

# Council raises non-union salaries

By Jan Beaderstad

Manistique City Council Monday night approved a set of pay raises for the city's non-union personnel, retroactive to June 1. The largest raise went to the assistant safety director, V. Schuetter. His pay went from \$9,250 to \$11,850. Also, he will receive an additional \$750 raise Jan. 1, in accordance with the union contract in the public safety department. When Schuetter's raise of \$2,000 was questioned, Councilman Chick Beckes explained that the raise was necessary so that he would be making more than sergeants in the department. Another raise went to Pat Erickson, City Clerk-Treasurer, from \$10,800 to \$11,800. Deputy Clerk-Treasurer Mary Weber also received a \$1,000 raise, which places her at \$9,800 a year. DPW Superintendent Ray Linderoth went from \$12,500 to \$13,750. Director of Public Safety John McDougall was given a raise from \$12,000 to \$13,500. Ed Doyle, superintendent of the Waste Water Plant, received a raise to \$11,300, up from \$10,250. Howard Benson, Assessor, went from \$9,620 to \$10,100.

Office clerks also received pay raises. Joe Rarodon went from \$3.15 an hour to \$3.55 and Donna DeMars went from \$2.70 an hour to \$3.15. Charles Youngblood, Community Development Block Director, received a \$1,000 raise, going to \$11,000. His pay, however, comes through a federal government grant not through the city, even though the city can regulate it.

The Harbor Master's wages went from \$6.00 an hour to \$4.30. Ed Doyle, Howard Benson and Pat Erickson will be up for review in 90 days from the July 26 meeting for another possible raise.

All pay raises were approved unanimously.

In other business, the city council took a month loan from First National Bank to pay Lakeshore Development Corp. for the land that the city purchased in November.

First National Bank was the lowest bidder, bidding 5.51 percent interest, with monthly payments of \$1053.17.

The city also chose to rent a three-bedroom apartment over the Senior Citizen's drop-in center at \$150 a month, including utilities. The city will not rent the apartment until the new city manager, Robert Risk arrives Aug. 2.

Councilman Doug Rose requested a cost estimate from the DPW on a water and sewer line that is being installed on Cherry Street.

## Fire fought at paper mill

Public safety officials were called to the scene of a fire at the Manistique Pulp and Paper mill at 2:32 p.m., July 26. According to their report, a fire started in the shredded paper in the mill yard.

Grass and brush fire was reported at 3:17 p.m., July 22 at the home of Fred Gould, Marquette Ave. Gould was apparently burning papers in a barrel when, according to the Public Safety Dept., the fire got away from him.

## US-2 hearing Aug. 3

Once again the US-2 bridge over the Manistique will be discussed at a public hearing Aug. 3 at the old Armory at 7:30 p.m.

The hearing shall focus on alternatives D and E. Alternate D proposes crossing the river from Arbutus Ave., while E proposes crossing behind the homes of Arbutus and crossing at the mouth of the river.

## Kahon moving on to Arizona forest

Pete Kahon, United States Forest Service District Ranger, will leave Manistique Aug. 20 after seven years of service here. "I have mixed emotions about it," Kahon said. "I really feel bad about having to leave Manistique and the friends I have here, but I'm really excited about meeting this new challenge."

Kahon, who has been with the forest service for the past 15 years, will exchange posts with Duane Freeman, district ranger in Williams, Az. "It will be a chance to broaden my experience. They have range allotments there. I will get more fire experience. They have a completely different timber type, Ponderosa Pines, and the area is mountainous. The district is also slightly bigger than this. It will be quite different."

Kahon, a graduate of the University of Illinois, has worked for the Forest Service in Idaho, Missouri and Illinois in addition to the Upper Peninsula. This is one of the few times, however, when he has initiated and worked out a transfer such as this on his own, he said.

"One of the reasons is that, before my next promotion, the policy is such that I have to work either in a different region or in the regional office in Milwaukee," he said. "I hope to be promoted to forest supervisor in the next five years and I preferred the former."

"My two children don't want to go at all. Like me, they and my wife have made a lot of friends here. It will be like leaving a part of ourselves behind; like leaving home. But in this business, it's inevitable and it will be a whole new world. I've found

that, every time I move, I learn something new." Like Freeman, his replacement, Kahon will assume his duties in the town of approximately 3,500 on August 29.

## Foreign newsmen to visit here

More than 200 ranking foreign journalists from all over the world and their families will spend two days at Indian Lake State Park as part of a Bicentennial writing tour of the United States.

Traveling by automobile and travel trailer, the journalists from west Europe, Japan, Korea and Mexico will arrive at the state park on Aug. 11.

The world press program, called Caravan America 1976, consists of eight separate month-long tours involving more than 200 ranking journalists from 50 nations. The caravan scheduled to stop at Manistique is now en route from San Francisco, Calif. and is destined for Dayton, Ohio.

## School Board firm on program cuts

by Doris Holmstrom

Budget X still stands, as of Tuesday night's meeting of the Manistique Area Schools' Board of Education. Although more than 30 townspeople attend to back radio station WTQ's Budget Q, or to suggest reinstating programs such as advanced foreign language, vocal music and, of course, athletics, the board did not back down.

Superintendent Richard Bonifas presented the board and several members of the audience with a written, detailed explanation of the differences between Budget X and Q and his reasons for believing that figures in Budget X are more accurate. His argument was based, however, on a projection that the district will not have the additional 50 students, and consequently the additional revenue, WTQ suggested it would in a recent editorial.

"There are two things superintendents go to jail for: taking school money and falsifying enrollment reports," Bonifas said. "I'm not going to do either one."

believe that our enrollment projections are correct. In fact, they've varied less than one percent in the past several years."

In response to requests that the board reinstate several of the programs cut in Budget X, board members agreed to review each during the time between Tuesday night's meeting and the meeting set for Aug. 9 before making any decisions.

"We'll do the most for these children with the amount of money we have," said Dr. Bruce Steinfield, vice-chairman of the board. "But, if the community wanted these programs, the community should have supported them. And they've failed to do that six times out of 10."

Until the matter of whether to reinstate certain programs can be settled, the board has authorized the superintendent to cancel both girls and boys athletic competition, one game at a time, 30 days in advance, as they come up. The first football game was scheduled for Sept. 3 against the Ishpeming Hematites.

Although no date has been set for the opening of school this year, the board

continues to make plans. Tuesday it named Richard Wodinski, principal of Fairview School, where he will also teach fourth grade, and made Joe Francis and Philip Villeneuve permanent members of the custodial staff.

It also authorized the superintendent to issue job descriptions and to employ three persons with approximately \$23,225 offered the school under the CETA program. Bonifas will notify the Michigan Employment Security Commission of vacancies for a school nurse, a community school intern and an auxiliary services intern.

Reporting on progress at the new school building, John Dowling of Alger Associates told the board that fixed (built-in) equipment there is 80 percent complete, and that, although vocational education equipment is behind schedule, it is expected "to happen" this week or next. He will be reporting to the board again at its August meeting.

In other business, the board paid building and site bills totaling \$40,088.05.

## Drowning victim's body recovered

The body of 16-year-old Gunnar Jackson Jr. of Gulliver was recovered at approximately 2 p.m. Sunday by county marine deputies searching the southeast corner of McDonald Lake. According to the Sheriff's Dept., Jackson drowned shortly after 10 p.m. Thursday, July 22, while fishing with Keith McLaren, 16 also of Gulliver. McLaren told Sheriff's Dept. officials that Jackson fell into the water as he stood

up in their boat to pull in a fish.

An air and water search, which began Thursday night, lasted three days. By Sunday there were five State Police and Sheriff's Dept. divers and two airplanes searching the area, along with approximately 30 men from McDonald Lake region.

Investigation was closed when the body was recovered.

## Indian recognition set for Aug. 13-15

On August 13-15, the Isabella Reservation will be the scene of the Michigan American Indian Recognition Conference with the first all-Michigan Indian Council meeting and a pow-wow. The Conference is planned to coincide with the dedication of a \$100,000 Bicentennial Park being constructed on the Isabella Reservation and the first all-Michigan Indian Arts Show, which is scheduled August 14 through September 12.

In an open council session (Native Americans' traditional mode for communicating, giving recognition, settling differences, etc.) the history, current state of affairs and future goals of all Indian communities in Michigan will be examined.

The combination recognition ceremony-council meeting will be held August 13-15 at the Isabella Reservation Tribal Center located three miles east of Mt. Pleasant in Isabella County (central Lower Peninsula). The conference site has been selected for its central and accessible location, its tribally owned facilities and its suitability for major activities.

The Michigan Commission on Indian Affairs will be available for information regarding these events at 3423 North Logan, Lansing, Michigan, Phone No. 517 373-0654.

## Manistique library opening is delayed

Due to circumstances beyond the control of the Manistique School and Public Library the date of the re-opening has been delayed to later in August. There is no safe entrance to the new library due to the leveling of the old site and the pouring of concrete for new walks to the new facility. Patrons are requested to watch for future announcements.

## Pioneer-Tribune names GM

Arnold Mackowiak, 29, has been named General Manager of the Manistique Pioneer-Tribune, Publisher Frank Senger has announced.

Effective with this issue, he will assume managerial and editorial responsibilities at the Pioneer-Tribune. Originally from Gaylord, Mackowiak graduated from Gaylord St. Mary High School in 1964, from Central Michigan University in 1968 and from the University of Missouri with a master's degree in journalism in 1970. He served in the U.S. Army at Fort Gordon, Ga.; Fort Sill, Okla. and Fort Lewis, Wash. from September 1970 to May 1972.

From October 1972 to November 1973 he edited weekly newspapers at Grand Newago and White Cloud in the lower peninsula with Pioneer Publications of Big Rapids. He oversaw the merger of the three papers into the Nowago County Sun, whose first issue was on Nov. 1, 1973, and conversion of the county weekly to twice-weekly frequency on Sept. 8, 1975.

"The addition of Arnie Mackowiak to the Tribune staff will allow us to continue to grow and provide better service to our expanding circulation area," Senger said. "His background, experience and ideas will be a valuable asset in the future and I am pleased that Arnie has agreed to come to Manistique," Senger said.

## Schoolcraft County paving projects approved

Three paving projects on Schoolcraft county roads have been approved by the Department of State Highways and Transportation in Lansing, the department announced this week.

A bid of \$173,806 for all three projects from Fox Valley Constructors Co., Appleton, Wis., was the lowest of three bids entered.

The projects: paving 4.3 miles of West Shore Road west and south of Manistique, one mile of County Road 422 north of

## Fire danger high

Due to the lack of rain this summer, fire danger in the forest of Schoolcraft County has ranged from moderate to high for the past two months. Already, nine fires have been reported to officials of the United States Forest Service here.

Fire danger, said Pete Kahon of the U.S.F.S., is measured on two scales: ignition, or how easily a fuel ignites, and spread index, or how fast a fire will spread.

Campfires are permitted until conditions reach the "extreme" level, something which has not happened yet this year. According to State law, however, those wishing to build other types of fires during a "high" rating period are required to obtain a permit.

So far, said Kahon, all but one of the nine fires reported were caused by cigarettes, motorcycles, firecrackers or other instruments of recreation. One fire was caused by lightning.

COOKS; and four miles of Gulliver Road northeast of Manistique. Estimated completion date for the Bids on the county projects were among those taken July 21 in Lansing on 54 highways and airport construction and maintenance projects. According to the announcement, all low bids must be approved by the State Highway Commission and State Administrative Board before contracts are awarded.

# No answer to bad housing

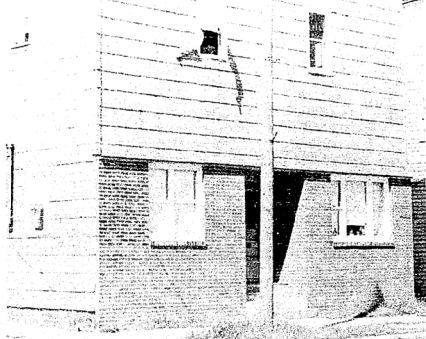

By Doris Holmstrom

The second in a two-part series on low income housing in the Manistique area.

"Earl Burns is one of our chief slumlords," Prosecuting Attorney Gifford Smith asserted recently, "but he's not our only one." Smith pointed his finger at Wilfred Johnson, owner of the Crosby Hotel located across from the old Red Owl store, and Morrie O'Connor, owner of an apartment building at 721 Deer St., as well. Responding to Smith's accusation in a separate interview, Burns said, "I couldn't possibly do any more for those people than I do on \$14 a month. I raised the rent \$2 in the past 27 years. I won't raise those rents again, but we probably only squeeze \$30 a month out of all 14 cabins." O'Connor had this to say: "I provide

So careful, in fact, that although a few buildings in the area have been condemned, none have been demolished. Signs which have been posted on some of those buildings read: "This building is unfit for human habitation and is therefore condemned for use until building and/or sanitary conditions are approved under the Sanitary Regulations of Luce-Mackinac-Alger-Schoolcraft District Health Department. Any unauthorized person removing this notice will be prosecuted."

But, McDonald said, the signs are easily removed and, unless the building is destroyed, the homes are occupied again in short order. This happens in spite of the fact that, according to the Nuisance Regulations, "Any person who shall fail to comply with any provisions herein, shall be deemed guilty of a misdemeanor and

Crosby Hotel

The Health Department would not. The Social Services Department has told the Tribune that it would step in only when it found young children living in "deplorable situations."

Marc Daneman, of Central Upper Peninsula Planning and Development, said that if the city condemns a building, "then it is obligated to do something, but I don't know what. It can become very costly."

"People whose homes are in violation have a certain length of time (60 days) to bring them up to the specifications," said Charles Youngblood, Community Development Block Grant director. "Money is available to those home owners through my office."

"If the city condemns a building, then it is its responsibility to relocate those people. The problem is, then, where do we put them?"

To that question, we were able to get no answer.

housing for my tenants. I didn't make the laws of this life. I'm not getting rich on it. I do provide modern, well kept facilities to live in." Johnson could not be reached for comment.

"I think that the thing that has to be done now is to get the Health Department to go in there and check to see whether or not these places meet the standards for human habitation," Smith continued. "Then the problem is, where do we put these people?"

Mack McDonald, county sanitarian, admitted last week that there are homes in much worse condition than those in either Burnsville. "On a list of priorities, however, they are at the bottom of my list unless there's a significant health hazard involved," he said. "My priorities now are food service establishments and the problem of on site sewage disposal."

"I haven't gotten any complaints from the occupants and I don't have time to self-initiate an investigation. I know that the buildings have an undesirable appearance and that they obviously aren't in the best interest of public health, but the one question that would come up is, where are those people going to live? There is no alternative that I know of."

According to McDonald, he could designate a building as unfit for human habitation for several reasons, among which are: improper refuse or litter disposal, abandoned vehicles in the yard, no water or sewage facilities, or structural problems. Minimum standards are set forth in Nuisance Regulations for Luce-Mackinac-Alger-Schoolcraft District Health Department.

"I would begin by conducting a general sanitary survey and by checking the water and sewage," McDonald said. "The possibility exists that they could fall under one of the (above) classifications and I could write them a violation. But only the board of health has the authority to demolish a building and they're very careful about the decisions that they make."

upon conviction thereof, shall be punished by a fine not exceeding the sum of five hundred dollars or by imprisonment in the county jail not exceeding ninety days, or by both such fine and imprisonment in the discretion of the court."

Officially, again according to the Nuisance Regulations, a building can be declared unfit for human habitation and a public nuisance for one of the four following defects:

- 1) Those which have been damaged by fire, wind, water, or other causes so as to become dangerous to life, safety, and the general health and welfare of the occupants or the people of Luce, Mackinac, Alger, and Schoolcraft counties.
  - 2) Those which have become or are so decayed, unsafe, unsanitary, or which so literally fail to provide the basic amenities (conveniences) essential to healthful living or are likely to cause sickness or disease so as to cause injury to the health, safety, or general welfare of those living therein.
  - 3) Those which, because of their condition, are unsafe, unsanitary, or dangerous to the health and general welfare of the public.
  - 4) Those in which the owner or occupant fails to comply with the orders of the health officer based upon the provisions of this regulation.
- "The problem is the mere existence of these buildings," McDonald emphasized. "We have a severe shortage of dwellings, making them desirable to low income people. If the buildings were not there, I don't know who would assume the responsibility for those people or who would provide assistance."

## Hartman vows said

Debra Jane Ranguette of 649 Michigan Avenue, Manistique, and Neil Barry Hartman of Cooks were married at 3 p.m. July 24 at the St. Francis De Sales Church. The ceremony was performed by Fr. Frank Lenz.

Parents of the bride are Mr. and Mrs. Ray Ranguette, residing at 649 Michigan Avenue, Manistique. The groom's parents, Mr. and Mrs. John Hartman are from Cooks.

Debra was given in marriage by both of her parents in a double ring ceremony. Her gown was sheer white with a high ruffe neck, an empire waist and bishop sleeves. Cluny lace and buttons trimmed the bodice. The A-line skirt with a flounced hem was trimmed in lace. She wore a white picture hat with illusion streamers down the back flowing from a large illusion bow. She carried a bouquet of multi-colored daisies and roses and baby's breath.

Christine Fisetle from Green Bay, Wis. was the matron of honor. She is a sister of the bride. Bridesmaids were Kay Stevens from Cement City, Laurie Ranguette of Madison, Wis. (niece of the bride), Kathy Brouillette of Manistique and Faye Hartman of Cooks, (groom's sister).

Their gowns were sleeveless dotted voile, with grosgrain ribbon trimming a modified waist. The A-line skirt was striped with a voile flounce. Christine wore maize, Kay's gown was Nile green, Laurie's dress was orchid, Kathy wore pink, and Faye wore blue. They wore daisies and baby's breath in their hair, and carried parasols in the colors to match their dresses. The parasols also were accented with daisies and baby's breath.

The flower girl was Kathy Thelander of Manistique. She is a cousin of the groom. Ring bearer was Phil Fisetle from Green Bay. He is a nephew of the bride.

Best man for the occasion was Phil Hartman from Flint. He is the groom's brother. Bill Hartman of Ishpeming and Kim Hartman of Cooks, both brothers of the groom, were groomsmen. Also serving

as groomsmen were Ron Barclay from Harbor Beach, and Gene Sinola from Memphis, Mich. Ushering were Bob Ranguette from Madison, the bride's brother, and Jim Rundborg living in Eau Claire, Mich.

The reception was held at the new armory.

The bride is a 1972 graduate of Manistique High School and 1976 graduate of Central Michigan University. Neil graduated from Cooks High School and in 1972 graduated from Central Michigan University. He is employed by the Crosley Community Schools in Crosswell.

## Weaver, Sheppard wed

Ramona Weaver, daughter of Mr. and Mrs. Edward Weaver of Gulliver, and Mike Sheppard, son of Mr. and Mrs. Delbert Sheppard, 223 North Fourth Street, Manistique, were united in marriage on July 10. The double ring ceremony was performed at the Maple Grove Menonite Church by her grandfather Paul Weaver.

The bride was given in marriage by her mother and father. She wore a white organza gown with an empire waist and

with long sleeves trimmed with lace and sequins. She carried a cascade floral arrangement of pink and red roses with red and white variegated carnations and baby's breath.

Pearl Shaffer was the maid of honor. Bridesmaid was Kathy Weaver, sister of the bride. They wore pink chiffon gowns with empire waists and capped sleeves. Their picture hats were accented with pink netting and white daisies. A single mum was carried by each girl.

## CAPTIVATING CACTI

Although it is commonly supposed that cacti are native exclusively to the Southwest and Mexico, there are hardy species that grow as far north as Canada as well as in most parts of the United States. However, it is as indoor plants that cacti have become particularly popular, for in this setting their cultivation knows no geographic boundaries.

It is not always easy to tell when a plant is a cactus, for some kinds do not have spines and, in fact, they may have leaves. (Nearly all cacti have leaves when they are very young.) The name succulent is applied to any plant with juicy stems or leaves; all cacti are succulents, but all succulents are not cacti. Reserve your sunniest window sill for them. Through most of the year allow the soil to become moderately dry between waterings, but during the winter months when sunlight is weak, water them only enough to prevent shriveling. Fertilizer is rarely necessary because it tends to stimulate weak sappy growth that detracts from the natural beauty of the plants.

# It's on to Midland for Senior Leaguers

The Manistique Senior League All-Star baseball team, after capturing the District Crown, will travel to Midland this weekend for regional competition. The term never has advanced this far before.

On July 17 in the opening game against Muskegon, the all-stars ended with a winning score of 4 to 0. Lee Vaughan was in a pitching role.

The next game for Manistique was in Menominee where they competed with the Portage Lake team. Despite eight errors, the all-stars won with a final score of 6 to 3. Pitching was Gordon's Louie Hilder.

On Saturday the Manistique team took

on Menominee. Pitching this game of no errors was Lee Vaughan. The final score was 22 to 1.

The Senior League All-Stars will advance to the regional this weekend. Double elimination play will begin at Midland at 5:30 p.m. Friday. If they win that game, they will play again at 8 o'clock that same evening.

Funds are needed to send the team downstate for the playoffs. Donations may be brought to both branches of the First National Bank and both branches of the State Savings Bank.

## Study on Northern Pike in progress

Carl Latta, biologist in charge of the Institute of Fisheries Research at Ann Arbor, recently reported on a cooperative field-research project being conducted by his staff and Newberry district fisheries biologists.

The study is being made to determine the factors limiting the size of northern pike in Schwaner County's MacDonald Lake. During the 1975 and 1976 spawning seasons, a total of 1801 northern pike over 18 inches long were netted from MacDonald Lake, marked with a red tag just behind the dorsal fin and returned to the same waters. All fish under 18 inches were fin-clipped and released in Round Lake, Luce County.

A creel census currently underway in MacDonald Lake will provide data from tagged fish taken by sports fishermen. Those who catch tagged northern pike but are not contacted through the creel census are asked to forward the tag to the DNR office in Newberry, along with the length and weight of the fish from which it is taken.

Some netting will be done at a later date in both Round and MacDonald Lakes and a stomach analysis will be made on the marked fish. From this analysis, biologists will compare the relationship between northern pike and yellow perch in each lake to the growth of the northern.

Hopefully the study will answer some of the questions concerning lack of large pike caught in MacDonald Lake and similar Upper Peninsula Lakes. The study will also contribute to the statewide analysis of fishing regulations for northern pike and provide census information for comparison with the mail survey of fishing.

WINNING SMILES ARE worn by: 1st row (left to right) Debbie Kaiser, Jan Creedan, Chris Reuge, Janice Flodin, Donna Bersell; 2nd row (left to right) Cheryl Turan, Sharon McNamara, Tammy Jenks, Nancy Jessick, Mary Walters, Sharon Hinkson, Chris Gagon (not pictured—Coach Sandy Kraatz) as they pose with the trophy which they received as members of the first place team in the Manistique High School girls' baseball league. Their team, Flodin's played Beaudin-Malloy in the championship game on Thursday.

## Tourney play set for women

Twelve women golfers of the Indian Lake Country Club won prizes July 21 when 60 golfers competed at the club course.

Prizes went to the women having the most 8's and the most 5's for nine holes. These were: Ann Stevens, Sandy Casey, Virginia Radgens, Julie Smith, Edna Fox, Olive Smith, Sheila Richards, Norma Archambeau, Vi Freeland, Marijane Malloy, Louise Thompson and Sylvia Phillion.

Kate LeBrasseur, who posted a 48, had the lowest score for the day. Gaining pars were Jackie Carlson, Gayle Tufnell, Marge Lundwall, Arne Stevens and Marilyn Larson. Chip-ins went to Vi Arnold, Jean Thomas and Hilda Paquette.

Tournament play will be held over the next two weeks. Pairings will be posted by Friday evening.

## Out Our Way

News from Road 437

Hi, Folks. What a refreshing Monday morning we have out our way, as the much needed rains have come. All the forest has a fresh look. The hill that has come brings a peacefulness in all the surrounding area. The gray sky promises us more rain for the remainder of the day, but the trees and flowers are happy being kissed by the cool showers.

There is still plenty of color to be seen along all our road sides. There are the tall purple asters, daisy fleabane and yellow evening primrose. All add beauty to the wild flower show. The common Mullein, with its clublike flower head and large flannel-textured leaves—that flow into the stem—are plentiful. There is the rough-spiked gay feather, that grows 9 to 10 inches tall. Its florets, numerous in purple color, also add beauty to the wild floral bouquet.

Our days have begun to get shorter, and as the day ends and the shade of darkness creeps over the late afternoon sun, a musical reverie can be heard. Some of the sounds come from the chipmunk, others from the crickets. From the trees, hidden among the leaves come the sentimental songs of many different birds. Rain or shine, they sing with not a care in the world. Evenings the bird bath is always occupied. How they love to splash the water over them and enjoy watching them. It won't be long when the summer birds will be leaving us, and then I will be watching for my winter birds to come into the feeder for their goodies.

Folks out our way welcome to our mid- and Mrs. Dale Potvin who have moved up from Flint to make their home at Murphy Lake. We know they will enjoy their new home and surroundings, as they have been looking forward to this move. Their guests for the past week were—Mr. and Mrs. Ackler and children Dale and Randy of Monroe, Michigan.

There is much ado at the Lew Clemmings place, as the hum of Bill Reid's power saw is heard and the hullabaloo of Dale Higley's. The reason for the clearing is that the Clemmings are going to build a new home on Murphy Lake. They intend to become permanent residents this fall or next spring.

Guests of Dr. and Mrs. Ewald Hoerster the past week were Earl Sexauer of Chicago and a friend of Mrs. Hoerster's Ann Jordan, also of Chicago. Mr. Sexauer is a brother of Mrs. Hoerster.

Paul Gamba flew up to Escanaba from Chicago, where he was picked up by his wife Helen. He plans to spend several weeks with his wife and enjoy the much-wanted vacation.

Guest of the Harry Keschull's the past week were Mrs. Keschull's mother and son Carlton of Hudson, Michigan.

Our two granddaughters Julie and Mary Jo have left for their home in New Berlin,

Wisconsin. Their father, Werner Stuber, came after them.

There was a bit of excitement last week at the Barnida's son Murphy Lake, as a 2 1/2 ton hemlock fell down breaking the power line and falling over two cars parked in the yard, causing power failure in their area. The R.F.A. power trouble shooters came from Galdstone and soon had the generator restored.

Echoes of birthday greetings go out to Danny Peterson—the Markham, Rose Klarich, Jerome Sergerstrom, Sandra Davidson, Barbara Sergerstrom, Ora Stoor, George Miller, Mills Underwood, Tom McManus, Gilbert Carley, John Rahmes, Chip Clemmison, Jack Swagart, and David Mickelson.

Anniversary wishes go out to the Neil Kivala's, Fred Hinkson's, George Barton's and the Michael Tryan's.

May day wishes go to you one of complete happiness, until next chat stay happy and healthy.

## Garden

by Mrs. Eleanor LaButte

Garden—Mr. and Mrs. Gene Rochefort and four boys, Cecil, Danny, David and Greg of Portage, Ind. and Mr. and Mrs. Bill (Ila) Carey of Muskegon were visitors of Mrs. Ida Rochefort of Garden and Mr. and Mrs. Claus Rochefort and family of Fayette for a week.

Mr. and Mrs. Jack Thousand and family of Madison Heights, 117, and Mrs. Jack Minor and family of Inoster, Mr. and Mrs. Michael Riley of Ann Arbor and James LaVallee and son of Oxford, are vacationing in the area and visiting with their parents, Mr. and Mrs. Alfred LaVallee for two weeks.

Visitors at the James Dotsch home this week are Mrs. Rita Maynard of Lansing, Mr. and Mrs. Paul Grindel and family of Traverse City, Mrs. Max Wakeman of Coldwater and son Dean of Chicago and Mrs. Judy Emerson of Tampa and staying at the Boudaru homestead and visiting are Mr. and Mrs. Jerry Abel of Elsie.

Mrs. Alma DeVet of Escanaba visited at the Vern Potvin home this past weekend.

Returning home from senior week at the Riverside Bible Camp in Amhurst, Wisconsin, were Gloria Grenier, Kirk Praggatt, Candy Wilson, Jill Nedeau, Rosanne Nelson, Kathy Bradshaw, Deanna Neadeau, Tracy Glen, Kathy, Ruth and Jean Head, Dianne Groleau, and Gordie Fox. Pastor Wally Fox was the guest speaker for senior week. At junior camp were Counselor Gloria Grenier, Electa Glen, Edwin Glen, Mark Parkinson, Victor Briggs, Julie Hazen and Zeta Robere. Pastors Gordie and Lowell Fox were guest speakers.

The Kates Bay Card Club will meet tonight at the Fred Sharp home.

The best loser for the week was Lucille Allen. Fern Grenier was runner-up.

Winners in the partner contest who lost more together were Marian Cote and Lucille Allen.

## Hiawathaland Auto tour moved up

SENEY - With summer days growing shorter, the Seney National Wildlife Refuge will move its Evening Guided Auto Tour one hour beginning August 1. The current 7 p.m. starting time in effect through July 31 will be changed to 6 p.m. daily through Labor Day, according to an announcement by John R. Frye, Refuge manager. The Evening Guided Tour begins with a half-hour orientation talk and slide program in the refuge visitor center followed by a two-hour drive through the pool system. Tours are led by an interpreter with visitors following in their own vehicles. Featured stops along the way include a bald eagle nest, cannon-net trapping site, an old-growth pine stand, and other points of interest. Deer, beaver, loons, and several types of waterfowl regularly are seen on the tours. The chance for a rare glimpse of a bald eagle, sandhill crane, or other presents a challenge for wildlife enthusiasts. More information on the tour may be obtained by contacting office or calling AC 906-586-6504.

**Obituaries**

**Mrs. Margaret Sullivan**

Mrs. John (Margaret E.) Sullivan, age 63 of 606 Oak St., Marquette, died at 4:30 p.m. on July 11th at her home. She had been ill for the past 18 months. She was born on Feb. 13, 1907 in Marquette, and spent most of her life in the area.

Prior to her retirement in 1967, Mrs. Sullivan was employed as a teacher for the Maquette Public Schools. She had also taught in Potosky, Marquette, Gladstone, Marquette and Pitsburg, California. For 12 years during the 1930's and the 1940's she lived in Manistique and was a vocal music instructor for the Manistique schools. She also was the director of the Zion Lutheran Church and the director of the Messiah chorus.

She was a member of the Messiah Lutheran Church, church seniors and altar guild. She was a graduate of Northern Michigan University.

Her husband preceded her in death in November of 1969.

Surviving are two brothers—Lowell A. Johnson and Alton E. Johnson, both of Marquette. Services were held on Wednesday, July 14th in the Messiah Lutheran Church with the Rev. D.C. Kalket officiating. Burial was in Park Cemetery. Friends called at the Swanson Funeral Home from 4 to 9 p.m. on July 13th.

Funeral services were held Tuesday afternoon at 3:30 p.m. at the Gernfask Memorial Church with the Rev. Bruce Hendrich officiating. Burial was in the Riverside Cemetery under the direction of the Messier-Brouillette Funeral Home.

Palbearers were Lawrence Bryant, James Tuttle, Paul Magnusson, Daniel Thayerford, Wayne McGahan and Tim Tovey.

**Mrs. Marjorie Losey**

Mrs. Arthur R. (Marjorie) Losey, age 61, of 1909 Gernfask died Sunday, July 25th at 8:45 a.m. at the Schroeder Memorial Hospital. She was born on December 20, 1914 in Butterfield, Michigan.

The greater part of her life was spent in a farm task. She spent 23 years in Flint, and attended the Gernfask public schools. Her maiden name was Marjorie Rupright. She married Arthur R. Losey on February 10, 1943 in Manistique. She worked at Maxine's fur in Gernfask. Mrs. Losey was a member of the VFW Auxiliary, Gernfask High School.

Surviving are her husband, Arthur R. Losey of Gernfask; three sons—Arthur Losey of Marquette, Michigan, Ronald and William Losey, both of Gernfask; one daughter—Janice Losey from Gernfask; three nephews—William Rupright from Tim, Marjorie Rupright of Hemlock, Mi., and David Rupright of Clio, Michigan, and five grand children.

Funeral services were held Tuesday afternoon at 3:30 p.m. at the Gernfask Memorial Church with the Rev. Bruce Hendrich officiating. Burial was in the Riverside Cemetery under the direction of the Messier-Brouillette Funeral Home.

Palbearers were Lawrence Bryant, James Tuttle, Paul Magnusson, Daniel Thayerford, Wayne McGahan and Tim Tovey.

**Gunnar S. Jackson**

Gunnar S. Jackson, 16, of Gulliver, was found drowned Sunday, July 25. The incident was reported Thursday July 22. The drowning took place in MacDonald Lake in Gulliver.

He was born July 13, 1960 in Manistique. He had been a life long resident of Gulliver. He was a junior at Manistique High School. Jackson was a member of the Boy Scout Troop 401 and was in the process of obtaining the Order of the Arrow.

Survivor is survived by his mother Mildred and his father Gunnar; three sisters—Alta Smart of Escanaba, Cindy Lehman of Louisville, Kentucky, and Kerrie Jackson of Gulliver; and maternal grandmother Mildred Massey of Gulliver.

Friends called at the Hewitt Funeral Home beginning Tuesday, July 27 at 4 p.m. Funeral services were held Wednesday July 28 at 10 a.m. at the Hewitt Funeral Home with the Rev. Ingmar Levin officiating. Graveside services were held at Fairview Cemetery.

Palbearers at the funeral home were friends Kevin McClaren, David Milan, Michael King, Richard King, Michael Kelly, James Rosebush and Steven Davis. At the cemetery the palbearers were David Jackson, Scott Weaver, Ronald Lutz, John Meffer, James Meffer, and Clifford Goudreau, all members of Boy Scout Troop 401. Flag bearers were Lee Wickvire and Robby Cook.

**Art Club seeks exhibitors for Aug. 7 Art Fair**

Manistique Art Club still is seeking applications from exhibitors of painting, sculpture, pottery, etc. for this year's Arts and Crafts Show to be held from 10 a.m. to 9 p.m. Saturday, August 7 at the Water Tower. Exhibiting artists are being asked to demonstrate their work as well.

According to Helen Davenport, chairperson for the show, entrants may exhibit for show or sale. All work, she said, must be original and creative.

Entry fees for the Annual Arts and Crafts Show will be \$2 for members and \$5 for non-members, with fees to be paid before the start of the show.

Although snow fencing and some racks and tables will be available, exhibitors are asked to bring their own props if possible. Space will be allotted on a first come, first served basis.

Judging of all entries will begin at 11 a.m.

An entry form and directions on where to mail it can be found on page three of the second section of this week's Pioneer Tribune.

# What Men Do

## "Red" Rogers isn't going to relax

Louis "Red" Rogers is a 30-year veteran of the telephone company. August 1 he will retire—sort of.

"It's kind of hard to say, but I don't think I'll want for anything to do," Rogers explained. "We plan to see the USA, because we figure no other country can offer what it can. First we'll probably go to Washington, D.C., to Boston and along there, and then we'll play it by ear. We'll see what we have time for and what we can afford."

"I plan to work on the house, to finish siding it. I love to hunt, so I want to do a lot of hunting for deer and small game. And, we have three grandsons that keep us quite busy!"

He probably won't be keeping the hours he did with the phone company, going out at any time of the day or night to repair and install telephones, but he won't sit still for long, either.

"I started with the telephone company in Shelby, Michigan. From there I went to L'Anse and, in 1952, we moved back to Manistique with our three children. I've had some hairy experiences and some real good ones, too. I've been very, very happy with the work. I've stayed with it for 30 years. But my wife has been a widow most of the time because of it!"

Rogers, who can tell you the exact date they were married (August 10, 1937), now wants to "do everything" with Delphine DeSaule, the girl he met as a high school freshman and married 30 years ago.

She's happy about that, of course, but she doesn't feel as if she's been "widowed" all that time and she's proud of her husband's accomplishments. Together they listed his achievements, and pointed to plaques and pins he's received as they explained each one.

In 1954, they told us, he began the Boy Scout Troop 400 championship drum and bugle corps. The group took first place in the 1954 Escanaba Lions parade.

Also in 1954 he joined the City Recreation Board. He's still an ardent football fan, leaving his wife to knit while he watches either the Packers or the Lions.

Rogers says of himself, too, "I've developed myself into a pretty fair

# Repairs underway for First United Methodist Church

Improvements and repairs to property of the First United Methodist Church were reported to the churches board of trustees at a meeting Monday morning.

Chairman Bill Mueller reported that re-roofing of the one-story part of the rental unit is underway, and that the replacement kitchen cabinet has been installed. Repairs remaining for the rental unit involve the kitchen and bathroom walls.

The board approved a proposal that future plans for the house must be determined before more than these maintenance repairs can be considered. Rev. Michael Peterlin reported that the administrative board had appointed two members to work with the Future Planning Committee of the Board of Trustees.

Mueller had further information on the R-factor of the various types of insulation being considered for the church. A decision was tabled when it was learned there is an immediate problem with the parsonage furnace. Donald Carlson volunteered to oversee the repair and cleaning of the furnace.

A report on funds for the parsonage fence indicated collection of within \$54 of the amount needed. Bill Wright will determine footage and posts required, and place the order. Bill Tutnell is gathering a work committee for installation of the fence.

A leak in the church kitchen wall has not quite been stopped. Don Carlson will investigate. Bob Hubble will check the church electrical system for the cause of a recent blackout or two, and will install three or four additional wall plugs.

The Senior Youth Fellowship's request to complete a meeting room below the choir loft was approved provided the Senior Y F supplies both labor and funds for the project.

A request was made for an evaluation of the church janitorship. It was determined that the job should include lawn care, snow removal, and minor maintenance as well as cleaning the building. This would

require a larger salary that is presently being paid according to the board.

Board members present were Donald Carlson, Frances Hoar, Robert Hubble, William Mueller, Dennis Potila, Edwin Denton, Emma Tutnell, William Tutnell, and William Wright.

Adjournment followed the announcement that the Board of Trustees will meet again on August 30.

### Costs going too high

Social services programs such as direct relief to needy families or individuals, aid to dependent children, aid for the disabled, food stamps for people making below poverty level wages, medical aid for the needy, and other such assistance programs can all be good when properly run and controlled.

But, based on the way costs keep going up and up in all phases of our social services program, one can't help but keep wondering if these programs are really being run and controlled as well as they should be.

How much more is the taxpayer public going to be able to assume in higher and higher taxes to continue to finance the rapidly escalating costs for social services programs as they are now being run?

In a news release issued earlier this month by Rep. Mel DeStigter, vice-chairman of the Michigan House Appropriations Committee, some rather disturbing information was given.

He reported that the Michigan House had just approved a \$1.23 billion appropriation for social services which is \$215 million higher than the current year's appropriation. With matching federal funds included, Michigan will be spending \$2.3 billion on welfare next year, Rep. DeStigter emphasized.

"We simply do not have the financial resources to increase our spending level this way," Rep. DeStigter asserted.

The newly released information also noted that the Aid to Families with Dependent Children (ADC) program will require \$92.6 million of the total to provide 227,000 cases with an assistance standard pegged at \$419.92 a month for a family of four. The fact that Michigan already has one of the highest allowances for ADC recipients compared to the surrounding states of Illinois, Ohio and Indiana was disturbing to Representative DeStigter and it is to us as well.

It was also noted that the medical services programs costs are shooting up very sharply. A total of \$852.8 million has been budgeted in this area of social services which is \$216.2 million more than is currently being spent, according to Rep. DeStigter. The state's portion of this cost will be \$424.3 million.

In addition to having to pay a continually growing number of recipients, we also have to pay a growing number of employees to handle the influx. The new budget includes 1,171 new employees, bringing the total position in the Dept. of Social Services program to 14,047," Rep. DeStigter said. "The assistance payments programs alone require 5,389 positions, at a cost of \$43.8 million. A new feature this year is a 44-member training council to train new caseworkers and administer employment tests," he went on.

The above information is disturbing to us and makes us wonder where and where it's all going to end. You should be concerned too. Are you?

#### U.S. Intelligence suspected Israeli rescue

by Jack Anderson With Joe Spear

WASHINGTON—Israel's stunning, July 2nd commando raid into Uganda did NOT catch the United States by surprise. The raiders rescued the passengers from a hijacked airliner held by terrorists.

It has taken a little while to piece together the tightly-held story of the U.S. role in the daring raid. The story hasn't been easy to get, those who know the facts have been sworn to silence.

Officially, the United States didn't learn about the strike until Israeli Ambassador Simcha Dinitz telephoned Secretary of State Henry Kissinger the evening of July 3rd. The rescue was almost completed before the call was placed.

But unofficially, U.S. intelligence sources knew something was afoot. Their sophisticated electronic equipment, which can intercept communications, gave them some clues.

Undercover American agents also provided additional clues. The Israeli raiders, for example, are an elite group. U.S. intelligence watches them closely. As soon as the commandos changed their normal pattern, our intelligence analysts knew something was in the air.

The only crises was the holding of the hostages in Uganda. Our analysts simply deduced that the commandos were preparing to rescue the hostages.

U.S. tracking equipment in the Middle East reportedly picked up the flight of the commando planes over the Red Sea along the African coast.

But it was AFTER the raid that the United States played its most important role. There was concern that Uganda's volatile dictator, Idi Amin, might retaliate with an attack on Kenya, Uganda's African neighbor, which Israel used as a refueling stop.

So the Pentagon made a number of quiet moves. First, a five ship task force, led by aircraft carrier Ranger, was dispatched from Singapore toward Africa.

Meanwhile, an American frigate, the USS Beary, sailed into the Kenyan port of Mombasa. At the same time, a P-3 Navy patrol plane flew over 5,500 miles from the Philippines to Kenya. It was the first time a P-3 had landed in Kenya. The plane returned to the Philippines a few days later. But it was immediately replaced by another patrol plane. The second one didn't leave Kenya until July 18.

These military moves were intended, first, as a warning to Dictator Amin to behave himself, and second, as a reassurance to Kenya. At the same time, the moves were carefully limited to avoid an international incident.

Diplomatic Shuffle: Egypt's Bicentennial gift to American almost got lost in the July 4th shuffle.

The Egyptians carefully selected an appropriate gift, an ancient memorial tablet carved more than 3,000 years ago. It shows an Egyptian family pleading for eternal life for their dead son.

The Egyptians also went to great pains to deliver the gift in a dramatic way. The valuable artifact was loaded aboard a 11-year-old vessel, which set forth on its final trip across the Atlantic Ocean.

But no one paid any attention to the Egyptians when they arrived. Admiral Fousek Zikri, the commander of the Egyptian Navy, tried to present the gift to President Ford. But Zikri couldn't get past the White House gate.

One of our reporters, Barbara Takel, finally called the White House to ask about the Egyptians. White House aides told her they didn't even know the Egyptians wanted to present a gift. The Egyptian delegation, meanwhile, had been cooling their heels for five days. Their ancient vessel was scheduled to take them home to Egypt July 15th.

In the nick of time, President Ford summoned the Egyptians to the White House on July 14th. President Ford presented the 3,000-year-old tablet, and the President accepted it. The whole ceremony lasted precisely seven minutes.

The next day, the colorful, old vessel sailed away almost as unobtrusively as it had arrived.

Convention Cheerleaders: President Ford's son Jack recently sent out 10,000 letters to young, freshly-scrubbed Americans. He's trying to recruit 500 of them to cheer for his father at the Kansas City convention.

Young Ford's letter offers them the chance to be "Presidents." For this opportunity, they have to pay a \$30 fee. They also have to pay their own transportation costs. But once in Kansas City, their expenses will be picked up by the President's campaign committee.

The "Presidential" will be admitted inside the convention hall. Jack Ford promises. They won't actually be allowed on the convention floor, but they'll participate in rallies and demonstrations.

Or, to use Jack Ford's words, they'll "provide the enthusiasm my father will need to win."

The "Presidential" should be easy to spot on your television screen. They'll be young, probably somewhat hoarse, dressed in red-and-white tee-shirts emblazoned, "President Ford '76."

### If It Fits, Common there, Humph!

by Jim Fitzgerald

Recently, while suffering an attack of old-fashioned morality brought on by a Jimmy Carter speech, I wrote a terrible thing. I wrote that Hubert Humphrey is a fourtushler because he reneged on more than \$800,000 in 1972 campaign debts.

This made Humphrey angry and he sent me a letter saying so. "I have been brought up to pay my bills, and I do so," he said.

Humphrey's letter should be preserved as a fine example of how slippery politicians grease their way around corners. His reasoning is typical of the lopsided justice which pardons a Richard Nixon and sends a two-bit burglar to prison.

Humphrey didn't deny that a group of his creditors, owed \$900,000, went penniless for four cents on the dollar. Except, he said, the debt really hadn't been his in the first place.

"The \$900,000 had been lent to 'me,' the Humphrey wrote in his letter.

Oh well, That's different. I thought Humphrey solicited the cash personally and took it home and slept with it. I didn't realize the loans were transacted through a committee. The lenders probably never heard of Hubert Humphrey. They weren't buying favor with a possible president. They thought the money was going to be spent on long underwear for freezing Indians.

But no, that can't be. In a later paragraph, Humphrey admitted that the lenders "were all personal friends who are committing at all over the fact that they in fact, a very small settlement on their loans.

In received, Humphrey said, these generous buddies knew when they lent the dough that "there was the possibility that the committee might be able to repay."

#### Out of killer

I talked to Merwin White, our County Commissioner, about a place to dispose of stumps. He said they can be dumped at the Solid Waste Site for a slight charge. A charge which can be passed on the customer.

The Health Department says anyone can dump trash on his own property. So, even if you caught someone dumping, he can say "I'm working for so and so. Stumps are just the debris from a consultant roofing paper and shingles, hot water heaters and mattresses, barrels, boulders, cement slabs and finally garbage."

The Health Department will step in if there is garbage dumped but by that time it's a little late. If you don't believe, me, drive in a ways on the other end of this road, off the Three Mile cut-across. Or better yet drive down to the docks. Along with some of the above mentioned, you have Paper Mill Sludge, the Hoger Towers has a dump in their back yard also. My people will dump anything, anywhere. They just need an invitation - like a pile of stumps.

Science camp project started

A new approach to the twin question of children and education is being planned for a unique science education camp at Summer Island, at the tip of the Garden Peninsula.

Work was expected to start this week on the buildings and roads to be constructed on the northeast shores of the 2,200 acre island, where summer Science, Inc. will take shape.

The twin objectives of the camp will be to provide science training to youths of high school age, and also to provide an enjoyable camping and wilderness experience.

Citizenship week planned at school

Citizenship week will be observed July 29-31, in all the summer programs for children and education. The program, which is being announced by Evelyn Berwin, summer program director.

Local youngsters have been enjoying camping, lot's, baseball, arts and crafts, swimming, science enrichment, educational trips, head start, dramatics, and instruction in basic skills through the summer program.

First roller skate shipment will be made this week

Initial shipments of Keeco-Hyer roller skates, produced by the Hiawatha Metal Products Company here, will be made by the end of this week. It was reported today by William Taylor, production manager.

Excellent program to be held at Presbyterian Church next Tuesday

The ladies of the Presbyterian church will give an entertainment on Tuesday evening, July 29th at 8:15 in the church.

Miss Clarice Barrow will give readings, Miss Lindgren and several talented musicians from out of the city will help in the program of local talent to give the public a first class entertainment.

This will no doubt be one of the best concerts that Manistique has had for some time.

Great Southern Show to be here week commencing August 4th

Manistique is to have another carnival of this year which it is claimed will greatly surpass the one which was here last year.

The manager of the carnival was in the city last Friday and while here closed the city and the local firm to the effect that the shows will be here for a week's engagement, commencing August 4th, August 4th.

The carnival comes here from Traverse City and consists of a good clean series of shows and other amusements.

It saddens me because I used to be a Humphrey fan. He was my kind of liberal. I figured he was for the little guy and certainly he wouldn't condone the type of crud justice which says raggedly mugged the cross-dressed well-dressed members modern princes to be admired for their lofty goals, rather than condemned for their crummy ethics.

But forget the legal niceties. I'm talking about old-fashioned morality, that glowing quality which all the politicians embraced so enthusiastically in the Watergate parking lot. In talking about justice that doesn't peek under the blindfold.

If Joe Stob borrows \$5,000 and doesn't pay it back, he faces court action. If the transaction was a fraud, he faces prison. If he does his stealing in a less genteel manner, such as mugging, he could be stoned to death in the courthouse square.

Big-shot candidates can lull over the moblocks built for peasants. Bribes are loans and loans are contributions and they all add up to the stickum that keeps good buddies together, on top. Only a few arrogant meatheds, such as Agnew come unglued.

Hubert Humphrey won't be elected president. But he could have been, and why not? He didn't do anything dozens of others candidates haven't done through the years.

And he would have been an improvement over the last guy elected.

For months, people have been complaining that they don't want to be elected Jimmy Carter.

Maybe that explains his success. The more you learn about most candidates, the more inclined you are to vote for a stranger with a big snail.

Why worry? Hubert might get elected this time and it doesn't hurt to be able to say to the president: "Hey, Hubert, remember that time I wrote off the \$150,000 your campaign committee gave me?" Well, sure. I'd like you to do it.

Anyway, if the stingers are not getting any, "being stuck for \$800,000, Hubert said, "others who have no liability to repay, have the matter ought not to be raising their voices in complaint." He means me.

Sorry, Humph, but my voice remains raised.

The senator from Minnesota has as much as admitted that the loans were why weren't they called that in the first place?

Humphrey admits the loans were made by his personal friends, yet he accepts a committee's signed-off IOU.

Perhaps some campaign laws went bent. It's a safe bet that what the Humphrey committee did in 1972 was couldn't get away with the water getting better. It simply means that cheaters must find new ways to cheat. And they will.

#### Spectator or participant

by Frank Sengor

It polities our country's greatest spectator or participant sport? That's a tough question to answer based on the evidence of the past week.

When the Democrats convened in Madison Square Garden to nominate Jimmy Carter, NBC and CBS gave full coverage to the convention each evening. ABC opted for an hours summary of the convention's highlights and maintained regular programming.

During two evenings of the convention, ABC offered other than summer re-runs. The Miss Universe Pageant filled the better part of one evening and the All-Star Baseball game was the other big offering on ABC.

When the television rating results were in, the conclusion was obvious. Most would rather watch a dumb beauty contest or a dull baseball game than an important political convention. Both ABC specials sold out.

That seems to me to be a pretty sad commentary on where we have our priorities in the country.

To me, there is nothing more exciting than a national political convention and I can sit glued to the TV set for hours each week. The more I see, the more I realize it was with the Democrats last week.

Most American's though, must not share my passion for politics.

After our national experience of the past four years I was hopeful that we were entering a new age of political awareness where more people would take an active interest in the political process of the country. The trauma of removing a corrupt administration in Washington, climaxed by the resignation of a president should have made most Americans aware of just how fragile our democracy can be. The Watergate scandal coupled with renewed interest in our heritage during the bicentennial celebration should have shaken the apathy from most people. It should be the most politically active year in American history.

In the final analysis, what happens to a beauty contest or a baseball game really doesn't matter all that much. The results of a political convention and a presidential election, however, can have a profound effect on all of our lives for years to come.

Politics should be both this country's greatest spectator and participant sport. Every one doesn't want to get involved in state wide or national political campaign there are plenty of opportunities at the local level. There is still time. Before now and November maybe you can at the time...get involved...become informed...and at last vote.

# Candidates for Aug. 3 primary election respond

As part of the Tribune's pre-election coverage, we have asked each candidate for county and township office to submit statements as to why he or she is running, along with a brief biographical sketch. Their responses are printed below.

**John L. Thompson**  
Democratic candidate for Prosecuting Attorney

I seek the office of Prosecuting Attorney because I believe I can bring to the office a quality of experience and give the people of Schoolcraft County competent quality service.

I was born and raised in Ann Arbor and educated in its public schools and at Eastern Michigan University and the University of Mississippi School of Law. I have practiced law in Michigan since 1950, and served almost three years as Assistant Prosecuting Attorney in Washtenaw County. My wife Carol, our children and I moved to Schoolcraft County in 1974 after many years of vacation contact with the Eastern Upper Peninsula. Carol and I were married in Newberry in 1967.

My experience in prosecution has included extensive trial work at all court levels and I was in charge of and handled criminal and child protective cases in the probate court for a year along with regular court and office duties. I have learned that the thrust of the Prosecutor's duties is not just trial work but a dedication to cooperating with various government, police and social service agencies to prepare cases and help people. The Prosecutor must be available to the public to hear their problems and complaints and must follow through in trying to solve each situation. Cooperation with the police and social service agencies requires twenty-four hour availability.

If the people of Schoolcraft County honor me with election as Prosecuting Attorney, I pledge and open door policy to hear the public. Victims of crime and officers involved in cases will be consulted before decisions are made in their cases and given reasons for the decisions made. Cooperation, courtesy, information, availability and my willingness to work at any time are the concepts I will bring to the office of Prosecuting Attorney. The public must be served first by the public servants.

**Gifford D. Smith**  
Rep. candidate for Prosecuting Attorney

I have held the office of Schoolcraft County Prosecuting Attorney for four years. During this time, the office has changed greatly for the better. The level of trial competence has increased vastly over what it was before my term. In addition, numerous agencies which were not being served properly by the office have now been receiving the active representation which is full-time Prosecuting Attorney can give.

I am now an experienced and competent trial prosecutor with the capability to handle the job and handle it well. I would like an opportunity to continue to raise the level of service to the citizens of Schoolcraft County which is being delivered by this office.

**Harold J. McNamara**  
Democratic candidate for County Road Commissioner

I would like to ask the people of Schoolcraft County to support me in the August 3 primary Election and in the November election. I am proud of having been part of the Schoolcraft County Road Commission that has been responsible for developing one of the finest County Road systems in this state.

I hope that my past record of over twenty-five years of service will speak for itself and that the people of Schoolcraft County will return me to office.

**Gene V. Kee**  
Republican candidate for County Road Commissioner

Kee is a 1939 graduate of Gladstone High School with 21 years military experience in the United States Air Force to his credit. Active in the VFW here, he also served as chairman of the Overall Economic Development Planning Committee in the County for three years, as chairman of the OEDP in Schoolcraft County for two years, as vice-chairman and member of the Central Upper Peninsula Planning and Development District for two years, as a member of the Upper Peninsula Committee for Area Progress, as a member of the Regional Ancillary Manpower Planning Board and as a city commissioner in Gladstone.

Kee: I think that I can best fulfill my obligation to the community by serving on a county board. There are NO axes to grind.

**William Tenyson**  
Democratic candidate for County Board of Commissioners, District 1

I believe that one term is not enough. I am just getting to know the job, and my way around and believe I still have something to offer that hasn't been done. I am a veteran of World War II and the Korean War.

I was on the School Board of Mueller Township for eight years, was secretary for four years. Since then I have been in Review for six years having attended five Assessor Short Courses. While President of Inland Local I acquired 30 hours of a Social Services Course.

**Lindsay Frenette**  
Democratic candidate for County Board of Commissioners, District 2

I was born in 1927 in Gulliver, have lived in this area most of my life. I was Doyle Township Supervisor for 12 years. I am a firm believer of peoples right to know what goes on in their government. As Township Supervisor we were first to publish time and place of meetings and started the practice of rotating people on election boards. I headed a petition drive that gathered over 500 signatures to have our road commission elected rather than appointed. Made the motion on the county board to have their minutes published. Served as chairman on County Board of

Supervisors one year and four years as chairman of the County Board of Commissioners. As chairman all of our meetings were advertised and opened to the public. Any city attendance meetings were given the courtesy of being able to address the board at any time. I feel the greatest problem facing the people of Schoolcraft County is excessive property taxes. As one of the taxpayers I'd like to work for property tax relief. I feel that government is financed by other sources of revenue.

**LeRoy J. Belcik**  
Republican candidate for County Board of Commissioners, District 2

Having served for the past year and a half as Commissioner for the Townships of Manistique and Doyle, I feel I now have some of the experience and knowledge which is necessary to be an advantage to our Townships. It is a very interesting and educational process, and since my girls are both married, I have the time to devote to the job.

**Philosophy** - Regardless of events of the past, I firmly believe that honesty is the best policy and that the majority rules, and I am sure that is the way all the people of our community feel.

**Biography** - Born in Chicago, Illinois and received my formal education there. Served three years in the Army Signal Corps during World War II in the Pacific area. Moved to the U.P. and became a resident of Doyle Township in January, 1948. Employed by Inland Lime and Stone Company in April of 1948. Worked as laborer for one and a half years, Shipping Clerk for 17 years. For the past ten years have been a Mill Foreman. Have served on local School Board, President of Manistique Bowling Association for past 25 years. Member of B.P.O.E. 682.

**Democratic candidate for County Board of Commissioners, District 4**

Hoholik is a life long resident of Schoolcraft County and resides in Thompson Township. He attended local schools and is a former member of the Thompson Township School Board and the Schoolcraft County Board of Supervisors. At present, he is a member of the County Board of Commissioners, Chairman of the Board, chairman of the Schoolcraft County O.E.D.P. Committee, vice-chairman of CUPPED, a member of St. Francis De Sales Church, the Fourth Degree of the Knights of Columbus Council 2026 and Teamsters 328.

**Hoholik**: I have been active in local government for many years and will continue to strive for equal and honest government and to serve all the people to the best of my ability.

**Franklyn T. Burgess**  
Democratic candidate for County Board of Commissioners, District 6

Retired from Inland Lime and Stone Co., Burgess is a college graduate, with a degree in Civil Engineering who was born and grew up in Flint. He is a life member of the National Society and Michigan Society of Professional Engineers, the Michigan Society of Registered Land Surveyors, the K.T. and the Manistique Elks Lodge.

Burgess: I have lived in Manistique for over thirty years and have no desire to live anywhere else. My wife and I both enjoy the people we have become acquainted with as they are real friendly and seem to have the welfare of the area in mind. If elected to the County Board I will attempt to serve with as much consideration and foresight concerning the problems which will come up, as the man who now has the position.

**Daniel N. Klarich**  
Democratic candidate for County Board of Commissioners, District 6

I am a candidate for the County Board of Commissioners for Schoolcraft County because I feel we need some new young blood in our local government, and I would like to be a part of that government. I know it will be a time consuming and learning experience, and will take that time.

I was born here in Schoolcraft County, and I graduated from Manistique High School in 1970. I am employed by Manistique Area Schools and certifying salesman for the Advisor. I am a member of Manistique Knights of Columbus Council 2026 in which I held office of trustee, I am also a member of Michigan National Guard and I am active in area bowling leagues.

**William L. McKenzie**  
Republican candidate for County Board of Commissioners, District 7

McKenzie is a native of Manistique who graduated in 1948. After four years of service in the U.S. Navy he began work at Inland Lime and Stone Company where he is now a Shipping Clerk.

**McKenzie**: I am a candidate for County Commissioner for the 7th district because I want to become involved in our local county government. I feel that we on the local level should have a greater voice in many of the issues that are now being determined by the people of Lower Michigan. The big cities, and the people representing them are determining our tax valuations, building codes, conservation laws etc. Our citizens that are retired, on Social Security and pensions are being taxed and regulated right out of their homes. If there is only one conservative voice to be heard, I would like to be it.

**Water E. Andersen**  
Democratic candidate for Thompson Township Supervisor

I feel that the experiences I have gained as Township Supervisor during the past 5 and a half years in dealing with Township matters fully qualifies me to be a candidate at the August 3, 1976 Primary Election on the Democratic ticket.

**LaDonna M. Letson**  
Democratic candidate for Mueller Township Treasurer

I will be a candidate for Treasurer of Mueller Township. Your vote and support

will be greatly appreciated.  
**Kathleen Rochfort**  
Democratic candidate for Inwood Township Treasurer

The wife of Leslie J. Cantrall, Margaret is the mother of one daughter, Peggy. During the summer she works as a seasonal rangerette for the DNR at Big Springs. In the winter, she cares for her family and does the township tax collecting. Her hobbies are painting and poetry. Mrs. Cantrall: I wish to thank the voters of Inwood Township for their past confidence and ask them to support me in the future election.

**Kathleen Rochfort**  
Democratic candidate for Inwood Township Clerk

I'm a candidate for Clerk of Inwood Township. I'm a life long resident of Inwood Township and have served on the board for one term.

I'm married and the mother of five children. I want to do the best for the people as well as the community.

I'm asking for your votes at the polls in the August primary election.

**Preferences**

People who are sailboat buffs look down their noses at powerboats. Conversely, those who prefer powerboats think there is too little action in the sport of sailing. It's a matter of personal preference.

Fortunately, there is enough water in the world to permit both kinds of boating. Also, there is enough of everything on this earth to enable us to live in dignity while doing personally what we like best. If we use our resources properly... and remember to consider our fellowman.

Personal preferences... consideration. These two things apply to boating, to be sure. They also apply to choice of a mate, where to live, kind of occupation, and where and how to worship. You have freedom of choice. Don't forget to use it.

### County Extension

by Elvin Hekkar

**LEAF HOPPER DAMAGE:**  
Have you noticed an unusual amount of browning and curling of the outer edges of leaves on your garden vegetable plants? Chances are pretty good that leaf hoppers are causing most of that damage. They suck out juices and also secrete toxic substances into the leaves that cause them to curl and 'w' own. This damage reduces production and can, if not controlled, cause death to the plant.

Just recently I found many green immature leafhoppers insects on my garden vegetables. When a heavy infestation is found, spray with Sevin or Malathion every 5 to 7 days. The dry weather along with the insects really multiply the damage effect on potatoes especially.

**CONTROL SAP BEETLES WITH SANITATION:**  
What's black with yellow spots on its back, shiny and a fourth-inch long? If it's in your garden, it's probably the sap beetle. According to Michigan State University entomologists, the sap beetle or picnic beetle is attracted to overripe or

rotting fruits and vegetables. There are no chemical insecticides labeled for use against it. To control it, control the insects that damage crops and remove all damaged or overripe plant materials.

**EUROPEAN CORN BORER ATTACKS CORN, PEPPERS:**  
From early August to frost, spray sweet corn and peppers regularly to protect them against invasion by European corn borer.

Michigan State University entomologists recommend a mixture of Seven and diazinon sprayed on the undersides of the leaves as well as on the ears and fruits. Follow all label directions.

**ZAP PESKY ANTS:**  
The best way to control ants in the home is to find and destroy their nest, say Michigan State University entomologists. If you can't eliminate the nest, treat the pathways the ants follow into or through your house to kill the pests before they can get into food storage or areas.

### Father Timothy Desrochers to move

Father Timothy Desrochers, pastor of St. John the Baptist parish garden and Mission of St. Peter the Fisherman, Sacred Heart Parish, Manistique and Theresa Mission, Au Train. The appointment effective August 5, was made by the Most Rev. Charles A. Salatta, bishop of the Diocese of Marquette. Father Desrochers is a native of Marquette and is the son of Mrs. Margaret M. Desrochers and the late Arthur Desrochers. He was ordained a priest June 6 by Bishop Thomas L. Noa. His undergraduate work was done at St. Lawrence Seminary, Mt. Calvary, Wis. and at St. Francis Seminary, Milwaukee. His graduate studies were at Fordham

University, New York, from which he received a Master's Degree in Religious Education in 1968. Father Desrochers served as Assistant Pastor of St. John the Evangelist Parish, Ishpeming; St. Mary Parish, Sault Ste. Marie; and St. Peter's Cathedral Parish, Marquette. He was administrator of St. Mary's Parish, Big Bay, and Immaculate Conception Parish, Moran before becoming pastor of St. John the Baptist Parish, Garden and Mission of St. Peter the Fisherman, Fayette in 1970. In addition to these parish duties, Father Desrochers served as director of the Adult Religious Education Program for the diocese and as a member of the Diocesan Renewal and Adult Education Team. More recently he has been a member of the team of the Diocesan Department of Worship and Liturgy and is diocesan moderator of the Cursillo Movement. Father Desrochers will be succeeded at St. John's Parish and St. Peter's Mission by Father James Pepin, who is now serving at Bishop Nea Home in Escanaba.

### Anchor to the John Jacob Astor found

It betrays a ship that has resided on the bottom of Lake Superior for 132 years to make its reappearance (in part) during our bicentennial year.

Recently, an anchor was recovered in Copper Harbor offshore from Fort Wilkins, which Park Manager Dave LaPointe feels certain belonged to the John Jacob Astor, the first American ship launched in Lake Superior. The design of the anchor and its location when found in relation to where the Astor was moored when sudden north gales destroyed her, seems to verify LaPointe's opinion.

Then, too, the only other early sailing ship lost in Copper Harbor was the City of Superior, which ran aground at the Harbor entrance in 1827. The rudder and anchor of the Superior were found several years ago at the approximate location of that disaster - almost a quarter mile from this recent discovery.

Credit for the discovery and salvage of the anchor and its ultimate presentation to Fort Wilkins goes to a group of Copper Country divers ... Dave Garfield of the Calumet Air Force Base, John Saarinen, John Roscoe, Ken Hall and Bob Stinson of Houghton, Rick Head of Chicago, a former M.T.U. student, Jim Czedzik from

Chassell and Jim Jackman from Calumet. Jackman was involved in several earlier marine salvage ventures on behalf of Fort Wilkins.

The John Jacob Astor was launched in 1833 at Sault Ste. Marie, by the American Fur Company, beginning its maiden voyage on Aug. 15th of that year. She enjoyed great prominence in the Lake Superior "Logan Fur Trade" and was depended upon as a supply ship by many early settlements along the south shore of the lake.

It was shortly after she unloaded supplies for the military attachment at Fort Wilkins that a vicious north gale broke anchor chains and smashed her onto the rocks.

Only 77 feet long, she wasn't a very big ship by today's standards but Captain Charles Stannard and dependent outposts were sorry to see her go.

And now, thanks to a group of young men who place historical value of marine artifacts above monetary value... the last trace of Lake Superior's first American ship has been returned to the same port it served so well in 1844.

### Germfask

by Mrs. Jennie Crown 556-3598

The ladies auxiliary to the Doran-Keating V.F.W. Post #600 held a business meeting Monday evening at the post hall with 18 members present. Plans were made for the bicentennial weekend.

Mr. and Mrs. Ted Caffey of Sault Ste. Marie were visitors on July 14 at the home of Lillian Caffey and also attended the annual Germfask Methodist Strawberry Festival.

Mr. and Mrs. Matt Koller of Galesburg were weekend visitors at Germfask while staying at their cabin on Blaney Line West Road.

Lillian Caffey and Gerry Pappie motored to Janesville, Wis. where they visited Mrs. Caffey's brother, Mr. Boyne Walker and family. They also attended the Walker reunion at Hickory Hills Camp Ground where 102 relatives met and enjoyed all activities on Friday evening and Saturday.

Francis Burns and friends, Tom Halister, John Horton and Marc Laminien of Ann Arbor spent a few days here visiting at the home of Francis's grandparents, Mr. and Mrs. Ling Burns. They also visited other relatives and friends in the area.

The Annual Methodist Church Strawberry Festival on Wednesday was very well attended.

All plans for the bicentennial weekend seem to be progressing nicely. Mr. and Mrs. Lyle Jarvis of Fort Hulan spent a few days visiting at the home of Mr. and Mrs. Ford Chidester. Mr. Jarvis is nephew to Mr. Chidester.

On Sunday, July 25, an open house was held at the Germfask School in honor of Mr. and Mrs. (Neal and Maryanne) Jacobson's 25th wedding anniversary. He was principal of the Germfask School here about 25 years ago. His former pupils, cooks, bus drivers, members of the school board and friends attended. Around 50 persons attended the celebration. A big anniversary cake and delicious smorgasbord were served. Mr. and Mrs. Elmer Jacobson from Iron Mountain attended. Neal and Maryanne live in St. Clair Shores where he is an elementary principal in Van Dyke. They are spending several weeks at their summer home in Grand Marais. They sailed their 37-foot boat, the West Bay, from St. Clair Shores to Grand Marais.

Mr. and Mrs. George McAlpine wish to announce the engagement of their daughter, Jeanne to Donald Mortenson, Sr. Aug. 6 has been set for the outdoor wedding at the bride's home.

### Rev. Ron Allen to hold meetings

Rev. Ron Allen will hold meetings at the Bethel Baptist Church starting Wednesday Aug. 4 and continuing through Sunday Aug. 8. The meetings will begin at 7:30 p.m. The public is invited to attend.

### NOTICE OF PUBLIC HEARING

The Manistique City Council will hold a Public Hearing August 3, 1976 at 7:00 P.M. in the Old Army Building on U.S. 2 for the purpose of discussing alternate routes D and E with regards to the U.S. 2 relocation.

**Roy Babbitt receives honor**

Roy Babbitt, a 25-year employee of the  
 Department of Natural Resources Fisheries  
 Division recently was announced as  
 co-winner of the Michigan Indian Award. Babbitt  
 secured the honor with Arthur Short, a  
 Forest Fire Division employee working  
 out of Roseconan.  
 Babbitt was a long-time Fish Division  
 employee in the Manistique area and still  
 maintains a home in Utica.  
 The award is presented annually by  
 MUCC to the DNR employee within a  
 certain level who is judged to have given  
 the most dedicated service to the cause of  
 conservation during the past year.  
 The citation read "As the Fish Division's  
 Regional Construction Foreman in Mar-  
 quette, Babbitt's innovative approach to  
 lake and stream improvement work has  
 much to do with the success of the  
 program. His knowledge of fish and their  
 habits is comparable to his expertise in  
 design and construction, and it is this  
 combination of abilities that has made him  
 a professional in a field of technicians."  
 The award was presented to him by  
 Governor Milliken at the MUCC's annual  
 awards banquet held this summer in  
 Dearborn.

## Senior Citizens'

by Eileen Males

People who have relatives or friends in a nursing home or institutions, at times may be depressed visiting their loved one when the patient is not always alert or recognizes them. Perhaps this little story will be an inspiration to them.

Quote: "For almost seven years I've been visiting my mother in a nursing home. She no longer recognizes me and just rambles on, not making any sense. "Lately I have been visiting her during my lunch hours in order to see her while she is awake I often returned to work upset and frustrated."

One day a fellow worker said, "Oh, Betty, you're so lucky!" "My mother doesn't even know who I am."

"But you know who she is," my friend answered. "My mother died when I was twelve and I'd give anything now if I would kiss her and tell her I love her. You can do that."

I had never thought about it that way, and since that day my attitude toward my visits has changed. Mother, now almost 90, still rambles on, but while she does, I pat her hands, I kiss her and I tell her I love her. And sometimes there is joy, when she speaks her few understandable words— "Bless you. Thank you for coming." Unquote.

We wish to thank the following for donations for our Thrift Store: Martha Cool, Evelyn Schuster, Mrs. Chester

## Kiwanis present award

Kiwanis Governor Don Jacobs presented local president John Thompson with a plaque for membership at the July 21 meeting of the club. Erwin Simi spoke to the group about his work with the Soil Conservation Department.

On July 28 Barbara O'Connor talked with club members about learning disabilities and about what they could contribute to the program. John Stapleton, chairman of the Major Emphasis committee introduced her to the club.

Dixon, Germaine Westler, Dorothy Henk, Don and Jane McLane and the Hospital Auxiliary.

Monetary donations were given to the Senior Citizens Center by John A. Sloop. Memorials to the center were given in the name of Katrinka Hansen and Bill Guinan by Zada Sheahan. Viola Richmire gave memorials to the center in the name of Daisy Moore and Ralph Davis.

Treat donations for the Medical Care patients were given by Zada Sheahan, the Ralph Delorias and the Carl Larsens. Mary McDermott brought in bingo prizes for the Tuesday Harbor Towers Bingo Day.

Elsie Cowman, Bada Hough, Viola Richmire, Gladys Heinz and Esther Bonifas brought in baked goods.

We appreciate all these acts of kindness. Our center could not survive without all of your help. God bless you for your concern.

Birthday greeting go out to Dell Bruley, Esther Bonifas, Elma Bowersox, Gladys Gustafson, John Rahmas today; Lena Carlson, Wesley Buzzo and Dorothy Rosebush, July 30; Tillie Doney, Roy Anderson and Anna Schultz, July 31; Buelah Rice, Aug. 2; Hazel Hastings, Tod Binder, Rudolph Rodman, Walford Mattson, Erma Michanus, Aug. 3; Helen Davenport, Aug. 4; Lilly Farley, Merle Archey, Bertha Gray, Oscar Lund and Yvonne Baker, Aug. 5.

## Community concert series to end

The Community Concert Series of Manistique presents as its final chamber concert of the season a Bicentennial salute, "Panorama of American Music," on Tuesday, August 3 at 8 p.m. in the Westminister Room of the Presbyterian Church of the Redeemer.

Dr. Robert King, director of the series now in its eighth year, has arranged a program of works both serious and popular, entirely by American composers.

Among the works will be two movements from "Piano Quintet" by Robert Palmer, noted American composer and winner of many distinguished awards, who is professor of composition in residence at Cornell University. Vesta Fyvie will perform the demanding Palmer work assisted by the series string quartet made up of Dr. King, Mary King, Ellen and Gary Rimer.

Also to be performed will be works by Henry Cowell, Samuel Barber, and Charles Ives, who is America's most independent and experimental composer.

On the lighter side will be a spiritual, a selection from Stephen Foster, and the two most famous piano rags by Scott Joplin, "Maple Leaf" and "The Entertainer" made popular by the Academy Award winning film "The Sting," and played by Mary King.

Also performing on the program will be Robert Stram, piano, and Irma Lyon, of Escanaba, contralto.

"Over the Rainbow" for string quartet and piano also will be included.

This event is made possible with the support of the Michigan Council for the Arts. Established in 1966 by the Michigan Legislature, the council provides a wide variety of programs and services in the performing, visual, and literary arts, available to community groups and organizations throughout the State. For further information on how this agency can contribute to the cultural growth of your community write to: Michigan Council for the Arts, 1200 Sixth Avenue, Detroit, Mich. 48226.

The City of Manistique proposes to install sewer lines in the 900 Block of Manistique Avenue, all the cost of such improvement to be paid by special assessment. The proposed special assessment district for such project is East from Saginaw on Manistique Avenue 440' more or less.

An estimate of the expenses thereof and a plat and diagram of the work and of the locality to be improved are available for public inspection at the office of the City Clerk.

The Council will meet to hear and consider any objections thereto at the Council Chambers in the City Hall on August 9, 1976 at 7:30 P.M.
