THE COUNTY FAIR

IS A SUCCESS,
Exhibits Equal to Those of Last Year Despite Unfavorable Season.

The fourth annual fair of Schoolcraft county is being held this week, and it is an unequalled success from every viewpoint. The weather, thus far has been ideal, and the attendance has been fairly good. The fair, until the last day of the fair, Friday, will not doubt be the crowning day of the week in the matter of attendance.

The exhibits are equal to the exhibits of last year notwithstanding the unfavorable season. The potato exhibit is a revelation and the best of the exhibit of tubers will be sent to the potato congress to be held at Marquette shortly. In grains and grasses, no better samples have ever shown anywhere, at any time.

The new poultry house was used for the first time this week. It is in charge of John McEllan and Mrs. Graham, who are the judges of the birds. A large and varied variety of birds are shown, including turkey, Plymouth rocks, buff and white rocks, buff and white Wyandottes, black minors, hennies, partridge wyandottes, buff cochin, cecilian bantams, Japanese silkins, different varieties of bantams, brown, black and white leghorns, white, black and buff orpingtons, light brahmas, Rhode Island Reds, pigeons and geese and ducks.

In the vegetable line the exhibits included every variety that will grow anywhere, and attracted much attention and received many favorable comments. The tomato and cucumber exhibit was also excellent, as was the exhibit of grains and grasses. The display of cut and potted flowers was exceptionally fine. There are hundreds of varieties and all colors and shades. The exhibit is remarkable because of the short season. There are fourteen varieties of apples on exhibition, both summer and winter varieties. The exhibit of pears and plums was also a revelation. A box of ripe strawberries was also on exhibition, entered by Mrs. Frank Pydel.

The cattle display was the best ever seen in the county. Eight cattle from the famous Holstein herd of the Newberry system, are on exhibition. The White Marble Lime Co.'s herd of Holsteins is represented by twelve cattle. O. D. Sheppard, of Germfask, is showing a red Polled Bull. George Roberts of In-

PIONEER RESIDENT

GONE TO REST.

Mr. Hans Klagestad Passed Away in Detroit Monday Afternoon.

The community was shocked Monday evening upon learning of the death of Mr. Hans Klagestad, which occurred at 2:30 o'clock the same afternoon at Harper Hospital, where he had been taken last week by his wife and son Harold, who both were at his bedside when the end came.

The cause of his death was cancer of the stomach for which he was to have been treated, but not getting any benefit and growing weaker all the time he finally decided to go to Detroit.

Hans Klagestad was born in Klagestad Garden, Biogen, Norway, August 21, 1851 and was sixty-one years old at his last birthday. He came to Manistique in company with his oldest brother, Cornelius, in 1872 and he therefore one of the oldest settlers of Manistique which at that time was only a little Indian Village. The rest of the family came to this county the year previous.

For a number of years Hans worked in the sawmill and camps for the C. L. Co. In 1884 was married to Miss Mary Paulsen and to them were born two children a daughter Helga and a son Harold.

Mr. Klagestad held several positions of trust in the community, serving as alderman and also as street commissioner for several terms and in such cases filled the place as a man and citizen.

Among his fellow men Mr. Klagestad was universally liked and esteemed, he was unassuming, courteous and helpful to a fault and it is only to be deplored that he should leave at this time when he was about to enjoy the fruits of a useful life.

During the last twelve years of his life, Mr. Klagestad was a mail carrier on Rural Route No. 1 which is the first route established in the county and he finally had to give up his place on account of his health it was generally reported by all whom he had come in contact with, and the many little tokens of friendship shown him during the last months of his life testify plainly to this. His words ever Besides the widow there are two

children to mourn his demise, a daughter, Miss Helga, a teacher in the public school here and a son Harold, who has been a remarkable position with the Hudson Lumber Co. of Detroit.

There are also four brothers and two sisters to survive him, as follows: Magnus and Nels of this city, August of Minneapolis, Carl of Laporte, Ind., Mrs. Joe Verlin of this city and Mrs. John Larson of St. Paul, Minn.

The funeral was held yesterday afternoon from the Norwegian Lutheran church of which the deceased had been a member since it was organized. The funeral offerings were profuse and very beautiful speaking in native words of many kind friends who in this way paid their last tribute.

Rev. L. O. Oien conducted the services both in English and Norwegian and spoke in touching words of the deceased. The choir rendered selections that added very much to the impressiveness of the service.

The pall bearers were Aug. Olson, Ole Hoff, And. Erikson, Julius Peterson, C. M. Drevahl and John Sather. The surviving family has the sincere sympathy of the community in their hour of trial.

CIRCUIT COURT

CONVENED MONDAY

No Cases Tried by Jury and Court Adjourned Tuesday.

The September term of Circuit court opened Monday morning, Judge Patrick O'Brien of Houghton presiding in place of Judge Ford having exchanged places. Court Strengren, sheriff John A. France of the Soo was present.

As there was no jury trial cases the jury was discharged.

The following cases were disposed of as follows:

Joseph Davis who had two charges of burglary against him was discharged in one case and the other Nolle prosequere.

Claud Overly arraigned on a charge of burglary, had his case continued.

Hiram Underhill who recently was re-arrested on a charge of embezzlement was let go on probation.

Stack Lumber Co. vs. Mueller township, assumpsit, was continued.

The following divorces were granted: Mary K. Michaelis vs. John L. Michaelis, Fernoy O. Presque vs. Arthur Prisque, Nellie Annette Winsor vs. Henry Winsor, Emory C. Hovess vs. Lillian Cochran Hovess.

Elizabeth Kepler Devroy who was suing Joseph Devroy for expense money for her children, was granted \$5 per month.

BIRTHDAY PARTY.

A large number of friends enjoyed the hospitality of Mrs. Louis O'Neill last Friday evening, the occasion being her twenty-third birthday. Refreshments were served and the evening was spent in games and dancing.

Miss Agnes Goehle and Harry Woolford made a distinct hit in giving the latest tango creations.

The feature of the evening was a recitation by Miss Sadie Dishnean, entitled "Piano Legs."

Mrs. O'Neill left Monday night for Minneapolis where she has accepted a responsible position.

In remitting his subscription, Mr. Aug. Klagestad writes from Minneapolis, that he has just got settled in his new home and studio. The studio is nicely located at 320-2nd Ave. N., the principal street of the north side of the city and thinks they will like the city after becoming more acquainted.

LARGE YIELD OF

OATS THIS YEAR.

Mr. F. N. Cookson Gets 1,100 Bushels of Oats From Fourteen Acres of Land.

As an example of what Cloverland soil can produce under favorable conditions it can be mentioned that Mr. F. N. Cookson informs us that from four acres of land on his Marblehead Road farm, containing fourteen acres, he received a yield of 1,100 bushels of first class oats.

This would mean a yield of over seventy-eight and one-half bushels to the acre. The average yield of oats to the acre in this county is figured at about fifty-five bushels to the acre.

BIRTHDAY PARTY.

A party was given Monday night at the home of John Nessman in honor of his twenty-first birthday, about twenty relatives and friends being present. There was music and games and later in the evening refreshments were served a feature of which was a birthday cake containing twenty-one candles.

Sportsmen of the World

Anyone who is interested in shooting can tell you that the leading rifle shots, sportsmen and hunters use Remington-UMC and Winchester.

And we just want to remind you that the Sportsmen of this community are as critical as any world-famous sportsman you read about.

The reason we get their steady trade year after year is that we make it a point to prepare for their trade. See to it that our stocks are complete—show the new features as fast as they come out.

We count it a point of honor to be able to sell a man the Shot Shells or Metallics he wants, and to be able to show him the Remington and Winchester Rifle or Shotgun that he will like to own.

You, yourself, if you are interested in shooting—come in and see our Remington-UMC and Winchester display.

Mrs. Belle Stott of St. Louis, Miss, Mrs. Edward Wicking of Escanaba, and Mrs. J. W. Gilligan of Keweenaw are the guests of Mr. and Mrs. R. A. Craver this week.

Mr. August Klugstad of Minneapolis and sister Mrs. John Larson of St. Paul arrived in the city yesterday morning called here by the death of their brother Mr. Hans Klugstad. Mr. Carl Klugstad was unable to come.

Dr. and Mrs. C. F. Whitesfield of Milford Mich., arrived in the city yesterday in their automobile on an extended trip around the lake. They are on their way to the Copper Country. Dr. Whitesfield sold out his interest in Milford and is looking for a new location.

Mrs. Frank Jane and daughter, Mr. and Mrs. Kent Thompson, Mrs. E. A. Carrington and Miss Esio Carrington, went to Forest Home last Friday evening. On Sunday they were joined by Mr. Kent Thompson, Frank Jane and Miss Emma Metherell, the whole party returning in the evening after having had a very pleasant time.

Mr. L. C. Harmon, representing the C. L. Co. appeared before the city council Monday night submitting a proposition to exchange the present city hall property for the old C. L. Co. store and office property, the title to pay a cash difference of \$6,000. The proposition was discussed at length pro and con and finally laid on the table.

Notwithstanding reports to the contrary, local option elections will be held in Macinac and Menominee counties. Delta, Schoelef, and Lake counties have also qualified. A Delta county friend states that that county will go "dry" next spring if that is true, every other county in the upper peninsula that shall vote on the proposition will decide the question in the affirmative for in no county of the peninsula, are the liquor interests as firmly entrenched as they are in that county.

BREVITIES.

Uniform Bank W. O. W. will give a dance tomorrow night at K. of P. hall.

The Goodwill plant was shut down yesterday afternoon and this afternoon on account of the fair.

A force of men have been put to work on the new concrete wall at the Manistique Light & Power Co.'s dam. Miss Ina Nessman returned from a Chicago hospital last Monday where she has been for treatment during the past eight months.

Mrs. Wm. B. Thomas returned Wednesday morning from Chicago, Milwaukee, Sheboygan, where she spent a week.

The Waneus Society of the Presbyterian church will meet at the home of Mrs. Rob. Wilson next Wednesday afternoon at 2:30 o'clock.

Mrs. Homer G. Barber returned to her home in Battle Creek Saturday, after a six weeks visit at the home of her son, Sonator Wood.

Mr. C. F. Ekstrom of Escanaba was in the city this week to look after his two grandchildren and left with them yesterday for Houghton where they will be placed in the Children's Home.

Bert Fitch took a tumble Monday from a delivery wagon when the horse unexpectedly started up and landed on his head and rendered him unconscious for some time. Only for a bad shanking up he was not injured.

Hobson will address the temperance rally to be held at Escanaba shortly. Other noted speakers will be present also and it is expected that several thousand adherents of the temperance cause from various portions of the peninsula will be in attendance.

Mr. R. B. Faust who will be remembered as having been in charge of Prof. Ginsto's business college here for some time several years ago was recently married to Miss Minnie Hughes Mitchell at What Cheer, Iowa. They will reside at Decenter Iowa where Mr. Faust is employed in a bank as assistant cashier.

When the local option campaign in Schoelef county is in full blast, Editor F. L. Baldwin of the Escanaba Journal, should be invited to stump the county in the interest of the foes of the saloon. We know of no man in the upper peninsula that can drive the devil up a tree quite as artistically as Mr. Baldwin can.

War taxes in England will certainly become a burden. All incomes amounting to \$14.00 per week or more are to be heavily taxed. The incomes of the wealthy will be cut one-third of the total amount of income. That country has expended eleven billions of dollars for the war thus far and the end is not yet. When the war is over every European that can dig up the price of a ticket will emigrate to America.

Mr. W. H. McCauley in order to escape the excessive taxation that will be the sequel of the present war.

"The Barn Will Help Build the House"

but the house will never help build the barn," is a common saying amongst farmers. It's found the business when making the first permanent improvements on the farm, to put up first the buildings that help most to make money.

Every dollar put into a good modern barn is returned many-fold to the farmer. Cow comfort and horse comfort mean man profit. Live stock kept well and vigorous pays handsome dividends.

There is no need to argue the case for the modern barn. Most farmers admit the necessity of it.

Anything that we can do to help you obtain the right sort of barn for your farm, we will gladly do. Let us get together on it.

We always meet price competition and then some.

EDITORIAL COMMENT.

Today is Manistique day at the fair. Your presence is not only requested but expected.

The officers of the fair association deserve a vote of appreciation from the public for making the 1915 fair a big success.

Ten northern states pay nearly four-fifths of the income tax. No wonder the Southern colonials in congress voted so unanimously for the proposition.

Ford thinks that he can equip a submarine with engines that will be superior to the ones used at the present time, and that the underwater craft can be made much smaller and be given a wider range than any at present in use.

Germany needed a little pocket change to keep its end of the present war going, and held a collection the other day. The loyal Teutons 'dug up' \$3,000,000,000.00, which will furnish the sinews of war until next March.

The weather man appears to have given the upper peninsula the worst of it during 1915, but not withstanding the idiosyncrasies of the weather this year, the only product that really suffered, was the corn crop.

Oct. 9th. has been designated as 'Fire Prevention Day' by the state fire marshal. Michigan sustained a fire loss of six millions of dollars last year, and that sum certainly proves that the average Michigan property holder is very careless when it comes to conserve his property from fire loss.

One law that was passed during the recent session of the legislature was increasing the salary of supervisors. Under the old law, the compensation was not sufficient to pay cost of board and incidental expenses, and a number of meetings of the board, really was a hardship to some of the public officials.

Of course, you have attended the fair. If you have not done so yet, be sure and go today. The exhibits are exceptionally good this year—in fact better in many respects than the showing made last year.

In the death of Mr. Hans Klingstad, at Harper hospital, Detroit, Monday, Manistique lost a citizen that was universally esteemed in this community. He always had a cheerful word for everyone he met, and he was incapable of wronging the feelings of any person.

Manistique is to have a new depot. That city has been imploring and threatening the Chicago & North-western Ry. Co. for years to erect a depot that would be in keeping with the size and commercial prominence of the city.

EDITORIAL COMMENT.

Representatives of the Anti-Saloon league will hold services in the city on Sunday, Oct. 10th.

The Presbyterian ladies are filling a long felt want at the fair grounds by serving meals there. No longer necessary to leave the grounds to secure a good meal.

One of the country correspondents of the Pioneer-Tribune, has won immortal fame. One of her news items was reproduced in the 'funny' column of the Detroit Free Press recently.

Only eight weeks to Thanksgiving day, when those that can afford it, in these Democratic times, will eat turkey, while the remainder of the populace will feast on rice at ten cents a pound.

Manager Quinlan of the Newberry baseball team, deserves commendation for his ability as a manager. But, really, John, we think you are not treating Manistique fairly by dishing up ad defeat to your former home town.

Secretary Kalbfleisch of the fair association, certainly demonstrated this week, that he was the right man in the right place. The work in his department is so thoroughly systematized that he will be able to issue checks for premiums as soon as the fair is closed.

The Allies are aggressively pushing their campaign in the western theater of war this week, and are making satisfactory gains. Judging from the newspaper reports, they are steadily pushing the Germans eastward.

A nervous lady that was riding in a car, at a speed of forty miles an hour, beseeched the auto driver to slow up, and her excuse was that she had not made up her mind before starting on the trip. She evidently was afraid that an accident might occur, and she did not wish her neighbors to know that she was a careless housekeeper, should they come to view the remains.

The Detroit conference of the Methodist church, usually meets below the straits, but at the last conference held at Port Huron, last week, it was decided that the next conference should be held at Ironwood. The lower peninsula contingent will be compelled to traverse the entire length of the upper peninsula in order to reach the conference city, and they will therefore, have an opportunity of seeing the best portion of the state during the trip.

If you have not already done so, visit the membership booth at the fair grounds today, and pay the lady in charge a dollar membership fee. It is compulsory that the association must have 100 paid memberships if it wishes to retain its organization.

The Menominee Herald-Leader believes in prohibition of the sale of whiskey; it opposed to local option because the Manistique county farmers will lose \$32,000 which they annually receive for barley furnished the local brewery. Wonder if the Herald-Leader will also oppose state-wide prohibition.

Patrik O'Brien of the Iron River Reporter has purchased a Model K. Linotype. Pat will never regret that he has joined the linotype squad of county publishers in the upper peninsula. When the 'string' is needed, more than ten newspaper columns of eight point type is pointed out on the Pioneer-Tribune No. 8 linotype, in a day or two.

To the one that is growing old, the manifold changes occurring so frequently certainly offer much food for reflection. Men that were factors in the community life; men that we were wont to meet daily for many years; men that were the silent summons of the sabbath-day forerunners that plies his craft across the River Stix.

Municipal will hold an election Oct. 10th at which time a considerable number of voters of that city expect to place the rollers under Mayor Sullivan by making a record of the recall under the city's charter. Sullivan has anticipated certain interests of that city that are influential, and from this viewpoint it looks as though the doggy mayor's scalp would adorn the citadel of the opposition.

STATE FIRE PREVENTION DAY.

Chief of Fire Department Wendland Urges Everybody to Observe the Day and Take Precautions Against Fire.

Chief H. F. Wendland recently received a proclamation from the State Fire Marshal and signed by the Governor, urging everybody to take precaution against fires as urged in the proclamation.

Saturday, Oct. 9th the anniversary of the great Chicago fire has been set aside for that purpose and Chief Wendland intends to inspect all places of business, residences, cellars, backyards, etc., between now and that date and everybody is urged to act in co-operation with him, as the chance of prevention is better than a pound of cure.

The school children will also be urged to go through their fire drills the day preceding Fire Prevention Day. Everybody is urged to read the State Fire Marshal Wendland's proclamation appearing below.

In accordance with the custom of the Fire Marshals of the various states, I desire once more to call the attention of the people of Michigan to the observance of Fire Prevention Day.

Few realize the great loss of rational wealth due to the fire element. Many erroneously believe that where losses occur by fire, if they are insured, the damage is repaired.

In view of these facts, and to impress their importance on our people, I therefore proclaim Saturday, the 9th Day of Oct. 1915 the anniversary of the great Chicago STATE FIRE PREVENTION DAY.

Let everyone inspect his chimney; his heating apparatus, his electric wiring, and see that it is in proper condition for safety during the coming winter's use.

Let those in charge of public institutions, hotels, factories, theaters, etc., especially careful in looking over their property to protect the safety of occupants.

Let the municipal authorities give especial heed to all matters of this character that may properly come under their jurisdiction.

Let fire drills be held in schools and similar institutions some time during the week of Fire Prevention Day, as a means of reminding the pupils of the importance of this occasion.

If we have no respect for ourselves and our property, we are not worthy of the loss of national wealth, there is a monetary consideration that we should not ignore.

JOHN T. WINSHIP, State Fire Marshal, Lansing, Sept. 15, 1915. Approved: WOODBRIDGE N. PERRIS, Governor.

GILCHRIST POSTMASTER. In Trouble Over Uncle Sam's Funds and Fetched Up in Court.

The grand jury of the United States district court last week returned an indictment against Lloyd M. Prentice, postmaster at Gilchrist, Mackinac county, charging him with embezzlement of postal funds.

Prentice was arrested by Deputy U. S. Marshal T. T. Hurley. He is charged with using \$84 of postal funds for his own use and failing to deposit the sum of \$277 worth of new orders in the State of Marie postoffice, as is required by law when the money taken in amounts to \$200.

On Thursday, the last day of term, Judge Sessions sentenced Prentice to six months imprisonment in the Michigan reformatory at Oscoda, Mich. He is a Republican.

PRODUCTIVE POULTRY. Mrs. John J. Bellaire of Blaney attended the recent anniversary of her parents' wedding and returned this week to her home. Mrs. Bellaire's splendid health and physique show that country air and rural conditions are good for her. She has been at least just now in her success in the poultry line; she having gathered from a flock of 2000, 2000 eggs in 2000 days.

BREVITIES.

Mr. F. C. Collins, of Detroit, representative of Michigan, participated the fair Wednesday, and left Monroeville in the evening, to attend the Bi-centennial fair during the remainder of the week.

Mrs. Wm. B. Thomas leaves for Detroit next Tuesday where she will attend the synodical missionary meeting of the Presbyterian church, a delegate from the society of the Superior Presbytery.

A man that is in the habit of frequenting the saloons whenever he is so disposed, recently stated that he would vote with the "drys" next time. He gave as his reason that total disregard of the saloonmen the laws regulating the opening and closing of the saloons had driven him to such an extent that he voted to put them out of business. He is not alone in this country the credit can be given to moderate drinking men as well as the regular patrons of the saloons, saloons that have been separated in their "drinks" in a day or two of arriving in the city also have been sent toward the saloon business. Some of them have expressed themselves in this manner.

NEWBERRY TAKES SECOND GAME.

In the second game of the fall fair series, Newberry Wednesday defeated the first Manistique squad in a well played game which was spectacular in many respects, one of which was that it went for nine innings each side scoreless, the final score being 3 to 1.

"Bugs" Worden the old timer in baseball for the Celery City was opposed in the pitching box by Earl Grandin the speed boy of Seney, who pitched a five game for the local team holding his opponents scoreless for nine innings when he was forced to retire having severely injured his finger. O. Freeland went in the box in the tenth and with loose playing behind him the Celery City boys squandered three men across the rubber.

In Manistique's half of the tenth the home boys ran in one score, making the curtain ring down on a final of three to one favor of Newberry.

Umpires Fryce and Hingham who officiated during the Tuesday and Wednesday games are both to be complimented upon their work, which was of such a quality that even the "players did not kick."

Following is the line-up of the teams and a complete account of the game by innings:

LOCAL PYTHIAN HONORED.

Grand Chancellor, Michigan Knights of Pythias A. E. Sharpe of the Seely has appointed Senator J. C. Wood as Deputy Grand Chancellor and also a member of the Grand Lodge Committee on Law, both appointments being very important ones come as a reward to Mr. Wood, who always has been very active in Pythian work.

This places Mr. Wood in line for the highest Pythian honors in the State.

COUNTY FAIR NOTES.

Mr. J. H. McLellan said he had chicken for dinner Wednesday—no wonder he was in charge of the poultry house.

The two stinks at the fair placed there by Mr. Burns were put in a very appropriate place—next to the poultry house. They created much indignation many never had the chance to look at a stink at close quarters.

Wednesday was Childrens Day at the fair and they were admitted free when accompanied by parents. Many people who did not have children of their own were pressed into service

GILCHRIST NOTES.

Mrs. Joseph Mitchell, who has been on the sick list for the past month, and her condition not improving, is now consulting with Dr. Saunders of Manistique, Her many friends and neighbors hope for a speedy recovery to health.

Mr. Frank Travers has gone to Manistique for the purpose of securing a residence for his family, he having his intention to move to that city in the near future.—St. Ignace Enterprise.

Clyde Gill returned home Friday from Manistique. His jaw is healing rapidly and he all hope it will be well again soon.—Garnet Cor. St. Ignace Enterprise.

KLAGSTAD HORSE WON.

In the 225 class yesterday afternoon, Dan K., owned by Nola Klagstad of Manistique township, won the race in three straight heats. It is a matter of congratulation that a local horse won the race in question. He was in fast company, as the last heat was in half a neck. Particulars of the races will be given next week.

Mr. Sam Burns and family of Germantask are in the city attending the fair.

Messrs. Horatio and Albert Brain of Germantask are in the city attending the fair.

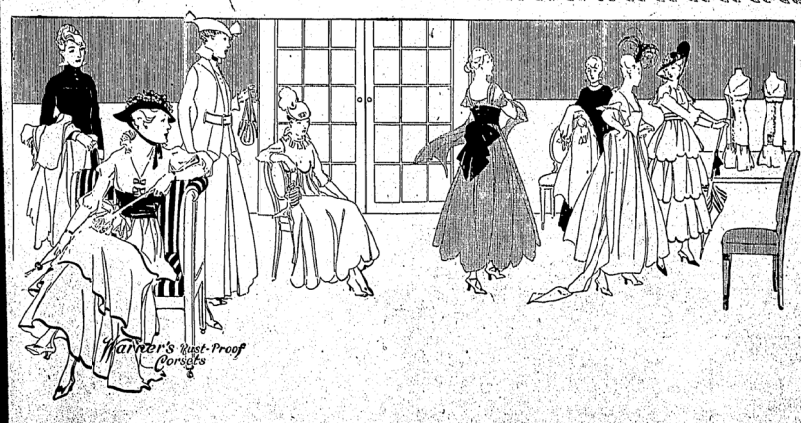

Mrs. Richard Cooper returned home yesterday after a five weeks' visit with friends in Milwaukee.

Persons at an early hour were invited to attend the fair.

**THE COUNTY FAIR
IS A SUCCESS.**
(Continued on Page One.)

The Langens Girls are occupying the Winkelman booth through the courtesy of Mr. Winkelman, and are displaying a fine collection of bird specimens. In an alcove is seated a "dusky maiden" that is doing a thriving business in telling fortunes with cards. The booth is decorated with pine.

Mrs. A. S. Putnam is in charge of the Audubon booth. Here are shown bird houses, suitable for various varieties of birds, the manner of feeding them, illustrations and copies of the laws protecting bird life. The Audubon society is engaged in a very commendable work in its effort to save the birds. It is estimated that the birds of Michigan annually save the state ten million dollars in the destruction of insects, weed seeds, and animals harmful to field orchard and garden crops. One bird is worth \$2.00 to Michigan annually. Crows are the greatest enemies of bird life, as it is estimated that they kill a million birds annually.

Guannesson & Kefauver, are showing a handsome bedroom—a brass bedstead and circassian walnut furniture. This exhibit is attracting much attention.

The Ryan Hat Shop is showing a handsome line of hats and caps, autumnal linings, and baskets of flowers.

The Manistique Handle Co. has a nice exhibit of its manufactured product. Pictures showing the interior of the plant are also shown.

The Metropolitan Life Insurance Co. has a booth in charge of the local agent, Mr. John Jennings.

Mr. John A. Falk is showing a full line of groceries and hardware. Products from his farm are also in evidence. His display of grains, twenty varieties of apples, peas and three kinds of potatoes, as well as vegetables of all kinds, is attracting much attention.

Neville & Neveau are advertising their drugs. The booth is in charge of one of the handsomest in the building.

The Ford automobile booth is in charge of the local agent, Dr. Selzer.

The Peoples Store Co. are showing a creditable line of very fancy ladies suits and coats, gents clothing and furnishings suitable for the season.

Mills and Burns of Gormfask have a creditable display of bees and honey. An interesting feature is a glass hive where the bees can be seen at work. The exhibit is in charge of Mr. Burns.

The hake stuff booth showed a large and varied assortment in things good to eat. One novelty that attracted much attention was the "yule scene—tree stumps and a large log and two figures with a crosscut saw cutting the log in two.

The Manistique Telephone Co. is showing some of the latest material and instruments which will eventually

be installed in this city. A miniature country line with rural and dwellings of the country, over which actual conversation can be carried on, is also a feature. Manager L. C. Harris is in charge of the display.

The White Marble Lane Co. has a creditable exhibit of the products of its manufacture and handles. The Mar-blehead farm owned by the same company also has a fine exhibit of grains and vegetables.

Fred Miller is showing farm implements, luggies, cutters, lightning rods and other articles he sells.

The school exhibit is better than the one of last year. Thompson schools are showing vegetables grown in the school gardens in that village. Miss Barton Miller, a thirteen-year-old Miss of Manistique township, is showing a covek of butter. There are books of specimens from the different townships as well as maps, written work, etc., the fancy work, work baskets, silhouettes and drawing of flowers etc., were exceptionally good. The school exhibit appeared to draw larger crowds than any other exhibit in the building. The experiments in the science department were especially interesting.

The fancy goods display was much better than last year. All sorts of needlework is on display, and judges are very much impressed with the line of it in deciding who is really entitled to the premiums. This department is in charge of Mrs. Cooper Cookson.

A number of water colors and ink drawings on hand painted china are also on exhibition.

The housewives certainly cut-did themselves in their display of preserves and canned goods, as the assortment is large and varied. Messrs. Geo. J. Nicholson and Fred Graham are in charge of this booth.

The merry-go-round man failed to reach the city and therefore the children are very much disappointed.

Manistique and Newberry baseball teams played ball Tuesday and Wednesday afternoons. The locals won the first game while the visitors grabbed the second game to the tune of 3 to 1, in a ten inning game.

This (Thursday) afternoon and Friday afternoon the big races will be pulled off. Friday is Manistique day and an enormous crowd is anticipated by the management.

**WRECKED ON GULL
ISLAND REEF.**

(Steamer Lackawanna of Buffalo Ran on Reef in Heavy Fog Friday and is Total Wreck.)

During the heavy fog last Friday the steamer Lackawanna ran on the Gull Island Reef about thirty miles east of Manistique and during the gale like storm Saturday was almost not a piece.

The Lackawanna hailed from Buffalo, she was on her way from Chicago to Gecko Harbor, Canada, with a cargo consisting of 10,000 bushels of corn.

The wrecking tug Favorite of St. Ignace was dispatched to the scene with lighters and are taking off the cargo and trying to save the boat.

Late wireless reports from the wrecking tug "Favorite" reports they are working on the wreck of the freighter "Lackawanna." Says the steamer is in pretty bad shape, sinking forward and aft. The heavy seas Sunday broke in part of her cabins.

He thinks the steamer can be hoisted up and saved. Pumps working on her now.

The tug Reliance with lighters is backing off her cargo of corn.

Operator on board tug Favorite reports that they had the wreck of the Lackawanna hauled out Tuesday night, but that she has again filled with water.

Wireless Operator on board wrecking tug "Favorite" which has been working on the freighter "Lackawanna" for the past few days states that they may have today, and are awaiting orders as to where the boat will be dry docked. They have towed the wreck to Highland Harbor.

"Lackawanna" may make the trip under her own steam. The boat is badly cut up all over the bottom rivets with cement and cannot hold how effective these patches are until the cement sets.

200 TON STONE PER DAY.
T. W. Pawley Taking Out That Amount for Alger County Roads.

Mr. and Mrs. T. W. Pawley and two children, arrived from Ironary Sunday and will remain here this week, taking in the county fair and visiting relatives and friends.

Mr. Pawley is engaged by Alger county in taking out stone near Treoutit employing about twenty men and crushing 200 ton of stone per day.

As the stone supply is to be found everywhere the crusher is moving close to where the roads are built, saving the cost of long hauls.

FURNISHED ROOM.
One large front room for rent with heat and bath for man and wife or two ladies. Inquire at this office. 2t.

Mr. John Flanich, residing on Elk St., was taken in custody Monday evening by Sheriff Orr and Chief Peterson on account of his mind being unbalanced. He has not been normal for some time but only lately became county jail under observation and if his condition does not improve he will be sent to the State Hospital at Newberry.
