MANISTIQUE, MICHIGAN, FRIDAY, JULY 29, 1910

PER YEAR \$1 50

THE ANNUAL SHOOT

Will be Held Under Auspices of Local Gun Club Aug. 14-15

MANY CLUBS TO PARTICIPATE

Also Expert Shots, Representing the Various Manufacturers of Arms and Ammunition.

The first annual tournament of the Manistique Gun club will be held at the grounds of the club Sunday and Monday, August 14th and 15th. It will be a registered shoot, and the Interstate association has granted a certificate, and Interstate association rules governing registered tournament will be in vogue.

A number of the gun clubs of the peninsula, have signified their intention of sending representatives and several expert shots representing manufacturers of arms and ammunition, will also be present to give exhibitions of fancy shooting.

The tournament will open at nine o'clock Sunday morning.

The following is the program for the tournament:

Sunday Aug. 14th.

Event No. 1, \$1.05, 15; No. 2, \$2.20, 20; No. 3, \$1.05, 15; No. 4, \$1.05, 15; No. 5, \$2.20, 20; No. 6, \$1.05, 15; Five men team shoot for the Young Solid Silver Cup, open to any gun club in the upper peninsula, each man to shoot at 50 targets. Entrance for team, \$2.50.

Monday, Aug. 15.

Event No. 1, \$2.20, 20; No. 2, \$1.05, 15; No. 3, \$1.05, 15; No. 4, \$1.05, 15; No. 5, \$2.20, 20; No. 6, \$1.05, 15.

Five dollars will be added to each event. Jack rabbit system will prevail. Sweepstakes if desired after each day's shoot.

Guns and ammunition as well as the participants in the tournament will be taken to and from the grounds free of charge.

That Congressman Young has so kindly donated a solid silver cup for the tournament, is highly appreciated by the members. His value makes it a desirable prize aside from the honor of winning it. The officers and members of the club are sparing no pains to make this a successful affair, and it is sincerely hoped that every club in the peninsula will send a team.

MILLION DOLLAR DEAL.

Retorts to be Erected at Lake Superior Iron & Chemical Co.'s Plants.

A million dollars has been appropriated for the construction of retort plants at the furnace plants of the Lake Superior Iron & Chemical Co., Manistique, Elk Rapids, Nuberby, Chocoma and Ashland. Modern methods have made the kiln method of manufacturing charcoal obsolete, owing to the waste of alcohol and acetate of lime, hence the new plants. Under the new method four gallons of alcohol to the wood cord are secured, and from nothing to 80 pounds of acetate of lime to the wood cord. With new retort plants installed the yield of alcohol and acetate of lime will be from 10 to 12 gallons to the wood cord, and from 180 to 220 pounds of acetate of lime. The revenue derived from the sale of alcohol and acetate of lime will exceed the value of the pig iron output.

HIS ADVANCEMENT RAPID

Mr. Gilroy now has Position in a Bank at the Soo.

Mr. W. D. Gilroy of this city, has accepted a position in the South Savings bank at the Soo, this week. His many friends here are pleased to learn of his advancement. In his rapid advancement there is a lesson that should be indelibly impressed on the minds of every young man. One would imagine that a promotion from a blacksmith shop to a bank within the space of a year, was an impossibility, but this is what Mr. Gilroy has accomplished. He received his business education through the Manistique Business College, and that education was thorough and that he worked hard, it is only necessary to again refer to his rapid advancement, in his own profession.

Prof. J. J. Gistac, of the college and Mr. Gilroy deserve hearty congratulation.

Again it has been forcibly demonstrated that a young man can accomplish much if he is made of the right sort of stuff and avails himself of the opportunities offered. The Manistique Business college has earned an enviable reputation during its life here, for many of its students have been placed in positions of trust, and it is more pleasing, they are making good, too.

MAYOR'S REPORT.

Was Favorably Impressed With Tar as Street Dressing.

TARVA IS A POOR MATERIAL

Oil Would Abate Dust Nuisance and Preserve the Streets.

Mayor Middlebrook submitted the following report relative to the final vote of the committee appointed to investigate the streets of Escanaba, Gladstone and Marquette, at the meeting of the council held Monday evening:

He said in part as follows:

We have made a careful investigation of streets in the cities of Escanaba, Gladstone and Marquette, and the following:

Escanaba uses for a binder on some of its streets a preparation called tarvis. This was spread on the streets, already made, hot, and was then treated with a coat of dust. We found that it had formed a skin of about one third of an inch in depth, and was breaking out in clumps, making a rough looking road and destroying the surface finish. They have built a new street with tarvis mixed with stone, which seems more satisfactory, three blocks of which, we were informed, cost \$1,000. Four committees would not recommend tarvis for our streets. Escanaba used dust, and found it necessary to the sprinkle street.

At Gladstone we found that they used road oil purchased from the Standard Oil Co. They seemed satisfied with this material and had a supply on hand to put on the street with the street sprinkler using about eight barrel to the block, said oil costing in the neighborhood of \$3.50 per barrel. It was not found necessary to sprinkle streets with the oil covering to keep the dust down. From what we learned of this product we are inclined to think that our imbedded macadam this oil would keep down the dust if applied in right manner. Paved out in yards, this material would cost about 1 and one third cent per square yard.

At Marquette we found that they used tar from the furnace with good results. Streets made with this material last season were in good shape. The tar was elastic and full of life. In making this road they built a water bound foundation of coarse stone, covered with No. 1 and dust and rolled

until road was solid and water tight. This road is made within two inches of grade. They then put 2 inches of No. 2 rock and roll. When rolled and road is dry they apply the tar heated to 300 to 350 degrees, letting it run in between the stone and bind the road. On top of the tar they put on a thin coat of dust and then roll.

This road we liked, and would recommend. We saw this road being made stone placed, rolled, and the tar spread.

We find that at Escanaba and Marquette they do not put down new streets until curbing and gutter is built.

We also visited the fire departments and found for floor covering they were using worn out horse cutting same lengthwise and taking it slow rubber side up. This made a soft runway for horses, and it has been shown four or five times.

We found that they were laying cement walks in Escanaba, Gladstone and Marquette for 9 cent per foot, property owners to pay all cost of walk, and the city doing the grading only. Marquette had their own cement men and built walks for 9 cent per foot for property owners. Should owners of lot be unable to pay for all of walk the city accepted one half of the price and allowed two years time on the balance. In the different cities we visited we found that at the corner block the name of the street were stamped in the cement walk. The work was neatly done and presented a fine appearance, at comparatively little expense, as one set of the alphabet was all that was required and the sign was permanent. We strongly recommend this manner of naming streets for your consideration.

We found that our sidewalks were kept in better repair and more uniform than most of those that we inspected, and that our macadam streets would compare very favorably with those of our neighbors.

The residents of the city of Thompson are now able to resume their regular avocations, and to go to bed at night with the knowledge that their homes are no longer in danger from fires. The recent rains have extinguished the forest fires in the vicinity of the city.

CONCERT A SUCCESS

The Lindgren Concert Was Artistic Success.

MR. M. E. GIPP PLEASED ALL

Is Considered Best Entertainment of the Kind Ever Essayed Here.

The concert given by Miss Hildur Lindgren at the Swedish Baptist church, Monday evening, was a success from every viewpoint. The attendance was large and every number of the program called forth an encore. Miss Lindgren was assisted by Mr. M. E. Gipp, tenor of Kalamazoo, Miss Mitchell, pianist and Mr. Geo. C. Gremey, accompanist.

Miss Lindgren is a favorite with Manistique audiences. She is a native of this city, and has always resided here. Scores of her friends have watched with admiration her upward progress in the musical art. The possessor of a sweet voice and much natural talent, she has, through her own effort, cultivated same, to such an extent that she is the peer of many that make greater pretensions in the concert line.

Every time she sings here an improvement is noticeable. On Monday evening, it is safe to say, she exceeded any previous efforts of hers in the concert line.

Mr. M. E. Gipp of Kalamazoo, who is connected with one of the big manufacturing industries of the "Celery City" and who has been taking musical training from one of the foremost musicians of the state, possesses a tenor voice of rare sweetness and power. He at once won the audience by his ability and pleasing personality, and it is hoped that he was so impressed by the cordiality of Manistique, that he may come again. He essayed difficult selections, and was compelled to double his program. Miss Mitchell is a pianist of ability. Her solo was enthusiastically received and she was compelled to respond.

The piano duo by Miss Mitchell and Mr. Gremey, especially pleased. While laboring under the difficulty of practically no opportunity for rehearsal owing to the belated arrival in the city of Mr. Gipp, Mr. Gremey, as accompanist, did exceedingly well, playing the difficult selections with the grace of an artist.

The concert question will go down in local annals as "the most enjoyable and artistic entertainments of the kind ever heard in the city."

THE COUNTY DOINGS

Compiled by a Corps of Wide-awake Correspondents.

Graham Brevities

W. W. Harrows has had the misfortune to lose about \$200 in value last week. The fire was in a shocking manner. A spark during the night ignited the ties with the unfortunate result.

Mr. Joe Vaughn was in the neighborhood on Tuesday.

Nearly everyone in this vicinity have subscribed for daily papers.

Miss Myrona Graham who was on the sick list a few days last week is better.

Mr. and Mrs. William Brown were visiting friends at Thompson several days last week.

Mr. and Mrs. Snow of the East road were visiting with Mr. and Mrs. Fred Graham Sunday.

Mrs. John Tennant of the Colony was calling on her daughter, Mrs. McCauley last Saturday.

Germfask Notes

Some of our farmers are harvesting grain.

Station Agent Gillico spent Sunday at Grand Marais.

Born to Mr. and Mrs. Alton, a daughter, both doing well.

The rain was welcomed by the farmers on Saturday and Sunday.

Board of Education holds meeting on Monday and transacted business.

Several of our farmers and stock-owners are busy cutting marsh hay.

Miss Wing has returned to Germfask and is employed by Dr. Campbell in the drug store.

At the present writing no teachers have been secured for the higher grades in the village school.

Rev. and Mrs. T. E. Callister returned last week from a ten day visit with friends at Ishpeming.

Mrs. James Corral returned from a three weeks' visit with relatives in lower Michigan, on Saturday.

Work was begun on the new cranery, the same labor built near the bridge crossing the river east of I. M. French's store.

We congratulate Marley Stauffer as being a successful candidate for a third grade teacher's certificate. Marley is prepared to teach when he secures a school.

Miss Carson, a trained nurse, from the upper peninsula hospital at Newberry, is taking care of Alberta Hodgins who has been very ill, but slowly regaining.

W. F. Cornell was elected on the school board in the place of Sam Burns. Mr. Cornell has been on the board for a term some years ago, and made an excellent member for the board, always anxious for the success of the schools in the township.

Those Pies of Boyhood.

How delicious were the pies of boyhood. No pie now ever taste so good. What's changed the pie? No. Its you. You've lost the strong, healthy stomach, the vigorous, the active kidneys, the regular bowels of boyhood. Your digestion is poor and you blame the food. What's needed? A complete toning up by Electric Bitters of all organs of digestion—Stomach, Liver, Kidneys, bowels—Try them. They'll restore your boyhood appetite and appreciation of food and fairly saturate your body with new health, strength, vigor. 50c at E. N. Orr's drug store.

Poley's Kidney Remedy will cure any case of kidney and bladder trouble, not to mention the reach of medicine. No medicine can do more. For sale by E. N. Orr & Co.

"Is Life Worth Saving?"

Mrs. Mollie McKenny, Frontice, Miss, writes that she had a severe case of kidney and bladder trouble, and that four bottles of Poley's Kidney Remedy cured her same and well. She shows her letter saying: "I heartily recommend Poley's Kidney Remedy to any sufferer of kidney disease. It saved my life. For sale by E. N. Orr & Co."

TO THE GRANDE MEMBERS.

Secretary Arrowood Gives Excellent Advice.

The meeting of Faith Pomona Grande July 29 will complete another quarter of grande history. Has it accomplished all we could wish for and have we done our part or have we waited for some one else to do it and do the work while we sit down in our easy rocking chair and close our eyes and fold our arms and do nothing about having a committee on a county fair? If we do all work in this manner we will never accomplish anything. Now let every Grande in the county take off his coat and roll up his sleeves and put his shoulder to the wheel and give our awful life, then you will see things move. But just so long as we wait for some one else to do the work just so long we will never accomplish anything. I am pleased to see the substantial growth that our magnificent Grande has made in the last quarter, especially we were pleased to see so many new members registered in the reports for the first time. This speaks well for our order. I am also proud that our own local Grande has lost none of its enthusiasm but on the other hand is progressing along Grande lines. Most of the Granges are in a prosperous condition. Everything looks favorable for a progressive Grande year. Patrons let us not be satisfied with present conditions but let us press forward to achieve greater results all along Grande lines. Let every subordinate Grande in the county send delegates to the county Grande to help along with the work for the betterment of our condition socially, morally, educationally and financially, not forgetting to be charitable to all.

Yours fraternally,
Robert Arrowood, Sec.

Would Help Some.

The patrons of R. D. No. 2, which reside in Hinawaha township, are in danger of losing the daily mail service, as the government requires that ascertain number of parcels must be delivered and received daily to insure the service. The farmers are making an effort to increase their mail as they have become accustomed to the convenience and would not be without the service. One way to increase the business would be the sending of a copy of the Pioneer-Tribune to every patron of the route. While we have a large number of subscribers on the R. D. routes, yet there are a few patrons that are not patrons of the Pioneer-Tribune. To all such the Pioneer-Tribune will be sent until the first of next January for fifty cents.

At the Princess Theatre.

Featuring the bill at the Princess Friday and Saturday is a Vitagraph production, "A Modern Cinderella." This is a modern society drama with a touch of the maricwand of up-to-date fairyland and is only one of the many Vitagraph productions that is making that make so popular. "Father and Mother" is a biblical drama, of the story of "Ester," beautifully staged and acted by some of the most competent artists in the business. Another number, "The Spanish Frontier" takes us on a tour along the Spanish frontier showing the picturesque towns of Puenentabla and San Sebastian. The band is well conceived and excellently played drama of musical merit, while "The Two Rattles" a clever comedy which will amuse the most lise theatregoer.

Probate Notice.

State of Michigan. The Probate Court for the county of Schoolcraft.

In a session of said Court, held at the Probate Office in the City of Manistique in said County, on the Twenty seventh day of July, A. D., 1910.

Present, Hon. Edmund Ahnsford, Judge of Probate in the matter of the estate of Thomas Olson, deceased.

L. O. Oien having filed in said court his final account as administrator of said estate, and his petition praying for the allowance thereof, it is ordered That the Twenty sixth day of August, A. D., 1910, at ten o'clock in the forenoon, at said Probate Office, be and is hereby appointed for examining and allowing said account; It is further ordered, that public notice thereof be given by publication of a copy of this order, for three successive weeks previous to said day of hearing, in the Manistique Pioneer-Tribune, a newspaper printed and circulated in said county.

Edmund Ahnsford, Judge of Probate.

BLIND CAN SEE AND DEAF HEAR

Eighteen Cures Reported at the Shrine of St. Anne.

Chicago, July 28.—A total of eighteen miraculous cures are reported as a result of the annual Novena just ended at the shrine of St. Anne in this city and at St. Anne, Ill.

It is said that people who came from twenty-seven states on crutches went home without them. The blind could see and the deaf could hear.

Leo Griffin, Eagle Grove, Ia., who has not been able to walk since childhood, due to spinal weakness, stood up straight in the new and then, according to his arithmetic, walked home, claiming a cure. Arthur Raymond, Republic, Mich., who has been deaf, claims to be retaining his hearing.

Several thousand persons attended, coming from as far west as California, and with their friends they visited the church daily during the Novena. Although a total of eighteen cures were reported to Father J. V. La Harre, pastor, since the pilgrimage began nine days ago they will be regarded from the public until probing substantiates them.

KILLED IN NOVEL MANNER

Five-Months-Old Child Strangled by Gecart Strap.

Washburn, Wis., July 28.—The five-months-old child of Mr. and Mrs. Sidney Dettie of this city, pinned in a gcart by the mother, had been left only a few moments, but when the mother returned she found the baby had strangled to death. The child, in reaching forward, had fallen across the strap in front of the cart, was unable to rise itself and the same had pressed upon the infant's wind pipe.

CLASSIFIED RAILROAD LANDS

Interior Department Takes Up Northern Pacific Grant.

Washington, July 28.—The classification of the mineral lands in Montana and Idaho which are within the grant to the Northern Pacific Railroad company will be begun by the interior department within a few days. Acting secretary of the interior has approved a cooperative agreement between the general land office and the geological survey by which the latter will take charge of the field work. The agreement will embrace about 500,000 acres of land. Congress appropriated \$50,000 for the work at the last session.

CHILD MEETS AWFUL DEATH

Out to Pieces by Harvest Operation by Father.

Fort Atkinson, Wis., July 28.—While Fritz Altrove was operating a grain harvester in the field his two-year-old baby girl wandered from her mother's watchful eye and got into the machine. Altrove's first knowledge that the child was near was when she screamed as the knives of the harvester cut her hair.

Before the machine was stopped and the little body extricated the child's left arm had been cut off and she had lost so much blood that her death resulted shortly after being taken to a hospital.

Low Birth Rate at Oyster Bay.

Oyster Bay, N. Y., July 28.—The government census commissioner is authority for the statement that the birth rate of Oyster Bay is only 5 per cent more than the death rate. Nearby localities make twice as good a showing. No reason can be assigned by the township officials for a falling off in births in Oyster Bay.

AT JOHANNES ANDERSON'S

THE CITY LOSES.

Judge Steere Decides that Liquor Ordinance is Defective.

IS OPPOSED TO STATUTES.

Council Decides not to Appeal From the Judge's Decision.

The validity of the ordinance placing an additional license of \$250.00 per annum on Manistique, which was brought to the notice of the circuit in the case of Redeker vs. Knox as a test case, has been decided against the city in a decision handed down by Judge Steere Monday of this week.

The ordinance in question was drawn up by Attorney J. C. Wood while occupying the position of city attorney, and was passed by the council. The liquor dealer decided not to pay the \$250 called for by the ordinance, and Patrick McNamara was arrested for the purpose of testing the validity of the ordinance. Judge Knox refused to issue the warrant against McNamara, as he deemed the ordinance defective. Chief of Police Redeker then applied to the circuit court for a mandamus to compel Knox to issue the warrant in question, for violation of the ordinance in question. The case was argued before Judge Steere at the recent term of court, and he took the case under advisement, and handed down his decision this week as follows above:

Knox refused to issue the warrant on the stated grounds:

1. "That the said ordinance contravenes the provisions of Sec. 14 of chapter 11, entitled 'General Powers of City Corporation, of the charter of the city of Manistique, in that it is an attempt to authorize the licensing of the sale of intoxicating liquors.'

2. "That said ordinance, in its application to the saloon in question, and the facts stated in relator's petition filed herein, requires of the keeper of said saloon the payment of a license fee for a period of one month beyond the time during he is authorized under the general laws of this state to conduct and carry on said business, namely, the month of May, 1911, and in such respect, contemplates the licensing of a business which may, during the period of said license, become lawful under the general statutes of this state."

In rendering his decision, Judge Steere said:

The city of Manistique is incorporated under the general law providing for the incorporation of cities of the fourth class.

Assuming to have authority under the subdivision 14 of Sec. 3107 of said law, the common council of Manistique, on May 9th, 1910, adopted an ordinance the material parts of which are as follows:

"An ordinance relative to the licensing of saloons in the city of Manistique, prescribing a license therefor, and providing a penalty for the violation thereof and to repeal ordinance No. 52 and all of the ordinance of the city of Manistique.

Here the ordinance is quoted practically in full.

Continuing, the Judge said:

This ordinance relates only to saloons, and squarely divides them into two classes, proposing to license them accordingly. A nominal fee is exacted from the place selling soft drinks and a substantial fee, which would be a material source of revenue to the city, from those selling intoxicating liquors. Subdivision 14 of 3107 expressly provides that the authority there given cities to regulate and license "shall not be construed as authorizing the sale of intoxicating liquors."

"That the object of this ordinance is to reach the saloons, popularly, and we might say properly, known as such, and to impose an additional license fee of \$250 on the sale of intoxicating liquors, is so evident that the man who runs can read.

The court is asked to hold that this can be done by, at the same time placing a nominal license fee of \$5 on the few resorts of places where non-intoxicating liquors are sold by the glass or cup, or drunk at a beverage and because it is further specified in this ordinance "that nothing in this ordinance shall be construed as licensing the sale of intoxicating liquors." It seems to us that to hold it to ignore the common knowledge of mankind and to decree that black is white because the council has so ordered.

This ordinance is manifestly framed to avoid objections which are sustained in Kenaston vs. Risler, etc. Continuing, he said: It must be conceded that in these cases, taken together, language is used from which it may be argued that an ordinance can be framed under this law licensing saloons generally, including those where intoxicating liquors are sold, and that a larger fee might be exacted from those saloon keepers who do not confine themselves to the sale of food and non-intoxicating drinks. But our supreme court, has not, as yet, by any direct ruling, sustained such an ordinance as the one in question. Nor has it held that by such phraseology, and incurring the ordinance with a nominal license fee placed on the selling of soft drinks the express prohibition of the statute on, in effect, be avoided.

It is true that the legislature could have given a common council authority to license the sale of intoxicating drinks, and it may be argued that it would have been wiser had that been done. On the contrary, the statute forbids it, and with the propriety of this decision the court has nothing to do.

Such being the law, any subtlety of reasoning in the construction of an ordinance which, in effect and indistinguishable, nullifies that statute should not be indulged in. But whatever name it may be called, or what, or how, the ordinance, if sustained, accomplishes, in its practical operation, the exact result which the statute in express language forbids. In the opinion of this court, to sustain such an ordinance is to disregard and nullify the statute. Mandamus denied.

ESCANABA VISITORS.

Large Number Came to City on Sunday Afternoon.

RIGHTERS DEFEATED TIGERS.

Many Returned via Train Owing to the Roughness of the Lake.

The excursion from Escanaba last Sunday was liberally patronized and while rain squalls, and a rough sea, added materially to the discomfort of the passengers enroute, yet all appeared to enjoy themselves after they reached Manistique. A large number attended the ball game played at Lakeside Park between the Tigers and the Richters, while others took in the city.

Fifty or more decided to make the return trip on the Sea Lark, as they were unwilling to repeat their experience.

Speaking of the excursion, the Escanaba Mirror says:

The best excursion gives to Manistique Sunday by the Escanaba City band was a great success in one way and in another it was not. The success came in the discomfort of the passengers and for that either the promoters of the excursion or the members of the Escanaba Maywood's crew were to blame. The discomfort was caused by the roughness of the weather on the trip over and which made many of the excursionists become victims of seasickness. Then, again, within five or ten minutes before the Maywood reached Manistique a sudden squall, accompanied by a sharp downpour of rain, drenched a number of the passengers on the upper deck who were unable to scurry under shelter in time to escape the unexpected flood.

At Manistique, however, the excursionists forgot their troubles and enjoyed themselves considerably. Many of them went to the ball game played by the Richters of this city and the Manistique Tigers and had the satisfaction of seeing the Escanaba team win by a score of 12 to 0. At the Manistique dock the excursionists were met and welcomed by a large number of people and the Manistique City band also on hand to give them a musical greeting. Then the Escanaba City band and Verrill's band responded to the evening and the air was full of music. The start on the return trip was made at seven o'clock and the journey home was much pleasant, the weather having moderated to a considerable extent.

REMEMBERED BY TEAM.

Capt. Bishop of the Tigers, Surprised by Team Wagers.

Capt. Allie Bishop, of the Tigers, who leave for Duluth this evening, where he will remain permanently, was surprised by the following incident last evening which presented him with a gold stick pin as a slight token of the esteem in which they held him. He has been captain of the team ever since it was organized. It will be succeeded by Pitcher Sistrav. Mr. Bishop will learn the electrical business.

NEW ENTERPRISE.

Mr. Dewey Has Opened a Confectionery and Fruit Store on Oak Street.

Mr. C. N. Dewey has opened an ice cream and confectionery parlor in the Olson building on Oak street, west of the Barnes Hotel. The place is neat and inviting, and is being liberally patronized. It is Mr. Dewey's intention to serve lunches, later in the season, and to conduct a first class picnic. Although Mr. and Mrs. Dewey came here as strangers three weeks ago, yet they have made many friends during the interim and will no doubt meet with success in their venture.

Bower-Anderson.

Miss Minnie Bower of this city, and Mr. Walter Anderson of Thompson, were married at the home of the bride's parents, Mr. and Mrs. J. W. Bower, Wednesday evening by Rev. E. H. Scott. Miss Hazel McMullin and Miss Edith Bower played the wedding march, and the attendants were John Sellman and Miss Josephine Merin of Thompson. Miss Bower has been a resident of this city for a number of years and is highly esteemed. For some time he has been in the employ of the North Shore Lumber Co. as bookkeeper. The groom is in charge of a logging machine for the North Shore Co. and is highly regarded by all knowing him.

Mr. Oscar Mondoux of Chicago, was a guest of his uncle, M. A. S. Miller at Ossawatimie Resort for several days during the past week.

CHERRIE STREET EXTENSION.

Petition of Residents Granted for Water and Sewer Systems.

The residents of Cherrie street are desirous of securing water and sewer privileges, and present a petition, accompanied with \$10 from each of the property owners. The street is in shabby condition, and nothing has been done toward its improvement, as it was deemed unwise to place the course the receipts from the patrons along the contemplated extension would be a mere bagatelle compared to the cost, but matters of that nature cannot be really placed on a basis of commercialism. The street must be improved, and before this is done, the water and sewer mains should be placed in position.

If the city does not possess the money to complete work that is really imperative it should borrow it.

Bids Wanted.

The street committee desires bids for the construction of a sidewalk leading to the cemetery. Specifications may be secured from the street commissioner. All bids must be in the hands of Chairman Drevdahl six o'clock p. m. Saturday, August 6th. Committee reserve the right to reject any and all bids.

C. M. Drevdahl, Chairman.
