others, and many were the expressions of regret uttered. The affair was closed with three hearty cheers for the departing brother.

During Mr. Campbell's membership in the order, he has been faithful in attendance, has taken a prominent part in the work of the various degrees, and at the present time is holding the office of vice grand. He is the sort of man who not only fraternizes or commends his friends to him, but also shows an interest in the best wishes of every member of the lodge. 353 accompany him to his new home, and should he ever return to Manistique, he will always find the latch string out and the welcome he shall receive will impress him with the fact that the tenets of the order have not been forgotten by his brethren.

## A HEAVY LOSS

Luke M. French's Barn in Germfash Township, Destroyed by Fire.

The barns on Luke M. French's farm in Germfash, were totally destroyed by fire last Sunday afternoon causing a loss of more than \$2,000 including a crop of lambs. It is thought that the fire was started by children playing with matches in the vicinity of one of the barns. Owing to the strong wind the flames leaked that the barns standing near, and both were, with their contents, totally consumed.

An employee was at the house at the time the fire was started, and by heroic efforts he saved horses valued at \$1,000.

## Mr. and Mrs. Hogarty Bereaved

John C., the eighth year old son of Mr. and Mrs. Edward Hogarty, died Saturday morning at 1009 of scarlet fever, as the result of scarlet fever. He had been ill for some time. Burial services were held Sunday afternoon. The sorrow bereaved parents have the sympathy of the community.

Young men of the 1310 graduating class should see Mr. Hart Schaffner & Marx Variety suits. Finest hand-tailored suits made. The new two and three button styles. A kind fit fits all. Suits made and ready to wear. Size in here. Over twenty different patterns black, blue, gray, tan, etc. \$18.00 to \$25.00. C. L. Co. store.

## DECORATION DAY.

It Should be Made a Rousing Event This Year.

## THE TIME IS VERY SHORT

To Prepare A Program for the Occasion that Means so Much to All.

Decoration day comes on Monday, May 30th, and the time is growing short for the making of plans for its observance. The veterans of the civil war are few, and they feel that it is asking too much of them to take the initiative in perfecting a program for this day if the public takes no interest. In the matter they will visit the cemetery and decorate the graves of their deceased comrades, approved for the fact that it is their duty to do honor their departed loved ones. The public owns an everlasting debt of gratitude to the veterans—living and dead—for the part they took and in no way can it show its appreciation better than by assisting in making the observance of Decoration day this year a memorable event in the history of the city. Instead of complaining the gray haired and feeble veterans to solicit funds for the celebration, and suffer themselves with the details incident thereto, why not treat them as honored guests?

Perhaps the Spanish-American war veteran can best take the initiative in the matter. Manistique sent sixty of its young men to the front in 1898 and many of these veterans are at present residents of the city. Should they make a move toward accepting the responsibility of its success, they will find the general public responsive.

Every fraternal order of the city, and the school children, accompanied by their teachers, should be in line Monday afternoon May 30th. Carriages should be provided for the veterans, and in every manner possible should they be made to feel that they enjoy the gratitude and respect of their beneficiaries. The participation of the children in the events of the day, will instill that patriotism, and respect, that short-sighted should shun.

The line of veterans will be shorter, or this time it was last year. Two of the participants of last year, are occupying their lovely months this year. In a few more years the last survivor of the war of 1861 will have passed away. Therefore we cannot honor them too highly. Let us all help to make this the last day of disservice in the history of the city.

## A FEASIBLE PLAN

A. M. Chesborough Plans to Colonize Portions of Schoolcraft County

## OWNS MUCH OF THOMPSON

Will Erect House and Barn of Each "Fort" and Offer Good Inducements to Settlers.

While at the Soo last week, Mr. A. M. Chesborough, of Toledo, who owns and operates a mill at Thompson, and also manages the interests of Thompson and other townships of the county, divulged a colonization scheme, which is unique and effective, and will be of inestimable benefit to the county as a whole.

In discussing the proposed colonization scheme by the St. Paul syndicate with The Soo News, Mr. Chesborough said he had planned to acquire land which he proposed carrying out effect on his lands near Thompson as soon as he had finished his lumbering operation there. He says that the land is well adapted for agricultural purposes and his idea is to erect a house and barn on every 40 or 80 acres. In this way, he says, he will have no trouble in disposing of every acre within a short time.

"A man of small means will be able to settle on these lands," said Mr. Chesborough, "and I do not intend that he shall pay a cent except to keep up the taxes for the first three or four years. By this time he will have sufficient land cleared so that he can afford to begin paying for the property, which I will sell for \$5 and \$6 an acre in addition to the original cost of the land. This plan, of course, means a considerable expense at the beginning, as a number of buildings would have to be erected, but I can do this cheaper than outsiders, as I have my own mill and lumber to start with." He said that Mr. Chesborough says that he has been studying this problem for some time and that he has no doubt that it will work out satisfactorily for himself and at the same time furnish a start to a good many people who otherwise could not get a farm of their own. He says that he stands to lose nothing, for if the land is not wanted after a year or so, the clearing and other improvements made by the occupants will be complete compensation for the war and cost of the buildings.

## FROM MR. DOWKER

Is Working in the State of Iowa at Present. Finds Business Good.

## SPEAKER SELECTED

The Graduating Sermon

Dean Reed of the Literary Dept. of the U. of M. Will Address Graduates

The Pioneer-Tribune editor received a letter from Mr. H. F. Dowker, and as his Manistique friends will be pleased to learn of his success, we reproduce a portion of same here: "The honor seems to think that I am making a howling success in the selling line, as I may come out on top yet, as it means a full membership for me inside of the next thirty days. By the way, I have been in the state about thirty days, starting in at Cedar Rapids, which is a "wet" city, and this is the only "wet" city I have struck since, and reached here Thursday. I saw the first church in the state. There are more whiskey drunk in a dry community than in a wet one, and it is a falsehood. There is more and better business in this state than anywhere I know of. Farmers by the score are buying automobiles, and they all have bank accounts. There is not a hamlet or burg having 100 to 500 people but that has, from one to two banks.

## BUSINESS COLLEGE

Manistique Has Institution That is Doing Commendable Work

## A FULL BUSINESS COURSE

Can be Secured at Least Possible Cost. Prof. Gist Good Teacher and Has Had Much Experience.

Manistique is just realizing the fact that it has, in the Manistique Business college, one of the best institutions of the kind in the state of Michigan. Prof. Gist, who is its conducting same, has had many years experience in this sort of work, and the manner in which his pupils are acquiring themselves a credit to him and the institution of which he is the founder and proprietor. Through it our young people are given the opportunity of a metropolitan business college, at a minimum cost. Board is usually the largest item of expense when one attends school away from home. This item is eliminated by attending the home institution. Then, too, the rates of tuition are very reasonable. Night sessions are held for the convenience of those who are compelled to work during the day.

## HON. A. MCEACHERN

Will Enter the Race for Legislative Honors Against Representative W. R. Burns.

Hon. A. McEachern of Gould City was in the city Tuesday and announced that he is in the race for the office of representative of the Schoolcraft district, subject to the decision of the primaries to be held in September. It has been known for some time that Mr. McEachern was contemplating entering the race, yet he made no definite announcement until last week. Hon. W. R. Burns of Manistique, who represented this district during the last term of the legislature, has also announced his candidacy for a second term, and will have the untold support of his county. In keeping with the political history of the district he is not to be given a second term without a stiff fight. This district has the unique record of never having returned a representative for a second consecutive term, and it remains to be seen whether Mr. Burns will be able to break the hoodoo that has always followed first termers in this district.

Mr. McEachern represented the district in the legislature of 1905 and therefore enters the fight on an equal footing with his opponent. During the time he was in office he served the district in a very creditable manner and was one of the influential members of the house.

Mr. McEachern has large business interests in Mackinac and Schoolcraft counties and is considered one of the most prosperous and influential citizens of his section. Aside from receiving his full support of his home county, Mr. McEachern it is said, will have a strong following in Schoolcraft county, and has given reason to feel encouraged at the outlook.

Mackinac and Alger counties cost approximately the same number of votes and will doubtless accord their candidates an equitable vote. The issue will therefore be fought in Louisa and Schoolcraft counties, and it will be interesting to watch the outcome.—Newbury News.

Beautiful new stock of commencement gifts just arrived, fans, hat pins, collar pins, back combs, rollers, hairpins, hair brushes, etc. etc. C. L. Co. store.

## SPEAKER SELECTED

Dean Reed of the Literary Dept. of the U. of M. Will Address Graduates

## THE GRADUATING SERMON

Will be Delivered by Dr. Schoemaker on Sunday Evening Preceding Graduation.

Prof. C. C. Root and the board of education were extremely fortunate in securing Prof. John O. Reed, dean of the literary department of the state university, to deliver the annual address before the graduating class this year. Prof. Reed was only able to secure him by perfecting plans whereby he would be enabled to speak at several other places in the peninsula. After much correspondence, Mr. Reed secured dates for Mr. Reed at Escanaba and Gladstone, thus making it possible for the people of Manistique to have an opportunity of hearing this gifted gentleman.

Dr. Schoemaker of the First Baptist church was selected by the graduating class to deliver the annual sermon to the class. This will be preached Sunday evening, June 13th, at the opera house, and the address of Dean Reed, will be given June 24th.

The remainder of the program for the week's exercises, were exclusively given in a previous issue of the Pioneer-Tribune.

## At The Star Theatre.

Those attending the Star theater last Saturday evening, were surprised to find the home talent act misrepresented as an outside vaudeville act. But the people who were managing the theatre were, it seems, contemplating a hurried get away, and were apparently to do their best to assure the people, that it was a great surprise to him as to others, for had he known that it was home talent, he never would have allowed it to be advertised otherwise. Home talent can be very pleasing if it is billed right.

Not that Mr. Stewart is managing the Star, he will make it a point to see that the patrons see the very best pictures and songs, and the vaudeville acts you can take your family to see on Friday and Saturday, the vaudeville attraction will be the Gay Minstrels in a novelty act pleasing to all. They change their act every night.

Thomas Clark, general manager of the Clark Wireless Telephone and Telegraph company, whose home is in Detroit and who was a Soo visitor last week is a bundle of enthusiasm. He bubbles over when talking of the Clark system of telegraphy but fairly boils when talking of Chase S. Osborn's candidacy for the governorship. According to Mr. Clark there is no other candidate for the governorship who has a pep in and he believes the Soo man will carry everything before him. Wayne county, he says will give Osborn a big majority, in fact, in the city "where life is worth living is all for him." Mr. Clark also claims the credit of being one of the numerous original Osborn men in Michigan. He says that at a press banquet held in Detroit over several years ago, at which time he gave an address on wireless telegraphy, he spoke of Osborn as the next governor of Michigan, and while at that time he believed this prediction would be fulfilled, he has not expended effort in a useless manner.

This week's advertisement of the First National bank reads of "loafers." It is so unique, and contains so much sound sense, that every reader of the Pioneer-Tribune should read it.

**Loafers**

These may be found in about every community. They are men who seem to have time for every thing but earning a living. They are not producers and add nothing to the value of property. As they never have any business with banks they do not interest us. There is, however, a lot of loafers in this community in whom we are interested. Many of them bear the legend, "In God We Trust." They are hidden in out-of-the-way places, pork barrels, old socks, but ticks, tin cans, etc. They are earning nothing for their owners, nor are they of the slightest benefit to the community. There are enough of those loafers in this community to run a mill if put to work. No farmer would keep a hired man around who did not work, and if all his hens stopped laying eggs and the cows refused to give any more milk, they would be "turned off." Let's get these dollar loafers busy. The best place to start them is at this bank. The owners may rest assured that they will be safe in our hands, but they will be put to work at once. If all the idle money in this section was at work all the time as it should be, the property of everyone in the county would be greatly increased in value thereby.

# SUITS COATS PANTS

If you buy your clothes here during this sale you are bound to save some money. You know we are a strictly one-price store consequently you positively save the difference between our regular prices and the cut sale price. No other store in Manitowish affords you a like opportunity for other stores do not pretend to get marked prices at any time. We guarantee you that for equal values our clothes are marked to sell from \$5 to \$10 less than elsewhere. The point we want to impress upon you is that a cut in prices from four to six dollars at our store means more than reductions of twice the amount in stores that do not profess to have ONE PRICE TO ALL.

We are having this great cut price sale right now at the beginning of the season when every man in town is thinking about purchasing a new Spring outfit. We do this to induce you, who have not been in the habit of trading here, to get acquainted with our high grade clothes. If we can induce you to try one of our suits and coats we feel certain you'll see the wisdom of trading here always.

Our new Clothing Department is now located in a spacious, bright, and well appointed room on the Second Floor, away from all other departments and this innovation meets with universal approval by men in general.

We think we have the largest, best and most up-to-date stock of clothing in town. A visit will convince you. We don't ask you to buy but to just come and let us show you around.

COMPARE OURS WITH OTHERS THEN DECIDE.

OFFICIAL COUNTY AND CITY PAPER

FRIDAY, MAY 20, 1910

**EDITORIAL COMMENT.**

When a cheap automobile is about a year old, the noise it makes should be prohibited by law.

There was a time, according to the Bible when the hairs of your head were all numbered, but that was before the age of "rats."

When a man's hands are full of wealth we like to see him use it for some purpose, instead of scheming, hawking and struggling for more.

The fool that persists in racking the neck, is lousy again. Twelve school children lost their lives at Wilkes-Barre, Pa., as the result of the foolish practice.

Manager Knox of the Osborn campaign committee says that Osborn will receive a majority of the votes before the straits, and that his big majority above the trails will be to the good. So mote it be.

Hon. A. McEachern of Gault City, was in the city Saturday. He visited a portion of the Schoolcraft district during the previous week, and reports that his candidacy is progressing in a very satisfactory manner.

Mr. G. T. Werline of Menominee county, is a candidate for congress of this district, subject to the democratic primaries. He will quite likely be given the honor for all the candidate will get out of it is the doubtful honor of having been a candidate.

A gentleman who has looked up Mr. Kerr's record as a member of the state legislature finds little therein which reassures him that Hon. Angus would prove a change for the better as representative of the twelfth congressional district in the national house of representatives.—Manistique News.

Menominee K. of P.'s are coming to the meeting of the lodge which will be held in this city next month. In full force, with the determination to succeed on the 1911 meeting. They have also decided to send a delegate team to this city to participate in the competitive drill. The team is handicapped by the loss of four members who have left the city.

At Escanaba the rival auto agents have become so warm under the collar concerning the merits of their machines that one has put up a forfeit of \$3,000 that his machine can traverse the round trip, between Escanaba and Green Bay more quickly than his rival. Here in Manistique the hills east of town are used to test the merits of machines. The one that can climb the hills, with a full load on high speed, is considered the best.

At Onaway last week, two manufacturing plants paid its employees \$18,000. Owing to the fact that the thirteen saloons of the town had been voted out of business, the men receiving the money above mentioned, indulged legitimate business interests by thronging the dry goods, clothing and grocery stores, and spending the bulk of the money with the merchants instead of shoveling it over the bar. When business men tumble to the fact that every saloon is a competitor to legitimate business then fewer merchants will insist upon the local option idea. "Veiling for the saloon, upon their part, is really equal to driving prospective customers out of the store, for the money would be spent in the stores, were the saloons not out.

If living is too high let us reduce the price. That is the only thing to do. You can figure out for yourself how to do this. But if you can't, do it yourself, do not expect congress to do it for you. Congress is far less powerful in the matter than you are individually. If you continue to insist upon the highest priced meats and jobs of them, if you pay thirty cents for strawberries and thirty cents a pound for asparagus, living will continue to be high with you, and congress can't help you. We are beginning to become socialistic, and to demand that the government cure the ills that we bring upon ourselves. Congress cannot help you from squandering your money, when on a dinner table or picture table. Aside from that, the necessities and most of the luxuries are comparatively cheap now—much cheaper than labor. There is more money being made and saved now than there ever was before in the history of the country, and the big earners are not making it all by a long shot.

**EDITORIAL COMMENT.**

Some men are like the moon. They are never real bright unless they are full.

Stand up for your own brand of politics, but be tolerant to the man that don't see it your way.

The Philistine says: "If you can neither fly or climb, don't be discouraged; perhaps you can kick."

People have good memories. They never forget the good they do, the wrongs that are done them, nor the faults of their enemies.

A southern editor denounced dancing as heinous and as a result was run out of the city after being compelled to cut that section of the paper containing the item in question.

From present indications, Hon. A. McEachern will receive a good majority of the votes cast at the primaries held in this county. He is certain of Mackinac by a big majority, and has an influential following in Lake county.

Gladstone's "white elephant," the Hawaiian Inn, has been abandoned permanently, will be torn down, and the land upon which it stands will be converted into building lots. "As bad, for the Inn was one of the handsomest hotels in the upper peninsula.

There is a movement on foot to establish a Y. M. C. A. building at Escanaba. When will Manistique become sufficiently interested in its young men, to give them some other place in which to spend their evenings aside from the billiard halls and saloons?

The Merchant's & Manufacturer's association of Detroit, evidently does not care ainker's dam for Manistique, for our city does not appear in the itinerary of the association, which will make a tour of the peninsula shortly. It has made several trips into the peninsula in the past, but has never honored Manistique with a call.

It is estimated that ten billion sticks are spent for soft drinks annually in the United States. The amount when reduced to dollars equals \$500,000,000. It is more than three times as much as the output of automobiles, and would pay the debts of all the churches in the country four times over, and if spent for evangelistic effort, would christianize the world in two years. A nickel seems like a trifle, but when trillions are massed they make a stupendous showing.

It is a beautiful custom to honor motherhood, and the idea of setting aside one day in the year, in honoring and remembering the one that gave you birth, is a step in the right direction, but she should be honored every day in the year. What "Mother" really needs a more kindness and sympathy while she is alive, and less floundering about her after she is dead. Few, if any give their mothers the honor due her. She places every one of her children under a debt of obligation that none can repay were they to live a thousand years. There is another way of honoring Mother's Day that bears wearing a carnation one year all halows. If you treat "Mother" with respect, kindness and consideration, and if you, as she grows older, honor her little whims and cheerfully and good naturedly play with the unreasoning spirit which often accompanies old age, you won't need to wear a white carnation in her honor while she is living. On the other hand, if you have failed in your duty to her, wearing a carnation will help nobody but the florist.

**COULD HE EXPECT ANYTHING ELSE?**

An Englishman, sent over to the United States to investigate lands in Wyoming, filled up on noon whiskey, and devoted some time upon the streets of one of the cities of that state, cursing passersby. Later he abused Americans in general, and made insulting remarks about the American flag. As a result the irate citizens took him in charge and escorted him to the depot, the local band playing "Yankee Doodle." At the depot he was rotten-egged for half an hour, and was then bundled on a freight train, and forced to leave the town. Now he is going to have the government take a hand in the matter.

**DREAMS THAT CAME TRUE.**

We read with quickening emotions the report between husband and wife indicated by the dream in which Aeronaut Forbes' wife saw him suddenly fall from the sky, and the dream in which Queen Alexandra foresaw the death of her royal spouse. These show how keenly solicitous the wife is for the husband exposed to danger, but, if these mournfully few coincidences were all that the world had for a sign of wifely solicitude, this were indeed a barren world. Countless wives nightly see in their troubled sleep a calamitous fate for the husbands so nearly a part of themselves. But the fate, impending only in the imagination of those whom functional distress makes victims of sub-conscious thought seldom arrives. It is one of the most ridiculous things in all natural phenomena, one of the most phenomena, one of the most inexplicable, this rarity of a coincidence. Countless fates are dreamed of, and but a few of these ever coincide with reality. Thus, while the troubled sleep of the neocognat's wife and of England's queen indicated what was most precious in their waking thoughts, we need no such spectacularly coincidences to prove to us that wives fondly follow the daily fortunes of their husbands.

**THE REPRESENTATIVE SITUATION.**

In the Michigan state legislature, as in every other lawmaking body, the rule, which rare exceptions serve only to prove, is that a first termer, say as he may, is usually able to accomplish very little for his district.

A first termers' influence is limited because his unfamiliarity with parliamentary practice and legislative procedure are taken for granted when committee appointments are made.

Furthermore at the outset and until the term is well advanced a new member of the legislature, unless extraordinary endowed with those extremely rare qualities that enables a man to achieve immediate success as a "good mixer," has not won the friendship of a sufficient number of his colleagues to insure for his measure—meritorious though they may be—that support which they must have to insure favorable consideration.

For these and other reasons the News maintains that Hon. W. E. Burns of Manistique should be nominated and elected this year to succeed himself as representative in the state legislature from Schoolcraft district.

A glance at Representative Burns' record in the last legislature shows he voted for the popular measure demanded by the people of the state and that he always stood by bills affecting the interests of the Upper Peninsula.—Manistique News.

DEPARTMENT OF INTERIOR  
U. S. Land Office at Marquette, Michigan April 11, 1910.

Notice is hereby given that Ephraim E. Squires of Thompson, Michigan, who on July 30, 1904, made Homestead Entry No. 1-1454, Serial No. 010668, for 2 of sec 1, sec 2 of nw 1 and nw 2 of s 1 section 18, township 33 north, range 17 west, Michigan Meridian, has filed notice of intention to make Final Five Year Proof, to establish claim to the land above described, before the Clerk of the Circuit Court of Schoolcraft County, at Manistique, Michigan, on the 27th day of May, 1910.

Claimant names his witnesses: Hiram G. Squires, Frederick J. Garrison, Elmer Ellsworth, of Ansel, Michigan; Eugene Johnson, of Thompson Michigan.

**Mortgage Sale.**

Default having been made in the condition of a mortgage executed the 2nd day of April, 1907, by Samuel T. Ford, and Elizabeth Ford, his wife, to Andrew A. McCerrow, and recorded the 11th day of December, 1907, in Liber 7 of Mortgages, on page 473 in the office of the Registrar of Deeds of Schoolcraft County, Michigan, on which mortgage there is now due Three Hundred and Twenty One (321.00) dollars of principal and interest, the fourth sum of Eight Dollars and thirty cents (88.30) taxes for the year 1907, paid by the mortgagor for the protection of his life, and an Attorney fee of Twenty-Five Dollars (\$25.00) provided for in said mortgage, and no suit or equity having been instituted to receive same or any part thereof.

Notice is hereby given that the said mortgage will be foreclosed by a public auction sale of the mortgage premises to satisfy the amount due and the cost of this proceeding, including said Attorney fee, on the 2nd day of July, A. D. 1910, at 10 o'clock in the forenoon of said day, at the front door of the court house in the city of Manistique, Schoolcraft county, Michigan, that being the place of holding the Circuit Court in said county, said premises being located in Schoolcraft county, and State of Michigan, and described as the northeast quarter of the north-west quarter of section five (5) in town forty three (43) north of range thirteen (13) containing forty (40) acres, more or less.

Dated April 7th, 1910.

## HERE IS THE PROOF

That the best body-building and strengthening tonic for

# Delicate Children

## is

# Vinol

"My 10 year old daughter was weak, pale, and had no appetite. I gave her Vinol, and she began to thrive at once. She gained weight in weight, color, and strength." — Mrs. W. H. Gilmore, Dorset, Mich.

"My two children, who were puny and frail, rapidly gained flesh and strength when I began giving them Vinol. I purchased Vinol as a special tonic for delicate children." — Mrs. C. L. New Bedford, Mass.

Vinol builds up healthy flesh and makes this little limbs round and plump. Children love to take it.

We return people's money without question if Vinol does not accomplish all we claim for it. Try it, please.

## COMES OUT FOR CHASE S. OSBORN

James H. Kinnane, Prominent Republican, Says So Man Would Make Excellent Governor.

James H. Kinnane, one of the real powers in Cass, in fact, some say he is the "real" power in Republican circles, has come out strongly for Chase S. Osborn for governor.

In an interview with the Gazette of this city, Senator Kinnane says: "I am for Chase S. Osborn for governor, and I believe he will be nominated in the primary next September. He will have a large support in my county, notwithstanding the fact that Hon. Patrick H. Kelley is popular and well known here. I have for years esteemed Mr. Kelley as a personal friend and believe him to be an honorable man, who would, if elected governor, at all events try to do right. But there is something beyond the mere matter of men or personalities. There is a disposition beyond the rank and file of Republicans in Michigan which is in antagonism to the present state administration—Warmerin, if you please.

"Mr. Kelley must inevitably inherit something of this antagonism, even as he has at his back the active support of the whole administration. The principle which underlies this feeling is much like that which has infected federal politics and is known by the term 'insurgency.' The state administration of the late governor is fairly subject to considerable criticism and there is a spontaneous demand amongst the people for the elimination from the Republican politics of the state of candidates which lie at the foundation of this criticism.

"Viewing the situation this way, I should say Chase S. Osborn presents the solution. He is a man of broad, unimpaired, enlightened and courageous man. He would measure up to the highest tradition and ideals of Michigan's best history. Not only this, but his administration would be a progressive, pure and free from canals and close corporation matters.

If nominated, his election would be a steady assurance. If nominated in the primary, it will be by the free, untrammeled populace which make up the great rank and file of the Republican party, and are not in any immediate dependence upon the offices or favors, and will reflect in office the views and feelings of these."

Senator Kinnane served for two years under the Warmerin administration and he ought to know.

Commander Julius A. Rath, of No. 145 D'Esp. III, G.A.R.

Mr. Isaac Cook, Commander of above Post, Kewaukeo, Ill., writes: "For a long time I was bothered with backache and pains, across my kidneys. About two months ago I started taking Foley Kidney Pills and soon saw they were doing just as claimed. I kept on taking them and now I am free from backache and the painful bladder misery that has been my affliction. I like Foley Kidney Pills so well that I have told many of my friends and comrades about them and will recommend them as a remedy for kidney trouble at any opportunity. For sale by E. N. Orr.

## SOD LINE AFTER SOUTH SHORE ROAD

### Rumored at Duluth That This Change is Impending, and Also That President Fitch Will Retire.

There is a persistent rumor going the rounds of Duluth railroad circles that the Soo line on the Duluth-South Shore road, which is now in the operations of the Duluth, South Shore & Atlantic railway will be taken over by the Soo line, says the Duluth Herald.

In connection with the rumor is an official report that W. F. Fitch, president and general manager of the South Shore, will step down from the active management of that road at the time next fall and retire from active railroad life.

Efforts have been made to confirm this rumor at the Duluth office of the South Shore, but without success. Nobody here apparently knows whether there is any truth to the story or not.

Mr. Fitch, in addition to being president and general manager of the South Shore, is also a heavy stockholder in the company. The South Shore, as it is commonly called, here, is a subsidiary company of the Canadian Pacific.

It is equally well known that the Soo is also a subsidiary company of the Canadian Pacific system.

The Soo and the Canadian Pacific companies, aside from following the broad general policy of the Canadian Pacific, are operated as independent lines. While the Wisconsin Central was absorbed by the Soo and became the Chicago division of the Soo, it was generally predicted here that the South Shore would also be taken under the management of the Soo and the road operated by the officials of the Soo.

The rumor is again current, although there has been no official confirmation of the rumor. It is stated that the increased activities of the Canadian Northern in the head of the lakes district, and the even more ambitious plans of that company for the Duluth district for the future, will hasten the construction of the Soo short line to Winnipeg, via Tule River Falls, giving this city another short line to the Soo, and will also result in the increasing of the facilities of the South Shore as a common carrier between Duluth and Eastern Canada.

## A BIG LOSS.

Lake Superior Iron & Chemical Co., Losses Well Valued at \$50,000.

A small blaze which started near McMillan, Sunday, fanned by a brisk northwest wind, swept through the outcrops of the Lake Superior Iron & Chemical company, destroying twenty thousands of cords of wood and entailing a financial loss of \$50,000, says the News.

The fire was kindled by the Danaher people and the iron company were reentering it for what coal wood remained. The old outcrops were dry as tinder and the fire swept through them like a race horse. The entire crew of wood choppers and every available man was pressed into service but practically nothing could be done to check the progress of the flames.

The furnace company has had a crew of choppers at work on this tract for a year past, and it is estimated that fully 60,000 cords of wood is piled in the brush and slash, and it is almost a miracle that it was not all burned. The headquarters camp of the company has just been moved from the north of Newberry to their new location and only a few loads of wood have been taken out. The fire is supposed to have started from a spark from a locomotive.

## A Regular Tom Boy.

was Susie—climbing trees and fences, jumping ditches, whistling, always getting scratches, cuts, sprains, bruises, bumps, lacerations. But laws! Her mother just applied Bucklen's Arnica Salve and cured her quick. Heals everything horrible—Cuts, Burns, Eczema, Old Sores, Corns or Fles. Try it. 25c at E. N. Orr's drug store.

## Grasshoppers Appear Already.

Young grasshoppers have already put in an appearance and promise, as L. M. Geismar, of the Upper Peninsula Experimental station predicted last fall, will be the case this year. Farmers and dairymen expect not much pasture and very little hay this season. The cold nights and dry days of the past week or so have been hard on pastures and meadows. "Farsighted dairymen," a farmer remarks, "will grow large quantities of corn and soy, which grow so heavy that he hopes cannot damage them to speak of."

## For More Than Three Decades

Foley's Honey and Tar has been the household favorite for all ailments of the throat, chest and lungs. For infants and children it is best and safest as it contains no opiates and no harmful drugs. None genuine but Foley's Honey and Tar in the yellow package. For sale by E. N. Orr.

## Enlightened the Public.

"It" informed the public last Friday evening that Manistique's population was 5,180. When the authorities at Washington reveal the exact figures the people will know whether or not we were correct in our estimate. She also said, in answer to a query as to who set fire to the brewery that an innocent man was serving time for the deed, and that a very innocent man would be tried for the crime. She described the perpetrator of the deed as being a tall slender man, with smooth face, and that he set fire to the building in a spirit of revenge; that he had been in the employ of the brewery, and had a difference with the manager; that he was living in another town in the vicinity. She also took a full out of the principal witness of the prosecution, and said that he had lied when giving his testimony. Her remarks were cheered by the audience.

# OSHKOSH

## 5,000 Men Wanted

### Steady Employment Good Wages

A wonderful opportunity for you to secure better wages. The City of Oshkosh has entered upon a period of growth that is phenomenal. Workmen in all lines can find immediate employment.

Oshkosh is the city of great opportunities for the workman today. You can find employment there at once. The great industries, having in Oshkosh, the rapid expansion of the present factories, the great increase in building operations, offer employment to all classes of labor. Oshkosh has now over 300 prosperous manufacturing concerns. Every one of them is a nest of money bees. Conditions are such that they must rapidly train unskilled labor into skilled help to care for increased production. This means quick advancement—higher wages. For a man with a family the situation offers unusual advantages. He can not only find employment for himself but also for his sons and daughter. The country is splendidly worked on their own home. Churches of all denominations are thriving—schools are the best—stores carry large and complete stocks of all commodities supplied from local wholesale houses which equal those of the largest cities. Better and more property reasonable now but will rapidly increase in value. Splendid street service reaches all parts of the city—street fare distribution—trams—conducing—trams—grocery—meats—clothing—muslin—underwear—boilers—boxes—brass—wagons—cigars—cigar boxes—excelsior—kitchen cabinets—stove and extension stoves—trugs—saw-mills—saw-tires—washing machines—vases—

heart of one of the finest agricultural districts in the world. It is a country seat. Within a radius of 50 miles there are 200,000 people. Its manufacturing industries ship their products all over the world. It is the home of the largest match factory—the largest sash, door and blind factory—the center of hardware and window door production. Shipping facilities are excellent, via lake or rail. Oshkosh is famous as a summer resort. People come from all over the country to spend their summer here. Its shady, parklike streets, handsome public buildings, comfortable homes, splendid police and fire departments, excellent gas and electric lighting systems, make it at once a safe, pleasant and economical place to live. It is the place of amusement both outdoor and indoor—good theaters and short, easy, inexpensive trips up the lake or into the country.

If you are dissatisfied with your present way of living—if you are not getting all out of life you feel you ought to try—you are under paid and find it hard to get along—hard to keep the family happy and comfortable—if you are an earnest, thinking man with an eye on the future, and a keen appreciation of the need and opportunity of the present, we urge you to come to Oshkosh. If you are looking for a place where you can have a steady, pleasant, profitable work all the year round in industry, or in a business, or in a profession, or in a service, or in a trade, you ought to come to Oshkosh at once or write us for particulars in regard to what Oshkosh offers you. ## German Notes

Fresh lines of fruits at Campbell's. Clears sold at Campbell's store are the best.

Rev. Collister was at Curtis one day last week.

Irene McDonnell is clerking in J. I. Bellare's store.

Mr. and Mrs. Holbrook were over from Lakeland on Sunday.

Alex MacKinn returned home from Portland, Ore., on Tuesday.

L. M. French and Dr. Campbell was at Manistique on Saturday.

Dr. Waggoner, the dentist of Newberry, who has been here doing dental work for some time, returned to Newberry on Saturday.

The three day old baby of William Topper died on Sunday. Funeral services were conducted at the home on Monday by Rev. T. Collister. The parents have our sympathy.

Mr. A. S. Daneau was unfortunately enough to lose his house and barn located on his homestead by fire about two weeks ago. Mr. Daneau was not there at the time and does not know how the fire originated.

Rev. T. Collister has completed the census enumeration in his district. The district was a large one, with people being within four miles of Seney and going south to the light house, made it scattered territory.

The barn of L. M. French located on his farm was destroyed by fire on Sunday afternoon. How the fire started is unknown. It was first seen in a pile of straw. Every effort was made to save the building, but the wind was blowing and it was impossible. Had the wind been a little more from the east the dwelling house would also have been burned.

Only for the prompt action of Arsen Hodgins without a doubt, the barn belonging to Mrs. Holbrook would have went up in flames on Sunday. Fires were started in the brush south of the barn, and a spark dropped in some dry straw by the building. The wood was beginning to burn when Mr. Hodgins rushed the scene.

## Edwards' District

Mrs. A. Wood is on the sick list. Jacob Edwards was in the city Saturday last week.

Mrs. A. Hamilton was on the sick list Monday of this week.

Wm. Constance moved to White Lake Tuesday of this week.

Wm. Wood went to Genafsky Saturday and returned home Saturday evening, May 20th.

A flower drill will be held at Wood's school Saturday, for the grape.

We are sorry to hear that Mr. French lost his barn and farming implements.

## Business College Notes.

Mr. Harvey Saunders, Mr. Price Trueman, Andrew Pete, Julius Forst, Miss Mary Barrow, Bessie Miller and Mary Kendall recently entered the college.

Earl Huska is out of school this week, taking the school census at Thompson.

Mr. Merton Miller is out for a short time as assistant in sealing lamb skin.

Miss Hart is getting along nicely at the Probate Judge's office.

Our advance class in shorthand is now taking 275 words per minute familiar matter.

Any young man or woman would do well to spend his spare time at the Business College.

Don't forget the summer school.

## Appetite Gone

Indigestion is the Cause of it. Get Rid of it.

People go on suffering from little stomach troubles for years and imagining they have a serious disease. They over eat or over drink and force on the stomach a lot of extra work.

But they never think that the stomach needs extra help to extra work.

If these people would take a Mion's tablet with or after meals it would be a great big help to the stomach in its strain of overwork.

Mion's is guaranteed by A. S. Putnam to cure indigestion or any stomach disease or money back.

Mion's for belching of gas.

Mion's for distress after eating.

Mion's for full breath.

Mion's for biliousness.

Mion's to wake up the liver.

Mion's for heartburn.

Mion's for sick headache.

Mion's for nervous dyspepsia.

Mion's after a banquet.

Mion's for vomiting of pregnancy.

Mion's for car or sea sickness.

Fifty cents a large box at leading dealers everywhere and at A. S. Putnam's drug store.

Booth's Pills cure constipation—25 cents.

## Graham Brevities

Mr. Straesser who was ill last week has recovered.

The children of Mr. Will Brown, are on the sick list.

Grange meeting Saturday evening, lunch will be served.

A much needed rain visited this locality last Tuesday.

What has become of the Little Harbor correspondent?

James Straesser returned home from Detroit last week.

Rumors is that one of our boys is going to indulge in an automobile.

Dr. Ross was called to see the little son of Mr. Fred Bury's last Monday.

Mrs. Charles Mathews returned home from Drummond Island last Wednesday.

Mr. Wm. Brown went up the East end last Wednesday morning to visit his daughter.

Glad to hear that Mrs. John Crishton, who was on the sick list a few days last week has recovered.

### No Damage Done.

More "hot air" was expended in discussing the probable result of the swish of the comet's tail upon the earth, than that comet could contain more than its estimated size. All we know about its visitation is what the astronomers say. There was an utter absence of anything out of the ordinary during the passage of the earth through the much feared but harmless caudal appendage of the heavenly visitor made famous by Halley. The people that survived the ordeal can tell future generations that they remember the memorable visitation, and when seventy-five years have rolled by, and the people then living, will no doubt meet the ordeal with the same equanimity that possessed so many people during the past week. One thing is certain, however, that few alive today will be in a position

**FROM GRAND CHANCELLOR.**

Issues an Announcement Concerning K. of P. League.

Grand Chancellor Wetmore has issued the following letter to the subordinate lodges of the upper peninsula: Brothers—

The annual meeting of the Upper Peninsula League will be held this

year at the city of Manistique on June 7th to 10th. This is the most important Pythian event of the year to the lodges in the Upper Peninsula and is also a matter of great importance to the Grand Lodge. The meeting of the League will be considered one of the district meetings which were authorized by the Grand Lodge at its last convention, and the Grand Chancellor and other Grand Lodge officers will be in attendance.

The annual third rank convention will take place during the meeting, and will be participated in by a large number of lodges. A fine line of entertainment will be provided by the Manistique brothers, and every lodge in the Upper Peninsula should be represented by a large delegation. Full particulars will be furnished by the officers of the League.

A special Grand Lodge convention to confer the Grand Lodge degree will be held on June 7th in connection with the League meeting, and will if necessary continue during the four days of the meeting. All Past Grand Chancellors, who have not received the same at this time, upon furnishing proper credentials, as provided in section 52 of the Grand Statutes. These credentials may be filed with the Grand Chancellor or Grand Keeper of Records and Seal at the time of the special meeting.

I shall hope to have the pleasure of meeting a large number of upper peninsula brothers at this gathering, and I know that it will be an occasion that is worth while.

Praternally yours  
Prof. G. Wetmore,  
Grand Chancellor.

### ON SCHOOL BOARD; THINKS EARTH FLAT

Calhoun County Village Member Found Woefully Ignorant by Map Agent.

A representative of a Chicago firm which sells maps, claims to have found the most ignorant man in the world, and a member of a school board at that. He came to Marshall and drove to a school in a neighboring village. He had an apparatus showing the course of the world and other planets around the sun. He was able to find but one member of the board at home, but to this one he showed the apparatus.

The member was entirely unaware of the fact that the world revolved around the sun, and he was quite sure that the world isn't round. The salesman was rather surprised but thought he was being "kidded."

The school director, however, became very earnest and rather than a row he finally left. He went to the principal of the school and the two went back to the school in a neighboring village time ensued, in which the principal was informed that if he did not want to lose his job he had better give up such nonsensical notions.

The principal afterward informed the salesman that he had a job to hold down and if the school director wanted him to believe the world flat he would just as soon believe that or anything else he wanted him to believe.

Dr. Geo. C. Hafford of Albion, who formerly resided here, writes the editor of the Pioneer-Tribune an interesting letter in remitting on a subscription account. He is one of the directors of the Universal Machine Co., which is placing a first class typesetting machine on the market. He also gives out the bit of news that his brother-in-law, Usalver, who is known in Manistique, has just been presented with twin boys. He closes with remarks to everybody and says that he was glad the Pioneer-Tribune was in favor of local option. "It is all right here but they do lie about our conditions."

Pyrotechnics will be a feature of the big K. of P. parade in this city during the session of the Pythian League. The committee on decorations, and with the assistance of some of the membership are sparing no pains or expense in making the decorations and spectacular features of the meeting a success. Manager Geo. of the Manistique Light & Power Co., has offered to place all lights used in illuminating the line of march without cost to the order. This spirit shows what the citizens of Manistique are willing to do toward making the event a success.

### CITY SCHOOL NOTES

Florence McNeil, Wallace MacNaughton, Wm. Montgomery—Editors John Durso has left school. Joseph Vassau has left school. John Norton left school last week. The kindergarten is now having all day sessions.

The janitor fumigated at the Lakeside school Monday.

The second and third grades are making flower books.

Thomas Orr has been absent from the first grade this week.

Miss Mildred Bolitho of Norway visited the schools Friday.

Alberta Forest has returned to school after an absence on account of illness.

Cassius Winkelman is absent from the sixth grade on account of quarantine.

Joe Pattinson of the ungraded room has finished eighth grade physiology and civics.

Miss Havlichek's children surprised her last Friday evening. Light refreshments were served.

Harold Helgren has been transferred to the ungraded room because of the time lost on account of quarantine.

Charles Fox, Nathan Goff and Sophie Halverson of the Central school have been absent during the past month.

Supt. Root received a letter from the superintendent of the Good Will farm at Houghton, thanking the teachers and children for their contributions.

George Stevens of Miss Havlichek's room is absent from school on account of an injury received Friday noon while returning home from school. He fell on the walk and a rusty nail inflicted a serious wound in his knee.

It is the prerogative of a newspaper to lend in the suggesting of schemes and enterprises for the betterment of a city or a people, and its province and duty is to urge these undertakings. That is what a good paper is for, this is one reason why the Pioneer-Tribune is so generously and so loyally supported. It isn't pleasing everybody, but it can truthfully say that it has more subscribers today than any other paper in the state, published in a county of equal population.

### THE BOYS WARNED

Chief Redecker Warns Young Men and Boys Who Loiter on Streets

As the above ordinance includes prosecuting on the streets and street corners, nights, parents are respectfully asked to cooperate with us to abate this evil.

**PAUL REDECKER**  
Chief of Police.

### WANTS COOPERATION OF ALL

Police Force, Given Orders to Arrest Violators of the Ordinance Governing Same.

As there has been several complaints filed with me in the past few weeks in regard to young men and boys loitering on the streets and street corners of the city and especially on the west side of the river, I respectfully call attention to parents and offenders to ordinance number 20 of the city of Manistique, part of which read as follows:

"All persons who shall make any improper noise, disturbance or riot, or shall use any indecent, insulting or immoral language, or be guilty of any indecent, insulting or immoral conduct in or upon any public street or elsewhere in the City of Manistique, shall be deemed a disorderly person, and upon conviction thereof, shall be punished by a fine of not more than \$50.00 and costs of prosecution, or by imprisonment in the common jail of Schoolcraft county or city prison of Manistique until payment of such fine and costs."

"Any person who shall annoy or molest, by words or by hurling or missile or otherwise annoy any person in any street or other public place, shall upon conviction thereof be punished by a fine of not more than \$30.00 and costs of prosecution."

### Railroad Supper.

The Athletic club of the high school will give a railroad supper this "evening" Friday evening of next week for the purpose of paying off the indebtedness incurred during the recent series of ball games. Supper will be served between the hours of 7 and 7:30 o'clock and it is hoped that the event will be largely attended.

The city fire department at a meeting held Monday evening, appropriated \$50.00 of its funds to members to whom the donation was very acceptable on account of illness. The amount was equally divided between Alex Richards and Ray Stone. The former's wife has been in a hospital for some time, while one of Mr. Stone's children must be taken to a hospital. This disposition of the funds is mentioned, for the simple fact that the public has generally patronized the dances given by the department in the past, and should know that excellent use the money is being put.

Beautiful sheer white goods for graduation dresses, French Lawn, Persian lawn, batiste, organdie, etc., from 25c to 60c per yard. C. L. McC. store.

### COMET A MYSTERY

Astronomers Assert That The Earth Has Not Passed Through Tail

ALL CALCULATIONS UPSET

A Spectacular Shower May Appear This Evening Shortly After Dark.

Shattering all scientific calculations and completely puzzling learned astronomers, who declare they made sure of the unprecedented phenomenon, with repeated observations here before day break yesterday, the glowing tail of Halley's comet appeared in the eastern sky yesterday at a time when the world's comet authorities had agreed it would be in the west, indicating that the earth did not pass through the diaphanous light band Wednesday night, as supposed.

Such eminent astronomers as Professor S. A. Mitchell of Columbia university of New York, Professor Edwin B. Frost, head of Yerkes observatory, and Professor Edward Barnhart of the University of Chicago, witnessed the startling fan of light in the east and all agreed that it was the comet's tail.

Professor Mitchell, Professor Frost and Professor Barnhart say that any one of the following three explanations may be right:

The curvature of the comet's tail, first discovered and noted by Professor Barnhart Tuesday night, may have developed to a wholly unexpected

degree while the head of the comet has passed the head of the earth on schedule.

Like Borelli's comet of 1903, Halley's comet may have ceased its tail making activity, cutting off the glowing tail that is now puzzling the scientists.

It is possible that all calculations are wrong and that the comet has not yet passed the earth.

As nearly as could be computed, the period of the appearance of the comet's tail in the east extended from 10:35 p. m. Wednesday to 3:20 a. m. Thursday. It was still plainly visible at that time, and the astronomers are confident the earth would have passed completely through the tail.

After leaving his telescope at day break, Professor Frost issued the following statement:

"Greater than all the theories and all the computations are the facts. And the fact is that the tail of Halley's comet has been appearing in the east in practically the same position as it appeared yesterday. There is no question about that. The tail which glowed from the horizon close to the Milky Way from before midnight until dawn has not yet been penetrated by the earth. That is a certainty. In addition it is also certain that there is no material diminution in the size of this tail as compared with the tail of the day before."

"We are confident that the calculations of the passage of the head between the sun and earth are correct. Unquestioned astronomical authorities who are working independently of each other in all parts of

the world, arrived at these calculations, which have been corrected in detail ever since the comet passed Venus on May 2.

"We are also confident that the head of the comet made the transit as planned on the schedule. But the mystery of the appearance of the tail in the east today is the great puzzle. It cannot be explained satisfactorily at this time."

### Social and Bazaar.

The ladies of St. Francis de Sales church will hold a bazaar and social at Castello hall next Tuesday. The afternoon will be devoted almost exclusively to the sale of fancy articles. Lunch will be served. In the evening, aside from the sale which will continue, a musical program will be rendered, and lunch served. The ladies have been making special efforts for this occasion and the bazaar should be liberally patronized.

### Increased Valuation.

The board of review of the city of Manistique, which completed its labors yesterday, ascertained that the total valuation of the city was \$1,576,801, which is an increase of \$29,315 as compared to last year. It is divided as follows: Real \$883,759; personal \$693,042.

The M. B. A. will give a dance and social at E. of P. hall Wednesday evening, June 1st. Admission 25 cents.

—Let us forget. Children's matinee at the Princess Saturday afternoon, 5c to children. And Buster Brown and Mary Jane will be there.
