## JOHN V. REMELL DIES SUDDENLY.

His Death Occurred Yesterday Morning at Three O'clock as the Result of Heart Disease.

Mr. John V. Remell, a highly respected citizen of Manistiquette, died at three o'clock yesterday morning at his home on Lake street, after a few hours illness, of heart disease. He spent the evening at the Osa-waminoc hotel with a traveling man from whom he was purchasing groceries for the grocery department of the Peoples Store Co., and returned to his home about eleven o'clock. He had been smoking heavily during the evening, and after retiring to his home, decided that a walk would tend to make him feel better. Later he returned to the house and was quite ill. A physician was summoned at once, but he was beyond human aid and died at three o'clock, as was stated above. Heart trouble was the cause of his demise, a disease from which he had been suffering for some two weeks, having had several severe attacks during that time.

The deceased was born in Kentucky, February 1, 1854, and was therefore sixty-one years of age at the time of death. He came to the United States when fifteen years of age, and traveled for years with Potters' show. His friends will remember the many amusing experiences that he underwent during his life with the circus, that he was wont to relate when in a reminiscent mood.

After leaving the circus, he located at Cedar Lake, this state, where he married Miss Jennie Johnson, in 1884, who with two sons, Victor and Ivan, remain to mourn the loss of a kind and indulgent husband and father.

He came to Thompson in 1888 where he worked in the store of the Delta Lumber Co. In 1894 he moved to Manistiquette, and accepted a position in the Weston Lumber Co.'s store as manager of the grocery department until the store was sold to a firm consisting of E. W. Miller, John Falk and himself. When the firm decided to go out of business, he accepted the management of the store of Duell & Neesman, and when that firm ceased business he accepted a position in the grocery department of the Chicago Lumbering Co.'s store, which position he held until the store was sold to the Peoples Store Co., and continued as manager of the same department under the new owners. He was highly esteemed by his employees and fellow employees. He was faithful in the discharge of his duties, and

was considered one of the best buyers and stock keepers in the peninsula. When the Peoples Store Co. purchased the U. S. stock, the "dead stock" in the grocery department could have been "swallowed away" in an evening's parking.

"John," as he was universally called by his many friends, was a good citizen. He was temperate, attended to his own business, and looked after the interests of his employers so faithfully that his health was materially impaired by his close application to business. Although ill much of the time during the past two years, yet he was always at his post of duty. He was also a Mason, belonging to the local Masonic bodies. He lived as became a man and a Mason.

He lived long enough to see his sons established in business and holding positions of trust. His eldest son, Mr. Victor Remell, has for a number of years and is at present filling the position of assistant postmaster, which position he is filling with the same fidelity that always characterized his father. Ivan is a member of the firm of Kinder & Remell, and is doing well in his chosen avocation.

The funeral services will be held from the home on Lake street, tomorrow (Saturday) afternoon at 2:30 o'clock under Masonic auspices. Dr. J. R. Mitchell will officiate.

## TRIES TO BURG-LARIZE SALOON.

Burglar Tried to Enter the Boomer Saloon Tuesday Night.

A would-be burglar tried to enter Chas. Berner's saloon Tuesday night by cutting his way through the south door with a razor and also attempting to get in through the window.

The razor was found on the ground near the door with the point broken off and still fastened in the panel of the door in which he tried to cut a hole in order to reach the lock. In the lock window the burglar had cut away the putty with an old jack knife.

The work was no doubt that of an amateur and was evidently scared away by the night police while on his best.

Tuesday is Dollar Day at the Peoples Store. In the grocery they offer:

- 12 cans good Tomatoes ..... \$1.00
- 12 cans good corn ..... \$1.00
- 7 cans Pineapple for ..... \$1.00
- 6 cans Fine Peaches for ..... \$1.00

Mr. and Mrs. Frank Sivilsky are the happy parents of a little baby girl since Tuesday.

## HAD COLLAR BONE BROKEN

Phil Goudreau Injured While Practicing Football Monday.

Philip Goudreau, son of Mr. and Mrs. Isaac Goudreau, and one of the strongest players on the high school football team received a broken collar-bone Monday while practicing at the school grounds.

During the play young Goudreau slipped and fell striking heavily on his shoulder, breaking the collar bone. As first he did not realize what had happened but the pain became gradually worse and Coach Culver after examining him saw what had happened and Philip was taken to the Lakeside hospital, where the broken bone was set.

As this will incapacitate Mr. Goudreau for the balance of the football season it will be a loss to the team as his place will be hard to fill.

## GOOD HORSE RACES PROMISED

A Number of Outside Horses Will Be Here During the Fair.

Horse racing will be a big feature of the forthcoming fair. Purses aggregating \$400.00 will be hung up, and the prizes will be so liberal that a number of outside talent will be seen on the track. The races will be so arranged that Scheldert, county horses will have a show for the money also, as races for them exclusively will be featured in addition to the free-for-all.

Persons having this feature in charge say that the races this year will be the best ever seen in the county. The program of the fair will appear in next week's issue.

Miss Nelle Johnson announces that she will give Vocal lessons at her home, 216 S. Maple Avenue, during the coming winter, beginning Sept. 20th. Telephone 147.

MARRIED WEDNESDAY.

Mr. Martin Halmberg and Miss Mary Martin were made man and wife Wednesday by Judge McKinney at his home in the presence of Miss Celli Ahey and Mr. Abraham Martin.

Both the young people are well-known in this city and have the best wishes for their future happiness.

## OF INTEREST TO EXHIBITORS.

Exhibits Must Be Brought in on Day of Fair.

The management of the fair association desires to lay stress upon the ruling that all exhibits should be brought to the exposition building on the first day of the fair, which is Sept. 28th. Anyone wishing to make an exhibit, should bear this in mind, and make an earnest endeavor to accede to the wishes of the officials.

By doing so much confusion will be averted. The officials will be extremely busy during the entire week, and as the first day has been set aside for the reception of exhibits, they will be very much discommodated if the program is not strictly adhered to. Then, too, the exhibitor as well as the public will lose if the exhibits are not placed in position on the first day. You may have the best exhibit in the building, but many did not see it because it was not placed on exhibition on the opening day.

## DIED AFTER LONG SUFFERING

Mr. And. F. Anderson of Thompson Dies Tuesday.

Mr. And. F. Anderson an old and respected citizen of Thompson, succumbed to the ravages of cancer Tuesday about noon after long suffering, almost dying from hunger as he was unable to take nourishment.

The deceased was born in Malmer, Norway, 46 years ago and came to this country 23 years ago, landing in Wisconsin. Three years later he came to Thompson, where he engaged in farming in which he continued until his death.

Twenty-four years ago he was married to Miss Signe Engeström with whom he had five sons, Samuel and Walter, both grown up. Besides these there is one brother Edward Anderson in Alberta, Can., and a sister Mrs. Mathen Ianson in Chicago to mourn the deceased.

The funeral was held yesterday from the Swedish Lutheran church at Thompson and Rev. L. O. Olen of the Norwegian Lutheran church officiated.

The funeral was largely attended as the deceased was highly respected and had many friends who in this manner showed their sympathy for the bereaved family.

The pallbearers were Ole Olson, And. Anderson, Berger Anderson, John Johnson, Haas Olson, Ed. Sievers.

## WAS RE-ARRESTED TUESDAY.

H. H. Underhill Released After Serving Sixty Days and Re-arrested Same Day.

Hiram H. Underhill who served a sixty day sentence for embezzlement in the county jail was released Tuesday when the sentence expired and was re-arrested the same day on a similar charge preferred by J. Osterhout.

Mr. Underhill appeared before Judge McKinney and was put under \$200 bond to appear at the September term of Circuit court which convenes next week.

As will be remembered, Mr. Underhill conducted a collection agency in this city and missed some of the money entrusted to him.

Mr. Underhill furnished the required bonds and was released from custody.

## DRY CLEANER MACHINE EXPLODES.

Mr. W. S. Bannor Has Narrow Escape—Building Scorched and Clothes Damaged.

While Mr. W. S. Bannor was working in the dry cleaner room of his establishment on River street, Tuesday noon the gasoline in the dry cleaning machine exploded with a report like a cannon shot.

As everything in the room was saturated with the fumes of gasoline that and the adjoining room was a mass of smoldering flames in a few minutes and that Mr. Bannor escaped serious injury is almost a miracle.

The close proximity of the fire department no doubt saved the building and those adjoining as a strong wind was blowing at the time. However the fire department soon had the fire subdued. Most of the contents of the building had been carried out in the street to safety. None of the machinery in the room where the explosion occurred was damaged.

The total loss from the fire is estimated at \$300 of which the loss on the building which is owned by Mrs. Frank Peterson, is covered by insurance while Mr. Bannor's loss to clothes left with him are a total loss.

Mr. and Mrs. Milton Williams of Inwood township were in the city Saturday.

## In Line With Leading Sportsmen of the World

Anyone who is interested in shooting can tell you that the leading rifle shots, sportsmen and hunters use Remington-UMC and Winchester.

And we just want to remind you that the Sportsmen of this community are as critical as any world-famous sportsman you read about.

The reason we get their steady trade year after year is that we make it a point to prepare for their trade. See to it that our stocks are complete—show the new features as fast as they come out.

We count it a point of honor to be able to sell a man the Shot Gun or Metallic he wants, and to be able to show him the Remington and Winchester Rifle or Shotgun that he will like to own.

You, yourself, if you are interested in shooting—come in and see our Remington-UMC and Winchester display.

Wages were good those days and especially so in the woods where the men were paid as high as fifty dollars a month. As usual the saw almost extinct lumberjack would mend his socks, patch his mackinaw and half-sole his shoes and do many other things to save his stake. They would stay in the woods from October until about the first of May only to find themselves financially embarrassed three days after their arrival in the city.

**"The Barn Will Help Build the House"**

but the house will never help build the barn," is a common saying amongst farmers. It is good business when making the first permanent improvement on the farm, to put up first the buildings that help most to make money.

Every dollar put into a good modern barn is returned many-fold to the farmer. Cow comfort and horse comfort mean more profit. Live stock kept well and vigorous pays for its own dividends.

There is no need to argue the case for the modern barn. Most farmers admit the necessity of it. Anything that we can do to help you obtain the right sort of barn for your money we will gladly do. Let us go together on it.

### FIRST FASHION SHOW WEDNESDAY

Blumrosen's Was a Big Success Wednesday Evening.

At 7:30 Wednesday evening a large crowd of women, children and a sprinkling of men, gathered before Blumrosen's department store, waiting for the doors to open to admit them to the fashionable First Fashion show. The doors opened at 8 o'clock and a little past the half hour an orchestra inside struck up a waltz, the doors were opened and humbly entered in a living stream.

Mr. Blumrosen stood at the door to get the advantage which he has so faithfully served for over thirty years.

The store presented a pretty scene with autumn leaves and chrysanthemums.

The living models proved to be a great attraction. The management made a clever move in that direction. The models proved an attraction that is a feature more than ordinary interest.

A platform was so arranged as to stand from the stairway in the center of the store to the front. The models gathered in a most attractive manner slowly and gracefully down the stairs upon the platform.

They displayed the latest creations in dress, suit, coat, to an exquisite evening gown of chiffon, crepe de chene, or lustrous chambrase was shown, while the guests looked on admiringly as the graceful figures paced east and forth to the music of the orchestra, displaying the artistic lines, the beautiful coloring, the lustrous texture and original designs of the new creations. Appropriate hats accompanied each coat or suit shown.

The three young ladies, Misses Doyle, Korra and Nevegas looked charming. The management made a mistake when it hit upon the living model feature. The young ladies were a beautiful, beautiful and distinguished to the last advantage.

Not alone for the pleasure of the older people was this metropolitan event the Junior ready to wear was prominently displayed by three of Manistique's prettiest girls, Lucille Doyle, Elmer Lindsey and Rhoda Wikvire. Everybody admired them and the pretty coats and dresses they wore.

During the evening music was rendered from the balcony by the theater orchestra.

Mr. Blumrosen was aimed to supply his women customers with everything that a woman or child can wear. From the simplest of one piece house, or school dress to the daintiest evening gown, a woolen sweater, set of fur or heavy winter coat, and all at very moderate prices.

Or if you prefer to buy the goods and have the fashions made, there is a vast assortment of wools, broadcloths, silks and velvets from the best of the deep tones with an especially good line of furs and trimmings to go with them.

Wishes and interest of all descriptions from the plain tailored to the more elaborate improve de chene, snow, chiffon and lace, are to be found in the ready-to-wear department.

Then there is a bewildering supply of accessories, such as gloves, hosiery and neckwear, to choose from.

All in all Manistique's First Fashion show was a brilliant success.

### ALGER COUNTY GAME WARDENS BUSY

Made Big Hunt in Schoolcraft County Recently—Arrested a Party of Nine.

Deputy Game Wardens J. A. Vizen and D. Thornton made one of the biggest hunts in the history of the department Monday, Sept. 6, when they were hunting for muskrats. For having partridges unlawfully in their possession. The nine might also have been arrested on other charges, viz: Hunting or taking a gun into the woods without a license. The place where the muskrats were caught showed evidence of previous killings. Besides five birds were found in their possession. The men all pleaded guilty to the charge in Judge Blizzell's court at Shingleton and each paid a fine of \$12.50, which included costs.

### HAD FINE TRIP IN AUTOMOBILE

Manistiquians Highly Elated Over Auto Trip to Marquette and Munising.

City Clerk Christensen, Chief of Police Peterson, Ole Johnson, Al. Gage and Gust. Lindsey returned last Thursday evening from their auto trip to Marquette and Munising, with Chas. Lindstrom at the helm in his seven passenger car.

The party left Manistique Tuesday and arrived at Munising in the evening where they saw part of the famous Chas. Lindstrom's auto which went through the lumbering paper Co's big plant. The next day they took a boat across the lake and the game is plentiful and so tame that Jim has made up his mind to go hunting there in the fall.

Wednesday afternoon they left for Marquette and landed there in a passing rail, but saw many fine farms on the way. At Marquette they met Mr. Ledstrom who acted as chaperone for the party taking them to a cottage in which they enjoyed very much. Next they were shown through the State Prison where Mr. Ledstrom has charge of a lace factory, where about 100 prisoners are employed.

There is 376 prisoners in that institution at the present time. From Marquette the party went through Chatham where the State Experiment Station has charge of a lace factory, where about 100 prisoners are employed.

### HARRISON BEACH IN NEW ROLE.

Will Be Advertised as Ideal Resort for Newly-Weds.

Not alone does Harrison Beach appeal to campers and all lovers of outdoor life but it has recently been discovered to be a most desirable place for young people (or old) who have just entered upon that stage in life commonly called matrimony.

Mr. B. H. Vogel's cottage holds the distinction of being the first cottage used for that purpose and it has been dubbed the bride cottage, and if given publicity enough there is no doubt but what Harrison Beach will become as popular at Gretin Green or St. Joe.

The fact that the clerical profession is steadily represented at the Beach should add very much to its favor.

### THE MOOSE PICNIC AT MUNISING.

Munising Has Decided to Make Picnic an Annual Event.

The Moose celebration held at Munising last week, was a grand success. The celebration commenced Monday evening with the celebration of the 100th anniversary of the city. Three day species were delivered Monday, and a monster parade Tuesday evening, were features of the celebration. One tent cost \$400.00. On Wednesday, Mr. Dan McPhail, dictator of the Munising lodge, installed the newly elected officers.

A number of Manistique citizens attended the celebration, and report an excellent time.

### RETURNED TO MICHIGAN.

Mr. and Mrs. Herbert Horton passed through the city Monday morning enroute from California to their home where they will reside in the future. Mr. Horton was engaged in the plumbing business at San Luis Obispo, since his departure from this city, but has decided to return to his home in Michigan. His many friends are pleased to learn of their return to the school.

### SCHOOLS MAY BAR CHILDREN.

Common colds are contagious and a health in many cities are considering barring children with colds from school.

### EPISCOPAL CHURCH.

Bishop Mott Williams will conduct services in St. Alban's church next Sunday as follows:

Early Morning Service—7:30. Morning Service—9:30. Noon Service—12:30. Evening Service—7:30.

A carload of red sandstone arrived Saturday from Houghton to be used in the construction of the new addition to the Manistique Bank.

Mr. John Quintan and family arrived in Saint Ste. Marie from Newberry Saturday and returned Sunday.

Mr. Eugene Carrington, who has been visiting his brother, Captain Carrington, for several days, left Saturday for Rapid River where he will spend the remainder of the week.

### UPPER PENINSULA BANKERS TO MEET AT COUPELTON.

Bankers of Copper Country Meet to Arrange Tentative Plans.

The first annual meeting of the bankers of the upper peninsula, as organized as a group of the Michigan Bankers association, is to be held in Houghton October 14. A meeting of the bankers of the copper country was held yesterday at the Houghton club for the purpose of arranging the tentative program to be held at Coupeton as yet the extent of the program to be arranged.

It is understood that the state association will furnish speakers, how many is not known. The copper country bankers also expect to invite one speaker of prominence. Other features of the program will be made known in the time.

The meeting of the bankers will be at the Houghton club banquet room as far as now has been determined. The entertainments for the visitors will include a lunch at the club and entertainment features incident to the latter function may be provided.

While this first annual meeting of the copper country bankers and organization took place in Marquette last evening.

The purpose of the meeting of course is for an exchange of ideas of upper peninsula bankers, a matter of getting together for common good of the commercial and industrial interests of the upper peninsula. Houghton Gazette.

### TUBER CONGRESS IS NOW ASSURED

Potato Experts Decide That Frosts Have Not Hurt Products Enough to Prevent Show.

Dr. G. H. Coons of the Michigan Agricultural college, a member of the research department of the state department of agriculture, in company with Wm. Wade Weston, of Escanaba, potato expert, L. R. Walker, Marquette county agricultural agent, and W. S. Bacon, field agent for M. A. C., yesterday completed a tour of Marquette, Delta, and Dickinson counties in order to determine the purpose of inspecting potato crops to determine the amount of damage done to potatoes by frost and to decide upon the advisability of holding the proposed Cleveland Potato Congress in Marquette in October.

As the result of the inspection by these men it has been finally decided that not enough damage was done to Marquette potatoes to endanger the success of the potato congress so definite and final arrangements are being made by the Marquette Commercial club for the congress.

A large number of posters and other printed matter advertising the congress will be printed at once and distributed among the potato growers as soon as possible. Chronicle.

OFFICIAL COUNTY AND CITY PAPER  
—FRIDAY, SEPT. 17, 1915.

**EDITORIAL COMMENT.**

Some politicians are such instinctive believers in blowing their own horn that it irritates the eardrums of the listener.

A mass of copper weighing several tons was unearthed under a logging man's dwelling house in Houghton when an effort was made to dig a cellar.

The "invisible power" that Roosevelt says is keeping him out of the Republican party, is evidently the hot air ructions that the doughy ex-president emits in an out of season.

It is being proven that the czar is as much of a sprinter as was the Grand Duke. At least the Russian army is hitting eastward with a possible dispatch, and the Teutons are looking at their heels.

Dumba, the Austrian ambassador, was told by the administration to pack up his turkey and hit the trail, for his activity in fermenting strikes in munition factories in which countrymen are being employed.

The average Democrat is connected up to some state or national job, and is receiving more real cash than he has ever had the privilege of handling, therefore it is not remarkable that he believes the country is enjoying good times.

Hon. L. Whitney Watkins, the erstwhile candidate for governor of Michigan for the Progressive party, reiterated his fealty to the republicans party, and also stated that there is now no popular demand for a third party, and that the principal aim in creating the progressive party has been realized.

To swat the fly is not always an easy task. An aged lady of this city who is an ardent believer in swatting the fly, got up on a chair the other day in order to get at the pesky thing. She fell off the chair and struck the floor on her head almost knocking her unconscious and besides a very sore head received a black eye—but she got the fly.

In Great Britain many men who enlisted for the war and supposed they would see the fighting line were taken to tropical countries and find the heat almost unbearable. One man who is stationed in Mesopotamia close to the supposed site of the Garden of Eden wrote to the war office asking that he be removed, contributed the following verse: It's a land of chills and fever; Death shows his hand as well; It's a close—may—blood relation To that other place called—

Of course you are going to attend the Schoolcraft County fair which opens Sept. 20 and will continue four days. There will be a feature every day such as racing and ball games, and from all indications the exhibits will greatly exceed any thus far shown. The schools of the city and county should be closed one day of the fair so as to give every child in the county an opportunity of attending the fair. In a few years the present pupil will supplant those now doing things, and they should be granted the opportunity of seeing what the present generation is doing so that they can profit by their mistakes when they become "it".

That portion of the game laws prohibiting boys under seventeen years of age, to secure a gun license, and prohibiting them from hunting on any lands save those owned by their parents or guardians, is a good law. Of course it will be hard on boys that live in cities, for their field of activity is circumscribed by the limits of the town lot on which they reside. It, however, will be a great disappointment to the average boy for they are constituted much as were the boys of forty years ago. A right of ambition of the boys of that era was to own a rifle, and some of the great men of today, remembering with joyous feeling the time when they spent their school holidays in slaughtering squirrels, "coons," and other "big game" in the forests of Ohio or other middle west states.

Mr. Chas. O'Conner, a former resident of Seney and Grand Marais, and who has been a resident of northern Minnesota for the past four or five years, was a pleasant caller at this office one day last week. During his conversation he stated that the day before he left Grand Marais early on the morning, in an automobile, went to Garden, and returned to Manistique in the evening. Mr. O'Conner, first came, to the upper peninsula, such a trip, with the primitive means of locomotion would have consumed four or five days. That one can motor from Lake Superior's shores to Little Bay de Nequet, and half way back, daylight to dark on a September day in the upper peninsula, where darkness comes early in the evening, speaks well for the sort of roads the peninsula possesses. The late George H. Orr walked to Munising more than once in the early days, as did M. H. Quick. The trip was a long and hazardous one, and when taken in the winter time meant a night spent by a campfire in the wilderness. The road was a mere trail through the primeval forest. Now, with the automobile and the good roads, the trip requires only a few hours. The upper peninsula, while having made rapid advance in all lines of endeavor, has certainly done so in the matter of road building.

**CARRY COPY OF LAW WITH YOU.**

There are so many laws governing the killing of game that the average hunter should carry a copy of the game laws of the Manistique city and county. What is deer, bear, wild cat, wolf, partridge, duck, quail, chipmunk, sparrow or bee, we lay down his gun, and pursue the laws carefully, and if he is empowered to shoot he quarry should proceed to do so if the animal or bird is in his sight.

**EDITORIAL COMMENT.**

House is what Sherman said about the war, only in liquid form.

An anti-Sullivan commission was recently selected at Manistique. It looks as though Mayor Sullivan would receive his lumps when the voters have the opportunity of expressing themselves at the polls.

Congressman Patrick H. Kelley, in an address at the state fair, ranted long and hard for a bigger navy. He thinks that a big army is superfluous. With a big navy to go to it shores, it would be safe from the attacks of foreign powers.

A Michigan man is in the line for a Carnegie medal for an exhibition of bravery. It is a happy bridegroom and when a party of his friends, called on him and treated him and his bride to an old fashioned chavariere, he shot into the crowd with a charge of bird shot and wounded six.

Dr. Littleton, headmaster of Eton college, in Great Britain, and a member of Parliament, in a recent address, said Great Britain's national covetousness and discord is partly responsible for the outbreak of the present war. He will probably be boiled in oil for his treasonable remark.

The state fire commissioner states that \$4,500,000 is lost annually by careless fires. He thinks that seventy-five per cent of the fires of Michigan are entirely unnecessary. He is in favor of monthly inspections by the various fire departments of every city in the state. These inspections of fire hazards would impress the property owner with safety ideas that would bear abundant fruit.

This year was a disastrous one for the boat lines and the northern resort cities. The D. & C. boats did not handle one tenth the passengers they usually do during the season and the big hotels at Mackinac Island closed last week after a losing season. The exhibitions at San Francisco and San Diego, the Democratic times and the incalculable weather, were contributing causes for the slump in the resort business.

Major General Wood of the U. S. army, proposes to enlist and drill the 1,000,000 idle men of the country, thereby forming the nucleus of a big army. The Democratic administration resents the idea that there are so many idle men in the country at the present time. Men that have made industrial questions a study are convinced that there are more than a million men idle at the present time, and it is safe to state that the Democratic administration is responsible for this state of affairs.

Pogoud, the French aviator, who was the first birdman to fly his machine upside down, was recently killed after a German aviator had wrecked his machine. A few days later, the aviator that had killed the Frenchman, passed over a French city at a great height, and dropped a floral wreath, with a note attesting to the heroism of his dead adversary, with the request that the flowers be placed on the grave of his victim. This proves that there is a kindly feeling between the individual combatants, of the greatest war the world has ever seen.

If you stroll along the shores of our great lakes, or the boundless ocean, you will find all sorts of rubbish buffeted by the waves, only to be thrown up high and dry by some wave of exceptional size. Usually this rubbish is man-made and utterly useless. How many times is one's attention called to human derelicts that float and are buffeted about these derelicts are as useless as the wood cast upon by the combers that wash the shores of the sea, and shore by the waves of sea or lake. We have in mind a character that "blew into" the city last week. He claimed to be an ex-newspaper man, and that he told the truth is attested by the fact that he sat down and in a few moments dashed off an editorial that would grace any newspaper in the state. It was concerning the European war and it proved that he was very well informed on the topics of the day, as well as with the history of the world. The editorial may appear in a future issue of the Pioneer-Tribune. He was unkempt, his clothes were ragged, and his linen looked as though he had worked a factory for months without a change of apparel. He was a confirmed boogie-fighter, and was happiest when loaded up to the gunwales, with fire-water. Little by little his story was unfolded. He was at one time a prosperous business man in one of our upper peninsula cities; had a home place of many acres by the bank, a family, and enjoyed the confidence and esteem of every citizen, knowing him. However, whiskey got the better of him, and as a result he had lost business, friends, family and all, and is an Ishmaelite, eking out an existence by "pan-handling" men that take pity upon him. He has reached that age when a man usually takes life easier; when he sits on the grandstand and looks on at the game, and is content to enjoy the passing sun of life. The man in question, should be used as a horrible example of what booze can do for a man would influence many people to vote "dry" when ever the opportunity presented itself.

**Manistique Needs More Houses.**

One of the crying needs of Manistique at the present time, is more houses. Owing to the influx of new residents, and the scores of sales of houses made during the current year, it is an utter impossibility for a houseless person to secure a home under the present conditions. If fifty houses were built here this autumn they would be promptly filled. People come here with a view of locating permanently, and after a few days of unfruitful house-hunting, they become discouraged, and go to some other city where they can secure accommodations. A Building and Loan Association, that would make it possible for persons to erect homes and pay for them in monthly payments, would relieve the congestion. There are plenty of vacant lots in the city, that would be quickly utilized for building spots. If money could be secured to erect buildings thereon, this would be a lucrative field of endeavor for some of Manistique's wealthy citizens, were they to invest some of their money in erecting small modern residences. It would pay for \$15.00 per month, and that would be sold on easy terms with an initial payment at time of sale. Manistique is enjoying the greatest growth at the present time in all of its history, but the good old town, and its residents are not doing their part in providing for the many people that are being attracted to the city. The certainty of a steady and increasing work at Manistique, and the fact that Schoolcraft county goes "dry", much of the money now expended for froth and not-gut, will be diverted into the building of homes, but until such time a real effort should be made to furnish homes for the wage-earners.

**Shall It Be an Autoloading or Pump Gun?**

THERE are many kinds of Auto-loading and Pump guns—some to be had at very low prices. But it is typical of sportsmen that the great majority prefer Remington-UMC Pump and Autoloading guns in the hands of the average man. If you shoot at traps or in the field, go to the Remington-UMC Dealer in your community and let him show you these guns. You will know him by his display of the Red Ball Mark of Remington-UMC—Sportmen's Headquarters—and he knows the difference in guns.

DAY OF ATONE-  
MENT TOMORROW

Ritual of Day Expresses Openness, Sympathy and Desire to Attain to Moral Will.

Manistique Hebrews will observe the Day of Atonement, a Jewish Holiday, tomorrow. The initial service will be held this evening, and the service next day will be devoted to it. While the ritual of the day is public and congregational; its significance is personal.

Jews of Manistique will meet at the Odd Fellows Hall.

The day brings the people together because they share the common interests of human nature and because they are equally aware of the fact that our careers, whatever they may be to others, satisfy or dissatisfy ourselves in accordance with our moral or spiritual interests.

A member of that nationality has truly said:

"This Holy Day gives opportunity for earnest thought on our inner life. The difficulties men encounter in the after self-examination to be not 'decreases' of God but instances of their shortcomings. The ancients frankly and humbly called them 'sins'."

"The reminiscences of centuries cling to this Day of days and make his lesson suggestive and impressive. In ancient times dignity solemnities invested it with priestly and the persecutions of later times gave them pathos and intense fervor."

It is always a salutary experience to face the facts of life as they are to realize that there are illusions and delusions, to bring home to ourselves the truth that we work under the limitations of mind, heart and will.

Men who feel their responsibilities will neither ignore this matter nor evade the appeal. They will frankly avow the short comings of their common human nature in the midst of their fellowmen. The Day of Atonement is not for selfish privacies, as little as for penitence which is merely penance. It is for moral uplift by which we may acquire moral strength. The first act of moral health is humility.

The Ritual of the Day expresses openness, sympathy and a desire to attain to a moral will. And so in the customs of the Day. Fasting is meant as a discipline of self control, the sponsor of many virtues. Concentration upon the problems of character makes it easy and noble.

Public confession of sin is an act of Will, an assertion of the best in one's self. The day brings men together in consciousness of their common mortality. Judaism makes men genuinely democratic; it makes them realize that they are equal before God.

One phase of the Ritual of the Day is the thought and memory of the dead. Each man thinks of the void that has come into his career through the loss of kindred and to the obligations he has because of it.

And all think of the Eminent Dead, of the men of efficiency and world influence, who have served and advanced the good of the world. In this to

there is evidence of the democracy of Judaism. Whatever their origin or place, the great and good are mentioned with appreciation.

The Day of Atonement is a day for inner peace, and accordingly, the Jews re-assert their loyalty to Peace for themselves and for mankind. By the assertion of the better self they broaden it into good will for fellowmen. Know thyself, and if thou dost, thou wilt understand, feel with and respect thy fellowman. This is the basis of Justice and Peace.

BOWLING SEASON  
OPENS SATURDAY.

Braul's Alleys Have Been Fixed Up and Has New Equipment.

Mr. Ed. Braul has spared no pains or expenses in putting his alleys on par with any in the Upper Peninsula, and will open them to the public Saturday for the season.

The alleys have been cleaned and waxed and put in first class condition and last but not least he has bought a number of new balls some of which are very expensive but will prove quite an improvement to the equipment.

Mr. Braul will manage the alleys himself which means that the best of order will be maintained.

CAME HERE FOR  
THEIR HEALTH.

Mr. and Mrs. G. W. Shankland of Indianapolis, came to Manistique two weeks ago in quest of health and found that the climate even in that short time was very beneficial to them, decided to remain.

On account of the scarcity of houses to rent in the city, they have rented one of Mr. John Hruska's houses in Thompson and moved down there Tuesday.

Mr. Shankland is a retired real estate man who with his wife has traveled considerable in an endeavor to find a suitable climate.

SCHOOL ATTENDANCE  
LARGER THIS YEAR.

Shows An Increase of Over Twenty Percent Over Last Year Enrollment.

At the close of the first week of school there were enrolled in the public schools 983 children of whom 473 were boys and 510 were girls. There was an enrollment in the high school of 242, which is more than 20 per cent increase over last year.

The enrollment was as follows:

Central grades	174
Lakeside grades	209
Westside grades	239
Riverside	72
Total grades	744

**Announcement**

The following prices f. o. b. Detroit, effective Aug. 2, 1915:

Ford Runabout	\$390.00
Ford Touring Car	440.00
Ford Town Car	640.00

No speedometer included in this year's equipment, otherwise cars fully equipped.

There can be no assurance given against an advance in these prices at any time. We guarantee, however, that there will be no reduction in these prices prior to August 1, 1916.

**Profit-Sharing with Retail Buyers**

On August 1, 1914 we made the announcement that if we could make and sell at retail 300,000 Ford cars between August 1, 1914 and August 1, 1915 we would share profits with the retail purchasers, to the extent of from \$40 to \$660 on each car. We have sold over 300,000 Ford cars in the time specified, and profit-sharing checks of \$50 each will be distributed as rapidly as possible after August 15, 1915. Retail purchasers who have not yet mailed us their profit-sharing coupons, properly endorsed, should do so without delay.

Our plan to profit-share with retail purchasers of Ford cars during 1914-15 has been most successful. We thoroughly believe in it, but, realizing the uncertainty of conditions generally makes it advisable to defer any announcement of future profit-sharing until a later date.

**ATTENDED STATE MEETING**

H. J. Neville was Present at Meeting of Superintendents of Poor at Ludington.

Mr. H. J. Neville returned Monday from Ludington where he was in attendance of the State Meeting of the Superintendents of the poor from all over the State which he states was very interesting.

Mr. James Greene of the Auditor General's office was present and gave several talks of much benefit to those assembled.

While in Ludington those attending the meeting were taken in automobiles through the peach orchard country and states that he never saw anything that appealed so much to him as those fine trees set in even lines, all about the same size and loaded with fruit.

From Ludington Mr. Neville went to Grand Rapids where he selected a fine stock of Christmas goods for the two drug stores owned by Neville and Neveaux.

While in this city he saw a severe electrical storm with a downpour of rain that caused damage to the amount of over \$50,000. One bolt of lightning struck a street car setting it on fire but no one was injured.

Misses Agnes and Sadie McLeod of Detroit, are the guests of relatives here.

One of the historic oaks at Jackson, under which friends in this city built an early settlement, was recently struck by lightning. Wonder whether it is an omen for 1916.

A concrete grand stand is sorely needed at the fair grounds. The stand would pay for itself in five years, and would be in keeping with the substantial buildings erected thus far. The present stand is a joke. All it gives the fellow for his money is a hard plan upon which to sit.

Mr. Carmel Johnson of Viola was in the city last Friday and made this office a patronizing call. Mr. Johnson will run two camps the coming winter and make his headquarters at Viola where he has a contract for taking out 2,000 cords of wood besides logs. About fifty men will be given employment in the two camps, the other camp being located a few miles north of Gould City. Mr. Johnson states that lumbering operations will be greatly curtailed the coming winter because there is no demand for lumber. While in the city Mr. Johnson bought a Ford automobile.

Mr. Walter France of Flint, and Miss Edith Jackson of Gladstone, were wedded June 18th, 1916, and kept Wednesday of this week, when announcements were sent to friends and relatives. Mr. France, it will be remembered, has been employed here as assistant engineer by his uncle, Sam Dunsmore, who has charge of county road buildings in this county. The bride is a daughter of the late Mr. Jackson, the well known timber crony. Both have a host of friends, and wish them the best that life affords. They will reside permanently at Detroit, where Mr. France holds a good position. The bride, accompanied by her mother, passed through the city Wednesday morning for Detroit.

## A RED LETTER DAY IN MASONRY.

Newberry Brethren Guests of Lakeside Lodge No. 371, and Conferred the Third Degree.

Last Friday evening Lakeside Lodge, No. 371, F. & A. M., entertained thirty or more of the brethren of Newberry lodge, at dinner, after which the officers of the visiting lodge conferred the third degree upon a local candidate.

The Newberry delegation arrived in the afternoon, and were taken to the Ossawatimake hotel by the officers of the local lodge. At 6:30 o'clock a sumptuous dinner was served by the ladies of the Methodist church, after which the work of the evening was performed. About 100 persons participated in the dinner, and the attendance during the evening was about 125.

The work was pleasingly and expertly performed by the visiting brethren, and received the commendations of all witnessing the conferring of the degree, for the able manner in which the work was done. The following citizens of Newberry were in the city on the evening in question, most of which were members of the Masonic fraternity: Messrs. E. D. McLeod, W. J. Garrett, Dr. Bradley, R. V. McDonald, Frank Seymour, Lloyd McGregor, Cecil Lennox, Harry Skinner, C. Lambert, John Turnbull, Wm. Brown, L. P. Kallipien, J. L. Kemp, A. B. Kollin, Andrew Westin, Lon. Hallbrook, L. Jackson, Gust Peterson, John Thurbay, Oscar Sunstrom, D. R. Sprague, A. Rollin, J. C. Foster, J. H. Ghens, S. Leighton, L. Woodmansee, A. J. Fair, J. H. Hunter, John Hunt.

The close relationship that has always existed between Manistique and Newberry, was more firmly cemented by the affair of last Friday evening. The two cities sometimes have differences when it comes to playing ball, but in fraternal circles, no discord has ever arisen, and the brethren dwell in harmony. Manistique Masons as well as Elks, will never forget the royal manner in which the brethren of Newberry have entertained and we hope that the visitors and guests of the Manistique lodges in the past have a similar feeling.

Newberry is the live little city it is because its leading citizens are live wires. They work in harmony in business and politics, and never lose sight of the best interests of their city. Any city where harmony exists will progress.

Manistique Masons hope that at some future time, the Newberry brethren will see fit to come again.

## BOY'S JAW BONE BROKEN.

Clyde Gill of Garnet Brought to City to Have Jaw Bone Set.

Clyde, the seven-year-old son of Mr. and Mrs. Wm. Gill of Garnet was brought to this city Saturday to the Lakeside hospital. The lad was running behind the sweeper on a busy street when a bolt from the sweeper striking the boy's face broke his jaw. The face of the boy was so badly injured that his jaw bone was broken. The driver had noticed the horse bolt but being close to dinner time thought it would hold and not noticing the boy kept on going.

## MORE ABOUT MCKESSON FIRE.

The Doctor's Loss Exceeds \$1,500 Many Interesting Relics Also Destroyed.

Last week just before the Pioneer Tribune went to press, the residence of Dr. R. C. McKesson, on Michigan street, was practically gutted by fire, and owing to lack of time, only a brief mention was made of the fire. It was reported that the doctor had a fire in an oil stove, and while out in the yard talking to a neighbor, he happened to glance toward the house and noticed smoke issuing therefrom. He rushed into the building, and seeing the oil stove on fire, attempted to carry it out of the house. He was compelled to drop it on the lawn, and so doing, the blazing oil contained and flowed over the floor. He then attempted to use the garden hose, but the smoke became so dense that he was unable to enter the house and attach the hose to the tap in the kitchen. He then sent in a call for the fire department, which arrived very promptly. The house was practically shrouded in flames when the department arrived, and Chief Wendland thought that the building would be a total loss. However, such efforts were made that the main part of the house was saved and can be made habitable by the expenditure of a moderate amount of money. The doctor's face was badly burned while he was attempting to save the building.

He had carried insurance to the amount of \$2,000, but a month before the fire, he had allowed the policy to lapse.

A number of persons have signified their willingness to financially assist the doctor in his hour of trial. All of his dental tools were destroyed and he will therefore, be unable to practice dentistry, until he secures tools to replace them. If a committee would take the initiative, solicit funds, and supervise the expenditure of same, it is believed that a sufficient sum could be secured to make the main part of the house habitable, and purchase the dental tools needed.

## AN EXTRA \$5.00 PRIZE OFFERED.

The Officers of the Fair Offer a Liberal Prize to the One Showing the Largest Number of Exhibits.

The officers of the Schenault County Fair association, offer a prize of \$5.00 to the one bringing in the largest number of exhibits of vegetables, grain and fruit. The exhibits are to be handled by the exhibitors, and the exhibitors are reminded to save their exhibit tickets. The idea is a good one and should be encouraged by the farmers of the county to make an especial effort to excel in the number of exhibits brought to the fair.

The officers are sparing no pains to make the forthcoming fair the best yet held in the upper peninsula this year. They are working hard, and are devoting much time to the work without recompense. The farmers should to their work equally well, for the success of the fair hinges on the number of exhibits they show.

The premium list is so liberal this year that it is worth the while of any farmer to make a large exhibit, and show the special premium of \$5.00 also.

## MANISTIQUE DEFEATS GARDEN.

Visitors Lose in a 12 to 6 Score in a Dull and Uninteresting Game Sunday.

Owing to weather conditions a very small crowd attended the game of ball Sunday afternoon in which Manistique and Garden were the contestants. Manistique defeated the visitors in a score of 12 to 6. Mayville, the Garden pitcher, fanned nine Manistiquians, but was given wretched support by his team mates. Otis Strickland pitched for the locals and struck out ten. Eight hits were made on the delivery of each.

Up to the sixth inning Garden was ahead and it began to look as though the visitors would win, but they were blanked for the remainder of the game, and Manistique forged rapidly ahead.
