LABOR DAY

All Indications Point to Big Celebration Next Monday.

The committee in charge of the Labor day celebration is to hold next Monday, working hard to make it the biggest and best celebration ever held in the city.

A large sum of money has been raised and an elaborate program of sports and entertainment has been prepared. The day will open with a monster parade of organized and unorganized labor, various fraternal societies, floats, etc., and prizes will be given best decorated floats and to the appearing societies.

Hon. Francis McDonald of the Senate Democratic candidate for congress from this district, will be the orator of the day. The address will be made from the band stand at the conclusion of the parade. Mr. McDonald is an eloquent speaker and will be heard with interest as well as profit.

There will be a tug of war between St. Philomena and Shingoweevooes. Motorcycle and horse races are also scheduled. Those as well as the following sports will be held at the fair grounds: 100 yd. dash; standing jump; running broad jump; three legged race; bicycle race; fat man's race; ball race; bag race; girls race. Two ball games have also been scheduled, between the Stenberg and Manistique teams. The first game will be played on Sunday afternoon, and the second game during the afternoon of Monday.

The Manistique and W. O. W. bands will furnish the music for the day. A. J. Smith will be marshal of the day, and a big hall at the armory in this evening will complete the day's program.

It is hoped that business generally will be suspended during the day so that everyone will be able to participate in the celebration. Every laboring man in the city, as well as the office men should participate in the parade.

The new store has just what you need at the right price.

Special Labor Day Service.

Next Sunday, Sept. 14, the Sunday Pastors are invited to hold a religious service at 10:30 a. m. in the American Federation of Labor building in the support of the day's activities. The service will be held Sunday evening, Sept. 14, at the First Baptist church. Rev. F. E. Lynch will deliver an address on "The Industrial Conflict," which will be of great interest to employer as well as employee. It will be a free, fraternal discussion of a theme which concerns every citizen. There will be special music on the victrola. Members of local labor unions are invited to attend the service, also employers of labor.

POMONA GRANGE

County Grange Will Hold Three Sessions on Sept. 25th.

A meeting of the Pomona grange will be held at the Old Fellows hall on Friday, Sept. 25th. It is planned to hold three sessions during the day, commencing at nine o'clock in the morning. Speakers from other sections are expected, and the lecture is preparing an interesting program for the public session to be held in the evening.

Meals will be served in the dining room, and everyone is expected to attend all sessions. Much business of importance will come before the meeting. The program will appear later.

To Taxpayers.

If you fail to pay your taxes on or before Sept. 15th, 1914, a four percent penalty will be added. This is not generally known, but it is the case. Therefore pay the taxes one day prior to that date if you wish to escape the penalty.

OPENS THURSDAY

Formal Opening of Burton & Larson's Store will be Held Next Thursday.

Burton & Larson announce the formal opening of their store for Thursday of next week, and they and their employees are exerting every effort to have the stock in shipshape before that time.

The store is certainly beautiful and conveniently arranged. The interior is finished in mahogany, with fixtures in keeping with the finish, and the latest method of store planning was adopted. The latest system of lighting has also been installed, and when completed the front an interior will be equal to that seen in the city shops.

The departments include dry goods, ladies furnishings, suit and cloak department, gents furnishings, clothing, etc. In furnishings, Wilson Bros. popular line is handled, including the famous Earl & Wilson collars. Hats, Stuffed & Marx clothing is the exclusive line in clothing. The best of everything at five and let five prices has actuated the buying of the stock. The lines carried are household words for reliability and worth.

During the opening day, the store will be handsomely decorated, and good music will be furnished all day. Everyone is cordially invited to call.

Messrs. Burton and Larson have been residents of Manistique for many years, and their wide acquaintance augurs well for the new venture.

Mr. Larson is an expert dry goods man, and has been in the employ of Manistique merchants for years, and they as well as the purchasing public speak words of praise for his ability and efficiency. Mr. Burton has been engaged in hawking for a number of years, and has a wide acquaintance which will be a valuable asset to the new enterprise.

The height of fashion in our ready to wear department. Suits and cloaks for very particular dressers.

The public is cordially invited. Admission 50 cents. Children 25 cents.

Attempted to Escape.

Joe Davis, of Seney, who is awaiting trial for burglary, at the coming term of court, attempted to make his escape from the county jail Sunday morning. His actions aroused the suspicions of Turnkey Wharfield. Davis asked for permission to go to the toilet room. He did not hear his footsteps in the cement floor of that room, and hurriedly leaning to the back yard instead. Wharfield hurried to the rear of the building and nabbed Davis as he emerged from the door.

Muriet McNeill was in the city during the fore part of the week.

SUCCESSFUL YEAR

Public Schools will Reopen Under Auspicious Conditions

The vanguard of teachers of the public schools for the coming school year are arriving in the city to resume their year's work. The schools reopen next Tuesday and everything is being whipped into ship shape by Supt. Clemo. He is taking hold of his duties in a manner that augurs a very profitable and successful year's work for the pupils. Having been given an efficient secretary in Miss Hargreenes, the superintendent will not be compelled to devote as much time to petty details as was the case during the past year or two. Heretofore the superintendent was compelled to look after the sale of text books and other routine and clerical work that made it impossible for him to devote the time necessary in looking after the work of the various grades of the schools.

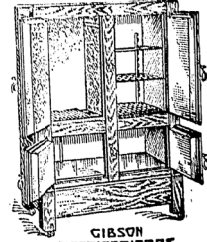

With this eliminated, it is safe to say that the schools work during the coming year will be given much more careful attention than was the case heretofore. Mr. Clemo is filled with vim and enthusiasm, and possesses much profitable experience. This combination insures success, and it is safe to add that with minor details divorced from his position, that the attention and supervision that he will give the schools will quickly raise their standard and make them what they should be.

To Prospective Citizens.

Persons desiring their second or final naturalization papers must file their petitions with the county clerk on or before Oct. 5th, if they desire to have them acted on by the court during the January term. Under the new arrangement, this privilege is granted only twice annually.

The Catholic Ladies Aid society will meet with Mrs. W. J. Bobau next Wednesday afternoon.

The room in the Orr building, formerly occupied by The Manistique Business college, has been rented by the board of education and has been fitted up for school purposes. Additional seats have been placed in various school buildings about the city, and the board believes that it has made ample provision for the influx of extra scholars caused by the temporary shutting down of the parochial schools.

EDITORIAL COMMENT

It is now lawful to be seen in the woods with gun
Nerves are blamed for a lot of cussedness in this

A boy looks forward to the time when he will

Patrick O'Brien will represent his district in the

man, and will ably represent his district in the legislature.

The Pioneer Tribune has been designated to publish
the delinquent tax list for Schoolcraft county for the
year. Publication of same will be made late next
spring.

Martindale talks right. He says: "Osborn should
be elected by a substantial majority, and I sincerely
hope that my friends will support the complete Republi-
can ticket this fall."

All the fated calves that were ever slain—were for
prodigal sons—the prodigal daughter doesn't get as much
as a veal cutlet. It was ever thus, and mayhap will
ever continue to be so.

The annual meeting of the Upper Peninsula Edu-
cational association will be held at Houghton Oct. 8th,
and 9th. The principal speakers will be Governor
Ferris and Booker T. Washington.

Martindale and Grosbeck counsel their supporters
during the recent campaign to give Osborn their united
support. With this support, there is no question but
that the Sno man will be a winner at the November election.

There is entirely too much glass on the streets, and
it looks a though someone was mean enough to scatter it
in the paths of automobiles. A new automobile tire was
ruined the first day it was used; as the result of numer-
ous punctures.

The attitude of Delta and Menominee counties in the
recent congressional campaign will be felt for some years
to come. It means that aspirants for district offices in
those two counties will receive scant courtesy from the
remainder of the counties of the upper peninsula that are
included in the Eleventh district.

The fallacy of attempting to elect delegates to a
county convention at a primary election, was again dem-
onstrated at the recent primary election. Very few
voters took the trouble to express their preference for
delegates; and one or two precincts were not represented
at the coming county convention as the result of this
indifference.

The political prognostications of Jack Cramer
would make an interesting reading were they placed in par-
allel columns with the returns of the governorship. The
Free Press will now no doubt advertise for a new political
propagator and it will insist that he does not
smoke cigarettes.

The primary election, ballot is not a very complica-
ted affair yet it seems as though the average voter did
not know how to vote it correctly. A number of ballots
were thrown out in various precincts that did not con-
form literally to the instructions, and the question of
the legality of the judges of election in so doing may
be the basis for a contest.

The annual meeting of the Lake Superior Press As-
sociation has been indefinitely postponed. It was slated
to be held in the copper country on Sept. 8 and 9. Time
was when every editor was given transportation by the
railroad companies and then practically every editor at-
tended the meetings of the association. The payment of
fare and other expenses deterred more than one editor from
promising to attend a meeting of the association. How-
ever, the benefits to be derived from association meetings
greatly outweigh the pecuniary outlay, and really no editor
can afford to remain at home.

Now that the date for the annual Schoolcraft county
fair has been decided upon, it is hoped that every farmer
and gardener in the county will bring samples of his pro-
duce to the fair and vie with his neighbors in securing
the many liberal prizes that shall be offered. The fair
should be a record breaker in every respect, for nature
has dealt bountifully with the husbandman. There has
been seasonable rain during the growing season, and
vegetables, especially, bid fair to surpass any yet
raised in the county. Every resident of the county
should attend the fair at least one day of the three, that
the grounds will be open. The committee that has de-
voted so much time and exerted so much effort in bring-
ing the fair to a successful close, have done their
best, and it now up to the citizens of the county to do
the rest. Schoolcraft county has the best located fair
grounds in the peninsula, being only one block from the
court house.

Accommodious and handsome buildings
have been erected on the grounds and track has been
laid out. We have here accomplished with the small
amount available. The result shows that the committee
and others have done what they could and the county is under
an overwhelming debt of gratitude to the men that have
been so lavish with their efforts, time and means in fur-
thering the interests of the project in question.

EDITORIAL COMMENT

The trouble with most men is that nothing ever hap-
pens to wake up the things that are asleep in them.

A man with an old auto like a dog with the fleas.
He has all the troubles he can take care of without think-
ing any more.

And has it ever occurred to you that the part devils
that are better killed off in Europe at the present time, by
the thousands don't understand what it's about any more
than we do?

The Detroit Times says: "If you find the Journal
and Free Press buildings decorated next week, it will be
because the G. A. R. veterans are here, and not because
Chase Osborn was nominated."

Now that congressmen are to be "checked" \$21.00
per day for every day that they are absent from their
duties one cannot help but wonder how many days "I
and Alone" MacDonald will devote in campaigning for
a reelection.

Osborn should visit Schoolcraft county during his
campaign this autumn. The county has always loyally
supported him and his majority in the county at the
primary election would be materially increased had
he included the county in his pre-primary campaign.

The Germans are thrifty. Whenever they capture
a city they insist upon an indemnity being paid to them.
The demands range from \$300,000 to \$400,000. One's
imagination cannot conjure the magnitude of the de-
mand should the Kaiser's army capture Paris.

A Lake Linden sportsman suggest that men lost in
the woods should use a cello so that they could refer
their whereabouts. No matter if the idea would be gen-
erally adopted, the chances are that when a man ascer-
tains that he is lost in the jungle he will continue to
walk in a circle, and lose his voice by shouting to the
hoop oops.

The wheat sold in Manistique is a travesty upon that
grain and no self-respecting chicken will eat it. How-
ever, the price, \$1.45 per bushel, appears to be
sufficiently high for the genuine article. The wheat
treatment will result in more than a purchase their win-
ter's supply of chicken feed from Shears & Hawback,
and you really cannot blame them, should they do so.

And now the Houghton Mining Gazette can support
Ferris without any compunctions of conscience. How-
ever, Editor Guck would have shown more consider-
ation had he not taken so much interest in bolstering the
cause of Grosbeck, prior to the primaries, for the
often threw out hints that the copper country would sup-
port Ferris, in return for what he did for it at the time
of the strike.

Through the Peoples Store the farmers of the county
will have an opportunity of disposing of their surplus
products. A commission house will in reality be con-
ducted in connection with the new store. This plan will
have a tendency to spur the farmer and truck gardener
to greater effort and in the course of time will be the
means of keeping many more dollars from being sent out
of the city, here, where it will do the community more
good.

We commend further evidence of prosperity and pro-
gress in the estimable Manistique Pioneer-Tribune. It
is now going to install a linotype. The Tribune has
been faithful in its efforts to present a readable editorial
page. We don't always agree with it but we like to read
it anyway. And that the best praise we know how to
bestow upon any editor's efforts. We are glad to see
this evidence of success in such a good paper. It is a
credit to Manistique—Houghton Gazette.

Didn't think that there were people in the city mean
enough to dispoil the big flower bed in front of the
court-house. The bed in question has been practically
ruined, and the painstaking work of Janitor Eckhart
and the sheriff has been foiled. These officials have been
faithfully endeavoring to beautify the grounds, and have
succeeded to such an extent that Manistique can boast of
having the most beautiful court house grounds in the up-
per peninsula. It is hoped that the people who are re-
sponsible for the damage done shall be apprehended and
that they be jailed, and compelled to pay a stiff fine.

You Should Participate.

Every employer of labor in the city should give his
employees an opportunity of participating in the celebra-
tion of Labor Day. It is not some cities the idea of
employing the horses that are employed on drays, and
delivery wagons appear in the parade, is in vogue, and
the scheme is not a bad one. The patient animals, some
of which have been on the streets for nearly twenty
years, certainly work sufficiently hard to be entitled to
recognition. We hope that every man who owns a
Horse, either at manual labor or in an office, shall
participate in the parade. The man that toils is a
prince, and he need not be ashamed of the fact that his
hands are horny, and his shoulders stooped as the result
of years of unremitting toil.

Thanks 'Rest of Michigan.

We have the Republicans of Michigan outside of
Detroit to thank for the nomination of Chase S. Osborn,
governor.

The influence of our own petty politicians and med-
dlesome office holders who have had no use for Osborn
ends, happily, at the county line, beyond which point
their promises are of no account and the terms of their
trades are not binding.

Once again Osborn has whipped the crowd he of-
fended by refusing to eat with it.
Once again have the Republicans of Michigan out-
side of the state demonstrated that the rank and file of
the party has no sympathy with the Detroit plunderbund
who brought to the stage were it for two years ago.

The Times presenter, Osborn's candidacy to thank
Republicans, when at a late day he yielded to the demand
upon him that he make the run as the PARTY'S GREAT
OPPORTUNITY.

They have grasped it with a firm hold, and our con-
gratulations to them is extended along with our con-
gratulations to Mr. Osborn.

A Democratic victory in nation and state in 1912
having had no salutary effect whatever upon the local
Tammanyized situation, Detroit's redemption from
bi-partisan infamy must come through the Republican
nominee for governor (running upon a ticket and plat-
form in harmony with Osborn's pledge of a purged party
and state) if it shall be redeemed at all.—Detroit Times.

STIER-CORNELL

Herman Cornell Weds Wisconsin Lady.

Announcements were received during the week by several Manitowish people of the marriage of Mr. Herman Cornell of Manitowish Mich., and Miss Flora Stier of Shawano, Wis., Thursday August 27th. Relative to the wedding etc., the Shawano Co. Journal has the following to say: The ceremony which was at 9:30 a. m. was followed by a four course dinner arranged for sixty guests. The shower banquet consisted of cut flowers in pink and white which filled with the decoration of the house—every room being artistically arranged with many kinds of flowers and vases.

The bride wore a dress of white chiffon with a foundation of white chamois and trimmed with a silver crystal insertion, beaded fringe, duchesse lace and folds of material, which made a very dainty effect.

An orchestra fulfilled the musical part of the entertainment. Miss Mary Holper of Shawano and Miss Catherine Lambstein of Greenham, Wis., assisted with solos and Miss Eber and Dorothy Haxter with duets.

The bridal couple made a clever exit from the house to Clintonville which was a surprise to all. They took the train to Milwaukee and from there the boat to Point in upper Michigan. On their way home they are spending a few days at Manitowish to visit Mr. and Mrs. W. T. S. Cornell and family.

Miss Flora, who is the younger daughter of Mr. and Mrs. G. R. Stier of this city, was liked exceedingly well by her many friends and will be missed in the course of the various social functions.

Mr. Cornell who has worked himself up to a responsible position for the lumbering operation at Neopit, Wis., is a man of sterling qualities and is well and favorably known by many in this city.

Their host of friends remembered them with many pretty presents and cordially wish them success and happiness.

There appears to be an unprecedented demand for Ford automobiles at the present time, and it is keeping Dr. Selby busy to secure sufficient machines to supply the local demand. This week a prominent Germantown citizen came here to purchase a Ford, and the dealer being out of the city, he took an auto from his garage and made the return trip. All are sold.

VALUABLE ASSET

Indian Lake is Worth Much to
Manistique. Park Should
be Secured.

Only after spending a few short days upon the shores of Indian Lake, is the average person impressed with the valuable asset that Manistique possesses in the proximity of that beautiful sheet of water to this city. Its wooded shores, and its gentle, pine-laden breezes are a tonic to the tired visitor, while the lake affords ideal boating and bathing facilities.

If a street car line was constructed from the city to the resorts lining the shores of the lake, hundreds would avail themselves of the opportunity of visiting that beauti-

ful spot.

Numerous cottages are being constructed, and its natural beauty is being preserved as little as possible.

With better means of access, and a hotel, it would be largely patronized by summer visitors from other sections and states. Among its annual visitors are included several Chicago families who have erected commodious cottages, and are more enthusiastic over its natural advantages, when compared to other resorts in the north country, than are the people who reside in this section permanently.

A few days spent on the shores of this beautiful lake is worth more to the average person than all of the medicine in the world. This is being ascertained by increasing numbers annually, for more people have been camping at the resorts this year than at any time in the history of the city. On Sunday afternoon, hundreds of people avail themselves of the opportunity of visiting that beauti-

ful spot.

Numerous cottages are being constructed, and its natural beauty is being preserved as little as possible.

With better means of access, and a hotel, it would be largely patronized by summer visitors from other sections and states. Someone is causing Contractor Johnson, and the members of the Fair association committee much trouble by breaking locks at the fair ground gates, and gaining entrance thereto. The act is a felony, and the perpetrators will be punished should they be apprehended.

TO TAKE REST

Miss Mills to Conduct Business of Mrs. Lewis During the Coming Season

Mrs. Alice M. Lewis writes from Rockford, Ill., that she has decided to take an extended rest with the hope of regaining her health, and that her sister, Miss Mills, will conduct her millinery store during her absence. Miss Mills has been in the millinery business at Rockford during the past twenty years, and at one time was a partner of Mrs. Lewis in the business here.

Mrs. Lewis' friends here will be pleased to learn that she is slowly improving in health.

MARRIED IN WEST

Mr. Joseph G. Weber of Denver Becomes a Benedict.

Manistique friends of Mr. Joseph G. Weber, now a resident of Denver, have received announcements of his marriage to Miss Metta Moffett, at Westminster, Colo., a suburb of Denver, which occurred Wednesday evening of this week.

"Joe" as he was familiarly called by his many Manistique friends, went west about four years ago. Shortly after his arrival there he met Miss Moffett, and friendship soon ripened into love, and the sequel was the wedding this week. The bride is a southern girl, comes of good family and is highly educated. Mr. Weber holds the responsible position of cashier for the Continental Casualty Co. of Chicago, in the western department headquarters in Denver, covering ten states. He is a native son of Manistique, spent most of his life here and always enjoyed the confidence and esteem of all knowing him.

Mr. and Mrs. Weber will reside at Westminster, and will be at home to friends after September 10th.

BENEFIT BALL

Monster Dancing Party to be Given at Exposition Building at Fair Grounds.

A benefit ball for the association will be given at the exposition building at the Fair grounds Friday evening, Sept. 14th. The band will furnish music, and the mammoth floor, which is in excellent condition for dancing, will accommodate hundreds of persons at one time. As the association needs the money very surely it is hoped that every one will patronize the dance so that a large sum may be realized.

It will not be a dress or formal affair, and every one is welcome just as long as they behave as ladies and gentlemen should behave.

SLY NOMINATED

Has Majority of Seven. Contests Instituted, and Recount of Ballots Probable.

After the complete returns were tabulated late last week it was ascertained that Alex Sly had defeated Wm. Leighton for the legislature by two votes. This majority was further increased to seven, by an error of five votes in the majority Sly received in St. Ignace.

A recount has been asked for in several townships of this county and in Mackinac county. What the recount will reveal is problematical, but at the present writing Sly appears to be "it."

The program of a recent concert given by the Luther League of the Swedish Lutheran church at Pasadena, Calif., reveals the fact that Carl and Nettie Thorborg are in the printing business in that city; that Rev. Luther N. Dahlesten, a former resident of this city, is the pastor of the church in question, and that Olof O. Palo also is a former Manistiquean who has taken over the general grocery store and meat market at south west corner of Lake Ave. and Washington streets, and that he is ready for business on Sept. 1st.

The September term of circuit court will convene Monday September 25th. The jurors are expected to report for duty on the second day of the term.

Cut on extremely modish lines in an attractive style developed in a rich English mixture. The extra skirt fullness is laid in two box plaits and the convertible windshield collar is treated with an overlay of brightly striped velour. A diagonal belt treatment from the box plaits to slashed pockets is very smart. Excellent satin lines the body and sleeves. **\$19.75**

The new Brahma Crinkle cloth—a rich and lustrous wave zibeline—is employed for a seven-eighths coat of charming simplicity. Silk tailor braid gives a modish finish to the velvet collar and cuffs and is employed to outline the back of the coat where it is cut off in double scalloped effect. The coat is full lined with a men's wear English Venetian and finished with moderately deep set-in sleeves. The description indicates how simple this model is—but to discover how charmingly smart it is, you will need to try it on. **\$16.75**
