Manistique sorely needs a night school. There are a large number of young men employed in this city of foreign birth, that are very anxious to acquire a knowledge of the English language.

Gladstone is squirming because its valuation has been raised a paltry \$62,000. Even with the increased valuation the whole of Gladstone is not worth as much as the Third ward of Manistique.

MILES IN A CANOE.

Had the Manistique River—Down Many Adventures.

It might prove sufficient to most publication. I was asked me to write a brief of the 140-mile canoe trip to Grand Island, Mich., and I successfully terminated it. To the seasonal wilderness traveler our experiences and impressions, as chronicled in the following article, may be of interest and value. It was a varied and unusual trip, and it is to be remembered and talked for some time to come.

On Monday over the M. & L. I arrived at Seney over the shore at six o'clock in the morning. Our outfit, consisting of a folding canoe, a light weight tent, blankets, cooking utensils, food for a week, had been packed by freight. We stopped at the Grand Hotel and in the morning, in the midst of a heavy rain, carried our canoe and gear to the Grand Hotel and set out on the turbulent bosom of the river.

After the rain stopped, the wind and things generally cleared for the start. We were ready to start some minutes later when a heavy rain fell across the river. We were ready to start, but the rain was so heavy that it was impossible to go ashore and think it was a mistake. We were finally managed to get away through the tangled water by means of a few minutes. We were on the river until two o'clock in the afternoon when it was marked by just one other. We also encountered a few bad swamps and a wind storm during the afternoon.

At the mouth of the river, we were in sight to the right and, as we had been told in Seney that the river had been driven and was clear on this on, we knew that our trouble, as far as navigation was concerned, was over. Some minutes later hearing the check of an axe in the timber to the right we landed and learned we were within three quarters of a mile of Grand Island. This was the extent of our first day's travel and at five o'clock on Tuesday evening we were on our way and made ready for the night just five miles as the crow flies, and about fifteen as the river runs, from Seney.

Wednesday morning we awoke to find our tent, frozen to the side of the river and a half an hour later we were on our way. Following a breakfast hastily prepared by Julius, the canoeist, we started on our way, but it was not until we were about five miles from Seney that we struck the Lake Branch, or main branch of the river. The water in the stream grew slower and deeper and it turns sharp and swift.

HE WAS THE BEST JUDGE THIS STATE EVER HAD—IT WOULD DO YOU GOOD TO TALK THE MERITS OF THE REAL TOBACCO CHEW.

MAYBE you're one of these reformed grinders yourself and know how they like to chew and talk about the little chew that satisfies. When you meet a non-member puddling a big wad in his cheek don't you feel like stopping him and giving him the facts about the Real Tobacco Chew?

A little chew of pure, rich, mellow tobacco—seasoned and sweetened just enough—cuts out so much of the grinding and spitting.

ASK YOUR DEALER FOR W.B. CUT CHEWING TOBACCO. IT IS THE NEW REAL TOBACCO CHEW—CUT LONG BREED.

Take less than one-quarter the old size chew. It is more satisfying than the commonest ordinary tobacco. Just take a nibble of it and you find the strength that suits you, then see how easily and sweetly it goes down. It satisfies, it satisfies, it satisfies. That's why it is so popular. That's why it costs less. That's why it is so popular. That's why it costs less.

The taste of pure, rich tobacco does not need to be covered up. An excess of licorice and sweetening makes you spit too much.

One small chew takes the place of two big chews of the old kind.

Get the name on the wrapper and the name on the tin. (Notice how the name brings out the rich tobacco taste.)

HAD RELATIVE HERE.

Mr. Thomas Vallier of the Westside is a cousin of the deceased and attended the funeral returning to the city last week.

The death of James Vallier at his home in St. Ignace on the 7th inst. marked the passing of one of Mackinac county's oldest residents. The deceased was 72 years of age, having been born at Grand Cap Oct. 15, 1813. He continued to work and place his home until his removal to this city a quarter of a century ago.

Mr. Vallier followed the occupation of fisherman and made of it a success. He was known by fishermen and sailors in all Lake Michigan and Lake Huron for many miles around and was conceded one of the most successful fishermen of the upper per lake region. He was the father of four sturdy sons, all of whom survive and are residents of St. Ignace. They are John B., Joseph F., Frank and Oliver. Mrs. Vallie died ten years ago.

The Manistique Bank Enlarged and Remodelled.

RAPID PROGRESS ON MANISTIQUE BANK

Though it has only been six weeks since the Manistique Bank was started to its temporary quarters and interesting progress has been made toward the construction of the new bank building. The demolition work has been completed, part of the old stone work from the existing building has been removed and the foundations have been built. The work of construction is well advanced. Remodelling contemplates a new banking room, a new vault, a new vestibule on Cedar street, an enlargement of the vault system, the addition of a book vault, and a section of one large room, two high, in the rear of the building. The ground floor of this space is divided into committee rooms, waiting rooms, toilets, etc., and in addition will contain the best apparatus, there being no base. The furnace will be on the first floor, the second floor of the new building, which will be reached by a new entrance will be occupied by telephone exchange, and the improvements and enlargement of the quarters for the bank made necessary by the rapidly increasing business of this institution, is completed. ORGANIZED THIRTY YEARS AGO.

Swedish Lutheran Church Debt Paid up at Meeting—Interesting Program.

The Mission meeting held in the Swedish Lutheran church Tuesday and Wednesday were very successful and largely attended especially the subscription festival held on the last evening, which marked the thirtieth anniversary of the existence of the congregation.

The following ministers were present and took part in the program: Rev. C. E. Langren of Marquette, C. E. Wyman of Ishpeming, Rev. C. E. Lindquist of Negaunee and Rev. A. C. Youngdahl of Negaunee.

The discussions and sermons delivered during the meetings were very interesting and the singing of the choir and Miss Nello Johnson was excellent.

The subscription festival on Wednesday evening concluded the meetings and was largely attended. Rev. Landers spoke on "How the Lord serves us" while Rev. Wyman spoke on "How we ought to serve the Lord."

The subscription book was then passed around and when this was done a sum of \$23,500 had been given which practically wipes out the old debt on the church.

Rev. A. Nelson can look back on the work accomplished since he came here in 1910 as pastor of the church with satisfaction. The church light at that time was \$400 which has now been fully paid up.

After the conclusion of the program refreshments were served in the parlors in the basement.

The visiting pastors left yesterday morning for their respective homes.
