HANDSOME NEW RESIDENCE

Mr. Chas. R. Orr commenced the erection of Handsome Home on Range Street.

Mr. Chas. R. Orr has decided to erect a large and handsome home on Range street, north of the Wm. B. Thomas residence, and the work of excavation was commenced Wednesday.

Judging from the preliminary plans furnished by Architect Demar of the Soo, the building will be one of the largest and handsomest in the city. It will contain eleven rooms, and will be surrounded on two sides with a ten foot porch. The dimensions of the building are 45x36 feet. Mr. Orr has acquired a lot with a frontage of 150 feet and 175 feet deep. The house will be modern in every respect, and will be a decided addition to Range street, which is one of the very best residence streets in the city. Contractor Danielson is in charge of the preliminary work.

CHEERING NEWS FOR MANISTIQUE

Gen. Mgr. Webster of the Lake Superior Iron & Chemical Co., States the Local Plant will be in Operation October 1st.

At the six o'clock dinner given at the Elks Temple Wednesday evening, at which the executive officers of the Lake Superior Iron & Chemical Co. and President Culver of the Consolidated Lumber Co. were the guests of honor, several addresses were made. Messrs Webster of the Iron Co., Culver of the Consolidated Co., Thomas and Nicholson of the White Marble Lumber Co. and James C. Wood were called upon and responded at length.

Mr. Webster gave an inkling of what his company had in store for Manistiquette. He stated that the furnace would go in blast Oct. 1st, and that new additions would be added to the present plant. The company had at first planned to make these improvements at Newberry, but through the persuasive eloquence of the local manager, Mr. J. S. Edmondson, setting forth the manifold advantages Manistiquette possessed as compared to the other cities where he plants of the company were located, it was decided to enlarge the Manistiquette plant. It drew upon the advantages Manistiquette possessed, and stated that the present plant would be radically improved and enlarged.

The company is at present being reorganized. This was made necessary by virtue of the fact that the European war had bankrupted a large number of the English stockholders. The plans will make the Manistiquette plant the largest and most complete one owned by the company.

The name of the corporation will be changed to "The Chatelet Iron Co. of America."

The address of Mr. Webster certainly is pleasing to the citizens of Manistiquette. The remodeled and enlarged plant will employ more men, and when it goes in blast, will be operated continuously.

AUTO OWNERS ATTENTION.

I have warned the drivers of autos several times regarding reckless driving on the city streets.

While most auto owners have heeded the warning, there are still drivers who persist in violating the speed laws within the city limits, also the ordinance prohibiting the use of muffler cut-outs.

I wish to inform these offenders that from date of publication of this notice, that the laws and ordinances will be enforced without fear or favor, and all reckless drivers and offenders will be severely dealt with. Govern yourself accordingly.

J. PETERSON,
Chief of Police.

PURCHASED RETAIL BUSINESS

The Waddell Lumber & Supply Co. has Purchased the Consolidated Lumber Co.'s Retail Lumber Business.

A deal was consummated Wednesday whereby the Waddell Lumber & Supply Co. has acquired the Consolidated Lumber Co.'s retail lumber business. The business will be continued at the old stand.

The company in question had leased a warehouse from the White Marble Lumber Co. and began the erection of an office near the warehouse, but since the new deal was consummated, work has been suspended.

The stock will be materially increased, and everything usually found in a first class lumber yard will be carried by the new company.

FOURTH OF JULY MEETING

A meeting will be held at the city hall on Monday evening, May 31st, at 8 o'clock, for the purpose of deciding whether Manistiquette shall observe July 4th. Those interested should attend.

COMMITTEE.

DEATH OF G. A. JOHNSON

Well Known Liquor Dealer Died Tuesday Afternoon from an Attack of Pneumonia.

Mr. G. A. Johnson, better known as "Paddy" Johnson, died at the hospital home in Hiawatha township Tuesday afternoon shortly after five o'clock, as the result of an attack of pneumonia. He was taken ill last Saturday, and at once became unconscious and failed to rally to treatment.

The deceased was born in Sweden forty-five years ago, and came to Manistiquette about twenty-five years ago. For a number of years he was bartender for the Keystone hotel. Six years ago he engaged in the liquor business for himself in the Nels Johnson building on Cedar street, and was conducting the business at the time of his death.

He has no known relatives either in this country or in Sweden, his mother having died a few years ago. "Paddy" was well liked by all that were acquainted with him. He was a great reader, and discussed the topics of the day in an intelligent and interesting manner. The writer met him many times and was very much impressed with his knowledge of current events, and the interesting and intelligent ideas he possessed upon matters of state, national and world-wide import.

The funeral services were held from Sten Johnson's undertaking parlors Thursday afternoon at 2:30 o'clock. Rev. Grandin of the Swedish Baptist church officiated. The funeral was largely attended by friends of the deceased.

TO RENT.

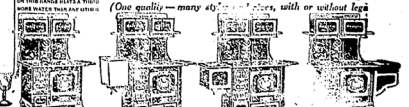

A fifty acre farm with necessary implements and stock. Call personally or write Aug. Nelson, Thompson, Mich.

The Ladies Aid of the First Baptist church will meet with Mrs. Wickwire Wednesday afternoon.

There is a marked tendency upon the part of the men representing the business interests of the city, to get together and to discuss matters of vital importance not only to themselves but to the city as well. This get-together spirit is of recent origin, and augurs well for the future of the city.

Freel Walcott, an aged bachelor residing on the river road in the vicinity of the Murphy farm, died early this week. Funeral services were held from the Presbyterian church yesterday afternoon, Rev. J. R. Mitchell, the pastor, officiating. The deceased was a brother of the late Mrs. Henri Brussel, Sr.

It is indeed gratifying to note the unusual interest the buying public has taken in this big event. Never before in our sales have we experienced such an unusual response. The word-of-mouth advertising has done more to accomplish the results desired than any other medium of publicity. People have come to see the bargains, have bought liberally and then have gone away and told their friends about the extraordinary values. This we appreciate to the fullest extent. In return for the interest shown in our welfare, our one aim in the new home will be to serve you better than ever in the past—to make it a store where you will naturally come for all your requirements.

To make these last days exceedingly profitable for you and to close out many remaining lines of goods before we move, deeper price reductions have taken control of the stock. The following items are typical of what extraordinary value-giving there is in store for you.

A GALA DAY FOR THE MOOSE

Handsome New Temple Being Dedicated This Week. A Three Days Celebration.

The local Moose lodge is dedicating its new hall in the Gorsche block this week. Three days are being devoted to the affair—yesterday, today and tomorrow. A large number of the "antlered herd" from various portions of the peninsula are in attendance, and the local contingent are proving themselves ideal entertainers, and the visitors are more than pleased with the warm welcome accorded them.

Yesterday was Moose Day. The City bands met the trains at 7 and 8 o'clock with the reception committee, and made the visitors feel that their visit to the city was appreciated.

The forenoon was spent in getting acquainted, and music on the streets and at the temple were featured.

The new home was officially opened by Dictator Wm. Morreau last evening at 7 o'clock.

Mayor Middlebrook made the address of welcome at 8 o'clock, after which a large class of candidates were initiated. Later in the evening addresses were made by Ex-Mayor Chaffield of Escanaba, Mayor Sullivan of Munising, Director Jos. Morow and Isaac Schram of Escanaba.

The following string band and the quartette from Escanaba Lodge No. 140, and the city bands furnished the music during the evening.

Today is public day. The Moose home will be open to the public at 1 o'clock, and ladies are especially invited. A musical program will be conducted during the afternoon, and a grand ball will be held in the evening, commencing at 8:30 o'clock. A full orchestra will furnish the music.

Tomorrow the Moose Home will be opened at 1:30 p. m. There will be a musical program and speaking by visiting brothers. The following visitors are on the speaking list:

Henry Owen, P. D. of Soo Lodge, Dictator Manenberg of the Soo, Derek Jordan and William Perot of the Soo and W. F. Clark of Munising.

The list of officers of the local lodge follows:

Past Dictator—Chas. D. Witter. Dictator—William Morreau. Vice Dictator—Dan McPhail.

Treasurer—Jacob B. Held. Serg. at Arms—P. J. McNamara. Inside Guard—Joseph Behand. Outside Guard—Wm. Sjorberg.

Committees: Reception and Entertainment—V. P. Deemer, James Gardner, Maurice Khegstad, Jos. Vassau.

Dance Committee—Geo. Dupont, Francis Zimmermann, Clifford Hallett, Ed. Dupris, Niace Boomer, Herb Peterson.

Comrades! When the shades of night shall fall, and God's angel shall call you from your earthly prison house, you shall not be forgotten, you will be lovingly remembered with the passing years; this grateful nation will never permit her sons and daughters to forget the noble deeds and generous self sacrifice of her soldier sons.

I trust the day will come when this nation shall not have a single living veteran, because peace has reigned so long within her borders. I long for the coming of the time when all the nations of the earth shall learn war no more. Europe is now raising a vast army of cripples, widows, orphans and veterans. Ought not Americans to render the noblest service to thank God for peace? Yes we are indeed thankful that our statesmen, so ably aided by the president are striving to maintain this nation at peace with honor, and our prayer is that they may be altogether successful.

Brothers! You have much in common with the iron chain of circumstances, in the cheerless dungeons; you long for the clove, the friendship, and the inspiration, the encouragement that will enable you to win out to the end. We try to bring you some of these things today. God and the nation still needs the best, the strongest men, to live and die for lofty ideals. Every young man should heed the call for volunteers, and rally round the flag we love determined to protect the home from every foe, within, as well as from without, keep the Union inviolate, and uphold the principles of the constitution, the rights of every man within our gates. Will not our young men and women undertake this splendid task?

Life is like some priceless piece of tapestry, the working side is all rough with the loose threads, and the pattern is all reversed and blurred. It must be seen from the other side, God's point of view, in order to be appreciated or even understood. It is so in the life of the nation, and of the individual, but our Heavenly Father understands. His will is done, white Throne at last, and, seeing as God sees we shall be well content.

I appeal to all our young people especially to join the army of the Cross. To give their lives in service for volunteers, and even suffering in the cause of God and man, working out their high ideals in daily living to the glory of God and the unfading splendor of this mighty nation. Amen.

Manistique Lodge No. 1128 is certainly opening under auspicious conditions. It not only will take rank as the largest lodge in the city from the viewpoint of membership, as soon as the applications now on file are acted upon, but it also possesses the most elaborate and convenient home in the city, save one, the Elk's Temple.

IN HONOR OF MISS HIXSON

A number of entertainments are being planned in honor of Miss Blanche V. Hixson, whose marriage to Allan H. White, of Meriden, Conn., will be an event late in June.

The first of these took the form of a bridge dinner given by Mrs. Fred M. Orr, on Wednesday, May 19th. The guests, over fifty in number, were seated at small tables, with the exception of the guest of honor and eight of her more intimate friends who were seated together.

Suspended above their table was a large pink wedding bell from which were draped crepe ribbons and ferns. Beneath the bell was a bouquet of magnificent, varicolored snapdragons. After a most delicious repast had been served, the guests from the other two rooms surrounded the bridal table to toast the bride elect. Amid much merriment, toasts were given by Mrs. Ross, Mrs. Putnam, Mrs. Wood, Mrs. Yalomstein and Miss Dorothy Middlebrook. The remainder of the evening was spent at cards, Mrs. Mallett winning first prize, Mrs. Waddell the consolation prize and Miss Hixson the guest prize, a handsome cut-glass vase.

Mr. Frank Knaus, Sr., the well known agricultural machinery agent, so well known in Schoolcraft county, died last week at Escanaba. He began the business of selling machinery in this section at a time when only little niches were being cut in the primeval forests by the hardy settler. He believed in the agricultural future of this portion of the upper peninsula, and kept everlastingly at the task of disposing of farm machinery to the farmers of this section. His death is regretted by many Schoolcraft county acquaintances that remember the German farming enthusiast.

THE MEMORIAL SERVICES

Services held at Presbyterian Church Sunday Evening. Rev. Mumby Preached.

Union Memorial services were held the Presbyterian church Sunday evening, and Rev. P. K. Mumby, of Methodist church, delivered the sermon. The church was crowded, pay homage to the two veterans the Rebellion, members of the W. C. and S. of V., that attended in only.

Music was a feature of the evening, addition to the regular choir, Mrs. Maffee, Miss Hargreaves and Mr. P. Kefauver sang.

The collection amounting to more than \$100 was graciously donated by pastor, Dr. Mitchell, to the W. R. The ladies appreciate very much generosity of Mr. Mitchell, and he hoped that he has inaugurated a custom that will be followed at other services in the future.

In course of Rev. Mumby's sermon was:—2 Timothy, Chapter 4 vv 6, 7, 13, 21.

"I am now ready to be offered, and the time of my departure is at hand."

"I have fought a good fight, I have finished my course, I have kept the faith: Whenceforth diligence to come shortly unto me."

"The clove that I left at Treas with Carpus, when thou comest bring with thee, and the books, but especially the parchments."

"Do thy diligence to come before winter."

"Command, Brothers, and Friends, in the coming days when the last representative of the Grand Army shall have departed, other preachers will make other and quite different texts of the scattering quotations: with slight profuse these few remarks."

"We think God that some of the brave men—and women—who answered the call of duty, and took up arms in defense of liberty, and for the preservation of the Union are still with us. The fine is fast thinning, each year for them is another battle and some fall on the right hand and some on the left. It is fitting that we keep in the memory of those who have fallen and honor these that remain."

"For this reason I want to direct your thoughts to this brave old soldier of the Cross. That grand old veteran, Paul. The hero of many battles, now a prisoner of war, the worst fate that can befall a soldier. How does he fare? Has he lost heart? No indeed! He has a message for us, and he listens carefully to what he has to say. Paul is a fine type of the best warrior, an earnest intelligent fighter who asks no reward, but the victory of the cause he represents. Like all good soldiers he made tremendous sacrifices when he first joined the colors."

"Wealth, position, friends, prospects, were laid aside. Wealth and life itself were risked willingly, and cent-

ually lost for his ideal. Hear him: "I am now ready to be offered."

But should the great decision of his life, he has always been ready. Now he is more ready than ever for he can see clearly that it is the only way. His campaigning days are done. He dares not hardness as a good soldier should. Now he is a prisoner. He has been permitted to write and encourage the army in the fields, and that no suspicious Censor destroyed these precious messages. Look at him, "That old warrior. Old and broken before his time, a prisoner in a Roman cell, wearing Caesar's chain. Yet he will not admit defeat. He is "an ambassador in bonds," if you please; he has still some work to do. Just at the time when many men would have felt justified in giving up the unequal struggle, he rises above the vulgar and declares himself an Ambassador; representing his Cause, His ideal at the court of the enemy."

However he feels very keenly the loneliness of his position. Only one friend stays with him. Under the best conditions the veterans will be lonely enough, how much more so in prison! Let us strive to cheer and brighten the lives of all veterans as much as we possibly can."

"I do not know how much or how little food he had. He is too good a soldier to complain. He had prisoners fare without a doubt, which means plain and meagre enough. But I know he felt the cold as the bitter winds swept mercilessly through his cells. Do thy diligence to come shortly, Timothy! Bring the clove with you that I left at Treas with Carpus, and again that pathetic little parcel in the 21st verse "Do thy diligence to come before winter." Hardly soldier that he is he dreads another winter in that bare, cold, stony prison. Hurry! Timothy, make haste to bring my old clove before winter. I reckon many soldiers interested in the prison cause may have longed, during this past winter, for the old coats they left at home."

"Life is a veteran who has given everything he had for the cause, and now he has nothing left but the clothes he wears, and the things left. Nothing left. Paul is a cultured man, he longs for books, for friends and especially those precious manuscripts: "The parchments." He wants to leave everything straight, so that the rich young student who sat at the feet of Gamaliel is about to die in prison. Like the soldier he is, he has cast aside what others treasure. Business prospects, home, love, everything but his cause. All these are sacrificed for victory. The friends are sacrificed for his. To them he has no claim, an utter failure, only his self to fame, his right to be remembered is more secure than that of the reigning Caesar, the coming of whose official executioner the dainty, whose official awaits; while the name and fame of his 'worldly, youthful companions who fondly thought they were taking out of life its highest

OFFICIAL COUNTY AND CITY PAPER FRIDAY, MAY 28, 1915.

EDITORIAL COMMENT.

Between 700 and 800 Knights of Pythians are expected at the big K. P. convention which convenes at Menominee on June 22nd.

The legislature, which was called to Lansing to change a date in the highway bill, decided, while at the state capital to correct numerous errors made by the governor...

Sounds like good old Democratic times. An Illinois senator advocates the holding of an extra session of congress, commencing October 1st.

It is estimated that the soldiers engaged in the European war have shoveled more than 35,000,000 tons of earth in making trenches.

A number of people are convinced that the owners of jitney tasses should pay a license. A license might assist some in repairing the streets occasioned by the unusual mileage made by these buses.

The editor of the St. Ignace News-Republican resents the imputation that a man owning an automobile, a power boat and who has a penchant for whipping trout streams, cannot issue a good newspaper.

Now that the date for the forthcoming annual Upper Peninsula Firemen's tournament, to be held here, has been fixed, every citizen of Manistique should assist the local committee in every way possible.

Italy has decided to enforce a rigid censorship such as France and England has adopted. Hence no one will receive authentic news of what is really happening in the front.

Some months ago the Pioneer-Tribune advocated converting the county hospital into a private or city hospital. It could be sold at a satisfactory figure and the county could secure a farm in the vicinity of the city, where the inmates could assist in making the institution less of a burden upon the taxpayers.

HOW COULD THEY MISS IT?

It brings a shock to be told by the Washington correspondents that the national government did not know of the existence of a law prohibiting shipments of explosives on vessels carrying passengers.

EDITORIAL COMMENT.

It is now conceded that Game Warden William R. Oates will be expunged by the commission.

They should be in a hurry to war. Doesn't require much to get a man in a hot spot if he desires to.

It is a pity that we had to go to war and a lot of our best editors would like to be funny if the army surgeon issued a list of talents with "Made in U. S. A."

Class of the fourth class are now empowered to pay their matrons larger salaries than they have been receiving. Hereafter the limit for a city of size Manistique, was \$300.00.

Roosevelt's luck in winning in libel suits is so pronounced as to be noticeable. First he sued an upper peninsula editor for accusing him of being a booze fighter.

The primary law during the past few years has been an unsatisfactory proposition. With the names of the candidates of all parties on one ballot and no party preference upon the part of the voter being required, the minority parties have often dictated the nominations of the dominant party.

POLITICAL GOSSIP FROM LANSING.

The following breezy political gossip emanates from Lansing: It is believed that Osborn will be a candidate for the Governorship.

Official Lansing was handed two political jobs today, which for the time being, overshadowed all talk of the fight between Governor Ferris and the Republican legislature.

The first was the statement of the governor himself, that he might be a candidate for a third term on a platform based on the 1915 legislature, and how he tried to keep it from running wild.

The second job was unmistakable word from Sault Ste. Marie that Chase S. Osborn is already planning to be a candidate for governor in 1916 on a platform of state-wide prohibition and all that goes with it.

The Osborn rumor was brought to this city by a friend of the former governor, who has seen and talked to him within the last few days. Coincident with the announcement, the Soo man is out in the open backing Gilman M. Dame for game warden against two of his old friends, William R. Oates, of Marquette, and John Baird, of Sault Ste. Marie.

The remarks of Governor Ferris on a third term were made in a discussion of his veto of the Nankin primary bill. His battle with the legislature the last couple of days, and his stand for the Democratic party in his vetoes have caused much comment among the Democrats to the effect that if he would run for a third term he could win.

"Conditions might arise under which I would be a candidate for a third term," he said. What the conditions were he would not say. It is expected here that the game wardenship will be settled by the public domain commission some time about June 1.

NO USE FOR TRAITORS

Fried Baldwin, editor of the Escanaba Journal "views with alarm" the idea that the Republican party is made up of newspapers such as the Pioneer-Tribune and the Houghton Daily Gazette, and hints that dire things may happen to the party in question if such papers represent the attitude of the party's followers.

PROCLAMATION IS ISSUED

Gov. Woodbridge N. Ferris has issued a formal proclamation for Memorial Day, May 30, as Memorial day and calling upon all people of the state to join in honoring the memory of the nation's soldier dead.

The proclamation follows: Now I bear his white hair; now I hear his songs; now I hear the music of his horse's hoofs. He has said his last good-bye to the old home. This was fifty-five years ago. All this comes to me through the musician called Memory.

On Memorial Day, I shall place flowers on his grave. Just a few of the "boys in blue" linger to recall the Civil War scenes. Only a few more years, at the longest, are theirs to live. I am sure that the boys and girls of this, the best nation on earth, have sufficient patriotic love to carry the burden of decorating with a flower the names of every living member of the Grand Army of the Republic and every living Spanish War Veteran.

Remember the dead, although they cannot acknowledge your flowers. In all the years to come, to those who bear the burden of the nation's peace and good will.

On Memorial Day, we are sure that if the immortal Lincoln and the armies of the North and the armies of the South could wish us assemble on a great common ground, they would join in one great chorus for universal peace and good will.

Therefore, I, Woodbridge N. Ferris, Governor of the State of Michigan, do hereby issue this my Proclamation, and heartily urge the observance of Sunday, May 30, 1915, as Memorial Day.

As a part of the public exercises of Memorial Day, I suggest that bells be tolled from 12:00 o'clock noon until 12:05; that flags be placed at half mast; and that comrades stand with uncovered heads during this period.

WOODBRIDGE N. FERRIS, Governor. Coleman C. Vaughn, Secretary of State.

NOTHING BETTER FOR WEAK WOMEN

Never Spent Any Money That Did Me So Much Good as That I Spent for Vinol.

Bellfontaine, Ohio.—"I wish every tired, nervous woman could have the life that did me so much good as that I spent for Vinol. My nerves were weak, tired, and worn out and often gave me headaches. I had tried cod liver oil, doctor's medicines, and other preparations without benefit.

"One day a friend asked me to try Vinol. I did and soon my appetite increased, I slept better and now I am strong, vigorous and well and can do my housework with pleasure."—Mrs. J. F. Lamborn, Bellfontaine, Ohio.

Nervous, weak, tired, worn-out women should take Mrs. Lamborn's Vinol. It is a tonic for there are literally thousands of men and women who were formerly run-down, weak and nervous, who owe their good health to Vinol.

It is the medicinal, tissue building elements of the cod's livers, aided by the blood making, strengthening influence of tonic iron, contained in Vinol, which makes it so efficient in all such cases.

The origin of the fire is unknown and neither is it known what time it began. It is believed that it started through smoking. Unnoticed for some time, the fire had gained considerable headway in the shed which was filled with fire wood and lumber and upon the arrival of the fire department, the building had been consumed and the rear of the house was burning.

The blaze was checked before any considerable amount of damage had been done the residence although several windows were broken by the heat and the siding on the rear of the house had been burnt off. The heat was so great that the paint on the house several rods distance was scorched.

The burned residence is the property of Carl Thompson whose loss is covered by insurance. The shed and its contents were destroyed. Damage is estimated at about \$200, fully covered by insurance.

MICKEY MCGUIRE MET DEATH

Will be Remembered as Aviator Giving Exhibition Here July 14th Last Year.

Mickey McGuire, who gave an exhibition on the fair grounds here, on July 14th, last year, was killed in Mexico recently while following his avocation.

The Grand Rapids Press has the following to say concerning the accident: "His biplane caught in the teeth of a gale as he was flying for the Villa aviation corps near Leon, Guanajuato, Mexico, last Tuesday, Newell (Mickey) McGuire, known as the Wild Irish Rose of the clouds fell to his death. McGuire, who had gained nationwide reputation as an aviator was a local product, being survived by his parents, Mr. and Mrs. Alexander McGuire, and a sister, Miss Frances, of 149 Sweet street, N. E.

News of the death of McGuire was brought to the border Sunday by Farrum Fish of Los Angeles, another Villa aviator. McGuire and Fish had been flying over the Carranza trenches scouting for Gen. Villa. Several thousand shots were directed at them, and he fell several hundred feet.

McGuire's Wright biplane was wrecked, and he was wounded in the leg and arm. Young McGuire had a love for real excitement and notoriety. Ordinary exhibition flying did not satisfy this

craving. A few weeks ago he received an offer of \$500 a week to do scout duty for Gen. Villa and he accepted with glee. For a time he was under contract with the Wrights, but he had flown in nearly every other form of aircraft.

Clayton Allen and Miss McMillin had a narrow escape from death or serious injury last Monday evening. While going up Elk street about 9:30 o'clock in Mr. Allen's automobile, they encountered a sewer ditch that extended practically across the street.

Owing to the fact that the ditch was not properly safeguarded, the auto dropped into the ditch with such force as to practically wreck the machine. The auto was moving slowly at the time, and this accounts for the fact that the occupants escaped serious injury, if not death.

Miss McMillin's arm was badly bruised, while Mr. Allen received slight injuries by being thrown against the steering wheel.

POPULAR FIRE-MEN HERE

Messrs. Flynn and Lacey in City Last Saturday.

Manistiquien acknowledges a call from the upper peninsula's popular firemen, viz. Messrs. Lacey, of Ishpeming, and Editor Flynn, of Negaunee, during their stay here last Saturday, while attending a meeting of the executive committee of the association. Mr. Lacey has been Chief of the fire department at Ishpeming for many years and during his tenure of office he has developed the department into one of the very best in the peninsula, with a new fire hall, which for convenience, size and beauty will compare favorably with any in the state. Mr. Flynn has been connected with the Negaunee Herald, as devil, foreman, editor and proprietor, for the past forty or more years, and few editors of the peninsula have a wider acquaintance than he. Mr. Flynn has been elected secretary of the association annually ever since it was organized.

These gentlemen, as well as the firemen of the peninsula generally, are looking forward with pleasure to the forthcoming tournament to be held here.

THE FIRST WEEK IN AUGUST

Date Fixed for Firemen's Tournament and Home Coming Week.

The executive committee consisting of President John Lacey of Ishpeming, Secretary Thomas J. Flynn of Negaunee, P. H. Exley of Hancock and O. E. Aio of Munising, decided, at a meeting held in this city last Saturday, that the annual Firemen's tournament of the upper peninsula, will be held here during the first week of August. The committee was royally entertained by President MacLaurin, of the local committee during their stay here, and they feel doubly assured that the association made no mistake in selecting Manistiquien as the place for holding its annual tournament. They believe that the forthcoming tournament will surpass any yet held in the history of the association, if the plans of the local committee are carried out. A total of \$2,500 has been subscribed and much more will be raised. The various departments in the

peninsula are enthusiastically making preparations to come to Manistiquien here during the first week in August, that fire could not gain headway in a gasoline refinery should it catch fire.

Manistiquien's annual plan now to make the visitors a good time, and make them feel as though we appreciated the honor of being their host.

SLIGHT INCREASE THIS YEAR

Manistiquien Has 1551 Children of School Age This Year as Compared to 1547 Last Year.

Enumerated by D. A. Isosue has completed making the school census of the city, and reports that there are 1551 children of school age in the city, as compared to 1547 last year.

There are 892 girls and 752 boys in the city, and the enumeration by wards follows:

First ward—Boys, 135; girls, 149. Total 284.

Second ward—Boys, 202; girls, 203. Total 405.

Third ward—Boys, 200; girls, 209. Total 409.

Fourth ward—Boys, 215; girls, 241. Total 456.

There was a decided increase in school population in the First ward. The Second ward was practically unchanged as compared to last year, while the Third and Fourth wards report a decrease.

TWO GAMES WITH ESCANABA

Escanaba Ball Team Plays Here Tomorrow Afternoon and Sunday.

The strong Escanaba baseball nine will play the local team on the local grounds tomorrow and Sunday afternoons. The Saturday game will be called at 2:30 o'clock, and the Sunday game will not commence until after the Memorial day exercises at the cemetery.

The visitors are a strong aggregation, but of course will be given a drastic defeat by the Manistiquien team, which by the way has not been defeated thus far this season.

The Mononmie team will come to Manistiquien in June, and plans are being perfected to bring other strong teams of the peninsula here.

GARDEN TEAM DEFEATED 4 TO 2

In One of the Best Games Ever Played in City.

The Garden ball team was defeated by a score of 4 to 2 by the local ball club in this city last Sunday afternoon. The game was very interesting and was by far the best game ever played in the city.
