MANISTIQUE, MICHIGAN, FRIDAY OCT. 16, 1914

\$1.50 PER YEAR

THE FIRST NUMBER

of the Reading Club's Lyceum Course, Oct. 21th Is Popular One.

Saturday evening October 24th at the Gero Opera House is the date of the first entertainment of the Century Lyceum Course which the Women's Reading Club has secured for the winter.

The Club is gratified to be able to present the Old Kentucky Jubilee Quartet as the first attraction, since they feel quite certain that it will appeal to the popular demand for entertainment. Two of the men in this quartet were "Tennesseeans" and was a member of the famous "Byron's Troubadour," and another was for five years with one of the most popular Jubilee companies in the Lyceum.

There are few companies that both sing and play well, but this is one that does. This makes an attraction of double value, as the program they are able to present is of great variety, including vocal quartets, violin solos, humorous monologues, string quartets, violin solos, string trios, and quartet singing with string accompaniment.

The songs of this company are largely plantation and camp-meeting melodies, and humorous selections, and include some of the favorite songs of sentiment of the colored people, such as "Carry Me Back to Old Virginia," "My Darling Nellie Gray," "Old Kentucky Home" and "Black Jim."

Seats will be on sale Tuesday, October 20th, after 9 o'clock at the Manistique Light & Power Co's store, and those holding season tickets has best bear in mind the fact that the Club have sold a very large number of tickets, and it behooves each one to secure his reservations early. Single admissions will be 75 cents; gallery, 50 cents. Anyone desiring season tickets, which are \$2.00 for the five entertainments, can procure same from any member of the Club.

HAD ROYAL TIME.

Manistique Masons Were the Guests of the Newberry Brethren Wednesday Evening.

A large number of the local members of the Masonic lodge motored to Newberry Wednesday afternoon and were the guests of the Newberry brethren at a junction that evening. They returned yesterday forenoon and report a royal good time. The Newberry brethren have at various times visited Manistique for the purpose of joining the Chapter and Council, and felt that they were under obligations to the local brethren for sundry and numerous good times in the past, and they desired to return the compliment, which they did with interest Wednesday evening. The Celery town contingent have an established reputation for knowing just how to entertain their guests, and they added to their well earned reputation by the manner in which they treated the Manistique contingent.

GUEST OF HONOR

Dinner Given in Honor of Miss Hazel Nicholson.

Miss Hazel Nicholson was guest of honor at an elaborate six o'clock dinner given by Mrs. W. S. Grove and Mrs. Louis Yonstein at the home of the former Wednesday evening. Pink was the color scheme, and dainty pink crepe paper baskets containing bon bons, paco cards in the shape of wreaths of pink roses, tea cream representing pink tulips were used. Miss Nicholson was presented with a mahogany tea tray by her hostesses.

Those present were: Mesdames George, Nicholson, Jr., Wm. H. Thomas, H. T. Baker, J. L. Husband, E. A. Craves, W. F. Kefauver, E. A. McLellan, L. Malotte, E. M. Cooper, G. W. Duntun, W. L. Middlebrook, Post, A. M. Leroy, the Misses Mabel Coffey, Edna Tucker, Mary and Frances Mitchell, Iva Ledstrand, Blanche Hixson, Dorothy Middlebrook, Marion Thomas, Mesdames Ross, Chas. Orr, Hixson and Punnam served.

A SAD DEATH

Miss Nellie Shunk of Toronto, Died Here While Visiting Relatives.

Miss Nellie Shunk of Toronto, Ontario, died at the home of her brother, Mr. John Shunk, Monday evening at 10 o'clock, as the result of complications arising from an attack of pneumonia. The deceased was born at Mendon, Ont., thirty-three years ago, and was the youngest daughter of Mr. and Mrs. John Shunk. Her father died last March, and her mother resides in Toronto, where the deceased has been making her home for some years. She came to Manistique to visit her brother, and about a month ago was taken ill with pneumonia. She became better two weeks ago, but complications set in and caused her death as stated above. During her stay here she made a number of friends, who are genuinely sorry that Providence saw fit to call her hence at a time when life seemed so bright to her.

Aside from an aged mother, she leaves the following brothers and sisters to mourn her loss: Mrs. Loren Davies of Toronto; Mrs. Langhottom of Toronto; Mrs. Toms of Toronto; Mrs. Greene of Alberta; John Shunk of this city; Harvey Shunk of Duluth, and Lee Shunk of South Bend, Ind. The remains were taken to Toronto for burial Wednesday morning, and were accompanied by Mrs. Davies, who had been here for the past two weeks assisting in caring for her.

The bereaved family have the sympathy of the community in this their hour of sorrow.

WARNING!

Several complaints having been entered with the Police Department that boys are breaking Arc lights by sling shots and air rifles. The guilty parties are hereby warned that proper steps will be taken to punish the offenders.

John Peterson, Chief of Police.

Ora House has returned to the city from his extended vacation.

MAKING A SUCCESS.

Leon G. Nicholson, New Proprietor at Cleveland Studio Making Good.

Mr. Leon G. Nicholson, who recently purchased the Cleveland Studio from Peters & Todd, is making a marked transformation in the gallery. He is adding new equipment such as backgrounds, curtains, furniture and other accessories, and is also remodeling the interior of the building. Leon is a hustler, understands the business and is making good from every viewpoint. Aside from doing portrait work, he makes a specialty of enlarging pictures, doing crayon work, and developing and finishing films for amateurs. His traveling representative is Alger MacLaurin, and the two are certainly securing their full share of the business.

He is equipped to take nice pictures, that are equal to those taken in the day time. Gallery is open every evening. Leon's friends are pleased to learn that he is doing so well.

WAS BADLY BURNED

Hinerant's Clothing Caught Fire from Boufire While Sleeping.

Chas. Pollasky and two companions, traveling from St. Louis, Mo., and ostensibly looking for work, constructed a hole shack with railroad ties in the vicinity of Blaney Junction Monday evening, for the purpose of staying for the night. They built a fire, and during the night, the clothing of Pollasky caught fire, and before he was rescued by his companions he was terribly burned. The entire upper portion of his body was literally cooked, also one of his hands and arms. He is twenty-eight years of age.

He may recover if skin grafting is resorted to, as.

Dr. Hoop was summoned, and brought him to the county hospital for treatment Tuesday morning. The unfortunate man has a brother residing at Great Falls, Wis., who has been notified by County Poor Commissioner Neville.

GIVEN A RECEPTION

Rev. Mumby's Congregation Welcomes Him Tuesday Evening.

An informal reception was held at the Rev. E. E. Pasouage on Tuesday evening, and a very large company of members and friends gathered to welcome the Rev. and Mrs. F. D. Mumby back to the Manistique charge for another year. A very interesting program of musical and other numbers was presented and much enjoyed.

Mrs. W. G. Stephens on behalf of the Church, assured the Pastor of the loyalty of the people and of their great pleasure in his return for a third year of service among them. The Pastor in responding to the eloquent address of welcome thanked his ones for all the kindness shown toward himself and family in the past, and pleaded for greater cohesion and aggressiveness in the work of the church in order that the coming year may be the best in her history.

After the program a dainty Fruit banquet was served and the crowd dispersed testifying approvingly of the enjoyment derived from being present at such a pleasant gathering, and leaving behind them many tangible tokens of the high regard in which their present Pastor and his estimable wife are held.

MARRIED AT MENOMINEE.

Mr. J. J. Hank, and Miss Mae Duganne were married at Menominee on Oct. 8th. Mr. Hank, it will be remembered was a resident of Manistique last year, having been in the employ of the Consolidated Lumber Co., as book-keeper. He left here to accept a responsible position with the Sawyer-Goodman Co., at Menominee.

The bride was a stenographer for the credit man of Lauerman Bros. department store, and was very highly esteemed. Mr. and Mrs. Hank will make their permanent home at Chicago, where Mr. Hank has been transferred by the Sawyer-Goodman people. His many Manistique friends wish him and his bride a long, happy and successful life.

MUCH GOOD DONE.

Sabbath Leaguers Visited Man-
ager Sunday and Held Enthu-
siastic Meetings.

League was honored Sunday by
visitation of leading members of
the Superintendent Grant Hudson,
the Superintendent Young and
Troublemaker Rutledge, who in
past has lived a nightmare to
most of the liquor laws in the up-
per peninsula, before he was promul-
gated.

Hudson spoke at the Presby-
terian church Sunday morning. His
was a masterful one. His text
was coming that ye might have
all life more abundantly. He
said the Lord's mission here was
never to secure a post mortem
on the soul at death of
anybody should go to heaven, but that
he came to save life here on earth,
to give a fuller and better
supper and more useful life here.
He showed how liquor was
blotting life here but rendering
it miserable in every way. He
said its effect on the individual,
on family, and home and on
the interests. He cited many
cases that were very affecting and
convincingly showed it blasted all
that was most prized. It degraded
demoralized the man; it impover-
ished the family; it freed the hus-
band to kill his wife; it made or-
phan of his children, and it lessened
the society as a laboring man.

That we have a liability law in
this state, it made him a source of
danger and loss to anyone who
knew him. No one desired to hire
him that drinks.

The evening he spoke in the First
church to another large audi-
ence. He emphasized the rapid
with of temperance by showing
how showing the country twenty
years ago, and as it is today. The
portion of the map is now
and judging from the recent
relative to the wilderness of
it, one need not be surprised to
national prohibition within four

Young, head of the league work
in the upper peninsula; spoke at the
white church in the evening, and
spoke as able and convincing
course on the evils of the saloon
of Mr. Hudson.

Rutledge spoke at the Swedish
church in the morning, and at
in the evening.

He Mitchell gave up his evening
to his church so that his mem-
bers could hear these men on the
all part subject.

A large sum was raised for the
benefit of the work of the league
these meetings.

TREATMENT FOR SCAB.

Weston Gives Much Informa-
tion for Potato Growers of This
Section.

Scab, a prevalent and dan-
gerous disease of the potato is caused
by a parasitic organism closely re-
lated to soil inhabiting bacteria. It
spreads through scabby or fluted spots
on the whole potato. Deep scab
is caused by small insects working
into the scabby spots, making deep
incisions into the flesh of the tuber. Beet
and cabbage are occasionally
attacked by the same disease. This
bacteria lines in many soils

and is apparently able to live there
many years under the right conditions.
Scab requires a neutral or alkaline
soil for its best development, espe-
cially those soils in which sand
and fresh manure, especially those
containing large percentage of am-
monia, such as Hog and horse
manures all tend to promote scab
and should not be used on the potato
crop directly, but on the crop at least
a year previous or applied to the
open field that is going to be used for
potatoes as a top dressing, this giv-
ing the manure a chance to rot com-
pletely and the ammonia to be taken
up by the second growth of clover.

Acid soils may yield clean crops
from scabby seed. The use of com-
pound fertilizer containing acid com-
pounds, such as kamit and mural of
potash, acid phosphate, or any fertil-
izer containing sulphates made by
combining sulphuric acid (1-2 50-4)
with the fertilizer to make it avail-
able for plant food, tends to bring
about an acid condition of the soil,
plowing under green crops, especially
clovers, or any Legume, tends to set
up an acid condition of the soil. The
decaying organic matter in the green
crop on fermentation causes the acid
condition of this nature, excellent for
preventing scab injury in scab infected
soils. Excellent results have been ob-
tained by treating the cut seed with
"Flower" sulphur, applied at plant-
ing time at the rate of one teaspoon
full of the flower sulphur to one
peck of potatoes, or about 2 pounds
of sulphur to the acre, where pota-
toes are planted, 12-15 bu. per acre,
sulphur can be obtained in large quan-
tities for a nominal cost of 2, 2-2c
making a cost per acre of about
20 cents.

The flour sulphur acts a good deal
like the sulphur in the
commercial fertilizer acts. It being
broken down by the soil chemical,
to form acids, thereby setting up
the acid conditions around the roots
of the plants making it impossible
for the scab to grow in the immediate vic-
inity of the roots.

This treatment is simple and can
be applied in plants as well as land
and is within the reach of any of
the potato growers in the upper
peninsula of Michigan. Its value
has not been authoritatively stated but
a bulletin published by the Board of
Agriculture and Fisheries of Great
Britain says in case of garden and
in all allotments interested with scab
where potatoes are of necessity,
grown every year, the trenches in
which the potatoes are planted should
be sprinkled with powdered sulphur.

The Wednesday Circle of Manis-
tique Heights received four prizes at
the county fair for fancy work. As
Mrs. Bork entered the articles in be-
half of the society, her name appears
as having received the prizes when
the society in question should have
been mentioned in the credit. We make this
correction as the prizes in question
are credited to her in the list appear-
ing on another page of this issue.

SCHOOLCRAFT COUNTY'S SHARE OF STATE'S BIG TAXES.

Taxpayers of This County Will Be
Interested in Direct Information
As to Cost of Trouble of Two
Years Ago.

Schoolcraft county taxpayers are
interested in the outcome of the elec-
tion this fall as they have not been
interested in many years. All of
them have felt the burden of recent
annual state taxes but it may not be
known to many of them that the ap-
propriations approved by Governor
Parris brought to this county an in-
creased tax of \$2,025.

The entire state tax for the Ferris
administration was \$14,181,383.89, al-
most three million dollars in excess
of the state tax permitted by the Os-
born administration.

If this was all the best our county
has been required to meet through the
unfortunate election results of two
years ago we would be very fortunate.
But we have had to share in the loss
to every line of business that has
come to our state and to our county
as a whole through the changing of
the tariff and through the direct as-
saults on Michigan interests that have
been made at Washington.

The republicans of this county were
divided two years ago and their di-
vision, of course, assisted in bringing
the trouble for our state and nation,
but they are not and now and their
votes for Governor Osborn and for our
candidate for congress and the county
candidates will indicate their protests
against burdensome state taxes and
against all the losses they have been
compelled to endure through demo-
cratic inaction and mismanagement.

GERMAFASK NOTES.

Messias Birk and Grant Thibodeau
and Alenerie all returned from
their visit in Ontario. Also Messrs.
Cornell Grant and Thibodeau. All re-
port a good time, but think that
Germafask is a good place to call
home.

D. F. Morrison is having a cement
walk built along the front of his resi-
dence in the village.

Earl French's many friends will
be pleased to learn that he is rapidly
recovering from an attack of pneumo-
nia.

Supervisor Conlon was in Manis-
tique attending the meeting of the
board of supervisors.

Mrs. Thos. Gaffney of Port Huron
is visiting her mother, Mrs. Ed.
Merritt.

Mrs. Alex Stewart who has been
visiting friends in Detroit, returned
home last week.

Miss Alma Stewart's friends grieve
her a surprise party on the evening
of the 12th, the same being Miss
Stewart's 18th birthday. All spent
a delightful evening and joined in visit-
ing Miss Stewart many happy re-
turns of the day.

Rev. F. R. Leach leaves for Kalamazoo
next Monday morning where he
will attend the sessions of the
state Baptist convention. He will be
absent from the city four days.

OFFICIAL COUNTY AND CITY PAPER

FRIDAY, OCT. 16, 1914.

Editorial Comment.

There is one man in this world that is as busy as the average country editor, and that is the Kaiser of Germany.

That Escanaba can play football is reluctantly conceded by Manistique, and we hope that Escanaba has not forgotten the fact that Manistique can play base ball.

That modern methods of warfare are terribly modernized, is proven by the fact that the heavy guns used by the Germans at the siege of Antwerp, shooed towns twenty miles away.

The Menominee Herald-Leader is a better newspaper at the present time than at any time in its history. The latest importation of editorial talent appears to have turned the trick.

Napoleon once truly said, "Antwerp is a pistol pointing at the heart of England." On account of its strategic position no wonder the English view with alarm the occupancy of the new capital city of the Belgians.

No wonder the political pilgrimages of Governor Ferris are so enthusiastically portended for the Free Press. Jack Creamer is that newspaper's representative in the tour. Jack is the fellow that predicted the nomination of Cressbeck at the primaries, and that gentleman was third when the votes were counted.

When you give an itinerant the price of a first class breakfast and later ascertain that said itinerant devoted the money in acquiring a jag, and if he returns at noon and asks for another contribution, "for a dinner," a fellow is not committing an unpardonable sin should he say "dang," and then proceed to throw the intruder out.

Glyde Hecox of St. Ignace, has withdrawn from the race as a candidate for the Schoolcraft district. He is at present holding an appointive office under the state administration, and had he been elected representative the two offices would have conflicted, hence he decided that a bird in hand was worth more than two in the bush.

A joint to the side of the proposed dam for the municipal water power proposition will convince you that there is plenty of water in Indian sewer to "float a log." You will also be convinced that no mistake was made by the city when it acquired acreage for park purposes. It is one of the most beautiful spots in the vicinity of the city. It is sufficiently near the city to be easily accessible.

Persons are prone to become excited when discussing the European war, and if a fellow's ancestors hail from Germany, England or France, he is quite likely to grow eloquent in defending the land of their nativity, notwithstanding the fact that his ancestors may have located in the United States prior to the Revolutionary war. The better plan is not to discuss the war, but to condemn all the countries engaged in the most senseless and the bloodiest war that has ever been waged since the world was formed out of chaos. All countries are subject to censure. Europe has been a tinder box for many years, and it required but a mere spark to ignite it. If this shall be the last war waged by civilized nations, it will not be fought in vain.

The liquor interests propose to introduce and support an amendment making the city or village a unit instead of the county. Past experience has demonstrated the fact that cities are usually "weds," and the outlying townships "drys." However, in many of the counties of the state the voters in the townships outnumber the voters in the county seat, and as a result, the entire county is put in the "dry" column. This proposition will be vigorously combated by the "drys," and we doubt if a majority of the legislature will favor such a proposition. Should the matter be presented to the people for ratification, it would be defeated. If the "weds" make that sort of move state-wide prohibition will immediately leap into prominence, and stranger things than the abolition of the saloon business in the entire state of Michigan within two or three years, have happened. The fact of the business is that the rum traffic is an outlaw, and public sentiment is rapidly crystallizing in that direction.

Mr. Geo. J. Nicholson, who served the agricultural society as secretary during the past year, and who has placed the county under an everlasting debt of gratitude for his efficient services, while secretary, will not serve during the coming year, as he cannot afford the time. His duties with the White Marble Lumber Co. are such that he is a very busy man in his department, and it needs his entire time. His decision will be heard with regret by everyone that has been keeping in touch with the fair proposition, for his services have been invaluable, and he has given the society many hundreds of dollars in time, and the company he represents, as well as the other corporations in the city, have lavished in their donation of teams and men, through his efforts, thereby making it possible to whip the proposition into shape for the holding of a fair this year, at a nominal cost. Mr. Edwin Kallfleisch, who was Mr. Nicholson's assistant as secretary this year, also did excellent work in performing the manifold duties and details that crowded in upon him. He proved his efficiency, and his friends would be more than pleased should he be selected to succeed Mr. Nicholson. His honesty and ability is unquestioned. He would do the work to the entire satisfaction of all. If he should decide to accept the position if tendered him, the association as well as the county would secure a worthy successor to Mr. Nicholson.

Editorial Comment.

The board of supervisors decided that Schoolcraft county had a sufficient amount of townships, and turned down the proposition to divide Hiawatha township into two unequal portions.

A town farmer is proud of the fact that he possesses a three-year-old Rhode Island greenling tree that bore fruit this season, each weighing eleven and one-half pounds. He went a couple of miles to bring it to the upper peninsula in an ideal fruit country.

Those of us who were compelled to study Latin during our school days will remember that Caesar wrote centuries ago "that the bravest of these are the Belgians." The present generation of the Belgian people are living up to the reputation of their forebears in the matter of fighting.

Superintendent Hudson of the Anti-Saloon league, during his recent visit to Manistique, said that when he fell looked upon the bay from his window at the hotel, he fell in love with Manistique. He also said that if he lived here it would be a booster for Manistique and that this city should have at least 25,000 visitors every summer. It has an ideal climate, is admirably located and its people are hospitable.

The Reporter editor is pleased to know that George E. Holbein, the veteran editor of the Manistique Pioneer-Tribune, who has been quite ill for two weeks, is able to attend to his duties once more. The Pioneer-Tribune is one of our most valued exchanges and we would certainly be sorry to have the old man thereof out of the harness for any length of time. Congratulations old man over your complete recovery, and here's hoping that good health may continue with you for years to come.—Iron River Reporter.

An Englishman who fought at the battle of Mons, said to an American after the battle: We thought the Germans were forty years behind the times; they are forty years ahead. The greatest surprise of the present war is the German artillery. That clearly outstrips the artillery of every other nation at present engaged in war. It is now claimed that the Germans sold inferior armament to the Belgians and for that reason their artillery was unable to cope with the Germans at Antwerp, Brussels and other engagements.

Looks as though the proposed amendment to the constitution, proposed by the New Era society at Grand Rapids, will have hard sledding. It is vigorously opposed by every fraternal insurance order of the state, and when it is taken into consideration that there are about 400,000 members of these organizations residing in Michigan, the opposition is apparent. The insurance commissioners of Michigan, New York, Illinois, Kansas, Iowa, and every other commissioner whose attention has been called to the proposed amendment, are also opposed to it. It will be a good idea to vote against it anyway on general principles.

THE LINKS BEING FORGED.

Mackinac county has completed its road to the East line of Schoolcraft county, and if the latter county constructs a two and one-half mile extension from Blaney, autosts will then have a first class road from Manistique to Grand Island City. Mackinac county is also working on the line between Gould City, Engadine and Gilchrist, while Chippewa county is spending considerable money in the vicinity of Trout Lake. From present appearances it will not be long until a first class auto road will be constructed the entire distance between Manistique and the Soo. Delta county is improving the roads in the eastern portion of the county and when Schoolcraft county completes a few links, a possible road between Chicago and the Soo via Manistique will be a reality. This is the average resident of this portion of the peninsula forcibly reminded of the rapid improvement of its highways. What were roads mere trails a few years ago are now macadamized roads upon which autos may travel as rapidly as the driver cares to go. Soon roads will quickly develop the country for a farmer prefers to locate in a section where roads will permit him to haul maximum loads to market.

POLITICAL POINTERS AND PREDICTIONS.

Jack Creamer, the political horsepower for the Detroit Free Press, claims that Ferris will secure a plurality over Osborn in the upper peninsula. Jack, it will be remembered, claimed prior to the primary election that Osborn would be a poor third in the race, and he emerged from the race a good first, and the man Creamer is predicting for this position. That Osborn will be out in sections of the peninsula is a foregone conclusion, and that he will lose at least three counties is an assured fact. But the rank and file of the party have no grudges to nurse and believe in the integrity and honesty and efficiency of the ex-governor to such an extent that they will send him to the straits in November with a substantial majority. Thank God, cigarette smoking, false political prophecies do not control the vote of the Republican party of Michigan. The staunch, reading and thinking partisan is not stampeded by mercenary newspapers or their biased representatives. November will reveal the fact that the Detroit Free Press and Journal, who are controlled by the Stair interests, do not represent any considerable portion of the party in their vicious and uncalled for attack upon the biggest and best man Michigan possesses at the present time. The Ferris administration has cost the taxpayers of Schoolcraft county more than \$5,000.00 more than did the Osborn administration and the fellow that "pays the freight" will think twice before he casts his vote for Ferris under the circumstances. Ferris is a good school teacher but he has made an expensive governor. School teachers, as a rule are theorists and impractical. Come to think about it, every business college, save one, which institutions are supposed to teach true business ethics, have mulcted this office in sums varying from \$200 to \$750.00 in unpaid and seemingly uncollectible bills for job printing and advertising. Osborn is a business man; he made a success of life; promised a business administration when he was first elected, and delivered the goods. He reduced taxation, paid the state's indebtedness and quit the office leaving a substantial surplus in the treasury. Under the Ferris administration there has been alarmingly high. Osborn promises the same sort of administration he gave the state during his first term. Vote for him and reduce your taxes. Vote for Ferris and you will place yourself as sanctioning lavish expenditure of public funds.

We people who live in the upper peninsula and know Osborn best, are in a better position to determine the political situation above the straits than biased malcontents from Detroit. Osborn will carry the peninsula by a substantial majority for his neighbors have an abiding faith in him.

BREVITIES.

Mr. and Mrs. C. H. Saxby of Ham-
ack, were the guests of Mr. and Mrs.
C. W. Dutton early this week.

Mike Harr has erected a neat resi-
dence on his land located in the vicin-
ity of the proposed municipal water
power dam on Indian river.

For sale, a work team weighing
about 2,500 pounds, or will sell one
pair weighing about 1,600 pounds.
For particulars inquire at this office.

The ten-year-old daughter of Ste-
phen Harnes died Tuesday and was
buried Thursday morning. Services
were held from St. Francis de Sales
church.

Edward Joseph DeSantisteban and Ada
Leah Sample of Thompson, were mar-
ried at the M. E. church Wednesday
evening at three o'clock, by the pas-
tor, Rev. F. K. Mumby.

Mr. Herbert Barton, worthy man-
ager of the local Eastern Star chap-
ter, is attending the sessions of the
Grand Chapter held at Grand Rapids
this week, as representative of Ida
Chapter.

The Manistiquet Pioneer-Tribune,
which by the way, is one of the very
best weeklies published in Michigan,
has just established a model 8 linotype,
one of two such machines in the penin-
sula.—St. Ignace Enterprise.

BREVITIES.

Found a watch. Owner can secure
same by calling at this office.

Mr. Harnes, the Detroit tailor, was
in the city this week, calling upon his
customers.

Lost a gold watch chain. Finder
please return same to this office or
Mrs. James Tully, westside.

Messrs. Frank Aldrich and Ralph
Dodge of Hiawatha township, were in
the city during a portion of the
week.

Sherrif Howard, who is an official
of the fair association, has done in-
calculable work as such. He has been
on the job during the entire season,
and assisted materially in making the
fair a success.

In the list of business men having
exhibits at the county fair, we notice
the names of Oliver Hart and Lind-
ley Bras, & Co., as published in last
week's issue. They had very creditable
displays too.

Mr. Henry Garner, who has been
making a visit with relatives in Can-
ada, will return to the city Wednesday
evening, and will remain here during
the coming winter as the guest of Mr.
and Mrs. V. L. Hixson. His many old-
time friends are pleased to greet him
again.

Miss Shilson entertained a num-
ber of ladies Tuesday evening, at
her home in Riverside addition. The
following were present: Osborn,
Micheil, Hlangren, Brown, Posen,
Higgins, Cook, Murray, Mc-
Kenzie, Pregitzer, Short and Mrs. R.
H. Winkler.

Robert Rubin is easily the best lin-
guist in the city, having a conversational
knowledge of practically all of
the languages of modern Europe.
Whenever some fellow that cannot
talk the English language is hurt or
gets in trouble, Rubin is called upon
to ascertain who he is, and what can
be done for him. He has not been
stumped yet, and he has had some
very disheartening propositions
brought before him for solution.

The White Marble Lime Co. is phan-
tasy in progress extensively in filling
portions of its Marblehead farm.
Messrs. Raven and Jeffries were in
the city Wednesday for the purpose
of making preliminary surveys and
giving the company the benefit of
their knowledge. Mr. Jeffers was the
drainage expert for the M. A. C. for
a number of years and is considered
one of the ablest men of the state in
that line. He is at present connected
with the land department of the D.
S. S. & A. Ry.

**LET THE PEOPLE KNOW, MR.
OSBORN STRAIGHT OUT FROM
THE SHOULDER.**

Governor Ferris was elected two
years ago with the aid of the saloon
and low life interest, and BUT for
this aid it is doubtful whether he
would have been elected.

The liquor interests are for Mr.
Ferris again this year.

Which fact would indicate that
during his first term the Democratic
governor proved ENTIRELY SUFFI-
CIENT.

The Times wants to suggest to
Chase S. Osborn that he is overlooking
an opportunity if he fails to make
a big point of this liquor support of
Ferris in his campaign.

When Osborn was in the governor's
chair he gave us no better evidence
that he was a free and untrammeled
governor than by the fight he waged
against the very danger the state of
Michigan now confronts, which danger
is the domination of Michigan's
government by the saloons, the brewers
and the bonding companies.

Nine men on the slate of the Royal
Ark, Detroit's organization of saloon-
keepers, were nominated in the pri-
maries in this city, and they will be
elected.

These nine will make the two re-
maining members of the Wayne dele-
gation a hopeless minority.

The Wayne delegation in the house
can have its way and what it wants,
as a rule, for its support of the set
of legislators, and it will have its way
in the next legislature.

Already we hear that steps are be-
ing taken next year in Lansing to
have the local option unit changed
to apply to townships rather than
counties.

There are voters in Michigan who
are not so particular about party as
they are in their opposition to having
the whiskey interests in power and in
control of their legislature.

We believe they want to hear from
Mr. Osborn that his sympathies are
still with them; that he is the old foe
of an interest so vicious and with such
effrontery as to meddle with the op-
eration of a state's law-making de-
partment, the only department to
which we must look for protection for
our towns and cities and for our
homes.

Mr. Osborn has devoted his cam-
paign so far to an attempt to reunite
his party; to a taking up of the broken
parts and welding them together.

No good citizen in Michigan can
have any objection to the rehabilita-
tion of the Republican party through

conversion to the progressive prin-
ciples of honest leaders of advanced
thought and sincere sympathy.

We believe Mr. Osborn is going to
fail in this effort in his party, the
same as earnest Democrats have
failed in their party.

If the Democratic party in Michi-
gan is ever to get together, we are
taught by what took place recently at
Detroit, it must be at the desertion of
the principle declared for and stood
for by Jefferson and W. C. C.

If the Republican party in Michi-
gan is ever to get together, we are
taught by the attitude of The Free
Press and The Journal, by "letters to
the editor" and by the demonstrations
for Ferris in the copper country
(which he provided with armed
troops) is must be upon a basis pro-
posed by E. D. Stout, copper king
McNaughton, Linn Rowsey, Watt
Humphrey, Milo D. Campbell, Vox
Populi, One Who Knows and E. Har-
ris-Thum.

The Times believes and advises Mr.
Osborn that the voters in the Republi-
can party who are guided by prin-
ciples will be found together on elec-
tion day, just as the voters in the
Republican party who are guided by
principles will be found together on
election day, just as the voters in the
Republican and Democratic parties
who have private, selfish inter-
ests to protect and conserve will be
found together.

The Times believes and advises Mr.
Osborn that the voters of Michigan
who do not fancy having their laws
made at the dictation of the saloons,
the breweries and bonding companies,
will represent the BALANCE OF
POWER IN THIS ELECTION.

It believes these voters should be
made acquainted with the fact that
the "schoolmaster" governor doesn't
take his support straight from the
water bucket.

The Times believes these voters
should be made acquainted with the
fact that Governor Ferris, as gov-
ernor and as candidate, takes his orders
from vote-swapping organization
leaders allied everywhere with the
liquor interest and all the other in-
terests opposed to good government.

The Times believes these voters
ought to know that the schoolmaster
candidate has made a governor in
whom the men who make beer and
whisky and the men who sell beer
and whisky, are WHOLEHEARTED.

And The Times believes these voters
should get these facts straight
from the man who as governor fought
stamp and branded the rum shop
a "social supphrophye."

Let those Democrats and those Re-

publicans who just simply cannot for-
get Ferris out the whom, vote
by themselves.

Let those among them whom the
situation must place in doubt between
a well known and commendable desire
for civic righteousness and their pri-
vate interests, decide for themselves
whether they shall vote for LIQUOR
OR DOMINATION OF MICHIGAN OR
again, a Detroit Times.

UNFAIR METHODS.

The people of Michigan as a rule
are in favor of fair play. They are
divided of course as to political par-
ties and as to candidates, but by far
the greater number of the people of
this section and of the state as a
whole will look with abhorrence upon
the desperate efforts that are being
made by two Detroit newspapers, the
Free Press and the Journal, to dis-
credit the Republican candidate for
governor through newspaper stories
that cannot claim the slightest rela-
tion to the truth.

The Detroit Free Press stated a few
days ago that Mr. Osborn was in
Detroit on Saturday, Oct. 3, for the
purpose of calling on saloonkeepers
and soliciting support. The Free
Press story included the names of
certain persons on whom Mr. Osborn
was said to have called, and related
unsubstantiated supposed to have taken
place.

Now the truth is that Mr. Osborn
was not in Detroit at all on the day
mentioned, nor the day before nor the
day after. He was in Lonia county
throughout that day until late at
night. The writer of the Free Press
article knew that Mr. Osborn was not
in Detroit that day, but he also knew
that any such statements however
"false and detestable they might be,
would be eagerly taken and well dis-
tributed by the Free Press manage-
ment.

The Detroit Journal drew upon its
"imagination" for a different
story in which Mr. Osborn was
supposed to figure in Detroit, while in
fact he was many miles from that
city and not in any way related to the
accidents told of in the article. This
is the sort of misrepresentation and
"character assassination" through which
he attempts to bring made to elect
again a Democratic governor in
Michigan.

In every issue of these two Detroit
papers statements are being made
that have no relation to the truth nor
any reason for publication other than
the malignant opposition to Mr. Os-
born of the Detroit Free Press and
the Detroit Journal ownership. This
sort of journalism is not only a dis-

**AMENDMENT
IS EXPLAINED**

Senator James C. Wood, of Manis-
tiquet, representative of this district
in the state senate, yesterday morn-
ing appeared before the board of nu-
meraires and explained the provi-
sions of a proposed amendment to the
constitution, which if adopted will al-
low the legislature to enact a law,
making it possible for counties of the
state to extend credit to new set-
tlers. The enactment would also car-
ry a provision allowing loans to be
made for the carrying out of drain-
age projects and in which the peo-
ple in different sections of the lower
peninsula are now deeply interested.

The endorsement of the proposed
amendment would be, it was explain-
ed by Mr. Wood, the first step toward
the establishment of a farm credit
in this state.

If the amendment is adopted, it will
be possible for the legislature to then
enact a law, allowing counties to es-
tablish a fund from which farmers
may borrow money to use in clearing
up their lands, on long time and at a
low rate of interest.

Mr. Wood pointed out that the
adoption of the amendment at the
coming fall election would be the first
step toward real progress in making
of this district, immediately a great
agricultural district.

Mr. Wood was listened to with deep
attention by the numeraires and when
he had completed was warmly ap-
plauded.—Escanaba Morning Press.

POSITIVELY MASTER'S GROUP.

Foley's Honey and Tar Compound
clears the thick choking mucus, and
cleans away the phlegm. Opens up
the air passages and stops the hoarse
cough. The gasping, strangling fight
for breath gives way to quiet breath-
ing and peaceful sleep. Harold Berg,
Mass, Mich., writes: "We give Foley's
Honey and Tar to our children for
croup and it always acts quickly."

Report has reached the city of the
accidental shooting of the son of the
washerwoman working at Lemire's
camp near Steuben, Wednesday. It
appears that the little fellow was
riding on a wagon and in handling a
gun it accidentally discharged, the
bullet passing through his throat.
Death was instantaneous. The name
of his mother could not be learned.

Stop Those Early Bronchial Coughs.

They hang on all winter if not
checked, and pave the way for serious
throat and lung diseases. Get a bottle
of Foley's Honey and Tar Compound,
and take it freely. Stops coughs and
colds, heals raw inflamed throat, loosens
the phlegm and is mildly laxative.
Best for children and grown persons.
No opiates.

W. T. Hutcheus, Nicholson, Ga., had
a severe attack of rheumatism. His
feet, ankles and joints were swollen,
and moving about was very painful.
He was certainly in a bad way when
he started to take Foley Kidney Pills.
He says, "Just a few doses made me
feel better, and no more pains and
rheumatism are all gone and I sleep
all night long."

A large number of Manistiquets
attended the wedding hall held at
Thompson Wednesday evening, in
honor of the two couples from that
city that were married that after-
noon. The function was held at Mil-
ler's hall, and one of the local bands
furnished the music.

MAMMOTH PLANT

The Manistique Coeage Co. Busily Engaged in Preparations for Erecting Plant.

The Manistique Coeage Co., the newest addition to Manistique's lengthening list of manufacturing establishments, is busily engaged in preparing its site for the erection of the nine buildings that will comprise the plant.

The buildings are: A saw mill, 40x30 feet in size; a brick power house 30x45 feet; a turning mill 80x50 feet; a warehouse 60x100 feet; a dry kiln 70x155 separated from the fan room by a brick fire wall; and the other buildings that complete the group are

the office, barn and pump house.

The work of preparing the site is being rapidly pushed. Connections have been made with the city water system and a work shop has been constructed. A large force will be engaged and the work of erection will progress rapidly.

Mr. Fitzgerald, the secretary-treasurer is on the ground and looking after the details.

Manistique is to be congratulated in having secured such a valuable asset as the company in question, for it is composed of thorough business men that will at once become factors in the business and social circles of the city.

The concern will employ a large force of men, and as there is a well-nigh inexhaustible supply of timber of the sort the concern needs, the life of the coeage company will extend through many years.

THE SUPERVISORS

Seventeenth Anniversary of the Founding of County Board Held This Week—Much Business Transacted.

The annual meeting of the board of supervisors convened last Monday morning and has been in session all week.

Among the business transacted was the taking of the resolution asking for a partition of Blau's estate for the purpose of creating a new township.

The city of Manistique was granted the privilege of constructing a dam at its newly purchased site on Indian river.

The annual report of the executive committee in charge of the construction of the fair building and the improvement of the fair grounds, reported a deficit of \$2,800.

Miss Marshall, the visiting nurse who is spending a month in the county under the direction of the Red Cross society, addressed the board at length Wednesday afternoon. She urged the erection of a sanitarium for tubercular patients, where they could be given proper attention. She will visit the schools throughout the county for the purpose of making addresses to the scholars.

The sum of \$500 was appropriated to the Upper Peninsula Development association.

Tax matters and equalization, and the auditing of bills have taken much of the time of the board.

NOTICE!

The Married Men of the Swedish Baptist church will have a Social (Gull-fest) at the church Friday, Oct. 27, 1914, at 8 o'clock, p. m. An interesting program will be rendered after which refreshments will be served. Outside speakers expected to take part in the program. Admission 25 and 15 cents.

COMING OCT. 27.

Tuesday, Oct. 27 is the date when J. Leamy the Optometrist will again be here, one day only. Headache, dizziness and nervousness cured. Fitting children's eyes a specialty, glasses guaranteed to fit.

OBSERVED ANNIVERSARY.

Seventeenth Anniversary of the Founding of Calvary Mission Celebrated Last Friday.

Last Friday evening the seventeenth anniversary of founding of Calvary Mission was celebrated. The interesting part of the event was that the entire arrangements were looked after by the friends located about the mission. An interesting program was planned, and refreshments were served to some one hundred and fifty persons who filled the house. The success of the evening reflected credit on the women, who had the affair in charge.

Mr. E. W. Miller and Miss Fuller have been working in the mission since its organization giving faithful and conscientious service during all these years. Sunday school is held every Sunday at 3 p. m.

BOWLING TEAMS ORGANIZED.

Elks Have Formed League—Eight Teams Organized and Twenty-Eight Games to Be Played.

The B. P. O. Elks have organized a bowling league for the present season. The league consists of eight teams, and a schedule of twenty-eight games has been arranged. The first game will be played this evening.

The captains and the personnel of the various teams follow:

Captain Bingham, Huesfer, Crowe, Putnam, Thomas, Edmundson. Captain Dellat, Guinan, Wood, Hubbard, Shinar, Miller. Captain Scott, E. M. Orr, F. M. Orr, House, Paulsen, Rutledge. Captain Jewell, Atwood, Bays, Waters, Nicholson, Ross. Captain Griffin, Forshar, Craver, Rahl, Deemer, Saundera. Captain Klugstad, Barton, Worth, Bollio, Kelso, Greeney. Captain MacNaughton, Remell, Stammers, Kierfert, Daraw, Gero. Captain Drevdahl, Southard, Kalbfleisch, Barker, Kefauver, Lodstrand.

AUCTION SALE.

Wm. H. Wood, who has decided to leave the farm, will sell the following property at the farm on Thursday, Oct. 22: Seven head of horses, five cows, a yearling and a calf, two sets of lumber sleighs, two Democrat wagons, one wagon, a covered rig, hay, grain and all kinds of farm implements. Terms cash or approved paper.

TO OMIT MEETINGS.

The Monday Musical club at a meeting held Sept. 29, decided to omit the meetings of the club for a time, owing to the removals and prolonged absences from the city of many of its members. This action was deemed necessary under the circumstances. The club will not disband but will omit the meetings until the situation looks more promising.

Mrs. E. W. Miller, President. Winnifred Orr, Secretary.

ADDRESSED THE SUPERVISORS.

Miss Marshall, the visiting nurse, addressed the board of supervisors at length Wednesday afternoon. The address was very interesting and instructive. The state was fortunate in securing the services of Miss Marshall to serve it as visiting nurse, and her work is more or less unexcelled. Owing to the fact that she was assigned to it. She is thoroughly versed in her life's work; is energetic, tireless and possesses the ability to impart her knowledge to others.

ANNUAL MEETING.

The annual meeting of the Schoolcraft Agricultural and Horticultural society, will be held at the court house on Saturday afternoon of next week, commencing at 2:30 o'clock. A full attendance of members is urged and expected, for at this time the directors and officers for the coming year will be chosen. The dues for the coming year are also due and payable to the secretary, Mr. Geo. J. Nicholson.

EFFICIENCY STAR.

Capt. Joseph Fountain of Ste. Helene Light aims Merit Mark.

Captain Joseph Fountain, keeper of Ste. Helene Island light, was a caller Tuesday morning. Under date of September 17, he was notified by the lighthouse department that the inspection of his light for the fiscal year gave him 100 and entitled him to an efficiency star. The mark of 100 was scored on every point involved in the inspection. Wallace Hall of Mackinac Island is Captain Fountain's assistant.

An accumulation of a certain number of efficiency stars will gain the efficiency pennant, and Captain Fountain's light, now heading the list of "stars," ranks for the pennant. The pennant for the last fiscal year went to White Shoals light.—St. Ignace Republican-News.

KIND OF CITIZEN MANISTIQUE WANTS.

At the outskirts of Riverside addition is a pleasing monument to the enterprise and taste of a citizen of foreign birth, who has become a resident of Manistique. We refer to the beautiful home of John Hoholik. He has never received large wages, and his life is more or less uncertain as he is an employee of the Lake Superior Iron & Chemical Co. Yet as the result of saving his money and putting it to good use, he owns a residence that would be a credit to any portion of the city. Through commendable foresight, he acquired forty acres of land, joining Riverside addition, at a cost of \$600, some years ago, and it is safe to say that within a very few years the property in question will be worth very many times more than its worth today and he could sell it for as much as he would have paid for it. Owing to the fact that new manufacturing plants are more apt to locate in the West Side owing to the proximity of the railroads, the property in that section of the city will increase in value quite rapidly. Men of the Hoholik kind are an asset to any city.

BECOMING BEAUTY SPOT.

Riverside addition is rapidly becoming one of the beauty spots of the city. The residents thereon are taking pride in the care of their lawns, are planting trees, and painting their homes. The homes in that section of the city are owned by workmen, some of which are receiving humble wages, yet they are showing a commendable pride in the care of their residence property, and are keeping pace with the remainder of the city. They deserve more credit for what they have done than do the men of moderate means.

LEG BROKEN.

Steve Lossage Employed at Camp 85, Sustained Severe Injuries.

Steve Lossage, employed at Camp 85, located near Steuben, was brought to the city Monday evening for treatment of injuries sustained while at work. One of his legs was broken and crushed. He is being cared for at the Rutledge hospital.

Now for the Graceful Swinging Cape Coats

Which Have Taken All America

by Storm

All were made to our order and to our liking, the styles are out of the ordinary, but in fact good taste. They reflect the smart touches suggested in Paris models, imported from Premier, Cheruit and Callot.

They are the work of Conde, designer and tailor of international experience. And Autumn comfort is assured by the warm heathery Tweeds, the illuminated Mixtures, the soft, distinguished Scotch Plaids and the luxurious Wave Zibelines. Choose your coat from this fine collection with confident assurance of satisfaction in excellence of quality and moderation of cost.

A REAL English Plaid material is used for a coat embodying the full swinging lines of a real London Coat. And swinging from the shoulders is a deep full-fashioned cape of the same material. The cape is easily detachable as it is merely buttoned to the coat. Slash pockets, convertible collar and fascinating buttons complete this popular model \$13.75

REFLECTING a fashion "a little ahead of the next" is a jaunty model consisting of a cape effect at the back and a regulation fashioned coat in front. The material in this individual model is an imported Tweed in green, grey or brown mixture and the buttons in matching tones make an effective trimming. This coat is one that looks worth twice its price..... \$10.75

EVERY detail of this Broadcloth Cape Coat is the last word in fashion. The cape at the back only is buttoned to the shoulders and edged with Tailor's silk braid. The flaring collar is covered with Alfresco Plush. The body of the coat carries out the flaring lines of the season's new silhouette. Full lined with guaranteed satin. \$22.45

These and other exclusive models from the Shop of Conde are most unusual coats and are sure to sell very rapidly. As the number is limited, early shopping is advised.
