THE COMMUNITY BUILDER.

Phases of Housing Question Demand Development Clubs Consideration.

One of the commonest complaints in the average rural community is the lack of a housing question.

The fact is, however, that a shortage of houses to care for the natural increase in population acts as a deterrent to the increase.

When a commercial club or a similar development club interests itself in securing the housing problem.

The first step in the work of this kind is an investigation of conditions, and such an investigation is a somewhat difficult task.

Come and Look Our Line Over.

Cut the Cost of Living! A plate of hot biscuits or muffins, a fresh, home-baked cake, a loaf of brown or nut-bread, rescues any meal from the commonplace, and more expensive things are never missed.

With K.C., the double acting baking powder, good results are doubly certain. There's economy too, in the cost of K.C.

NO man is safe in saying he'll never switch on his chewing, till he's chewed the Real Tobacco Chew. Everyone knows that some tobaccos are better than others but no one knows how good tobacco really is till he chews "the little chew that satisfies."

A little chew of pure, rich, mellow tobacco—seasoned and sweetened just enough—cuts out so much of the grinding and spitting.

Take less than one-quarter the old size chew. It will be more satisfying than a mouthful of ordinary tobacco. Just take a nibble of it until you find the strength chew that suits you, then you know, easily and evenly the real tobacco taste suits a, how it satisfies, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is the Real Tobacco Chew. That's why it is satisfied in the end.

The taste of pure, rich tobacco does not need to be covered up. An excess of licorice and sweetening makes you spit a mouth.

One small chew takes the place of two big chews of the old kind.

(Notice how the salt brings out the rich tobacco taste.) WEYMAN-BRUTON COMPANY, 50 Union Square, New York City

Do You Know

THE VALUE OF THIS HOME COMFORT?

There are many articles in use about your farm, which you are sure you would not be able to do without. Imagine starting out in the field to cut your oats or rye with a scythe or what if you had to pitch out each load of hay in the barn by hand, instead of using the hay fork. How would that feel? It is pretty slow work, but your father went at it that way. He thought nothing of it, either.

The idea of having a telephone in your home may not appeal to you much now, perhaps—luxury you can't afford you say. Let us place one of our telephones in your home. Let us give you speedy and sure connection with your neighbors and your business associates. In six months time, you, your wife and other members of the family will wonder "how we ever did without it."

Let us talk this over with you now—today. You are sure to find our service sometimes—why not now?

WHEN WOMEN MEET.

To see the lat'st clothes.
They fume and frown; the go down town
Grace meets Marie and they have tea
And gobble some preserves.

Marie tells Grace, with dismal face,
She's just a Bunch of Nerves.
Poor Grace, alack, describes her back,
Her weak heart and her neck,

There's no relief and she, in brief,
Is quite a Perfect Wreck.

And tell about their woes.

GREAT ACTIVITY AT FURNACE.

Manager Edmunds Expects to Have Plant Running in Sixty Days.

With a force of 350 men manager Edmunds expects to have the International Charcoal Iron Co.'s furnace plant full blast bigger and better than inside of sixty days.
 An entirely new stack is one of the important things that are being done besides the enlarging of the chemical plant with sixty-four new condensers. Two new solvent plants are being erected of brick one 90x370 and the other 55x90. In these buildings the acetate of lime is treated and comes out ready for use.
 The steel of the still plant is being built of plaster and iron. One 70x40 and the other 16x100.
 Besides an addition to the fan house needed repair work is being done to the kilns.
 When standing at an elevation and looking down the ground in and around the plant looks like a beehive, men swarming everywhere and everybody busy.
 That the company is a big factor in this city when it comes to wages it can be mentioned that the payroll Monday footed up to about \$15,000.

THE MARSH PARTY.

The Marsh party, which has been making annual pilgrimages to Dickson's summer resort at Uno, for the past thirteen years, arrived in the city from Van Wert, Ohio, yesterday morning, enroute to that popular resort. The party consisted of Dr. B. L. Good, M. S. Osborn, F. A. Hall, William John, Carl, Geo. and Frank Marsh, Geo. Wilkew, J. A. Suggins, and Dave Bosteler. They are a jolly bunch, and speak in terms of highest praise of the treatment accorded them by the Dicksons in the past.

MARRIED.

At the Presbyterian Manse on Aug. 5th, 1915, by Rev. J. R. Mitchell, D. D., Mr. Larry Hastings, of Manistique, and Miss Ruth Freeman of Engadine.

Starting Monday, Aug. 2, the new state law went into effect which makes it necessary for all people giving chattel mortgages on merchandise to file such papers with the county register of deeds. At the present time such mortgages are filed with the city clerk but under the new law the papers must be filed at both city and county offices. Deeds filed after this date must set forth whether the grantor is single or married. The first deed received will be the first to take effect under the new law regardless of the date of issuance. These few changes are the only ones that will effect the register of deed's office.

The grasshoppers are here. The cemetery was filled with them Sunday.

SOO OBJECTS TO PROPOSED CHANGE

New Schedule of Soo Line Has Brought Wrath from Citizens of the Soo.

It is practically assured that the Soo line will shortly change the schedule of Trains 86 and 87. The new schedule, if placed into effect will have a tendency to cut off trade that is now going to the merchants of the Soo, as No. 87 will leave early in the morning, and No. 86 will arrive in the evening. This will compel the persons desiring to trade at the Soo to spend the night in that city, and hardly gives them time to do any trading in the morning.

This is the manner in which the present schedule has been affecting Manistique for all of these years, and the proposed change will be a godsend to our local merchants.

They, as well as the Commercial club, should get busy and send in letters, petitions and resolutions to Mr. W. R. Callaway, the general passenger agent of that road, at Minneapolis. The officials are disposed to make the change of schedule, but the numerous petitions and remonstrances going into headquarters from the Soo, may have some weight. Every business man of Manistique should write Mr. Callaway at once, and the Commercial club should take prompt action. The new schedule would mean thousands of dollars worth of new business for the local merchants, and Manistique wants and needs it. Do not forget to write today. Tomorrow may be too late.

BASEBALL SATURDAY AND SUNDAY

The Newberry and Manistique baseball teams will play Saturday and Sunday at 3 p. m. at the fair grounds when an interesting game is expected. Admission 25 cents. Ladies and children 15 cents.

Why the Boy Scout movement is so popular among the young boys is very apparent when you visit their camping ground. The local company is camping at Harrison Beach this week, and their tent, and the grounds surrounding it are marvels of neatness. The lake affords them heating and bathing galore, while the forest gives them opportunity to practice woodcraft.

Mr. Thomas Hissare of Gernfask township, was in the city Friday, and while here, made this office a pleasant call. He presented the editor with a photograph of a yearling deer that came to his enclosure one day last winter. The deer stood still sufficiently long so that Mr. Hissard, who is a first class photographer, took a snap shot. He also presented us with a watch box containing a picture of the deer in colors.

BREVITIES.

Miss Freda Rosenthal of Petoskey, is the guest of Mr. and Mrs. Blumrosen.
 Mr. John I. Bellaire of Blaney, was in the city last Saturday, enroute to Muskegonville.
 One of Manistique's popular young ladies, a school teacher, will become a wife next Wednesday.

The school buildings of the city are being made ready for the opening of school early next month.
 Miss Marion Rubin returned to the city this week from Ypsilanti, where she has been attending the state normal school.
 Rev. A. Nelson and family moved into their cottage at Harrison Beach Wednesday and will remain there a while next week.

Mr. Harvey Noe of Monroe City, Ind., has accepted a position with the iron company as vice man, and has started upon his duties.

Miss Gough of Poston, Mich., who has been the guest of her brother, returned to her home yesterday morning.

Misses Alann and Agnes Johnston who have been spending a couple of weeks with relatives and friends here, returned Tuesday to their home in Ogontz.

Mr. and Mrs. John Hill of the Canadian Soo, who have been spending their honeymoon at the home of Mr. and Mrs. Robert Wilson, returned to their home yesterday morning.
 Mrs. Geo. Wickwire is making some extensive repairs to her home on Maple Ave. The roof has been raised and added three rooms. Mr. Chas. Pasenau is doing the work with the aid of a force of men.

Mr. Benjamin Harrison of Monroe City, Ind., arrived in the city this week and is the guest of Mr. and Mrs. H. B. Reynolds, of the Manistique Telephone Co. Mr. Harrison is a hay fever sufferer, and hopes to escape his discomforts in this climate. His father is one of Indiana's wealthiest land owners and cattle raisers of Indiana.

Mr. Gillette Reynolds, who has been the guest of Mr. and Mrs. Chas. A. Atkins during the past ten days, returned to his home, Anderson, Ind., Tuesday evening. He was accompanied by his nieces, The Misses Florence and Ruth Atkins, who will be the guests of Mr. and Mrs. Reynolds, and other relatives in Indiana. They will be absent from the city for two weeks.

Gladstone is very much peeved with the manner in which its base ball team was treated here last week. Owing to the rain, Manager Huester wired the team not to come, but they came anyway. Owing to the rain and condition of the grounds, the attendance was very light at the two games, and the third game was called off. Gladstone claims that it was to receive \$25.00 and 40 per cent of the gate receipts. They claim that they received only \$17.50. As a result, the Manistique ball team has been placed on the unfair list, and the Gladstonians aver that they will never play the Manistique team as long as Huester is manager of the team.
