OSBORN CHOSEN BY 34,000 PLURALITY

Carried Upper Peninsula by 15,000 in Light Vote--Successful in all Big Voting Centres of State, Save Grand Rapids.

Carried Wayne by 5,000

Lieutenant-Governorship Nomination in Doubt--Ross Receives big Vote in U. P.--Contest Between Dickinson and Ross.

Chase S. Osborn won a decisive victory at the polls last Tuesday and that he comes up to the straits of Mackinac with a plurality of 18,000 is a matter of congratulation. The 15,000 plurality above the straits makes his plurality in the state at least 34,000. The results below the straits proves that the sectional antagonism that was Kelley's stock in trade during the latter end of the campaign was not taken seriously by the electors below the straits and it also cements the two peninsulas of the state more firmly than they were in the past. Every county of the upper peninsula showed its loyalty to Osborn by giving him a magnificent plurality when the lightness of the vote taken into consideration. Schoolcraft county gave him a majority of 585 in a total vote of 1119. The vote here was extremely light. The farmers of the county are extremely busy in harvesting their crops and many remained at home rather than lose the time that a trip to the polls would cause. In November the normal vote may be confidently expected. One of the surprises of election was the nomination of Townsend for U. S. senator to succeed Burrows. His majority in the state will equal Os-

born's. Schoolcraft county went into the Townsend column by a big majority. Another surprise was the measure majority received by McEachern in this legislative district. His majority is figured at 20 by his friends while Burns claims to be nominated by a majority. It looks as though the official count or a recount must be necessary before the matter is settled. Congressman Young carried the district over Kerr by more than 3,000 majority. His majority in Schoolcraft and Chippewa counties were disproportionately small, however. The former county gave him a majority of 87 while in Chippewa the margin is almost as precarious. Kerr carried only two counties Houghton, and Keewenaw. Mr. Kerr's majority in Houghton was less than 1000, instead of 8000 that he claimed while campaigning in this vicinity. Young and his friends, while they may regret the small majority in Schoolcraft, deserve congratulations for securing a majority, for the bitterest fight in the district was waged on Young here and the Kerrites were so confident that he would carry the county that bets were made by them that Kerr would carry the county by 2000 majority. Mr. V. I. Hixson demonstrated by his nomination for prosecuting attorney, that "he could come back". His majority over Wood was 84 in the

HON. CHASE S. OSBORN Michigan's Next Governor.

county. Hixson carried every ward in the city, also Manistique, Houghton and Torch Lake townships, while Wood received majorities in Thompson, Inwood, Hiawatha, Mueller Casino and Seney. His majorities were large in Thompson and Houghton, as will be seen in the table appearing on another page. Mr. Hixson's victory proves his popularity and worth for when a candidate is pitted against one having held but one term he is handicapped. The losses that undertook the contest of delivering the vote to Kerr Wood and Burns, certainly failed in their mission as the return show. In this connection it may be stated that every satisfactory list of delegates were chosen, notwithstanding the efforts of the losses to defeat them. The candidates not having opposition, received the normal vote. Chase S. Osborn is the nominee for governor on the republican ticket by approximately 34,000 plurality over Patrick H. Kelley and Amos Musselman.

Charles Townsend is the nominee for United States senator over J. C. Burrows by close to 40,000. These are the results of more complete figures on the gubernatorial and senatorial fights. With 35 scattered precincts in the state missing the vote on governor stands: Osborn.....81,009 Kelley.....47,823 Musselman.....46,480 Osborn's plurality--33,180 Townsend.....97,355 Burrows.....59,416 Townsend's majority--37939.

The real cause of the whole primary is that for lieutenant governor and the result will probably depend on the way that Wayne county voted. The county in Detroit exceeded slow and without Wayne county Ross, Rice, and Dickinson are very close together, with Ross slightly in the lead and Rice third. Whichever one of these carries Wayne is likely to be the nominee.

VIRGIL I. HIXSON Osborn's Next Prosecuting Attorney.

The final figures show but one present congressman defeated for re-nomination. This is Washington Gardner of the Third district defeated by J. M. S. Smith. In the contests for seats in the legislature there were a lot of surprises, the most striking ones in the upper peninsula. Senator Charles Smith of Houghton, the dean of the upper house, was defeated by Mayor W. Frank James of Houghton.

For the lower house nominations there were also some surprises. There is J. S. ("Stoney") Honora of the Geographic district, who has for a number of seasons presided over the committee in cities. He will not be back nor will William R. Oates of the first Houghton district. Townsend, 13,950; Burrows, 9,932; Townsends majority 4,058. Osborn, 18,690; Kelly, 4,035; Musselman 3,495; Osborn's plurality over Kelley, 14,661. Young, 131,61; Kerr, 10,363; Youngs majority, 2,708. Above are the latest and most

Your Signature A Protection

At the time you make your first deposit in this Bank we take your signature on a card which we keep on file for reference and comparison, with the signatures on the checks you write.
Your signature on your possession is a protection against forgery, not alone on your checks but on notes or any other instrument which might be offered to us for discount or sale.
Every person has some marked peculiarity in their signature that makes correct imitation almost impossible, so we ask customers to sign the card we keep in the same manner they usually write their initials and name on their checks.
This is but one of the many little services we render our customers but it is a big factor in preventing forgeries and other frauds by smooth criminals.

Good Way To Use Hyomei For Catarrh.

Besides breathing through the inhaler a few times a day, many catarrhs sufferers write that they find including HYOMEI (pronounce it High-o-mei) from a bowl of steaming water each night before retiring a great aid in curing stubborn cases.

Fill a bowl half full of boiling water; pour into the water a teaspoonful of HYOMEI, cover head and bowl with a towel, and breathe through nose and mouth the pleasant medicated, antiseptic and healing vapor that arises.

This method relieves that stiffness at once, and makes your head feel fine.

You can get a bottle of HYOMEI at drug stores anywhere or at A. S. Putnam & Co. for only 50 cents. Ask for extra bottle HYOMEI Inhaler. But bear in mind that a HYOMEI outfit which includes inhaler and bottle of HYOMEI costs \$1.00. HYOMEI is guaranteed to cure catarrhs sore throat, croup, colds, sinus and croup, or money-back. Try it on that generous basis.

engaged in a pile eating contest, Meron went out. Following this a running race between horses owned by Hymn Burr and Mr. Carrington was pulled off. The Hymn horse won. The remainder of the afternoon was spent after dinner. The ball pulled at the Manistique Tigers and the Garden team, was the attraction for the afternoon. At the end of the eighth inning, with the score 11 to 10 in favor of the Tigers, a few occurred and Garden refused to continue the game. The ball at the armory in the evening, as liberally patronized. The day was a great success from every viewpoint except the weather. The committees in charge of the affair deserve great credit for the successful manner in which they handled it.

RELATIONS STRAINED

The Soo Line and N. W. Ry. at Point of Rupture Concerning Sleeper.

Relations between the Soo Line and North Western officials at Escanaba are strained nearly to the point of breaking because of the refusal of the North Western officials to allow the Soo Line sleeping car each morning at Larch, when the early morning North Western train arrives there. Because of the refusal of the North Western officials, and the fact it is necessary to allow it to remain at Escanaba until the local Soo Line train leaves Escanaba at 7 o'clock arriving at the Soo at noon, whereas if the car was switched at Larch, it could be taken to the Soo on the early morning train. Soo train delivering the sleeping car passengers from Chicago there at 9:30 o'clock. It is claimed that the North Western at first promised to switch the car at Larch and after the Soo Line had carried its time card allowing the local train to leave here an hour later than formerly the claim was made by the North Western that the early morning passenger was too heavy to carry out the switching agreement. What disposition will finally be made of the matter will not be discussed at either the local North Western or the Soo Line offices.

Grange Picnic a Success.

The joint picnic held at Williams landing Indian Lake Saturday, Sept. 3d, by the patrons of Thompson Grange and Inwood Grange, was the most successful social event of the season in this vicinity.

Although the forenoon was cold and cloudy and threatened rain kept many at home but for all of that there were about one hundred in attendance and the day proved to be a lovely one as it generally is when the grangers meet.

Among the many from Cooks were Worthy Master Howard Fox and family, the Rev. Bowins and family and many of the prominent grange workers.

Many games were indulged in such as indoor baseball and a nail driving contest by five of the ladies. Those that wish to drive the five nails home fast were Mrs. Rev. Bowins, Mrs. Howard Fox, Mrs. Levers H. Williams, Mrs. Chas. Faulkner and Mrs. Louis Bouscher. Mrs. W. T. Bowins being the most skilled carpenter, won the honors.

The lunch baskets were well filled with chicken fruit and other goodies such as the farmers generally have. After spending the day all departed for home declaring it was the best time they had spent in a long time and glad they were grangers.

Not a minute should be lost when a child shows symptoms of croup. Chamberlain's Cough Remedy given as soon as the child becomes hoarse, or even after the croupy cough appears, will prevent the attack. Sold by all dealers.

IMAGING COUNTERFEITS.

Enabling Employment For Skillful Great Services Men. The tracing of counterfeit bills back to the person responsible for their issue is a serious and vital employment. The expert assigned by the government to this work are among the most skillful men of the secret service. The prosecution of the counterfeit depends in large measure upon the efficiency and the pains they take in their work. The tracing of counterfeit bills in this case is one illustrating the difficulties which the secret service people meet and overcome.

A bank clerk in Cleveland had received a counterfeit twenty dollar bill and a small retail grocery store was sent for aid under such the case. He found that the group had received the bill from a shoe dealer, who had it from a dentist, who had it from somebody else, and so on, until the secret service man finally traced the bill to an invalid woman who had used it to pay her physician. When questioned the woman said that the money had been sent her by her brother, who lived in New Orleans. The search looked up the brother's antecedents and soon became convinced that he was the man wanted. The brother, however, soon proved to be satisfaction of the secret service man that his suspicions were unfounded. Indeed, it appeared that the man had been received by the New Orleans man in part payment for rent of a house he owned in Pittsburg. While the search was in progress, the man had been seen by a traveling oculist who spent most of his time in the middle west. The secret service man had the good luck, however, to catch him just as he had returned from a trip, and the man at once recognized the bill and told the man that he had been given it by a patient in Cleveland, the very patient whence the search started. The patient was a boss carpenter. The secret service man got his address from the oculist and went right after the new clue. At this point he had a remembrance that something was going to happen, and he wasn't disappointed. The carpenter, an honest old fellow, said that he had received the bill from a certain Parker. The said Parker was the small grocer in whose bank deposit the counterfeit had turned up. The expert then said to the grocer, "If you can't find a card could take him and find out if he had left town."

Afterward it was shown beyond question that the grocer was the agent of an organized band of counterfeiters. His shop was a mere blind. That the bill which he gave the carpenter should get back into his own hands after traveling all over the continent was one of those miracles of chance for which there is no explanation—Chicago Record-Herald.

ELECTION RETURNS

Continued from First Page.

and include complete returns for several, among them Marquette, Benzie, Keweenaw and Luce, and practically complete returns for all the big counties, Houghton, Gogebic, Delta, Menominee, Dickinson and Chippewa. The missing precincts are remote county precincts in which light votes were polled. The heaviest returns will doubtless increase the Youngs, particularly Mr. Osborn's majority which will probably finally amount to 15,000. Considering how light the vote was this is a wonderful showing. The vote was lighter than most people expected it would be, and hardly exceeded 27,000.

While Osborn is a progressive campaigner and did phenomenal work yet some of the credit for his great victory can be placed to the credit of his campaign manager, W. F. Knox of the Soo. As a reward for his services he is being exploited for the position of chairman of the Republican state central committee. While Osborn was very popular with the newspaper men of the state, it was Knox that crystallized that friendly feeling into a hattering ram that assisted materially in bringing about the magnificent victory achieved last Tuesday.

MRS. JAMES CROWLEY IS DEAD

She Passed Away Yesterday at Port Arthur, Texas.

The many friends of Mrs. James Crowley will be pained to learn that she has passed away at her home in Port Arthur, Texas yesterday afternoon, after an illness of a years duration, with cancer.

The deceased was a resident of this city for fifteen years prior to the time she and Mr. Crowley emigrated to Texas, thirteen years ago, and was very highly esteemed by a large circle of acquaintances. She was active in Eastern Star circles while here, and served Ida Chapter as Worthy Matron. At the time of her death she was District organizer of the Chapter in Texas.

She was a member of the M. E. denomination while residing here and few ladies that have ever resided in Manistique were more highly esteemed. She leaves a husband and son, John to mourn her demise. They have the heartfelt sympathy of their friends in their affliction.

Mr. and Mrs. Hixson and daughter Miss Blanche will leave for Northampton, Mass., tomorrow morning where the latter will attend Smith college. Enroute, they will visit New York City.

Chase S. Osborn's Statement to the Republican Party of Michigan

I find a sense of personal obligation, but rather a sacred gratefulness for the confidence and approval of the republican party in Michigan. My sole aim will be to dutifully fulfill every primary promise if my nomination is followed by election to the governorship. The campaign was an earnest one and should make of every Republican a fighting veteran in the army of progressive government.

Naturally I deeply appreciate the action of those who were for me, but as the candidate of the republican party, there is no distinction in my mind between those who were for me and those who were fairly against me. No matter what my personal views may be, they will be properly subordinated to the platform that will be adopted by the republican state convention at Detroit, October 6 next. That convention will no doubt reflect the party attitude more accurately and should be in more perfect sympathy with the desires of the people of Michigan than is any individual.

My public work is before me and I hope to be given the great light and the strength to perform.

CHASE S. OSBORN.

COUNTY CONVENTION

Will be Held at Court House on Next Wednesday Afternoon.

DELEGATES TO STATE CON.

And the Selection of a County Committee will be the Work at Hand.

The delegates elected in the various wards and townships of the county last Tuesday will meet in the court house in the city of Manistique next Wednesday Sept. 10th, for the purpose of electing a county chairman, and five delegates to represent the county at the state convention to be held at Detroit on Thursday Oct. 6th. It is hoped and expected that every delegate will attend the convention and that a delegation consisting of representative men of the party be elected to attend the state convention.

It is also hoped that no mistake will be made in the selection of a chairman of the county committee for the coming two years.

The convention will convene at 2:30 o'clock in the afternoon.

Elected Officers.

Ida Chapter O. E. S. held its annual election of officers last Saturday evening, and the following were chosen for the coming year: Worthy Matron, Mrs. A. M. LeRoy. Worthy Patron, Chas. R. Orr. Secretary, Ida MacArthur. Treasurer, Mrs. D. F. Pennell.

Ladies and Misses will be well repaid for investigating the sale at Blumrosen's.

WILL HOLD A FAIR HERE.

Pomona Grange Decides to Set the Pace in Fair Line.

Pomona Grange has decided to hold a county fair in this city on October 4th and 5th and an effort is being made to secure the armory for the event. The nine granges under the jurisdiction of the Pomona, will participate in the display, and it is safe to say that the display of fruits and vegetables will be greatly surprising to the onlookers. It is the intention of the grangers to auction off the display at the conclusion of the fair, and the proceeds of the sale will go to the treasury of the Pomona grange. Between 500 and 600 persons belong to the subordinate granges of the county and the fair will no doubt attract a large crowd. The venture is one that should be given the hearty approval of the business men of the city. Out of it may grow an annual fair.

Owing to the excessive license that the city exacted, the Knights of Pythias lodge which had contracted with the Barkool Amusement Co. for a weeks engagement in this city, decided not to go on with the undertaking, which would have resulted in financial loss to them and in consequence the show will not visit Manistique next week as was stated last week.

Comical mistakes often happen in "making up" a newspaper and one made in last week's Pioneer-Tribune, takes the fun. An item concerning the receipt of orchestra music for the Princess theatre, was sandwiched in to the Presbyterian church announcement.

WAS A SUCCESS

Labor Day Celebration was the Best Ever Held Here.

GOOD SPEAKING AND PARADE

Committee in Charge Deserves Credit for the Work Done.

The celebration of Labor day Monday, was the biggest event of the kind ever held in Manistique despite the fact that the weather was not propitious for the occasion.

The parade was formed in front of turned at LaBar & Neville's corner. When the band stood was reached the formation was broken.

The orator of the day Mr. J. D. Bentall of Chicago, was introduced by Mayor Middlebrook. Mr. Bentall is a member of the Socialist party, and having been advertised as a Socialist speaker, he took advantage of the opportunity of making a plea for the party he represents. Some of his deductions were good, but in other things he was extreme and radical. He explained at length the rapid growth of socialism throughout the world, and proved that many of the countries of Europe were dominated by this party. He called attention to the fact that Milwaukee's socialist mayor was making good and that reforms were inaugurated in that city that would work for the good of the community. He roasted the leading political parties now existent in this country and Roosevelt and his policies were scolded. He commended the laboring man for organizing on an economic basis and urged them to unite in a political basis also. He claims that there are

ten million socialists in the world, and that if all united they would become an irresistible power in the political field. He believes in the government ownership of public utilities and railroads, claiming that the laboring man erected the mills factories, etc. and constructed the railroads, and were these to revert to them, they would only be given what inherently belongs to them. He also attempted to prove that the middle man was really the cause for high prices on food stuffs; that too many profits were exacted between the producer and the consumer. Mr. Bentall is a pleasing speaker and sincerely believes in the tenets of his party. Immediately after the close of the address, a number of small boys
