CONVENTION WAS GREAT SUCCESS.

Campaign for Dry Upper Peninsula Successfully Launched at Escanaba Last Week—Many Schoolcraft County Representatives.

The launching of the dry campaign for the Upper Peninsula, at Escanaba last Friday, was a great success and those from Schoolcraft county in attendance were more than pleased with being present.

Those in attendance were as near as are able to get them. Mesdames D. J. Ward, Geo. Thurman, Geo. Richards, Wm. Minsler, Miss Brooks, Dr. and Mrs. D. E. Seltzer, Rev. F. R. Leach, Rev. F. D. Mumby, Ed. Severs of Thompson, Peter Nelson, Gulliver, Luke Shinnar, Dr. W. K. Wright, Julius Peterson.

We reproduce below the excellent account of the convention from The Escanaba Journal:

Every county in Cleveland was well represented yesterday at the big "dry" convention held at the Deft theater in this city to launch the local option and statewide prohibition campaign in the upper peninsula. The delegates came from factories, farms, offices and workshops, and they all came filled with faith and light—faith that this great state of ours can and shall be redeemed from the liquor demon, and a willingness to fight to help that accomplishment. At the afternoon session the great audience of the theater was comfortably filled with happy, enthusiastic, cheering people, and at the evening session there was a capacity house.

District Officers Speak.
At the morning session G. A. Young, district superintendent for the Anti-Saloon League and Mrs. J. W. Crockett of the Soo gave interesting addresses in which they sounded the keynote of a redeemed state and nation.

Greatest Event of the Day.
It was all great, and the addresses by the nation-renowned speakers were great events of the day, but the Journal believes that it but expresses the unanimous verdict when it says that the greatest event of the day was the declaration of independence from liquor control by the Hon. G. T. Worline, who called the afternoon Continued on page five.

SURPRISE PARTY.

Miss Roma Baker was given a pleasant surprise last Thursday evening by about a twenty-five of her friends. Miss Baker was lured away from home and when she returned the home was filled with guests.

The evening was spent in games and at the conclusion each guest present was given a card and pencil and all had to write a note on the evening.

Miss Ida Roberts received the prize a hand-painted handkerchief box for writing the most unique note.

Refreshments were served during the evening.

FRED. WILSON WAS KILLED

Manistique Lad Killed by Train at Warroad, Minn., Wednesday.

Chief of Police John Peterson received a telegram yesterday from Chief of Police Grayfield shortly stating that Fred. Wilson of this city had been killed by the train at Warroad, Minn., on Wednesday and asking what disposal to make of the body.

No details of the accident were given only that the identity of the unfortunate man was discovered by the finding of a small round pocket mirror in one of his pockets on the back of which was his name and address as follows:

Fred. Wilson, 4026 Houghton Ave., Manistique, Mich.

In some manner the house number which should be 4017, was incorrect.

Fred. Wilson left Manistique five years ago and enlisted in Texas Infantry Regiment, U. S. but deserted the army at Texas City, Tex., Oct. 26, 1913, escaping from the Guard House while under arrest according to a notice at the local police station.

Fred. Wilson was about thirty years of age and lived most of his life in this city where he leaves an aged mother and several brothers to mourn his death.

At this writing no arrangements have been made as to the remains, as the relatives are awaiting to hear from a brother living in Gladstone.

REBEKAH SOCIAL PARTY.

The Rebekahs will give a social party at the new I. O. O. F. hall Monday evening. Admission 25 cents.

HAD CLOSE CALL AT FURNACE.

Piston Head Explodes at Furnace Sunday Morning—Three Hurt.

Three men employed by the Charcoal Iron Company, had a narrow escape from serious injury Sunday morning, when a piston head, filled with a quart of water, which was being heated over a forge in front of the company's machine shop, exploded and the fragments of which flew in the faces of the three men.

William Kendall, who was standing over the forge, was about to lift the piston head from the forge in his shoulder, when it exploded. He received a severe cut in the abdomen from a piece of iron, also a bad cut over the eye by a small piece of the flying iron.

Ralph Murray and Julius Fillion were also standing near the forge. Murray was cut about the face from bits of flying iron, while Fillion escaped with a few small scratches about the face.

A piece of the piston head about a foot square flew over a hundred feet in the air and the forge was completely demolished.

GOVERNMENT ELECTRICIANS HERE.

Will Install the Distant Electric Control System at the Light-house and Foghorn Service.

Wm. E. Skinner, chief electrician for the eleventh district lighthouse service and his assistant, Cedrick Keller arrived Monday from Milwaukee and will install the electric distant control system at the government lighthouse and fog signal and also install the motors and air compressors. Mr. Skinner was here last summer and did the electric wiring of the lighthouse keeper's residence.

VIOLATED GAME LAWS?

Jacob Jelej, Charles Begos and Tony Ruman, Austrians, residing in Inwood township, were arrested Saturday afternoon by Deputy Game Warden F. E. Guinan for violation of the state game laws for failing to procure alien hunters' licenses. They pleaded guilty in Justice McKinney's court yesterday afternoon and paid fines and costs of \$18 each.

C. I. STEAM MILL CLOSED.

Consolidated Steam Mill Ceased Operations Monday—Season's Cut 16,000,000 Feet.

The Consolidated Lumber Co.'s steam mill employing a crew of about 150 men, ceased operations Monday, after a very successful season's cut, amounting to over 16,000,000 feet. As an appreciation of the efficiency of the foremen and sawyers in the mill during its eight month run, Mr. Bruce Odell, manager for the C. I. Co., had invited them to the Ossawinimakee Hotel Tuesday where a sumptuous banquet was served.

HELD IMPORTANT MEETING MONDAY

Council Removes Ald. McMullin from Office—\$400 Appropriated for Water Extension.

At the council meeting held Monday evening, several important transactions took place among which the most important, was the removal of W. H. McMullin from office as alderman in the third ward.

It appears from the proceedings that Mr. McMullin had not been regular in his attendance at the council meetings and while absent questions of importance had to be transacted by the council and that Mr. McMullin thereby neglected his duties towards his constituents.

A request from the board of public works for an appropriation of \$400 to be used for an extension of the city water on Main street to a point near the Consolidated Lumber Co.'s mill and to install a hydrant for fire protection was granted.

The purchase by the city of the property on Main street, known as the Orr livery barn, together with fifty feet of land was approved and a check for \$2,200 was ordered drawn in favor of the Consolidated Lumber Co. in payment for same.

The lunch counter stand in front of P. McNamara's saloon was ordered removed.

BAND DANCE TOMORROW.

The Manistique band will give a dance at the Miller Hall in Thompson tomorrow. There will be the best music and if you want to enjoy a good time be sure to attend.

We have just received a lot of tulip narcissus and hyacinth bulbs for fall planting. FRED GREENWOOD.

BIG ATTENDANCE AT BLUMROSEN'S.

Blumrosen's Cash Converter Sale Greeted With Big Crowds.

One steady stream of people poured in and out of M. Blumrosen's department store last Saturday, the opening day of their sale.

They more than taxed the strength of his large force of his clerks, which was doubled for the occasion, in their great wish for the many bargains that were offered.

This goes to show what faith the public has in Blumrosen's sales for they know he does just as he advertises.

In this week's issue you will notice a full page advertisement of penic money savers, and you owe it to yourself to take advantage of the many offerings.

FIREMEN DINED ON CHICKENS.

Members of Local Fire Department Had Social Evening.

The members of the local fire department, their wives and sweethearts and Mayor and Mrs. W. L. Middlebrook, enjoyed a social evening last Thursday at the fire hall and chief's apartments, numbering about forty people in all.

A sumptuous chicken supper was the feature of the evening and of course everybody did full justice to the good things on the table.

Mayor Middlebrook was called on for a few remarks and spoke on the efficiency of the department and of the harmony prevailing among the boys and of future intended improvement in the equipment.

After the supper there was music both vocal and instrumental and also card playing and at the conclusion everybody was loud in praise of the pleasant evening they had enjoyed.

BASEBALL CLUB HAS TROUBLE

Baseball enthusiasts of this city are awaiting with much interest the appearance of a financial statement from the Manistique Baseball club for the current year. Manistique this season enjoyed the distinction of being the only city in the upper peninsula to support a salaried baseball team and reports have reached here that Manistique did dearly for the honor. It was reported late in the season the finances of the club were in a bad way and rumors have been brought here that the Schoolcraft county seat will not again in the near future attempt the salaried baseball route to municipal advertising—Escanaba Morning Press.

A Chicagoan recently had an attack of nos bleed, and his doctor charged him \$1,250.00 for two calls. The courts allowed him \$500.00 and stated that that amount was excessive.

How the mighty have fallen. In Massachusetts at the recent election the Progressive ticket received so few votes that it did not qualify for a position on the national ballot in that state.

The municipal ownership idea failed to requisite number of votes at the recent special election, and the spirited newspaper war that has been waged in that city will be fought over again at some future time.

Evidently to prove that the people of the present age are foregoing and more polite than those of the dim, distant past, Mr. Bryan says that two hundred years ago the people would have hung him.

President Wilson has given utterance to some of the matters that he will bring before congress next month. He believes in and advocates the raising of a stronger army, and the building of a bigger and better navy.

It is to be regretted that Rev. Heshgator has decided to leave Engadine and will engage in other lines of endeavor. He is a live wire and has done excellent work for the Presbyterian denomination at Engadine and Gould City during the past year.

Mr. Andrew Sandberg of Ishpeming, who will be remembered by many of our citizens died recently, of paralysis. He had visited Manistique a number of times recently in the interests of an insurance company.

It is becoming quite popular for the mayors of cities to enforce the Sunday closing law relative to the saloons. Perhaps, if this law had been more thoroughly observed by the liquor lords here in Manistique, the saloonists would not be standing on the brink of annihilation today.

The Germans captured a big copper mine in Serbia and when the winning officer telegraphed the news to Berlin, he received a message stating that the news had been anticipated several days and that engineers, miners and coke to be used in the swelling of the copper ore, were already enroute.

All honor to President Werhime of the Escanaba Business Men's association. He expressed his stand on the local option question in forcible terms at the big "dry" demonstration held in that city recently.

The Michigan Retail Liquor Dealers association has completed plans for its upper peninsula campaign and a permanent organization was effected in this city last week.

UNIQUE WOODEN SHOE IN WINDOW

Wooden Shoe Crown on Cedar Tree in Cloverland.

How came nature sometimes enters into the freak business, can best be seen by stopping at Burton & Larson's store on Cedar street and take a look at the wooden shoe display in their window.

The "shoe" which is a perfect model was brought down from a cedar camp where one of the "savages" found it on a tree and although, of a grotesque nature soon discovered the exact likeness of a common every day workman's shoe, even distinguishing it as fit for the right foot with a "bunion bulge" on one side.

The only thing nature did not provide was a heel but perhaps it was never intended that shoes should have heels. A shoe string had also to be provided to make the appearance complete.

The shoe measures eighteen inches in length and is twelve inches high and even the bark is grown so as to resemble the grain of the leather.

If Luther Burbank, the California fruit wizard was here and saw this shoe there is no doubt but what he at once would start growing wooden shoes on the cedar trees in Cloverland of the Upper Peninsula of Michigan.

HUNTING SEASON IS OPEN.

Wednesday Morning the Deer Hunting Season Opened—Many Hunters in the Woods.

Wednesday, Nov. 10, the open season for deer hunting began and will continue in force until Nov. 30th, and many of the local hunters were in their favorite hunting places ready for the onslaught.

Not much hunting could be accomplished on the first day of the hunting season as one, not so cruel as many, provided a driving rain and windstorm which no doubt would keep most of the hunters in their camps.

It will be well for the hunters to always remember "safety first," so "do not shoot till you're sure," also that each hunter should have a deer and that it is unlawful to have it in your possession more than 30 days after close of the season.

Back Game Warden Oates warns all deer hunters that they must take particular care not to lose, destroy or lose the new deer seal before they have occasion to use them. The new state law says that a deer is not a game animal unless it is in order to authorize its shipment.

These seals are numbered and only one seal is given to each hunter. This seal is given to the hunter as he is licensed. As no provision is made in the law for the duplication of the

RETURNED MONDAY TO MANILA.

Leonard Winkel After Four Weeks Visit With Relatives Starts on Return Trip.

Leonard Winkel who during the past four weeks, has been visiting at the home of his parents, Mr. and Mrs. August Winkel on Lakoski street, returned to Manila after his return trip to Manila where he is engaged in business.

Mr. Winkel goes from here to Chicago, where he will remain a few days before returning to Seattle, where he will stop several days. He will then board the Japanese steamer the Seattle about for Manila, stopping at Yokohama, Kobe, Nagasaki and Manji in Japan from there to Hong Kong in China and then to his destination.

The entire trip will take about thirty days of which twenty-six days will be on the water.

Mr. Winkel left this city about five years ago for Manila and was in the employ of the government about two and one half years. During this time he worked evenings for an importing firm and here is where he became familiar with the business. He is now engaged in, associating himself with W. E. Hanson of Seattle, formerly of this city.

The name of the firm is Hanson, Winkel Co. importers and exporters, their specialty being shoes, cotton prints and other commodities and their business is steadily on the increase, thanks to the energy of the members of the firm.

Mr. Winkel is a young man of sterling qualities, who with his push and energy no doubt will make good and the best wishes of his friends will follow him to his far off home.

JACK O'DANDY FIELD CHAMPION.

John Schuster's Famous Beagle Hounds Give Good Account of Themselves at Annual Meet at Grass Lake, Ind.

Mr. John Schuster returned Sunday with his beagle hounds after attending the Sixth Annual American Field Beagle Stake during the past week and besides a handsome silver trophy cup, several ribbons and medals landed about \$100 in cash.

There was twenty-nine crack Deaks assembled and with beautiful weather and a big crowd in attendance Mr. Schuster reports a very pleasant trip.

The measuring and drawing took place Sunday, Oct. 31 in the big dining room of the East View Hotel.

Jack O'Dandy won the field championship this year with a home silver cup and medal, the cup measuring ten inches in height with the following inscription: "To the winner of the 1914 Stake." "First in three fifteen inch three hour class, Western Beagle Club, 1914."

"Superfine Paunch" was the first leg in another cup, which in order to hold he has to win twice more.

Mr. Schuster said he "Saperfine Paunch" to Mr. W. T. Thomas of St. Louis, Mo. who claims to be a grandson of the famous "Paunch" of the Boston Tea Party.

Mr. Schuster was also requested to find suitable place in Cloverland to hold their annual meeting next year.

The hunters are coming in but can't be doing much as yet, no deaths having been reported.

A. B. Robin has taken a lumbering job from the Stack Co. and will soon begin operations.

Eugene Biglow has returned and will spend the winter here.

Our commissioner of highway has written one of our large graders spreading the earth taken from the big ditch while it is an experiment. There is but little doubt of it forming a good foundation for a gravel road, the building of which is being discussed.

Ernest Tuttle had a rather serious accident with his auto last Friday evening, practically nothing but the auto got hurt, while driving at a good rate of speed just north of Alcar's road. The rear axle broke and the right hind wheel went spinning across the ditch. The car went about 20 rods on three wheels before it could be stopped.

R. Rattway has his residence in the village almost completed.

MARRIED MONDAY.

Joseph Miron and Miss Ella Moses were married by Justice of the Peace McKinley Monday. Mr. Miron is French while his bride is a full-blooded Chippewa Indian.

MAYBE you're one of these reformed grinders yourself and know how they like to meet and talk about the little chew that satisfies. When you meet a non-member puddling a big wad in his cheek don't you feel like stopping him and giving him the facts about the Real Tobacco Chew?

A little chew of pure, rich, mellow tobacco—seasoned and sweetened—just enough—cuts out so much of the grinding and spitting.

ASK YOUR DEALER FOR W-B CUT CHEWING TOBACCO. IT IS THE REAL TOBACCO CHEW CUT LOZ.

Take less than one-quarter the old size chew, it will be more satisfying than a mouthful of ordinary tobacco. Just take a nibble of it until you and the strength chew that suits you, then see how easily you can even the real tobacco taste, how it satisfies, how much less you have to spit, how few cokes you take to be tobacco less in the end.

The taste of pure, rich tobacco does not need to be covered up. An excess of licorice and sweetener causes you spit too much.

One small chew takes the place of two big chews of the old kind.

Notice how the salt brings out the rich tobacco taste.
