## HOW THEY VOTED WEDNESDAY.

McKinney Defeats Teeple by Six  
Erickson Defeats Witter,  
Lundstrom Defeats Graham.

The primary election, held Wednesday, unearthed a few surprises, when the votes were counted, not the least of which was the defeat of R. H. Teeple, for Justice of the peace, by W. A. McKinney, and the defeat of Witter, Alderman of the Fourth ward by Erickson. A light vote was cast of the wards except the Fourth, almost the normal vote was

cast in the various wards fol-

low:

—First Ward—

Mayor—Middlebrook, 53; Pat-

ton, 7.

Clerk—James Christensen, 58.

Treasurer—Dolor LaFolle, 60.

Justice of the Peace—Teeple, 94;

Witter, 23.

Supervisor—Axel Olson, 58.

Alderman—John Stream, 57.

Constable—Chas. Gustafson, 4.

—Second Ward—

Mayor—Middlebrook, 93; Pat-

ton, 9.

Clerk—Christensen, 102.

Treasurer—LaFolle, 94.

Justice—Teeple, 71; McKinney,

109.

Supervisor—Stephens, 93.

Alderman—Lundstrom, 76;

Witter, 62.

Constable—Peter Eggertson,

109.

—Third Ward—

Mayor—Middlebrook, 99; Pat-

ton, 13; Montgomery, 16, and Good-

man, 1.

Clerk—Christensen, 109.

Treasurer—LaFolle, 109.

Justice—Teeple, 52; McKinney,

109.

Supervisor—Craver, 109.

Alderman—Carrington, 109.

Constable—Frank Jachor,

109.

—Fourth Ward—

Mayor—Middlebrook, 138; Patten-

son, 2.

Clerk—Christensen, 158.  
Treasurer—LaFolle, 150.  
Justice—Teeple, 87; McKinney, 116.  
Supervisor—Joseph Scott, 103.  
Alderman—Witter, 85; Erickson,  
117.  
Constable—Robert Rubin, 8.  
What They Received.

For mayor, Mr. Middlebrook re-  
ceived 373 votes; Pattinson, 32; Mont-  
gomery, 18, and Goodville, 1.  
For Clerk, Mr. Christensen received  
127 votes.

For Treasurer, Mr. LaFolle received  
413 votes.

For Justice, Mr. Teeple received 245  
and Mr. McKinney 251.

In the ward contests, John Erickson  
received a majority of 32 over  
Witter, and Lundstrom defeated  
Graham by 127 votes.

As will be noticed by these figures  
the vote was very light. One of the  
surprises was the deflection of the  
Democratic vote from Pattinson.

### ALVIN RUDDOCK DEAD.

Mr. Alvin Ruddock, died at his home  
on Chipewau Avenue, westside, on  
Thursday afternoon of last week. The  
deceased was forty-five years of age,  
and the cause of his death was pneu-  
monia. He leaves a widow and five  
children, some of which are also ill  
with the same disease.

Funeral services were held at the  
home Sunday afternoon by Dr. Mil-  
shell of the Presbyterian church, and  
the remains were taken to Port Huron  
the following day for burial. His  
brother, Mr. John Ruddock of Port  
Huron, and a sister, Mrs. Stanton of  
Castille, were here for the funeral  
and accompanied the remains to Port  
Huron.

Mrs. Harry Buckborough of the  
town, and well known in this city on  
account of her frequent visits to her  
parents, Captain and Mrs. Carson,  
who went south with the hope that  
her health would be improved has de-  
cided to return to the peninsula, not  
having received the benefit she an-  
ticipated.

## OPERATIC CO. AT OPERA HOUSE.

Delta Farm with the International  
Operatic Company, Gero Theater,  
Thursday, March 11, 1915.

The Women's Reading Club take  
great pleasure in presenting the In-  
ternational Operatic Company, an or-  
ganization composed of professional  
performers, each a musician of wide  
experience and reputation, as the next  
number in their Lyceum Course. Their  
program will include vocal solos,  
duets, quartets and operatic pro-  
duction in costume.

TEKLA FARM, a Scandinavian ar-  
tist, late prima donna soprano with  
the Schumann-Heink in "Love's  
Lottery," has gained distinction in  
opera, oratorio and concert work. She  
sings in English, Swedish, German  
and Italian. As an associate of the  
great Schumann-Heink, this artist  
proved her ability and established her-  
self in the musical world. People in  
this locality should feel a personal  
interest in hearing this artist as she  
was born at Ishpeming and belongs  
to our Upper Peninsula. Her sister,  
Clara Farm, has been heard here in  
concert work.

Tekla Farm's husband, Bart McKin-  
ney, is a member of this company. He  
was a leading baritone for years in  
"Grove's English Grand Opera Com-  
pany, and possesses a rich, vibrant bar-  
itone voice.

Rose Heidenreich, contralto and J.  
Allen Grubb, tenor, have both been  
prominently identified with important  
musical productions in Chicago. Mar-  
garet Day, the accompanist, is all  
that could be desired as she is sym-  
pathetic and artistics to a marked de-  
gree, and gives the singer just the  
support needed to secure the best re-  
sults.

A selection from the opera "Mar-  
tha" will be given in costume. Solo  
numbers will be sung in Swedish and  
Norwegian also in costume.

This is the star attraction in the  
Lyceum Course and the management  
had originally intended to charge \$1  
for single admissions as these artists

are well worth that price, but owing  
to the present financial stringency, it  
has been deemed advisable to place  
the price of single admissions at 75c  
and 50c to enable a larger number to  
take advantage of this entertainment.  
Seats will be on sale Saturday,  
March 6th, at the Manistique Light  
& Power Co.'s store.

## MRS. C. O. BRIDGES DIED WEDNESDAY

Her Death, Which Was Not Unexpected  
Occurred Wednesday Night.

Mrs. Lucy Bridges, wife of Mr. C.  
O. Bridges, of Hiawatha township,  
died at her home Wednesday after-  
noon at 4:30 o'clock after an illness  
of several weeks from cancer of the  
liver.

The deceased was born in St. Clair  
county, this state, and was fifty-nine  
years, eight months and three days  
of age when death ended her suffer-  
ings.

She had been a resident of Manis-  
tique for eighteen years, and leaves  
a husband, a brother, Mr. J. N. Burch  
of St. Cloud, Fla., a nephew, Mr. F.  
J. Burch of Chicago, a niece, Mrs.  
Lucy Kurovick of Detroit, and a host  
of sorrowing friends.

One who witnessed her death testi-  
fies to its beauty. Her last word was  
"God is sufficient even to the end,"  
and "Peace, be still."

The funeral services will be held  
from the Presbyterian church this  
afternoon at 2:30 o'clock, Dr. J. R.  
Mitchell, the pastor, officiating.

### MR. LEGG DEFEATED.

Mr. P. R. Legg was defeated for  
the nomination of county school com-  
missioner of Delta county by C. U.  
Wolpert of Wells, he having received  
a majority of 219 over Legg. The  
latter has many friends in Schoolcraft  
county that will learn of his defeat  
with regret for his has proven him-  
self an efficient and hard-working  
official during the many years that he  
has filled the office in question.

## WILL ESSAY THE SLIP ROUTE.

Mr. R. H. Teeple Has Decided to Make  
the Race for Election as Justice  
of the Peace.

Having been defeated by W. A. Mc-  
Kinney for the Republican nomina-  
tion as justice of the peace, at the  
primary election held Wednesday, Mr.  
Teeple has decided to make the race  
via the slip route at the spring elec-  
tion to be held in April. McKinney  
won by a majority of six votes, which  
could have been wiped out had no  
ballots been spoiled. It appears that  
a number of voters are laboring un-  
der the mistake idea that they can  
split a primary election ballot. This  
is not the case, as you must designate  
your party preference and confine  
your voting in your party's column.  
Then, too, the total vote cast in the  
various wards, was relatively light.  
It is believed by some that Mr. Mc-  
Kinney is the candidate of certain  
interests that are vitally interested  
in who shall and who shall not be  
justice of the peace. If this be the case  
he deserves to be defeated, and we  
know of no better man to do the job  
than Mr. Teeple, for he has filled the  
office in the past in an honest and  
conscientious manner, and has  
promptly accounted for every penny  
that he has received in fines. This  
feature is an innovation that Mr. Tee-  
ple inaugurated when he was elected.  
When the saloon endeavors to fasten  
its tentacles upon our courts, it is  
high time that every citizen that is  
opposed to that idea should openly  
oppose such tactics, and endeavor to  
overcome the defeat of any man  
that will lend himself to the element  
in question.

### LOST A FINGER.

Dan Malloy while assisting in the  
moving of a safe belonging to Mr.  
Edward Ryan Wednesday afternoon,  
lost a finger when the safe fell. The  
edge of the heavy safe amputated the  
member as neatly as a knife.

## To The Youngsters—Forty to Sixty Year Young

A man is as old as he feels—and dresses. The only man who ought to be Oslerized is the man who dress the part. A dowdy looking suit of clothes makes a dowdy looking man, regardless of his age.

Youth is not a matter of years, but of efficiency; and to dress efficiently is to look efficient and feel it.

This store has long been known as a Young Men's store. Yet we serve as many young men of forty and fifty as we serve youngsters just over their teens.

It's wonderful what a youth-giving tonic a snug, trim English cut Royal Tailored suit is to a man. Talk about the Fountain of Eternal Youth—Ponce de Leon didn't find it simply because he did not look up a local Royal Tailor dealer.

The beautiful part of a Royal Tailored to order suit is that it fits perfectly the figure it's made for—be it slim or stout, short or tall, angular or round. That's in the guarantee. that comes with the suit. Your money back if it doesn't come true.

### HIS SLOOP HELP LESS AND DRIFTING

Captain Knute Paulsen Meets with Experience on Atlantic Ocean.

Captain Knute Paulsen, a former resident of Manistiquette, now engaged in sailing on the Atlantic coast, recently met with an accident that might have resulted in disaster. The sloop he was commanding, which he had named "The Sloop," was drifting toward the open sea in an upsurging off-shore gale the night of last week. Captain Paulsen was picked up by the revenue cutter Woodbury about a mile and a half southwest of the Cape Elizabeth lightship and towed into the harbor. The sloop is a light netter and had been out since morning. The trouble with the steering apparatus rendered the sloop unmanageable and the southeast wind which was beginning to freshen shortly before dawn was rapidly driving the sloop in addition to the danger in which the captain and crew of the little sloop found themselves their position was rendered even more dangerous by the setting down of a dense vapor and the action of the Cape Elizabeth. Apparently the three men were in a bitter combat with the elements when the Woodbury put in an appearance, outward bound for a cruise down the coast. The older cutter immediately extended a helping hand and instead of spending the night in the open sea the sloop was towed to the wharf and the captain Paulsen and his crew passed the night at their homes in this city. The Woodbury picked up the sloop at about 11:30 and two hours later towed her into the upper harbor.

### EIGHTH GRADE TUITION

All boys and girls of Michigan should have the benefit of a High School Education.

Fifty thousand boys and girls are attending the high schools of Michigan. One-third of these live in the rural districts. The law provides that when a pupil has completed his eighth grade in the rural school his district must pay his tuition not to exceed \$20 to some high school in which he is selected by the State Application for this tuition must be made by the parent or guardian on or before the fourth Monday in June. The Department of Public Instruction calls attention to these facts in order that parents may plan for their children for next year. It is to be seen that it is a high school in Michigan as good high schools in every part of the state.

### KEEP FLAG AT ALL COSTS.

Must Not Lower It On Sea, Senator Townsend Declares, No Matter What May Be.

Coupling jingoism with cowardice and protesting against hauling down the flag, Senator Charles E. Townsend, of Michigan, declared it the duty of the people of the United States to stand squarely behind the president at such a time as this, and give him whatever support he might call for to deal with the foreign situation. The senator's remarks were called forth by Senator Jones, of Washington, attacking the ship registry bill and the war risk bureau. Senator Jones urged that the United States keep its ships out of the so-called war zone, declaring that trouble was the inevitable result of attempting to carry on commerce with Europe, and closing with the statement: "If war must come, the lives of our citizens are worth infinitely more than a few paltry dollars."

### GOOD MUSIC AT PHOTOPLAY.

The Photo Play theater now has excellent music with Mrs. Alice Ackerman as pianist, and Mr. Nich as violinist. The latter is comparatively a youth, but has a remarkable technique. He is a native of Austria and has been a resident of Manistiquette for a year or two.

He possesses remarkable ability as a musician, and if given the opportunity of securing a thorough musical education, would achieve fame as a violinist. The Photo Play management certainly was fortunate in securing his services. The music he furnishes is worth much more than the price of admission.

### URGENT FORESTRY IN MINE SCHOOL.

Forestry Man Declares that Branch Would Mean Great Benefit to Upper Peninsula.

This instruction and training in forestry given by the state should be carried on at the Houghton College of Mines so that students in forestry and mining can be trained in forestry work, is the contention of Thomas B. Wyman, of Manistiquette, secretary of the Northern Forest Protective association, who urges the Upper Peninsula delegation in the state legislature to introduce a bill to continue the instruction in the various branches, mining and forestry, at the Houghton school.

Wyman's stand in this matter met with the strong approval of most of the members of the Northern Forest Protective association and it is probable that the association will urge action in the legislature along the line of Mr. Wyman's suggestions.

### GERMFASK NOTES.

The Carpet Ball social given by the Ladies of the M. E. church was well attended and all reports a good time. The receipts amounted to \$27.00.

The residences and all of the contents of Samuel Ford were destroyed by fire last Thursday, the 25th. This burns the 4th house destroyed by fire in Gernafsk this winter.

Mrs. Everett's Shiner of camp 19 is the guest of her husband's parents, Mr. and Mrs. M. Shiner, of Manistiquette. Walter Allan was visiting friends at relatives in St. Ignace last week.

The farwell party given Mr. and Mrs. Jay Morrison was attended by a host of their Gernafsk friends, who sincerely regret their departure but sincerely wishing them success in their new location.

Mr. and Mrs. Morrison have always deserved and commanded the respect of the community in which they lived and Gernafsk can ill afford to lose such people.

Edward L. Hurice, our township treasurer, was in Manistiquette settling with the county treasurer.

Robert Arrowood is hauling trees, logs and other timber to Marblehead.

J. James had the misfortune to lose a horse several days ago.

J. Michaels has returned from Wisconsin where he has been for several weeks trying to find some logging land in that state.

Mr. Lampher, the Sunday school missionary, held a meeting in the Kannel schoolhouse Sunday forenoon.

T. McBurney has his team at Hiawatha, hauling timber for J. F. Iutt.

Miss Maud Doloria of Garden Bay came to clerk in her father's store.

Mr. Frank Hartman of Manistiquette passed through here enroute to Garden Bay.

There was church services in the Congregational church last Sunday evening.

Evening services commenced last Sunday evening for the first time this winter.

Many friends were shocked by the death of Mr. Almond Roduck of Manistiquette formerly of this place, and the illness of his children. It is hoped that the children will soon recover.

Cooks is certainly growing larger. Of late a barber shop has been added and a place to repair the shoes.

EDITORIAL COMMENT.

The delinquent tax list for Schoolcraft county, will first appear in the issue of next week.

The Soo has inaugurated a strenuous campaign for the securing of the state Elks convention in 1916.

The expected has happened. The Duclia has been captured, and now there will be a gabfest between Uncle Sam and the captors. A French warship made the capture and towed the vessel to a French port.

A Southern manufacturer kissed his stenographer on the hand and now is defendant in a \$50,000 damage suit. One is appalled to think what would have happened to him had he kissed her on the kisser.

By refusing to ship food stuffs to any country for a month or two would quickly solve the question, as to whether England can dictate to the United States where or where not it shall ship the necessities of life.

Trout Lake is to have a basket factory. That formerly much despised town, as far as the traveling public is concerned, is destined to become of the best little cities on the Soo Line. The interests that have gained a foot hold there are enterprising and up-to-the-minute.

A Detroit doctor says there is no such thing as colic. Safe to wager that the doctor in question is an old bachelor. He could not make the average father and mother believe that for they have spent too many nights tooting the little ones, when they were suffering from what they diagnosed colic.

The business of Milwaukee contemplate making a tour of the upper peninsula in June. As the delegation passes through this city, enroute from Menominee and Escanaba, to the Soo, it is hoped that the local Commercial club will make an effort to have them make a stop at Manistique, and to properly entertain them during the stay.

The Masons of Newberry are contemplating the erection of a Masonic temple. The sum of \$15,000.00 has been subscribed thus far. The Newberry brethren are an enterprising bunch, and it is hoped that their pace may be emulating by the Manistique Masons who have been discussing the advisability of erecting a temple for years, but have been procrastinating.

The Manistique boys that attended the recent boys conference in the copper country, brought back such glowing reports concerning the manner in which they were entertained during their stay there, that the editor having heard their word picture of copper country hospitality, feels now that long expected and oft-postponed editorial association meeting should be held.

Thousands of Finnish people in the copper country marched the streets of the copper country cities last Sunday, as a protest to the activities of the labor agitators and socialists of that section. The big strike cost the miners of the copper country several millions of dollars in wages, and the miners are determined that such foolishness shall never occur again.

In Kansas a law empowering cities of that state to levy a tax for the support of a band in each city was passed. Such a law has merit, for every up-to-date town wants and needs a band and under present conditions exacts twenty or thirty men to devote many hours in practicing, spending their wages for musical instruments, and then when the band exacts \$100.00 for furnishing music on July 4th, the average citizen raises a howl and thinks the price too high.

One thing is certain. The attitude of the average member of the state legislature on the temperance question will be a matter of record long before the present legislature adjourns. So many temperance bills have been proposed that the members must declare themselves or dodge, when the roll call are made. Then it will be ascertained just how much influence that Lansing man developed when he made a trip through the state, including the upper peninsula, and hand-picked a number of candidates that he was sure would advocate and support the liquor interests, in case of election.

BELGIANS HONOR AMERICANS.

Belgians in Brussels observed Washington's birthday as a holiday to demonstrate their gratitude for the American help; writes a correspondent from Rotterdam. School children were given a holiday and every one wore an American flag. The inhabitants of Louvain have renamed three streets in that city in honor of Americans. One is called American street, another Washington and another Wilson.

WILL MAKE NO CAMPAIGN.

Jeffers, superintendent of the Adams township school, who was nominated recently on the republican ticket for membership of the state board of education, is not going to make any active campaign for the election.

Mr. Jeffers is sufficiently an enthusiastic republican to believe the nomination is tantamount to election also. He feels that any other man would not be made the republican for great political victory. Because of his reputation as an orator, Mr. Jeffers was asked if he intended to do any speaking in the campaign and he said that he believed he would not.

EDITORIAL COMMENT.

The slinky dress and transparent skirt and stockings season is an old-fashioned one.

The Republican minority in Congress earned the proud gratitude of the American people by killing the proposed bill and the unpopular bill.

Lucy is the man that never is crossed with political opponents. It means that to appear for an office and then to be the other fellow's candidate.

After county men organized a fair association, and has elected a first class set of officers. It is proposed to utilize a portion of the county poor farm at Chatham or far ground purposes.

A fashion page in a daily newspaper says: "Behold the return of the pan-alette or your grandma's palmy days." The only thing that interests the average husband is whether they will be cheaper in price.

An anonymous communication was received at this place last week. The writer is evidently not aware of the fact that the name of the writer must always accompany any communication sent to a newspaper office, for publication.

A man bought a new Ford car, and took a spin into the country. Twelve miles out the car came to a stop, and he couldn't persuade it to go. Finally he removed the hood and then said: "I'll be darned. They forgot to put an engine into this car and it has run 12 miles on its reputation."

The legislature is considering in committee the Newell Smith auto tax bill, the salient features of which is the providing of a twenty-five cent per horse power tax, and a tonnage tax of 50 cents per hundred pounds. The fellow that is content with a Ford is the man that will be the least injured if the bill in question becomes a law.

If the statistics are arbitrarily reduced to one for each 500 of population, Manistique will lose eight; Cook, another township one. Singletown would also lose one. Notwithstanding the reduction, should it come to pass, it would not be necessary for anyone to die of thirst, for there would still be a sufficient number to supply the demand.

Henry Stephens of Waters, who aspired for the reignty of the state university, and lost our primarily because he wrote a diary of his experience while making a tour of South America, is going to Cuba where he will spend two months. The public will await his comparison of the booze of Cuba and that he bumped up against in South America.

After exhaustive experiments a German professor has arrived at the conclusion that buckwheat is good food for human beings, and that grain will now be used for food instead of for chicken feed. Here in the United States buckwheat has been a staple winter food ever since the Pilgrims landed in New England. Buckwheat cakes and sausage make an ideal breakfast.

Less than a half century ago Great Britain fought Russia to keep that country from absorbing Constantinople, and several times since that time, notably the time of the Armenian massacre, Turkey would have been wiped out of the European map, save for the luke-warmness of Great Britain. Now things are different, and Russia will no doubt secure that portion of Turkey located in Europe when peace is declared and consummated.

A seven-year-old girl went to her mother and asked what she should do if when she grows up some one would ask her to marry. The mother said she and her father should be consulted and if the suit was a good as father the proposition would be considered. "Well," said the little miss, "there is one thing sure. I don't want a smoky man, a pool playing man or a man that drinks beer." When she grows up, the chances are that she will marry a fellow that will do all these things, and will permit her to take in washing to provide the sustenance for the family.

READ THIS.

"The United States is threatened with a serious invasion of its rights as a neutral by the warring nations of Europe and in preserving its commerce with those nations it is faced to face with a crisis, the solution of which should be to arise, no jingo spirit must be allowed to prevail. Neither pride nor momentary passion should influence our judgment. And when the President shall see, we must stand by him to the end. In this determination we may be sure all will join, no matter what their previous views, no matter what their European rights. All will forget their differences in self-sacrificing loyalty to our common flag and our common country."—Former President, William Howard Taft.

GOVERNOR IS PLAYING POLITICS.

Governor Ferris is certainly playing the game of politics. By relegating such men as R. G. Ferguson of the Soo, who has for so many years so efficiently served the Newberry hospital as one of the members of the board of control, and appointing "peanut politicians," just because they happen to wear the Democratic collar, he has proven himself a partisan, without thought of the welfare of state institutions. Ferguson is considered one of the best business men of the upper peninsula, and as he served the state without pay, and at considerable discomfort and expense to himself, and it seems an outrage that he should be succeeded by a man whose only qualification for the position is that he is a Democrat. Attorney J. O. Maxey of L'Anse, is also scheduled to walk the plank with Ferguson in the office in question.

The upper peninsula senators bitterly resent the shelving of these two able members of the Newberry board, for men that have no experience, ability, or time to devote to the office in question. They point out that these two men have been on this board for years; that they have the necessary means so that they can devote all the time needed to the duties of the board. They say that Mr. Ferguson has made the work of the board his hobby; and has freely spent his own money to face with a crisis, the solution of which should be to arise, no jingo spirit must be allowed to prevail. Neither pride nor momentary passion should influence our judgment. And when the President shall see, we must stand by him to the end. In this determination we may be sure all will join, no matter what their previous views, no matter what their European rights. All will forget their differences in self-sacrificing loyalty to our common flag and our common country."—Former President, William Howard Taft.

Editorial Comment.

AMERICAN ACHIEVEMENTS.

Americans founded the first government under which all men were equal in the law. Since the Declaration of Independence was published to the world the Democratic ideal has slowly received impulse until now its dawn seems irresistible.

Americans were the first to demonstrate the feasibility of relying on a nation's science to defend the land and its institutions against foreign or domestic attack.

Americans were the first to abolish artificial distinctions and to deprive social eminence of any support save such as those to consider themselves socially elect.

It was an American who invented the steamship. An American invented the telegraph.

An American invented the electric light. An American invented the reaper which makes it possible to feed the billion and more people on this planet.

It was an American, too, who invented the sewing machine.

Americans also were the conquerors of pain when they discovered how by means of sulphuric ether, the tender human nerves could be made insensible to the surgeon's steel.

Americans opened the ports of Africa, a path into darkest Africa, and an achievement of his countrymen by discovering the north pole.—Pittsburgh Press.

THE DOCTOR HAS GOOD REASON FOR DISTURBING THE GOOD JUDGE.

REAL tobacco satisfaction makes up for a lot of the troubles of life. Your tobacco chewer knows how it is—and when he once gets the comfort of "Right-Cut" he's anxious for his friends to know about it, too.

A little chew of pure, rich, mellow tobacco—cut fine, short shred—seasoned and sweetened just enough, cuts out so much of the grinding and slipping.

Take a very small chew—less than one-quarter the old size. It will be more satisfying than a mouthful of ordinary tobacco. Just nibble on it until you find the strength chew that suits you. Tuck it away. Then let it rest. See how easily and evenly the real tobacco taste comes, how it satisfies without grinding, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is The Real Tobacco Chew. That's why it costs less in the end.

It is a ready chew, cut fine and short shred so that you won't have to grind on it with your teeth. Grinding on ordinary graded tobacco makes you spit too much. The taste of pure, rich tobacco does not need to be covered up with molasses and theories. Notice how the salt brings out the rich tobacco taste in "Right-Cut."

One small chew takes the place of two big chews of the old kind.

**AMENDMENT WAS BADLY DEFEATED.**

Proposal to Change Status of Fraternal Orders Overwhelmed in Fall Election.

The Michigan Fraternal congress, which directed the fight on the proposed constitution amendment affecting fraternal orders, submitted in the fall election, and which was overwhelmingly defeated, has issued a pamphlet map of the state showing the amendment lost in every county in the state, the vote against it having been 21,421 and the vote for it 92,284, a majority against it of 70,863.

The heavy majority was due to the efforts of the Interstate Commerce Commission, which organized a state-wide campaign against the proposal in nearly all the fraternal orders interested, and saw to it that the officers of the subordinate lodges were put to work to pile up the adverse vote.

A complete county-by-county map was outvoted nearly four to one, and the figures show that practically all the voters who went to the polls in the fall elections expressed their views on the question.

The vote was 4,918 for the proposed amendment, 1,380 for the other proposition.

The following are the figures given as follows, the first figure in each case being that against the amendment:

Alcona, 1,828—1,708; Keweenaw, 1,039; Ontonagon, 1,197—370; Gogewic, 1,890—897; Iron, 1,204—671; Benoni, 1,800—711; Manistigouche, 2,418; Dickinson, 2,146—682; Alger, 2,216; Delta, 2,812—964; Schoolcraft, 1,611—211; Luce, 379—14,383; Cheboygan, 1,109—317; Chippewau, 2,160.

While it was clear in advance of the election that the amendment had no chance of being adopted, the large amount of the negative vote was a surprise to the members of the Fraternal congress, who expected that its defeat would make a somewhat different showing.

Over Kramer, deputy collector of the anti-narcotic for the fourth district of Michigan which includes Manistigouche, has received the following statement from Washington relative to the new anti-narcotic law which will become effective today.

"Every person, firm, or company, producing, importing, selling, or distributing any of the drugs herein referred to, will, on the first day of March, 1915, prepare and keep on file an inventory of all such drugs on hand at that date. No special form of inventory is required but the inventory made must fully and clearly set forth the quantity of such drugs, preparations, or remedies so held and be verified by oath not later than March 6, 1915."

For the purpose of enforcing the provisions of the anti-narcotic law, a special will be considered as a person if the same regulations governing a physician as to the keeping of a record of all drugs dispensed or distributed, will apply to such institutions.

**KEEP FLAG AT ALL COSTS.**

Must Not Lower It On Sea, Senator Townsend Declares, No Matter What May Be.

Coupling jingoism with cowardice and patriotism, and setting down the flag, Senator Charles E. Townsend, of Michigan, declared in the diary of the people of the United States to stand squarely behind the president at such a time as this, and give him whatever support he might call for in connection with the foreign situation.

The senator's remarks were called forth by Senator Jones, of Washington, attacking the ship registry bill and the war risk bureau. Senator Jones urged that the United States keep its ships out of the so-called war zone, declaring that trouble was the inevitable result of attempting to carry on commerce with Europe, and closing with the statement:

"If war must come, the lives of our citizens are worth infinitely more than a few paltry dollars."

**FORESTRY MEN IN SESSION.**

Discuss Methods of Still Further Holding Down Losses by Forest Fires.

Nearly 50 men, including many of the members and officers of the Northern Protective association and representatives of railroads in upper and lower Michigan gathered in Marquette today for the annual meeting of the association, and for a study and discussion of spark arresting devices for railroad locomotives, says the Marquette Chronicle of Tuesday.

Spark-arresters from engines are believed by the association to be the cause of a large percentage of the yearly forest area in the Upper Peninsula.

What was accomplished during 1914 by the Northern Protective association was best brought out by the report of Secretary Thomas B. Wyman, of Alnaming. Mr. Wyman's report, in part, was as follows:

"Today we have a membership of 176 corporations, firms, and individuals who realize the work we are doing because their money has been paid into it. In 1911 this association expended \$11,919.78. The yearly expenditures since that time gradually increased until this year we spent \$19,412."

"Our wardens' reports show that 171 fires occurred during the year, covering a total of 36,435 acres, and injuring and destroying property to the value of \$76,748.56, which was divided as follows:

Timber, standing and cut, \$58,418.60  
 Cattle grazing, 14,961.00  
 Improvements and equipment, 3,368.50

This does not include fires beyond the reach of the protective patrol of the association.

"It is interesting to note that in Chippewa county, where this association has the least listed acreage and consequently the least patrol, the acreage burned amounted to 37,795, or a total damage of \$50,000.00. Of the total loss of \$76,748.56 occurring within the area of our membership, the association lost approximately \$20,000, a third of which is chargeable to a single fire, which resulted from a locomotive, the spark-arresting device of which was burned out. Of the 171 fires the causes were as follows:

**FERRIS BELIEVES CHILDREN SENT TO SCHOOL TOO EARLY.**

Childhood, as the inspiration of mankind, and measures for the benefit of childhood, comprised the theme of the address of Governor Ferris before more than 4,000 people at the annual orphans' banquet at Saginaw Monday evening.

"Children are being sent to school too young," he said. "Instead of being started at six, as is the custom, they should not go until they are eight and should be given plenty of play and practical exercises such as are taught in kindergarten.

"The health of the child is not being given enough attention. Hundreds of thousands of dollars was being spent in Michigan each year for the protection of animal lives, but comparatively little is devoted to the physical welfare of the children."

The governor strongly declared for the right of the child to have a clean birth. He talked very frankly on the subject of fitness and deplored the double moral standard of men and women.

"If legislation is not provided for which this is the duty of parents, or of the girl herself to demand of her future husband the same bill of health and character that he expects of her. State institutions would have fewer inmates if this were observed. At least 50 per cent of the criminals of the country are mental defectives by birth, and far from all are in institutions."

He read a number of poems and especially emphasized one on "Childhood" from the Detroit Free Press, written by Edgar Guest.

**MAY FINISH BY MAY 1.**

Legislators Shortening Session by Ditching Bills in Pigeon Holes.

Discussions relative to an early adjournment have been raised again as committees in both houses continue to eliminate legislation through the pigeon-hole process and the number of bills introduced becomes of less consequence.

A total of 439 bills, 182 in the senate and 257 in the house, has been offered to date, with about 45 being appropriation bills.

Chairman Hinsley of the house ways and means committee gives figures to show that the \$20,000,000 has been over-run in requests and that fully \$6,000,000 must be clipped from the total.

In the senate appropriation bills have already been reported out by the finance committee, but these bills have to go to the house where the real clipping will be done.

It is said May 1 can be readily reached as the time for final adjournment.

Following are the qualifications of male electors in the State of Michigan:

**BONDING ELECTION NOTICE.**

Manistigouche, Michigan, Feb. 26, 1915.  
 To the Clerk of each of the Townships, and the Chairman of the Board of Supervisors of each of the Wards of the City of Manistigouche, in the County of Schoolcraft and State of Michigan.

You will please take notice that at the annual Spring election to be held on April 5th, 1915, there will be a bond issue of each of the County of Schoolcraft the question of raising the amount of money prescribed in the resolution of the Board of Supervisors of said county, passed by said Board on the 16th day of October, A. D. 1914, copy of which said resolution is as follows:

Whereas the Board of County Road Commissioners of the County of Schoolcraft has recommended to this Board of Supervisors, to submit to the voters of Schoolcraft County, a proposition to issue the bonds of Schoolcraft County in the sum of one hundred thousand Dollars, to provide funds to continue the construction and maintenance of County roads, and

Whereas, after a full hearing and discussion, this Board of Supervisors, has determined and does hereby determine that it is necessary to raise the sum of Seventy-five Thousand Dollars (\$75,000) for the purpose of continuing the construction and maintenance of County Roads, and that the bonds of said county be issued therefore.

Therefore he resolved by the Board of Supervisors of the County of Schoolcraft, that the question of issuing the bonds of the County of Schoolcraft, for the sum of Seventy-five thousand Dollars, for the purpose of the construction and maintenance of County Roads, be submitted to a vote of the electors of the County of Schoolcraft, at the General Election, to be held in the various townships, and wards of the City of Manistigouche, in said County of Schoolcraft, at said on the Fifth day of April, A. D. 1915.

And be it further resolved, that the Clerk of the said County of Schoolcraft give notice to the electors of said County, of the submission of such question to the vote of the electors, in the manner and for the time prescribed by law.

And he it further resolved, that the ballots be prepared and distributed for the submission of such proposition at such election by the same officers as prescribed by law, for general elections, and that the manner of stating such proposition upon said ballots be as follows:

"Shall the County of Schoolcraft raise the sum of Seventy-five Thousand Dollars by issuing the bonds of said County, for the purpose of the construction and maintenance of County Roads."  
 Yes.  
 No.

And he it further resolved, that the manner of holding said elections, canvassing the votes cast thereat, determining the result thereof, and all other things pertaining thereto, shall be governed by the law relating to general elections except as otherwise provided by law.

You will at once give notice of said Election and perform such other duties in relation thereto as are required by law.  
 J. N. FORSHIFF,  
 Clerk.  
 FRED M. ORR,  
 Sheriff.  
 Of the County of Schoolcraft, Mich.

**MERTON HOUSE  
DIED YESTERDAY**

Well Known Young Business Man Passed Away After Short Illness Yesterday Afternoon.

Mr. Merton House, the owner of the Photoplay theater, died after a short illness yesterday afternoon. He was stricken with pneumonia, and was not deemed to be in a critical condition until yesterday morning. He was on the streets Sunday.

The deceased was about thirty years of age, and had been a resident of Marquette for about ten years. He was an accountant and bookkeeper and prior to engaging in the theater business, was in the employ of the White Marble Linc Co.

He leaves two brothers and a sister. One of the former, Mr. Ora House, has been associated with him in the management of the Photoplay. The other brother resides in the west, while the sister resides at the old home of the deceased at Branch, Mich.

"Mert" was highly esteemed by all knowing him, and his sudden death has shocked the entire community. He enjoyed the respect of all, old and young, and through his fraternal associations as well as on account of the nature of his business, his acquaintance was large.

The body will be taken to Branch, Mich., for burial. Although arrangements have not been completed at this writing, it is thought that the remains will leave the city Saturday morning.

**GARDEN ELECTION.**

The village of Garden will hold its annual election next Monday. There is one ticket in the field—the Peoples—and it is made up as follows: President—Robert A. McDonald, Clerk—Edward Bureau, Jr., Treasurer—Benj. Casper.

Trustees for a term of two years—Wm. Hennessy, Paul Lamphy and Geo. Marsil.

The confirmation of Messrs. Short and Murphy as members of the board of control of the Newberry hospital, has been held up in the senate upon the request of Senator Wood. If the senator will succeed in his efforts, Ferguson and Maxey on the board by his action he will do a commendable stunt.

**BREVITIES.**

The White Marble Linc Co. is installing machinery for the purpose of manufacturing building material of hydrated lime. The company will erect a simple dwelling house during the coming spring. Houses built of the material in question, closely resemble marble in appearance. No doubt a number of houses will be built in the city of the material in question when the utility and beauty of the material is demonstrated. Mr. Taylor the foreman, is conversant with the utilization of lime for that purpose.

Manistigue Heights is vastly improved in appearance since the advent of the electric light service. Every home is illuminated, and one really feels as though the Heights were a really and truly suburb of the city.

Manistigue should make an effort to land the proposed bass fish hatchery, planned for the upper peninsula. Indian Lake would make an ideal place for the location of the hatchery. The lake is fed by a number of springs, and bass thrive in its waters.

The members of the board of poor commissioners resent the imputations embodied in a communication published in a recent issue of the Pioneer-Tribune in which the board in question was criticised by a resident taxpayer. The article appearing in this issue, and signed by Messrs. Hruska and Neville, will therefore be read with much interest by our readers. The article appears in this issue.

A furor is now being made on account of the fact that Governor Ferris is appointing Democrats to office. The thing could easily have been remedied last autumn if the Republican candidate for governor would have been elected, and he could have been had two-thirds of the Republicans of the state voted for him. One thing is certain. Osborn would not have appointed Democrats.

The interest and attendance at the First Baptist church Sunday evening services are very encouraging. There were two confessions last Sunday evening. These services are being made especially helpful to the non-church goer.

**25,000 Ford Cars Bought by Allies.**

Without a doubt the greatest sale ever made of automobiles has just been contracted by the Ford Motor company of Detroit to the Allies for war purposes of 25,000 touring cars to be delivered on the continent within sixty days. This is another illustration of the magnitude of the Ford Motor company. No other automobile company could attempt with any degree of success the delivery of 25,000 cars within sixty days after the order was placed.

It also illustrates the confidence that is placed in the sturdy construction of the Ford car as it will put up a very severe test, transporting troops long distances over very bad and sometimes no roads.

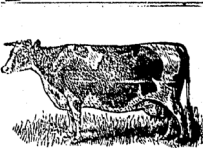

This will help make easy the sale of the 300,000 cars the amount necessary for the purchaser to participate in the profits.

Mr. Livingston, of the Ford company, reports that his company is far ahead of the 300,000 schedule and that the purchaser of every car is practically sure of \$50 return with the possibility of more.

John D. Rockefeller and President Wilson have joined the army of satisfied Ford users, having each purchased a Ford.

## THE FOURTH WARD ALDERMAN

Mr. John Erickson Defeats Chas. Witter for Aldermanic Nomination.

One of the surprises of the primaries was the vote cast for the aldermanic candidates in the Fourth ward. Mr. Witter had served one term as alderman, and being a candidate for renomination his chances seemed good. However, he was defeated by Mr. John Erickson by a comfortable margin. Witter made a good alderman, and no doubt Mr. Erickson will also serve his constituents with fidelity and efficiency. He is an employe of the Northwestern Leather Co., being a skilled workman. He is sober, industrious and highly esteemed by all knowing him. He has con-

victions, and possesses the backbone to stand by them. If he is elected and he will be, for the nomination is equal to an election, he will become an invaluable member of the city's legislature.

## ROBERTS WINS FOR ROAD COMMISSIONER.

White Returns are Incomplete—He Secured Sufficient Vote in Manistique to Defeat Knaggs.

Mr. George Roberts of Inwood township, was nominated as a member of the board of county road commissioners for the six-year term, and that he will succeed Angus McDougall at the April election is a certainty. The vote is very incomplete at this writing, as only the vote from the four wards of the city, and if Inwood

township have been filed thus far, as the precincts give Roberts 141 votes and Knaggs, 70. Knaggs did not vote in Inwood township, Roberts' home. The vote cast in the precincts above mentioned, follows: First Ward—Roberts, 62; Knaggs, 29. Second Ward—Roberts, 92; Knaggs, 19. Third Ward—Roberts, 106; Knaggs, 19. Fourth Ward—Roberts, 106; Knaggs, 27. Inwood township—Roberts, 42; Knaggs, 27. The vote he received from the upper portion of the county, which is conceded to him, cannot offset the vote Mr. Roberts received in Manistique and the townships contiguous to the city.

## THREE CANDIDATES FOR COMMISSIONER.

Hiawatha township has three strong candidates for the highway commissioners this spring. They are John Creighton, the present commissioner, John Derry, who has successfully filled the position in the past, and Mr. John Strasser, one of the best known and most highly respected citizens of the township. The fight promises to be a close one, and who shall be the winner is problematical.

## THE MONTGOMERY VOTE.

An effort was apparently made to defeat Mayor Pattinson for renomination as mayor, as Montgomery, who was not a candidate and who had not filed a nomination paper, received eighteen votes, as compared to thirty-two for Pattinson. We believe that Montgomery vote does not represent a defection of Democrats from the Pattinson candidacy, and it is safe to assume that no politician of either party was behind the scheme. Politicians and candidates will be unjustly accused, but the average citizen will treat it as a "kid trick." It does not deserve serious consideration and we are certain that any one giving the matter a moment's consideration, will not be guilty of accusing any of the candidates nominated Wednesday as being behind the deal.

The senate defeated the bill having for its object the removal of screens in bar rooms. Evidently some of the members object to being seen by the general public when they patronize the saloons.

## CHAS. LUNDSTROM DEFEATS GRAHAM.

Chas. Lundstrom, who was opposed for renomination as alderman in the Second ward by Seymour Graham, defeated his opponent by a majority.

## FOR SCHOOL COMMISSIONER.

Mr. W. T. S. Cornell, who was nominated for county school commissioner, received the full vote of the republican party at the primaries held Wednesday. The vote he reported, follows: First Ward—57. Second Ward—94. Third Ward—133. Fourth Ward—62. Inwood—45.

## ASSOCIATION WITH WORTHY OBJECT.

The Northern Forest Protective Association is Doing Great Work in Forest Conservation.

There is an association in the upper peninsula that deserves the support of land and timber owners. As well as every other citizen that believes in the future of the upper peninsula, and that is the Northern Forest Protective Association. Hon. T. J. Wynn of Manistique is the inspiration of the association, and he, as well as he, are gradually reducing the dangers and losses occasioned by forest fires to a minimum. This association patrols the lands under its tutelage, and by means of literature such as cards and banners, posted everywhere constantly reminds campers, fishermen and hunters to exercise care with camp fires and matches. In this manner there has been a consistent reduction in the number of forest fires in the peninsula, and a consequent reduction in the amount of property loss from fire. About 2,000,000 acres in the peninsula are scheduled with the association, and the dues are nominal and based on the acreage.

## OF INTEREST TO ADVERTISERS.

County Fair List Offered for Sale—Ideal Advertising.

The officers of the county fair association are compiling the annual program list for the fair to be held next season. It is planned to have the list issued April 1st, and a sufficient number of copies will be issued to place a copy in the home of every farmer and household of the county. A limited amount of space will be devoted to advertising, and those interested, should call on or communicate with President Middlebrook or Secretary Kallioleisch of the association, who will give full particulars as to price, position, etc. The rates quoted are very low, considering the services, and it is hoped that many of our merchants and business firms will find it advisable to be represented in the book in question.

Jake Held was an innocent victim Monday, and his action created much excitement for a short time, as he unaccountably appropriated a farmer's horse and cutter, and started on a trip to Melnis' camp. It appears that Jake ordered a horse from Lundstrom's barn for the trip in question. A short time later, he saw a horse led to a post in front of his place of business, and thinking that it was the Lundstrom horse, he started for the goods with it. A short time later Mr. Lundstrom came to the Held place and made inquiries about his horse. Then he directed upon Henry Jahn, Held's bartender, that Held had the wrong horse. Efforts were made to head him off by telephone, and finally A. J. Smith of Manistique Heights, traced him, explained the situation and Held returned to the city. How much the mistake cost Jake has not been revealed.

Paul Gross of Escanaba, who was the guest of his brother, Mr. Edward Gross of this city, returned home last Thursday evening. The former had just returned from Big Rapids, where he had attended Ferris Institute.
