QUICK-OLIN WEDDING.

Mr. Wilber Olin and Miss Mildred Quick were wedded Tuesday Evening.

A very pretty home wedding took place Tuesday evening, at the residence of Mr. and Mrs. Hiram Quick, when their youngest daughter, Mildred, was united in marriage to Mr. Wilber S. Olin of Detroit.

Promptly at 6:30 o'clock Mrs. Anna Carroll Owen began the beautiful bouquet-throwing ceremony, and the bride and groom entered the parlor and took their positions before the floral arch of ground pine and sweet peas, the ceremony was performed by Rev. E. L. Leach, pastor of the First Baptist church, the Episcopal ring service being used. During the service, Mendelssohn's "Spring Song" was rendered softly, followed by Grieg's "The Wedding Day," which the newly wedded pair received the congratulations of the relatives and intimate friends, after congratulations a dainty luncheon was served. The table decorations were pink and white, sweet pea bouquets of pink and white asters, ferns and asparagus were placed used throughout the home.

The out of town guests were Mr. and Mrs. S. W. Olin of Oshkosh, Wis., parents of the groom; Mr. and Mrs. J. C. Irish and daughters, Lorraine and Catherine of the Son.

The bride has been a life long resident of the city. After graduating from the local high school, and Kalamazoo college, she accepted a position at the local high school, which position she acceptably filled for several years. The groom is private secretary for an automobile manufacturer of Detroit, and is a self-made man in the strictest sense of the word. He took a business course after having been employed in one of the local mills as a laborer, and he, through his efforts and ability, has acquired a considerable fortune in his chosen life's work.

Mr. and Mrs. Olin have the best wishes of a host of friends, for future happiness and prosperity.

CELEBRATED BIRTHDAY.

ANNIVERSARY SATURDAY. Miss Florence Adkins celebrated the number of friends at her cottage at Harrison Beach last Saturday evening in honor of her birthday anniversary. A chicken dinner was served at tea table, after which boating and dancing were indulged in. The cottage was beautifully decorated in autumn tints. Those participating report having had a very pleasant time.

NEWBERRY MA-SONS TO COME.

Visitors Will Confer the Third Degree Here This Evening.

The officers and a large number of guests of Lakeside Lodge No. 371, this evening when time to officers of the visiting lodge will confer the third degree upon a local candidate. The work of the evening will be completed by a dinner 10:30 and be served at 11:30 o'clock.

THE ENTERTAINMENT COURSE.

An Excellent Program of Attractions Selected by Reading Club Committee.

The Women's Reading Club, has perfected arrangements for an entertainment course for next winter, and a review of the list of attractions will be given the most skeptical that the committee has chosen wisely and well.

The list of attractions follows: The Most Favorites, Consisting of three young ladies in folk and church songs and minuettes. Dama Walden, musician and entertainer. Clara Vaughan Wales Lyceum Players, who give a three act comedy drama entitled "Rejuvenation." Preston Bradley, lecturer. Chicago Musical Club consisting of six soloists.

The committee had decided not to solicit for the sale of season tickets until the Chautauque committee has completed its canvass of the city. The net proceeds of the entertainment course will be devoted to the public library fund, as was the surplus of last season.

The object is a worthy one and should be encouraged and patronized by every citizen of Manistique.

JAPANESE ICE CREAM SOCIAL.

The Ladies Wednesday Circle will give a Japanese Ice Cream social Friday evening, Sept. 17, at Manistique Heights. Everybody come and let the little Japs serve you.

EXPLODES A FALSE REPORT.

Mayor Middlebrook, President of the Fair Association, Refutes Report That No Fair Will Be Held This Year.

Somewhere, some way the report is being circulated throughout the county that there will be no fair held in the county this year. Mayor Middlebrook, president of the fair association, refutes the rumor as follows: "The attention of the officers of the fair association has been called to a report that it is being circulated that there would be no fair held this season in Schoolcraft county.

This story is absurd, as there will be a fair, and the exhibits will be better and larger than ever before according to the favorable reports we receive from various parts of the county.

One premium list is larger this year than any other, and the exhibits will be better and larger than ever before according to the favorable reports we receive from various parts of the county. Don't forget that two days will be devoted to bull games and two days for horse racing.

W. L. MIDDLEBROOK, Pres. Fair Assn.

GRANGE ORGANIZED AT SENEY.

On Monday evening September 6th, Deputy John White organized a Grange at Seney with thirty-five members. The following officers were chosen:

Master - T. T. Bacheller, Sr. Overseer - Gust Young. Lecturer - H. H. Bacheller. Steward - Richard Havort. Asst. Steward - Veron Havort. Chaplain - Bernice Havort. Treasurer - Henry Storms. Secretary - Geo. M. Fikolnighm. Gate Keeper - W. Gowdin. Domestica - Mrs. G. Young. Florist - Agnes Havort.

The next meeting is also open to the public and will be held Monday evening, Sept. 20th, at the town hall.

JEWELL WON EVINRUDE TROPHY.

Large Crowd at Indian Lake Sunday Watching Race.

Sunday being an ideal day a large crowd of people went to Indian Lake during the day and especially in the afternoon when the Evinrude races were held. The shores were lined with people and many boats had to be towed to the races.

Those taking part in the race were Ed Jewell, Jas. Christensen, Fred Baker, Ernest Knuth, Barry Albin and A. McLeod. In the first heat Jas. Christensen came in first and Jewell second, but in the second race Jewell came in first and Christensen second.

This gave Mr. Jewell two out of three races and he was declared the winner and awarded the Evinrude trophy a handsome silver cup.

Mr. McLeod the local agent expects to put up another trophy next year.

DAY OF ATONEMENT.

A week from tomorrow, Sept. 18, is the day of Atonement which will be observed by all the Jewish people of the city and their places of business will be closed from Friday night until Saturday night at 6:30 o'clock.

On the day of Atonement the Jewish people are supposed to make good for any mistakes they have made during the year and forgive each other.

THE DATES FOR THE COUNTY FAIR.

Remember that the Dates Are Sept. 28, 29, 30, and Oct. 1st—Liberal Premium List.

Please do not forget that the dates of the forthcoming fair are Sept. 28, 29, 30, Oct. 1st. The first day will be devoted to receiving exhibits, and the fair proper will not commence until the following day.

The premium list is a very liberal one, as it calls for \$200.00 more in prize money than the list of last year. Horse races and bull games will also be features of the fair.

The officers have been untiring in their efforts to make the forthcoming fair one of the very best held in the upper peninsula this year. Show your appreciation of their efforts by purchasing season tickets for your family. Attend every day and show by your presence that you appreciate their efforts to keep Schoolcraft county in the front ranks as an agricultural county.

ON LONG AUTO TRIP.

A Chicago Party Accompanied by Eugene Carrington of Green Bay, On Trip Around the Lake.

Mr. and Mrs. Geo. White, Robert, Pequot of Chicago, and Mr. Eugene Carrington of Green Bay, arrived in the city Monday evening on a trip around Lake Michigan. They left the city Tuesday morning for the Straits.

Mr. White is western agent for the Valuable Oil Co. while Mr. Carrington, who was a former resident of this city, is involving representative of the same company in northern Wisconsin and Michigan.

The party is making the trip in Mr. White's seven passenger Premier machine. They report having encountered excellent roads thus far.

It will be well for those in arrears for taxes to remember that \$100 will be added to cash description on land advertised in October and put on sale in May.

This store of ours is a business with a purpose—and if you have been dealing with us for any length of time, you will have guessed what that purpose is.

The shortest way we can state it is that we aim to give standardized service in standard goods.

By "service" we mean a good bit more than handing you what you ask for and punching the cash register—more than courteous treatment and quick deliveries.

It means keeping alive—with the new things.

It means looking for better grades, wider assortments, progress all along the line.

It means going a little further than many a hardware store usually thinks of going.

It means carrying bigger stocks, more satisfying range, greater freedom of selection—and every article backed by us, to give satisfaction to the customer.

In Arms and Ammunition, for instance, it means that we make a feature of Rifles, Shot-guns, Cartridges, Shot Shells. It means keeping right up-to-the-minute in our display of guns—the new models as they come out. And in Ammunition it means that our stocks are always fresh—often replenished, boxes clean and ammunition dependable.

Billy Stewart, the office man at the

lumber plant, after being an expert book-keeper, is an enthusiastic motor-man. He happened to be on Indian Lake last Sunday, and his boat was filled with his family and a few friends. Notwithstanding the handicap of increased weight, he prevailed in his ears like a thoroughbred race horse, when the motor races were started and immediately got into the game. All was well until his supply of gasoline gave out and he was compelled to drop out. Billy does not believe in local option when it comes to gasoline.

OBSERVED NEW

YEAR YESTERDAY

Jewish People Have Reached End of Year 5,076 According to Their Calendar.

Last evening at sunset, the Jewish people of this city commenced the two days celebration of their New Year, at the Reform Temple. The celebration will end this (Friday) evening at sunset.

In the Jewish tradition, the Rosh Hashanah marks the anniversary of the creation of the world, supposed to have taken place 5,776 years ago. It is one of the holiest days in the Jewish calendar. It radically differs from the civil New Year in that it is a day of quiet reflection and self-examination. The sacred character of this day is implied in the two other names by which it is known, viz. the day of memorial and the day of the blowing of the trumpets. In the first place it is the day of memorial or commemoration. As such, it calls upon the Jew to remember the divine purpose of his life. Secondly, it is the day of the blowing of the trumpets. Its purpose is to arouse Israel from his self-complacency and stir him to high resolves and noble deeds.

The Rosh Hashanah derives its significance from the fact that it is only the beginning of his spiritual journey, according to the Jewish teaching. It is necessary that a physician be called. Hence, to make the atonement possible, it is taught, one must have Rosh Hashanah, which is also designated as the "Yom Hadin"—the day of judgment—the day when all weigh themselves in the balance, and "there is no righteous man upon earth that doeth good always and sinneth not."

The ceremonial ceremony of the services in the synagogue on Rosh Hashanah is the blowing of the trumpet, in accordance with the injunction in Leviticus, chapter 23, which reads: "In the seventh month, on the first day of the month shall ye have a Sabbath, a memorial of blowing of trumpets, and holy convocation."

WAS BURNED TO WATERS EDGE.

Grimmer Land Co's Naptha Launch Destroyed by Fire Last Friday.

A naptha launch belonging to the Grimmer Land Co. was totally destroyed by fire last Friday while lying near the Paulsen sheds from cause unknown.

The boat was recently brought here for repairs and new engine was on the way to replace the one which had been damaged last winter by frost.

The fire was noticed first about 12:30 o'clock at noon and the tug Gifford was rushed over there and had quite a time to save the Paulsen shed as the boat was nearly full of naptha with gasoline. The boat was 45 feet long and eight feet wide.

OFFICIAL COUNTY AND CITY PAPER

EDITORIAL COMMENT.

The mosquito, whose effectiveness was materially enhanced by the icy, niggling fog this season, really regrets the passing of summer.

Our idea of a precarious position is for men named Carl Schmidt, Chas. Tesla and Alfred Katschmann to be found in the vicinity of a powder factory in Canada, with a sack of dynamite.

Mr. Roger M. Andrews is again in the newspaper harness, having been elected as president and editor of the Monomine Herald-Leader, a position he held prior to going to California a few years ago. Andrews is a virile writer and a hustler, and his fellow jailer slaves welcome him to Cleveland newspaper circles again.

Before vodka was banished from Russia, the inhabitants of that country placed about \$20,000,000 in the savings banks of that country annually. Since the sale of vodka has been prohibited the savings deposits have increased to \$30,000,000 every thirty days, since prohibition has gone into effect. This showing is all the more remarkable when you consider the fact that millions of its best citizens are serving in the army and are not earning factors.

The St. Ignace Enterprise under the management of Clyde Ilexon, has blossomed out into a seven column, eight page all home print newspaper. Messrs. Ilexon and Hoagan took charge of the Enterprise three years ago and this is the second time in that period of time that the paper has been enlarged. The Enterprise is a good weekly newspaper—one of the best in the upper peninsula—bearing its petty Democratic politics. The paper is well edited, covers its field thoroughly and always looks as neat as a miss of eighteen.

Someone has been circulating the report that no fair would be held this year in this county. This is untrue, and President Middlebrook of the association, refutes that rumor in another column. The fair this year will be bigger and better than ever. The first that visited some portions of the county may have a tendency to reduce the exhibits in corn and cucumbers, but the grains and grasses, fruits and vegetables are all right, and when the exhibits are catalogued you will ascertain that the frost did not depreciate the exhibit, although some of the farmers in sections where the frost did the greatest damage, will not be represented. Plan now to go to fair for it will certainly be held.

The citizens of Schoolcraft county should bear in mind that the annual county fair will be held for four days commencing with Sept. 28th. All roads should lead to Manistique at that time, and every citizen should plan to be at the fair at least one day out of the four. The officers of the fair are working hard to make the fair a counting fair a success. They have offered very liberal premiums—\$100.00 more than last year, and having devoted much time and thought in making the ground work, it now is up to you to insure its success by your patronage and liberal exhibits. The forthcoming fair promises to be the most successful ever held in the county. Commencing with next Sunday, you will visit every section of the county, advertising the fair.

Judging from the Soo Times, Congressman Scott of this district was very "long" on promises during his recent visit to that city. He promised to remove the customs headquarters from Marquette to the Soo, but at the time he made the promise he was unaware of the fact that Marquette is a customs flag station, similar to the Soo, and that the headquarters of this district had been removed to Detroit some years ago. He promised to rehabilitate Ft. Brady, and to fill it to its full of soldiers that the barracks would be insufficient to house and khalba-decked blood hounds. The Times also hinted that Scott's attention had been called to the need of a fifth lock at the Soo, he would have planned in the So. Christmas stocking.

In Indian Lake Manistique has an asset that many large cities would pay a million dollars to possess. We, who live here, and enjoy its incomparable beauties do not esteem it as highly as we should. Familiarity breeds contempt, and while no Manistique has that sort of feeling for the lake in question, yet that familiarity dulls the sense of its inestimable value. The beauties of the city. Its shores, its incomparable beaches and sunsets, are ineffable visions that the camper will ever remember. A street car line, or good roads and hotel are things that will add to the enjoyment of those frequenting the lake. If the resort would be properly advertised, and plans made for the entertainment of the visitors, it would be worth as much to Manistique as a big manufacturing plant.

Readers of history will call to mind that when combined Europe decided to get the scalp of Napoleon in 1814, that England furnished 50,000 soldiers, while Germany, Russia, and other nations involved in the alliance, furnished about 250,000 each. England's proportion of troops in the present war as compared to those furnished by its allies, is about the same. It will also be remembered that Napoleon, by skillful generalship, separated the English forces under Wellington, and the German forces under Blucher, and that Wellington was due to receive a terrible beating as Waterloo. Blucher and his army, managed to reach the battlefield just in time to turn the English against Napoleon. The English received the credit for winning the battle that revamped the map of Europe, notwithstanding the fact that Wellington was outnumbered by the French, and notwithstanding the fact that the Allies were under Blucher's ready sword the day. If the German win in the present war, it will not be the English that can be credited with the victory. The valorous Belgian army, the French and Russians will be the real winners. Some nations, as well as people have the faculty of having other people do their fighting, and when victory is achieved, are the first to claim the victory.

EDITORIAL COMMENT.

The Democratic party has accomplished two things this far. It has passed laws that will kill the best sugar industry, and America's merchant marine.

The tariff a nation has offered \$100,000 for horses and this amount should attract the best road horses on a machine, as well as all of the local horses that can trot and pace.

The newspapers that are offering the idea of holding a local option election and an election on state-wide prohibition in the same year are at present opposing the local option idea. After that election is held they will be found opposing state-wide prohibition with equal fervency. Some people are hard to suit.

Roosevelt, who wants this country to engage in war with Germany, has been offered \$10,000 by a Brooklyn capitalist if he shall shoulder a rifle and go to Europe and fight with the Allies. The doughty ex-president enjoys "working the lines," but he prefers to have "the other fellow" do the fighting. He should either accept the offer or forever hold his peace.

The flower bed in the triangle in front of the laundry, was the creation of Mayor Ahlfors, and his flower garden of such an extent as to be identified with the name in question. There are several spots about the city that could be beautified in the same manner. Sometimes one giving it thought, is almost convinced that the beauty of some of the residential streets, would be much beautified if the parking in front of the houses were transformed into a flower garden instead of a gross and ugly concrete. We hope that someone will experiment in that direction next season.

IS CRITICISING CONGRESSMAN SCOTT.

Congressman Scott is being severely criticised by the newspapers of the upper peninsula for his recent attempt to "play politics." His utterances at the Soo, where he showed an utter lack of knowledge upon the subjects he discussed, has made him the laughing stock of the average editor in this portion of Michigan. The Marquette Chronicle devoted more than a column of editorial space in giving the Alpena statesman his "lumps." Some of the things the Chronicle said follow:

"Frank D. Scott, of Alpena, Congressman for the Eleventh district, is being criticised in a manner that indicates a preference for the cap and bells rather than a desire to fulfill the duties that fall to his lot as a member of the highest legislative body of the country. In fact, his course thus far is well calculated to cause the people of the Eleventh district to ponder whether, at the last general election, they selected a man to represent their district and the country at large in Washington, or whether they merely were hypnotized into believing they liked Scott so well that they presented him with the opportunity for using an honored official position to secure material for building a self-perpetuating job."

Scott's latest in a sentence is that he is on an "inspection tour." It was not an inspection of the district in order to learn what his people needed, or to study the conditions of other districts of the state, giving him the opportunity to lay out a while might be benefited—not on your pork barrel."

"And that reminds us again of Scott's work in the legislature. As a congressman he is fulfilling all the expectations and every prediction made by his colleagues in the senate when they heard of his Washington candidacy. One incident will suffice—the MacGregor election contest in the 1913 session. Scott was very active. He was for the Republican contestant, first, last and all the time. He was for him before the committee finished that work and decided that the Democrat was really entitled to the seat. When it came to the debate on the floor of the senate, Scott made an impassioned speech for his choice. It was a blunder in the classical language of Jim Burke. A blinding nasal oratory steamed out of the high windows of the chamber. But five minutes after the speech was concluded, Scott's rival, AGAINST the man in whose behalf he had attempted to steal the laurels of Demosthenes. Scott had missed the handwagon during the parade but he caught it on the way to the train."

This district made a grievous error when it defeated Joe Bayliss in the congressional primary election for congress, and nominated and elected a straddler that could give the Colossus of Rhodes pointers as to how to "do the split." Joe Bayliss is a Congressman James sort of fellow, and with two such men representing the interests of the peninsula in congress, this section would be as ably represented as is any section in the United States.

POLITICS AND BUSINESS SENSE.

The Soo is endeavoring to enlist the congressmen of Michigan to make a fight for the retention of Ft. Brady at that city, and our congressman is very much in favor of the proposition, judging from recent utterances, but it is an even gamble, judging from his orate antics while in the state senate, that he will vote against the proposition should it ever be advanced sufficiently so that congress would have an opportunity voting on it. Scott, a politician, pure and simple, and endeavoring to ride the band-wagon, even if he is compelled to trade vehicles in mid stream. Not so with Congressman James of the Twelfth district. He believes that there are a number of useless forts dotting this country, and that the money they cost in maintenance could be more profitably expended in strengthening the army at large. He also believes that a commission of competent authorities should investigate the proposition of establishing and discontinuing forts and that he stands ready to vote in accordance with his findings.

These brief summaries reveal one to be a politician, and the other to be a statesman, and you need not be reminded who is who in the present war.

Long years ago when the Indians in the land of Hiawatha, were wont to go on the warpath, and scalp faced soldiers as a diversion, there was need of forts such as Ft. Brady, Ft. Mackinac and Ft. Wayne, but the times have changed, and the forts in question while they might be utilized for hospitals for disabled soldiers, no plausible excuse can be offered for their retention.

Of course the soldiers are a business asset. While they do not receive large wages, yet they freely spend every cent of it as soon as received from the paymaster. The rehabilitation of these fourth-class forts, is "pork" to the same degree as the dredging of rivulets, and the building of post office buildings. Little wonder, then, the congressman has sufficient pull to land an appropriation that may satisfy him with men that can control a large portion of the vote of the district. This plan is an admirable thing for the congressman that desires to continue his hold on the public tent. However, styles are changing in politics, as well as in wearing apparel. It is becoming more and more unpopular with the rank and file for a public official to pull the leg of Uncle Sam for his own profit, for the people are really "Uncle Sam." They are reading, and keeping a closer touch on things governmental now than they have ever done in years past. This is the reason why public servants of the Congress are being more and more unpopular, and the swash-buckler politician that is long on promises, and short on consummation, that rewards his friends and punishes his political enemies, are digging their political graves.

Ben Chappel and James Laughlin Accept Positions in South Africa.

Ben A. Chappel, eldest son of Mr. and Mrs. V. P. Chappel, and James Laughlin, both of whom have been in South Africa, Belgium Congo, South Africa. The young men have accepted positions with the Union Trust Co. of Antwerp, a Belgian corporation engaged in developing a mining property at Kangaroo, Belgium Congo, in the southern part of the so-called Blue States of South Africa. Mr. Chappel will hold the position of assistant foreman and diamond setter with the company and Mr. Laughlin that of stamping foreman. Parrel, Meke of Quinnessee, is one of the foremen. The Iron Mountain boys will sail next Saturday from New York on the American steamer St. Paul for Liverpool, where they will join the other members of their party. An English steamer will be taken from Liverpool to Africa. As near as can be learned, their ultimate destination is about 2,000 miles from the coast and the boys will have to make a considerable portion of the distance. It will take six weeks or two months to make the trip. The young men have signed contracts to remain in the country three years or longer. —Iron Mountain Press.

UPPER PENINSULA LEAGUE I. O. O. F.

Held Second Annual Meeting in This City Monday.

The upper peninsula league I. O. O. F. held their second annual meeting in this city on Labor day and it is estimated that about 200 Odd Fellows and Rebekahs were in the city.

In the forenoon a business meeting was held at the opera house, at which time the following officers were elected for the coming year:

President—J. Neville of Gladstone, Vice President—Geo. C. Leonard of Manistique.

Secretary—Henry Marshall of Gladstone, Treasurer—Wm. J. Stephens of Manistique.

Gladstone was selected as the meeting place for next year.

In the afternoon the Manistique degree team exemplified the first degree at the opera house in the presence of a large audience of Odd Fellows.

At six o'clock all attended the Rebekah banquet at Odd Fellows hall.

In the evening the Soo degree team exemplified the first degree. The Soo team and the points made by the team from that city being 82 to 78 for Manistique.

After the contest all Odd Fellows and Rebekahs attended a dance at Costello hall. Some of the visitors from the evening train while the Soo contingent remained until the following day.

The visitors all report having had an enjoyable time, and the local committee was intruding in its efforts to make the stay of the visitors a pleasant one.

The individual scores made by the members of the degree teams follow:

ANDERSON-EDWARDS NUPTIALS

Miss Ruth Anderson and Mr. Otto Ford Edwards Married Monday.

Miss Ruth Anderson a niece of Mr. and Mrs. Hans Christensen of Riverside and Mr. Otto Ford Edwards of Sunday morning at the Christensen home on Riverside in the presence of only the nearest relatives and friends.

Rev. L. O. Oien of the Norwegian Luth. church officiated and Miss Jennie Anneson, Mr. Jay Edwards a brother of the groom acted as witnesses.

After a sumptuous wedding breakfast the new married couple left on the train for Buffalo, N. Y., where the groom holds a responsible position as civil engineer and where they will make their home, followed by the best wishes of their many friends.

Miss Ruth Anderson came to this country from Christiania, Norway, with her and Mrs. Christensen, when she was ten years of age and graduated from the Manistique Business College, and later worked in the Soo where the young people first became acquainted.

Mr. Otto Edwards hails from the Soo where he is held in high esteem by all who know him.

PARTLY DESTROYED BY FIRE.

Dr. R. C. McKesson's Residence on Arbutus Wrecked by Fire.

The residence of Dr. R. C. McKesson was destroyed by fire about 2:30 o'clock yesterday afternoon and the department responded promptly and succeeded in partially saving the building.

The cause of the fire is unknown, but is supposed to have originated by the explosion of an oil stove. Dr. McKesson had been home for dinner and had only been gone a short time when the fire was discovered by neighbors who turned in an alarm.

At the time of going to press it could not be learned if Dr. McKesson carried any insurance, but it is claimed that the policy had run out three days ago.

DIED AT GARDEN SATURDAY.

Ed. Chartier Formerly of This City Called Beyond Saturday.

After being sick only three days with inflammation of the bowels Mr. Ed. Chartier died Saturday at his home in Garden. Mr. Chartier is well known in this city having resided here about fifteen years previous to moving to Garden where he conducted a barber shop.

Ed. Chartier was in Montreal, Can. about 100 miles from here. Thirty-two years ago he came to Manistique with Mr. John Thoutot for whom he worked a number of years until he engaged in business for himself.

Fifteen years later he went to Siskiwit where he lived two years and then moved to Garden where he resided at the time of his death.

The deceased is survived by a widow and four daughters as follows: Miss Alma, Mrs. Emily Tricker, May and Verme besides a large circle of friends as he was universally liked by all who knew him.

He was a member of the St. John society in which he was insured for \$1,000. The funeral which was very largely attended was held from St. John's Catholic church Tuesday.

NEARLY 500 SIGNATURES SECURED.

Local Option Election a Certainty as More Than Required Signatures Have Been Secured.

The work of securing signatures to the local option petitioners was completed last week, and 491 signatures have been secured. As 500 signatures were necessary it is safe to state that the question whether Schoolcraft county shall be "dry" or "wet," shall be decided at the polls next April.

The various townships and wards furnished signatures as follows:

First Ward 18	Second Ward 55
Third Ward 41	Fourth Ward 46
Doyle 83	Hinawatha 71
Manistique 56	Thompson 48
Lawood 36	Gerritsch 57

An effective campaign is to be inaugurated in the county by the "dry" forces and some precautionary talks that were fatal to success at the local option election held in the county several years ago.

IS PROGRESSING SATISFACTORILY

125 Feet of Cofferdam Completed and Fifty Holes for Anchor Bolts Drilled.

During the past two weeks considerable progress has been made in the construction work on the dam for the new intake of the city water under the supervision of Commissioner Martin.

About 125 feet of the cofferdam has been built and fifty holes, four feet apart have been drilled. The power for the drills has been furnished by Wm. James of Manistique township with his traction engine.

The work of pumping the cofferdam dry was commenced Thursday and there the anchor bolts will be placed in position and cemented in after which the construction of the dam will start.

The anchor bolts are one inch thick and four feet long with a head on the top and the lower end split with a wedge projecting several inches so that when the bolt is driven into the hole it will fasten in the rock.

The bolts and other construction iron has been ordered from the St. Paul Foundry company and is expected to arrive the latter part of next week.

The work so far has been accomplished without any trouble and with the aid of only a small crew of men.

CAME FROM INDIA SATURDAY

Mr. A. C. Conbrough Came Here to Visit Brother on Way to Scotland.

Mr. A. C. Conbrough arrived in the city Saturday morning en route from India to his home in Scotland and stopped off here to visit his brother Mr. J. B. Conbrough who is in charge of the chemical plant here.

Mr. A. C. Conbrough is a construction engineer and has for some time been in the employ of the British government and is now on his way home.

Feeling to find his brother home he hired Ed. Parker who took him to Nevechy in the afternoon, where he boarded a train and proceeded to Montreal where he will take a boat.

Mr. J. B. Conbrough is at present doing some work at Ferry's Sound on Hudson Bay.

EVER-BEARING STRAWBERRIES.

Edward Fydel presented the editor with a box of ever bearing strawberries Monday of this week. He set out the plants last spring, and the vines have been bearing ever since August 10th. From indications, they will continue to bear until the advent of winter for five and seven fruit, as well as blossoms are in constant evidence. One of the berries was more than five inches in circumference.

THE BAND BOYS PICNIC.

The Manistique Band held their picnic at Carpenter's Bay Sunday and were taken over there by the Pleas and Worth gasoline boats.

On their way coming and going they saw some very fine selections but was very much appreciated by the campers and visitors.

All participating report having a good time.

WILL HAVE COAL YARD.

Mr. Matt Schneider has bought a strip of land fronting the river near the red bridge which he intends utilizing for a coal yard.

The ground is being prepared and before long will be in operation.

FOR RENT.

One single room or double rooms heated and furnished for rent. Inquire at this office. 2t.

Mackinac county recently felt elated over the fact that the delinquent tax for 1913 was very low but now comes Schoolcraft county with a still better report. According to a copy of the delinquent taxes for 1913 received Tuesday by the county treasurer the amount of tax land to be advertised are only \$1,241.00 which is about half the amount of delinquent taxes in Mackinac county.
