Stanley McGregor Drowned in Manila Bay This Week.

Mrs. Edwin Cookson received a telegram from the Philippines Monday morning announcing the death of her son, Stanley McGregor, by drowning. No particulars were given in the message.

The deceased was twenty-one years of age, and had been in the U. S. navy about a year and a half. Prior to going to the Philippines, he was stationed at San Francisco, and sailed for the orient about Christmas time last year.

Stanley was well and favorably known by many of the residents of Manistique. He was a bright, energetic, and a boy of good habits. The bereaved mother has the sincere sympathy of the entire community in this, her hour of sore bereavement.

A Washington dispatch of Sept. 14 says:

Word reached the American navy department today of the death by drowning of Stanley McGregor and Marion Birkhold, hospital attendants in the naval hospital in the Philippines. McGregor came from Manistique, Mich., and Miss Birkhold from Pope, Ohio. They were in bathing. The bodies have been recovered.

MR. KLEIST DIES

William Kleist, One of County's Pioneer Residents, Passed Away Last Friday.

William Kleist, one of the pioneer residents of Schueller county, died at his home in Manistique township last Friday evening after a short illness.

The deceased was a native of Germany, having been born in that country sixty-eight years ago. He and Mrs. Kleist moved to this country thirty years ago, locating in Manistique. He was the father of seven children, six of whom are living, viz: Herman, Chas., and Henry of this city; Max of New York city; Mrs. Wm. Morrison and Miss Minnie Kleist of Marquette.

The deceased was highly regarded by all knowing him. He was industrious, honest and temperate, and in fact a typical representative of the men of hewn that are needed to carve out a home in a primeval forest. The members of the family are also highly regarded, and they have the sincere sympathy of all knowing them in this their hour of trial.

The funeral services were held from the home Monday. The German Lutheran minister from Duggett, Menominee county, officiated.

Mr. and Mrs. V. I. Hixson, Mrs. Wm. B. Thomas, Miss Hixson, Mr. White of Meriden, Conn., the guests of the Hixsons, and Mr. Herbert B. Baker, returned from an extended auto trip through the iron country, Tuesday. While absent they visited Muskegon, Marquette, Negaunee, Ishpeming, Champion, Republic, Crystal Falls, etc. They report a very enjoyable trip.

Miss Fannie Frielman and Mr. Louis Frielman of Detroit were married at Strasburg Academy in that city on Sunday evening Sept. 14, in the presence of 250 invited guests. Rabbi Hirschman of Detroit officiated. The bride is a niece of Mrs. Moose Winkelman of this city, and among the guests at the wedding were Mr. Winkelman and his son Leon. The bride was groomed in white silk tulle, trimmed with shadow lace and veil. She wore a white velvet hat.

Miss Lucy Consinn, sister of the bride, attended her in honor mail, while Mr. Zan Lavielle served as best man. The bride is one of Garden's prominent young women and has a host of friends. For the past few years she has been teaching school in her home town. Mr. and Mrs. Lavielle left on the 8:30 train for a wedding trip and will be gone eight or ten days.—Morning Press.

Game Wardens Mosher and Keopp Arrest Five Residents of Mackinac County for Game Violations.

Game Wardens Mosher and Keopp arrested Messrs. Mannie Hoit, Wm. Sherbrook, Frank Mitchell and Frank Norton, all residing in the vicinity of Whitefish Lake, Tuesday night on the charge of violating the game laws, and the fellows were each fined \$25.00 and costs by Justice Hanly of Gould City.

For a long time reports of persistent violations of the game laws by residents near the Manistique and Whitefish Lakes have been filtering into the office of the state game warden. Mr. Oates has, at various times, sent wardens to these lakes but they were unable to "dig up" anything, as the residents saw spot game wardens and they have a system of promptly disseminating the news that a "game warden is in our midst." Wardens Mosher and Keopp were detailed to securing tangible proof of violations, and the arrest of five, who pleaded guilty, shows that they did their work well. They did not take the beaten path to the lake, but remained hidden from view. Powerful field glasses were a portion of their equipment, and with these they constantly scanned the lake. On Tuesday morning at three o'clock they secured a launch, and followed a launch laden with men, and anchored their boat on the south shore of the lake, out of sight of the boat they followed. At eight o'clock they were rewarded by catching the five men above named coming from the woods toward their launch, each laden with venison.

Madam John and Lena Larson, who spent the summer with friends and relatives in the country of Norway, returned to the city Thursday evening of last week. They had an uneventful voyage and made the trip in fourteen days. The Manistique contingent is now all accounted for save Peter Stumma. He wrote the ladies that he would sail from Bergen on the same boat upon which they had engaged passage, but failed to make his appearance at the time of sailing. As the capacity of the boat had been reserved early, it is thought that he ascertained before sailing that he could not secure reservation, and decided to come on a later boat.

ENFORCEMENT

Of the Game Laws Urged Upon Deputies by Game Warden Oates.

William R. Oates, state game, fish and forestry warden, has sent letters to his deputies, urging strict enforcement of the hunting license laws. Wherever there has been confusion regarding it provisions he announced that no licenses are required, except for hunting deer by persons hunting in the county in which they reside. Persons found by the deputies without licenses will be arrested. Mr. Oates has written the deputies as follows: "As the hunting season is just opening, I call your attention to Section 1 of Act 108 of the Public Acts of 1913, which reads in part as follows:

"It shall be unlawful for any person to hunt for, kill, pursue, or take in any manner any of the wild animals or wild birds protected by the laws of the state, without first obtaining a license to do so under the provisions of this act."

"This puts the responsibility squarely upon the hunter. Hunters and sportsmen have now had sufficient time to inform themselves as to the necessity of procuring licenses under the act above quoted, and the plea of ignorance will no longer stand the acid test. It was not the intention of the legislature that game wardens assume the roles of notary public nor that they should exhaust their energies in pursuing and following hunters and sportsmen for the purpose of issuing licenses in the woods and fields."

"The hunters license law was passed by the state legislature for the protection of game animals and game birds, and for increased revenue for the game wardens department and we request a rigid enforcement of the law and vigorous persecution of all parties found engaged in hunting protected game birds without having the requisite license, unless there should be some good reason in the case why leniency should be shown."

"We are convinced that this is the only way to bring satisfactory results and secure the revenue of which the department stands in great need."

OFFICIAL COUNTY AND CITY PAPER
FRIDAY, SEPT. 18, 1914

EDITORIAL COMMENT
 Illness upon the part of the editor this week, is responsible for lack of local matter in this week's issue.

The Manistique Pioneer-Tribune always a good paper will be better than ever in the future as editor Holbein has installed a M. H. Barton, the best and most of the mechanical type setter. Brother Holbein has always edited a live editorial page and we now expect to see it better than ever, if that be possible.—Keweenaw Miner.

From all appearances, Schoolcraft county will vote upon the local option question next spring. Petitions praying for the election must be filed with the board of supervisors at the October session, and as no move has been thus far made to secure the 500 names needed to insure the election, the chances that they shall be secured are extremely remote.

The citizens of Manistique are showing a commendable spirit in supporting the Schoolcraft County Agricultural society, by taking the booth concessions and thus insuring the self support of the fair first on the new grounds. Now it is up to the farmers of the county to do their share. They can do this by bringing exhibits to the fair grounds and we hope every farmer in the county will install a large and best fruits, vegetables, and grains to the fair, and compete with his neighbor for the liberal prizes offered.

The advertiser that has established himself in the confidence of his fellow citizens, is the one that gets the business. You cannot lose indefinitely to a person or community and get away with the bacon. The Pioneer-Tribune is proud of its advertising patronage and we believe there is less misrepresentation in its advertisements than will be found in papers published in other cities the size of Manistique.

Michigan towns and cities are really foolish to support a lecture course this year when men of the ability of Osborn, Ferris and Pattinelli are available and who will visit the cities, and speak free of charge. It is safe to say that at no time in the history of the state has there been as high as it is this year. Osborn is easily the peer of the trio, owing to his world wide travels and experience. Then too, he is considered one of the most eloquent platform speakers of the United States, Pattinelli is not slow, either, as a public speaker, and Ferris has great ability along similar lines.

Every person carrying a policy in any fraternal insurance association doing business Michigan should vote against the proposed New Era amendment to the state constitution at the November election. If you think enough of your family to provide them with a policy that will be worth its face value, when you are called from this life to the one to come, you will vote NO on the amendment in question. The adoption of that amendment would jeopardize every dollar's worth of fraternal insurance now carried in Michigan. You cannot afford to make your policy worth less than the paper on which it is printed, and that is what you would tend to do if you vote as the New Era wants you to vote.

Efficiency Should be Recognized.
 According to the word which has been sent in from various Michigan counties, prospects for the renomination of O. B. Fuller, present auditor general of the state of Michigan, are most encouraging to the candidate and his friends.

This is good news for Michigan. Mr. Fuller has been a highly efficient state official. If he had been merely mediocre he would not be entitled to a fourth term. But he has been by all means, the most competent man who has held the office of auditor general within the memory of present voters.

It is a proverbial fact about the capital that Mr. Fuller's department is well organized and extremely efficient. The state at large notes that this department keeps a jealous eye on the funds of the state and that no man gets a dollar to which he is not entitled or a dollar less than it due him.

Mr. Fuller has probably saved the state of Michigan several times the total amount of his salary by his attention to details. He has dealt firmly with big corporations which failed to pay taxes and he never diverged so far as is known from the absolute letter and spirit of the law concerning the collection and disbursement of funds.

When the state is fortunate enough to have a public servant of this kind the best thing that it can do to emulate the course which a private business concern would follow—hang on to the employee.

If the Republican nomination for auditor general is made on the basis of efficiency Mr. Fuller will get it.—Lansing State Journal.

Campaign Shaping Up.
 Mr. Osborn, it is announced, will shortly undertake his campaign for election as governor. If it is at all like his primary campaign it will be an aggressive one in which he will gain some in contact with a large part of the voters.

The war may overshadow politics this year, but politics are by no means to be lost in the shuffle. M. Pettengill, the progressive candidate for governor, has been busy with his canvass since the date of the primary, and Governor Ferris, who has been represented as passive but a passive part in the campaign, is to visit the upper peninsula as at last.

Meanwhile the Democrats note with apparent interest the announcement that Colonel Roosevelt will attend the Progressive state convention at Bay City the latter part of the month. The Progressives expect that he will greatly stiffen the rank and file, and the Democrats surely hope he will. The colonel's visit will be the most picturesque incident of the campaign.

Meanwhile Mr. Osborn is handicapped in some measure by a backfire from Wayne county. Mr. Grossbeck has declared his loyalty to the ticket, but some of his Wayne supporters apparently do not share his attitude, and the State newspapers give evidence of a purpose to assist as effectively as they can in holding down the vote for Mr. Osborn. Thus it really appears that the situation is not without its difficulties for the Republican candidate. On his side is the fact that Michigan used to be an overwhelmingly Republican state, and under all favorable circumstances ought to give a progressive and aggressive Republican candidate the edge. And Mr. Osborn is such a candidate. The campaign will presently be underway, full tilt ahead: 'Half of September is gone. There is only matter of six weeks left for it.—Mining Journal.

BLUMROSEN'S

MURDER AT REXTON

John Mitchell Killed by Youth During Altercation.

In soft drawing tones, Cruso Burton, an 18 year old Kentuckian, last night at the police station, confessed to the shooting of John Mitchell of Rexton last Saturday night, after he had been arrested by Officer Hugh Early at the North Western station shortly before 11 o'clock.

Yesterday afternoon the local officers received messages from Sheriff John Kolar, from St. Ignace, stating that it was believed that Burton was headed toward Escanaba and accordingly all trains were carefully guarded and watched. As the St. Ignace train pulled into the station Officer Early noticed the lanky figure jump into the log yard of Escanaba Manufacturing Company. No attempt was then made to apprehend the man, but shortly before 11 o'clock the officer returned to the station and true to his belief saw the same man stretched on a bench sopping wet but asleep. Rousing the man the officer ordered him to go with him, stating that this was wanted for robbery in Ishpeming. Knowing that he had robbed to store in Ishpeming the lad accompanied the officer willingly.

There after lodged in his cell, before Officers Pariseau and Early and a Press Representative, the lad told a story which it was plain to be seen was largely fictitious. Finally Pariseau was left alone with him. After a few minutes the lad broke under the rapid fire of questions from the officer and made a complete confession. In his quiet, plaintive and drawing voice the lad told of how he had left his mother in Athens Kentucky two months ago to seek his fortune in the great woods of the North.

Arriving at Rexton he secured work at piecaking in the woods. He told of how he had gone to a dance at Rexton Saturday night and how he had drank considerable with his pals so how a fight developed in the dance hall.

On the road home the fight turned into a real battle and suddenly he was struck in the breast with a stone and with the burning fire of resentment, he pulled his arm and shot three times, one bullet passing through the victim's lung, another through his arm and the third through the hip.

"I just started out a walkin', no t'knowin' 'st exactly where I was goin', I heard that I might get out of it but I guess I am in for it now," said the lad with tears streaming down his face. "I am telling you gentlemen the truth as I never did want to do nothing wrong."

The abode which the lad were were practically worthless. From his long tramp through the woods since Saturday in a mighty effort to escape the grasping hand of the law.

Mitchell lies at the point of death at a hospital. Later—His death occurred Wednesday.

Fred Roberts visited his family at Velleau last week.

MANISTIQUE DE- FEAT'S MUNISING

The Manistique city ball team defeated the Munising aggregation Sunday afternoon at the fair grounds by a score of 11 to 3.

The Munising team rolled up three scores in the first inning but were unable to score during the remainder of the game. Manistique reinforced itself by lining up four scores in the first inning. Owing to the fact that the Manistique pitcher had not warmed up before the game was the cause of the Manistique scoring in the first inning. The strong Manistique team outclassed the Munising boys in all departments of the game.

The hitters for Manistique were Paul and Harshman, and Barge and mean for Munising.

Paul struck out ten men while Barge had five to his credit.

A large and enthusiastic crowd of spectators witnessed the game.

JEWISH NEW YEAR

Holiday Commences Sunday Sept. 20th. Will be Observed by Local Contingent.

The Feast of Rosh Hashanah, or New Year's day, which inaugurates the most solemn season of the Jewish religious year, will begin this year on Sunday evening, September 20. The religious observance but one day, while the feast is celebrated for two days by the orthodox Jews of the world.

Rosh Hashanah, which is New Year's day, this fall opens the year 5776 for the Jewish race. Following Rosh Hashanah comes Yom Kippur, or the Day of Atonement, the holiest day of the year, which falls on Sept. 30 and then comes Succoth, or the Feast of Tabernacles, which starts on October 4 and continues for eight days.

The observance of New Year's day as a holy season is commemorated in two passages of the Five Books of Moses, namely Leviticus xxiii, 24 and 25 and Numbers xxix, 1. In neither passage is there any specific command as to how the day is to be observed beyond the injunctions below the trumpet, to hold a holy convocation and to engage in no servile occupation.

It is to be noted that this day is the first day of the seventh month or of the new moon of that month.

The new moon was observed as a holy season by the Jews of old; the seventh month was a particularly holy month, as the seventh day was the holy day of the week; hence the new moon of the seventh month was observed with a significance of far higher import than the other new moon days of the year, as in all holy seasons to serve work, as in all holy seasons to serve work, as in all holy seasons to serve work.

Contraband of War!

WITH EUROPE SHAKING under the tread of marching armies—with commerce on the high seas at a standstill —it is not likely that the men of this country will select from as wide a range of imported fabrics as is represented in our fall Kuppenheimer Suits and Overcoats.

THE SCOTCH DYER who achieved these beautiful Tartan colorings doubtlessly is now marching to the stealing melody of the pilsch.

The chinchilla weaver of Germany is trying the steel of his bayonet against the sword of the Russian Cossack. THE IRISH MONTAGNAC maker has gone to the front to prove that he is as dextrous with musket as with the shuttle.

TO ORGANIZE

Meeting of Base Ball Enthusiasts
 Will be Held Oct. 15th for
 Purpose of Organizing
 for Next Season

That the baseball fans are thoroughly in earnest concerning the idea of perfecting a strong organization for next season is evidenced by the fact that a meeting will be held Oct. 15th for the purpose of perfecting an organization for the coming season. A strong organization with talent of financial backing will be perfected and overtures be made with a view of organizing a two or three county league in which Manistique will be an integral factor.

Employers of labor have signified their intention of giving employment to base ball talent, so that the burden of keeping a high priced team in the field will be materially reduced. It is thought by some that a league consisting of Manistique, Garden, Escanaba, Gladstone, Rapid River, and Sashbery would be about the right stand, and would insure plenty of interesting games throughout the season. Most of the cities mentioned above can reach Manistique and return the same day. Expenses would be reduced materially, and with the enthusiasm Manistique is at present displaying insures big crowds whenever games are played on the local diamond.

THEIR OPENING

Large Numbers Attended the Formal Opening of Larson & Burton's Store.

The formal opening of Larson & Burton's store was held last Thursday and notwithstanding the inclement weather large numbers attended same. The store was beautifully decorated with autumn leaves and roses, and every lady that called was given a rose as a souvenir. More than 300 roses were presented during the day, and no count was made of the men and children that called. Many visitors expressed their pleasure in nothing the completeness of the stock, and the wisdom exercised in making the selection of lines handled. The new firm is doing a nice business and will without doubt be successful.

ARE CAPTIVES

Peter and Matt Sustarich of This City, Prisoners of War in France.

Moses, Matt and Peter Sustarich of this city, left for Austria on July 26th, for the purpose of joining the Austrian army. They with 200 others from the United States, landed at a French sea-port and were immediately arrested and thrown into prison. They have written Geo. Giesche of this city, concerning their plight. They claim that some of the members of the party have died from starvation. They are given one meal a day, and that consists of potatoes, boiled with the skins, a little bread and water.

Peter, who worked in the camps of the Chicago Lumbering Co. for many years as cook, would no doubt be more than pleased to step into one of the camps of the north country and to give the opportunity of partaking of the food of the camp.

There are 120 Austrians in Schoolcraft county that will have to report for military duty in Europe as soon as some plan can be worked out for their safe transportation to that continent. Of the 200 Austrians in the county about eighty are citizens of this country, and will not be compelled to go.

VOTE AGAINST IT

New Era Amendment Should be Defeated at Polls in November.

Every member of a fraternal insurance or sick and accident association in the state of Michigan, should immediately vote against the proposed amendment to the constitution of the state of Michigan, proposed by the New Era association which will be submitted at the election to be held Nov. 3rd, 1914.

Usually the average voter casts his ballot in favor of any amendment proposed, simply because he has not taken the trouble to enlighten himself concerning the merits and demerits of the amendments proposed. But in this particular case every man that holds a policy in any fraternal insurance or doing business in the state cannot afford to vote for the amendment in question if he wants to continue his insurance, and to receive its benefits. The amendment does not look very formidable, but if it is analyzed, it is an easy matter to ascertain that every man of mature years, may in case it is adopted, find

himself without insurance, and may be unable to receive the old age benefit payments now being paid by the Mutual. The amendment if carried does away with the surest work of all insurance orders, limits all payments to death payments, makes it impossible to create a reserve fund, thereby making possible excessive and prohibitive cost of insurance in old age.

Why the millions of dollars worth of fraternal insurance carried in Michigan should be jeopardized at the behest of the New Era association, is unexplainable. Judging from the report of the state insurance commissioner on this association in 1913, the association in question is in anything but a satisfactory condition. We hope that every voter of Schoolcraft county will oppose the amendment in question, and will vote against it in November.

Newberry meeting was attended by pastors and laymen from every district. Rev. F.A. Kaler, of St. Ignace, was elected moderator of the presbytery. The Low Belted See for Yourself COAT

Is the New Fashion That Has Captivated Paris

It is brand new and one of the best liked fashions of many a day. The wide low-waisted belt gives the long descending line and the idea of grace and youthfulness. In this new style are the prettiest Scotch Plaids which tend themselves to graceful effects with fetching little pipings of velvet. Silver filigree buttons and matching buckles on velvet straps emphasize the effect the design implies. **\$17.50**

A really original and bewitching model is this Broadcloth Coat in Redingote effect that Paquin approves. The somewhat fitted back permits the circular cut of the lower section of coat which is extremely effective with its ripple fullness and button trimming.
