The Voice of Schoolcraft County since 1876

VOLUME NO. 100 NO. 1

Thursday, June 10, 1976

CONSTRUCTION AT THE Schoolcraft County Courthouse is approximately 78 percent complete, according to a report released recently by architect Norman Arntzen. Although he

said that the project is almost 16 weeks behind the original progress schedule, tentative plans to lay the corner stone are being made for August 15.

## Moving right along...

Norman Arntzen, architect for the Schoolcraft County Courthouse and Office Building now under construction, reported May 25 that the building stands 78 percent complete with no accidents having yet been reported.

Masonry work, drywalling, placement of roof expansion joints and flashings, plastering, placement of concrete stair slabs and exterior concrete walks are all expected to be completed during the month of June. Also this month work will begin on the ceramic tile, painting and terrazzo floors.

Individual projects stand completed as follows: footings, 100 percent; foundation walls, 100 percent; backfill, 97 percent; masonry, 98-99 percent; concrete slabs, 97 percent; blasting, 100 percent; roofing, 96 percent; metal deck, 100 percent; metal studs, 100 percent; drywall, 75 percent; courtroom ceiling, 0 percent; acoustical tile, 0 percent; structural steel, 99 percent; mechanical rough-in, 100 percent; electrical rough-in, 55 percent; heating piping, 95 percent; sheet metal, 75 percent; mechanical equipment, 98 percent; electrical service equipment, 100 percent; and, total progress, 78 percent.

A. J. Cayle Jr., chairman of the Schoolcraft County Building Authority, noted that tentative plans are to have the cornerstone laying August 15.

MICHIGAN OUTDOOR WRITERS convened in Manistique for a weekend of fishing, banqueting and speeches. Writers and outdoorsmen from throughout Michigan were on hand at the Ramada Inn for the official dinner Saturday night. ## Irresistible force vs. immovable object?

The State Court of Appeals has said it. The Schoolcraft Memorial Hospital Board of Trustees believes it. The question now is whether or not the County Board of Commissioners will abide by it.

Since March of 1975, when Hospital Administrator Ron Czarnock resigned, the Hospital Board has been without a ninth member. They contended that the vacancy must, by law, be filled by the county-appointed Administrator Jim Gardner. The County Board disagreed. It was a question of semantics. The two went to court.

The Circuit Court ruled in favor of the County Board, stipulating only that it "could not appoint one of its own members to the defendant Board." The Hospital Board balked. The two went back to court.

Recently the State Court of Appeals issued this ruling: "...the commissioners must appoint the present chief executive officer (Jim Gardner) to fill the vacancy created by the resignation of the former chief executive officer (Ron Czarnock). The trial court erred in ruling that plaintiff is not required to appoint the present chief executive officer of the Schoolcraft Memorial Hospital to board of trustees. However...the trial court was correct in determining that the vacant position could not be filled by a member of the County Board of Commissioners."

Since the ruling was issued, the County Board has taken no action to appoint Gardner to the Board of Trustees. Gardner is hopeful and, meanwhile, attends all the meetings.

their fitness to such office, one of whom shall be the chief executive officer of the hospital and not more than three of whom may be licensed physicians, who shall constitute a board of trustees for the public hospital. The trustees shall hold their offices until the end of the next following calendar year. In September, prior to the expiration of their terms of office, the board of trustees shall submit to the board of commissioners the names of not more than two qualified candidates for each appointment or re-appointment. The board of commissioners, at its October meeting, shall appoint for terms commencing next January 1, three trustees for two years, three trustees for four years and three trustees for six years. As terms expire thereafter appointments shall be made for six years in the same manner. Appointments to unexpired terms shall be made in the same manner. All appointments and reappointments shall meet general eligibility qualifications herein before stated."

The County Board and the Circuit court both hold that it means only that the hospital administrator be a member of the initial hospital board and not necessarily of any subsequent boards. The Hospital Board and the Court of Appeals both hold that no distinction is made between the initial and subsequent boards... and that the history and language of the statute manifest a legislative intent that the chief executive must be appointed to any and all subsequent boards.

Irresistible force meeting immovable object? Time will tell.

## Manistique City Council

# '76-'77 budget adopted

Manistique city council adopted the 1976-1977 budget at the public hearing Monday night. The council proposed and adopted a balanced budget totaling \$800,275. The 1976-77 budget was for \$669,572. The city spent \$834,856.00. Extra revenues came from federal projects and state payments.

Councilman Douglas Rose, in preliminary remarks called the budget a "tight fist" and, referred to a deficit for 1975-1976 of \$19,631.

Rose went on to attack the old council and the former city manager for over-

spending, using poor judgement in fiscal matters, and being unable to cope responsibly with the money management of the city. He said he felt the new council members should not be blamed for the city's fiscal problems.

The budget itself relies heavily on increased valuation in the city, and raises the millage from 18.5 mills for operation and general purposes, plus 3.5 mills for bond and sewer service; to 20 mills for operation and general, and 3.5 mills for bond and sewer. Twenty mills is the highest levy the council can make without a referendum.

The increase in the levy will bring the city \$408,004.97 in taxes, an increase of \$19,844. The city anticipates no monies from federal revenue producing projects, and does not anticipate having to borrow money at the end of the fiscal year.

Cuts made in city expenditures reflect the desire on the part of the council to hold the line on expenses.

This year no money is allocated for publishing minutes of council proceedings, community development, new equipment for the Department of Public Works,

Christmas turkeys for city employees, street improvements or participation in the area Chamber of Commerce.

Cuts have been made in the budgets of most departments, most notably Public Works, with a decrease of \$3,682; legislative and administrative expenses.

Increase in expenditure have been slated for the Public Safety Department, mainly due to an increase in salaries, and in fixed charges, reflecting increased insurance costs.

## Money for Indian education

Manistique Area Schools will receive \$48,235.00 of half a million dollars given to the Upper Peninsula by the Office of Indian Education, Sen. Art Robert Griffin announced recently.

The money, part of a \$31 million grant distributed throughout the United States, must be used for education purposes during the period beginning July 1, 1976 and ending June 30, 1977.

## Policy governing use of school adopted

Community School Director Jim McDonough recently issued a revised policy governing community use of school facilities and a policy regarding community and student use of the school's swimming pool.

Upon approval by the Manistique Area School's Board of Education, both policies will become effective for the 1976-77 school year beginning July 1, 1976.

As indicated in the policy governing use of school facilities, applications will be placed in one of four classifications and fees levied accordingly. The classifications are: "Class I-Teacher and student groups sponsored by the faculty and P.T.A. or Board of Education are allowed the use of the building rent free if monies collected are used for child, community interest; Class II - Programs operating under the auspices of Community School shall be charged an activity fee to defray additional cost of operation. The fee shall be determined by the Community School Director; Class III - Civic clubs, churches and other organized groups devoted to community interest or child welfare are no fee for ordinary meeting purposes. If admission is charged or contributions accepted, the organization will be billed for a regular fee; Class IV - Organizations or individuals which sponsor events to enhance their own treasuries pay the highest fees."

"In general," the policy reads, "school buildings and facilities will not be available to groups unless they are associated with the school or with an organization within the school district."

In addition to rules of conduct, the revised policy also stipulates that kitchen help, custodians, etc. required after normal working hours will be reimbursed by the renter at the prevailing wage.

Rules and regulations surrounding use of the new pool are extensive and include wage rates, swimming fees and rental fees. Briefly, the pool, which has a capacity of 55, will be adequately supervised at all times. Safety codes have been established in regard to both health and conduct.

## Big Bay schools hold election

Big Bay School district will hold an election on June 14. Two candidates have filed nominating petitions for the one vacancy which will be filled on the board. Filings for the four year term are Barry Rochefort of Garden and Herman Strasser of Cooks.

Also on the ballot will be a millage request. The request is for 15 mills for one year which includes: 10.66 renewal, .57 transfer; from debt retirement to operation, and 3.77 additional.

There will be a proposal to eliminate the \$500 salary now paid to the treasurer of the school board. In addition there will be an advisory vote asking whether the township comprising the district should be authorized to collect the school tax beginning July 1 of each year.

Absent voter applications for the June 14 election are available from Carl Morrison, school secretary. Applications must be filed no later than 2 p.m. Saturday June 12 with her.

Polls will be open from 7 a.m. to 8 p.m. Polling locations are: the Inwood Township Hall, Garden Community Building, Nahma Town Hall and Fairbanks Hall.

Due to the school election the regular monthly meeting of the board will be held on Tuesday June 15 at 7:30 p.m. at the school.

## Flag Day preparations made for June 12

Finals preparations have been made for the June 12 Flag Day ceremonies, chairman Ed Doyle announced today. The event, sponsored by the Elks Club in conjunction with the Bicentennial committee, will be held in the 200 block of Walnut Street beginning at noon.

Events will begin at noon on the porch of the Elks Club with music by Charles Coulton, Vern Annin, Jim Hendrickson, Art Fountain Jr. and George Houghton. The Precisionists Drill Team will perform at 12:30 p.m., followed by a roll call of colors which will include flag displays from the various government and organizations in the county.

Prior to a ritual conducted by the Elks

and area Boy Scouts, Christine Behrend will sing the "Star Spangled Banner". Participating in the ritual, which includes a history of the American flag, will be Joseph DeWinter, Douglas Kratz, Tom Carlson, Gary Tra ven, John Rique, Edward Doyle and David Heines.

Both ends of the 200 block of Walnut St. will be blocked to traffic from noon to 2 p.m. that afternoon, during which time citizens are asked not to park their cars in that area. Spectators may view the ceremony from the sidewalks.

Organizations wishing to participate in the roll call of colors by displaying a flag are asked to contact Ed Doyle.

ADULT HIGH SCHOOL GRADUATES were honored with a banquet Friday night at the Elks Club. Representative Charles Varman was the guest speaker. Shown are (back row left to right) Terry Savage, Faith Waldrop, Joanne Hastings, Janet Rochefort, Hamill and Mike LaVance. Seated are Charlene Metcalf, Nancy Hentschel, Hobbs, Charles Chambers and Laura Lander. Not shown are graduates Carol Lynn Porter, Lois LaFosse, Jane Reno Popour, Richard Naleite, Mary Ellen Falbo, Janice Repp and Jane Moore. (Tribune Photo)

## Opening bids occupies schoolboard's time

The opening of bids occupied most of Tuesday night's meeting of the Manistique Area School's Board of Education; bids on multi-peril and fleet insurance, custodial paper supplies, typewriters, garbage bags, bus tires and light bulbs.

When it was all over, responsibility for studying each one, analyzing them and making recommendations to the Board was given to a committee of four which includes Superintendent Richard Bonifas and Superintendent Bill Geseman.

A third reading of Policy 4127.1 governing staff conduct within the schools was given Tuesday night and a motion made to finally adopt it. The motion passed unanimously with no discussion.

A second motion to meet unanimous-

approval by the Board was a motion made to "accept" the resignation of (Doyle custodian) Rosemary MacGregor with regrets."

In other business, the Board approved payment of building and site bills totaling \$70,819.41 and;

heard a report by Supt. Bonifas that three attempts to pass a State Aid bill in the Senate, had failed and that they will return to the House.

The school auction, held June 5, resulted in gross sales of \$7,043. A total of \$66 was paid in commission to the two auctioneers, and three sales clerks received \$200 jointly. The result was a net income to the schools of \$5,280 after three hours and 45 minutes of bidding.

## New rate adjustments approved for Edison Sault

The Michigan Public Service Commission announced today that new electric rate schedules have been approved for the Edison Sault Electric Company. The new electric rates will mean an increase of approximately 15 percent for customers served by Edison Sault in the Eastern Upper Peninsula.

The new electric rates will become effective on May 31. Under the new schedule of rates, Edison Sault will still have one of the lowest residential electric rates in the State of Michigan. Customers using 1,000 kilowatt hours of electricity in their home will pay \$14.25 per month under the new rate. Residential customers living in the Lower Peninsula of Michigan will pay, on the average, \$19.28 for the 500 kilowatts of electric service.

The new residential rate schedule for Edison Sault has a customer base charge of \$2.50 each month, with all electric energy used during the month priced at a rate of 2.7 cents per kilowatt hour. This rate schedule is a departure from the rate structures used in the past. In the past, rates used what was called a "declining rate" schedule. This meant that as you used more electricity, the cost for each unit of electricity used decreased. Today, with the increased cost to provide each unit of electricity, the charge is a flat rate for all electricity used in the home.

"This new rate, as developed by the Michigan Public Service Commission, means that low usage customers receive less of a per cent increase than high usage customers such as homes with electric space heating and large commercial customers.

Residential customers using 500 kilowatt hours of electricity will pay the \$14.25 per month, which is 71 cents per month over the old rate. If the customer uses 1,000 kilowatt hours of electricity, the new rate will be \$26.50. This represents an increase of \$1.56 per month for the 1,000 kilowatt hours.

A new fuel and purchased power adjustment clause has been included in the electric rate schedules. Under this new clause, the Company will be required to submit data on power cost to the Public Service Commission every two months prior to reflecting in the customer bill increases or decreases in the cost of fuel and purchased power experienced by the Company. With notice by the Company, public hearings will be held and the procedure will be the same as in any rate case before the Commission, except that the issues will be related solely to the cost of power. The new rates are based on a fuel and purchased power cost of 7.4 mills per kilowatt hour. This will be the basic point for any adjustment in the Company in its fuel and purchased power costs.

Company officials expressed satisfaction with the manner in which the rate case was processed. "The decrease in the allowed rate of return requested for our Company," said President Bill Gregory, "will be reflected in our continued effort to reduce expenses and control those costs within our range of control. We plan to continue to provide reliable electric service to our customers within the limits of our financial ability."

## Medical Care

by Sally Schuetter

Hi Everyone,

The weather has been so beautiful that it's hard to believe it's only June. However, my vacation starts next week, and if it's anything like last year, prepare yourself for a sudden change from sunny and warm to wet and cloudy; the gardens need rain anyway. It sure would be nice to have a sunny week for a change though. Maybe this year will be different.

We have had some very nice visits and entertainment these past two weeks. The Manistique High School Choir and their leader, Sue White, sang a nice selection of songs just before lunch was served and Marion Orr and two of her piano students entertained after Bingo on Friday. Marion plans to have the students return to play

again, and we hope the High School Choir will be back again next fall also. Bingo treats have been donated by Dorothy Peterson, Rose Christenson and Barbara Tiglas. Bingo prizes were donated by Mrs. Bernard Klais of Fenimore, Wisconsin, Lois Clifton, Rexall Drug Store and Betty Gunderson. Mrs. Kolinski from Cooks sent a large box of homemade cookies for refreshments, and they were great. Thank you everyone.

I would like to thank the Pentacostal Church members and the Fayette Baptist Church for their continuous faithful service to patients at the Facility. The patients look forward to these church services and the church members never let them down. Visitation by church groups or any other group is contact with the justice and does alot for anyone who is confined.

New patients admitted to the Facility are Mary Osterhout, Mauritz Peterson, and Barbara Deterville. Birthday greetings go to Lil Malone on June 17, and Irene Kotchon on June 26. Have a nice week.

## ADCEA to hold annual meeting

Members of the Alger Delta Cooperative Electric Association are urged to mark their calendar for June 18th. That's the date for the annual meeting to be held at 10:30 a.m. Eastern Daylight Savings Time at the Gladstone National Guard Armory.

Mr. Jerry L. Ellefson, Assistant Vice President and Assistant General Manager of the Wisconsin Michigan Power Company will be the main speaker of the day. Jeff Larche will entertain us with his comedy-magic and music and song will be furnished by the Gospel Songfest Singers. The members will approve the various reports of the officers and affirm the election of three directors elected for three years each, namely, Eugene S. Sierovo, Deerton area; Arvo Kallio, Grand Marais

A Bicentennial Barn Dance will be held on Saturday, June 12th at 7:30 p.m. at the Thomas Klaus farm (former Otto Winkel farm). The Klaus farm is located on

## Meeting slated for Chamber of Commerce

The annual members' meeting of the Manistique Area Chamber of Commerce will be held June 15 at the Fireside Inn. Chamber President Rick Pawley announced plans for the dinner at the regular Chamber meeting Tuesday noon.

A social hour will begin at six p.m., with dinner at seven o'clock. Information about the dinner is available at the chamber office. Speakers will be Max Fromaging of the Department of Natural Resources and Bill Helwig of the Upper Peninsula Travel and Recreation Association.

The Chamber Board of Directors also announced summer hours for the office. Staff will be on hand from 8:30 a.m. until 9 p.m. to serve tourists and pass out information.

## Golat makes academic honors list

Kenneth Golat, a student at Ferris State College in Big Rapids, was recently named to the spring quarter Academic Honors List.

One of 1,738 students honored for scholastic excellence, he had to earn at least a 3.25 average on a 4.0 basis and carry a full academic load (14 quarter hours of credit).

## Esther group plans pot luck

The Esther Group of the Lutheran Church Women will have a pot luck luncheon on Tuesday, June 15th at 1 p.m. at the cottage of Mrs. Glen Pawley. She lives on Indian Lake.

The study leader will be Mrs. Julius Settergren.

The Ruth group will meet on the 22nd of June. Details to follow at a later date.

## Double ring ceremony performed

**Mr. and Mrs. Robert Pelon**

Lorri Jane Carley from Cooks, and Robert Earl Pelon, from 394 Clark St. in Manistique, were united in marriage on June 5, 1976 at the St. Mary Magdalene Church at 3:00 p.m.

Parents of the bride are Mr. and Mrs. Lawrence Carley from Cooks, and the groom's parents are Mr. and Mrs. Wilfred Pelon, Jr. of Manistique.

The bride was given away in a double ring ceremony by her father. She wore an empire style gown of Quiana Jersey trimmed with Brussels lace. The neckline and the sleeves were long and trim. The chapel length train was attached to the gown, with a face framing headpiece. Her veil was a triple tier, cathedral length of imported illusion. She carried a white lace prayer book with 2 yellow baby roses and baby's breath.

Rosanne Reid from Cooks was the maid of honor and the bridesmaids were Deborah Gray from Cooks, Elaine Govin of Isabella, and Meladee Carley (sister of the bride).

The attendants wore gowns made of polyester chiffon with empire waist, v-neck with lace accenting, flared, ruffled flounced skirts, puffed sleeves with lace accenting the cuffs. The maid of honor's dress was yellow and she carried one yellow rose accented with baby's breath. The bride's attendants' gowns were pink and they also carried pink roses with ivy and baby's breath.

The flower girl, Rochelle Thomas, niece of the bride, wore the same style and color dress as the attendants. Dean Carley was the ring bearer. He is a nephew of the bride.

Bestman for the occasion was Charles well was a triple tier, cathedral length of imported illusion. She carried a white lace prayer book with 2 yellow baby roses and baby's breath.

## Couple exchanges vows

**Mr. and Mrs. Dave Carlson**

Floral arrangements of trums and blue tinted wheat graced the altar of St. Francis Xavier Church on Friday, for the 6 p.m. wedding of Margaret Mary LeBlanc and David Eugene Carlson. Fr. Frank Durdek officiated at the double ring ceremony before 180 wedding guests.

Mr. and Mrs. Joseph LeBlanc of Bruslas are the parents of the bride, and Mrs. Eugene Carlson of Manistique are the parents of the groom.

Professor August Haybrechts offered traditional wedding music and soloists, Martha Moore and Mary Veurink sang "Ave Marie" and other selections.

Given in marriage by her father, the bride wore a dotted swiss gown featuring a lace bodice, high neckline, puffed sleeves and the skirt ended with a ruffle at the bottom. Her veil of illusion was attached to a Juliet cap of lace and she carried a bouquet of white roses, white mums and baby's breath.

Jean Sysko assisted as matron of honor and the bridesmaids were Mary Jo LeBlanc, sister of the bride, and Donna Carlson, sister of the groom. They wore long blue gowns with embossed flowers featuring empire waists, scooped necklines and puffed sleeves.

Beth Leahy, niece of the bride, was the flower girl. She wore a blue gown fashioned the same as the other attendants.

Jim Gow served as best man and groomsmen were Joseph LeBlanc Jr., brother of the bride and Larry Carlson, brother of the groom. Ringbearer was Tony Carlson, nephew of the groom.

The bride's parent hosted a reception at Stafford's Bay View Inn following the ceremony. To greet her guests, the bride's mother wore a floor length blue polyester gown and the groom's mother wore a long apricot colored gown.

Following a wedding trip to Montreal, Canada, the couple will make their home in Alanson. The groom is an x-ray technician at Little Traverse Hospital and the bride is a nuclear medicine technician at Little Traverse Hospital.

A rehearsal dinner was hosted by the groom's parents at Stafford's Bay View Inn on Thursday evening.

## What's going on

by Marg Chandanaïs 341-6886

Fun and sun days are back again. How nice to have summer again! (Sorry, Sunmobile fans everywhere!) Don't forget, be careful and observe safety rules so your summer won't be marred.

Mrs. Mamie Schubring, a former resident of Manistique, is a volunteer at the V.A. hospital in Milwaukee and requests that should anyone from Manistique or anyone with friends and relatives who would like company, enter the veterans hospital there, please call it into this column as she receives the Pioneer there and will visit them.

Mrs. Russell (Tillie) Tennant has recently returned from a dream trip to Los Angeles where she was a guest of former residents, Ms. Fawcett Drake and Ms. Marguerite Willebrand of Gardena, California. While there Tillie toured the many beautiful tourist attractions, such as Disneyworld and visited the taping of a Dinah Shore show and had the thrill of shaking Miss Shore's hand. Lynn Anderson and Ed McMann were guests that day.

Mr. and Mrs. Byron Peterson were hosts of a dinner and get together Sunday in honor of their daughter, Colleen, who was confirmed from the Zion Lutheran Church, that morning. Guests present for the memorable event were fifteen-year-old Colleen's godparents, Mr. and Mrs. Carl Simi of Newberry, the grandparents, Mr. and Mrs. Ed Gray and Mrs. Pearl Peterson, Mr. and Mrs. Joe (Micky) Peterson, Mr. and Mrs. Bob Peterson, and Mr. and Mrs. Bob Hastings were also guests. Congratulations, Colleen!

## United in marriage

**Mr. and Mrs. Dan Schulz**

Susan Alice Brandstrom, 605 Park Avenue, Manistique, and Daniel Adam Schulz, East U.S.2, also of Manistique were married on May 29 at the Zion Lutheran Church. An evening ceremony was performed at 7:30 p.m. by Rev. Edgar Levin.

Parents of the bride are Mr. and Mrs. Studie A. Brandstrom, and they reside in Manistique. The groom is the son of Mr. Gottlieb Schulz and the late Irene Schulz of Manistique.

The bride was given away in marriage by her father in a double-ring ceremony. The bridal gown accented a v-neck, long bishop sleeve and natural waistline, all trimmed in Venice lace. A circular flared skirt finished off the look in white organza over tulle. Venice lace also trimmed the bottom of the skirt. Her veil, in white tulle, fingertip length, featured a Juliet bouquet of yellow roses, daisies and baby's breath.

Sister of the bride, Sara was the maid of honor, and her attendants were sisters

## Women's club presents scholarships to area students

The Manistique Women's Club is proud to announce the presentation of several scholarships to area music students to attend the Northern Michigan University summer music camp.

Scholarship winners are: Mary Orr and Julie Prunty from senior band, Amy Schwartz from chorus, Denyse Buda from junior band, and alternate Roxanne Skarrit. The awards were given at the recent band and choir awards banquet.

Funds for the scholarships were available because of the generous response of the people who attended the Interlochen concert presented by the Women's Club in February.

TREAT YOURSELF TO A GLOXINIA!

Let us begin the life cycle of a gloxinia on the day you get it, glorious in the beauty of its flowers and full of the promise and its unopened buds. At this stage your gloxinia is made for pure enjoyment. It will last longest if you give it bright light, but not full sunshine. Keep the soil moist by placing water in a saucer beneath the pot.

When the flowers fade, prepare your plant for resting. Gradually reduce watering so that the soil becomes increasingly dry. The leaves will slowly shrivel and turn brown. When this happens, withhold water entirely for three to four months, or until, of its own volition, your plant begins to make new growth. Then repot it in fresh African violet soil.

Feed your growing plant biweekly with a mild house plant fertilizer. It will increase in size and produce even more flowers than it did originally. Gloxinias often live a decade or longer and 50-year-old plants have been recorded.

# NOTICE OF ANNUAL MEETING OF THE MEMBERS OF THE ALGER DELTA COOPERATIVE ELECTRIC ASSOCIATION

Pursuant to provisions of the by-laws, notice is hereby given that the Annual Meeting of the members of the Alger Delta Cooperative Electric Association will be held in the City of Gladstone, Delta County, Michigan at 12:30 P.M. Eastern Daylight Savings Time on Wednesday June 16, 1976 at the Michigan National Guard Armory, 1900 Lake Shore, Gladstone, Mi., to take action on the following matters:

1. Seating of three (3) directors for terms of three years each.
2. Seating of one (1) director for term of one year.
3. Hearing of reports of officers.
4. To consider and act upon the following proposed amendments to the by-laws of the Cooperative:

Amend Sections 3 and 4, Article II; and Subsection 5.04, Article III by deleting these paragraphs in their entirety and inserting in their stead the following:

**ARTICLE II - Section 3 - Notice of Members' Meetings.** Written or printed notice stating the place, day and hour of the meeting and, in case of a special meeting, the purpose or purposes for which the meeting is called, shall be delivered not less than ten (10) and no more than sixty (60) days before the date of the meeting. Notification can be made by mail or in an advertisement in a newspaper or other periodical, provided however, that with respect to all meetings at which directors are to be elected such notice shall be so delivered not less than ten (10) days nor more than sixty (60) days before the date of the meeting. If mailed, such notice shall be deemed to be delivered when deposited in the United States mail, addressed to the member at his address as it appears on the records of the Cooperative, with postage thereon prepaid. In case of a joint membership, notice given to either husband or wife shall be deemed notice to both joint members. The failure of any member to receive notice of an annual, district or special meeting of the members shall not invalidate any action which may be taken by the members of any such meeting.

**ARTICLE II - Section 4 - Quorum.** A quorum for the transaction of business at any membership meeting shall be not less than one hundred (100) members of the Association and no member can be represented by proxy, except as provided by law. In case of joint membership between husband and wife, only one of the two shall be counted in determining whether or not a quorum is present. If less than a quorum is present at any meeting, a majority of those present in person may adjourn the meeting from time to time without further notice.

**ARTICLE III - Subsection 5.04.** A quorum for a district meeting shall be not less than ten (10) members of said district. Less than a quorum may adjourn said meeting from day to day.

5. Any other business which may legally come before the meeting.

Dated at Gladstone, Michigan this 28th day of May 1976.

THE PRIDE OF THE CITY OF MANISTIQUE

Pride of Manistique. . .

Dizzying staircase

Discarded science projects

As construction on the new Manistique High School nears completion, preparations are being made to remove the structure which has served this community since 1918. Old furniture, books and fixtures were auctioned off Saturday and this week crews are removing valuables to be stored in the new building and cleaning each floor, room by room, hallway by hallway.

Today, four days before demolition is scheduled to begin, the Tribune wishes to remember and to pay tribute to a building which has served us well.

According to records kept by the school, a vote was taken December 26, 1915 on whether or not to borrow \$125,000 for the purpose of erecting a brick high school building to replace the old wooden structure. Of the 439 votes cast, 274 were in favor of the proposition, 165 opposed.

The firm hired as architects by the Board at that time was Robinson and Campau of Grand Rapids. Balkin Construction Company of Chicago was hired as the contractor.

Construction began shortly thereafter. In August of 1916, and proceeded until February, 1918, when the Senior High School building was completed. Classes began to use the new facility immediately.

The building at that time housed 375 students cost \$196,202 and was affectionately referred to in a 1918 handbook as "The Pride of Manistique."

"The public schools of the City of Manistique occupy seven buildings, four of which are at central location, corner of Main and Cedar streets," the booklet read.

"At the central location the new High School building faces Cedar street with a frontage of 140 feet. On the third floor may be found the science department, music room and three recitation rooms. The second floor is given up to the commercial and agricultural departments. It also has three recitation rooms, a women's rest room and an office that may later be fitted up for a school nurse or a medical inspector. On the first floor are located the office, a public library 24 x 60 feet, two recitation rooms and stock room. Coat and toilet rooms are also found on this floor.

Extending east from the three-story structure on the first floor level is the auditorium. As a study room it is equipped to accommodate 325 students; as an auditorium it has seating capacity for 651 people. Facing Maple Avenue is another new modern brick building which contains the gymnasium, shops and heating plant."

"The program of studies then listed like this: 'First Year—English, Latin, algebra, botany, ancient history, business methods and commercial arithmetic, penmanship and spelling, home economics course I, shop course I or II; Second Year—English, Latin, geometry, geography, modern history, bookkeeping, farm crops and horticulture, shop course II, III, IV or V, home economics course I, II or III; Third Year—English, French, Latin, algebra and geometry or arithmetic, chemistry, book-

keeping, typewriting and stenography, commercial law and commercial english, live stock and feeding, dairying and poultry, shop course III, IV, V or VI, home economics course I or III; Fourth Year—English, French, Latin, physics, American history and government, stenography, industrial history, and elements of economics, soils, farm management and farm mechanics, shop course V, VII, VIII, home economics course II or III."

The first class to graduate from the building numbered 34. Graduates were Agnes Theresa Abrahamson, Roy Joseph Brunet, Cora Casemore, Everett E. Cusick, Irene Cecelia Devros, Nan Muriel Durso, Edith A. Eastman, Bernita Louella Gayar, Hartley Theodore Grandin, Leo Sylvanus Augustus Hagglöom, Elmer Highlund, Lillian Florida Hough, Margaret Medina Isaac, Helen Refauffer, George Robert Korvotz, Harold Gerritt Leach, Stella Viola Lansley, John Fuller MacLaurin, Merle Marie MacPhail, Perry G. Millar, Elsie Rose Mueller, Edwin LeRoy Needham, Ellen Theresa Nelson, Gertrude Hollis Overton, Elna Sired Peterson, Lyle F. Reinwand, Jay William Riley, Louise Anna Schueller, Lola Marie Shampine, George Stephens, Edith Crowell, Tomas, Frances Lucille Tryon, Richard Percy Waters, and Philomena Marie Weber. The group graduated June 16, 1918 in the auditorium.

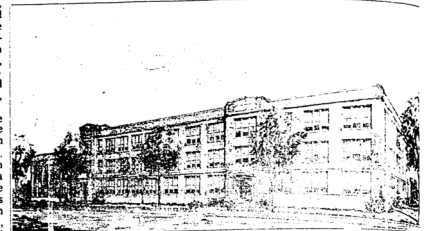

Numbered among the administration at the time of graduation and during the construction period were Board members William B. Thomas, John Coffey, Charles R. Orr, R. H. Teeple, Henry Neville, Alice Beilly, secretary of the Board, and Board President A. S. Purnam. Then Superintendent T. W. Clemo served the schools from 1911 until his death in 1922.

In 1930, a new and different Board of Education approached the voters again. They were asking this time for money to build an addition to the high school.

Superintendent A. F. Hall compiled a booklet which read this way: "To the taxpayer. We are placing this booklet in your hands so that you may know why we decided to ask for an addition to the present high school to take care of grades kindergarten to sixth now housed in the Old Central grade building and to give junior high school facilities to the 7th and 8th grades of the entire city also housed at present in the Central grade building, and remodel the Lakeside School rendering it modern in educational facilities and equipment."

"The people continued to read and were convinced. A junior high school addition to the building was completed in 1932 at a total cost of \$125,872.

In 1976 the final class to graduate from "The Pride of Manistique", a class that may well have included the grandchildren or great-grandchildren of those who graduated in 1918, left its doors for the last time May 27. Behind them, too, they left the memories.

### OFFICIAL PROCEEDINGS

#### Board of Commissioners

At a recessed meeting of the Schoolcraft County Board of Commissioners, held on Friday, May 28th, 1976, at the Old Armory Building, West U.S. 2, Manistique, Michigan, commencing at 7:30 P.M., E.D.S.T.

The meeting was called to order by the Chairman, Ernest S. Hoholik.

The roll was called and noted as follows: Present were, Ernest S. Hoholik, Paul Hellenbeck, Earl LeBrasseur, William Tennyson, LeRoy Belnick, and William J. Olesak. Absent were: Merwin White and Prosecuting Attorney, Gifford D. Smith.

Commissioner, William J. Olesak, Chairman of the Union negotiating committee, reviewed the proposed union agreement, noting that it was for three years, with an increase in pay per hour of 30 cents for 1976, 30 cents for 1977 and 35 cents for 1978. Commissioner Olesak recommended that it be adopted. Thereupon, it was moved by Paul Hellenbeck, supported by Earl LeBrasseur, that the proposed union agreement as outlined in the "Memorandum" of May 28th, 1976, from Attorney Robert S. Rosemurgy, be accepted by the County of Schoolcraft. Motion carried by unanimous Aye vote of members present. Absent: Merwin White.

A letter from the Schoolcraft Memorial Hospital requesting immediate payment in full of the adjacent dietary services furnished the Medical Care Facility for 1975, of approximately \$32,000.00, was read and discussed.

Thereupon, it was moved by Paul Hellenbeck, supported by William Tennyson that a payment of \$1,000.00 be made at this time, with the remaining balance to be paid when funds are available. Motion carried by unanimous Aye vote of members present. Absent: Merwin White.

A proposal for additional parking at the new Court House site, as proposed by the

Architect was reviewed, and after considerable discussion, it was moved by Earl LeBrasseur, supported by Paul Hellenbeck, that the "Proposed Walnut Street Parking Plan", alternate-diagonal parking a total of 25 parking spaces be approved, and it is recommended that the Building Authority adopt this plan of construction, and take the necessary steps to implement said plan, subject to the approval of Michigan Transportation Department Highway Division, and with the City of Manistique regulations." Motion carried by unanimous Aye vote of members present. Absent: Merwin White.

It was suggested that it may be possible to interest the Presbyterian Church to develop the parking lot east of the Church on Main Street, which might be used by the County for parking when not used by the Church, and that the Church in exchange, be permitted to use the Court House parking during services. The Chairman of the Building and Grounds Committee was asked to check with the Church people regarding this proposal.

It was moved by Earl LeBrasseur, supported by Paul Hellenbeck, that the meeting adjourn without day. Motion carried.

Signed: Ernest S. Hoholik, Chairman  
Attest: Ferdinand Lesica, It's Clerk

### CHECK FOR THESE INSECTS:

a variety of crop-damaging insects are starting to emerge. Their control should start now to reduce economic losses.

Lettuce, carrot, onion and celery growers should look for the six-spotted leafhopper, a light greenish colored insect, about one-eighth inch long, with six spots on the front of its head.

As it feeds on plant juices, it spreads aster yellow disease, which causes stunting, stem twisting and chlorosis (yellowing of the leaves). The insect will be arriving on storm fronts that move through Michigan.

Snap bean and potato producers should watch for the potato leafhopper (whitish-green, one-eighth inch long), the first of the serious pests for these crops. Its feeding habits can cause "hopper burn," which is a plant reaction to the insect's saliva as it sucks juices from the plant. It leads to leaf curling, yellowish-brown discoloration, stunting of plants and reduces yield.

Cabbage, seed corn and onion maggots are active this time of year. They burrow into the plant roots or seeds. The maggots are about one-third inch long when full grown and creamy white.

The onion maggot burrows into the bulb near the roots. Insecticide should be applied when planted and by first of June as a foliar spray. The seed corn maggot attacks cucumber, melon, squash, sweet corn, peas and other seeds planted in soils which are high in decomposing organic matter, such as winter cover crops or animal manure that has been plowed down. Seed should be treated with an insecticide prior to planting.

To curb maggots on cabbage, cauliflower, broccoli or brussels sprouts, treat transplant water with the proper insecticide. This pest can completely destroy plant roots, depending on root development at the time of attack. Imported cabbage worms and cabbage aphids will be appearing on cauliflower, cabbage and brussels sprouts. Make routine checks in fields for the white adult butterflies. The

eggs hatch into an even green-colored worm which chews large holes in the leaves.

Aphids should appear on or before mid-June. They feed on the sap from leaves, causing "cupping" and "curling" of the leaves. Infested plants will not produce heads and, if not properly treated, will become a source for infestation of the entire field.

Last year there was an outbreak of variegated cutworms on potatoes, celery and cabbage. Blacklight monitoring has not indicated a potential outbreak in 1976, but growers should begin field inspections for the larvae, which are less than one-fourth inch long.

Feeding at this time skeletonizes leaves, but as the larvae grow larger, they will chew completely through a leaf.

Fields infested last year should be watched closely. Growers should watch for more information from their county's Cooperative Extension Service Office about the insect during the spring and early summer.

The cucumber beetle attacks the cucumber, pumpkins, melons and squash and is active in southeastern Michigan. Adults overwinter in fence rows, ditch banks, woodlots, etc. If they feed on bacteria-infected plants last year, they will transmit the disease to plants they feed on now. If controls are needed, apply now, before plants blossom, so as not to injure honeybees, which are necessary for flower pollination.

Producers of tomatoes, eggplant and potatoes should check for the Colorado Potato Beetle, which should begin to actively feed on plants during the last week of May. Controls should be applied as soon as adults are seen in the field to prevent egg laying and a subsequent build-up.

Commercial producers should obtain Extension Bulletin E-312 from their local County Extension Office for details on control recommendations. Homeowners should ask for Extension Bulletin E-760 (b).

## Summer recreation program to begin

Manistique's summer recreation program will begin either June 21 or June 28, depending on the weather conditions. A key may be picked up and returned at the city police station. The lights must be turned off by 11:00 p.m. These programs will include swimming lessons, baseball and arts and crafts. A special request goes out to whoever borrowed the large screen for dragging the baseball fields. Please return it.

Tennis courts are available after dark. Senior Life Saving or W.S.I. certified people are wanted to work in the recreation swimming program. Contact Rick Larson at 341-5991.

### Jean Hollenbeck keeps up with her husband in politics

Jean Hollenbeck has been at least as politically active as her husband, County Commissioner Paul Hollenbeck, in the 18 years that they've been married.

For seven years she was the treasurer of the democratic party. At present she is in her second term of the Jury Commission board, a position gained by Governor's appointment. She has also served on the party's Executive Committee.

"We've both been very interested in politics since we've been married," Mrs. Hollenbeck said. "We discuss it often and pretty much agree on the issues. He does a lot of research as part of his work on the County Board. He explains that to me and we discuss those issues as well. He respects my opinions and I can remember at least one time when I influenced him to join one of the Board's committees."

The one she referred to was the Mental Health Committee. As a licensed practical nurse working part-time at the Medical Center, she knows "how very fortunate we are to have a Mental Health Director."

Mrs. Hollenbeck studied nursing at the Upper Peninsula School for Practical Nursing in Marquette, training later in St. Louis, Mo.

She later met her husband, she said, through a friend. "We met in 1955. I was on a bowling team. My friend's boyfriend came to pick her up after a game and with her boyfriend was my friend Paul."

She worked for the first ten years of their marriage as an L.P.N. part-time for a physician. Even working part-time at the Medical Center, she and her husband have very little time to spend together.

"When they do, they spend it 'doing something we can do together. We have an frame on Indian River. That's our summer hobby. Paul built it and I was his helper. Every year we try to complete one project out there. This year we're planning a gazebo."

The Hollenbecks, in fact, live at the cabin during the summer months. While he's there, he often likes to barbecue when for gatherings of family and friends.

"It's an all day process for him," said his wife, "but he enjoys it and that's his contribution to entertaining."

Hollenbeck enjoys cooking, too, though she said she doesn't do as much as he used to. Like so many others of us, she's cutting calories.

"I like to try other people's recipes and I like to play with fancy desserts. Paul likes boys food, period. And lots of it. He's not fat, but I can't give him casseroles every day. His favorites are steak and kidney with all the trimmings."

With us, Mrs. Hollenbeck chose to share recipes for Meatloaf and Cabbage and a steaming dessert. Pineapple Cream

Prepare favorite meatloaf. Place in roaster. Slice one medium cabbage fine. Place cabbage around meatloaf in roaster. Pour one can of tomato soup over cabbage. Bake at 350 degrees one and one-half hours.

Serve meatloaf on large platter and arrange cabbage around loaf.

### PINEAPPLE CREAM PIE

graham cracker or vanilla wafer crust  
1/2 cup milk  
1/2 pound package marshmallows  
1/2 cup crushed pineapple  
1/2 pint whipped cream

Prepare graham cracker or vanilla wafer crust. Line pie plate with crust. Pour 1/2 cup milk in double boiler. Add 1/2 pound package marshmallows. Boil until melted. Cool. Then add 1/2 cup crushed pineapple and fold in 1/2 pint whipped cream.

Chill 2 to 3 hours.

### General Telephone offers new service

General Telephone is now offering a special limited one-party residential telephone service called "Life Line" in the Manistique exchange, according to Lane White, division manager for the company.

The new service is designed for those who make very limited use of their telephone service but who want basic service available because of security, emergency or other generally limited uses.

Life Line is a one-party service limited to 30 calls per month at a rate \$2.00 less than the regular one-party service rate in

## Bald eagles hatch at Seney

SENEY, MICH. - Two active bald eagle nests, built in large red pines on islands in the refuge pool system have successfully hatched, according to biologists.

An aerial survey conducted by the U.S. Fish and Wildlife Service on June 2 revealed two eaglets in the C-2 Pool nest, and at least one eagle in the E-1 Pool nest. The nest in E-1 Pool is readily observed from a stop on the evening guided tour route. Last year only one eagle was produced from two active nests, and the hatching of three eaglets this spring is the highest number hatched at Seney Refuge since 1971.

Each year bald eagles return to the refuge early in the year to establish their territories, begin their elaborate courtship and pre-nesting activities, and prepare the old nest for the new season. Egg laying usually begins about mid-March and hatching follows after about 35 days of incubation. The young eaglets develop rapidly and are capable of flight by the end of July.

Bald eagles leave the refuge in late fall each year as the refuge pools freeze and snow accumulates, denying the birds their staple diet of fish. The exact wintering area of eagles that nest at Seney is unknown since few banded eagles are ever recovered. However, major concentrations of eagles do occur along ice-free stretches of the Mississippi River bordering southern Minnesota, and the Missouri River in South Dakota.

An exchange in the Manistique exchange, one-party service costs \$8.50 per month and the Life Line rate is \$6.50 per month. Additional local calls over 30 will cost Life Line customers 10 cents each. A \$20. one time service charge also applies to present one-party residential customers changing to this limited service offering.

The company recently completed installation of required specialized equipment necessary to provide Life Line service in the Manistique central office.

The service will be available in all General Telephone exchanges in Michigan before the end of 1976.

## If It Fitz They'll never be missed

by Jim Fitzgerald

The people of Colombia have been rescued from being beaked to death by rampaging doves.

It happens all the time. I can't understand how hunters can enjoy killing, laugh when they claim they are "harvesting a crop," not killing. I ask them why I've never seen a farmer drive through town with a bushel of rutabagas tied to his fender, headed for the newspaper office to have his picture taken with his vanquished vegetables?

And the hunters can't understand how I can enjoy eating steak if I am against killing animals. They laugh when I claim slaughterhouses won't bother me until they are featured on TV's American Sportsman with Rock Hudson knocking the steer's brains out with a golden hammer.

They ask me how I can be so dumb as to not realize dead is dead, meat is meat and there's not enough ketchup to change the taste?

It is a great and frequent argument which I've never won, or lost. And it's nothing personal. Some of my best friends go hunting all the time. When they return home, they always assure me they never but, I think they are just trying to spare my feelings. I have been known to throw up on newspaper photos of snake hunts.

My favorite opponent is Preston Mann who operates the Hunters Creek hunting preserve. It is a slick operation with every convenience for outdoorsmen who don't have time to go outdoors. Mann's pheasants are trained to fly into the pockets of

lunching auto executives and commit suicide.

Mann does not take my barbs peacefully. In fact, he is a master of the verbal debate and I don't have a prayer in one-on-one combat. Just recently his local newspaper quoted him as saying that I am actually a pheasant-sporter who lusts after innominate mammals. Mann said he discovered my "sport" during one of his club. He said he had been in the club in my eyes and the pheasant my lips everytime I bite into a pheasant.

It is a somewhat strange sense of solace to see hunters out there who, after reading this column, will want to send me a note saying "Dad! better." My father can't make me see the light at the end of the deer run, nobody can.

I can understand why Preston might think I eat meat with no morbid enjoyment. But I don't have to haste for lasciviousness. When dining at Preston's, I always eat the meat quickly before someone shams it from me. Mann's customers who don't give any harvesting babies about killing to him heard or protect the grain. They were hunting preserves for birds the same way their wives go to the A and P for pork chops.

The birds are there to be killed, no other reason, and the hunter pays for every bird

released in front of his gun. If he misses the first shot, the best-trained birds keep circling until they get their training in carnival shooting galleries.

There is a difference between shooting doves at Preston's place and shooting doves in Cali, Colombia. No one could afford that much bloodshed at Preston's.

The doves fly over by the thousands and, if you forget your shotgun, you can probably kill them with the rocks. U.S. sportsmen can fly down for the dove hunt on Bonifas Airways which offers special excursion rates which are cheaper per bird than lunching at Preston's.

It's like dying and going to paradise. A Bloomfield Hills attorney said as he killed doves quicker than he could count them. He was quoted in a sports page story which also said: "All afternoon they had come, a never-ending stream of gray birds. Our shoulder which we had taken to padding with heavy handkerchiefs the day before, still ached. Earlier they had been actually bleeding from the kick of the gunshot. There is no bag limit. It is possible for one hunter to kill 600 doves in one day.

Forget about the danger to a species. Maybe Colombia has to be protected from takeover by doves.

But what is the pleasure in killing them? Why would anyone spend hundreds of dollars and thousands of miles to shoot birds in a birdbath?

If that's a sport, so is eating a hamburger.

## Millage Proposal is Important

As important millage election will be held in the Manistique Area Schools District this coming Monday. Millage elections are always important for local school districts. Monday's election, however, is more important than most because of the recent history of millage votes in the school district.

Last year, it took five elections before sufficient millage was approved for the operation of the Manistique Area Schools. Voters rejected an increase in millage and finally approved a renewal of 13 mills for operations. The battle over the millage was long and hard and left its scars on the district.

The board of education is asking for voter approval of a four mill increase for operations. The additional revenue that will be generated will be used to maintain the present educational program and to hire new teachers for the expanded curriculum that will be offered when the new junior-senior high school opens in September.

While the request on Monday's ballot is for four mills it does not mean an increase of four mills to taxpayers. If approval is granted, the school board has agreed to reduce the debt retirement millage presently being levied by two mills. It isn't an easy thing to understand and voters should take the time to study the proposal before voting on Monday.

We believe that it is important that there be a good voter turnout at the polls on Monday. The millage questions should neither pass or fail because of voter apathy. The board of education should be given a clear cut indication of voter sentiment.

The Manistique Area Schools can not afford another summer of divisiveness as it experienced last year. If it is to be successful, the school system must operate in an atmosphere of public confidence and trust.

We therefore urge voters to take the time to study the proposal on Monday's ballot and then take the time to vote. It's an important issue and should demand the attention of anyone concerned about the future of education in our school district.

## Thanks Senator Hart

A couple of weeks ago, the Manistique city council was faced with a crisis over the construction of the city's new water filtration plant. The contractor had not been paid because Farmer's Home Administration (FAHA) monies had been frozen pending the outcome of a law suit in lower Michigan.

If the city did not make payment to the contractor, the city would have been in default and would have been involved in its own lawsuit.

In hopes of finding a solution, city attorney Mike Brooks began making phone calls to Washington to the offices of Senator Phil Hart. Senator Hart's office took over and began pushing the buttons that sometimes make the federal bureaucracy respond.

Phone calls were made by Hart's staffers to the federal agencies involved and in less than a week the red tape was cut. Throughout the crisis, attorney Brooks was kept informed of the progress in Washington by Jean Mullins of Senator Hart's staff.

The efficient way in which the problem was handled by Senator Hart's office goes beyond the releasing of \$1.7 million to help the city of Manistique. Senator Hart has earned the thanks of Manistique for not only helping avert a serious problem but also for helping restore confidence in the ability of the federal government to respond to needs.

**Hot Contest Gives Curtis New School**  
In what was practically a photo finish in Tuesday's election at Curtis the greatest turnout in the history of Portage Township swung a \$160,000 bond issue to build a new elementary school. The final tally was 129 in favor and 125 opposed.

The bonds will probably be on the market within the next 60 days following formal approval by the State finance Commission. William J. Sheehan, Manistique attorney, is representing the school district. Funds resulting from the sale of bonds will be handled through the State Savings Bank, Manistique. It is reported.

## Weekly Special Uncorking the gossip bottle

by Jack Anderson With Joe Spear

WASHINGTON - The Wayne Hays affair has blown the cork out of the gossip bottle. Washington suddenly is buzzing with rumors about who is sleeping with whom.

Reporters who specialize in writing about the great political issues now have their ears glued to the keyholes. We made a count of the members of Congress whom we have reason to believe are romancing girls in their offices. We counted 34.

Some members, including such prominent legislators as House Ways and Means Chairman Al Ullman and Senate Labor Chairman Harrison Williams, have wound up marrying their secretaries in Washington.

But the sudden burst of gossip raises a question. When should a congressman's private life become public news? We think the answer is clear - when public funds are involved.

We were tipped off, for example, that Louisiana's Congressman John Breaux had taken a secretary on a romantic holiday in the Far East at the taxpayers' expense.

We tracked them down to the Shin Miyako Hotel in Tokyo. The congressman is registered in Room 952, the secretary in Room 954. Our associate, Bill Owens, spoke to both of them by trans-Pacific telephone. Both vigorously denied any romance. They had come to Japan, they said, to attend a conference on aquaculture.

There is no doubt that sex plays a role on Capitol Hill. Some members try to use their congressional status to attract bedmates.

But most members of Congress are cast in the image of their constituents. They are no less moral, no more moral than the rest of us.

**Prison Probe:** A secret State Department investigation has confirmed our previous reports on the plight of American prisoners in Mexican jails. Our associate, Marc Smolensky, has had access to the official findings.

By the State Department's count, more than 50 Americans are serving time in Mexican jails. Most of them are locked up for drug violations. Almost all are young people in their 20s and college-educated.

Many American prisoners claimed they were tortured into making confessions. They told of being brutally beaten and jolted with electric current. They also complained that the penalties are stiff and the prison conditions harsh.

Mexico is a poor country. Some prisoners have good facilities. One is even built like a college dormitory. But most Mexican jails, according to the secret study, are hell holes.

For example, one is divided into two open courtyards. The officials never enter the prison. They administer it from outside the walls. Armed guards patrol it from on top of the walls.

## Publisher's corner

50 cent wine  
by Frank Senger

"That little old wine maker...me" has become the theme song of millions of Americans who have discovered one of man's oldest crafts, winemaking. Perhaps you've already joined others in this pleasant pastime, or have been considering the move, but as yet haven't gotten up enough nerve to start.

Wine is no longer the art of winemaking has become simplified and kits with complete instructions can be found in many stores here in Manistique. Winemaking is beautiful because it takes no special scientific knowledge or special talent. The only requirement is patience. Wine is not made instantly and is best when it is allowed to age.

Creating a wine from its initial state of grape, grape juice or concentrate, through crushing, pressing, fermenting, racking, aging and bottling takes a total of perhaps six months.

It's all worth it when at the end you have your own wine and well stocked wine cellar. And, although it may not be your major reason for making wine, you can't resist the price of 49 or 59 cents a bottle. The makes wine making almost as good a bargain as drinking milk.

The difference between a 40 cent bottle and a \$1 bottle lies in your choice of ingredients and the equipment you use. The \$1 bottle means you started with fresh grapes that require stemming, crushing and pressing. By buying freshly pressed juice instead, you eliminate the need for a crusher and a press, which are expensive pieces of equipment.

Grapes and fresh juice are, of course, seasonal. By using them you are limited to winemaking in the fall months. A dedicated wine maker never wants to limit his winemaking months so there are alternatives.

To make acceptable wine any time of the year and still keep the cost to a minimum, try using concentrates. Grape concentrates cost about \$3.50 a quart. One quart of concentrate mixed with three to five quarts of water will make at least one gallon of wine.

It is possible to simplify things even further by buying one of the readily available winemaking kits and books on the art of winemaking are in the library.

Least anyone accuse you of bootlegging, ask the Assistant District Commissioner of the regional Alcohol and Tobacco Division of the Internal Revenue Service for two copies of form 1541. Submit them with \$3 and you have a license that entitles you to make 200 gallons of wine that year at home.

## Letters to The Editor

LETTERS TO THE EDITOR  
Dear Editor:

Governor Milliken in his wisdom reduced the amount of money for schools because we cannot afford more.

Does Bonifas ask the School Board to be held over the head with a baseball bat to get their thinking straight as to what this means?

A man making the big money that Bonifas makes should have enough common sense to know where to cut corners and fire deadwood assistants to the assistants, and other unnecessary jobs. It is about time Bonifas stepped down from the throne and let someone who can at least earn his pay take over.

I have my common sense and therefore can vote one way or additional million that is NO.

The school board is in the same old rut of saying YES, YES, YES to everything Bonifas asks and let someone who can who could do a more sensible job than the present school board be doing.

Sincerely,  
A very concerned citizen and taxpayer.

**Church of Redeemer honors mothers of the year**

Helen Williamson and Sarah Bignall were honored as mothers of the year by the members of the Church of the Redeemer. Both women have been active in the community as well as being active in Church work. The presentation was made at the annual mother-daughter banquet held May 22.

Eighty mothers and daughters enjoyed a dinner cooked and served by the men and boys of the church directed by Phil Ott. Dinner was followed by an entertaining program. Susan Bignall opened the program with the song "It's a Small World After All" followed by a piano solo by Andrea Ott and a duet by Bonnie Bontkoe and Amy LaBar. Members of the Manistique Women's Club and the Junior Women's Club of Schoolcraft County presented their Bicentennial play. The program concluded with a reading by Vi Frederickson, Association President.

The tables were decorated in a Bicentennial theme. Decorations were made by members of the Westminster Circle.

**Bicentennial program presented by United Methodist women**

The United Methodist Women on held their June 2 meeting at the home of Norma Johnson, 223 Main Street. Among other items of the business meeting, President Dorothy Briggs thanked the members that Pasty Day will be June 24; also that all who can find time to assist with either or both preparations on June 23 and pasty baking on June 24 will be most welcome.

Following the business meeting, the program was opened by Margaret Mueller playing Johnson's antique organ to accompany the singing of some old favorite hymns. As an aside, Mrs. Mueller whispered that the organ didn't play very well if one forgot to pump! The program theme, the Bicentennial Year, was well indicated by the charming bicentennial dresses worn by Dorothy Briggs, Alma Bank, Dorothy Cook, Norma Johnson, Clara Mersnick, and Margaret Mueller.

A number of the members displayed antiques ranging through jewelry, delicate hand work, kitchen utensils, silver, glassware, and tin-type photos to the unusual handmade wooden lunchbox shown by Mrs. Signe Steen.

Mrs. Clara Mersnick related a brief bicentennial history highlighted by a description of various Lincolniana visited during her recent trip to the Springfield, Illinois area. Mrs. Norma Johnson gave a demonstration of a number of methods of spinning yarn and exhibited the results of her several rustic dye experiments with the yarn showing, for example, that the "pasty" emon skins give a lovely yellow while blackberries provide a warm pinkish brown. Reluctantly, the fascinating program was brought to a close to permit the serving refreshments by hostesses Frances Hour and Carrie Matthews.

The next meeting will be a potluck luncheon on July 7 at a site to be designated later.

The First United Methodist Church will offer Vacation Church School at 9:00 to 11:30 on June 14 through 18 for students from kindergarten through the sixth grade. An interesting program of bible study with related crafts and music has been planned. Please plan to attend and be sure to bring your best friend. Do call 341-3623 if you desire further information.

**ATTEND THE CHURCH OF YOUR CHOICE THIS SUNDAY**

This message is brought to you by the following local business establishments

**MANISTIQUE PULP & PAPER CO.**

**First Baptist Church news**

Two events are scheduled for the month of June. They are a father and son banquet to be held on the 19th of June, and a Heritage Sunday on June 27th. A Sacred Concert with Ian Crashaw will be held on July 11th.

Members are encouraged to continue remembering Mrs. Opal LaBar with

greetings and prayers. She remains in room 308 at Marquette General Hospital.

Next Sunday morning at 9:45 there will be a children's day program. That same evening, the closing program for the vacation bible school will be held at 7:00 p.m. V.B.S. is going well. Continue to remember it in your prayers.

**Elks to celebrate flag day**

P.B.O.E. number 682 in conjunction with the Bicentennial committee will hold a Flag Day celebration on Saturday, June 12 at 1 p.m. in front of the Elks Lodge. Walnut Street will be closed to traffic for the event.

A history of the flag will be presented by members of the Elks assisted by the Boy

Scouts. All organizations are invited to bring their colors and participate. The public is invited to attend.

The program will begin a twenty-one day salute to the flag which will end July 4. Everyone is encouraged to fly their flag twenty-four hours a day during this period. Congress has approved the continual flag display.

**CLASP... OR GRASP**

When two hands are joined in the expression of friendship, love, marriage — that's a clasp. Of course, we have another word: grasp. Little affection implied. Determination to seize, to control. To a sensitive mind grasp suggests GREED. And does clasp, to a sensitive mind, suggest CLING? It was Our Lord who said of marriage that "a man shall leave his mother and father and cling to his wife, and they shall be one."

The Church provides the spiritual resources to strengthen marriage, to make firmer the bonds of family.

OFFICIAL PROCEEDINGS

Board of Commissioners

A regular monthly May 1976 meeting of the Schoolcraft County Board of Commissioners held on Tuesday, May 18th, 1976, at the Municipal Building, North Maple Avenue, Manistique, Michigan, commencing at 7:00 o'clock P.M. E.D.S.T.

The meeting was called to order by the Chairman, Ernest S. Hoholik. There'll was called and noted as follows: Present were: LeRoy Belick, Merwin White, Paul Hollenbeck, William Tennyson, and Ernest S. Hoholik. Absent: William J. Olesak and Earl LeBrasseur. Also present was Prosecuting Attorney (Counsel) J. Smith.

It was moved by William Tennyson, supported by Merwin White, that the minutes of the May 1976 adjourned meeting of this Board be approved as printed, a copy of which was furnished each Board Member present. Motion carried by unanimous Aye Vote of members present. Absent: Earl LeBrasseur. Commissioner William J. Olesak who presented himself during the above motion discussion abstained from voting.

It was moved by William Tennyson, supported by LeRoy Belick that the written and oral reports of the County Treasurer, William E. Cowman of the financial status of the County as of April 30th, 1976, be approved as submitted. Motion carried by unanimous Aye Vote of members present. Absent: Earl LeBrasseur.

The following members of the Manistique City Council were in attendance, namely: Mayor Frank Hewitt, City Councilmen, Douglas Davis, Robert Peterson, Mayor Hewitt stated that their purpose for being in attendance was to request that some agreement be worked out between the City of Manistique and the County for the use of City facilities, by the Courts of the City Hall, since the Courthouse fire of March 23rd, 1974.

The Chairman, Ernest S. Hoholik, stated after a period of discussion, that a joint meeting of the City Council and County Board of Commissioners would be called to discuss this matter and to reach an equitable agreement, that will be satisfactory with all concerned, as the County is aware of this obligation, and will endeavor to render its just consideration.

Also discussed was the date the New Court House would be completed and ready for occupation. It was estimated that it would be sometime after Labor Day of 1976.

Mr. Edwin J. Sloan, Regional Field Representative, Michigan Department of Public Health, of Marquette, Michigan, appeared and in addition, he gave a dealing with substance use, and the proposed reorganization of said co-ordinating agencies. He reported that the original Act number 26, authorized 17 co-ordinating agencies, that a total of 35 had been set-up; and that the Michigan Department of Public Health has been mandated by the Governor of the State of Michigan to reduce these down to 25 lower within the year.

Mr. Sloan stated that there are now five (5) co-ordinating agencies in the U.P., and the first step is to try and reduce this down to three (3). Schoolcraft County's present jurisdiction of the 4 County Health Department out of Newberry, Michigan, and it is hoped that this agency which also includes, Luce, Chippewa, Mackinac and Alger, will continue as is, as it has been functioning satisfactorily.

Mr. Sloan stated that presently 4 of the co-ordinating agencies are under the jurisdiction of District Health Units, with a separate Act 36 Board operating in the Western end of the U.P.

UCAPAC, and other district service agencies are requesting designation for co-ordinating the substance abuse program, and they along with any other agency desiring to bid on this work will be given an opportunity to submit plans and proposals to act as co-ordinating agencies.

Mr. Sloan announced that these proposals will be submitted by June 28th, 1976, and after review, that the various County representatives will be appointed by their respective Boards of County Commissioners, will hear the reports, and be asked to comment and make recommendations. To represent Schoolcraft County at this meeting will be William Tennyson and LeRoy Belick.

Mr. Sloan then reviewed the history of substance abuse, noting that not enough of the money allocated is reaching down to the needy; and it is this problem that they are trying to eliminate or at least improve. He stated that they have much to learn in this field of services, and it is hoped that improvements will be forthcoming.

Commissioner Paul Hollenbeck, Chairman of the Welfare Committee reported that plans have been finalized and ground broken for the Inter-Faith Chapel for the new addition of Medical Care Facility. He reported that this construction addition will cost in the neighborhood of \$200,000.00.

Commissioner Paul Hollenbeck then announced that the Medical Care Facility has received a billing for adjusted cost of medals served by the Hospital to the Medical Care Facility in the past year of \$2,000.00. He reported that this is an obligation of the County but that this money is not available at this time, as nothing was provided in the 1975 budget to cover this cost. After considerable discussion, it was moved by Merwin White, supported by Paul Hollenbeck, that \$10,000.00 be paid from Federal Revenue Funds to pay on this obligation, and that the balance be paid when funds become available. Motion carried by unanimous Aye Vote of members present.

Absent: Earl LeBrasseur. Commissioner William Tennyson, reported on the Building Code Department, noting that in April 1976, the 18 month of said departments existence, that 20 permits were issued, at an estimated construction cost of \$75,000.00, and that \$421.00 was taken in as fees. Commissioner Tennyson reported that so far during the month of May, fees are already exceeding \$1,800.00.

It was moved by LeRoy Belick, supported by William Tennyson, that the Court House Custodian, Martin Hoholik, be

granted a two (2) week military leave to attend Michigan National Guard Summer Encampment at Camp Grayling, Michigan in July, 1976, with full pay. Motion carried by unanimous Aye Vote of members present. Absent: Earl LeBrasseur.

It was moved by LeRoy Belick, supported by Merwin White, that the following Resolutions of Commendations be approved. Motion carried by unanimous Aye Vote of members present. Absent: Earl LeBrasseur.

RESOLUTION OF COMMENDATION

The Schoolcraft County Board of Commissioners, meeting in regular monthly session on Tuesday, May 18th, 1976, A.D. do unanimously resolve as follows:

"WHEREAS, BERTHA RILEY DAVIS, having reared a family took upon herself to serve the general public of Schoolcraft County in the area of nursing-care, attending school at a later period of her life to advance her qualifications to better serve the public; did render services at the medical facilities of Schoolcraft County. In addition after her official retirement in 1970, she continued to work part-time for two years, and since has served as both a volunteer nurse for the Senior Citizen's Center and checking blood-pressure at seven different sites throughout the County of Schoolcraft, in addition to making house calls.

NOW, THEREFORE, The Schoolcraft County Board of Commissioners wish to extend their most sincere "Thanks and Appreciation", for this fine ladies concern for the welfare of her fellow-person, rendering services and care far beyond the call of duty.

THEREFORE, BE IT RESOLVED, That a copy of this Resolution be inscribed in the minutes of the Records of Schoolcraft County, and a copy presented to her on the date of her being recognized by the Schoolcraft County Commission on Aging, on May 22nd, 1976, A.D. We hope that Bertha Riley Davis, will continue her good works and services in behalf of the Senior Citizens of Schoolcraft County. We are all proud of your accomplishments, we are "LOVE YOU" for being such a kind, considerate and concerned citizen of Manistique, Mich."

Signed: Ernest S. Hoholik, Chairman Attest: Ferdinand Lesica, Clerk

RESOLUTION OF COMMENDATION

The Schoolcraft County Board of Commissioners, meeting in regular monthly session on Tuesday, May 18th, 1976, did unanimously resolve as follows:

"WHEREAS, DR. JAMES H. FVYIE, M.D., has served the medical needs of the people of Schoolcraft County and surrounding areas, being most instrumental in providing Schoolcraft County with outstanding medical services, promoting the establishment and maintenance of one of the finest medical complexes of its kind in the area. In addition, he gave willingly of his time and talents in providing outstanding leadership in civic, business, sports, political and cultural endeavors, as well as to the lives of all the people of Schoolcraft County, as well as serving his County in the time of needs of the Veterans.

NOW, THEREFORE, BE IT RESOLVED, That a copy of this Resolution be inscribed in the minutes of the records of Schoolcraft County, and a copy presented to Dr. James H. Fvyie, M.D., on the day of his recognition by Schoolcraft County Senior Citizens Commission on Aging, May 22nd, 1976."

Signed: Ernest S. Hoholik, Chairman Attest: Ferdinand Lesica, Clerk

RESOLUTION OF COMMENDATION

The Schoolcraft County Board of Commissioners, meeting in regular monthly session on Tuesday, May 18th, 1976, did unanimously resolve as follows:

"WHEREAS, DR. MERLE E. WEHNER, M.D., having served the medical needs of the people of Schoolcraft County and surrounding areas, being instrumental in providing the finest medical service, providing and promoting an establishment of one of the finest medical complexes of its kind in the area, by his service and administrative ability. In addition, he gives of his time and talents beyond the call-of-duty, by his leadership in civic, business, sports, church and cultural endeavors, thereby enriching all of the lives of the people of Schoolcraft County. He also served his County in time of need and the needs of the returning Veterans.

NOW, THEREFORE, BE IT RESOLVED, That the Schoolcraft County Board of Commissioners extend their most sincere "Thanks and Appreciation", in behalf of all the people of Schoolcraft County, for your outstanding contributions and credit to your profession, community, family, church and country. May you be blessed with good health, happiness and continue to serve us for many more years to come. We congratulate you and your family, and we are happy that you decided to come back to the home county to practice and serve your people. We all Love You, and Thank you for all you have contributed to all of us.

BE IT FURTHER RESOLVED, That a copy of this Resolution be inscribed in the minutes of the records of Schoolcraft County, and a copy presented to Dr. Merle E. Wehner, M.D., on the day of his recognition by the Schoolcraft County Senior Citizens Commission on Aging, May 22nd, 1976."

Signed: Ernest S. Hoholik, Chairman Attest: Ferdinand Lesica, Clerk

The Chairman read seven (7) proposed grant request under A-48, as submitted by CUPPAC for the Central U.P. for review and comment. No action recommended by Schoolcraft County Board of Commissioners on any of the Proposals, as none directly affected Schoolcraft County.

Commissioner Olesak, asked if any Grant Proposals have been prepared or submitted to assist in the payment of the new Court House. He was advised that as of this date none have been submitted, but that necessary steps have been taken, so as to be able to submit same upon the completion of said Court House, at which time the final Cost figures will be available, which are needed in determining grant proposal.

Commissioner Olesak also raised the question as to whether or not there is any kind of written agreement between the Sheriff's Department and the U.S. Forest Service, to render patrol services in the "Camp Seven Lake Area". He asked that the Sheriff be present at the next meeting and explain the arrangement and to present a copy of the agreement if there is one.

Ernest S. Hoholik, Commission Chairman, reported on his recent attendance at the Manpower Consortium Meeting at Escanaba, Michigan where all manpower programs for the area were discussed. He reported that plans for the hiring of college students is progressing, and that shortly a public announcement will be made where and when to apply. He reported that Schoolcraft County will be funded for 18 such positions. Mr. Hoholik also reported that it will be announced officially shortly, that Title number II portion of the CEYA program will be continued thru January of 1977; and that this will effect five (5) work positions in Schoolcraft County; said position are now filled and will be continued subject to review of the County Board of Commissioners. He further reported that as of this date, it doesn't appear that there will be any additional funded monies for work programs this summer unless Congress passes additional legislation authorizing same.

Thereupon, it was moved by William Tennyson, supported by Merwin White, that the meeting adjourn without day. Motion carried.

Signed: Ernest S. Hoholik, Chairman Attest: Ferdinand Lesica, Clerk

**SCSA meeting to be held in Manistique**

The Soil Conservation Society of America-Michigan Chapter will hold its Summer Meeting in Manistique on June 11th and 12th, it was announced today by Karl Pregitzer, Chapter President. Hosting the meeting will be Region I, which comprises the entire Upper Peninsula. Members of the Planning Committee responsible for all arrangements are as follows: Sidney Hungerford, Delbert Meister, Erwin Simi, Fred Kekko, Dr. Alfred Niemi, Dr. Gene Hesterberg, and Quentin Peterson.

Highlights of the meeting include a Friday evening banquet at the Ramada Inn followed by a presentation by Matt Laitala, long time DNR Commission member. Afterwards, the Chapter reports and business meeting will include the awarding of certificates from the International Society, recognizing natural plant community management in three areas of the Upper Peninsula. These areas are as follows: Munising Hills at Munising as a protection forest; the Small Woodlot at the Ford Forestry Center south of Almeta; and L'Anse as an intensively managed production forest model; and Presque Isle in Marquette as a recreation forest.

Saturday morning, June 12th, will bring a tour of the Garden Peninsula and Fayette State Park with special emphasis on soils, flora and fauna with Loren Bernat of the Soil Conservation Service at Marquette in charge.

The tour will terminate at the State Park around noon.

Quentin Peterson, Regional Chairman, promises this to be an exciting and worthwhile summer meeting.

**Senior Citizens'**

by Eileen Malas

Linda Walters, Center's driver, can be commended for her pleasant personality and for showing our people a good time. She at the Manistique Center plan activities that include the residents of the Senior Housing at Harbor View Towers and the Medical Care Facility. Twice a month patients from "Medicare" are given an outing and a treat (when we have donations for treats). I was reading Linda's itinerary from her last trip in which she took Lois Lausten, Nanny Larson, Martha Mallock, Kitty Keauver, Marion Fox, Irene Kotchen, Louise Hockstad, Louise Bloom, Max Fischer and Wilbur Lape out. "We went out on old U.S. 2 to Isabella, took the old road through Nahma, toured Nahma, which everyone enjoyed. Coming back we took a tour through Rogers Park. Put on 61 miles. We sang songs and everyone had a good time." It makes us feel good that we can give the older person who resides in a nursing home an opportunity to get out and enjoy a ride in the country which they truly love to do.

On Sundays again, we are having a program called "Operation Sunshine." This is planned to neighboring towns, parks, and scenic drives on Sundays to give our local older person, who cannot drive or live alone, and finds that their Sundays are lonesome, an opportunity to enjoy the companionship of other people and to have a pleasant day. We have the schedule of the June trips in our newsletter. Call 341-5923 for reservations or for further information about this program.

We wish to thank Dr. George E. Martin of Birmingham, Michigan for supplies and playing cards that he sent to the Center also for his generous monetary donation. May Carlson, Eva and Josephine, Lucille Lundstrom and Russ and Tennant also were extremely kind to us in their monetary donations. We also had an "anonymous" monetary donation. We wish to thank Florida Wellebrand of State of Gardena, California for the memorial given to the Center in the name

**Books donated to Big Bay De Noc Library**

The Big Bay De Noc Library wishes to express their appreciation for the new books donated as memorials to their library.

In memory of Mrs. Cora Guidebeck, "Hawaii, a guide to all the islands," by David E. Clark, editor, Lane publications was donated by Mr. and Mrs. Hinkson and family. This volume gives introduction to Hawaii, a guide to recreation, a listing of festivals and annual events. Special feature section include history and other sources of information.

In honor of Amy Rochefort, "The Glory and the Dream," by William Manchester was presented by Mr. and Mrs. Paul Huston. This book encompasses politics, military history, economics, the lively arts, science, fashion, fads, social change, sexual mores, communication—everything and anything that can be captured in print. The Glory and the Dream chronicles the progress of life from the summer of '32 until the opening scenes of Watergate.

Donated by Mr. and Mrs. Paul Huston in memory of Charles Hynes was the book, "Hawaii, Back to Nature," by Thor Heyerdahl. The author, a twentieth-century Robinson Crusoe, recalls his experiences as he and his bride wanted to escape civilization, fled to a remote Polynesian island. They wished to live strictly according to nature. With no medical supplies, they came within inches of losing their lives, but they found the natural serenity they were seeking.

A memorial for Joseph LaVigne was directed by Mrs. James, Jacques, Jim, Jill, and Henry. Three books have been purchased and are ready for circulation.
