VOL. NO. 36, 2,777 NEW SERIES, 1,297

MANISTIQUE, MICHIGAN, FRIDAY, JULY 30, 1915.

\$1.50 PER YEAR

## TO HOLD TAG DAY THURSDAY

For the Benefit of the Homeless, Neglected and Crippled Children.

Thursday of next week has been designated as Tag Day by the local advisory board members, for the benefit of the homeless, neglected and crippled children in the care of the Michigan Home society. The receiving home and main office is located at St. Joseph, Mich.

The society is christian but non-sectarian.

The local advisory board consists of Mr. and Mrs. E. W. Miller, and Mrs. Ida MacLaurin.

The work of this worthy institution is supported entirely by voluntary contributions. Every dollar is accounted for under careful supervision of the executive and auditing committees.

A summary of the work done last year will be of interest.

Two hundred and ten legal wards of the society on hand during year; 143 children placed in foster homes for adoption; 548 wards visited in supervisor; 348 new homes investigated by our representatives; 349 temporary aid cases looking to restoration; 4,200 (approx.) letters written in children's cases.

Average number on hand during year, about forty. Some were permanently defective, but too young to be eligible for state institution (e. g. deaf, blind, feeble-minded). Others only temporarily unplaceable, being treated and prepared for future homes.

The greater number, were fine, desirable children, soon placed each in the appropriate home. Altogether, 480 family homes have been investigated by this society as applicants for children. More than 1,000 wards have been received for permanent placement, and many hundreds of other children given temporary care.

This is constructive clarity. The conservation of child life is more important even than the conservation of forests, fuel, waterpower and soil; yes even than the protection of life

and limb in factories. "Safety First" must consider child-life first.

There is no set price for the tag. Everyone will be a lead to be a person as possible to help this worthy cause.

## MR. EUGENE

### MADDEN DIES.

His Death Occurred at Bremerton, Wash., After Four Days Illness.

Mr. A. S. Garland, who is employed by the U. S. government at Bremerton, Wash., writes Mr. Geo. Benson of this city of the death of Mr. Eugene Madden, in that city on July 29th, as the result of an attack of pneumonia. He was ill only four days.

Mr. Madden was a former resident of Manistique, and left for the west a number of years ago, and has been located at Bremerton, nearly all of the time, where he was in the employ of the government in its ship yards, located there.

He was very well and favorably known here, and was in the employ of the C. L. Co. as millwright. He was prominently identified with the Masonic fraternity here.

## BASEBALL SATURDAY AND SUNDAY

The Rapid River Nine to Play the Local Team Tomorrow and Sunday.

The local management has secured the Rapid River nine for a series of six games on the local grounds tomorrow and Sunday. The visitors are a fast aggregation, and the games will be well worth attending.

The grounds are in the best possible condition and excellent games are a certainty.

Just received a new shipment of music at Winkelman's.

## A BIG WEEK IS ASSURED.

All Indications Point to Big Crowd Next Week—Program Is Full of Interest.

The annual fireworks tournament for the upper peninsula is staged for next week, commencing Tuesday evening, and judging from the many newspaper articles appearing in this issue, no interest is being manifested throughout the peninsula. Every department will be represented, and it is safe to say that practically every fireman in the peninsula will be in Manistique during the entire week.

The program, which has appeared in this paper during the past two weeks, promises to entertain not only the visitors, but the citizens as well every minute of the time during the life of the tournament.

Manistique has spared no pains or expense in preparing a pleasing program, and it is pronounced the best ever presented at any meeting of the association since it was founded.

The town is taking on a gala appearance. Aches of heating and pipes are being placed over the principal streets, and the business houses are being handsomely decorated.

The arrival will be a big feature of the week, and the numerous free buses given by it will hold the crowds in the down town district every afternoon and evening.

## RECTOR TO LEAVE MANISTIQUE

Rev. Edward Stevens of St. Alban's Church, to Go to Washington.

Rev. Edward Stevens, who has been in charge of St. Alban's Episcopal church during the past year, has decided to locate in Washington, D. C., as assistant rector of St. Stephens church of that city. Prior to coming here he was assistant rector of a big city church for several years.

During his stay here he did excellent work for his congregation and materially increased the membership.

## PURCHASED ANDERSON STOCK.

Adolph Sandberg Purchased the Grocery Stock Formerly Owned by John Anderson.

Some time ago the grocery stock owned by John Anderson, in the Sandberg block, which was in the hands of his creditors, was purchased by Mr. Adolph Sandberg, one of the owners of the postoffice block, who will continue the business at the same place.

Mr. Anderson always had the reputation of carrying a clean and up-to-date stock, and it is the new owner's plan to keep the store on the same high plane. Mr. Sandberg is a hustler and will, without doubt make a success of the business.

Mr. Anderson will be in charge of the store. This will please his many friends and former patrons. It is the intention of the new owner to conduct a strictly cash business, and he will therefore be enabled to sell very cheap.

The store was opened for business yesterday morning, under the new ownership.

## AGED RESIDENT DIED MONDAY.

Mrs. Ann Allen Dies at Home of Aaron Orr Monday Morning, After Long Illness.

Mrs. Ann Allen died at the home of Mr. and Mrs. Aaron Orr last Monday morning after a long illness.

The deceased was a native of the state of New York, and was seventy-one years of age. About fifteen years ago she came to Manistique from the state of her nativity, and has since resided here, making her home with her children and relatives.

The children are Mrs. Thomas McCallough and Howard Allen of this city, and Mrs. Belle VanDille.

The funeral was held from the Orr residence Wednesday afternoon at 2 o'clock, Rev. F. K. Mumby, officiating.

## THE COUNTY'S SHARE \$21,249.95.

Schoolcraft County Has 2,707 Children of School Age.

County Clerk Forshar has received the apportionment of the primary school money for this county and as the county possesses 2,707 children of school age, it will be entitled to \$21,249.95 as its share of the primary school fund now being distributed. This amount is more than the county's proportion of the state tax for last year.

The apportionment for the county follows:

Township	No. children	Am't.
Doyle	199	\$1,362.45
Germfask	130	1,029.50
Hiawatha	181	1,429.85
Inwood	124	973.40
Manistique	264	1,901.40
City of Ann	1540	12,083.00
Mueler	75	588.75
Soney	47	368.95
Thompson	297	1,824.95

## WHOLESALE ARRESTS MADE.

Ten Austrians Arrested on Charge of Robbing a Fellow Countryman of \$70.00.

Joe Clement, an Austrian, employed in a camp in Mueller township, operated by the Wisconsin Land & Lumber Co., was robbed of \$70.00 last Saturday night while sleeping in a tent with ten of his fellow countrymen, and his bed-fellows were arrested by the sheriff, and brought to this city for a preliminary hearing.

He claims that he had the money when he laid down to sleep, and it was missing when he arose in the morning. His roll consisted of fourteen \$5 bills.

Every one of the men possessed funds of from \$25 to \$200 each, and the victim cannot identify any of his money. They had their hearing in Justice McKinney's court yesterday afternoon, and the Pioneer-Tribune went to press before the hearing was completed, thus the result cannot be given.

OFFICIAL COUNTY AND CITY PAPER  
FRIDAY, JULY 20, 1918.

EDITORIAL COMMENT.

There is at least one thing in Manistique that will take to water next week and that is the hydro-atomium.

The state chapters of the Daughters of the Revolution will convene at Manistique August 10, 11 and 12. Forty-two cities of Michigan will be represented at the conference.

Hiram Johnson is Roosevelt's choice for the presidency. If he persists in his contention, the breach will not be healed, and the Republicans will make the election of a Democrat a possibility.

Now is the time for the farmers to select their samples of timothy and clover for the forthcoming fair. This has been an especially good year for hay and grain, and the exhibit this coming autumn should be exceptionally fine.

Relays of motorcycles are carrying a message from the white house to the Frisco fair. We suppose the message is parched precariously on the rear seat as usual with her hair whipping seven ways in the wind—Grand Rapids Press.

With Newberry monopolizing a twister from the Detroit Tiger's line-up in order to defeat Manistique, is going some. The next time Manistique and Newberry meet, it is safe to say that the Celery City's line-up will include Cobb and Crawford. They'll need them, too.

Visitors are cordially invited to make this office their headquarters next week. Here they will find daily newspapers, plenty of writing material, and chairs and desks, and welcome sign always in view. We want them to see the best small city weekly newspaper plant in the upper peninsula.

The Russian people increased their savings deposits \$900,000,000 during the year that the sale of vodka was prohibited. This proves that not all the people and wage earners have died of drinking extracts and varnish as substitutes for booze, as the "wet" and anti-Billy Sunday news bureau of Detroit, would have the public to believe.

If the churches of Manistique should secure a tent something like the one used by the Chautauque association, and would hold union meetings every Sunday evening, during the summer months, the question of church attendance would be solved. Men and women would go to a tent meeting more quickly than they would go to a stuffy church.

Every property owner should plant several cherry trees in his back yard. In this manner he might breed his boys of the vicious habit of despoiling the fruit trees of his neighbor. Boys not only steal the fruit, but destroy the trees by breaking off the limbs. It is a discouraging for a property owner to care for a tree for several years, only to have it stripped of its fruit by lawless boys, and see it die because of the wanton destruction of its foliage.

The Escanaba Journal gives an account of a picnic that was held in the vicinity of Escanaba last Sunday, and from Bever Baldwin's version of the affair it was not a Sunday school picnic by any manner of means. It required seventeen truckloads of beer to sustain the thirst of the participants, and fifteen bartenders were extremely busy every minute of the time. Children fourteen years of age were intoxicated, as well as many women. Such bacchanalian orgies will hasten the time when Delta county shall go "dry."

The reader of European history remembers the gallant bravery of the Tyroleans in the long ago, when they stayed the progress of foreign armies by hurling avalanches of stone from its steep mountain sides on the armies in the canyons below. The Tyroleans are resorting to the same methods in halting the progress of the Italians, as they were used during the Napoleonic wars. The conscripts of the warriors of the wars above mentioned are fighting their enemies in the same manner and at the same places in 1915. The reader of the history of Tyrol feels that they have always been actuated with the same brand of patriotism that imbued the Americans at Lexington and Valley Forge in the early history of our country.

The Consolidated Lumber Co. has offered the tract of land bounded by the river and Weston Ave. and Deer Street and the Manistique Light Co.'s property, to the city for park purposes. The tract in question is ideally located for park purposes and it is hoped that the city shall be able to avail itself of the liberal price made by the company for the tract in question. The matter will be taken up at length at the next meeting of the city council. Manistique needs one or more parks and it is to the discredit of the city that park tracts were not secured years ago. Had this been done the present generation would be enjoying the benefit of the city's foresight now. However, better late than never. This tract as well as other tracts should be secured and improved. Trees should be planted as soon as possible so that the proper shade could be provided. The Consolidated Co. is pledged to give the city a site for park purposes on the lake shore but the Deer street proposition is the one that should be developed first as it is easy of access from both sides of the river.

EDITORIAL COMMENT.

There are now 2,000 miners employed in the Iron River district, and Editor Patrick O'Brien is especially good natured as a result.

Small time property should be absolutely safe from the onrush of fire next week, for every fireman in the town will be here to assist, if need be, in fighting the flames of flame.

We are surely having Democratic times. Down in the Mesquimie district, they are paying from \$10 to \$12 per month to avoid mine, and some fellows are willing to work for their bread. This reminds one of 1861.

Another American ship, laden with flour, a contraband of war was sunk off Scotland early this week. Begins to look as though American ships were in danger so long as they persist in carrying contraband of war.

Wanamaker of Philadelphia, who by the way, is a good business man, proposes that the United States purchase Belgium for a thousand millions of dollars, and then present it to the people of that country. Why not give them the Philippines.

The \$260 that the local agricultural society shall secure from the state will materially assist in paying the premiums offered by the local society for the fair next autumn. The sum of \$50,000 will be distributed among the agricultural societies of the state.

The sinking of the Eastland in the Chicago river last Saturday, was one of the most to be able accidents that have occurred in the United States. The death toll is placed at 1,000 men, women and children. Almost without warning the boat turned turtle. It was laden with excursionists.

Editor Thomas J. Flynn, editor of the Neegaunee Herald, and who has been secretary of the firemen association since its organization, will be much in evidence at the tournament next week. Aside from issuing a good weekly newspaper, he finds time to whip trout streams, and guide the destinies of the firemen association. He should, and will be re-elected.

Four auto drivers, that think that the streets of Manistique are especially constructed for racing purposes, were arrested late last week, and given the usual fine. Seven persons have been fined thus far, and if the officers keep up their mesmeric, and the autoists continue to keep up theirs, the police department may become self-supporting, in the course of time.

There is something wrong in the plan of determining values for tax purposes. If a fellow improves his residence property, and makes it look inviting and cozy, his taxes are increased. The fellow that refuses to make the improvements, and is content to live in a shanty, pays the least taxes. Why not soak the shiftless and careless, and compel them to join the procession.

"Uncle Sam" talks "turkey" to Great Britain for indulging in the questionable practice of holding up and delaying American shipping and labor. Pull is just as snooty as is Germany. However, little of any consequence upon Great Britain's attitude filters through the American newspapers. The United States has the power to end the European war. Should it refuse to ship munitions of war to Europe for the period of six weeks the war would end.

Two cities, Houghton and the Soo are making strenuous efforts to land the annual firemen's tournament for 1918. Both cities have raised a large sum of money, and will send a band of hustlers to Manistique next week, to land the prize. The Soo appears to have the inside track, for the department in the lower half of the peninsula are for the designation of that city. The tournament was held in the copper country two years ago, and this fact will have a tendency to injure Houghton's chances.

Manistique will get all sorts of good advertising as the result of the tournament. We, who reside here, know that Manistique is the best little city in the upper peninsula, and our visitors will be quickly convinced of that fact when they see all our industries in operation; our model streets, and handsome residences; our unrivaled method of lighting the various streets of the city. Take the time to show the visitors about the city; make them feel at home, and Manistique will reap the benefit for years to come.

Nothing is so rare as the early morning hours in this neck of the woods during the good old summer time. Set your alarm clock for 4:30 o'clock in the morning, heed its insistent demands and get out in the open. You will enjoy the diversion so much that you will everlastingly praise the inventor of alarm clocks. The cool, refreshing air; the unnamable solitude, disturbed only by the nervous songs of the feathered choir, and a bright sunlight, will make you feel that Providence was unusually kind to you when it persuaded you to cast your lot in the upper peninsula. Walk a mile or two, and if you cannot eat a substantial breakfast, well, then there is something radically wrong with your bread basket.

Manistique must make good next week, and in order that it shall do so, it means every citizen of the city must do his full part in entertaining and caring for the large number of visitors that will flock to the city during the annual firemen's tournament. This is the first time that Manistique has undertaken the entertainment of so large a multitude as may be confidently expected upon this occasion. In times past the city has entertained large assemblies, but nothing as extensive as the affair of this week. The hotels, restaurants, taverns, boarding houses and visiting stands galore, will be ample to supply the wants of the inner man. However, the housing of the thousands that are expected will tax not only the hotels, but the owners of homes as well. Manistique will take care of everyone that shall come, and no one need have any fears on that ground. Its citizens are whole-souled people, and will do their full share to make the stay of the visitors a pleasant one.

MANISTIQUE SHOULD HAVE MODERN HOSPITAL. To keep up with the times, Manistique should build a modern fireproof hospital building. In this day a suitably hospital is part of a live city's equipment. The visitors from miles around. When hospital services are needed there is no time for delay. It would be a mighty fine thing for the citizens of Manistique, and its physicians to get behind Dr. Rutledge and promote a hospital that would be a credit to the city.

THE POWER BEHIND DEMOCRATIC THINGS.

What Democratic control of the nation means, and what it brings, is well brought out in the returns from the corporation tax and the personal income tax of the fiscal year just ended. From now on it can be seen that the real control lies with Democracy in the national saddle. There is also apparent the reason for much of the legislation which handicaps the business man of the United States, and which makes war upon capital and employer. It is as true legislation as in nature that a stream cannot run higher than its source, and the source of action is a Democratic-ruled Congress is not one that either understands business or is friendly to it.

There are thirteen states which are counted as the states of the south. These are Alabama, Mississippi, Arkansas, Louisiana, Texas, North Carolina, South Carolina, Georgia, Florida, Virginia, Tennessee, Oklahoma and Kentucky. In the Compromise States the Democratic Party rules supreme. It is its policy of tariff and faction need assunder that popularly the dominant party that Republicanism has any chance to win, and in only a half dozen of them is even this possible. They can be counted upon year in and year out to give places and power to Democracy. It is the Solid South and the great work of the Democratic strength in the nation.

These states control the legislation of Congress when Democracy is in the majority. They did so during the last Congress when tariff and business laws were put upon the statute book, and new measures of taxation put upon the people. These thirteen states sent to the House of Representatives one hundred and sixteen Democratic members. A majority of the House is two hundred and eighteen, so these states had a majority of that majority. As the House was ruled with iron hand by party caucus, even upon matters and questions upon which no party lines should be drawn, the representatives of these States could control the Democratic policy of the House of Representatives. The same fact was true of the senate. These states gave twenty-six Democratic Senators. A majority of the Senate is forty-nine. The party caucus dictated the legislation to be put through and the twenty-six Senators from these Southern states were a majority of the majority.

These States also furnish the chairman of all of the important committees, military and naval affairs, public buildings, finance, rivers and harbors and like important subjects are in their hands. The returns from the income tax on individuals and corporations are very illuminating and significant. These thirteen states turned into the treasury considerably less than two millions of dollars of personal income tax out of the forty-one millions collected from the whole country. Of these corporations income tax, they together paid three and one-half millions out of the thirty-nine millions collected. So the States which framed and passed these taxation laws paid four and a half per cent of the personal and less than nine per cent of the total income tax they so enthusiastically levied.

This tax legislation fell upon the industrial states of the North, which had no voice in the settling of the question. Nine of the big manufacturing centers of the States paid eighty per cent of the personal and two-thirds of the corporate income tax. These are the States of New York, Pennsylvania, Illinois, Ohio, Massachusetts, New Jersey, Michigan, Connecticut and Rhode Island. This new increase in the custom revenues brought about by lowering the tariff duties. These nine states were hardest hit by these tariff changes. And they are also called upon to bear the additional burden of providing the revenue necessary by the taking away from them of their needed tariff protection. Such is Democratic control of legislation. Yet Democratic leaders profess the deepest amazement and horror when the claim is made that the Democratic Party legislate for a nation, not for a nation. Judge, from the Pennsylvania Press, July 15, 1918.

## SH. FIREMEN CHOOSE DELEGATES

Thomas Sullivan and J. B. Pearce will represent the Department at Manistique.

At a special meeting of the Ishpeming fire department Thursday evening Thomas Sullivan and J. B. Pearce were named as delegates to the annual Upper Peninsula Firemen's association convention in Manistique the first week in August. Otto Eger and William Quayle are the alternates.

The Ishpeming department will enter teams in the various contests. The judging committee recently decided to give cash prizes to the winners instead of trophies. The committee has not yet announced the prizes.

The members of the Ishpeming department are much interested in the spirited contest that has been arranged for next year's tournament between Hancock and Houghton. It is understood that the Soo also will bid for the tournament. The Soo announced some time ago it would ask for the tournament. Houghton recently decided to make a bid for it. The Soo maintained the firemen about five years ago; Houghton had the tournament ten years ago, and it is thirteen years since Hancock had it.

At the tournament here last year the Iron River delegates announced they would bid for the 1916 tournament, but it is now understood Iron River will not ask for the convention. Both Houghton and Hancock will send large delegations to Manistique. The firemen here are non-committal and it is not likely the Ishpeming department will divide which of the cities it will support until the meeting in Manistique.

The convention will be held the first night of the tournament, John Lacey, chief of the Ishpeming department, who is president of the association, will be in the chair.

The tournament this year will be attended by an unusually large number of firemen, it is expected. The fact that all the contests will be along practical lines avoids the necessity for extensive practice by the firemen's teams, and this, it is believed, will lead to a greater number of entries—Mining Journal.

## GERMFASK NOTES.

Mr. and Mrs. George Archey have gone to Montana where they will reside permanently.

Those attending the dance last Friday evening report a good time.

It is to be deplored that there are a few people living in Germafask who are making strenuous efforts to procure a plot of ground for a cemetery this seems rather queer doesn't it?

Twenty-one auto passed through Germafask last Sunday enroute to Newberry to witness the ball game, between Manistique and Newberry teams.

Norman Stauffer was in Seney on business.

R. B. Stack was in Germafask looking after his lumbering interests.

D. F. Morrison is selling a lot of moving and harvesting machines.

George Hartman is the first to report that he is done having.

Mrs. Alex Stewart was visiting friends in Blaney last Sunday.

Don't forget the date Aug. 8th when Rev. M. A. Chappell and Dr. Mitchell of Manistique will hold an open air meeting on the picnic grounds in south Germafask.

Some of our young men are interested in an invention consisting of a horse and buggy that will fold up and go under the seat in an auto. It would often come in handy.

## SOO FIREMEN ARE HUSTLING.

The Soo firemen will hustle from now on until the date of the 1916 tournament has increased the enthusiasm among the local firemen and they will go into the contest to win. So far as the local firemen know, Hancock is also a contender for next year's medal, but it is believed that Hancock will withdraw from the race and lend its support to Houghton.

It is believed certain that if two cities in the copper country were in the race for the tournament, both would be defeated. No official announcement has been made by the Hancock department yet, however, of its intention to withdraw.

The Soo is out in force to land the next tournament and when the Lock City goes after anything the result is almost invariably favorable. Some of the departments who bid for the tournament were divided by the local business community. It is expected that the Soo will have practically the solid support of the firemen in the contest portion of the peninsula. Letters of invitation have been sent to every department whereby the Soo City bid and accompany the delegation to Manistique. ## ATTENDED WEDDING AT GLAISTONE.

Mr. and Mrs. Wm. Turpin, Sr., left for Gladstone Monday evening where they will attend the marriage of their grand-daughter, Miss Edith Mae Legg to Mr. Amiel Peterson, which occurred last Thursday morning. The bride is a daughter of Prof. and Mrs. P. R. Legg, and is well known in this city. Mr. Peterson is an employe of the big dry goods store of Chicago, and was a former resident of Gladstone, being a graduate of the public schools of that city. The contracting parties are highly regarded by their acquaintances, who wish them a happy and prosperous future. Mr. and Mrs. Turpin return to Manistique tomorrow.

## BUSINESS MEN SUBSCRIBE TO TOURNAMENT FUND.

A subscription list to raise funds to send a delegation to Manistique in August to land the 1916 Upper Peninsula Firemen's tournament has been circulated and is meeting with success. This indicates a hard fought campaign will be waged to secure the tournament.

Mayor Hartman has given out the following statement regarding the campaign:

"There seems to be an impression that I started the tournament movement. It had nothing to do with it. It is a business men's movement, pure and simple, but when I learned they wanted the meet, the council went into it heart and soul."

The village council has appropriated \$200 for the expense money of the department. This will be enough to finance advertising for the business men's delegation, it is believed—Houghton Dispatch.

## COUNCIL PROCEEDINGS. (Official.)

Manistique, July 20th, 1915. At a regular meeting of the City Council of the City of Manistique, held on above date the following members were present:

## WILL INVADE MANISTIQUE.

Local and Gladstone People To Join in Making "Their Day" A Big Success.

Fremont and Gladstone will make a grand celebration for going to Main Street on Thursday, August 4 when the Gladstone Homecoming and the Fremont Homecoming. The Fremont Homecoming. The Fremont Homecoming. The Fremont Homecoming.

Thursday, August 4, has been designated as "Escanaba and Gladstone Day" of the celebration and in recognition of this fact residents of the two cities will make an effort to be present on that day.

Arrangements have been made to run a special train from Gladstone on August 5 to accommodate those who wish to make the trip. Chief Gault of Gladstone last night stated that he proposed to send 15 representatives to the arrangement while Chief Gault of Escanaba stated that Escanaba's representation in paid firemen will probably exceed that number.

The Homecoming and Firemen's Tournament starts at the Lake Michigan city on August 4 and continues for three days. The program of all three days will equal if not outclass any other ever attempted on a similar occasion in the upper peninsula. It will be an event of great pleasure for every person in attendance and those who fail to go will be missing one of the real good times of a life time.

Manistique has demonstrated that it is one of the liveliest cities in the peninsula in taking over the responsibility of an event of such magnitude as the Upper Peninsula Firemen's Tournament and because of her effort, should be loyally supported by local people.

Local people will go to Gladstone aboard the interurban cars or auto-taxis to take the excursion train from that city, with the upper bay city people making up what is expected to be one of the biggest crowds to go into Manistique during the three days.

The program for "Escanaba and Gladstone Day" is:

- 9:00 a. m. Firemen's Contest Nos. 1 and 2. Liberal prizes.
- 12:00 a. m. Famous Wonder Jugglers, Human Butterflies, Slack Wire Performers. Street Attractions.
- 1:30 p. m. Firemen's Contest Nos. 3 and 4.
- 2:00 p. m. Heinz & Beckmann Shows all afternoon.
- 4:00 p. m. Human Butterflies, Street Attractions.

## FORMER RESIDENT HERE.

Mr. Wm. C. Bronson arrived in the city last Sunday morning from Crystal Falls, and spent the current week with his family here. Since he left Manistique he was located at Coteau, N. D., where he was engaged in the hardware business, and was also postmaster. He disposed of his interests a few months ago, and for some time has been visiting his son, Mr. Chas. Bronson at Duluth, and his daughter, Mrs. Chas. A. Robinson at Crystal Falls. Mr. Bronson's many friends were more than pleased to meet him again. He was such an integral factor in Manistique's church, political and fraternal life during the quarter century that he resided here that he has a wide circle of friends and acquaintances.

He has his son-in-law, Chas. Robinson of Crystal Falls, have gone into the auto business, and have purchased four autos. It is his intention to maintain a regular schedule of trips between Crystal Falls and Iron River, as well as to the mining locations in that vicinity.

## CALLED THERE BY ILLNESS.

Charles Ewald, of Garden, Mich., arrived last night in response to a message advising him of the serious illness of his mother. Mr. Ewald has been ill for some time. On Friday of last week she suffered a relapse. She is reported critically ill today.—Cheboygan Tribune.

Miss Ruth Ward arrived in the city from Grand Rapids Tuesday evening, and will spend a few weeks vacation with her parents, Mr. and Mrs. D. J. Ward. Shortly after her arrival, she will graduate as a nurse from the hospital.

## SPECIAL RATES FOR FIREMEN'S REUNION WITH APPROVAL.

Copper and Iron Country Fighters Will Go to Manistique August 11th.

The South Shore railway has made a special rate for the firemen's reunion to be held next week in Manistique. Tickets are on sale for \$1.00, \$1.50, and \$2.00, and will be good for return not later than August 9. The round trip rate for tickets sold on Aug. 1 and 2 will be \$1.00, and for those sold Aug. 3 and 4, \$1.50.

The firemen, Neegaunee and Marquette departments will probably want special cars for their accommodation and to take care of other Manistique residents who will attend the reunion. It is likely that a special train will be run. If special train will leave here on the regular train at 4 o'clock Wednesday morning. The Houghton and Hancock firemen will leave on the night train Tuesday, the Marquette county firemen joining them the next morning. It is expected that there will be large delegations from both Houghton and Hancock.

The firemen and other excursionists will change cars at Shingleton, and will be carried by special train from there to Manistique, arriving about 2 o'clock in the morning.

The delegates to the annual convention Wednesday evening have already been solicited to vote in favor of Houghton, Hancock and Sault Ste. Marie for the 1916 tourney. The contest will be a spirited one, and it is to be decided which town will get the meeting.

Wednesday will be devoted principally to the parade, vaudeville attractions, firemen's convention and banquet. The firemen's contests will be held on the two following days.

Under the present plan of conducting firemen's contests, the annual tournaments are much less expensive affairs for cities in which they are held than they were formerly, as it is not now necessary to prepare special prizes for the running races, nor are the prizes offered as expensive as those formerly given. It is thought in the future there will be greater rivalry to secure the tournaments here before. The smaller towns have a better chance to come out even on old plan, when it was necessary to raise from \$2,500 to \$4,000 in order to meet the expenses.—Mining Journal.

## BREVITIES.

John Scilling of Manistique, was a guest Saturday.

Chas. St. Andre of Naubinway, was a Manistique visitor last Friday.

## CARNIVAL MEETS WITH APPROVAL.

The Heinz & Beckmann Co. Here Next Week, K'd by Manistique Where It's Having This Week.

The Heinz & Beckmann Carnival Co., which is playing a week's engagement at Manistique, under the auspices of the Moose, and which will be in Manistique next week, was endorsed by the Manistique Herald Leader of Tuesday, as follows:

The Moose carnival, under the auspices of the Moose lodge, opened last night on the Ogden avenue grounds with 2,000 twin city people being among the entertainment seekers. The shows, fourteen in number, are above the average attractions seen on a local circus ground, and favorable comment was heard on every hand from those who were present the opening night.

Among the thrills furnished is in the motorhome, where Lucile Smith, a young woman weighing 80 pounds, rides with two companions on a 120-pound motorcycle in a race with death.

## Circus Is Good.

The Hippodrome, the one-ring circus, affords amusement for half an hour with trained ponies, dogs, monkeys, clowns and a wire act, by the La Pera Sisters, formerly with the Wallace circus. Two excellent vaudeville shows, one the Fox Trio Girls and the other a minstrel show prove such a strong drawing card.

In the "One in One Show" every week the girl who writes and gets her water, helped pipe up the dime last night for the Moose lodge.

Leona is Pleasing.

Leona, the girl with a Thousand Eyes, is one of the headliners on the grounds, and gives a fierce mid-air landing act. Carmen, the fortune teller, was also busy last night. Among the various paddle concessions is one managed by three Japs. The Paris raking business round both did and merry-go-round both did well.

## FIREMEN TO LEAVE TUESDAY

Party of at Least Twenty Will Go to Manistique—Annual Picnic Sunday.

The members and delegates of the Neegaunee Fire department who will attend the Upper Peninsula Firemen's tournament at Manistique will have over the South Shore railway Tuesday next. The tournament will commence Monday and will continue until the following Saturday. The excursion tickets will be good until Aug. 9. There will be special service from Shingleton to Manistique over the Lake Superior & Manistique railway.

Tickets will be sold as early as July 31, but the rates on July 31 and August 1 and 2 will be \$4.00 for the return trip. The rate on Tuesday will be \$3.40. It is expected that twenty or more Neegaunee firemen will attend the tournament.—Neegaunee Department, Mining Journal.

## READE RELEASED; LEFT FOR ENGLAND

Pastor Charged With Passing Worthless Checks on Local Merchants Let Go Upon Filing of \$500 Bond.

Rev. G. G. Harper Reade, charged with obtaining money under false pretenses by passing between \$1,000 and \$2,000 in worthless checks on local merchants, left last night for New York City, enroute to his old home in England. He was released from custody upon furnishing a bond in the sum of \$500. It is Reade's intention to obtain the necessary funds in England to pay his debts and return to this country and settle up his accounts. He claims to have thousands of dollars tied up in mortgages and bonds in England.—Mor News.

## NOTICE.

Notice is hereby given that bids will be received on or before 1 o'clock p. m. on the 4th day of August, A. D. 1915, at the office of the County Clerk, Manistique, Michigan, for building 6 1/2 miles of macadam road in Doyle and Mueller Townships, Schoolcraft County. To be let in Two Contracts.

The contract is for doing all grading, supplying materials and labor and building a 16 ft. macadam road in accordance with State specifications and plans, copies of which are on file with said County Clerk.

The right is reserved to reject any or all bids.

Board of County Road Commissioners.

By J. N. FORSHAR, Clerk

## BREVITIES.

Clifford Eydell of International Falls, Minn., is visiting friends and relatives in this city.

Mr. Gillie Reynolds of Indiana, arrives in the city late this week, and is the guest of Mr. and Mrs. Chas. W. Aldin at the Aldin cottage at Harri on Beach.

Mr. E. H. Teeple, who has been preparing six weeks with friends and relatives at Puckney and Detroit, returns home late this week.

The Chautauque committee reports that it will be called upon to pay a deficit of nearly \$300.00. Had the persons attending purchased season tickets, they would have cleared \$500.00. Sufficient money was taken at the gate for single admissions to more than cover the deficit. In the future every person should purchase season tickets and assist the committee in making good.

Manistique Ave., between Range and Steuben streets, is becoming one of the best residence sections of the city. The property owners are taking pride in caring for their lawns, and trees line both sides of the streets. The houses, too, are better than the average of this town. Mr. J. H. Erickson and his surroundings are especially neat, and catch the eye of the average pedestrian that traverses the street.

The house being erected by the government for the light house keeper is ready for the roof. It is an ornament to that portion of the city.

Mr. R. H. Teeple has purchased the property now occupied by John Quick at the north Tustin street. The property is very desirable.

Paul Kierstead has accepted the position of local reporter for the Manistique edition of the Soo News. Mr. Kennedy will return to the Soo to resume his work as city reporter for the paper at the city. During his short stay in the city, Mr. Kennedy has many friends that regret his determination to leave the city. Mr. Kierstead will, without doubt, make good in the position.

Mr. and Mrs. Odell Smith of Inwood (township), were in the city Monday. They report that hay will be a bumper crop in their section, and that other crops are looking exceedingly well.

## BREVITIES.

Mr. Orris White visited her parents, Mr. and Mrs. A. Symonds, at Manistique, during the past week.

Leo White, wife and baby, visited Manistique friends, while enroute from Chicago to Manistique, says the Manistique Herald.

Dr. Whitcomb, former resident of Manistique, was recently sentenced to serve eighteen months in prison for selling "dope." He has been residing at Detroit.

Miss Ellen Bergh of Marquette, is the guest of Rev. and Mrs. P. O. Hessel at their cottage at Indian Lake.

## CHAPPEL'S LECTURE IS PRAISED.

The lecture given by M. A. Chappel on South America last Thursday night was one of the finest treats that has ever come to our town. It has been in plenty of time, that the church would be too small, and so the K. O. T. M. hall was secured and an audience that filled every chair and seat greeted the speaker; even a nail-board and organ stood were pressed into service to accommodate all. Mr. Chappel, although but 25 years of age, has had a fond of observation. He went from New York to Chile, through the Isthmus of Panama and was a teacher in Santiago for two years, and in his lecture he carried the audience with him to the countries of South America, and told of their people, customs, habits, history, methods of life and business; their progress and energy as well as their extreme of their lack of progress along other lines. His talk was interspersed with humorous and pleasing personal experiences and all in all an hour, packed full with information, as well as entertainment of the highest sort so much was the lecture enjoyed that he was re-engaged on the spot for a return date, which is to be four weeks from the last one, Thursday, August 12th, the Sunday before he approaches in Engadine and Gould City again. In the next lecture he will continue traveltalk to Spain, Paris and other cities of the continent and back to America. When the fact is considered that for two years he has been one of the lecturers for the Chicago Daily News before the schools of Chicago talking to audiences of from 700 to 700 strong, it will be seen that he is a young man of unusual ability and resourcefulness in those lines. No one can hear him in these lectures without feeling pleased and greatly benefited, and his personal expression heard on every hand "What a fine lecture that was!" and "How good it was," etc. We freely predict that Mr. Chappel will have another record crowd when he visits Gould City on Thursday, Aug. 12th, for his next Travel Lecture. As noted before, he will preach in Gould City on August 1st and 2nd, during Mr. Heshgater's vacation.—Gould City Cor. St. Ignace Enterprise.

WHEN you start to using the Real Tobacco Chew you will understand just why so many men are telling their friends about it.

Chuck full of the real tobacco taste. No wonder it's called "the little chew that satisfies."

A little chew of pure, rich, mellow tobacco—seasoned and sweetened just enough—cuts out so much of the grinding and spitting.

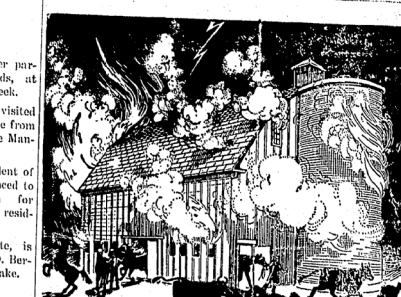

THE REAL TOBACCO CHEW IS NOW CUT TWO WAYS! W-B CUT IS LONG SIZED, RIG CUT IS SHORT SIZED.

Take less than one-quarter the old size chew, it will be more satisfying than a mouthful of ordinary tobacco. Just take a nibble at it, and you will find the evenly the real tobacco taste comes, how it satisfies how much less you have to spit, how few chews it takes to be tobacco satisfied. That's why it's the Real Tobacco Chew. That's why it costs less in the end. The taste of pure, rich tobacco does not need to be covered up. An excess of licorice and sweetening makes you spit too much.

One small chew takes the place of two big chews of the old kind.

**SOO LINE MAY CHANGE SCHEDULE**

Soo Line Trains Nos. 86 and 87 May Have a Radical Change in Time Here.

The Soo Line, for many years has been known as the railroad that sends two passenger trains eastward in the morning and two westward in the evening. The service has been very unsatisfactory to the traveling public for that reason. The cause for this was the connections for Chicago made at Escanaba.  
 The company is now contemplating routing its Chicago business over its own lines, via the old Wisconsin Central Ry., which is now owned by the Soo Line, and will make a very radical change in the arrival of Trains No. 86 and 87 at this station. No. 86 now arrives at 8:55 o'clock or two hours later than No. 8, bound eastward. When the change is made it will reach Manistique about 4:30 o'clock in the afternoon and No. 87 which now reaches here at 5 o'clock in the evening from the east, will arrive at noon. This will give shoppers living in the towns east of Manistique an opportunity of coming to Manistique, making their purchases and leaving late in the afternoon for their homes. This schedule has been asked for by Manistique's business men as well as the traveling public for years, and that it is about to be consummated is cheering news to all.  
 The new schedule will be in force within a month, if rumors are reliable.

**AN ATHLETIC FIELD TO BE CONSTRUCTED**

Board of Education to Move Houses from School Property, and to Construct an Athletic Field.

The four houses owned by the board of education and joining the Central school grounds to the north, are to be moved from their present sites, and an athletic field constructed, if the present plans of the board materialize. The houses front on Cedar and Maple streets.  
 The schools need the field, and it will be of much more value to the student body than the rent received for the buildings.

**YOU ARE FORGIVEN.**

A letter was received by one of Manistique's business men from a Newberry citizen, in which he stated that the citizens exceedingly regret the tactics of the manager of the Newberry ball team manager last Sunday and that his actions are not endorsed by the citizens generally. Said manager was removed after the game, and the Newberrys hope that the cordial relations that have always existed between their city and Manistique will be resumed in the future.

**AUG. 20th TUBERCULOSIS DAY.**

August 20th a day for Observance of Day set aside by the Governor to Combat Dreaded Disease.

The local physicians have cheerfully consented to examine every person who takes himself suffering from the disease, free of charge on the day of inspection, and it is hoped that any person suspecting the presence of this disease, shall avail himself of this opportunity. The impact of the disease can be more effectively combated if caught in its incipient stages.

The governor's proclamation follows: "The people of the State of Michigan are hereby subject to the ravages of tuberculosis, a wholly preventable disease. This disease is the common enemy of mankind, and is rightly called the White Plague. The first manifestations of tuberculosis are frequently overlooked. The patient discovers his danger when it is too late. The Medical Fraternity of Michigan is in their power to render the State an invaluable service. Their functions are to relieve suffering, cure disease and prevent disease, and the greatest of these there is to prevent disease. Michigan physicians are ready to encourage and practice this form of patriotism—the patriotism of saving their fellowmen from this awful scourge. I suggest that on Friday, August twentieth, any person in Michigan desiring a medical examination whereby he may ascertain whether he has any of the symptoms of tuberculosis, may have such examination and advice by asking a physician for it.

Therefore, I, Woodbridge N. Ferris, Governor of the State of Michigan, do hereby designate Friday, August twentieth, A. D. 1915, as Tuberculosis Day, at which time all physicians engaged in the practice of medicine are requested to render this service without charge."

Next Monday evening the annual church meeting of the First Baptist church will be held, when officers and Standing Committees will be elected, and reports rendered for the past year. The work has been full of encouragement, and all interested are invited.

Mr. and Mrs. Larooco of Chicago, are the guests of Mr. A. Miller, and Mr. and Mrs. Joseph Miller.

**FORFEITED GAME TO MANISTIQUE.**

Garden Quit in Seventh Inning on Account of Close Decision on Base Runner.

They seemed to be the order of the day last Sunday, because on the day before the Noyes team as well as the Garden team, the former played a "base runner" game, and the latter playing the Manistique. All the action was on account of decisions by the umpire.

In the All Star Garden game, the score was in the last half of the seventh inning. The score at that time was 4 to 5 in favor of the visitors. They questioned the decision of Umpire Morrison on a base runner from third to home plate. Manistique had two men on base at the time, and only one out. It certainly was an opportune time for the visitors to quit, as Manistique would have passed them had the inning been completed. The visitors made their one run in the first two innings, and were treated to goose eggs for the remainder of the game. Manistique made 18 runs in the third and seventh innings.

Truckey pitched for the visitors and Swanson was their catcher. "The All Star line-up follows: Vincent, p; Courmay, 1; Walker, 2; Leffler, 3; Barbeau, c; Schooley, 4; Aubinger, 5; Norton, 6; and Nelson, 7b.

**FORMAL OPENING OF PEOPLES STORE**

Manager Yalomstein Has Decided to Hold Formal Opening Saturday August 7th.

The new Peoples Store will hold its formal opening Saturday, August 7th and every citizen of Manistique and contiguous territory is cordially invited by Manager Yalomstein to call on that day. Appropriate souvenirs will be presented to every lady and gentleman calling during the day in question.

The formal opening has been delayed to this date owing to non arrival of fixtures for the "bargain basement."

This store is one of the largest north of Milwaukee, and it is well worth your time to call and inspect same. You will be greatly surprised with its appointments, and the immense and up-to-date stock it contains.

Remember the date, August 7th, a week from tomorrow.

**ROBBED HIS BENEFACTOR.**

Alex Dishnor Took Watch and Pair of Shoes from Wm. Koehmeider.

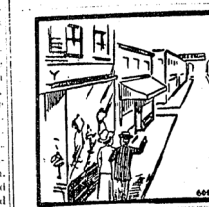

Last Sunday foreman Alex Dishnor, who claims to be a resident of Manistique, called at the home of Mr. Wm. Koehmeider and asked for something to eat. His inner wants were satisfied, and while there he saw a pair of shoes that took his fancy. Asking permission to lie down in the coach for a few moments, he appropriated the shoes and a watch belonging to Koehmeider while the latter was out of the house. When Koehmeider returned, he missed his watch. The fellow was apprehended, and it was ascertained that he had pawned the watch for \$1.00. The watch was recovered, and the thief was taken to jail. He had his hearing before Justice McKinney Monday morning, and was sentenced to the county jail for a term of sixty days.

**1916 CHAUTAUQUA IS PLANNED.**

Opinion Seems Unanimous that Manistique Should Have a Course Next Year.

The chairman of the local Chautauqua committee, asked for an expression from the large audience present Friday evening, relative to the holding of another course next year. By a unanimously rising vote, the audience expressed a favorable verdict. The committee will make an effort to sell sufficient tickets to make the Chautauqua a success. If you are in favor of a Chautauqua, and desire a ticket or tickets for next season, notify any member of the local committee, as to your desire. However, you need not pay for the tickets until next year. All the committee wants is your promise at this time.

Captain Percy Patterson of the Soo, the well known piano tuner that visits Manistique regularly, won the title as the best shot in the upper peninsula, at the annual meeting of the U. P. Sportsmen's association held at the Soo this week. Team No. 3 of the Soo, consisting of Messrs. Patterson, Lemon and Pike, won the Patterson-Headman cup. The winning team made a score of 217. Manistique's team, consisting of Southard, Rowe and Woolford, made a score of 147. Manistique won the distinction of making the lowest score in the shoot.
