JOHN McINNIS DIED TUESDAY.

Prominent Lumbering Foreman
Passed Away Tuesday After
Short Illness.

Mr. John McInnis the well known lumberman, died at his residence on Pearl street Tuesday evening, about 9 o'clock after a short illness. His illness was pronounced to be spinal meningitis.

The deceased was born in Ontario in 1865, and was therefore fifty years of age at the time of death.

He was a resident of this county thirty years, thirteen years of that time he lumbered for the Delta Lumber Co. at Thompson, and for seven years he was in the employ of the Chicago Lumbering Co.

He married Miss Anna Bonar at Thompson, twenty-one years ago, who with three children, Neil, Harold and Janet, survive him. His aged father and mother, two brothers and a sister, all residents of Canada, also survive him. Mr. McInnis was a temperate, industrious and worthy citizen. He was a member of the Masonic Fraternity being a member of Lakeside lodge, No. 312, F. & A. M.

The funeral services will be held from the home on Pearl street tomorrow (Saturday) afternoon at 1:30 o'clock. Dr. Mitchell, pastor of the Presbyterian church will officiate.

The bereaved family have the sympathy of the community.

PREPARE FOR FIREMENS TOURNAMENT.

You can try all the newest Toggery at an actual saving by attending our Great Discount Sale. Remember the days, Friday, Saturday and Monday. Wholesale Store of Quality.

Rev. and Mrs. P. O. Borell and daughter, Blenore, of Ottumwa, Iowa, are camping at Harrison Beach. They are former residents of Manistique, and spend their annual vacations at the Beach.

GOES TO MANISTIQUE.

John Q. Roberts, who for the past five years has been employed as superintendent of motive power for the Charcoal Iron company of America, has tendered his resignation, to take effect August 1. Mr. Roberts has accepted a position as superintendent of the Manistique Light and Power company and will assume his duties there August 1. Mr. Roberts' family, who are at present living in Marquette, will make their home in Manistique in the near future.—Mining Journal.

UNDERHILL WAS FINED.

Being Unable to Pay \$50 and
Costs of \$10 He Will Rusticate
at the County Jail.

Mr. Underhill, whose penchant for crooked financing was mentioned at length in last week's issue, was fined \$50 and costs of \$10.00 in Justice McHing's court Saturday and in failure to pay said fine and costs, was to spend sixty days in the county jail. Being unable to pay, he is in jail. The charge upon which he was convicted was the pawing of an unpaid watch, the ownership of which remained in the possession of Hall the jeweler, until the price of watch was paid. It appears that Underhill pawed the watch to the postmaster at Wells for \$10.00. The postmaster will hereafter confine himself strictly to selling stamps, as he is not \$10 as the result of his accommodating spirit.

It is believed that Underhill will spend a long time behind the bars for he has done a number of things that will keep him there if his victims decide to push their claims. From their present feelings it is safe to state that they will act.

The Manistique ball team will play at Newberry next Saturday and Sunday. The Celery City team has been materially strengthened for this series of games, by the importation of a few minor league players. The games will be well worth seeing.

LITTLE MISS ANNA TAYLOR DIES.

Her Death Occurred at the Rutledge Hospital Early Monday Morning as Result of Appendicitis.

Miss Anna Taylor, the ten-year-old daughter of Mr. and Mrs. Charles Taylor of Range street, died as the aftermath of an operation for appendicitis at an early hour Monday morning. She was taken to the hospital eight or nine days previous to that time, and submitted to an operation that appeared to be satisfactory, but a few days before her death her rapid decline was apparent. At the time of death, her parents were at her bedside.

The deceased, had she lived until Tuesday of this week, would have been ten years of age, having been born in Hagerstown, Maryland, July 20th, 1905. She was a lovable child and was the favorite of her playmates, and all regret her demise.

Mr. and Mrs. Taylor have been residents of Manistique a little more than a year, coming to this city from Maryland. He is foreman of the fine department of the White Marble Lumber Co.'s plant. During their stay here they have formed many close friendships, and they have the heart-felt sympathy of everyone knowing them.

It seems an unfathomable fable of Providence that one so young, and to whom life appeared so strongly, should be called upon to leave home, fond and loving parents and brothers and sisters. She was of a deeply religious temperament, loved her parents, Dr. J. R. Mitchell, of the Presbyterian church, who remained with her until the end came. We, who believe in a future life, know that she has gone where suffering is unknown, and where little children, such as she, are gathered in the great loving arms of the Heavenly Father.

Short funeral services were held at the home at 2 o'clock, Dr. Mitchell officiating.

The grief-stricken parents, brother and sister, accompanied the remains to Hagerstown, Maryland, Monday evening, where they will be laid to rest in the family burying ground.

A BASKET SOCIAL AND DANCE JULY 30TH.

The Gleamers of Cliff Arbor A. O. G. will give a basket social and dance at their new hall four miles north of Cooks and ten miles west of Manistique on the county road, on Friday, July 30th. Everybody invited. Ladies requested to bring lunch basket for two. Baskets will be sold to highest bidder. Tickets for dance, 50 cents.

IS SEEKING STATE REWARD.

Road End of City to be Brought
Up to Specifications.

The road leading from the city limits east of the city to the railroad crossing east of the city is to be radically improved. It is the intention of the county road commissioners to bring it up to state specifications so that the county shall receive a reward of \$34.00 per mile.

It is believed that the road can be brought up to specifications at a cost of \$2,000 per mile, owing to the fact of its width and the condition of the foundation. The length of the road is about three miles.

Engineer Sam Dunsmore and a crew of assistants have been surveying the road and setting the stakes.

The road in question is the oldest macadamized county road in the county. It is showing the effects of wear but can be brought up to the state requirements within the estimate of \$2,000 per mile.

The Manistique Moose lodge members will be the guests of the local Moose lodge next Sunday afternoon, at which time the visitors will present the local order with a handsome oil painting. A special meeting will be held during the afternoon.

HAD AN EXCITING EXPERIENCE.

Geo. Byron and Henry Orschell
in Midlake With Gasoline
Boat Out of Commission.

George Byron and Henry Orschell, two Manistique fishermen had an experience last Saturday and Sunday that they do not care to repeat for they were at the mercy of the waves of Lake Michigan because of a distressed gasoline fishing boat about thirty-six hours. They were also without food for that period of time.

They left the local harbor Saturday morning at 4 o'clock for the purpose of lifting their nets in midlake. While out their engine refused to work because of weak batteries. They drifted into the lane of lake traffic Saturday evening, and were in imminent danger of being run down by big freighters, as they had no lights. At two o'clock in the morning, they barely missed being run down by a freighter. They yelled to the captain, and waved a blazing torch. The captain offered to take them to Seul Choix, but owing to the high seas they decided to decline his services. He put into Seul Choix and notified him in charge of the light house of the plight of the two men. Through some misunderstanding, the rescue ship sailed to Manistique. The Harvey G. the Goodreau boat, finally picked them up Sunday afternoon about fifteen miles south of Seul Choix. When they failed to return to Seul Choix, Sunday morning, Captain Coffey ordered one of his tugs to go in search of them. The crew returned at noon without them, the search being fruitless.

The Michigan state fair opens on September 5. On "Soldiers Day" the G. A. R. men will be the guests; they will be admitted to every attraction upon showing their badge, and will be shown every courtesy and respect. Members who have attended in previous years have always been delighted with the treatment extended them.

TO HOLD POTATO CONGRESS.

Farm Specialists at Conference Decide Upon Marquette Commercial Club to Help.

One of the results of the Upper Peninsula farm conference which closed here this afternoon was the unanimous decision of the Cloverland Potato Congress in Marquette next October, the exact date to be decided later. The decision was made yesterday at Secretary J. D. Mangum, of the Marquette Commercial Club, was asked to approach the directors of the club to find out if they would devise a means of financing the congress and taking care of the details as did the Marquette Commercial Club last year. Mr. Mangum reported today that the directors of the club are in favor of having the potato show here and assured the agriculturists that arrangements will be made. The club will finance the premiums and furnish the hall.

W. E. Haven, Upper Peninsula field agent for the Michigan Agricultural county agricultural agent, and J. Wade Weston, potato specialist of Escanaba, were appointed as a committee to interest the farmers of the Upper Peninsula in the show and take charge of the work of securing judges and speakers. The clerical work, financing of the show and transportation of the potatoes to Marquette will be taken care of by the commercial club.

Following is the premium list which was today adopted by members of the conference.

- Class 1.
Rural—1st \$15.00; 2nd \$10.00; 3rd \$5.00; \$3.00 each for next twelve exhibits.

- Irish Cobbler—1st \$12.00; 2nd \$8; 3rd \$5.00; \$2.50 each for next eight exhibits.
- Earl Ohio—1st \$12.00; 2nd \$8.00; 3rd \$5.00; \$2.50 each for next eight best exhibits.
- Rose—1st \$8.00; 2nd \$6.00; 3rd \$4.00 \$1.50 each for next six best exhibits.
- Triumph—1st \$8.00; 2nd \$6.00; 3rd \$4.00; \$1.50 each for next six best exhibits.

Exhibits to be uniform 8-9-10 oz respectively, being sure to have uniformity.

County Potato Association Exhibit, 1st \$15.00; 2nd \$10.00; 3rd \$5.00. Showing not more than two stimulant varieties (Ruralis and Green Mt.) for commercial purposes and one early variety (Irish Cobbler) for seed purposes. Not less than 15 or more than 25 half bushel exhibits.

Class 2.
Ruralis—1st \$10.00; 2nd \$7.00; 3rd \$5.00; \$2.50 each for next four best exhibits.

Class 3.
Irish Cobbler—1st \$10.00; 2nd \$8.00; 3rd \$5.00; \$2.50 each for next four best exhibits.

Class 4.
Best graded table stock. Any variety in Class 1.
One-half bushel each. Individuals not more than three exhibits.

Class 5.
Boys and Girls Club Display.
Any variety can be shown included.

Factors considered important in showing potatoes. Firmness to type, uniform size, shape and color, slowness of eye, condition clean, sound, firm, bright, ripe, free from cracks, checks or mochi injuries, free from diseases, such as black scurf, silver scurf, late blight, rot, black leg, etc., or hollow sugary centers or internal discolor; neatness and arrangement and uniformity of exhibit. All classes of exhibit will be placed separately, but the same potato cannot in any class. The exhibitor can enter in any class. It will be shown in more than one class. Separate samples must be furnished for each entry.—Chronicle.

THE BEST EVER.

The program for the Firemen's Tournament to be held at Manistique during the first week in August will be one of the best ever given at any similar tournament in the Upper Peninsula. It will be a much better one than was given at Ishpeming last year and will afford much amusement to firemen and spectators alike. No expense is being spared to the end that all visitors will have a good time and Manistique pledges itself to provide ample accommodations for everyone.—Negaunee Herald.

IS URGING THEM TO COME.

Clerk Christensen, who by the way, is also secretary of the organization in charge of the firemen's tournament, has written every department as follows:

Manistique, Mich., July 1, 1915.
Chief of Fire Department,
Wausau, Wis.

Will you kindly send us at your earliest convenience, a complete list, containing the names of members of your department. Will you also include a list of members who expect to visit the Tournament in this city August 4, 5, and 7.

Our object, in asking for these lists is to enable us to prepare in advance an individual instruction souvenir to be worn by each member in attendance during the tournament.

Considering the fact that we are introducing a number of entirely new features, many of which have not been given previous Tournaments, we are especially anxious that you make an extra effort to urge upon your members the desire to come to Manistique. Since Manistique has not entertained the U. P. Association, we are trying to make this tournament such a pleasure and so entertaining that all in attendance will be glad to congregate.

While we are now planning to make this such a wonderful tournament, we trust you will help insure the success by replying from your department which will represent very large numbers. The more the merrier. If at any time, you want any information that so-ever regarding the coming tournament write us and be assured you will receive a prompt reply. From time to time we will send you some information in a general way which may interest your department and friends who hope to come to Manistique.

Very respectfully,
J. Christensen, Sec'y.

SHOWS GO FROM HERE TO GREEN BAY, WIS.
This is the final day of the Heinz and Beckman carnival in Hancock and after closing here tonight the outfit will go to Green Bay, Wis., where they will play a week's engagement and during the early part of August will show at Manistique during the firemen's tournament. Large crowds were at the carnival grounds last night taking in the attractions and general satisfaction is expressed with the various shows, which are better than the average entertainment of the sort. The order men posted on the grounds has been excellent and no complaints of any kind have been heard.—Evening Copper Journal.

SOO ENTERTAINS U. P. SPORTSMEN.

Sixth Annual Tournament of Shooters To Be Held in Soo July 26 and 27.

Programs are off the press for the sixth annual tournament of the Upper Peninsula Sportsmen's association to be held in Sault Ste. Marie on Monday and Tuesday, July 26 and 27. At this time the city will be the host of the expert trap and rifle shooters from all points every point in the upper peninsula and a number from outside, as well as attending the tournament.

Mr. Newell, one of the best known trap shooters in the United States, will probably take part in this tournament. Soo ladies and all visiting ladies are cordially invited to attend.

The booklet telling of the tournament says: "Come to the Soo, bring your gun, fish rod, enjoy the air, the water, fishing and trap shooting and you will return home 50 per cent more efficient. This is no dream. Why? Whether in the heat at home when a trip to the Soo makes it unnecessary." That's just the point. Come to the Soo, taste of its hospitality, enjoy the many natural advantages here and you will return home refreshed in mind and body.

Everything will be done to entertain the visitors. The Osborn Sportsmen's association have the local arrangements in charge and all of the plans have been completed.

Shooters are kindly requested to notify secretary James Meloney of their coming in order that they might be met at the train.

The large and varied prize list is one of the biggest of the tournament, besides many and attractive cash prizes, more than 50 splendid merchandise prizes have been donated by local business firms, making the prize list one of the best which has ever been offered to entrants.

The Patterson-Bushman trophy will be shot for at this time and shooters will also contend for the upper peninsula championship.

The program on each day begins at 9 o'clock in the morning and 1:30 in the afternoon. Tom Parker has been appointed to manage the shoot, while Fred Neams will act as cashier.

Following are the rules governing the tournament:
All members of traps competing for the U. P. Trophy must be bona fide members of the club represented by the team.

Captains are requested to enter their teams Monday morning with the secretary on the grounds.
Teams will shoot at 50 birds per man—25 birds on each afternoon of Monday and Tuesday at 1:30 o'clock. Teams having highest total score gets the Cup and the next Tournament.

Professionals shoot for birds only. A \$20.00 gold medal will be given to the professional high gun for the two days' shoot.
Amateur high gun for the two days' shoot receives a Savage Automatic Revolver, donated by the Soo Hardware Co.
Money events will be shot for under the Jack-Rabbit system.
Amputation can be had on the ground.
Hot lunches will be served.
No liquor allowed on the premises.
There will be \$3.00 added money for all 15-bird money events, and \$5.00 added money for 20-bird events.—Soo News.

PLANNED INCREASES IN FIRE FORCES.

Warden Oates and Deputy Pierson Confer—To Prosecute Persons Who Start Fires.

Tentative plans for organizing larger forces of deputy fire wardens in Upper Peninsula counties and for carrying on a strong educational campaign among farmers and settlers on the prevention of forest fires were outlined today at a conference between State Game and Fire Warden W. R. Oates and Chief Deputy Warden W. J. Pierson, of Boyne Falls.

Several news laws affecting the fire warden department and an extra appropriation from the state legislature has made it possible for Warden Oates to take steps to strengthen his forces of fire fighters and while the movement will be general throughout the Upper Peninsula it will be especially significant in Ontonagon, Lake Mackinac, Chippewa, Delta and Schoolcraft counties, where the majority of the timber in the peninsula is located and where forest fire losses have been the greatest.

It will be the policy of the department to law vigorously prosecute persons who are found guilty of starting forest fires than has been the rule in the past. The department is also excited with more authority for setting labor claims of men who are called upon to help fight fires.

Chief Deputy Pierson left this afternoon to begin a tour of the Upper Peninsula for the purpose of completing the organization of the fire fighting forces and to instruct the deputies regarding the duties of the department.—Marquette Chronicle.

OFFICIAL COUNTY AND CITY PAPER
FRIDAY, JULY 25, 1915.

EDITORIAL COMMENT.

The blighting effects of this great war upon the human race cannot be overestimated.

The Germans have captured another Russian city Przasniz. It is sincerely hoped that the Teutons will rechristen it.

The Marquette auto cop is evidently no respecter of persons, for he recently arrested State Senator Roberts and James Russell, warden of the Marquette prison, for exceeding the speed limits with their autos.

Judge Rollin H. Person has been appointed to the supreme bench by Governor Ferris. Person has in this country, successful candidate for the position at the two last elections. It sometimes pays to accept a forlorn hope.

If you believe in the efficacy of advertising, place your order for space with the Pioneer-Tribune, which has a circulation that is the envy of more than one country newspaper man. It covers its field and reaches practically every home in Schoolcraft county. It is carefully read. It is the paper that goes home.

When you purchase your autumn suit you will ascertain that the price has been slightly raised on account of the European war. The United States is dependent upon Germany for 800 of the 900 dyes used in dyeing goods, as it is impossible to secure the dyes in sufficient quantities, there has been an abnormal increase in the price of dyes.

Col. G. A. Gearhart, who lectured here Tuesday under the auspices of the Chautauqua, was the best of the course thus far. His lectures are considered the best ever heard in the city. If Manistique decides to acquire the Chautauqua habit, Gearhart should be invited to return. Either of his lectures were worth more than the price of a season ticket.

The Western Land & Securities Co. is digging a main ditch that resembles the Panama canal. The ditching machines have reached the vicinity of the Hlaeckbrach homestead. That the ditch system is effective, it is only necessary to call attention to the fact that during the prevalence of the heavy rains recently, there was no standing water on the marshes in the vicinity of Seney.

Manistique in moving pictures, attracted large audiences to the Princess theater during the past week. More than 3,000 people visited the theater on the days that the pictures were on exhibition. The films were very good, and if shown throughout the peninsula will admirably advertise Manistique and be the means of insuring a large attendance at the forthcoming annual firmament tournament.

Kansas appear to be liberal. Last week Governor Capper, who by the way is a newspaperman and a good one, celebrated his fiftieth birthday, by giving 7,000 children of Topeka with all the ice cream they could eat, a ride on the street cars, and a ticket entitling them to free admission to the moving picture shows. Mr. B. P. Waggoner, a prominent lawyer and Democratic politician, who has celebrated his sixty-eighth birthday anniversary by leaving all the moving picture houses of his city for one day and inviting the children of the city and surrounding country to visit them free of charge. For years it has been the custom of Mr. Waggoner to give the children a picnic, and furnishing all of the eatables and drinkables, but this year his physicians forbid him doing this on account of the state of his health.

SCHOOLCRAFT COUNTY HAS MADE DESIRABLE FARMING LAND.

The Consolidated Lumber Co. has been making a careful and exhaustive examination of its lands in this county and has secured data relative to the soil on every description of land. The examination revealed the fact that the percentage of good land is abnormally high, greatly exceeding the most sanguine expectations of its officers.

Schoolcraft county is destined to become the leading agricultural and fruit county of the upper peninsula. In every township of the county are farms that cannot be excelled anywhere in the United States. They are samples of what can be done with at least two thirds of the county's acreage if it is cleared, drained and tilled.

Far from the beaten paths, along mere trails will be found timothy and clover covering the site of camps of thirty years ago. In some townships timothy has been discovered on untilled soil reaching nearly six feet in height. What can be accomplished when these same lands are cultivated would surprise the most enthusiastic believer in Schoolcraft county's agricultural future.

The county is dotted over with lakes, and it has numerous rivers and streams. Its climate is unexcelled, and there is sufficient precipitation to keep the crops growing.

Its possibilities from a horticultural viewpoint have, as yet barely been touched upon. It is natural home for strawberries and cherries. A farmer of the county demonstrated a few years ago that with proper care an attention to the crop he could raise berries valued at \$800 from an acre of ground. Those that have planted cherry trees have clearly demonstrated that no section of the state can raise more or better cherries per acre than can be raised in Schoolcraft county. Apples also thrive amazingly. A farmer in the vicinity of Indian Lake is experimenting with peaches and has trees two years old that bear exceedingly healthy fruit. Schoolcraft county possesses no gold, silver, copper or iron mines, but it possesses something incomparably more valuable in its soil for nearly every acre of it can be profitably tilled and if intensively tilled can furnish subsistence for its people.

EDITORIAL COMMENT.

Schools, homes and churches are the three great foundations of the ideal community. Manistique, therefore, is an ideal community.

Food manufactured \$15,000 autos during the current year, and all purchasers will be paid the promised rebate of \$100 on each auto. The factory has manufactured 100 autos every working day during the year.

A ninety-four year old resident of Battle Creek, has started for the Panama expedition alone. That he ascribes to longevity to being a faithful user of the "breakfast foods" manufactured in that city, will no doubt be reported in the course of time.

Before the European war there were more women than men in Europe. The war has killed off several million men. Now the women of Europe, some of them wealthy, are making efforts to secure American husbands. Any Manistique man that has been a little slow, matrimonially, might go to Europe and win a wealthy widow.

Another improvement noted. The Soo rifle team, which will entertain the Upper Peninsula Sportsmen association on July 26 and 27th, at its annual shoot, announces that no liquor will be allowed on the club grounds during the shoot. This is certainly a step in the right direction and an innovation as compared to some previous annual shoots.

Over in Missouri they're having strenuous times in local option campaigns. A "wet" enthusiast attempted to cut the throat of an ex-saloon man that had reformed, joined church, and who was an ardent "dry," at a mass meeting. Notwithstanding the fact that the latter was severely wounded about the throat, he drew his revolver, and shot his "wet" assailant dead.

Well, Manistique's first Chautauqua is being held this week. The only regret is that a number of capable spirited business men have been called upon to pay the deficit occasioned because of lack of patronage by the general public. The course furnished by the Lincoln association was an excellent one, and there should have been capacity audiences every afternoon and evening.

The young men in charge of the Chautauqua association impress one as being young men of exceptional qualifications. The employers are all college students, and follow the Chautauqua work during the summer vacation, for the purpose of securing recreation and change as well as money to continue their studies. The man that takes your tickets may be a senior theological student or an embryo lawyer. Their deportment, appearance and neat cut faces are so radically opposed to what one usually notices even by a casual suggestion, that the difference is not noticed until one has seen the most careless observer. There is no danger of being worked with the "shell" racket, or having your pockets picked when attending a Chautauqua.

There should be a sufficient number of public spirited men in the city willing to sign a contract to insure a Chautauqua here next year. That Chautauquas are a good thing, and that they furnish the public with an inexpensive, elevating and profitable means of amusement, has been amply demonstrated this week. The promoters of the first lecture course in Manistique lost money, but no money has been lost since that time. The same can be said of the Chautauqua idea. The people, or many of them, had but little conception of what constituted a Chautauqua. They thought it something along the lines of a carnival company. Now they know better, and it will be a much easier task to dispose of season tickets next year than it was this season.

MEANS MUCH FOR SCHOOLCRAFT COUNTY'S FUTURE.

The scheme of colonization that the Consolidated Lumber Co. is perfecting, attention to which is called in the news section of the current issue of the Pioneer-Tribune, is bound to be a success under the management of President George of the Marinette Land & Abstract Co., who will personally look after the matter. Schoolcraft county has an immense tract of land, and it is quickly cleared. Now they know better, and it will be a much easier task to dispose of season tickets next year than it was this season.

TO REPORT FOREST FIRES.

Postal Department Empowers Rural Mail Carriers to Report Fires.

Postmaster Carroll has received from Postmaster General Burleson, the following circular: "Order No. 2006. The following instructions are promulgated for the guidance of the postal employees concerned:

In accordance with the request of the secretary of agriculture, this department has arranged a plan of co-operation with the state and national forest officers whereby rural and star route carriers shall report forest fires discovered by them along their routes to the nearest station. Co-operation with the state and national authorities to receive such intelligence. Co-operation with state officers will be given in all states which have established a system by law of forest fire protection. Co-operation will be furnished to national forest officers in all states containing national forests.

"The state and national authorities will inform postmasters as to whom the discovery of fires should be reported, that they may co-operate to the fullest extent with such authorities in the manner agreed upon, namely, that the carrier shall report a fire to the nearest state fire warden or national forest officer on his route, or if no such warden or officer lives on the route to arrange through some responsible citizen to have him notified by telephone, if possible. Star route contractors and carriers are included in the plan of co-operation and should be requested to report the discovery of fires in the same manner as will be done by the rural carriers. Postmasters in or near national forests are also directed to report fires to the nearest officer."

PRaises MR. MERSEREAU.

The Pasadena, Calif. Daily Star, published an excellent portrait of the late John D. Mersereau in its issue of July 29th in connection with the following article:

John Daniel Mersereau, former councilman, active church worker and widely respected citizen is dead. Death came this morning after months of illness and years during which Mr. Mersereau had not been a robust man physically. The body lies at the establishment of Turner & Stevens and funeral announcement will be made later.

Mr. Mersereau was 61 years old on June 20. He was born in 1854 in New York and had been a resident of this city for fourteen years. In that time of comparatively retired life Mr. Mersereau has made a great name with honor to himself and the city and has been largely instrumental in obtaining for Pasadena two of its very fine structures, the home of Pasadena Presbyterian church and the new Y. M. C. A. building. Mr. Mersereau was on the building committee for both institutions and was given much credit for important work in both cases.

Mr. Mersereau became a member of the city council on May 20, 1908, when the late John H. Farley was mayor. He continued in office until May 1, 1911, retiring with Mr. Earley. He was also a member of the municipal underground conduit association and was frequently mentioned for other public honors, but invariably declined because of his health and desire for quiet, home life.

A native of New York, Mr. Mersereau was a conspicuous business success, and the same careful judgment which brought him so much respect through life was in evidence in all he did. He was prominent in church work, being a member of Pasadena Presbyterian church.

ARE YOU FEELING FIT?

Do you enjoy the man or woman of untiring energy, strong body and happy disposition? All these depend upon good health, and good health is impossible when the kidneys are diseased. Foley's Kidney Pills help the kidneys cast out poisons that cause backache, rheumatism, and other symptoms of dangerous kidney and bladder troubles.

Our Advice!

When you feel out of sorts from some ailment, let us see what it is. Special Orderlies do not refuse you, see a physician, because no other horse remedy will hold only up to 10 cents.

STILL IMPROVING

By purchasing Marblehead Canary Paul Longfield for junior sire of Marblehead herd. This sire is backed by some of the best records of the breed. The average record of this dam and his sire's dam at four years old as follows: Milk 556.60 lbs. in 7 days; Butter 30.49 in 7 days per cent fat 4.38. This backing gives this sire some of the best strains of breeding blood to be found, and it will pay you to thoroughly investigate the placing of a thoroughbred Holstein bull at the head of your herd.

The following is a remark of Chet Miller of Manistique township: "Since putting one of your bulls at the head of my herd, find it as easy to carry two pairs of milk as it was formerly to carry one pair." A pure bred will do the same for you. The following have pure bred bulls:

- Jim Sheridan, Son of Traverse Little Bess Lad out of Queen Bess Apple Luke French, Germfask. King Ultra Johanna
- C. R. Miller, Marblehead Prterier De Kol
- Guy D. Welton, Sir de Kol Mineral Rose
- Peter Nelson, Marblehead Prterier De Kol 2nd
- William Standart, Sir Mineral Rose de Kol
- Frank Sandberg, Marblehead de Kol 2nd

We still have a few good ones left and our offer is open to sell on time payments. Inquire of office for particulars.

Short addresses were heard, bearing on the life and aims, the character and work of the deceased young man. The outstanding note in all was that a young life that bore promise of great advancement and brilliancy had been cut off in its very beginning and that the Delta county bar felt keenly the loss thereof.

Resolutions offering forth the assistance in which Mr. Mead was held by his fellow practitioners and expressing the sorrow at his untimely taking away and sympathy for the bereaved mother, were passed with the unanimous vote of those present, a copy of the resolutions, engrossed will be presented to the state supreme court to the mother of the young attorney.

Baking Powder Biscuits

Light as a Feather. By Mrs. J. M. Kenzie Hill, Editor of the Boston Cooking School Magazine.

Baking powder biscuits made by this recipe are so far ahead of ordinary baking powder biscuits that, if once tried, you will never use any other recipe.

Three cups flour; 1/2 cup shortening; 3 level teaspoons K.C. Baking Powder; about 1 cup water; 1 teaspoon salt.

Sift these, the flour, salt and baking powder. Work into the flour the shortening, using lard or butter for the shortening.

Place the mixture in a very soft dough with the milk. The softer the biscuit enters the oven, the lighter it comes out.

Place the biscuits in a hot oven. In placing biscuits in the pans place well apart, not allowing edges to touch.

Small biscuits are better than large ones. Large biscuits do not have the proper amount of time to raise and bake.

Have you seen the new K.C. Cook's Book? It is a new book that simply shows you how to make the best of every thing you eat.

DRUGGIST SUFFERS AT COURT'S HANDS.

Druggist who plead guilty to violation of the liquor law, suffered at the hands of Judge Flannigan yesterday when he was sentenced to pay a \$200 fine and to spend the next 10 days in the county jail.

Kuehn pleaded guilty to selling intoxicating liquors to John Nolan, a minor who furnished James Brody and Louis Merrier with it, who in turn met their death when the Dan Seavey mill burned at Conley's Bay.

Kuehn has already started in serving his sentence.—Morning Press.

NOTE TO BERLINS READ TO CABINET

Firm and Final Reply Submitted by President.

REAFFIRM FORMER DEMANDS

If the Rough Draft of the Note is Approved It Will Be Put in Final Shape as Document for Transmission.

BY THEODORE TILLER.

International News Service Correspondent, Washington, July 21.—President Wilson and his cabinet met in one of the most important sessions in recent months to consider the German crisis. A preliminary draft of the note to be sent to the government on the Lusitania tragedy and Germany's submarine warfare was presented to the members. If the cabinet approved the rough draft of the note, it would be put into final shape at once and should be on its way to Berlin by Saturday. An advance publication of the text of the note was requested by President Wilson not to discuss the note or its probable contents, and the White House disavowed any discussion of the tenor of the reply to Germany's latest avowal, it being suggested that the note may be changed before it is called to Berlin.

Has Air of Finality.
Beyond the fact that the American reply of necessity will reiterate the position already taken by this government, and that the note has about it an air of finality, so far as further parrying through diplomatic correspondence is concerned, details regarding the nature of the document drafted by the president and his premier.

It is understood that the note will be brief. The presumptive reply which Germany sent in answer to the last communication from this government will not be taken as an example. The president and his cabinet are understood to desire to discourage a continued wordy exchange of arguments. This government instead, wants a prompt and decisive recognition by Germany of the principles of the United States as enunciated in the principle of the freedom of the sea.

Germany's counter-proposals have proved unacceptable to the United States, and the disposition of the merits and demerits of the Lusitania blockade and the submarine campaign in retaliation is regarded as entirely apart from the issue raised with the United States by the sinking of the Lusitania.

Stands by Former Demands.
Under these circumstances, it is believed the note will inform Germany that the United States stands firmly by its former attitude regarding the safety of her citizens while on the sea, that she cannot recognize the British blockade or any other matter existing circumstances when American lives are sacrificed and that this government will now await Germany's recognition in action, if not in words, of the principles for which the United States stands.

A note so worded will be a diplomatic way of informing Germany that no matter what she does or says, this government expects her to act in accordance with international law and the position taken by Uncle Sam in the original communication concerning the present serious controversy.

Allied Aviators Make Successful Air Raids on Cologne, in Aircraft and Challenge.

BY HERBERT TEMPLE.

International News Service Correspondent, London, July 21.—Premier Asquith has requested parliament to vote £200,000,000 more for war expenses. In presenting his motion for another vote of credit in the house of commons the premier revealed that the daily war expenses of Great Britain are £12,500,000.

The total vote of credit for the financial year to July 1, still the premier, is over \$1,000,000,000. The present vote is for an additional million the premier would ask for in the next vote.

Paris, July 21.—Two more successful air raids have been made on Cologne by allied aviators, the French war office announced. The railway station at Cologne, in Alsace, and the railway junction at Châtenoy, in Eastern France, were attacked.

Six French aeroplanes took part in the raid on Cologne. Four machines were in the squadron that raided Châtenoy. At Cologne the railway line was damaged as well as the station and a train. All the aeroplanes returned to their base undamaged. Fifty-eight bombs were dropped at Châtenoy.

Two furious night attacks made by the Germans against the French positions at the Calonne railway bridge, Alsace, were repulsed, the war office announced. The communiqué also states that the Germans bombarded Soissons again. This town was hit by many shells, and a large part of it is in ruins.

North of the Chateau de Carleul, in the Arnas region, the Germans kept up a violent bombardment of the French positions. The communiqué also states that the Germans bombarded Soissons again. This town was hit by many shells, and a large part of it is in ruins.

OWNERS CANNOT CONTROL FISHING

Lakes of State Are Open to All Property Owners, If Caught Up.

Owners allowing property on lakes, which have no inlet or outlet have a common right to fish and hunt in any portion of the lake, according to an opinion rendered by Attorney General.

They can go where they will on the lake or fish, provided of course they are not guilty of trespassing on the shore lands of another.

They can also pass their rights to their friends and to any other person who is properly admitted to them or their property adjacent to the lake.

The importance of the ruling is apparent when it is realized that had the attorney-general held otherwise a night have been possible for a legion to close scores of Michigan lakes to the public by merely buying up a few acres of shoreline.

In many respects the opinion is of the most important interpretation of the law which has promulgated for years. For one thing it questions as to the rights of one riparian owner in a lake with an inlet or outlet.

It is also of importance in that it settles all over the state, it is ascertained that where the lake has an inlet and an outlet the abutting property owners cannot control at all the water in the lake without in any way encroaching on the rights of another.

The attorney-general's opinion is as follows: "Riparian property owners all may use that portion of the lake which they own in fee for any purpose which does not interfere with the rights of another riparian owner on the surface of such lake as common to all."

ONLY 37 ALIVE OUT OF REGIMENT.

Fate of a Canadian Regiment Revealed from German Dispatch.

Late in February the Fifth Royal Canadian Infantry, commanded by Major-General G. G. Macleod, was ordered to England and the great European war. Less than four months later, after weeks in the trenches at Ypres, only 37 of these 1,300 men were known to remain alive, and they are prisoners in the great military camp in Germany.

Overpowered by the gases wafted toward their positions, deserted by Negro troops supposed to come to their support, all but decimated by the deadly German fire, the little band of four non-commissioned officers and 53 privates was easy prey. Before they received consciousness they were in captivity.

Escaped Part of Gas Fumes. The 37 at Goettingen hope some of their brave regiment may have escaped and may be fighting but they do not believe it. They were on the outskirts of the gas columns that swept over the trenches, and they escaped with their lives because they did not have to breathe the noxious fumes in their full strength.

Many of them have as yet not been able to establish communication with their families in far-off Canada, and are not sure whether mothers, wives and sisters know that they have escaped death.

The men portray the fight at Ypres as one of indescribable horror; the chafe at confinement and the lack of assistance that England is winning; they express in varying degrees sur-

prise that the German have not the feeling of the and believed them. (The good judge takes his hand at ten pins.)

Commercial Club to Safeguard Members from Impositions—Will Investigate—All Requests for Descriptions.

The Commercial club, following the custom of similar organizations in other cities, has elected to safeguard its members from the imposition that creep upon the business man almost daily under the guise of subscription papers, circulated by persons or organizations. The new idea is for the person or persons desiring to solicit funds from the business men, to first present their claim to a committee of the Commercial club which will investigate and, if they deem them sufficient, will give them permission to solicit its members. Cards will be furnished the members, which they can hang in a conspicuous place, stating that no donations will be made to any individual or organizations whatever, unless they have a card permitting them to solicit these funds from the Commercial club.

The average business man is the prey of every one when it comes to solicitation. Sometimes he assists worthy persons and causes. Other times his money is wasted. Under the new plan, he will be given some protection.

NOTED ATHLETE HERE THIS WEEK.

Hal Smith of the State University and Winner in Two Intercollegiate Events.

Mr. Hal Smith of Minneapolis, the athlete that has been carrying off honors in intercollegiate events, and who is a student at the Michigan state university, has been in the city this week, as the son of Dr. and Mrs. Stoes and family. Smith is considered one of the leading athletes in the sporting game, and carried off the winner in the 100 and 220 yard dashes in the 100 and 220 yard dashes for the university at Chicago and Philadelphia, where he was the winner in the 100 and 220 yard dashes at the intercollegiate events in the latter city, and defeated Ward, the University of Chicago star and conference winner, in similar events at Stagg field, July 2nd.

Smith is a slight, modest, dark-skinned, freckled youth, looking anything but the speed "nerved" he is known to be, said a sporting editor in recounting his victory at Philadelphia. His home has been in Philadelphia, and the youngest son of the late Mr. and Mrs. A. J. Smith, he entered the Michigan state university, and completed his third college year in June.

He left Manistique for the west yesterday, and will engage in several important races at the Panama exposition.

GERMAN NOTES.

Mr. and Mrs. Frank Arebey have gone to Woodman, Mich. Several German families went to the city to attend the Chautauqua. J. Holland of Lakefield, was in town last week.

Miss Norma S. Campbell is visiting friends in Detroit. Despite the croaking of the chronic kickers the hay crop is good. Owing to a misunderstanding the lecture on South America to have been given by Rev. M. A. Chappel on the 17th was postponed until Friday evening, July 20th, at 8:15 o'clock, p. m. The lecture will be given by Rev. Chappel, independent of any church, the receipts going to Mr. Chappel to help to reimburse the expense he has been in traveling through Spain, Portugal and Latin America. His many visits to Cooper's boarding camp in Portage township. Mr. Cooper is a modern lumberman, operating on modern lines and up-to-date methods well worth seeing.

Robert Hudson has purchased a residence in the River side annex of Germfask. An open air meeting will be held at South Germfask on August 8th, at which time two sessions will be held—morning and afternoon. At the afternoon session Dr. Mitchell of Manistique will deliver the principal address. The meeting will be held at the picnic grounds, and everybody is cordially invited to attend both services.

BREVITIES.

According to the Monthly Bulletin of Vital statistics, issued by the state for May, is planned the fact that there were 26 births and eight deaths in 26,000,000 country during that month. The birth rate was 25.2 per cent, as compared to 23.8 for the state and 25.1 for the upper peninsula. The death rate was 10.8 as compared to 12.2 for the entire state.

The family of Julius Larsen is occupying the Larsen cottage at Harrison Beach.

A party of Chicago artists reached Manistique early this week, and after a day's stay here took the car ferry for Frankfort from thence they will continue their trip along the east shore of Lake Michigan to their homes. The party consisted of Mr. Stevens, Mr. and Mrs. B. G. Stelling and Miss Lath Stevens.

Two had that Manistique treated Escanaba to a shutout last Sunday. After the game the Escanaba management informed the local management that it would be impossible for Escanaba to play the locals during the tournament week. Manistique should lose no time in securing the strongest team possible for the week in question. Why not take on Marinette?

Mr. and Mrs. Harris, who have resided here for some time, have returned to their home at the Soo. They occupied the Miller residence on Lake street.

Mr. Carl Allin who has been at Ashland, Wis., on business connected with the furnace in that city, returned to the city Wednesday.

Some of the juveniles have been haled into Judge Ashford's court on the charge of stealing copper and brass at the local furnace plant, and for disposing of same to junk dealers in that city. In cases property of aggregating much more in value than the copper; was destroyed in order to secure the metal.

The Ladies Aid society of the First Baptist church will be held at the church parlors next Wednesday afternoon, and will be entertained by Mrs. Thurman.

Let us demonstrate to you our new 1916 Studebaker cars. Manistique Garage, Army Ave. Open day and night.

Adolph Johnson and Geo. J. Nicholson paid fines in the police court this week for violating the ordinance governing the speed of automobiles within the city limits. It is hoped that Chappell, equally if not more guilty, will also be apprehended and made to pay.

Mr. John Currie, who has been the guest of his mother and brother during the past week, returns today to his home at Dayton, Ohio. His many old time friends were also pleased to see him. He left this city twenty-two years ago.

Mrs. Santhury of Rad Axe, Mich., is the guest of her brother, Mr. Chas. Akey, whom she has not seen in twenty-two years.

Mr. T. H. Lang, district agent for the Standard Oil Co. with headquarters at Duluth, was in the city Wednesday looking after the interests of the company at this city. We acknowledge a pleasant call.

Highway Grange will give a strawberry supper and dance on July 28th. Of course you will go.

Mr. J. G. Moore of the Standard Oil Co., was in the city Tuesday.

Miss Edith Thomas has returned from Marinette where she was the guest of Miss Ruth LeDuc.

Mr. John L. Hefferan of Marquette, has been appointed register of the U. S. Land office at Marquette, succeeding Mr. Ozro A. Bowen, a former resident of Manistique.

Mr. R. R. Kense of Champaign, Ill., who has accepted the position of window trimmer and advertising man for the Peoples Store Co. was joined here by Mrs. Kense and son, Wednesday morning. They were accompanied by Miss Lillian Merrill, of that city, who is a sister of Mrs. Kense. Mr. Kense is a decided acquisition to the force of the store in question, being an artist in his line.

The Ladies Aid society of the M. E. church, will meet with Mrs. W. J. Stephens, Riverside, next Wednesday afternoon.

The ladies of the M. E. Aid society will serve lunch during the tournament week in the old C. L. store building. No need of anyone going hungry during the week in question.

A ten-strike every time A man takes a little of the Real Tobacco Chew.

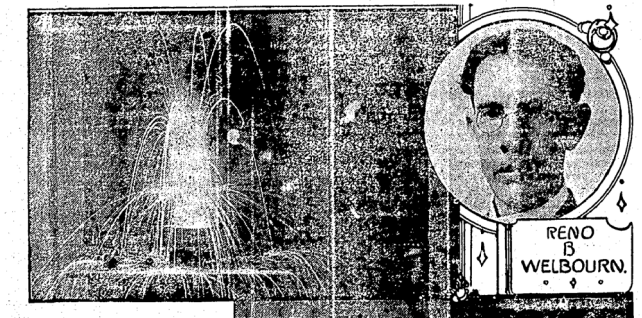

It's a steady comfort, every day in the year—and the longer you use it the better you like it. A little chew of pure, rich, mellow tobacco—seasoned and sweetened just enough—cuts out so much of the grinding and spitting.

Take less than one-quarter the old size chew. It will be more satisfying than a mouthful of ordinary tobacco. Just take a nibble of it until you find the strength chew that suits you, then see how easily and evenly the real tobacco taste comes, how it satisfies how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is the Real Tobacco Chew. That's why it costs less in the end. The taste of pure, rich tobacco does not need to be covered up. An excess of licorice and sweetening makes you spit too much.

One small chew takes the place of two big chews of the old kind. (Notice how the soft brings out the rich tobacco taste.) WEYMAN-BRUTON COMPANY, 50 Union Square, New York City. BUY FROM DEALER OR SEND 10c STAMPS TO US

Reno B. Welbourn shows how people will see with their ears and hear with their eyes within the next generation. He lights a fire using an electric for a match and knocks down a pile of blocks at a distance of thirty feet with the shadow of a tissue paper.

A wonderful scientist in a most remarkable series of scientific experiments.

The night of the fifth day of the Chautauqua.

The Beverlys

A company of clever young Chicago women, who will sing and play at the Chautauqua the afternoon and night of the fifth day.

A company of young women, who sing and play a number of musical instruments most interestingly, from the Aeolian Arts Conservatory of Chicago. Afternoon and night of the fifth day of the Chautauqua.

Lightning Is Not an Accident

It is an effect—due to natural causes. Your buildings will be struck, and your stock and property destroyed—if the electrical conditions are right for it. The National Flat Cable jointless—pure copper—greatest capacity—rustless—durable—endorsed by farmers, manufacturers, men of science—is the surest, cheapest protection. It positively conducts the earth and the storm clouds of the sky—safely relieves past-up charges—makes "thunder-bolts" impossible on the premises. Come today—and talk it over! Tomorrow May Be Too Late!

Do You Know

THE VALUE OF THIS HOME COMFORT? There are many articles in use about your farm, which you are sure you would not be able to do without. Imagine starting out in the fall to cut your ears or eye with a scythe or what if you had to stich each load of hay in the barn by hand, instead of using the hay fork. You would think it pretty slow work, but your father went at it that way. He thought nothing of it.

The idea of having a telephone in your home may not appeal to you much now, perhaps a luxury you can't afford you say. Let us place one of our telephones in your home. Let us give you speedy and sure connection with your neighbors and your business associates. In six months time, you, your wife and other members of the family will wonder, "how we ever did without it!" Let us talk this over with you now—today. You are sure to thank our service sometime—why not now?

FARMING BOOM PENINSULA.
Says Normal School at Marquette Is One of Finest in State.
Northern Michigan, particularly the upper peninsula, long famed as a mining country, is now to devote more of its energies to agriculture and education according to Dr. Charles E. Chadsey, superintendent of schools, who has returned from an inspection of the Northern State Normal school at Marquette.
"Utilization of idle lands to raise hay, potatoes and fruit is now the aim of the mining country," said Dr. Chadsey, who was taken through several newly developed agricultural districts by business men of Marquette.
Accompanied by Officials.
Fred L. Keeler, state superintendent of public instruction, and Frank Cody, assistant superintendent of Detroit schools, accompanied him.
"That the northern part of the state particularly Marquette, Baraga, Dickinson, Delta, Schoolcraft and Iron counties, will become great agricultural belts is certain," said Dr. Chadsey. "The beginning of such a development will mean the formation of prominent neighborhoods and the building of a better educational system."
"After my inspection of the Marquette Normal training school, I believe Detroit will get many of its best teachers from that source in the future. The Marquette institution ranks high with the other three normal schools in the state."
600 Students at Summer Session.
"At the summer session of the school there are 600 students, which is an unusual showing. The work of the school will play an important part in the educational work of Detroit and Michigan, either directly or indirectly."
"The most wholesome feature of my trip was the spirit evinced by all the workers in the upper peninsula for a higher grade of education. The school buildings in the peninsula are among the finest I have seen."—Free Press.

FORMER MANISTIQUEAN IS HONORED.
This office has a copy of the Evening Tribune, published at Pendleton, Oregon, in which an extensive account of the arrival of the special train bearing the Liberty Bell, at Pendleton is given. The paper states that veteran employees of the O. W. R. & N. railroad were given the preference in handling the train over the road in question. Conductor Leonard Norton, a former Manistiquean, for a number of years employed on western railroads, was the conductor of the special train over one of the divisions.
