ALL SHOULD AT-TEND CIVIC LEAGUE

Interesting Program for Meeting to be Held Next Friday—Local Men to Speak.

The Civic League will hold a meeting at the Central school building on Friday evening of next week, to which every citizen of Manistique is invited.

Mayor Middlebrook will make an address on the Civic Improvement of Manistique, and Mr. Wm. B. Thomas will enlighten the audience on the question of What's the Matter With Manistique. Mr. Middlebrook has made a commendable record during the many years that he has resided here in advocating civic improvements. He will make an address that will not only please but instruct. He should be followed by many for he no doubt will give utterance to many things that if followed, will be of material assistance to Manistique in the future.

Mr. Thomas, who will diagnose the ailments of the city, is an increasing speaker, and he will prove himself an expert diagnostician.

Other local men will also make addresses.

The officers and members of the Civic League hope that the capacity of the room will be taxed on the evening in question.

NO CAUSE FOR ACTION.

Case of Fred Cooper vs. Messrs. Yalomstein and Crowe brought to court last Friday.

The case of Fred Cooper vs. Messrs. Yalomstein and Crowe was brought to court during the past year, but which was never tried until this term, was brought to an abrupt end Wednesday when Judge Paine of the trial judge instructed the jury to render a verdict of no cause for action, which was done by the jury without leaving their seats. This ends the much discussed case, and the friends of Messrs. Crowe and Yalomstein are pleased to learn that the accusations against them had no foundation.

APRON SALE AND LUNCH.

The Methodist ladies will hold an apron sale at the home of Mrs. Cookson, Tuesday afternoon and evening, April 27th. Lunch will be served. Your patronage is solicited.

COMING APRIL 27.

Tuesday, April 27 is the date when J. Leahy the optometrist will again be here. He will remain two days with his office in the Gastelle block. Headaches, nervousness and all other symptoms of eyestrain cured, glasses guaranteed to fit.

EARLY MARINERS HAVE TROUBLE.

Local Wireless Station Picks Up News Concerning Movement of Boats in This Vicinity.

Early this week the local wireless operator at the M. & L. S. depot, Mr. Hult, picked up the following interesting bit of news relative to the movement of boats in upper Lake Michigan. The news was received from the freight steamer Harvester, and excerpts follow:

"We are bound for Buffalo with the largest cargo of grain ever shipped at South Chicago. We are about two miles above White Shoals. The ice is fourteen inches thick, but we are having little trouble in making headway. The steamer J. P. Walsh and J. R. Reiss are also up here next to us. About thirty minutes ago we picked up a gasoline fishing tug. She has been stuck in the ice for the past week with a crew of three men aboard. They were entirely out of food, etc. We supplied them with food and a little fuel. The tug's name is the Drake from Charlevoix. They are following us and will make for Mackinac City for supplies. A Standard Oil Co.'s boat and barge are stuck fast in the ice about a half mile from us."

Don't forget the Woodmen Dance at the K. of P. hall next Friday evening, April 23.

CHAPTER IN-STALLS OFFICERS

The Retiring Worthy Matron Honored by Being Presented with a W. M. Jewel.

On Friday evening of last week the Chapter, No. 54, O. E. Star, the newly elected and appointive officers of the Chapter were installed by Mrs. A. M. LeRoy. They follow:

W. M.—Mrs. Wm. S. Crowe.
W. P.—Chas. H. Orr.
Assa.—Mrs. Harry Adams.
Conductress—Mrs. Wm. J. Shinar.
Assa. Con.—Mrs. R. B. Waddell.
Secretary—Mrs. Ida MacLaurin.
Treasurer—Mrs. R. H. Temple.
Chaplain—Mrs. Geo. E. Holbein.
Organist—Miss Maude Bennett.
Wardens—Mrs. Harry Adams.
Soutilant—Mrs. S. Crowe.
Aid—Winnifred Orr.
Ruth—Dorothy Middlebrook.
Elder—Jane Pattinson.

Matron—Mrs. A. B. Waters.

Rector—Mrs. Edward Kahlfeisch.

After the work of the evening was completed, a banquet was served, Mr. V. J. Hixson was toastmaster, and in a speech into which pathos and humor was deftly interwoven. He presented the retiring Worthy Matron, Mrs. Herbert Barton, with a jewel of the office. She was also the recipient of a magnificent bouquet of carnations. Mrs. Barton briefly voiced her appreciation of the gifts.

The remainder of the evening was spent in a musical and social manner. A musical program consisting of instrumental and vocal music was a feature.

Mr. and Mrs. Barton have been residents of Manistique for a number of years, and during that period have been prominent factors in Masonic circles. Their decision to leave the city permanently is sincerely regretted by their many friends in the fraternity, and they carry with them the heartfelt wishes for a long, happy and prosperous life in their far western home.

Good house for sale cheap. West side. Apply at this office.

PUBLIC MEETING.

There will be a public meeting of the civic league at the school house (south entrance) on Friday evening, April 23rd at 8 o'clock. This promises to be a meeting of unusual interest as speakers have been secured to address the citizens on subjects of vital interest to our city. All men interested in the improvement of Manistique should not fail to be present. Mayor Middlebrook will speak on the civic improvement needed for Manistique. Mr. W. B. Thomas will discuss the question, what's the matter with Manistique? Other speakers will follow these gentlemen. An entertaining and profitable evening is assured.

THE ORDER RAPIDLY INCREASING.

The W. O. W. Order Making Rapid Strides in the Michigan Jurisdiction.

The local representatives to the biennial convention of the W. O. W. and the Woodmen Circle, held at Muskegon, were Mr. and Mrs. Jennings, Mrs. Geo. Buschor, and Messrs. Gouch, Quick and Allan. They return filled with enthusiasm and prouder than ever of the two excellent orders that they represented at the convention.

The Woodmen of the World now has more than 7,000 members in the Michigan jurisdiction and has \$8,782,900 of insurance in force. The Woodmen Circle has a membership in Michigan of 2,347, and its members carry insurance aggregating \$1,832,200.00.

Mr. Clayton T. Allan, who was appointed Head Watchman to succeed Sovereign Geo. Wietwicz, deceased, was elected to succeed himself.

White Pine Camp of this city, is one of the big Camps of the state, and is becoming an important factor in Woodcraft.

The next biennial convention will be held at the Soo in 1917.

LOST—Ladies handkerchief with tating edge and embroidery in corners, of no value to any one but owner. Finder please return to 702 Oak street and receive reward.

BUSINESS MEN TO VISIT MANISTIQUE

The Merchants and Manufacturers Association Will Include Manistique in Their Itinerary.

Mayor Middlebrook has received a letter from the secretary of the Merchants & Manufacturers' association of Milwaukee, announcing that the members of the association will include Manistique in their itinerary, and that they will be in the city June 14th.

The letter follows: The 1915 trade excursion of the Merchants & Manufacturers' association will be conducted during the week of May 31st to June 14th both inclusive, and will comprise a list of some twenty-five cities of which Manistique is one. More than 100 of Milwaukee's business men, heads of manufacturing plants, jobbing houses and financial institutions will make up the excursion party.

The purpose of the trip is to renew and strengthen the ties of business acquaintances and personal friendship already existing between the people of your city and our members. Our party will travel in a special train of eleven coaches, and will reach Manistique on June 14th. It has been the custom to make up each year a descriptive booklet, relative to the cities to be visited, this book being for free distribution over the entire territory covered by the excursion. He also asks for the following data: Name of mayor; population; leading industry; natural resources; name of leading newspapers; names of officers of commercial organizations; local historic data of any character; distance from Soo-Line depot to business district, and places of interest.

NOTICE—The Odd Fellows and Rebekahs are requested to be at the hall next Sunday morning at 9:30 to attend services at the Methodist church in honor of the 96th anniversary of the founding of the order. All visiting brothers and sisters are invited. COMMITTEE.

Does It Pay to Paint?

Weigh the cost of painting against the money loss through depreciation. Weigh it against the satisfaction of living in attractive dwellings, against the certain prestige which is given to owners of attractively painted buildings—against the sky-rocketing cost of building materials—against the higher rentals secureable, against the way paint increases real estate values and aid sales.

Weigh the cost of painting against its advantages—put everything in the scales and you will find that it pays—and pays big—to keep your buildings well painted.

The Womens Society of the Presbyterian church was entertained by the Misses Mitchell at the church parlors Wednesday afternoon. At this meeting the report of the delegate representing the society at the district meeting held at Marquette recently, was read.

At the morning service of the First Baptist church Sunday two men were received into the church by baptism.

At the evening service two—a husband and wife—confessed Christ at the invitation of Rev. F. R. Leach, following the sermon. The evening services are made of an evangelistic nature and are interesting large audiences.

BENJ. FRANKLIN EXPLAINS

A "SAYING" to be found in Poor Richard's Almanack is "It is hard for an empty sack to stand upright."

Franklin, himself, explains the meaning of this proverb in "It being more difficult for a man in want to act always honestly." So, that, while the possession of great riches is not altogether to be desired, still every community of people is the better for frugality and industry. We desire that this bank may prove helpful in that it provides a means of saving for thrifty people.

EDITORIAL COMMENT.

Decorations will come on Sunday this year.

It is now estimated that the Republican state ticket received a plurality of 100,000 at the recent election.

The trout season opens May 1st and some of our local fishermen are taking inventory of their fishing paraphernalia and making preparations to hike to the streams on the day in question.

The wages of the miners in the copper country have been raised to the high water mark prior to the strike. The recent raise will increase the payrolls in the copper country \$60,000 per month.

Former Senator Adrich is dead. He was one of the foremost factors in Republican politics, and was in the senate from 1881 to 1911. As Joe Cannon says: "The republic is better that he lived."

Before the voters of this district renounce or reject the present member of the legislature from this district, they should be made sly to explain how and why he voted on various measures in which laboring men were interested.

Editor Guck of the Loughton Mining Gazette, underwent a surgical operation at a Chicago hospital. His many friends in the newspaper profession in this north country, hope that he may have a quick recovery and that his trenchant pen may be wielded for many years to come.

Escaumaba will exercise the recall upon several of its aldermen, and it is hinted that other officials will get it where the chicken got the ax. The aldermen in question ignored the ballots cast for Smith for mayor, and although he had a substantial majority he was supplanted by a minority candidate. A man that would accept an official position under similar circumstances should be recalled also.

Leo Frank was sentenced a new trial by the U. S. supreme court, and his life or death now hinges on the action of the governor of Georgia, who alone has the power to pardon or commute the sentence. There certainly is too much of uncertainty as to the guilt of Frank, and thousands of people believe that if he is hanged that an innocent man will be made to suffer.

Hall Caine says that peace now would be a disaster, and that Germany must not only be humiliated but crushed. If this program is followed, the date for the ending of the war is very remote, for the war which has been waging since last August has been practically a draw for months. Little fighting has been done on German soil, and from all appearances the Teutons are able to keep their enemies from advancing for an indefinite period.

The Escaumaba bar honored the memory of the late Attorney Jennings, by holding appropriate memorial services last Monday. Addresses were made by prominent attorneys from all sections of the peninsula, and resolutions attesting to his worth as a citizen, man and attorney, were passed. Judge Flannigan adjourned court in honor of the deceased jurist. The late Mr. Jennings stood high as an attorney and citizen. He was a prominent factor in the politics of the upper peninsula, and had friends honored by his local constituency, and had friends and admirers in every city of the upper peninsula.

The moving picture theaters are doing much for the temperance cause. It is safe to say that hundreds of thousands of men visit the picture theaters within the confines of the United States nightly that would be found in no operation "poor man's club" in the saloons, if the theaters were not in operation. Then, too, many good films are shown that teach the harmful effects of drink. The young people that attend the theaters are taught lessons that they will never forget, and no question but that many a man has ceased the use of intoxicants, as the result of touching films that show the inevitable finale of a life of intemperance. Here in Manistique hundreds of men attend the picture shows nightly. While they are there they are not in the saloons, and they are usually accompanied by one or more members of their families, they do not loiter after the show. The liquor business is no longer a profitable business in Manistique, and due credit must be given the "movies" for assisting in bringing this state of affairs about.

The demonstration car accompanied by professors from the state agricultural college, has been touring this section of the peninsula during the current week. Absolutely no information is as to when the car would arrive in Manistique was received by the newspaper offices of this city; hence the data could not be given publicly. The men in charge evidently were not aware of the fact that Manistique possessed newspapers that would be only too glad to give the advent of the car all the publicity possible, free of charge. What little we did receive concerning the movement of the car, was clipped from an Escaumaba newspaper. It has been clearly demonstrated that the men in charge of the car are certainly impractical and do not comprehend the benefits to be derived by advertising. The idea of sending a car with speakers throughout the peninsula is a good one, but the fact remains that the people of the upper peninsula should be informed as to where the car will be in various cities that the people most benefited by the visitation—the farmers—could be informed. The attention of this inexcusable lack of publicity was called to the man in charge of the car, last week. He promised that it would not occur again—but it has.

EDITORIAL COMMENT.

An exchange tersely says: Talk with a loafer long enough and he will say that a poor man has no chance.

An effort is being made to close the saloons of the Straits at nine o'clock in the evening. The council has been petitioned to pass an ordinance making the new hour effective.

Now and then we hear of some employee of the legislature becoming seriously ill as the result of overwork. However, none of the members are ever afflicted in that manner.

Roosevelt and Barnes are central figures in a suit now being tried at Syracuse. Roosevelt accused Barnes of being a grafter and corruptor and said that he could prove it. Barnes sued him in the sum of \$50,000 and insists that he prove his assertions or "slip up."

The official recount places Oakland county in the "wet" column. The returns showed a "dry" majority of 33, and when the votes were recounted it was ascertained that the "wets" had carried the county by 22.

The Democratic state ticket in Inwood township of Schoecraft county received sixty-seven votes, the progressive four and the Republican sixty-two. Twenty-five years ago this was the banner Democratic precinct of the county.

None too early to make preparations for the Home Coming week to be held in conjunction with the upper peninsula firemen's tournament. When you write ex-Manistiquians, call the attention to the week in question, and urge them to make the Old Town a visit.

Three different times the Democratic party has been in power since the Civil war, and each of the three Democratic administrations has been marked by the same tariff tinkering and anti-labor legislation and each one has resulted disastrously for both party and nation.

Iron county, it is stated, had twelve known "blind pigs" prior to the recent local option election. This should be remembered, for it will not be long until a bus and cry will be raised by liquor advocates in that county that the law is not being enforced and that liquor is being sold unlawfully.

Many voters who do not believe in local option but have expressed themselves in favor of state wide prohibition, will now have an opportunity of making good, for the anti-saloon forces will at once set machinery in order to secure a sufficient number of signatures to bring the matter before the voters of the entire state at the November election in 1916.

A California newspaper proposes Henry Ford of Detroit, as the Republican candidate for the presidency in 1916. A man that is capable of successfully conducting a business of such magnitude as that of the Ford Co. is certainly capable of conducting the business of the United States. If Ford would present every voter with a Ford automobile there would be no question but that he would secure the necessary votes.

The amendment tacked on the Straight bill, as proposed to the Michigan constitution, will be amended with the exception of two vital sections. The bill as amended, now pending in the senate, will be given the floor on the November election in 1916. The "wets" in the senate were to kill the bill in question by tacking a distasteful amendment to it, but their tactics will react on them. Their success is of a temporary nature, and the voters of the state of Michigan shall be given the opportunity of deciding the liquor traffic a good job will be done, and the statesmen at whose doors can be justly laid the defeat of the Straight bill, will be thrown on the political junk pile.

Alger county is "wet," evidently, because a majority of the supervisors do not believe in having it "dry." The ballot box of a certain precinct was opened by the supervisors, and when the ballots were recounted, and four more "dry" votes were found than were reported by the "dry" caucus for the votes in question, but they did throw out two dry votes in the Shingletown precinct, for pencil marks appeared thereon, which the board declared were distinguishing marks. After juggling the returns in this manner, Alger county was finally found to be "wet." Such jockeying only reacts upon the men guilty of such conduct, and dry question the dry majority will be so large that no one will have the nerve to declare it anything else. The next board of supervisors will contain more dry members next spring than it has this year.

POLITICAL TALK.

The country as a whole is continuing to talk about the results of the recent Chicago election. Sentiment in Chicago unites in expressing the opinion that the overwhelming republican victory in the city election was due to the desire on the part of the voters to show the demerits that they are through with them. McCormack, the democratic national chairman, was in Chicago for a week, doing underground work to try and involve an explanation that will set with the president and the Democratic leaders at Washington. Democratic control of the national government comes every so often, and as often as that it comes just as often it is a failure. It gets nowhere. It makes good on no promises. And hard times invariably follow. Then the voters anxiously wait for a chance to put the republicans into control again. The republicans know how to run the government. They may make mistakes occasionally. And sometimes they get a little too sufficed up with their long continued management of the government. But, by and large, they know the government business pretty well. And handle it properly. And the people remember for a long time what happens every time the democrats are in control. They remember the hard times. But every 16 or 20 years there is a new crop of voters, young men just coming into the franchise rights. They hear the older men say, "Prosperity, Why Change?" But they don't quite believe it. They want to be shown. And when there are enough of these youngsters they vote the democrats in. And then we go through the kind of experience we have had for the past two years and out of which the copper country now seems to be emerging. They hear the older men say, "Prosperity, Why Change?" But they don't quite believe it. They want to be shown. And when there are enough of these youngsters they vote the democrats in. And then we go through the kind of experience we have had for the past two years and out of which the copper country now seems to be emerging. They hear the older men say, "Prosperity, Why Change?" G. O. P. VICTORY

IS ASSURED.

Sec. Reynolds, of Republican National Body, Sees No Other Outcome.

A Washington dispatch says: "The condemnation of the voters of the east placed on the tariff and business policies of the administration last November is traveling to the west. If that part of the country had done as well for the Republicans in November as the voters of Chicago and St. Louis did at the recent election, there would be a Republican majority in the house and senate now."

James B. Reynolds, secretary of the Republican national committee, made the above comment on the results.

Obviously local issues were secondary in Chicago, else the result would have been different, added Mr. Reynolds. "Labor and capital are out of work," said Mr. Reynolds, "and obviously the man without a job and the capitalist working without profit, if not actual loss, united to condemn the policies that brought about their unemployment. No local or extraneous issue can get a hearing from unemployed men and capital who know that the only fact, other than the passage of time, that might have brought about the change from prosperity to comparative poverty in two years, was that part of the country had done as well for the Republicans in November as the voters of Chicago and St. Louis did at the recent election, there would be a Republican majority in the house and senate now."

"SPliced for life"—that's what men say when they hook up with the Real Tobacco Chew.

It's the good tobacco that satisfies—and you get your comfort from a little chew. Happy as a bride-groom—and they pass the good news on. A little chew of pure, rich, mellow tobacco—seasoned and sweetened just enough—cuts so much of the grinding and spitting.

THE REAL TOBACCO CHEW IS NOW CUT TWO WAYS!! W-B CUT IS LONG SHRED, R-CUT IS SHORT SHRED.

Take less than one-quarter the old size chew. It will be more satisfying than a mouthful of ordinary tobacco. Just take a nibble of it until you find the evenly real tobacco taste comes, how it satisfies, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is The Real Tobacco Chew. That's why it costs less in the end. The taste of pure, rich tobacco does not need to be covered up. An excess of licorice and sweetening makes you spit too much.

"Notice how the suit brings out the rich tobacco taste."

Collinsville, Ill.—"I suffered from a nervous breakdown and terrible headaches, and was tired all over, totally went out and to discouraging to enjoy life, but as I had four in family and sometimes eight or nine boarders, I kept on working despite my suffering.

"I saw Vinol advertised and decided to try it, and within two weeks I noted a decided improvement in my condition and now I am a well woman.

"There are hundreds of nervous, run-down, overworked women in this vicinity who are hardly able to drag around and who are sure would be wonderfully benefited by Vinol as Mrs. Becker was.

"The reason Vinol is so successful in helping up health and strength in such cases is because it combines the medicinal essence of building and curative elements of the herbs together with the medicinal strengthening properties of tonic iron. THE WET SENATORS FIX DATE.

Prohibit on Measure Amended—Date to Election Fixed for April 1917 Instead of Nov. 1916.

The "wets" succeeded in denaturing the Straight bill which had for its object the voters of the state an opportunity of expressing themselves on the state-wide prohibition question at the November election, next year, and deferred the date to the April election, 1917. Some of the politicians looking for political advancement are being compelled to make the race for office at an election when the prohibition question was the paramount issue, but some of these aspirants showed their hand in the vote on the amendment above mentioned, and the men that believe in state-wide prohibition, can commence hostilities next year and blight the aspirations of such senators that are willing to refuse the referendum on the liquor question at an election when it would stand a better chance of winning over to the larger vote cast.

Speaking of the action of the senate the Lansing Evening Press has the following to say:

the Senate Voted on the Date of Referendum of the Statewide Prohibition Bill.

Yess: Fitzgibbon, Gansser, Hanley, Hildebrand, Hofma, Kelley, McPhillips, Murtha, Ogg, Paul, Roberts, Taylor, Ventler, Walter, Williams, Wood—17.

Nays: Barnes, Corliss, Cover, Duncan, DeLand, Foster, Groger, MacFar, Odell, Planch, Powell, Smith, Straight, Tripp, Woodworth—15.

The senate succeeded in blocking the passage of the state-wide prohibition bill again when it came up on trial reading this morning. They also succeeded in amending the bill so that its chances of passage before the people are much lessened.

Indignant because of the tactics of the wets, Senator Straight lashed Senators Gansser, Fitzgibbon and Murtha unmercifully. The verbal attack caused the color to mount high in the faces of the Bay City and Port Huron men, but Murtha never lost his self assurance.

Straight got into action when Gansser spoke for a reconsideration of his amendment to change the date of taking effect of the bill from May, 1917, to May, 1918. The Bay City Sunday school superintendent made an eloquent appeal for the saloon keepers.

After directly mentioning Gansser's name, Straight said: "As a teacher of the doctrine of Jesus Christ, how can you stand up here and talk as you do? I wonder where you are working for the interests of the saloon keepers or the children in whom you profess to be interested in the love of Jesus Christ."

"I wish to give you men warning that the men responsible here: for bringing the date of this election up here to stand before the people. Two members of last year's liquor committee are down and out politically."

"Do you men, who prattle of fairness and justice, wish to know that 1000 men killed their wives last year because of drink? Do you men wish to know that 2,500 men killed their children last year, while intoxicated? Do you wish to know that 700 mothers smothered their children last year because of drink? I don't know what is the matter with you men."

"The republicans in Congress voted for the national prohibition. I want to tell you who are blocking this measure that you are blocking this best keel of your political ambitions. It's beyond all understanding how you can stand up here and ad-

ocate the love of Jesus Christ and defend the saloon keepers.

"You have been led off your feet by one man with an insincere purpose. He is responsible for changing the date of submitting this question."

In his speech, Straight did not content himself with allusions but pointed directly at Fitzgibbon, Gansser and Murtha. The effort exhausted the Goldwater man and he suffered a near breakdown at the conclusion of his speech.

Senator Taylor moved that the senate take a recess until 4 o'clock. It is expected efforts will be made to pour oil on the troubled waters at the Dickinson luncheon.

When the bill first came up, Murtha succeeded in tacking on his amendment prohibiting the sale of patent medicine containing more than 20 per cent alcohol. In speaking for the amendment he disclaimed the intention to prohibit the sale of weaken the bill. Senator Roberts spoke for it saying much patent medicine was used in Maine where he had lived. Senators Dunan and Foster urged that it be put in a separate bill. The amendment was approved 17 to 15.

An amendment was then offered to switch the date of submitting the question from November, 1916, to April, 1917. Although many republicans voted for it on the ground that it was a democratic scheme to confuse the election, the two democrats, Murtha and McPhillips, supported the theory by also voting for the switch. The amendment carried 17 to 15.

Murtha then attempted to make several amendments prohibiting the personal use of liquor. He failed to carry the motion, but he was only made the move to get the drys on record against the dry measures. Gansser then offered his amendment to extend the time of taking effect. It was beaten, 16 to 16. Fitzgibbon moved a reconsideration and urged the saloon keepers be given time to take care of their property. It was Gansser's supporting speech that aroused Straight.

ALGER COUNTY YET IN THE AIR.

Supervisors Pull Off Funny Stunt Which Appeals to The Wholly Unwarranted.

The supervisors of Alger county, sitting on a resolution on the referendum for and against the liquor question, found eight majority for the "drys," and then decided not to count them.

It looks as though there would be more or less trouble in the "drys" securing their hard fought victory as long as the majority is not a decisive one.

Speaking of the Alger county middle, the Mining Journal says:

After a story day's session of the supervisors, sitting as a recent board, the county of Alger was brought to a tie in the recent local option election.

This was brought about by the wets' gains of eight votes over the returns as they stood Wednesday night through the rejection by the supervisors of the corrected vote of Mathias township and their decision to permit the returns of the election officials to stand—an action based on the contention that because of the condition of the ballot boxes for this township they were in error in recounting them in the first place.

At the close of the recount Wednesday night the majority of the drys stood at six. Yesterday it was increased to eight by a gain of two votes in the recount of the ballots cast in the town of Munising.

Then this lead of eight was entirely wiped out by the decision to go back to the election officials returns for Mathias township.

As the Mining Journal reported yesterday, Mathias township election officials, through a mistake in stacking the ballots, returned four more votes for the wets than they were entitled to, and four less than were polled by the drys. Thus the gain of the drys on the recount for this precinct was eight votes.

Action Unwarranted.

The action of the supervisors in rejecting their own recount, after it had been duly declared, was last evening pronounced without warrant by H. B. Freeman, who with W. F. Holden, is president of the interest of the drys, looking after the interest of the drys, and asserted that there would be no difficulty about securing its rectification by the circuit judge.

"This action, entirely unwarranted in law or common sense, was taken," he said, "for the purpose of wiping out the lead of the drys. The ballot boxes for Limestone township were in worse condition than those for Mathias. In Limestone the local option forces lost two votes on the recount. When we asked the supervisors to take in regard to Limestone, they took in the same action they took in the case of Mathias township they refused to do so, indicating that they had their eye not on the condition of the ballot boxes, out on the way the vote

was running. When the board opened the Mathias township ballot boxes and made the recount it accepted the condition of the ballot boxes as sufficient to go to the recount that action. The court will so hold."

But one township now remains to be counted, and that is Shingleton, where the wets had a big lead. Unless the recount for this township again establishes the lead of the drys they will immediately steps to secure the election by the means of what they assert is the illegal action of the supervisors with regard to Mathias township.

WHAT A DETROIT EDITOR SAYS.

Prohibition is No Longer an Academic Theory in Michigan.

In the current issue of Detroit Saturday Night, the editor has this to say:

Prohibition is no longer an academic theory in Michigan. It promises to be the dominant political issue of 1916 in this state. The possibility of its adoption is indicated in the dry victories of last week, not so much because 12 out of 15 counties voted out the saloons and the breweries, though that is in itself a significant fact, but because such counties as Calhoun, Kalamazoo and Berrien, with varied population and sizeable urban centers have entered the dry column. The sentiment is making its way at this rate it is quite easy to conceive the possibility that in another year and a half dry sentiment will be in control of the state as a whole.

The wets will naturally comfort themselves with the hope that Houghton and Kent will not join in the movement. The power of the wets in Wayne has not been successful by challenged in these latter days, but the most influential leaders in both republican and democratic ranks are opposed to prohibition in any form. On the other hand, the strength of the moderate drinker who puts law and before booze has never been measured in this county. Our astute captives of politics would be hugely surprised, we think, at the number of men to be found in every bar and cafe in this county who are ready to give up the means of cheating the political saloon and the insolence and ignorance with which it assumes to direct municipal government.

SAYS HOME STUDY IS A FAILURE.

Hours of Hough on High School Will Be Changed at Beginning of New School Year; Like New Plan.

Announcement of a revolutionary change in the hours of work of the Houghton high school for the coming year has been made by Superintendent John A. Duell.

Beginning with the opening of the new school year the high school will be in session continuously from 8 o'clock in the morning till 4:10 o'clock in the afternoon. The change is intended to do away with home study, which Superintendent Duell characterizes as a failure.

The teachers and the pupils will suffer by the arrangement, as the teachers will be on duty continuously during the day while the pupils will be in attendance only four of the five periods of 80 minutes each into which the school day will be divided.

Pupils reporting at school in the morning will be through with their day's work at 2:50 p. m.

Superintendent Duell says that this rule will affect all of the pupils in the first three high school years and to a great extent all of the seniors.

The purpose is to do away with home study and as a period of 80 minutes is to be devoted to each subject, this will be divided into two parts, one for study and one for recitation.

None of the pupils will be required to take work home. No studying will be done in the home assembly room, as now, but this room will for the most part be used as a recitation room.

The plan will give all the pupils a longer school session than in the past but the school board and the superintendent believe that high school pupils should become accustomed to a longer working day, so that when they go to work after leaving school, as is to be the case with a majority of them, the longer hours will not be irksome.

GOVERNMENT HELPS TO PROTECT THE FARMER

It is believed in Washington that the farmers in many parts of the United States have little idea of the extent to which the federal government goes to protect them and their interests from harm.

COULD DO MUCH FOR MICHIGAN.

The government has spent millions of dollars in putting water on the sage-brush plains of the far west, and has spent much larger sums in helping the out-owners and in stamping the hardy settlers in this north country to clear up the swamps and woodlands.

FARE RATE RAISE DEFEATED.

The House Defeated Measure in a Vote of 54 to 45.

By a vote of 54 to 45 the house defeated the Taylor Henry bill providing for increased passenger fares on Michigan. From 2 o'clock to 7:30 o'clock last night the bill was the subject of vigorous debate.

As a result of their failure to get relief from the legislature the railroad men are planning an appeal to the courts in an effort to have a 2 cent fare law declared unconstitutional and to restore the 3 cent per mile tariff in effect prior to the passage of the 2 cent fare law in 1907.

Do You Know

There are many articles in use about your farm, which you are sure you would not be able to do without. Imagine starting out in the field to cut your own or eye with a scythe or what if you had to pitch out the load of hay in the barn by hand, instead of using the hay fork, you would think it pretty slow work, but your father went at it that way. He thought nothing of it, either.

The idea of having a telephone in your home may not appeal to you much now, perhaps a luxury you can't afford you say. Let us place out of our telephones in your home. Let us give you speedy and sure communication with your neighbors and your business associates. In six months time, you, your wife and other members of the family will wonder, "how we ever did without it."

Let us talk this over with you now—today. You are sure to install our service sometime—why not now?

The entertainment given under the auspices of St. Alban's guild Wednesday evening was well attended and is reported by those present as being fully equal to the average amateur show staged here.

The Birthday Grange dance and supper advertised in last week's issue was improperly advertised. The dance is held this (Friday) evening instead of next week. Remember that it will be held tonight.

Don't forget the May day sale to be held under the auspices of the Woman's society of the Presbyterian church, at N. of P. hall, May 1st. A nice line of refreshments will be served and aprons and baked goods will be offered for sale.

Peter LaCrosse, of Hunts Spur, is the employer of Patrick McNamara at Manistique Junction, out his left foot severely with an axe while running lines Wednesday. He came to this city for treatment, and returned to his home yesterday morning.

Miss Longfield and Mr. George Lockwood of the Soo, gave an exhibition of dancing at the entertainment given under the auspices of St. Alban's Wednesday evening, that was the most artistic in that line ever staged here by amateurs. Mr. Lockwood is a dancing teacher at the Soo and spent his boyhood days in this city.

While making a practice run early Wednesday evening the fire team left the department headquarters just as Dr. Sells was passing in his auto. The rear of the auto was damaged somewhat by the impact. A man passing the building also had a narrow escape. When practice is engaged in, it is certainly worth a good precautionary measure for some member of the department to give warning to passers-by. When a fire occurs the ringing of the bell gives sufficient warning.

Hiram Witter, who has spent the past winter here with his stunts, has returned to the city.
The Police arrived in port yesterday for a cargo of lumber. It is the first boat of the season.

"The Pic," a five reel film, shown at the Princess theater Wednesday evening, was considered by some of the local movie fans as being the best film ever shown in the city.

Rev. Augustus Nelson of the Swedish Lutheran church is attending the upper peninsula conference of that denomination held at Gladstone this week. Miss Gunnarson represents the missionary society at the conference. The delegates will remain until next Monday.

The president of the Upper Peninsula Educational association announces that Governor Willis of Ohio has been secured to address the association at the autumn meeting. Mr. Willis is an eloquent speaker and has a great reputation as an educator and is a specialist in history and economics.

Farmers and others desiring land and desiring to burn slashings, should notify the supervisor of the township in which the land is located, or notify the district fire warden Mr. Frank Guinan of this city. Now is the time to burn brush, as there is less danger now than later, when the underbrush becomes dry.

Sometimes when an editor gives an organization several dollars worth of space free of charge, and later is expected to purchase tickets in order to be able to give the entertainment a complimentary write-up he wisely decides to save his money and refuses to donate additional space. Some people think that space in a newspaper is not worth anything, but come to think about it, newspaper space is an asset to the editor, and about the only one he possesses. Hereafter organizations desiring long-winded write-ups in advertising their entertainments, will be compelled to pay for the space or they at least should be sufficiently considerate to supply complimentary tickets for value received.

Neville & Nervaux will hold their formal opening of their new cast steel drug store on May 1st, and cordially invite every resident of Manistique and vicinity to call on the day in question.

The upper peninsula will have no dearth of circuses during the coming summer. Barnum & Bailey, Golar Bros., and The 101 Ranch, a wild west organization, are planning to come north of the straits. Manistique should land at least one of these.

MRS. ED. HALGREN DIED YESTERDAY.

Death Occurred at Local Hospital Yesterday Noon After Surgical Operation.

Mrs. Edward Halgren died at the local hospital yesterday noon as the result of an operation. She underwent an operation for appendicitis in a Minneapolis hospital last September and did not recover in a satisfactory manner. After a two months stay in that hospital she returned to her home. She was taken to the local hospital a few days ago for surgical treatment. In her weakened condition she could not withstand the shock of the operation and her death occurred as mentioned above.

The case of The People vs. Louis Monroe, was stricken from the calendar.

Carl Mickelson of Biency Junction, charged with violation of the liquor laws, pled guilty and was fined \$125 and costs of \$10.00.

Thomas Polert, charged with forgery, was sentenced for a term of two years.

Chas. Forbert, similarly charged, was given a sentence of two and one-half years.

Geo. Thomas, charged with adultery drew a three year sentence.
The case of Fred Cooper vs. Wm. S. Crowe and L. Yalomstein. No cause for action.

Blanche Reil was granted a divorce from Gilbert Reil.

Francis Stewart Roberts secured a divorce from Alexander Roberts.

A decree of divorce was granted in the case of Mae Barry vs. Otis Barry.

Dora Brown Farrand secured a divorce from Frank Farrand.

In the case of Duclach Robinson vs. The Manistique Dairy Products Co., an order to sell was granted.

Roy Verts of Gernfask, charged with robbery, was placed under a two year's probation, and will be in charge of County Agent Davidson.

Mr. Overly, charged with robbing the Soo Line depot, pleaded guilty to the charge, but had not received his sentence at the time this was written.

John Erickson was given a decree of divorce from Irene Brown Erickson.

Court adjourned yesterday afternoon.

MARRIED.

Joseph Belland and Miss Minnie O'Rourke were married Tuesday morning at St. Francis de Sales church. The bride is a daughter of Supervisor Thomas Conarty of Doyle township. Mr. and Mrs. Belland will reside on Lake street.

CELEBRATES BIRTHDAY.

Miss Ben Faulkner, at her home at Thompson, entertained a number of her school friends in honor of her 13th birthday last Saturday afternoon. The afternoon was spent in games and music, after which a dainty lunch was served. The guests were: Misses Pearl Tufnell, Marion, Ethel and Grace Mellette, Irene Fragale, Hannah Olson, Hilma Mattson, Sima Sandberg, Myrtle Atkinson, Josephine Smith, Ida and Gladys Quinlan.

HAVE YOU BEEN MISSED.

Secretary Kalfbleisch of the Schoolcraft County Fair association, has endeavored to mail a copy of the 1915 premium list to every farmer in the county. If you have failed to receive a copy please notify Mr. Kalfbleisch either by letter or by calling at the Manistique bank and your wants will be supplied. If you were missed in the distribution, rest assured that you were not intentionally missed.

WILL BE READY FOR BUSINESS TOMORROW.

Mrs. Marantette will open her lunch house in the Klugestad building on Oak street, opposite the Catholic church tomorrow. Aside from serving a first class lunch and a cup of coffee, she will have home made bread, rolls and biscuits on sale daily. The room has been divided into compartments and looks very inviting. She has a good reputation as a baker, and will no doubt do well in her venture. In seasons she will also serve ice cream, etc.

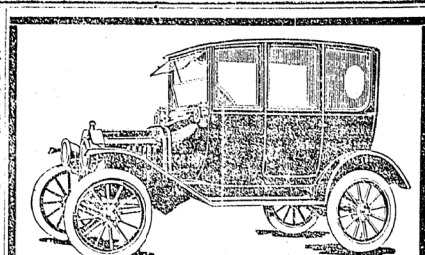

AN INTERVIEW WITH MR. FORD.

The following interview was given by Mr. Ford to one of the aggressive Ford agents, who returned to his home and gave it in his territory in the following newspaper advertisement:
"On a personal visit to Mr. Henry Ford I branched the subject of a possible August 1st Rebate.

(The Ford Company announced last year—as you well remember—that if their total sales reached 300,000 cars between August 1, 1914, and August 1, 1915, each purchaser during that period would receive back a refund of \$40.00 to \$60.00.)

"Mr. Ford," I suggested, "Is there anything I can say to our people with regard to the Ford Motor Company's 300,000 car rebate plan?"

"We shall sell the 300,000," was the quiet reply—"and in 11 months, a full month ahead of August 1st."
"Then a refund is practically assured?"

The Ford is lighter than any other car of its size and power. Yet stronger, sturdier, longer lasting. Vanadium steel, that's why. Vanadium is the hardest, strongest, toughest steel made. It is the only steel that is hard and tough at the same time. It is the highest priced steel that is used in automobile construction. Yet the Ford is very low in price. Its quality, terms, price and small cost of operation and upkeep, less than two cents a mile, have made it the universal necessity in town and country. Buyers will share in profits if we sell at retail 300,000 new Ford cars between August 1st and August 15th. Runabout, \$110; Touring Car \$490; Town Car \$690; Coupelet \$750; Sedan \$975; f. o. b. Detroit with all equipment.

"Yes—harring the totally unexpected. We are 50,000 to 75,000 cars behind orders today. Factory and branches are sending out 1800 daily." I then said to Mr. Ford: "If I could make a definite refund statement we would increase our local sales 500 cars."
"You may say," was Mr. Ford's deliberate and significant reply to this—"You may say that we shall pay back to each purchaser of a Ford car be-

The Worlds Greatest Book

FOUNDED NINETY-SIX YEARS AGO.

Odd Fellows are Celebrating Anniversary of Order's Founding This Week.

Odd Fellowship was founded ninety-six years ago this week, and the event will be properly observed next Sunday at the Methodist church where the pastor, Rev. F. K. Murby, will deliver an appropriate sermon to the members of Manistique lodge, No. 353, and the Rebekahs, who will attend the services in a body.

Odd Fellowship is the exemplar of brotherly love, and the parable of the Good Samaritan is the crux of its teachings. It has grown so rapidly that it now holds the proud distinction of being the largest fraternal organization in the United States. Odd Fellowship fills a niche in the present

age that is too often neglected by the church and many of the other fraternal societies. It believes in visiting the sick brother; in assisting him financially if he is in need, and shows an acute interest in the welfare of the brethren, as well as their widows and orphans. It has expended millions of dollars in easing the rugged pathway of life for its unfortunates, and is not content with picking up the bruised and maimed brother and giving him treatment from an emergency kit, but nurses and cares for him until he again is able to essay the journey of life, but should he die its responsibility does not cease for it cares for the widow and the orphan, should they need a home or financial assistance. This phase of its work has been exemplified many times, even in the city of Manistique. It performs its charitable duties without publicity, and prides for what it does in this direction is not courted or even desired.

By so doing it only exemplifies the spirit that actuated the traveler foundered and provided for the pathway to show him on his best, take him to the inn and see to it that he was properly cared for.

The church has not done its full duty in the past to the unfortunate members of its fold. It is not doing its duty in this respect today as it should, hence the organization of fraternal societies that supplement and do the work that the church should do. Charity and care for the poor and distressed worthy members, their widows and orphans, is the mainspring of every fraternal society. In this connection we wish to state that the "Big Brother" movement instituted by the B. F. O. Elks, is one of the paramount examples of practical and worthy effort to assist mankind. The man that takes in charge a youth that needs a father and friend, and makes the boy feel that these attributes are of great value to him, is not only making a better man for so doing, but his interest and solicitude for his "little brother" of times results in changing the life of the unfortunate wife, and transforms him into an integral factor of community, state and national life. With in the heart and brain of every human being, no matter what his youthful environment may be, lies fertile ground, which if cultivated and improved, may transform the dirty urchin of the slums into an honored member of society whose name may not only be good, but be the means of making all with whom he comes in contact, better men and women. There is a tragedy in the life of too many children. Every child deserves to be given a chance, but entirely too few are given that opportunity. Opportunity may lift a boy out of his environment and make him a minister, an editor, a lawyer or a successful business man, and the lack of it may result in making him a criminal and a burden to society. The "Big Brother" movement is one that should be adopted not only by the Elks but by every church and fraternal society. The idea is not patented, and no one will be arrested for infringement if they do the work in question.

The world is better today because of the Odd Fellows, Masons, Elks, Knights of Pythias, and the many other orders under church control or without its pale. All are founded on brotherly love, and you and I are made better men and women when we assist those that fall under the blasts of adversity as they travel the short pathway from the cradle to the grave, as members of these organizations.

MRS. McNABB GIVEN \$30,000 VERDICT.

The suit of Mrs. Ida McNabb, of Escanaba, Mich., against John McKinney of Milwaukee, a wealthy mine owner, who is heavily interested in Upper Peninsula, Mich., mineral properties, came to an end here today when the plaintiff was awarded a judgment of \$30,000 against the defendant, as a claim for her disappointment caused by the alleged breach of promise to marry her, said to have been made by McKinney.

Mrs. McNabb asked the court to grant her a half million dollars.

FORMER MANISTIQUE LADY MARRIES.

Miss Hattie Puetzke, who has been living at Manistique for some time, was married to Mr. Patrick Shea of that city last Thursday evening. A DANGEROUS PRACTICE.

County and city treasurers in Michigan will become more chary in accepting checks for taxes if they heed the decision of the supreme court today in a Chippewa county case.

The court holds a former county treasurer, James T. Bennett, liable for about \$4,000 in taxes which he took in checks, which subsequently turned out to be worthless.

There is a state statute that checks can be taken for taxes where they are paid on presentation, but the court intimates that it is bad practice.

There Is No Question but that indigestion and the distressed feeling which always goes with it can be promptly relieved by taking a **Perall Dyspepsia Tablet** before and after each meal. 25c a box. A. S. Putnam & Co.

THE "PRUDENT MAN" SEES THAT HIS SON HAS A BANK ACCOUNT

This would be a more prosperous community if every father in it would say to his boy: "Son, start a bank account this very week and every dollar you save and put in the bank I'll give you another dollar to put in the bank with it!"—and if everybody would have SENSE enough to do it.

The "PRUDENT" young man who banks his money becomes a "PROSPEROUS" man. Make OUR bank YOUR bank. We pay 3 per cent interest.
