VOL. NO. 35 2747 NEW SERIES 1267

MANISTIQUE, MICHIGAN, FRIDAY, JAN. 1, 1915.

\$1.50 PER YEAR.

## WHAT MANISTIQUE SHOULD PLAN TO DO

The Commercial Club Should Have the Support of Every Citizen in Its Quest for New Industries.

Manistique, by having two good factory propositions during 1914, has achieved something that it can well be proud of. These factories, one of which has been in continuous operation since midsummer, and the other that will go into commission early in January, are monuments to the hard-line ability of the local Commercial club, and to the liberality of the city and its business men.

The record made during 1914 can be duplicated in 1915 if the club is given the support and encouragement of the public. The few dollars that are required to pay the annual dues would work no hardship upon any citizen in the city, were he to enroll as a member and pay the dues. Every man in the city that is earning wages, and has employment should voluntarily enroll himself as a member. By so doing, his name and influence and his money will be an invaluable asset not only to the club but to the community. Whenever a man puts money into a project he becomes interested therein. Too often the overburdened business man is expected to make a liberal donation of money and time to assist any cause that may make the city better and more prosperous, while the average citizen looks on and does not show an inclination to support the plan with as much as an annual payment of dues to help the good work along.

During 1915 we hope that every man in the city will become a member of the Commercial club, and that the club will duplicate the good work done during 1914.

We, who reside in Manistique, should be vitally interested in its progress. The average citizen has made his investments here, calls it his permanent home, expects to die here and he will awaken in the beautiful cemetery on the hill when Gabriel toots his horn. Nature has done much for Manistique. No city on the shores of

Lake Michigan is more admirably located. It possesses the only all-year harbor on the upper lakes, has a fine shipping facilities through a three lines of railroads including the ferry line between this city and Frankfort. It has raw material galore near at hand, has a limestone quarry within the city limits that has attracted customers from all sections of the United States; it possesses undeveloped horsepower galore in the Manistique river, which flows through the center of the city. It has a pure water supply, a sewer system; many miles of cement sidewalks; model streets, five public school buildings and a parochial school building that is a credit to any city. It has eight churches, and a government harbor that cost about \$400,000.00. While it has made remarkable progress during the past decade, yet its growth can be stimulated if every citizen puts his shoulder to the wheel. Manistique should become the largest city in the upper peninsula, and it will if we all do our part in bringing this about.

## PUBLIC MORE GENEROUS THAN USUAL

Committee in Charge of Red Cross Work—Thanks All That Helped in the Meritorious Work.

The publicity committee of the anti-tuberculosis society reports that gifts have thus far exceeded those of last year by sixty per cent. Surely Manistique people can be credited with good will toward men.

Thus far 19,215 stamps have been sold, divided as follows:

Business men	\$108.70
Central school	34.49
Lakeside school	17.75
Westside school	14.80
Riverside (one room)	2.30
Thompson	6.65
Friends	8.00
Total	\$192.15

A few letters have not been returned. Please send the committee your contribution or return the seals this week without fail.

## THE KRUMMACH FAMILY REUNION

Annually held on Christmas Day and Always Largely Attended.

As Christmas dawns, each year all of the children, grand-children and great-grand-children of Mr. and Mrs. Jacob Krummach, of Lakeside addition, went their way to the home of the aged people to spend the day with them and to participate in the big Christmas dinner that is always a feature of the reunion.

Although Mr. and Mrs. Krummach have both passed the four score year mark, yet they enter into the spirit of Christmas tide with the same zest and joy that characterizes the average small child.

A Christmas tree is always a feature of the day as observed by the family and guests, and Santa Claus delivered his year as usual, a large number of presents to the various members of the family present. The reunion is always a day of pleasure, but was marred this year by the absence of familiar faces.

There were thirty present this year, viz: Mr. and Mrs. Jacob Krummach; Mr. and Mrs. Wm. Krummach and son Jay; Mr. and Mrs. Peter Dausay and son Peter; Mr. and Mrs. Pat Quinlan and son Lawrence; Mr. and Mrs. Peter Quinlan and family; Messrs. Peter and Edward Krummach; Mesdames E. G. Reimold; Wm. Geniz of this city and Elmer Krummach and son of Niagara, Wis., and Mrs. N. J. Detzler and son Pat of Newberry.

The aged couple were the recipients of many useful presents. They are very highly regarded by the entire community, and it is hoped that they will live to spend many more days of similar nature.

## FOR SALE

A large quantity of 16-inch hardwood, largely hard maple, is offered for sale by A. M. Chesbrough, Thompson, Mich. Price per cord \$12.

## WEEK OF PRAYER AT FIRST BAPTIST CHURCH

In keeping with a time honored custom the week of prayer will be observed next week at the First Baptist church with special services each day, excepting Saturday. Hour of service at 7:30 p. m. The plan this year is to enlarge on the scope of the meetings. They are planned to interest the community at large. To that end special practical and helpful messages will be presented. The public is most earnestly invited to be present. No better way to start the new year than to take an inventory of one's life. These meetings will help this very thing. It is a good thing to ascertain how much one is worth morally and spiritually, as well as financially. Following are the themes for the week:

- Jan. 4.—The Purpose of Prayer.
- Jan. 5.—The Song of the Lord renewed.
- Jan. 6.—The Continuous Revival.
- Jan. 7.—Where Art Thou?
- Jan. 8.—The Best Wine at Last. (A message for young people.)

## KEROSENE EXPLOSION CAUSES DEATH

Mrs. Chas. Wilson of Trout Lake Burned to Death Monday Morning.

Mrs. Charles Wilson of Trout Lake, was burned to death in her home Monday morning following an explosion which occurred when her husband was attempting to start a fire with kerosene.

The fire occurred about 4 o'clock in the morning and the fatality has spread a gloom over the village of Trout Lake.

After dropping two small children to safety from a second story window, Mrs. Wilson's clothing is said to have perished before assistance arrived. Her husband took one child from the burning building but, it is said, was unable to reach his wife.

The explosion occurred when Mr. Wilson was pouring kerosene on a fire and the can exploded, spilling the burning oil in all directions.

## THE SHERIFF'S APPOINTEES.

August Norman Is Under-Sheriff and Morley Bryce Is the New Turnkey.

Sheriff-elect Fred M. Orr who takes charge of the office Friday of this week has made the following appointments:

Under-sheriff—August Norman. Deputy Sheriffs—John Peterson, Chas. Lundstrom and Paul Reeder. Turnkey—Morley Bryce.

The appointment of deputies throughout the county will be made later.

Mr. August Norman, the new under-sheriff is one of the most highly respected citizens of Manistique. He has a wide acquaintance throughout the county, and his recognition upon the part of Mr. Orr, generally pleases. Messrs. Peterson, Lundstrom and Reeder have been serving the county as deputies for years, and are thoroughly competent to fill the positions in question and are conversant with the duties the positions entail.

Mr. Morley Bryce the new turnkey, is also well and favorably known throughout the community, and will efficiently fill the position.

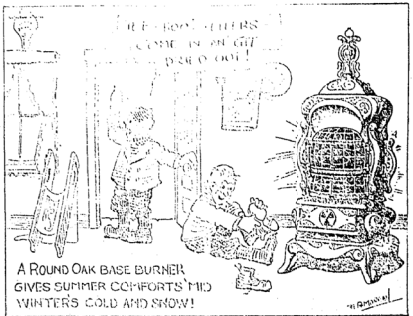

Take it all in all, the appointments made by Mr. Orr give general satisfaction and augur a successful tenure of office for the sheriff.

## CAROL IVA GAYAR DIES.

Carol Iva, the daughter of Mr. and Mrs. Geo. Gayar, died on December 24th. She was two years and one day old, having been born on Dec. 23, 1912. The funeral was held from the home on Maple Ave., Saturday afternoon, Dec. 26th, at 2:30 o'clock. Rev. Leach of the First Baptist church officiating. The bereaved parents have the sincere sympathy of their friends.

EDITORIAL COMMENT.

Real men of the administration to give the Democratic postmaster a taste of Democratic times by announcing a decided reduction in salaries.

When you feed your chickens plain a little food on a box or elevated platform where the birds can get at it, the grateful chatter of the water birds as they appropriate your bounty is worth all the food supply costs.

General Passenger Agent Callaway remembered his Manistique friends, including the Pioneer-Tribune, with a metal look meter upon which reasonable sentiment was stamped. His Christmas tokens are always unique and highly prized by the recipients.

Frank Knox, erstwhile Bull Moose and editor of the So, who is now engaged in the newspaper business at Manchester, N. H., is boosting Senator William Allen Smith for the presidency. This would lead one to believe that Frank has renounced his former political allegiance.

"I want my boy to grow up a strong, sturdy American citizen," Mr. Lindquist said. "I do not want to trust his future to the hands of the liquor traffic. Not all the wars since the dawn of the world have struck down the millions that have fallen on the altars of alcoholism. Now is our opportunity to save these lives."

The Escanaba Journal reached its twenty-third milestone last week, and while "23" is associated with "skidoo," the combination is broken in this particular case, for the Journal under Mr. Lindquist's management, is better than ever. He and the best associates of the "Sandy City" possess. However, the citizens, or some of them at least, are not willing to admit this, for their ideal citizenship consists of bull-necked lungsters.

Governor Ferris has announced that he is in favor of the retention of Warden James Russell. This news will please his many friends and admirers of the warden. Mr. Russell is considered one of the very best wardens in the United States. He has made a study of penology, and his success as an official, considering the fact that the Marquette prison houses many of the most desperate characters in the state, is a matter of record. In the past he has been maligned and his name has been used by newspapers with the thought in mind that they might be instrumental in skidding him, but he has always been vindicated every time an investigation was made. Russell is the sort of official that should be retained in office just as long as he is willing to fill his present position.

In an editorial commenting regrettably on the necessity of postponing the celebration of the peace centenary marking 100 years of peace between the English-speaking nations, the Times expresses the nation's gratitude to America for material proofs of sympathy and affection and for the work done for victims of the war. The article details a long list of American war charities, and adds: "In all history there has been no work like this. Never before have we received from another people proof so moving of interest and regard. We are not an effusive nation, but the American self-sacrifice and warm kindness has sunk deep into our hearts.

"If we cannot unite today with our American friends in a great peace celebration, we can at least bear testimony to the unparalleled munificence of their charity and the good will they are showing to all, but not least to ourselves and to our allies."

Judging from an article appearing in the Detroit Times, coppermen are deplorable in the copper country. The embargo on copper makes it impossible for that section to dispose of its product, and Germany and Austria have always been good customers. It is estimated that more than \$100,000 was raised by the citizens of that portion of the peninsula to provide necessities for the suffering families during the holiday season. The long strike followed by the copper embargo has transformed the most prosperous section of the state into one where dire want stalks. The business men of that section are not asking for outside aid but are manfully going all in their power to alleviate suffering. Too bad that labor agitators over visited the copper country. Had there been no strike, the copper country could easily weather the temporary dullness in the copper market. But the savings of years were wiped out during the strike, and the working men were ill prepared to withstand the loss of their positions or the short hours and abbreviated pay that is at present in vogue.

While party lines were not drawn in the vote cast for and against the Hobson resolution, according to the daily press, yet it is safe to say that the lines were drawn in the Michigan contingent in congress. The two Democratic congressmen from this state, Doremus and Beaton, voted for Hobson, while the Republican congressman voted for the Hobson bill. While the bill received a majority of the votes in the House, yet it was defeated, as a two-thirds majority is required. More than six million people had signed a petition asking for the adoption of the bill in question. The debate on the question gave some of the supporters of the liquor business to Abel George Washington and Jesus Christ. They claimed that Washington was a brewer, Lincoln a bartender and that Jesus Christ turned water into wine and that persons used to not drink wine with a stick in it would not be satisfied with non-intoxicating grape juice. Another congressman called attention to the fact that the government would lose revenue to the amount of nearly \$400,000,000 annually should the nation go dry. The affirmative side of the question was able supported. There were congressmen that believed that the revenue above mentioned could not offset the crime, misery and degradation caused by booze. Representative Lindquist of this state said:

CONG. SCOTT LOYAL TO MICHIGAN.

Enjoyed Roses in California and Other Features of His Honeymoon Trip.

"I liked the roses and sunshine, but believe me, the snow looked awfully good when we arrived at Alpena," and Congressman-elect Frank Scott, who has just returned with his bride on a honeymoon trip by automobile from California, following his marriage to Miss Edna C. James, November 11.

"It always makes a man feel glad to return to Alpena," continued Mr. Scott. "I surprised me how constantly I was reminded of the home town when I was out in California. For instance, the automatic signals on all the railroads out there are operated with the aid of sodium which is shipped from the Ford plant at Wyandotte where it is made out of Alpena limestone."

"They peel the peaches out there with another limestone chemical that comes directly from Alpena. I didn't see across many Alpena people, but I did receive some letters from Sealice people who will be here for me successfully upon my return."

Mr. and Mrs. Scott will remain in the city for a time, but probably will make a trip to Washington after the first of the year although Mr. Scott does not take his seat as Alpena's first congressman until March 1, 1910.—Alpena News.

TEACHERS ATTENTION!

The superintendent of Public Instruction has appointed an institute or Schoolcraft county to be held on Tuesday, Jan. 25, 1910. The institute will be held in the assembly room of the central school building in this city, and Superintendent T. W. Clemo of the city schools has been appointed conductor. The instructors are Dr. H. W. Shroyck, President of Southern Illinois State Normal University and Miss Adelaide Starna Taylor, Deputy Supt. of Public Instruction of Indiana. Supt. Keeler feels fortunate in being able to secure these people, as they are considered among the best and strongest institute workers in their respective states. It is hoped and expected that every teacher in the county will take advantage of this opportunity. The success of the institute depends upon you. A full attendance and lively interest will prove our appreciation for the very expensive favors which the state is pleased to bestow upon us.

It should be understood that teachers are entitled to full pay for all time lost in attending this institute.

Very cordially yours,  
W. T. S. CORNELL,  
Com. of Schools.

Miss Marguerite Shilson of Detroit, is the guest of her parents, Mr. and Mrs. Edwin Shilson.

### STATE OFFICIAL 31 YEARS.

Such is the Unique Record of Auditor General Fuller.

Speaking of Auditor General Fuller's record as an official, the Free Press has the following to say concerning the man that is so popular in the Upper Peninsula:

When Oramel B. Fuller takes the oath of office on January 1, as auditor-general for the next two years, he will enter on his thirty-first year of service for the state of Michigan.

In the year 1885 Mr. Fuller began to serve the state as a justice of the peace. Since that he always has been a commissioned state officer of some sort. His commissions, had he loved them, practically would be a history of the state.

Here is the auditor-general's record: Justice of the peace, Ford River township, Delta county, 1885 to 1906 inclusive.

Moderator of the school board, District No. 1, Ford River township, 1887 to 1907, inclusive.

Treasurer of the township of Ford River, 1890, 1897 and 1900.

Supervisor, township of Ford River, 1901 to 1908, inclusive. Resigned 1908.

Representative, Delta district, then composed of the townships of Alger, Delta and Schoolcraft, 1893, 1895 and 1897. Speaker, pro tem of the house, 1897.

Senator, Thirtieth District, counties of Chippewa, Alger, Lake, Mackinac, Menominee and Schoolcraft, 1901, 1903 and 1907. President pro tem of the senate, 1903.

Auditor-general, 1909 to 1914, inclusive. Re-elected for the term ending Dec. 31, 1916.

In addition to filling the foregoing offices, Mr. Fuller had one honor fall to him, which has been granted very sparingly in the history of Michigan. He was governor of the state, by virtue of his office, for one day. That day was Jan. 21, 1905. Governor Bliss, at the time, was in Chicago, while the lieutenant-governor, Mainland, was in the far west.

That particular day, Mr. Fuller looks back on with a good deal of pride and admiration. Bliss went to Chicago, leaving Fuller as the president of the senate, on the job. He expected to be gone for three or four days, but when he reached Chicago, he found telegrams from his intimates at Lansing asking him to

come at once. They were afraid Fuller might do something, which would put matters in bad shape.

Their fear was groundless, but the warning to Bliss resulted in his return the next night.

An appointment of a game warden was pending, plans were being made for a prize fight in Lansing and several other matters were up for executive action, which the friends of Bliss were afraid might be attended to by Fuller. Fuller's friends told him he would appoint a game warden and issue orders to stop the prize fight. All of which Fuller had no intention of doing, but it scared the Bliss crowd so that they begged their chief to return.

"Being governor for a day was lots of fun," says Mr. Fuller in telling of it now, "but take it from me it was no strenuous day."

His "Clarendon friends" hope that he may crown his record as an official with two terms as governor of the state of Michigan. Mr. Fuller has made good in every position he has ever had should his party decide upon him as their nominee.

### TONNAGE

Word has been received in the city that the Grange petitions, initiating the tonnage tax, had failed.

This means that the tonnage tax issue will not come before the legislature this year. The bill that provides for the initiative, in which the Grange would have had a vote on it in the state at large, whether or not it was featured in the legislature. It may, however, be presented in the legislature at an ordinary bill, and thus may be before the members. In any event, the Grange members who are interested in securing the tonnage tax for the state assert that they will begin the preparation of new initiative petitions in the hope of forcing the state to a vote two years hence.

Saturday was the last day for filing initiative petitions and the number of names available fell far short of the 35,000 required. A. P. Hull, a leading Grange organizer and president of the Grange insurance association, blamed the cause for the failure to obtain the names required. "We had had lots of trouble over those petitions," he said. "The law requires that all signatures be sworn to by the person, or persons, who secure them. In many cases petitions came to us which had been circulated by at least four and sometimes half a dozen persons, and we found we had to have an

affidavit from each one of them; it was too late to send them back and have the affidavits made. Only last week thousands of signatures came in which could not be certified and returned for the next week."

Prominent men of the upper peninsula, both those engaged in the mining industry and those who have nothing to do with it, who have been following the course of the tonnage tax legislation, are well pleased with the news that the petitions have failed, as their success would have meant a determined effort to have the proposed tax endorsed at the polls. In turn, this would have meant that the upper peninsula mining counties would have been under the necessity of undertaking a campaign that would have involved much effort and considerable expense, in an effort to combat the arguments that would be advanced by the men who favored the proposal.

The Michigan Equal Tax association organized in Marquette recently, has been laying preliminary plans for past several days for undertaking this campaign, if the necessity should arise. This association was organized at a meeting representative of the general property interests of the upper peninsula mining counties, and the campaign it proposed to undertake would have been conducted independent of the mining companies. The failure of the Grange petitions will probably result in its being held in abeyance for the time being, though it is possible it may be decided to go ahead with some educational work against the day when the issue may be forced.

### UPPER PENINSULA NOTES.

The sale of Red Cross Christmas seals in Marquette this year is larger than ever before. This year's sales, when previous local sales records were broken, to Mr. M. Bong, belong to the chief credit. Up to date about 12,000 Christmas seals have been sold here against 10,000 last year. The report of the Michigan State Anti-Tuberculosis Association for this season's sales of Red Cross Christmas Seals, up to Dec. 22, shows that according to population the percentage of sales is higher in Marquette than in early all. It is not in all of the cities and villages of the state.

A tabulation of the year's shipments from the Soo docks at Gladstone shows that 1,022,368 barrels of flour and 2,165,336 bushels of grain went from there. The grain business is twice last year's. Westbound mer-

chandise is less, 42,236 tons having been transhipped. Coal receipts—1,514 tons of bituminous and 8,483 of anthracite—also were less.

Miss Ruby Campbell head clerk in the Sweeney postoffice has resigned her position. She is succeeded by Mrs. Florence Young.

Mike Miller, a section hand of the south shore, at St. Ignace, was seriously injured Monday afternoon while unloading coal from the cars at the tracks at the north shore. Miller in some manner lost his balance and fell from the trestle, striking on his head, sustaining a fracture of the skull. He was at once removed to his boarding house and Dr. Darby summoned. The doctor found that the injuries sustained by the fall were of serious nature and that the man was in need of hospital care and attendance. He purchased a cot and bedding and Miller was placed aboard the 15 passenger train in the evening and sent to Marquette for treatment.

Mrs. Louis Miller, a pioneer resident of Munising, died at Munising hospital last Monday, at 11 a. m. Mrs. Miller was born in Ishpeming thirty-seven years ago, from which place she came to Munising with her husband, Louis Miller, in the year 1896, and has from then on made her residence here. Decent was well known in the city and had a large circle of friends. Her illness was of short duration and her death came as a shock to her many friends.

Cheriff Boone of the Soo, passed through St. Ignace Friday evening in charge of a young man who was being taken to the local reformatory. The sheriff said that Chippewa county would again vote on the question of local option next spring and that the outlook was in favor of its adoption.

The benefit given by the "Good Fellows" of the auxiliary theater Tuesday drew a packed house and over fifty dollars were realized which were turned over to the United Service club to help make a happy Christmas for the Newberry kiddies.

The Newberry State Bank has rented its opera house in the bank block to E. J. Hamilton, who will convert it into a furniture display room, a purpose for which it is excellently suited. Since the advent of the motion picture theaters throughout the country, small opera houses have become unprofitable. During the last two years the bank people have found it hard to look any good attractions and opera house has become something of a white elephant. The closing of this place leaves the city without a suitable place for public gatherings except the high school auditorium, which is only used for school purposes.

The first Christmas candle reported in the copper country occurred last evening at South Kenaurea when the 14-year-old daughter of Mr. and Mrs. Joseph Pollard, was probably fatally injured, while making Christmas candies. The girl's dress caught fire from the cooking range before which she was standing, the flames penetrating her clothing quickly and burning her badly. The young girl ran out of doors and threw her self into a bank of snow in an endeavor to put out the flames.

The conveyor from the Hornor trolley mill to the Newberry power plant, being erected for the purpose of conveying waste fuel from one plant to the other is now practically completed. The conveyor will carry

**WHAT MANISTIQUE**  
**DID THIS YEAR**

Episcopal Progress Made by the City During the Past Year.

That Manistique is a better town today than it was a year ago must be conceded by every inhabitant thereof. Not only have new industries been added during the past year, but a record in the erection of buildings of a permanent nature has been made.

A resume of some of the things accomplished during 1914 is not amiss at this time.

Through the enterprise of the Commercial club and the business men that took stock and purchased bonds, we have two new manufacturing plants, viz: The Manistique Handle Co. and the Manistique Coopers Co.

The former has been in constant operation since mid-summer, and the latter has practically completed the erection of its numerous buildings, has installed its machinery, and will be ready to go in commission about Jan. 15th. These factories will give employment to a large number of men, and will give the farmer and timber owner a ready and profitable market for products that cannot readily be converted into lumber.

A number of brick buildings were erected during the past year.

Geo. MacLaurin, the veteran business man of the westside, erected a commodious brick and stone business block during the past summer and is occupying same. Oliver Hart, the enterprising grocer, has erected a large brick building at the corner of Cedar and Elk streets, and will occupy same in a few days. Sandberg has erected a two-story double store build-

ing and brick, at the corner of Main and Elm streets, which will be ready for occupancy in a few days.

The Manistique Brick and Tile Co., which has been in operation since the latter part of 1913, has completed 20,000 bricks, and has shipped 10,000 to the local market.

The Manistique Brick and Tile Co., which has been in operation since the latter part of 1913, has completed 20,000 bricks, and has shipped 10,000 to the local market.

**CIRCUIT COURT NEXT WEEK.**

Large Number of Cases Will Be Heard, Including Murder Cases.

The January term of the circuit court will convene next Monday. From the docket that appeared at last week's Term, it will be seen that the term will be a busy one. The first case on the docket is a charge of murder. The defendant is charged with the murder of a woman. The case is set for Monday morning.

Another case is a charge of murder. The defendant is charged with the murder of a woman. The case is set for Monday morning.

There are also several cases of assault and battery, and several cases of larceny.

**IN THE ROLE OF SANTA.**

Mr. Cheshgrove of Thompson, who is one of the largest patrons of the local telephone company and the local Union, played the role of Santa Claus to the general manager of the Western Union, Mr. Schaeffer, and to the ladies of the local telephone exchange. He presented Miss Schaeffer with \$20.00 and the telephone company with \$100.00.

**HE BLAZE AT HANSON HOME.**

A night blaze occurred at the home of Mr. A. L. Hanson at Thursday evening. The chimney caught fire, and sparks fell on the roof, burning a hole in it. The fire department responded promptly and extinguished the blaze before much damage was done.

**NOTICE L. O. O. F.**

The local lodge L. O. O. F. and Sister Rebekah officers will be jointly installed Wednesday, Jan. 6, 1915.

Officers will also be a banquet and entertainment for all members and their families. Sister Rebekahs and visiting brethren cordially invited.

**CHARLES BARTLETT,**  
Secretary.

**CHRISTMAS WEDDING.**

Mr. Wm. J. Loching of Neenah, Wis., and Miss Lena LaPlum of this city, were married at the home of Mr. and Mrs. Joseph Gauthier of the westside last Friday afternoon. Alex. R. H. Temple, officiating. A number of friends witnessed the ceremony. The attendants were Mr. and Mrs. Ego. W. Castle of Chicago. Mrs. Castle is a sister of the bride.

**BAPTIST CHURCH.**

**PRISON CHAPLAIN IS IN BAD.**

Chaplain E. H. Lougher of the Jackson Prison Wrote Too Many Letters to Wives of Prisoners.

Chaplain E. H. Lougher, of the Michigan state prison, at Jackson has a good following of charges preferred against him by a newspaper with Aladen Simpson who immediately requested the resignation. Charges were that Lougher was using the name of the wife of convicts who come to the prison to visit their husbands. The charges were forwarded Warden Simpson in form of letters written by Lougher to the wife of a convict, who he had endeavored to win away from her husband, and to whom he had made improper advances. The wife feared that her husband might become angered if he had knowledge of Lougher's actions, and spoil the chance for a parole promised at the expiration of his minimum sentence in December, was afraid to call her husband's attention to Lougher's attempts to make love to her.

Warden Simpson, after seeing a copy of the letters, states there was, no doubt, but that they had been written by Lougher and comparison with the writing in the letters and other writing of Lougher on record at the prison was made and both were the same.

The letters written by Lougher were gushy and reeked with endearing terms. The young woman, in charges which were published, alleged Lougher enticed her to a hotel and made improper advances to her behind locked doors.

**A CORRECTION.**

The article in the Pioneer-Tribune dealing with the consolidation of the two banks was not correct. A number of members of the W. O. W. band are assisting the Manistique band in their concert Dec. 30.

**RECOVERED SEVERE INJURIES.**

Geo. Bucklmayer, an aged citizen of Manistique, met with an accident Christmas night that will permanently disable him. He was spending the evening with Mr. and Mrs. Wendland at the city building, the latter being his daughter. During the evening he took a nap on the sofa, and awoke while asleep, walked to the door leading to the rear stairway, and fell down the flight of stairs. He sustained the fracture of several ribs and received internal injuries from which he may not recover.
