FINAL PLANS FOR ELECTION TO BE MADE MONDAY City Shocked by Gilligan Death

BROKE SKULL IN ACCIDENT IN ESCANABA Died At 2 O'Clock Thursday Morning, Two Hours After Tragic Fall

MUST PUT UP \$500 BEFORE VENUE CHANGE Sherman Dewey Ordered By Court To File Costs In Hewitt Ouster Case

Financial Shape Of City Is Good WILL GIVE OUT FOOTBALL M'S HERE FRIDAY Presentation Will Be Made By Coach Wassberg At High School Assembly

City Will Proceed With Disposal Plans; Taxpayers Will Vote Reserved Seats For Basketball Games Special Election Will Probably Be Held On Tuesday, January 2

The present Knight of the Road cannot be classified under the categories of "babbs" or "bums." He is quite different. Liking the highways is not a profession with him, but rather a hobby that might well drive him insane. He touches you for a dime with an air of apology. He is in no hurry to get away and spend that dime, and will wait until you are ready to leave. He welcomes the opportunity to express his opinions on the country's and his own political situation to his fellow man, but rather he accepts his enforced unemployment steadily and lives with the hope ever in mind that at the next town he may find a job.

George Drew, who lives on Elk street on the westside, has in his possession a land grant deed, signed by Millard Fillmore, former president of the United States, and made out to Warren Parish, a veteran of the War of 1812. The land grant covered 100 acres of bounty land in Chippewa township, Kalamazoo county, and was awarded to Mr. Parish for his services in America's last war with England.

That the city of Manistique is in good financial condition was the statement made at the council meeting Monday evening by Mayor Harry Erikson. He said that the total bonded indebtedness of the city is \$22,000 plus an \$800,000 special assessment bonded until 1938. He reported that the city has \$75,000 in a local bank besides \$10,000 tied up in a local bank awaiting another federal restriction. If the city had \$150,000 worth of schoolcraft county notes, that \$60,000 worth of bonds had been taken up this year, although the city had a deficit of \$193, and that the city had delinquent taxes still due of about \$25,000.

Football letters, emblematic of participation in interschool athletic games, will be awarded to members of the 1933 varsity and reserve team of Manistique high school at an assembly at 10:30 o'clock Friday morning, December 8, in the high school auditorium. Oscar Wassberg, athletic director, will make the presentation. Twenty-three varsity men and 15 reserve players will receive letters. Varsity players will be awarded a 7-inch green, blocked shellie "M" set on a background of white felt. Reserve men will receive a 3 1/2 inch green, blocked "M" on a white felt background. Men who will receive letters, the number of seasons they have played either as varsity or reserve members, and those who will graduate next June, follow:

A block of 100 reserved tickets for all home games to be played by the Manistique high school basketball team were offered for sale this week by the high school students' association. This is the first time the local high school has offered reserved seats tickets, and it is hoped that the idea will increase attendance at home games. The only persons entitled to sit in the reserved seat section will be purchasers of season tickets, it was announced. No individual game reservations will be made.

Mr. Gilligan went to Escanaba Wednesday to appear at several homes where loans were sought under the federal home owners' loan act. He was unable to complete his business Wednesday and planned to spend the night there and complete his business Thursday. The land grant deed is written on parchment paper. Mr. Drew purchased the property, covered in the county deed from the state in 1915, and that is how he came into possession of the deed.

According to a court order filed Wednesday, November 29, Sherman Dewey, plaintiff in the ouster proceedings against Sheriff John M. Hewitt, must post \$500 in cash with the clerk of Schoolcraft county before the case will be transferred to the Chippewa county circuit court. The plaintiff is given 15 days from the date of the order to furnish the money, which is posted as security for costs.

Pauline letters, emblematic of participation in interschool athletic games, will be awarded to members of the 1933 varsity and reserve team of Manistique high school at an assembly at 10:30 o'clock Friday morning, December 8, in the high school auditorium. Oscar Wassberg, athletic director, will make the presentation. Twenty-three varsity men and 15 reserve players will receive letters. Varsity players will be awarded a 7-inch green, blocked shellie "M" set on a background of white felt. Reserve men will receive a 3 1/2 inch green, blocked "M" on a white felt background. Men who will receive letters, the number of seasons they have played either as varsity or reserve members, and those who will graduate next June, follow:

Final plans for proceeding with a special municipal election to submit a sewage disposal plant and storm sewer bond issue to the taxpayers of Manistique, will be completed at a regular meeting of the Manistique city council on Monday evening, December 11, it was decided at an adjourned meeting of the council Wednesday evening. At the adjourned meeting Monday evening necessary estimates, resolutions and ordinances were passed and ordered published this week, so that they can be approved at the meeting next Monday. A complete reproduction of Wednesday night's business will be found on another page in this issue under the heading, "What Your City Council is Doing." A perusal of the proceedings will give costs and other facts connected with the proposed disposal plant and storm sewer.

Light Plans Were Tabled Monday Night Question Indefinitely Deferred By Informal Vote Of Three To Two

Suit Will Be Tried Here In January If He Fails To Put Up Bond

BURNS CASE DROPPED IN SOO COURT Motion To Nolle Pross Is Granted On Tuesday By Judge Rannels

STACK NOT TO DISMANTLE HIS SAW MILL HERE Assures Local Delegation Yesterday That Report Was Unfounded

By a vote of three to two, the Manistique city council Monday evening decided to table the question of submitting to public vote the proposition of constructing a municipal electric energy distribution system for the city of Manistique. The council also decided to let the taxpayers decide on the Erikson and Cuyis, Carlson and Erikson voted to table the project indefinitely. The matter was thoroughly discussed before the vote was taken, and expressions of opinion were taken from a large number of interested citizens who attended the session.

The court order, which was received at the office of Leslie Bouschor, county clerk, last Saturday, reads, in part, as follows: "A motion of the above named plaintiff for a change of venue coming on to be heard, the parties hereto being represented by Rush Colver, assistant attorney general, and C. Walter Healy, special assistant attorney general for the plaintiff, and Joseph Herbert of Herobot and Hixson, for the defendant, and the court being fully advised in the premises. "It is ordered that within 15 days from the date hereof said and the with the county clerk of Schoolcraft county security for costs in the sum of five hundred dollars, to be approved by the clerk of said county. "It is further ordered that upon the furnishing of said security for costs by said Sherman Dewey, the case be set for trial on Monday next at 10 o'clock a. m. before the clerk of the court, that said cause be, and the same hereby transferred from the county of Schoolcraft to the county of Chippewa, to be heard at the February term of circuit court of the county of Chippewa, commencing February 5, 1934, or as soon thereafter as the court may direct, as said cause can be reached."

The criminal cases against Patrick Burns, real estate dealer, Detroit, charged with obtaining money under false pretenses in connection with a fictitious rotary airplane motor stock selling scheme, were dropped Tuesday in the Chippewa county circuit court, Judge Joseph W. Rannels presiding. The motion of William J. Sheehan, prosecuting attorney of Schoolcraft county, to have the cases nolle prossed. Burns faced charges preferred against him by John Carlson, of Manistique, and Harvey Goureaux, of Seul Chok. He was implicated with Joseph Isaac, who was convicted on the charge of false pretenses and is now serving a sentence in the branch prison at Marquette. In his motion Prosecutor Sheehan said that Burns was held only on the testimony of Joseph Isaac, who, at the latter's trial here in September, completely refuted his former testimony and exonerated Burns of all implication in the stock selling scheme. Isaac is a self-confessed perjurer, said the prosecuting attorney in presenting his motion, "and after implicating Burns in early questioning, absolutely exonerated him during the recent circuit court trial. The prosecution has only the testimony of Isaac, which is not evidence of no value." Isaac still supports the testimony given at the September trial, a communication recently received by Prosecutor Sheehan from W. R. Dugan, of Marquette, indicated a statement received by the warden from an inmate indicating that the Indian still exonerates Burns of complicity in the stock selling scheme. Isaac also said in his letter that Isaac appeared "very bitter" toward Judge Rannels and Prosecutor Sheehan.

Stack lumber company was contemplating the dismantling of its Manistique saw mill. The denial statement was made to a delegation of Manistique citizens composed of W. G. Stephens, W. J. Shinar, W. L. Mithelbeck, James Gardner and W. R. Thomas, who called on Mr. Stack at his Escanaba office. Mr. Stack promised the delegation that no steps would be taken this winter toward tearing down the Manistique plant, and said it was probable that no move to dismantle it next spring would be undertaken. He said he was waiting the lumber market closely, pointing out that future operations would depend upon the possibilities of selling lumber.

Mr. Gilligan went to Escanaba Wednesday to appear at several homes where loans were sought under the federal home owners' loan act. He was unable to complete his business Wednesday and planned to spend the night there and complete his business Thursday. The land grant deed is written on parchment paper. Mr. Drew purchased the property, covered in the county deed from the state in 1915, and that is how he came into possession of the deed.

Two debates are slated for the Manistique high school negative squad next week, one on Monday night against the strong Negaunee affirmative team and one on Saturday night against Iron Mountain's affirmative tri.

### Sturgeon Swamp Mystery Solved

The mystery of the Sturgeon swamp located by James Carpenter of Kentucky, who found a rare household goods while hunting deer, was solved yesterday by William Robinson of Westmoreland of 40 acres, taken up by John Cameron of Westmoreland about twenty-five years ago, and in order to make good his claim, Mr. Cameron built thereon a log cabin of two rooms as required by the homestead law, a barn, and brought in the farm machinery household goods while he occupied the place as his homestead. It is situated about a mile and one quarter from the west bank of the Sturgeon, thirty miles southwest of Westmore. Mr. Cameron visits this place every year, but after acquiring his title, and removing to Westmore, he left everything there, thinking that some hunter or trapper might find the place handy. He left his rifle there, thinking that it might be useful to some person lost in the swamp, or who might want

### New Re-Employment Office Is Opened

The Schoolcraft county general employment office was opened Monday in the Saunders building on Walnut street, between Maple and Cedar. All persons seeking work on civil works administration projects are asked to register at this office between the hours of 9 and 11 o'clock in the morning and 1:30 and 3:30 in the afternoon.

Approximately 300 persons already have registered since William Marin, welfare administrator, opened his office in the county house. Fifty-three persons registered at the new re-employment office Monday and Tuesday.

### Students Net \$130 In Magazine Drive

### MOVIESE

Wyne Gibson Reforms For "Emergency Call"-Saturday

Wyne Gibson reforms for her role in "Emergency Call" at the Gero Saturday, RKO-Radio action drama with Bill Boyd, William Gargan and Betty Furness, in which she plays a straight-and-narrow nurse instead of her conventional characterization of the gangster moll.

As the hospital nurse, Miss Gibson is instrumental in ending the career of a gangster, who, in the war-time, Gunglup and fast fist fights against a background of dramatic action result.

Others in the cast of "Emergency Call" are Edwin Maxwell, Reginald Mason and George E. Stone. Edward Galt directed from a screenplay by Houston Branch and Joseph Mankiewicz.

Garbo Praises Film as Dietrich's Best-Sunday-Monday

Greta Garbo, Joseph von Sternberg and Marlene Dietrich were the first three persons to view "The Song of Songs". Miss Dietrich's new Paramount film, produced by Rouben Mamoulian, at

# Local Postmaster Stresses Need For Early Xmas Mailing

At the time-honored address to the shop and mail early, local postmaster stressed the need for early Christmas mailing to prevent postponement and addressing properly.

**Early Mailing**

The holiday time of the year increases approximately 50 percent. It is a physical impossibility to handle this great mail matter efficiently and quickly within a few days of Christmas presents, cards, etc. It is a physical impossibility to handle this great mail matter efficiently and quickly within a few days of Christmas presents, cards, etc. It is a physical impossibility to handle this great mail matter efficiently and quickly within a few days of Christmas presents, cards, etc.

**Special Packing**

Stamps, canes, golf sticks, etc., should be reinforced their full strength by being wrapped and tied or other sufficient wrapping to with-stand transportation.

**Postage**

Postage must be fully prepaid on all mail. The required amount of postage in the upper right corner. Full information concerning postage rates can be obtained at the parcel-post or stamp window.

**Limit of Weight and Size**

No parcel may be more than 100 inches in length and girth combined nor exceed 70 pounds in weight.

**Special-Delivery Service**

The use of a SPECIAL-DELIVERY stamp will assure delivery on Christmas Day, if mailed at the proper time. SPECIAL-DELIVERY SERVICE means the most expeditious handling and transportation of parcels practicable so that they cannot get through wrapping.

## 12 REASONS why housewives ask for Barker's Sliced Butternut Bread

1. More Economical - Uniform even slices produce no waste.
2. More Convenient - Sliced Bread is always ready for use.
3. Makes Neater Sandwiches - Uniform slices are easily spread and neatly matched.
4. Makes Better Toast - The slices of uniform thickness toast evenly.
5. Much Neater - No crumbs mess the kitchen table and floor especially when children get their own "bread and jam." Moreover, Sliced Bread appears more attractive on the table.
6. Because it is made from the best selected ingredients such as you would use in your own kitchen.
7. Saves Work - No bread board or knife to clean, no crumbs to brush away.
8. Safer - It is unnecessary for children to handle the bread knife.
9. Saves Time - Just open end of wrapper and slices are ready to serve.
10. Free of Gases - Slicing the loaf before wrapping it releases impounded gases, and keeps the fresh wholesome flavor.
11. More Palatable - Sliced Bread is immediately wrapped and sealed in waxed paper retaining the moisture and freshness so pleasing to the palate.
12. More Digestible - Slicing hastens the seasoning of the starch contents, making it more digestible and healthful.

**Barker's Bakery**

"EAT TWO MORE SLICES OF BREAD EVERY DAY"

Every person in the United States does this, millions of additional, bushels of wheat will be consumed and hundreds of thousands benefited.

As of the immediate delivery at the address. It is obtained by affixing a SPECIAL-DELIVERY stamp of the proper denomination, or its equivalent in ordinary stamps, in addition to the regular postage. When ordinary stamps are used, the words "SPECIAL-DELIVERY" must be written or printed on the wrapper or wrapper immediately below the stamps. It is urged that all mailers desiring immediate delivery of any matter mailed by them should affix SPECIAL-DELIVERY stamps thereto. SPECIAL-DELIVERY is for fast and not for safety.

**Where to Mail Parcels**

Uninsured parcels 8 ounces or less in weight may be mailed in street letter or package boxes at all classified stations and branches and at such numbered stations as are designated to receive parcels. Parcels weighing over 8 ounces cannot be mailed in street boxes, but must be taken to the main post office or classified station or branch. Parcels containing ment, food products, cut flowers, or other articles may not be mailed only at the main post office or one of the large classified stations.

**Matter Not Mailable as Parcel - Post Rates**

Written matter in the nature of personal correspondence cannot be enclosed in parcels.

Communications attached to parcels: A letter placed in an envelope, address to correspond with, and address on the parcel, if mailed at the first-class rate, may be tied or otherwise securely attached to the outside of the parcel in such manner as to prevent soiling either therefrom and not obscure the address on the parcel.

**Domestic Collect-On-Delivery Service**

Domestic third- and fourth-class matter may be sent c. o. d. from one money-order post-office to another. Sealed domestic mail of class prepaid at first-class rate of either registered or unregistered c. o. d. mail (Consult postmaster as to fees, surcharges, and limits of indemnity for registered c. o. d. mail).

**Parcels For Foreign Countries**

Parcels of available merchandise may be sent (subject to certain limitations and conditions) by in-land mail parcel post to all foreign countries except Andorra, British Morocco, Manchuria (not including certain Japanese postal offices in the railway area and in the leased Territory of Kwantung), Jehol, Mongolia, Rio de Oro, Rio Martin, Tristan da Cunha, and Yoncos. Parcel post packages for foreign countries should be mailed at the main office or large classified stations.

**Verner Explains CWA Work Details**

An explanation of routine details of the civil works administration and an outline of plans necessary to procure rapid cooperation between the emergency welfare relief commission and the county employment committee, were given here Saturday by C. P. Verner, of the United States department of labor in Michigan, in a conference with county employment and welfare officials.

Mr. Verner's explanations aided materially in clearing up confusion relative to details of the work and the relative spheres of responsibility of the two committees.

# Odd . . . but TRUE

## National Association Head Urges Christmas Seal Sale

"Wonderful progress has been made in the great war against tuberculosis, but we are still far from the goal," declared Dr. Pritchard, president of the National Tuberculosis Association, in a speech before the national convention held here last night.

"The Christmas seals with the little, red, double-headed cross in one corner are still always being used as the weapons in the war on tuberculosis," Dr. Pritchard said. "The battlefield is here, in our own home towns. The troops are a combination of all the individuals and groups interested in stamping out tuberculosis. The time to re-unite is now."

"Recently discovered knowledge as to how tuberculosis attacks the bodies of young children has lately opened up a whole new field," Dr. Pritchard stated. "After the suspicion that the adult disease began in early childhood had been confirmed and further research revealed how tuberculosis gradually and very quietly entrenched itself, then it was found possible to anticipate the disease while it was latent, 'steal up on the enemy when asleep,'" he explains.

modern methods of combating the disease to a world prepared to receive them. When the anti-tuberculosis societies were organized, tuberculosis was known as "consumption," a disease considered to be almost universally fatal. Fear of the hidden destroyer hung over every household during the first campaigns.

"But there is every reason for hope now," Dr. Pritchard points out. "Since education and organization work has brought about a reduction in the death rate from tuberculosis in Michigan of over 50 per cent in a quarter of a century's time."

"Still tuberculosis is an important killer and a terrible scourge," Dr. Pritchard warns, after sounding the optimistic note. "It kills every fourth girl between the ages of 15 and 20, when life is sweetest and the future holds the most promise. That ratio must be lowered and it seems that, with the aid of tuberculin as an indicator of unsuspected disease, also as a pathfinder to the source of infection, we are approaching the time when tuberculosis will be no more deadly than any other disease."

"By means of our unique device, the Christmas seals, every man, woman and child in the country can join the army to fight tuberculosis. Each state keeps 95 per cent of the funds raised, which is spent on work done within its borders. The remaining five per cent covers all the organization work of the National Tuberculosis Association as well as assistance given to the weaker states. The anti-tuberculosis programs of 19 states were hit terribly hard by the depression," Dr. Pritchard explains. "He has just returned to Michigan from a trip across the nation, speaking in behalf of the sale of 1933 Christmas seals which opened on Thanksgiving Day."

**COMIC CHRISTMAS CARDS**

Snappy Ballyhoo type, 25 red cards, 50c. three sets \$1. C. L. Hillary, 310 W. Maple St., Lansing, Michigan. 11 pd.

William Norton visited his parents, Mr. and Mrs. George Norton, of Manistique, over the week-end.

## NEUROV, SICKLY, SLEEPLESS

His health was in such a state that he could not sleep, was very sickly, his appetite failed, and he was unable to do his work. He had been told that he was suffering from a "nervous" condition, and he was very miserable. He had been told that he was suffering from a "nervous" condition, and he was very miserable. He had been told that he was suffering from a "nervous" condition, and he was very miserable.

**RHEUMATISM? LIVER TROUBLE? CONSTIPATION?**

For generations thousands of people have gone to Czar, Czechoslovakia to take the medicine called RUBIN in the treatment of the many ills that follow rheumatism, kidney, liver and rheumatic complaints. You can very easily obtain the benefit of the CARLSBAD RUBIN right in your own home, by taking a daily teaspoonful of CARLSBAD RUBIN. It is a natural mineral water, CARLSBAD RUBIN. It is a natural mineral water, CARLSBAD RUBIN. It is a natural mineral water, CARLSBAD RUBIN.

**Probate of Will**

State of Michigan, The Probate Court for the County of Schoolcraft.

At a session of said Court, held at the Probate Office in the City of Manistique in said County, on the 5th day of November, A. D. 1933.

# Any ice today, Lady?

HOW much does your ice box eat when the thermometer nudges ninety? Did the milk ever sour last summer? Remember when the leftover hamburger spoiled? . . . Maybe your warped and worn old box belongs in a museum!

They've learned a lot about ice boxes since you bought yours. The modern ones are so well built and insulated that they need icing only half as often as they used to! Mechanical refrigerators, of course, make their own ice. And ALL types pay for themselves by saving the money that now melts away.

But, these last four years, while refrigerators grew better and better, the wages of men who made them grew less and less. It was the pinch of Depression, driving down the VALUE of refrigerators as it did of all other commodities, until employers lost money and employees lost jobs.

Now your Government is fighting to RESTORE all values—to make men's time and men's products WORTH something again. The refrigerator industry was one of the first to feel the stimulus. Its NRA code raised pay rolls 38%—helped raise materials, too, such as insulating and electrical parts. Steel is up 15% and nonferrous metals are up 47%.

Increased manufacturing costs have forced up the retail prices of practically all refrigerators. More will follow, inevitably. BUT FOR THE PRESENT, AT LEAST, YOU CAN BUY EFFICIENT, ECONOMICAL REFRIGERATORS AT PRICES THAT MAY NEVER BE REPEATED!

BUY IN MANISTIQUE!  
**Manistique Pulp & Paper Co. and Manistique Light & Power Co.**

It is Further Ordered, That Public notice thereof be given by publication of a copy hereof for three successive weeks previous to said day of hearing in the Manistique Pioneer Tribune, a newspaper printed and circulated in said county.

EDMUND ASHFORD, Judge of Probate.

## Why Proposed Re-Location of U. S. 2 Would be Detrimental to Public Interests

The above map has been prepared by a Committee of Taxpayers for the information of the public regarding the proposed re-location of U. S. 2 from the Delta County line to Manistique. The dots represent farms or occupied buildings; the light lines county or township roads. Distances shown are measured from the Delta County line to the junction in Manistique. The distance of the present route (15.6 miles) would be shortened by the two cut-offs shown near Cooks.

The State Highway Department is completing a preliminary survey of the route. Final decision has not been made. The Committee feels that it would be detrimental to the public welfare if the road should be re-located as shown, and that the Highway Department should be fully acquainted with the public sentiment and the reasons against such re-location.

The Board of Supervisors went on record unanimously against the new route, numerous petitions have been forwarded to the Highway Department at Lansing, and letters have been received from many prominent people protesting against the possible re-location along this route.

### SOME OF THE REASONS AGAINST SUCH RE-LOCATION

1. It would sidetrack the largest and one of the most prosperous farming sections in Schoolcraft County, the resort region of Indian Lake, two State Parks, and the important shipping point of Cooks.
2. The re-location would run across one of the most barren, unin-

habited and unattractive stretches of sand plains in the Upper Peninsula, and would open up no new land capable of being cultivated.

3. It would make the Big Spring State Park, the outstanding tourist attraction of the Upper Peninsula visited each summer by over 25,000 tourists, more inaccessible to tourists.
4. It would throw the expense of keeping up the old route back on the County and State taxpayers because EVERY FOOT OF THE PRESENT ROAD WOULD STILL HAVE TO BE MAINTAINED.
5. IT WOULD BE A WASTE OF PUBLIC CREDIT, WHICH WILL HELP TO PROLONG THE DEPRESSION AND MAKE THE UNEMPLOYMENT SITUATION STILL WORSE.
6. It will retard the growth of the west half of the County and depreciate the value of developments already built up along the present route.
7. IT WILL NOT SHORTEN THE DISTANCE. Certain cut-offs can be made and corners eliminated which would greatly shorten the present route.
8. Why spend money advertising for tourists and then route them through the most barren and unattractive lands we have, and by making them think this is a barren and unattractive country influence them to go elsewhere?

Following are the names and addresses of members of the State and Federal Highway Departments who are influential in deciding this matter, to whom any communications should be addressed:

- Murray D. Van Wagoner, State Highway Commissioner
- H. C. Coons, Deputy Commissioner and Chief Engineer
- G. B. Kennedy, Business Manager and Consulting Engineer  
State Highway Department, Lansing, Michigan
- J. T. Vorschell, District Engineer  
Bureau of Public Roads  
South Chicago Postoffice Building,  
Chicago, Illinois
- Schoolcraft County Road Commission,  
J. E. McCarthy, Engineer.

The committee urges that it is impractical to combine a through highway like U. S. 2 which must be used for commercial and community travel winter and summer, with a lake shore drive, for the reason that people do not live on the shore of Lake Michigan; that it would only locate the present route which would still have to be maintained; and the present route should be developed as a through all purpose winter and summer highway for the quickest and most economical travel, supplemented with a system of local drives.

The committee recommends that instead of re-locating U. S. 2 as posed, the following plan be considered, viz.:

1. That the present route of U. S. 2 with such possible cut-off may be necessary to meet the requirements of the Federal Government for long distance traffic be concreted as fast as possible.
2. That a graveled drive be built and maintained from Manistique via Thompson and Barque Point to Garden.
3. That a new and shorter road be constructed from U. S. 2 to Big Spring State Park.

Committee of Taxpayers,  
WM. S. CROWE, Chairman

## Economic Highlights

**Happenings That Affect the Dinner Pails, Dividend Checks and Tax Bills of Every Individual National and International Problems Inescapable from Local Welfare.**

Not since the days when Bryan and McKinley fought it out along the line of 16-4-1 has the money question so wrenched the country. And it's a good deal more important than it was then—Bryan, who wanted to try a new monetary experiment was only a candidate. Franklin Roosevelt is a President, with unprecedented powers. Recently, inflation and deflation, gold buying, dollar depreciation,

and all the other phases of the problem, have dwarfed everything else. They have almost taken the NRA out of the headlines. They have submerged the farm problem and the foreign problem. Definite battle lines have formed. Each family, who sees eye to eye with the President on practically everything. Behind all this is a quiet, scholarly figure, and a name which rarely comes before the public. It is that of George Frederick Warren, an agricultural economist of Cornell. Last year he wrote a book, called Prices, which became the bible of the Committee of the Nation, an organization of business men seeking a way to recover-

retirement by Dr. Oliver Sprague, once a financial advisor to the Bank of England, to whom "gold" money is even more distasteful. Secretary Woodin, who has been torn of late between his great devotion to his chief, and his instinctive belief in conservative financial policies, went away on an indefinite leave of absence. Into his place stepped Henry Morgenthau, junior, son of a famous financial family, who sees eye to eye with the President on practically everything. Behind all this is a quiet, scholarly figure, and a name which rarely comes before the public. It is that of George Frederick Warren, an agricultural economist of Cornell. NOTICE

Adoption of Banking Code

EFFECTIVE DECEMBER 2nd a code of fair trade practices was adopted by all banks in the Upper Peninsula (Group 1 of the Michigan Bankers Association) to conform to the code recommended by the Michigan Bankers Association under the authority of the National Industrial Recovery Act, and approved by the National Recovery administrator and by the President of the United States.

The code provides that services rendered by banks shall be compensated for, either by adequate balances carried, or by a scale of charges.

This means that a bank shall not render services free of charge, or at a charge below cost.

These service charges are not optional with the bank. The objective of the code is to make all banking operations profitable, and the code committee is not authorized to make any exceptions to this policy.

SCHEDULE OF CHARGES

A complete schedule of the various charges under the code may be seen or obtained at any of the banks.
