DEATH OF MRS. DR. W. K. WRIGHT.

This Estimable Lady Passed Away At an Early Hour Sunday Morning.

Mrs. Dr. W. K. Wright died at her home on Cedar street at an early hour Sunday morning, after a long and painful illness. The immediate cause of death was paralysis. While it was known to the immediate family that death was inevitable, yet she passed away unexpectedly, as she appeared to be better than usual the previous evening.

The deceased Amanda M. (Rhodes) Wright, was born at Grand Tower, Ill. on Aug. 23, 1851. She became the wife of Dr. W. K. Wright at Baldwin, Ill., on Nov. 8, 1887. Four children were the result of this union, three of whom, with the husband and father, remain to mourn the loss of a kind and beloved mother and wife. One of the children, a daughter, Lavinia, died when six years of age, and the others are Miss Lelia, Ross D., and Don R. Ross D. was the only member of the family out of the city at the time of her death. He is attending a medical college in that city, and arrived home Monday morning to attend the funeral.

The deceased spent the greater portion of her life in Illinois. Eleven years ago she became ill, and everything that money and medical skill could do was done for her. Mr. Wright took her to Florida, with the hope that a change of climate would be beneficial. Later she was taken to California in 1904, where the family resided until 1910. From California they went to a city in western Missouri where they remained two or three years, and came to Manistique about two and one-half years ago, with the thought that the climate here would be beneficial to her. About a year ago she became seriously ill, and declined until death ended her sufferings as stated above. While in constant pain, she was patient and ever preferred to go to the home above.

She was a member of the Presby-

terian church, also of an Eastern Star chapter in her native state.

The deceased, during her short stay in Manistique, made a number of friends, who sincerely regret that she was called hence at a time when life seemed brightest.

The surviving family have the sympathy of the entire community in their hour of sorrow.

The funeral services were held from the home Tuesday afternoon at 2 o'clock, Rev. J. R. Mitchell of the Presbyterian church, officiating. The services were private.

LOCAL LODGE RECEIVES KEY.

Menominee Sends Out Unique Invitation to Knights of Pythias Lodges.

The local K. of P. lodge received a unique invitation from the Menominee Knights inviting the local Knights to the K. of P. convention to be held in Menominee the latter part of June. It was in the shape of a big, golden master key. The poem accompanying the key is fastened to the card with red ribbon, making the whole arrangement in colors of the Pythian order, red, blue and yellow.

The poem, which invites the other lodges to come to Menominee is as follows:

We invite you to our gathering in the sparkling month of June,
It will be a dandy meeting and you won't forget it soon.
We are planning to surprise you and we know we've got the stuff
To keep you always smiling and this isn't any bluff.
So arrange your work, you K. P.'s and plan a day of fun
With all the other K. P.'s and their ladies who will come.
You'll be welcomed to this city—good old Menominee,
And, to show that we mean it, we are sending you the key.

Mayor Signs Invitation.
The invitation is signed by Mayor Marshall B. Lloyd and S. B. Sanderson, Chancellor commander of Menominee lodge No. 107, Knights of Pythias.

ODD FELLOWS TO COME HERE.

District Convention to be Held Here on First Monday in September.

The annual convention of the Odd Fellows of the upper peninsula, will be held in this city on Labor day, the first Monday in September. Hundreds of the members of the peninsula will attend. Manistique can well forgive the celebration of the day this year and devote all of its energies in entertaining the many strangers that will attend the convention in question.

The old armory building, while it would never have won a prize from an architectural viewpoint, filled a want in Manistique, during the past few years that made it indispensable. When the K. of P. convention was held here it was utilized because it was the largest building of the kind in the city. When large dancing parties were given it was always in demand; when indoor baseball and basketball games were played they were invariably held in the armory. In recent years it was used by the city schools as a gymnasium. Now, since it has been sold, and will be utilized for other purposes, it will be sorely missed. The coming Odd Fellows district convention will be so largely attended that there is not a building in the city sufficiently large to accommodate the visitors, and to put on the degree work by visiting teams, without inconveniencing and crowding those attending. The committee in charge will make an effort to secure the exposition building at the fair grounds for the event in question.

There is need for a building in this city of the dimensions of this old armory.

When completed the Moose will certainly have handsome and convenient quarters. The lodge room proper will be 36 feet square and will not have pillars to obstruct the view. There will also be a parlor and dining room. The quarters will also be equipped with modern conveniences.

DIES IN OFFICE OF M. D.

Stranger Stagers up Newberry Street; ill With Black Diphtheria.

Stargazing on the street to the office of Dr. Perry, after alighting from a train, Paul Zurick, of Croighton, collapsed as he reached the office door and died a few moments after he was carried inside. Dr. Perry found that the man was afflicted with a malignant case of so-called "black diphtheria."

Immediately there was a rush by scores of persons for antiseptics as a number had been exposed, several having aided in handling the man's body. Considerable excitement followed and the health officer ordered unusual precautions and a strict watch will be kept for an outbreak of the disease.

It is said that at Croighton there are a number of cases like Zurick's, but that the afflicted ones and their families did not know what the disease is.

Zurick's identity was established by a bank book of a Marquette bank, found in his pocket. He had evidently come from Marquette.

K C Gold Cake
By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine.
1 cup butter; 1 cup sugar; 2 eggs; 2 level tablespoons fat; 1 level teaspoon salt; 1 cup milk; 2 cups flour; 1 cup cocoa.
Sift flour and baking powder together three times; cream butter and sugar, beat yolks of eggs, add these to creamed mixture, and lastly add the moisture and flour alternately, beating batter until smooth. Gold Cake can only be made successfully by beating yolks of eggs, very dry cream and light lemon coloring, using a rotary beater. The rotary beater is the only beater that will do justice to the yolks of eggs. The beating kills all egg taste and improves the texture of the cake.
Coconut Frosting
Beat the whites of 2 eggs dry, gradually beat in half a cup of sifted confectioner's sugar and continue the beating until the frosting is smooth, thick and glossy; then beat in grated coconut, fresh or prepared, and press upon the cake. This frosting is made thick by beating rather than by sugar.
Save this recipe. You will want to use it frequently. Or better, send us the colored certificate for each 25-cent can of K. C. Baking Powder and we will mail you "The Cook's Book" containing this and 37 other baking recipes equally good—all by Mrs. Hill. Jacques Mig. Co., Chicago.

FRUSTRATED PLANS IN OUR LIVER

LAST ENTERTAINMENT PLEASD ALL

The Maud Stevens Concert Co. Closes Local Lyceum Course.

The local lyceum course, conducted so successfully by the Women's Reading club, during the past season, closed with the entertainment given by the Maud Stevens Concert Co., which appeared at the local theater Monday afternoon and evening. This company gave an excellent entertainment, being on a par with the four entertainments that preceded it. Upon a whole the course which closed Monday evening, was the most successful in the history of the city, from every view point. The first entertainment course ever essayed here, was perhaps better than the ones secured this year, as single entertainers and declaimers were secured at a cost

of \$250.00 each. The men that guaranteed the money for the course in question, were compelled to "dig up" at least a week's salary to pay their proportion of the deficit. The present course, while not as high priced, gave equal satisfaction, and netted the club under whose auspices the course was presented, a substantial balance, which is to be devoted to a community benefit.

The pleasing announcement was made in behalf of the ladies by Supr. T. C. Clemo, at the commencement of the entertainment Monday evening, that the club had decided to take charge of another course for the coming season, and that a much better list of attractions had been decided upon. Mr. Clemo's remarks were well received by the audience, and from the enthusiasm manifested, it is believed that the number of ticket holders will greatly exceed the number secured for the season just closed.

The ladies are doing this work—your work and mine—absolutely without personal pecuniary benefit. Why not make it easier for them by "phoning" the number of tickets you shall desire to some one of the officers of the club. We are acquainted with a city in the west that has magnificently supported a lecture course of a high order for years. The theory is that town has a capacity of nearly 1,000 people and the capacity of the house is sold yearly to season ticket holders, and no canvassing is done. When the announcement is made, those desiring to purchase tickets, call at the office of the secretary, or phone him the number of tickets they desire. This plan should be followed here, for it is certainly an imposition upon the good ladies to compel them to canvass the city and devote many hours of their time in this work without personal compensation for the profits made by the course are devoted to an object that will benefit the entire community—the creation of a library fund.
