Controversy brewing between schools and Intermediate District

For the second time in three weeks, practices of the Delta-Schoolcraft Intermediate School District (ISD) have come under fire.

The latest incident stems from a letter written on January 30, by six school superintendents within the Intermediate District outlining these demands of the ISD board and ISD superintendent Walter McClintock.

Three weeks ago, the Gladstone Area Schools Board of Education had leveled charges concerning the ISD's handling of special education programs.

In the letter, superintendents stated that they realized that demand was a strong word, "but the importance of the issue calls for a 'sit up and take notice' type of word."

"It is not our intent to anger or alienate you, but rather to vividly point out the importance of getting together and working together for the benefit of children and taxpayers."

The school superintendent's demands are:

1. That the ISD recognize and authorize an advisory committee of superintendents to study the feasibility of any new programs the ISD may contemplate instituting.

2. To permit the analysis of the ISD budget and the district's financials of Special Education and Vocational Education Services.

3. To not approve any new programs until an advisory committee of Superintendents had a chance to study the proposed programs and are allowed to give their input.

The letter was signed by all superintendents with the Intermediate District with the exception of Richard Bonifas, Manistique Area Schools Superintendent. Bonifas is presently serving as president of the ISD board.

During an interview Tuesday with the Delta Reporter, ISD Superintendent Walter McClintock stated that the board would consider a possible means of reply to the recent criticism it has received regarding the special education and vocational education services at a private executive session on February 9.

At this time the board will analyze how to best convey requested information to all

concerned parties and school boards. It will also consider exactly what information should be presented to these interested parties.

The ISD staff is currently working on approximately six different reports which McClintock feels will fully answer the questions raised by the ISD board's critics. The fact that all of the board's records, except confidential student records, are

matters of public record, available for examination during business office hours, was stressed by McClintock. He added, that the ISD board and staff have always sought the opinions and suggestions of the member school districts.

McClintock concluded, "the ISD, its staff and its board have always sought only to best serve and inform its students and participating districts."

JENNY BEHREND, 16-YEAR-OLD DAUGHTER OF Mr. and Mrs. Miles Behrend, has been named to the YMCA-sponsored by Michigan Youth Council for the Bicentennial. Each month she will travel to a different location in the Lower Peninsula to participate in planning activities for the coming Bicentennial youth celebration in our state. "I wanted to do it for the experience of being part of the celebration, of meeting people and talking to the representatives," she said. (Tribune Photo)

Tribune offers free dinner for leap year

Thirty days hath September, April, June, and November; All the rest have thirty-one, Excepting February alone, Which hath but twenty-eight, in fine, Till leap year gives it twenty-nine.

Traditionally, Leap Year has been known as an acceptable time for women to pursue men. Realizing, however, that times are changing, the Tribune is looking for the man who knows that the way to a woman's heart is through her tummy, too.

To celebrate February 29, 1976, the Tribune is offering dinner for two at the Ramada Inn to the man who submits an outline for the most romantic, most delicious Leap Year Dinner for himself and his wife, sweetheart or girlfriend.

To enter the contest, send a full description of your dinner plan, including recipes and appropriate romantic touches, along with your name, address and daytime telephone number.

Entries will be judged for originality, romantic mood, ease of preparation and flavorful and compatible recipes. The winning entry will be featured in the February 26 "The Cook's in the Kitchen." Mail entries to Leap Year Dinner Contest, in care of the Pioneer Tribune, P.O. Box 421, Manistique, Michigan 49854. The contest ends February 29.

Tribune employees and their immediate families are not eligible to enter.

Soil Conservation District sets annual meeting

Jon Haindl, District Chairman, reports that another "convivial and informative" Annual meeting has been planned for District Cooperators.

This year's meeting will be held at the Ramada Inn. Registration will be from 6:30 to 8:30 P.M., followed by a beef plate dinner.

The business meeting will involve the election of two directors and a review of District accomplishments.

A slide illustrated program by Elmer Kangas, Soil Conservation Service, titled "North To Alaska" will be the main event of the evening. This should be of special interest to those contemplating a trip someday to our 49th state.

All District Cooperators are urged to send reservations in as soon as possible.

New inter city bus service crosses U.P.

LANSING — Travel across the Upper Peninsula was easier beginning Monday when a new state-subsidized bus service from St. Ignace to Ironwood started operation.

"We have received a two-year accreditation, the best that is given by JCAH," he said. "This is due to excellent efforts on the part of the hospital staff."

The hospital will give itself an interim check after one year, and the inspectors will return in two years to make another accreditation survey.

Van Remortel named to fill ISD vacancy

Members of the Delta-Schoolcraft Intermediate School Board of Education at their Monday night meeting appointed Carl VanRemortel, a retired rural mail carrier, formerly served on the Intermediate School Board for 15 years until July 1, 1973. He has been a member of the Big Bay de Noc School Board for the last five years and was a member of the former Fairbanks Township Board of Education for 13 years.

VanRemortel is the father of three sons and a daughter, all of whom attended Cocks High School. A son, Wayne, continued his education at Western Michigan University, Kalamazoo, and at San Fernando State College and Reed College in Portland, Oregon, while his son, Dale, and daughter, Carol, attended Northern Michigan and Michigan State universities.

Highway Dept hears views on new US 2 bridge

Over sixty people came to the public hearing Thursday, January 29 on the proposed routes of the new U.S. 2 bridge. Jack Morgan, Director of the Public Highway Section of the State Highway Department, described all of the routes considered.

In reviewing the dates, the department prefers alternate D, according to Morgan.

The preferred alignment would be located south of the existing structure and northwest of the marina. The route begins as a northeasterly tangent off West Lakeshore Drive. It crosses Harborview Drive and the river, curving southerly to pass north of the marina. The road would then connect with Cedar Street, Maple Street, join existing East Lakeshore Drive,

and end at Range Street. The bridge would have five lanes and sidewalks, and provide a 26 foot under-clearance for small boat traffic.

According to Morgan, this route would bypass downtown Manistique, but would pass close to the central business district, and also allow easy access to the tourist and lodging facilities along Lakeshore Drive.

After his presentation, Morgan opened the meeting to the public. He stressed that no final decision has been made, and that the hearing, held in compliance with federal law, was designed to give area residents the opportunity to voice opinions or objections.

Only one person stood to comment on the planned route. County Road Commissioner R.E. Johnson urged the Highway Department to consider extending the construction to the big hill near the Valley Motel. Citing the many accidents and deaths occurring at the hill, Johnson voiced the view that straightening and leveling the road there would make it safer.

Morgan closed the meeting saying that written comments are welcome, and should be addressed to him at Michigan Department of State Highways and Transportation, Transportation Planning Division, Post Office Drawer K, Lansing, Michigan 48904.

Snowmobiles to descend on us

Snowmobile enthusiasts from around the country will be in Manistique February 13 through 16 for the fourth annual Snow Sport Magazine Snowmobile Ride-in.

While here, the men and women will be treated to a tour of the various trails in our area by members of the Manistique Area Snowmobile Association and the Manistique Chamber of Commerce. Visitors will be housed in local motels and meals will be taken on the trail, at a variety of restaurants and bars.

Special rates are available for area residents wishing to participate. Reservations may be made by contacting the Chamber of Commerce.

DOROTHY HENDRICKS WAS THE WOMEN'S CLUB CHAIRPERSON in charge of arrangements for the performance given here by the Interlochen Arts Academy Choir and Chorus. She is pictured accepting scholarship donations from those who attended Monday night's presentation. (Tribune Photo)

Schoolcraft Memorial accreditation renewed

Schoolcraft Memorial Hospital has been accredited by the Joint Commission on Accreditation of Hospitals (JCAH) according to James Gardner, JCAH representative. This accreditation, which covers from Sept. 1975 to Sept. 1977, is the result of an on-site survey made by field representatives of the Joint Commission's Hospital Accreditation Program (HAP). Accreditation indicates that this facility has chosen to operate according to standards set by JCAH and that the facility has, in the main, met these standards.

The standards, published as the Accreditation Manual for Hospitals, set forth optimal achievable goals of excellence against which a facility can measure itself and be measured by the Joint Commission's survey.

Schoolcraft Memorial Hospital is one of approximately 5,300 general hospitals throughout the United States that have earned this recognition. There are approximately 7,400 hospitals in the U.S.

The Joint Commission's accreditation surveys are voluntary. It is not legally necessary for a hospital to be accredited, but health care facilities have sought accreditation because it represents a benchmark of quality that is higher than governmental licensure alone. The chief aim of the Hospital Accreditation Program, one of four such programs under the JCAH umbrella, is to help hospitals in

Doug Nelson buys Fireside

Sale of the Fireside Inn Restaurant and Cocktail lounge in Manistique was announced this week. The new owner is Doug Nelson, a native of Manistique and a long time employee of the restaurant.

Nelson purchased the business from Ron and Pam Schult, who have owned the Fireside since 1970. The Schults plan to remain in Manistique with Ron entering the commercial real estate business.

The Schult family will continue to own and operate the Manistique Motel adjacent to the restaurant, with Gottlieb "Bud" Schult managing the business.

ON ITS WAY TO ST. IGNACE for the first day of operation, one of the Upper Peninsula's newest bus services was welcomed to Lansing by UP legislators Senator Bob Davis, Representative Rusty Holman (holding hands with driver Ken Holmes) and Representative Charles Varnum. "The Pathfinder" service is sponsored by the Michigan Department of State Highways and Transportation to provide more convenient intercity bus service along U.S. 2 from St. Ignace to Ironwood. The Pathfinder began Monday as part of a statewide program supported by the Department to supplement private carriers' schedules and give the public more frequent, attractive service.

to Duluth, Minnesota, Detroit and Lower Michigan. Travelers along US-2 will now be able to make one-day round trips by bus to other cities along the route for medical, shopping and other personal business, the Department said. Previously, a bus trip along the Pathfinder's route meant an overnight stay.

"The Pathfinder is part of the Department of State Highways and Transportation's statewide effort to provide fast, frequent bus and rail service in major Michigan corridors, and to provide adequate public transportation in outlying areas," said John P. Woodford, Department Director.

Also debuting Monday was a new state-subsidized bus service from Sault Ste. Marie to Houghton via Marquette. It will provide the first long-distance bus service west of Sault Ste. Marie-Newberry.

State support will end when the new service becomes self-supporting, expected in one to two years.

Schedule of "The Pathfinder" follows:

	Westbound (read down)	Eastbound (read up)
St. Ignace	4:05 p.m.	1:30 p.m.
Manistique	4:35 p.m.	11:30 a.m.
Rapid River	6:30 p.m.	11:00 a.m.
Gladstone	6:42 p.m.	10:57 a.m.
Escanaba	6:55 p.m.	10:15 a.m.
Iron Mountain	7:07 p.m.	8:10 a.m.
Crystal Falls	8:15 p.m.	7:25 a.m.

Wakarusa	10:15 p.m.	5:50 a.m.
Ironwood	10:30 p.m.	5:00 a.m.
Ashland, Wis.	11:30 p.m.	4:05
Duluth, Minn.	1:00 a.m.	2:30 a.m.

Garden Historical Society prepares for Bicentennial

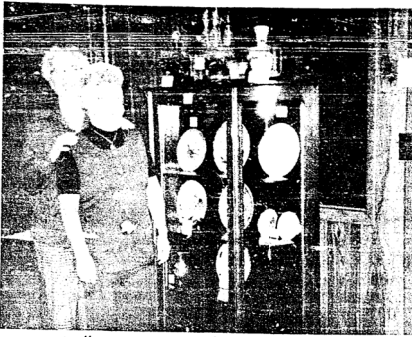

Members of the Garden Peninsula Historical Society held a meeting Monday evening, February 2, in the conference room of the First National Bank in Garden.

The purpose of this meeting was the preparation of subjects for the Bicentennial year. A pictorial display of old scenes, showing past industries, streets, buildings, people, cars etc. was discussed for the 4th of July. Some of these pictures which had been enlarged were shown by Jackie Tatrow at the meeting.

Lenore Tatrow presented information on commemorative Bicentennial plates. The committee in charge of this project are: Jackie Tatrow, Eileen Guertin, Leona LaVallee, Pat Rasmussen, and Lenore Tatrow. They will select the scenes, wording and coloring to be used on the plates, and the size and price for which they will be sold.

Hazel Horning read an article which she had written on the old china cabinet filled with antique dishes. She told from where each piece had come, and of some, the original owners and who has possession of them at the present time. Stel Jacques helped her in this project. This was the December 1975 and January display and will be one of the bicentennial articles that will be published in newspapers.

Mrs. Louis (Amanda) Farelly showed the certificate of the homestead to Luke Rivers, her grandfather, signed by President Ulysses S. Grant. It was dated May 20, 1862. The certificate commemorating a centennial farm, signed by Gov. Romney was shown. Her home is still on this piece of property.

Stella Jacques and Hazel Horning

Robert Watchorn showed a piece of paper stating it was Confederate States of America, will pay to bearer on demand, five hundred dollars. Richmond, February 17th, 1864.

A file cabinet was purchased and all papers of the Society will be placed in it. This will be kept in the bank.

Some members' work for the Historical Society doesn't start or end at the meetings. It goes on throughout the months. They collect material, seek and select information, write articles, copy, travel, transport and return articles. More will be written about this at a later date.

The next meeting will be April 5 at 8 p.m. in the conference room of the bank. All persons interested are welcome to attend these meetings.

ROSE RICHARDS CELEBRATED HER ninety-third birthday Thursday with friends and relatives at a party in her home. Mrs. Richards has lived in Manistique all of her life. (Tribune Photo)

all of Chicago, Mr. and Mrs. Robert Mickelson of Flatrock, Mrs. Joann Scon, Brussels, Wisconsin, Mrs. Gail Tetzschel and Mike Bosanic, Jr. both of Gary, Indiana, Mr. and Mrs. Fred (Mary) Lander and daughter Tammy of Plainwell and Joe Bosanic, Jr. who was vacationing in Florida and his fiancée, Leigh Ann Hoffman. Our sympathy to the family.

The members of the Tops Club met last Wednesday evening at St. Albans Church and the honor of best loser of the week was Mabel Pate. Runners up included Pat Gauthier, Ann Wilcock, and Dorothy Jenou. A new contest will begin on February 4, called Auction Money. The huge AED convention will be held in the new high school this coming October 9. If interested in joining or you would like information, please call Ella Carley at Cooks.

Mrs. Camille Tufnell of Medical Facilities spent Saturday and Sunday at the home of her friend, Marg Chandanais and children. Gustaf Danielson of Lehigh Acres, Florida and Ralph W. Danielson of Isles of Capri, Florida returned to their homes after attending funeral services for their step-mother, Mrs. Louise Danielson, here in Manistique.

Please call me at 341-6856 with any news for the "What's Going On" column or drop it in the mail at 220 N. Third Street. Thanks to all who helped this week. Have a nice day, everyday!

surgical patient at the St. Francis Hospital. She is the daughter of Mrs. Elsie Sundling.

Melody Landis spent Wednesday as the guest of Darlene Asplund at Cunard to help Darlene celebrate her birthday.

Crystal Gery and Randy Watchorn will leave by plane to visit their sister and brother-in-law, Dock and Brinow Swagart, at San Diego, California.

The Gospel Singers will present a program Sunday evening February 8 at the Isabella Congregational Church.

Mrs. Beatrice Nedeau Cossette has been released from the St. Francis hospital where she has been a patient.

Mrs. Vern (Isabelle) Peterson will enter St. Luke's Hospital at Marquette for surgery next week.

Joe LaVigne has been dismissed from the Schoolcraft Memorial Hospital and is recuperating at the home of his daughter Mrs. Denise Gavia.

Mr. and Mrs. Richard Segerstrom and family were Sunday guests of Mr. and Mrs. Bill Turan at Rapid River.

Word has been received that LeRoy Johnson at Berkeley is now walking with the aid of a walker. Good luck LeRoy. Our prayers are with you.

Rosemary Williams left with her riding horse (Buchi) in a trailer for St. Paul where she will be married. She has been making her home with her aunt and uncle Mr. and Mrs. Garnet Walpole at Isabella.

Mrs. Gary (Marion) Gruleau is a

M.H.S. student stabbed

An unidentified Manistique High School boy was stabbed in the left arm and the left leg Monday afternoon during a scuffle on the school bus. When police questioned five of those involved, along with several witnesses, one juvenile confessed. No charges have been leveled against the boy as yet. The injured boy was treated at Schoolcraft Memorial Hospital shortly after 2 p.m. Monday and released.

Bad weather slows air traffic

Airport manager Vern Bernard reports that it's been a hard month trying to keep the county airport open due to snow and strong winds. Airport traffic for Schoolcraft County in the month of January was fifty-five as compared to fifty-three in January 1975, forty in January, forty-four in January 1973, and nineteen in January 1969. Bad weather caused at least fifteen known cancellations into Schoolcraft County Airport.

The Cook's in the Kitchen

By Doris Hainstrom

On my kitchen wall I have a plaque which reads, "Use it up, wear it out, make it do." I don't often practice that advice, but I've found a woman who does.

Lois Phillips lets nothing go to waste. Her busy summer may see three lives before being eaten, but it will never end up in a flthy garbage bag.

Each year she cans 300 to 400 quarts of vegetables, most of which she has obtained from the overstocked gardens of others. She also cans fish and meat which her husband and sons have caught or killed and takes an average of eight leaves of bread a week. By the end of the summer, her kitchen cupboards are well enough stocked to afford her only one trip per month to the grocery store for the remainder of the year.

With left-overs she concocts recipes of her own for soup and the like, recipes which she would find hard to duplicate. "I do plain cooking," she said, "the easy things. I started when I got married—out of necessity—by watching my mother, my mother-in-law and my aunts. I like to cook now. I might as well, it's something I'll have to be doing for awhile."

Mrs. Phillips said that, although they consider having "store-bought" bread a treat, her husband and children seem to enjoy her cooking, as well they should. The kids never go hungry for after-school cakes or cookies and, on birthdays, each selects his or her own menu and is treated to a candlelight and tablecloth dinner.

Even then, she said, "I save everything and I use everything." Not even the summer crop of dandelions in their back yard goes to waste. She harvests both stem and flower to make dandelion greens and the more popular dandelion wine.

DANDELION GREENS
Approximately 1/2 to 1 pound dandelion greens
1 clove garlic, minced
1 onion, diced
1 small dried red pepper (crushed)
bacon drippings

salt and pepper to taste
parmesan cheese

Cut off roots of dandelions and wash greens in salted water. Cut each green into two or three pieces. Cook approximately 16 minutes uncovered in boiling salted water. Sauté garlic, onion and red pepper in bacon drippings. Drain greens, add to sauteed mixture and season to taste. Heat slowly. Served with grated parmesan cheese. Makes four servings.

DANDELION WINE

1 gallon dandelion blossoms
2 sliced lemons
few raisins
2 to 2 1/2 pounds sugar

Cover blossoms with boiling water. Let stand one day and strain. (Use the spare of 1 gallon juice after straining.)

Add a couple of sliced lemons, a few raisins and 1 to 2 1/2 pounds sugar. Bring to boil and let stand 14 days. Strain again and bottle.

Ambulance

Larry Patz, 320 South Maple Street, was taken by ambulance from his home to Schoolcraft Memorial Hospital at 8 p.m. February 1.

Larry Osterhout, 342 Chippewa Avenue, was taken from the scene of an accident on the River Road and US-2 to the hospital at 3:27 p.m. February 1.

Bert Paige, 121 North Second Street, was taken from his home to the hospital at 7:25 p.m. January 27.

Elva Marutz, Evergreen Shores, was taken from her home to the hospital at 1:10 a.m. January 27. She was returned to her home at 2:55 a.m. the same day.

SNOWBLOWERS!

New Toro Snowblowers

Salt shortage plagues city

Icy streets and slippery intersections have made for unusually hazardous driving conditions this winter, due to a shortage of salt and a sand and chloride shortage. Steve Linderoh, Superintendent of Public Works, says Linderoh's problem is "Due to so many slippery conditions at the beginning of the season," he said, "we've used more salt and sand already

this year than we ever have before. And salt is very hard to get. Linderoh estimated that the city has only three loads of salt left enough for one storm, and 50 carts of the sand and chloride. Priorities for first with the state highway, then the main shopping district and hospital routes.

In the meantime, Linderoh said that city crews will be able to sand only the slippery intersections.

Handicapped to get OPIC help

Efforts are underway to include other service agencies in the Menominee-Delta-Schoolcraft Community Action Agency's program for handicapped citizens.

According to CAA Administrative Assistant Clifford Arntzen, this decision was made at a recent meeting of handicapped citizens involved in "Overcoming Problems for Inconvenienced Citizens" (OPIC). OPIC is a program administered by the CAA under its Voluntary Program.

The OPIC group met at the Catherine Bonifas Civic Center with its Bicentennial Volunteers Russell Bevel and also present at the OPIC meeting were representatives of the Northwoods Nursing Home in Escanaba.

Arntzen said the meeting was designed to give the representatives of Northwoods an opportunity to see what the program for the handicapped is about. Other organizations will be invited to future meetings, he added.

The OPIC Program is designed to give handicapped citizens some recreational and social outlets that are not otherwise available to them, Arntzen explained.

Thompson

By Mrs. Elaine Hastings 341-2708

THOMPSON - If the ground hog or commonly know woodchuck found his way out of his hole in all our snow banks Monday he did better than I. I usually hang out a wash every Monday morning, winter or summer, but the banks of snow drifted in under my lines and got the best of me today. After battling the stormy drive home from Charlevoix Saturday morning I am ready to stay in for the next six weeks if weather is as bad. For three days last week Binky and I visited my sister and family. Mr. and Mrs. Martin Cousineau, in Charlevoix.

Callers at the home of Mr. and Mrs. John Stoor were Mr. and Mrs. Harry Anderson of Blaney and Mr. and Mrs. Robert Kanerva of Manistique.

Visiting with Mrs. Hugo Erickson over the weekend were Mildred True and Julia Siebeck of Munising. While here they attended the wedding of Mrs. Erickson's grandson Charles Martin to Tina Henry, Saturday in Manistique.

Noel Hastings arrived Monday morning from California. His wife Terry and son will arrive Friday from Shelton, Washington. They will spend a month here with his parents the Harry Hastings and grandfather Noel Hursh before reporting for duty at his new assignment at Great Lakes Naval Base.

Hot Lunch

BIG BAY DE NOC

The lunch menu for Garden schools for the week of February 9 through 13 is:

Monday: Weiner, bun, onion, relish, carrot sticks, buttered vegetables, bread, peanut butter, milk and cake.

ORDER TO ANSWER
At a session of said Court held in the City of Manistique, County of Schoolcraft, Michigan, on the 2nd day of February, 1976.

PRESENT: THE HONORABLE WILLIAM F. HOOD, Circuit Judge
On reading and filing the Affidavit of Michael J. Brooks, Attorney for the Plaintiffs, Robert L. Goudreau and Adeline Goudreau and the Court being fully advised in the premises,

It is ordered that the defendant Gladys Way shall answer the Complaint to Quiet Title to the following described parcel and located in: The Township of Manistique, County of Schoolcraft and State of Michigan to-wit:

The Northwest Quarter of the Southwest Quarter of Section 4, Township 41 North Range 13 West. Wherein the plaintiffs have demanded that title to said parcel be quieted in the name of Robert L. Goudreau and Adeline Goudreau, husband and wife.

Gladys Way shall tender: An Answer with the Schoolcraft County Circuit Court on or before the 10th day of March, 1976 or take such other action as may be permitted by law.

It is further ordered that failure to comply with this order shall result in a default and default judgment being entered against the defendant Gladys Way, for the relief demanded in the complaint filed in this court.

Dated: February 2, 1976
- William F. Hood, Circuit Judge 31c4

Big Bay de Noc High School
Regina Collins

This week at Big Bay was our 1976 Basketball Homecoming Spirit Week Monday was the first day of 1976 Spirit Week and was designated as Dress-Up Day. Freshmen class won the first point of the week by having the most students dressed up. The class with the most points at the end of the week would win the 1976 Spirit Week. Monday was also Senior Take-Over Day with many classes in the School being taught by seniors. Seventh and eighth grade boys basketball had a game on Monday against Eben at Big Bay de Noc. Eighth grade won their game and seventh grade lost.

Tuesday was Rock and Roll Day. Students were to dress like their favorite rock star or create their own star. A Sophomore class had the most participants this day and won Tuesday's point. Wednesday was Bioncentennial Day. Junior Class won the point for Wednesday. Thursday was Masquerade Day. Quite a variety of costumes were displayed. There were characters from "Sesame Street," visitors from the planet Mars and also the Devil. Juniors again won the point for the day putting them in the lead for winner.

The high school voted for Homecoming Queen on Thursday. Queen candidates are Faye Hartman, Kathy Ansell and Carmen Sobieski. The winner will be announced on Friday Night.

The seventh and eighth grade teams had another game Thursday against Perkins at Big Bay. This time the seventh grade won, the eighth grade lost.

Friday was Black and White Day. A record hop sponsored by the Student Council was held from 1 to 2:20 p.m. in the gym. Admission was twenty-five cents and the money was given to the Muscular Dystrophy Campaign. A pep assembly was held after the record hop. A competition of yell was held and Juniors won. The point yell for Friday was awarded to the Junior class and they were announced as the winners of the 1976 Spirit Week.

Friday night was our 1976 Homecoming game against Eben. The Black Bears won 68-37. The crowning of king and queen was held after the game. Kathy Ansell was crowned as queen and Bruce Spaulding as king. The dance was held in the Multi-Purpose room. The band was Pearl

ATTENTION!!!!

THINKING OF SELLING?? State Wide Real Estate will be offering U.P. properties at the Sport Show in Detroit and Wisconsin. We have several choice properties available at this time but will need many more offerings for the thousands of prospective buyers we will be talking to within the next few weeks. We have needs for all types of properties.

THERE IS A REASON WHY STATE WIDE IS A LEADER IN SALES. Call us today so we may represent your property at the Sport Shows, as well as qualify your property for the new computerized Multi-List books that will be out next month. This will be a computerized monthly publication mailed to the over 60 State Wide offices and over 600 sales representatives throughout Michigan with write-ups and photos of property available in Michigan.

REMEMBER, PROPERTIES ARE SOLD BY BEING EXPOSED TO THE BUYING PUBLIC. We are working hard to market your property! List with State Wide Real Estate of Manistique!

MANISTIQUE ROTARIAN CLIFF LEWIS looks at some of the many Rotary Club banners brought to Manistique by members of other clubs. Each chapter of Rotary Club has its own banner, and traveling members present the banners to clubs they visit. (Tribune Photo)

Rotarians act as goodwill ambassadors

Manistique Rotarians have been acting as goodwill ambassadors for the city since the club's beginnings here.

Club members are encouraged to attend Rotary meetings once a week even when away from their home club. Many Rotarians, when they travel, carry an Official Directory with them. They also take with them a banner of their home club to present to the club that they are visiting and are generally given one in return.

The Manistique banner has a map of Michigan in blue on a white background with a large Rotary Wheel pinpointing the location of Manistique on the Upper Peninsula. In keeping with the vacation theme the banner also shows a skier, a sail boat, a deer and a trout.

In the meeting room of the local club on three large blue backgrounds are displayed over eighty banners brought back by members of the Manistique Club.

In Michigan your Rotary ambassadors have visited seven communities - Ironwood, Mr. Pleasant, Carleton, Sault Ste. Marie, Iron Mountain, Holland, Owosso, Sutton Bay, Aunten Park, Highland Park and Blissfield.

In Florida the 9 communities are Miami Beach, Coral Gables, Largo, Tarpon Springs, Miami, Tampa, Bal Harbour, Dania Hollywood, and Fort Lauderdale Beach.

Next in number of visits is Ohio with eight - Sylvania, Regina, London, Brooksville, Sidney, Newark, Wausson and Kenton, followed by Wisconsin with Milwaukee, Marinette, Clintonville, Eagle

Twelfth bicentennial meeting held January 29

The twelfth in a series of meetings of the Schoolcraft County Bicentennial Commission was held Thursday, January 29 at the old Army. The date of the "Blessing of the Fleet" has been confirmed and it will be held on Sunday August 15. The Annual Art Fair will be held at the Lincoln School the weekend of August 7 and 8. Several other projects are in the planning stage throughout the county and will be announced at a later date.

Much progress has been made for celebrating the fourth of July this year. With the fourth falling on a Sunday it has been decided to hold the parade on Saturday July 3. The Kiddie Parade will be on Friday July 2. To date 12 floats have been confirmed including: Local No. 1196 of the American Federation of Municipal Employees, the first to signify their intentions of entering a float. The First National Bank, Manistique Women's Club, Manistique Art Club, the State Savings Bank, Manistique TV Cable Co., Hobolik's Plumbing and Heating, Seney Township, Senior Citizens Kitchen Band, The Knights of Columbus, Pawley Oil Co. and Welcome Wagon. Several musical units have been confirmed including: the Seney High School Pipe Band of Sault Ste. Marie, Ontario, Chairman of Festivals, Elvin Hepler, discussed the possibility of having a work shop on how to build floats. All floats to be entered in the parade must be registered with the parade committee beforehand.

Solo and Ensemble Festival

Last Saturday, January 31, thirty-eight members of the Manistique Jr. and Sr. High Bands participated in this year's solo and Ensemble Festival. The event was held at Big Bay de Noc and was sponsored by District 13 of the Michigan School Band and Orchestra Association. Other schools participating in this festival were Rudyard, Brimley, Rapid River, Big Bay de Noc, Sault Ste. Marie, Newberry and Engadine. Each student performed either a solo or in an ensemble of eight or less. After each performance each event was evaluated on a scale of one to five with one being excellent.

Those students who received one rating were: Pam Scott - flute solo, piano solo; Jim Greene - piano solo; Laurie Guertin - piano solo, flute solo, piccolo solo; Karen Hendricks - piano solo, brass quintet; Jackie Krusic - brass quintet; April Burns - brass quintet; Julie Prunty - baritone solo, brass quintet; Linda Schubring - brass quintet; Barb Bontekoe - snare drum solo; Judy Osterhout - piano solo; Kim Tufnell - marimba solo; Mary Orr - piano solo; Denyse Buda - clarinet solo, clarinet trio; Sue McAlpine - clarinet trio; Kevin Rossier - clarinet trio; Joan Holhus - clarinet duo; Lisa Brulla - clarinet duo.

Those who received two division ratings were: Steve Rozich - trumpet duo, brass quartet; Jim Reid - brass quartet; Mark Burns - baritone solo, brass quartet; Mary Greene - trumpet duo; Al Salo - french horn solo; Kathy Davis - brass quintet; Alan Barr - brass quintet; Mary Orr - brass quintet; Ron Cook - brass quintet; Tim Tufnell - brass quintet; Carol Wilcock

clarinet solo; Kiri Krusic - snare drum solo; Sue Wilkerson - piano solo, clarinet solo; Patti Hobolik - clarinet solo; Paula Treven - flute solo; Jackie Krusic - trumpet duo; April Burns - trumpet duo; Judy Burek - alto sax solo; Joanne Holhus - clarinet quartet; woodwind duo; Susan England - woodwind quartet; Nancy England - woodwind quartet; Sue Harham - woodwind quartet; and Roxanne Skarrin - woodwind quartet.

Those who received three division ratings were: Judy Osterhout - tenor sax solo; Becky England - flute solo.

All band members who participated in this festival did a fine job and should be commended for their efforts.

Fire calls

Extensive damage was done to the rural Manistique home of Richard Hudson February 2 when flames spread from the fireplace throughout the living area. City fire crews fought the blaze from 1:20 to 2:35 a.m.

Position for Conservation Program filled

All newly created positions for the Menominee-Delta-Schoolcraft Community Action Agency's Energy Conservation Program have been filled. Energy Conservation Director Rick Jensen announced Monday.

Jensen explained that with the four additions to his staff, the Energy Conservation Program will be "highly operative" in the near future. The program is scheduled to function in the area encompassing Menominee, Delta and Schoolcraft Counties, he added.

Hired for the program were the following: Pete Ciraco of Perkins, program supervisor; Charles Burton of Gernfsk, assistant carpenter for Schoolcraft County; Mike Vincent of Stephenson, assistant carpenter for Menominee County; and Sonja Berquist of Bark River, records clerk.

"They will be joining those already out in the field who are: Art Minard of Stephenson, an assistant carpenter for Menominee County and Pat Feldhusen of Danforth, who is an assistant carpenter for Delta County.

The Energy Conservation Program will be funded by a recently approved \$70,000 grant. The program is designed to provide weatherization and insulation services for senior citizens and low-income families. "These services will be put forth on a larger basis than before," Jensen said.

He indicated that he would like to service as many qualifying homes as he can in the funding period which expires sometime next fall.

"These are just a few of the features on Westinghouse Washers & Dryers!"

Accessory Drying Shelf fits inside the door of your Westinghouse Dryer!

Use Your Dryer Smarter And Other "Must-Have" Items Quickly And Quietly!

Another Westinghouse innovation that makes your dryer more efficient and easier on your eyes, but does not increase the noise level. The accessory drying shelf, which fits inside the door of your dryer, is designed to hold up to 10 lbs. of laundry while the dryer is running. It's a practical drying shelf that's built into the current Westinghouse models.

A Westinghouse Exclusive THE WEIGH-TO-SAVE™ LID ON YOUR AUTOMATIC WASHER!

Weighs Your Clothes As A Sure Weight Water Setting! The "weigh-to-save" lid senses the weight of the clothes and adjusts the water level to the exact amount needed for the best possible wash.

Handy "Fabric Softener" Dispenser

Now Available on Most Westinghouse Washers!

Also Softener To Use With Automatic Washers! The Westinghouse Fabric Softener Dispenser is available as an optional feature on most Westinghouse automatic washers. It dispenses softener out of the dispenser tray at the appropriate time. Automatically adds the right amount of softener to your wash-water at exactly the right time.

The Voice of Schoolcraft County since 1870

A new year and same old problems

One thing about the New 1976—it came in with a full agenda for state leaders.

And, although the year may be new, the problems are not. As ever, the Governor and the Legislature face the problems not solved in 1975.

There is first of all, the state's financial crisis. Everyone thought they had that one solved when the state income tax was raised early in 1975. But suddenly there was discovery that the state had a \$298 million deficit.

Despite some mighty fund juggling the budget was still about \$150 million out of whack when the curtain fell on the old year. So—it's back to the drafting board for the state fiscal experts now that the lawmakers have returned to the Capitol for formal sessions.

And, the old year ended with Democrats and labor frustrated over failure to win approval of a bill to sweeten up workman compensation benefits.

The Democrats had the votes but Governor Milliken threatened a veto if it passed in a way that would substantially raise the tariff paid by business for workmen's compensation. We can surely look to a renewal of this hassle in the New Year. It also bids fair to become a political issue in 1976.

And there is the perennial problem of teachers strikes. 1975 was supposed to be the year that the Legislature and the Governor were going to resolve that problem, once and for all. Well, the Legislature thought it had found the magic formula by passing a bill that would have legalized strikes by the teachers for up to four weeks. But, Governor Milliken vetoed it, observing that it encouraged strikes rather than discouraged them.

It's doubtful that the lawmakers will solve that problem in an election year. In any event, the state's economic problems have fitting the bricks an unattractive prospect.

A major accomplishment of the 1975 legislative session was passage of a massive rewrite job on the law regulating political campaign financing and government ethics. But—it too is on the 1976 agenda because of law suits challenging the constitutionality of provisions concerning financial disclosure by officials.

Welfare reform is still but a gleam in the eyes of certain lawmakers who have been pleading for it in 1975. There have been a lot of studies and the federal folks have also talked a good game. But, in a year in which there was an economic downturn and layoffs in the auto plants, it was difficult to get a handle on the welfare problem.

And so—1976—a New Year beset by Old Problems. We'll see some progress but mainly we'll see politics—for 1976 is a Political Year that will dominate the state agenda.

Publisher's corner

Agriculture is making a steady comeback

by Frank Sanger

Agriculture long dormant in this part of the Peninsula has been making a steady comeback during recent years. If the trend continues, as we suspect it will, agriculture will play an increasingly important role in the local economy.

A couple of events, one recent and one in the near future, bring the subject to mind. First, there was the Michigan Press Association's annual convention held on the campus at Michigan State University this past weekend. One of the speakers was Sylvan Wittwer, assistant dean of the ag school at MSU and a world authority on the world food situation. If you don't think that food as an economic force and a diplomatic tool in foreign relations isn't going to become more important in the near future, you have another thing coming. Wittwer's presentation spelled it out in no uncertain terms.

Second, there is the annual report of the Schoolcraft Soil Conservation District in this week's paper. While not solely concerned with agriculture, the SCD does spotlight the growth in farming in our area. Much of the resurgence in agriculture in the county can be attributed to the combined efforts of the SCD and the MSU Extension Service.

What's interesting is that Schoolcraft County used to have a much more active agricultural economy and we seemed headed once again in that direction. A little booklet published locally in 1924 details the strengths in the county's farming community.

"The county contains approximately 150,000 acres of agricultural land of clay loam and sandy loam soils, the southern

If It Fitz Bible can prove anything

by Jim Fitzgerald

Jesus Christ! That's how I began my column a few weeks ago. It was a gimmick to catch the attention of the many Christians who ordinarily wouldn't read this nonsense unless they were in a strange town wearing a plain, brown wrapper.

because it wasn't Christian. This didn't sound like Jesus Christ to me. I expected some serious response to that column, but this is ridiculous. I am up to my eyeballs in Bible quotations and religious pamphlets. I have been accused of being even more of a Communist spy. And I have been told I am so dumb I "do not know Catholics and Protestants are not Christians." Huh?

The letter-writers who amaze me are those who can go on for 12 pages

single-spaced, and not write one sentence that makes sense. They are quoting the paragraphs they switch to the capital letters and write something like: HE: I studied the Bible for 2 semesters at Michigan State University. This was a Literature course, not Religion, which is an easy course. There were 3 football players in it. So, I certainly don't claim to be a Bible scholar. Let's just say I read the Bible a hell of a lot better than the movie. But the Bible didn't change my life. It didn't make me any more highly of such living legends as Oral Roberts. He was preaching on the Mike Douglas TV show the other day and I thought he was reading my mail.

I think a man who has never read the Bible, or never been inside a church, can be "saved," whatever that might mean to him or to you. And I think some of the great Bible-thumping church-goers can be "lost," and good riddance to bad rubbish. Kids used to chant as the important criteria is how a man lives his life and how he treats EVERYBODY. He bumps into on his way to church or on his way to the bowling alley.

It's just the old-fashioned Golden Rule. If a man lives by it and also goes to church, he's got all bets covered and I'm all for him. Some of the nicest people I know go to church and then come home and tell me what I missed. God bless them.

My answer is always the same. If the Bible really says such dumb things, the Bible is wrong. No big deal. A lot of books are wrong. The Bible is printed in ink, not carved in a cloud.

Jesus Christ!

Remember when

Back through the years

from Tribune files

5 Years Ago

Kevin Thorell, son of Mr. and Mrs. Robert Thorell, was awarded his Eagle Scout rank at a Boy Scout Troop, 402 Court of Honor recently. He has been a member of the troop since 1960.

Manistique's varsity debaters won their seventh Upper Peninsula Class B championship last week at Northern Michigan University. Marvin Fredrickson coached the winning team.

Navy Petty Officer Third Class Michael P. Tenyson participated in the recovery of the Apollo 14 astronauts when they returned from man's third visit to the moon.

10 Years Ago

John Pat Hayden has been named Elk of the Year at Elk Lodge #23 in Manistique. Mr. Hayden will be honored at a stag party on Saturday night.

Philip E. Ruppe, Houghton business man, announced his candidacy on the

Republican ticket for Congress from the Eleventh District in Michigan. Clifford Barber speared a 30 pound sturgeon while ice fishing on Indian Lake. The fish measured 50 inches in length.

15 Years Ago

Manistique Golden Glovers scored two technical knockout on their way to nailing down seven Upper Peninsula boxing championships in Escanaba. It was the best showing the local ring club has ever made in its 20 year tournament.

Raymond Maynard and Jane Schuster were first place winners in the combined slalom and downhill ski races at Thunder Bowl. Their overall times were 4:3 and 4:3 seconds, respectively. Each won a gold medal.

The female lead in the operetta "Trial by Fire" at the University of Michigan has been won by Anna Shaw, who was graduated from Manistique High School last year. She is the daughter of Mr. and Mrs. Lyndon Shaw of Hiawatha.

Dragon Lady: There is one foreign visitor whom the State Department hates to see. She happens to be one of the world's most glamorous women.

She is the First Lady of the Philippines. Imelda Marcos, a beautiful woman who beguiling smile has charmed the scowls of the world's most cantankerous leaders.

But the protocol officials at the State Department gripe their teeth every time she shows up in the United States. She seldom bothers to notify them. She simply arrives, unannounced.

Then she starts making difficult demands and poking her nose into delicate matters. She has come to be regarded more as a pest than a guest.

She always insists, for example, upon a White House reception. And she gets her dander up if it doesn't meet her expectations.

She suddenly appeared in this country last year, for example. She loitered around New York City for a number of days with little to do. A confidential report on her visit claimed she was waiting for Spain's Dictator Franco to die so she could fly to Madrid for the funeral. She held the pomp and ceremony of such international occasions.

Meanwhile, she asked to be received at the White House. There was bickering over schedules. But a 6:30 p.m. tea break was arranged with Betty Ford. Imelda showed up but was detained at the White House. Someone had failed to notify the guards. She suddenly appeared in this country last year, for example. She loitered around New York City for a number of days with little to do. A confidential report on her visit claimed she was waiting for Spain's Dictator Franco to die so she could fly to Madrid for the funeral. She held the pomp and ceremony of such international occasions.

Then President Ford neglected to drop by to greet her at the tea session. She became more furious. Finally, the two

First Ladies exchanged gifts. Imelda was so disappointed in her gift that she left it behind.

She is literally sputtering with rage, according to our sources, when she left the country.

Mexican Connection: At the Justice Department, attorneys are preparing an unprecedented indictment against one of Mexico's top law enforcement officials. He will be accused of conspiring with drug smugglers to help him.

The U.S. learned has brought this case to the personal attention of Mexico's President, Luis Echeverria, who is cooperating in the investigation of his own officials.

Washington Whirl: Twelve years ago, a letter bearing the signature of Congressmen Gerald Ford and Bob Dole was worth but a few cents. Today, President Ford's address sells for about \$150. Chile's military junta apparently feels a kinship for other dictators, regardless of their political stripes. In November, the Chilean embassy lowered its flag to half-mast to mourn the death of Spain's fascist leader, Francisco Franco. The flag went down again a few weeks ago in honor of Chinese Communist Premier Chou En-Lai.

The great fall in the office of federal energy chief Frank Zarb recently, but he soon had a roaring fire going in his antique fireplace. He used old copies of The Wall Street Journal to start it. Sen. Jesse

Wagner begged anonymously for help to roll up copies of the Congressional Record for fireplace logs.

Weekly Special

IRS harassment

by Jack Anderson

With Joe Spear

WASHINGTON - We receive constant complaints from taxpayers who say they have been bullied and browbeaten by the Internal Revenue Service.

Of course, the IRS is supposed to be firm but fair with all taxpayers. Rich and poor alike are supposed to be equal in the sharp eye of the tax collectors. Top officials tell us they try to administer the law fairly without regard for social standing or political pull.

Yet policy and practice don't always coincide. Tax settlements are often reached by a process about as equitable as a medieval trial by fire.

The rich man has recourse to lawyers and experts who can find loopholes in the law or can stall a case in the courts. In contrast, those without money are often hounded by collectors whose methods would put a loan shark to shame. Many a widow's last mite has been snatched from her. Men have been stripped of their livelihood and along with it their only means of paying the government.

We have been investigating IRS harassment. Here are just a few examples. We have left out the victims' names to spare them from further retribution:

A businessman in Washington com-

plained that IRS agents actually rifled his cash register to collect delinquent taxes. He is a doctor of medicine who works under Internal Revenue investigation received abusive phone calls from agents.

IRS agents began an investigation into Florida doctor's private life. Several of his patients were interviewed.

An unemployed man in Montana had all the funds in his pathetic bank account seized by the IRS.

One of the most insidious federal weapons is the jeopardy assessment, which is supposed to be used to tie up the funds of a taxpayer who might try to skip the country. Agents have used this power indiscriminately, however, to force settlements out of reluctant taxpayers.

Now, the victims of Internal Revenue abuse may get their day on the witness stand. We have learned that a Senate subcommittee, headed by Senator Joseph Montoya, will hold hearings on tax harassment in April. The subcommittee will go to the people and hold hearings in Chicago, New York City, Oklahoma City and San Francisco.

We also understand masks will be provided for witnesses who don't want to be identified.

Letters to The Editor

Letters from readers are welcome. All letters to the editor must be signed; however, names will be withheld if requested. Views given are not necessarily those of The Pioneer Tribune.

Dear Sir:

I suppose I am asking for a brick-bat by submitting the following article which could be considered as "political in nature." However, I feel as a pastor that I can and should be Patriotic without being Political.

While making a call on an elderly couple in Manistique the other day the man of the house, who is a veteran of World War I, shared this with me and said that it had been turned down as unusable material in your paper. I am submitting it as a letter to the editor to assure its publication.

A concerned Citizen and Patriotic Pastor, Reverend Merle Amundson Bethel Baptist Church

WAKE-UP AMERICA
50-Year Old Communist Manifesto
In May of 1919 at Dusseldorf, Germany, the Allied Forces obtained a copy of the Communist Rules for Revolution. Fifty years later, in spite of lulls in the Cold War, when they seem friendly, the Reds are still following those rules as outlined here.

The Manifesto Reads As Follows:

"CORRUPT the young, get them away from religion, get them interested in sex. Make them superficial, destroy their honesty and ruggedness.

"GET CONTROL of all means of publicity and get people's minds off their government by focusing their attention on athletics, sexy books and plays and other trivialities.

"DIVIDE the people into argumental groups constantly bearing on controversial matters of no importance.

"ENCOURAGE the people's faith in their national leaders by holding the latter up to contempt, ridicule and disgrace.

"ENCOURAGE government extravagance. Destroy the credit of the nation, driving up prices and causing general discontent.

"ALWAYS preach true democracy but show power as false and as ruthlessly as possible.

"FERMENT unnecessary strikes in vital industries and encourage civil disorder and false pride.

"BY specious arguments cause the breakdown of old moral virtues, honesty, simplicity, kindness and faith in one another.

"CAUSE the registration of all firearms on some pretense, with the view of confiscating them and leaving the population helpless.

"WAKE UP FAMILIAR! WOULD YOU BELIEVE THAT THESE THINGS ARE HAPPENING RIGHT NOW?"

Senior Citizens'

by Eileen Moles

I wish to thank Shirley Hatfield for writing my column while I was gone to beautiful Florida. Believe me, it sure is beautiful and it gets more beautiful in my mind when the temperature drops and the snow begins to blow. We really enjoyed ourselves and saw a few Manistique couples. We visited Jack and Leona Williams and Olive and Ossie Smiths at the Imperial Harbor Trailer Park at Bonita Springs. Life style seems more casual and relaxed down there and the older person seems to be more involved in meaningful activities that they don't participate in Manistique. Olive Smith swims every day that weather permits, goes bike riding and has so many craft projects going. She says that she has more time living in a mobile home there, than taking care of a big house here at home.

At most every trailer court there is an activity center and craft classes are conducted by a volunteer teacher. There were a lot of craft stores and I notice they gave free lessons during the week. There is a lot to be said about living like this and it sure has its potential. We also saw Jim and Fern Ballas, they stopped in at Smiths while we were there. They looked like a million dollars and were on their way to the dog races. Peg and Bill Corson were at Smiths also, and had just moved into a mobile home they rented at Imperial Harbor. One night we visited with the Orville Smiths and Jennie Larson who were on vacation and staying at Bonita Springs when we were entertained by the Jack Williams. So no matter where you go, you run into "people from home."

We would like to thank Mr. and Mrs. C. Vern Johnson for their monetary donation, and to Alice Nadders for her donation of material for quilts. We would also like to thank Lil Farley, Joyce Lesica, Edith Washburn, Frank Provo and Anna Gardapex for the delicious bake goods they donated.

Birthday greetings go out this week to Josephine Olson, Pearl Peterson, Grace Jackson and Margaret Olson February 5; Dorothy Barr, Edward Dahl, Charles Fox, February 6; Ingrid Andersen, Elma Van Dyck, February 7; Julia Dresler, Elizabeth Johnson, February 8; Stella Brawley, Jennie Sontor, February 9; Fred Sharp, February 10; Aileen Nelson, February 11; Marlene Donaldson, Josephine Derwin, Bert Paige and Elma Swanson, February 12.

There are several openings for persons 55 years and older of low income to help at the United States Forestry Service. This is to help supplement your income. Please call 241-5669 and ask for Walter Crane. This work is for either sex.

We ran the above announcement in our January 8 Senior Citizens Column and some people applied; however, they are in dire need of more applicants.

Radio club held first meeting

The Tahquamenon CB Radio Club held their first meeting on Sunday, January 4 at the home of S. Krachowski on East Victoria in Newberry. The next meeting will be held Saturday February 14 at 7 p.m. in the basement of the Credit Union.

Membership will be open to all licensed CBers in the Luce, Mackinac, Chippewa, Alger and Schoolcraft county areas. There will be minimal monthly dues to finance personal expenses and social events. All ideas and suggestions will be welcome.

The Indians River

Womens club to hold party

A wine tasting party will be held by the Manistique Women's Club on Thursday,

February 19, at 7:30 p.m. at the Fireside Inn. Tickets will be on sale at the Vogue beginning February 9. The cost for the wine and smorgasbord dinner is \$6.50 per person. The Junior Women's Club has been invited to attend this event which is the annual husbands' night.

Carefree

People smile and turn around to look at them as they run down the street hand in hand. For this moment they are carefree with the exuberance of youth, with seemingly endless tomorrows stretching before them.

But, life being what it is, there comes an end to this sort of thing. Just now they are in love. If they stay in love, if they marry, responsibilities will follow.

If their love subsides, there will be the pain of separation... and perhaps a little heartbreak. Whatever happens there will be good times and bad.

Somewhere along the line they will need more than themselves. All of us do! If they have found the Church they will be lucky. Incidentally - have you found the Church?

Hi Everyone,
Whatever happened to the January thaw? As I look out the window all I see is white and our awning is propped with a 2 x 4 because it is impossible to keep up with the snowfall. I think this snow was wished on us from up north. I talked with Anne Korby in December and she said she'd send some of their snow from the Hancock area but this is ridiculous. That's it Anne, we're thinking spring now. The sad part is the sun was shining on Ground Hog's Day! Any truth in that old saying?

Several ladies on our bingo volunteer group were here Friday in spite of the bad weather. Nancy Casey judging the treat for the day and we had bingo prizes sent in by Lois Clifton and Helen McGlothlin. We have had bingo prizes coming in regularly and I appreciate your remembering us and hope you continue to do so. I get calls often asking what we could use for bingo prizes and the following are the most popular prizes: jewelry, tissues, toothbrushes, combs, brushes, hair nets, lotions, perfumes, socks, after shave, nylons, candy, toothpaste, playing cards, and hair spray.

Valentine's Day is just a short time away and the 4-H Teen Club is going to entertain on that day. I guess it's time to bring out the cupid and hearts to prepare for this sweetest day.

Birthday greetings this week go to Mary Plante, February 9, Bert Paage, February 12 and George Cornell, February 14.

CONSERVATION AND YOU..

*Baby
the Land*

*...It's
Precious*

**It's Up to Each of Us to
Preserve the Good Earth!**

We tend to look upon the land as an endless spring of resources. But it's not! Our most valued natural assets are becoming less abundant. It's time to realize that we get from the land only what we put into it!

We must treat it with care in order to properly utilize nature's resources, rather than drain them . . . preserve our countrysides and

waters, rather than destroy them. And it's never too late to start doing something about it!

What we take away from the land, we can replace. How? By curbing the wasteful use of our energy sources. Recycling. Replanting. Reevaluating our needs. And most important, working together, to preserve a clean, healthy, and thriving environment. Let's start now.

Clyde L. Strasler, Examiner

Group fertilizer can save money

For the past few years the Soil Conservation District Board has cooperated with the Extension Service in helping coordinate the purchase of large quantities of fertilizer. Large quantities for our farmers may be small amounts in terms of many counties in Michigan, but we are talking about 25 ton loads. These loads are purchased solely by one farmer or three or four farmers combine their orders.

Why do we think this is an important benefit for our farmers? It is simple economics. Farmers save time, transportation costs and lower prices by purchasing their fertilizer in this manner.

How do they save time? The fertilizer is purchased at Maumee, Ohio and delivered to the farmers home. The only time this changes is when we have more than one farmers order in a 25 ton lot. The semi

makes one stop for the load. To have the driver deliver small portions it costs an extra \$1.00 per ton. So the farmer saves the time normally needed to haul fertilizer.

The greatest saving is in cost of the fertilizer. Last year the price difference was about \$12.00 - \$15.00 per ton. On a 25 ton load that amounts to between \$300.00 - \$375.00 per load. We have investigated nearly every source of fertilizer and the prices annually will have that \$12.00 - \$15.00 difference.

This year so far 175 tons have been shipped into the county through this cooperative effort. If additional fertilizer is to be ordered, we want to alert farmers to the time lag on orders. It usually takes three to four weeks to receive an order. To beat the road restrictions in the spring, you need to plan your farming operation and get your orders in!

Facts on soil conservation

"The Soil Conservation District movement is one of the greatest things in the economy and history of this nation" - Louis Bromfield

"The man who works with the good earth controls the future of the human race. It takes Nature 400 to 1,000 years to build one inch of topsoil!"

"The history of every nation is eventually written in the way in which it cares for its soil" - Franklin D. Roosevelt.

"My greatest opportunity is to be thought the first farmer of America" - George Washington.

Nature's bank is the topsoil.
With the right to use goes the duty to conserve.

THIS PICTURE SHOWS the Soil Conservation District Directors looking over the crop demonstration plot El Hepper, County Extension Director worked with last summer. From left: Bob Levy, Secretary; Pete Widdis, Treasurer; Bob Bosanac, Director; Jack King, Director; El Hepper; and Jon Handl, Chairman.

North to Alaska is program

"North to Alaska" will be the topic of the featured speaker at the Schoolcraft Soil Conservation Districts' 11th Annual Meeting on February 12.

Elmer Kangas, Project Coordinator with the Upper Peninsula Resource Conservation and Development Project will present a slide - illustrated program of his travels into the 49th state.

Kangas traveled over 11,000 miles with his son through Canada, the Pacific Northwest and Alaska. He will share his experiences and give his impressions of this newly developing region. "We hear many stories and rumors about travel on the Alcan. Highway and about Alaska itself," Kangas said, "Some are true but many are exaggerated. I will attempt to give visitors impression of travel and life in this rapidly changing land", Kangas continued.

He said, that although the rigors and cost of travel to Alaska may be exaggerated, it's beauty certainly is not. Alaska is a big land... a land of sharp contrast, modern cities and picturesque villages... majestic Mr. McKinley and fat rolling tundra... lowering forests and ancient glaciers, barren, rocky regions and productive agriculture. The frontier spirit is still evident but is disappearing rapidly.

"I'm sure you'll enjoy a half hour arm chair trip into our 49th state", said Jon Handl, District Chairman.

Kangas joined SCS in 1964 as an agricultural engineer in the Pontiac Area Office. He has served as District Conservationist in Ontonagon and Gogebic Counties and is presently the Project Coordinator for the U.P. ROAD Project with offices in Marquette, Michigan.

What can SCD do for you ?

The Soil Conservation Service is responsible for assisting the public on all matters concerning soil and water conservation in the District.

Much of the assistance involves working with land owners and operators.

We provide soil information which is important in all kinds of land use. This information is useful to farmers, home owners, land developers, city and county planning departments among others.

We also help land owners in planning and applying conservation measures. These include land drainage; water impoundments for livestock; irrigation and erosion control measures such as tree planting and grass seedings; plus other practices which conserve and improve the land.

These services are available to anyone without charge. If you own or plan to own land in Schoolcraft County, we recommend that you stop in and discuss your ideas on using your land. We're sure we can give you some additional pointers.

Below is a summary of activities carried out during the past fiscal year of 1975.

Conservation Plans Prepared	7	135
Inventories & Evaluations Provided	14	
Groups Assisted	1	
Units of Government Assisted	4

Chairman outlines districts highlights for past year

Jon Handl, SCD Chairman

The following highlights are some of the activities the District Directors were involved with last year.

- Reviewed and made recommendations on a proposed U.S. Forest Service land management plan for National Forests in the Lake States.
- Promoted tree planting projects on closed land fills in Seney, Manistique and Inwood Townships. 3000 red pine seedlings were donated by the Forest Service.
- Provided seed and fertilizer for crop demonstration plots in cooperation with El Hepper, County Extension Director.
- Sponsored a meeting with representatives of the Indian Lake Golf Club, adjacent home owners, Health Department and the Soil Conservation Service on course of action to eliminate an annual flood problem.

- The District's beachgrass fertilization demonstration project is achieving the expected response. Erwin Simi, District Conservationist reports several property owners along the Michigam sub-division will use this method to control wind erosion.
- Distributed Soil Stewardship church bulletin inserts to local churches.
- Increased rent of lime spreader to \$0.50 per ton.
- Coordinated group purchasing of fertilizer with farm operators.
- We wish to express our appreciation for the support and cooperation of: WTIQ Radio; Pioneer Tribune; Merchants making this special issue possible; Fred Lesica, County Clerk; U.S. Forest Service; as well as El Hepper, County Extension Director; Erwin Simi, Soil Conservation Service; and Ruth McCarnay, Manager, Agriculture Conservation Program.

Schoolcraft SCD - its purpose and organization

The Schoolcraft Soil Conservation District came into being as a result of petitions, hearings and a referendum on March 15, 1966. On that day the Secretary of State issued a Certificate of Organization making the District an official entity of state government.

The purpose of organizing was to promote the sound use of soil, water and related resources in the county. Since then, the District has been assisting farmers, vacation home owners, resorts, land developers, local governments and others involved with land use.

The District is governed by a five-person

Board of Directors elected by the landowners and operators in the county. Each year an annual meeting is held and an annual report is prepared to keep the public informed of District activities.

Monthly meetings are held on the second Monday of each month, at 8:00 P.M. in the District office, 311 South Cedar Street, Manistique. These meetings are open to the public.

Our natural resources are a heritage we cannot afford to neglect. The Schoolcraft Soil Conservation District is dedicated to seeing that they are not.

SHOWN HERE IS A FIELD DRAINAGE ditch under construction on the Pete McGahon farm in Gulliver. Observing are Harry McGahon, left and Paul McGahon, right. Well drained fields are a must for top crop yields.

THE GOOD EARTH

ONLY THROUGH
• SOIL CONSERVATION •

Good soil conservation techniques work like a watchdog in the fields, guarding against erosion — the natural farm enemy. Stop soil depletion in the beginning before it robs the land of farm production... threatens your personal prosperity and your community's growth.

Congratulations to the Schoolcraft County Soil Conservation District

Plan your woodlots future now

Plan now for your woodlot's future. Improved forest stands can grow profits. Proper thinning through a selective cutting program can often eliminate as much as 30 years from the timber growing process.

Soil survey information shows the forestry potential of each soil and areas best suited for tree growing. When assisting a landowner to develop a conservation plan we encourage woodland improvements and tree planting as an important part of their total operations.

Private woodland owners in the Schoolcraft Soil Conservation District interested in cash payments for planting trees and/or improving their timber stands may obtain information and assistance from any of the following offices: The Schoolcraft Soil Conservation District office, the local Michigan DNR forester, the Cooperative Extension Service, the county ASCS office, local consulting foresters, local industry foresters, and local contractors in forestry services.

Welcome new landowners

We wish to welcome the following land owners signing cooperative agreements with the Schoolcraft Soil Conservation District during the calendar year 1975.

George Cole, Cooks - 880 acres.
John Clark, Gulliver - 60 ac. acres.
William Eck, Indian Lake - 36 acres.
Patrick Kelley, Indian Lake - 70 acres.
Justin Lagdins, Thompson - 45 acres.
Julius McGahon, Gulliver - 40 acres.
John Mincoff, Manistique - 97 acres.

Anyone wishing to learn more about their land can obtain this information through the Soil Conservation District. Erwin Simi, District Conservationist can help you inventory and analyze its potential and assist you in developing a conservation land use plan. Now is a good time to contact Mr. Simi by dialing 341-5853.

Soil Conservation District Report

HERB WALBERT and SON ROBERT are shown planting red pine. This was done on a field considered too dry for other farm crops. In about 25 years this plantation can be expected to yield its first pulp wood harvest.

ERWIN SIMI, DISTRICT CONSERVATIONIST checking red kidney beans on the Ray Kemp farm in Cooks. Weather last summer was favorable for this new cash crop in the county. About 250 acres of beans were harvested in the Cooks area last fall.

Park project receives RCD funds

The Manistique Central Park improvement project is one of the first Upper Peninsula Resource Conservation and Development (RCD) action measures approved for funding through RC&D. A project agreement providing funds was approved in early 1974. The project was completed late the same year.

Early in 1972 when the U.P. RC&D project was still in its planning stages, City Manager Rush Cattell and the city council recognized the value of utilizing RC&D funds to improve this valuable site in the city. In cooperation with Erwin Simi, District Conservationist with the

U.S. Soil Conservation Service a plan was developed for improving the site. These early planning efforts resulted in an ambitious development project in the park. It has added much to the recreation facilities in Manistique.

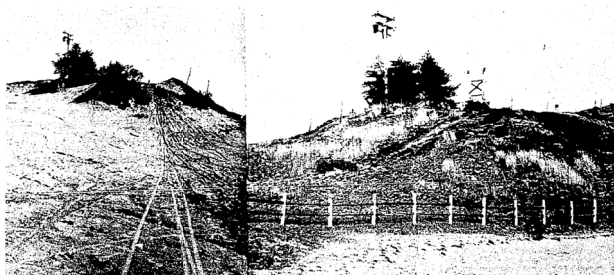

"It was a lot of work but it was a very rewarding project," said Jon Handl, Chairman of the Schoolcraft Soil Conservation District. "The success of this, and any project, is dependent on the interest and cooperation of local people." Jon continued.

Erwin Simi said that this project is another indication of the value of a

co-operative effort in natural resource development. This is what RC&D is all about - a cooperative effort between Federal and State Agencies and local communities.

The Schoolcraft County RC&D Council is now working on numerous other fundable projects such as critical area treatment, recreation facilities, farm irrigation systems and drainage.

See one of your District Directors or call the SCS Office if you have any projects you would like to have initiated.

BEFORE AND AFTER ILLUSTRATES what can be done with problem areas such as this one at Central Park in Manistique. U.S.D.A. Resource Conservation & Development grant funds helped the City improve the area.

A NEW "WRINKLE" was added to potato digging by Jon Handl last fall. This machine windows several potato rows together, cutting down the number of trips the potato harvester has to make.

Title X projects end

SENEY, MICHIGAN - Work projects initiated in mid-August, 1975 under the Title X Program at Seney National Wildlife Refuge were terminated on January 16. This program provided funding to furnish jobs to unemployed residents of Schoolcraft County to complete needed work projects on refuge lands. A temporary work force was recruited from the county, varying from 10 to 20 men during the five months the program was active.

During the five months of their employment, these local men completed a variety of needed work projects on refuge lands that could not have been completed under the normal refuge work program because of limitations in funding and manpower.

Major work accomplished included brushing and fencing approximately 20 miles of refuge boundary lines and interior closed area boundaries, enlargement of the Wigwam Picnic Area on Highway M-77, construction of new picnic tables, addition of 10 stalls to storage building, and several miles of road work including brushing, culvert installation and graveling.

At the termination of the program, the benefits received by Seney Refuge are obvious. Less obvious are the benefits to the local economy from the impact of a payroll to local men of more than \$80,000 during the five months the Title X program was active.

OFFICIAL PROCEEDINGS
Board of Commissioners

Tuesday, January 20th, 1976

A regular meeting (January 1976) of the Schoolcraft County Board of Commissioners, held on Tuesday, January 20th, 1976 at the Board Chambers, Municipal Building, North Maple Avenue, Manistique, Michigan, commencing at 7:00 o'clock P.M., E.S.T. The Board was called to order by the Chairman, Ernest S. Hoholik.

The roll was called and noted as follows: Present were: LeRoy Belcik, Mervin Wigie, William J. Olesak, Ernest S. Hoholik, Earl LeBrasseur, and William Tennyson. Absent was: Paul Hollenbeck.

It was moved by Mervin Wigie, supported by Earl LeBrasseur, that the minutes of January 5th, 1976 meeting, a copy of which was furnished each member be approved as issued. Motion carried by unanimous Aye Vote of members present. Absent: Paul Hollenbeck.

It was moved by William Tennyson, supported by Earl LeBrasseur, that the following resolution be adopted, motion carried by unanimous Aye Vote of members present. Absent: Paul Hollenbeck.

RESOLUTION

WHEREAS, Schoolcraft County established a County Improvement Fund for construction of a new County Building and need therefore exist;

WHEREAS, a "Public Improvement Fund" is authorized by Act No. 177 or 1943, as amended;

NOW THEREFORE BE IT RESOLVED, that the Schoolcraft County Board of Commissioners do said "County Improvement Fund" be continued;

BE IT FURTHER RESOLVED, that said County Board of Commissioners do hereby authorize the County Treasurer to designate non-tax county funds so credited to Public Improvement Fund, which revenues were earned during 1975, interest earned shall also be credited to said fund. Thereupon, said Board authorized a sum of \$8,227.38 be deposited in said fund as of 31st of January 1976.

Deputy County Treasurer, Nera McLaughlin, appeared and presented the December 31st, 1975 Financial Report for Schoolcraft County. She answered some of the questions asked of her and stated that she was unable to answer others as she was not familiar with the details, as the reports were prepared by others in the office.

Thereupon, it was moved by William J. Olesak, supported by William Tennyson, that the December 31st, 1975 Financial Reports as submitted by the County Treasurer's Office, be accepted, subject to further questioning of some of its provisions, at the next (February 1976) regular monthly meeting. Motion carried by unanimous Aye Vote of members present. Absent: Paul Hollenbeck.

Commissioners Mervin Wigie and Earl LeBrasseur, reported on the January 7th, 1976 meeting on the Commission of Aging, which organization is comprised of all fifteen U.P. counties. Matters discussed were State and Federal Funding, the hiring of a nutritionist for the area, loss of buses by Menominee-Delta County Commission on Aging, and other administrative problems that have arisen in the various Commissions on Aging.

Commissioners Mervin Wigie and Earl LeBrasseur reported on Mental Health meeting held on January 12th, 1976. Matters discussed were the leasing of space in the "Doctor's Den" at 115 N. Lake Street, Manistique, Michigan. It was indicated that the Mental Health Board would like a lease to run concurrent with the lease of the Hospital, and a new lease would be renegotiated along with the Hospital lease. It was indicated they would like a lease to run for 2 1/2 or 3 1/2 years.

It was announced that on Monday, January 26th, 1976, that there would be held a meeting in Germfask Township, with representatives of Lake County Board of Commissioners, and various Township officials to discuss the possibility of establishing a multi-county organization to care for the mental health needs of both counties. (During this discussion, Commissioner Paul Hollenbeck presented himself to the meeting.)

LeRoy Belcik, Chairman of the Extension Committee, reported on the "Land Use" meeting of January 14th, 1976 in Escanaba, Michigan, who along with County Extension Director Evin Hepler attended. It was explained the difficulty the law makers are having throughout the County in trying to get "Land Use" legislation on the books. It was pointed out that the federal legislation in regards to "Land Use" was defeated; and throughout the County, various State Legislators have been doing the same. The basic provisions that the Michigan "Land Use" act wishes to accomplish is to set-up proper zoning and to preserve farmland and urban areas of the State, and to preserve vital recreation and wildlife lands for the benefit of all the citizens of the State of Michigan.

Commissioner William J. Olesak, reported on his attendance at a recent Labor Relations Meeting in Lansing, Michigan, where the main topic was "Binding Arbitration" for public employees. Mr. Olesak explained how "Binding Arbitration" works, pointing out the advantages and disadvantages. Mr. Olesak stated that much thought, research and discussion is taking place regarding "Binding Arbitration", and that it is hoped that a good plan can be devised, that appropriate legislation will be passed along these lines.

Commissioner LeBrasseur, reported that work is at a standstill at the new Court House project; and that it is anticipated that it remain so for another two to three weeks. The shutdown is due to weather and delay in delivery of Court House windows. Mr. LeBrasseur reported that the general contractor doesn't feel the delay will result in a delay in the completion date; as sufficient lag-time was allowed in the estimated days to complete to compensate

for said loss of time.

Commissioner Earl LeBrasseur, reported the need by the custodian of a hand driven snow blower for general snow removal around the Old Armory Building. Mr. LeBrasseur, stated that next winter if this blower isn't needed at the new court house site, that it can be turned over to the Airport, where there is always a need for such a piece of equipment.

It was moved by William Tennyson, supported by Earl LeBrasseur, that authority be given to the custodian to purchase a 7 1/2 or 8 HP snow-blower, after obtaining quoted prices from at least three or four of the sale outlets in the area, and in making the purchase to consider the repair and services available to said equipment. Motion carried by unanimous Aye Vote.

Commissioner William Tennyson reported that the Airport Committee was still unable to resolve the problem of how to handle the snow removal from the Airport. He said that the present time the airport crew is using the equipment they have on hand and doing as much as possible, and whenever they cannot handle it any more, that the County Road Commission comes in and takes care of it. A discussion on costs with the work being done by the Airport crew - vs. the County Road Commission was held, but insufficient information was available so the matter was delayed until the February 17th, 1976 meeting at which time it is hoped that a firm decision can be made along with a recommendation for action to be taken.

The Chairman having received a notice from the Soil Erosion and Sedimentation Control Commission, noting that Schoolcraft County has not complied with the statutes in this regard by adopting an ordinance and setting up proper organization to carry out the provisions of the statutes in this regard, and for the issuance of permits.

The Chairman announced that this matter was turned over to the County Drain Commissioner this past summer, and nothing has been done; whereupon it was suggested that this work be turned over to either Ervin Simi, of the Schoolcraft County Soil Conservation Commission, or to the County Road Commission. The Chairman announced that a meeting will be held on Wednesday, January 28th, 1976, with the Schoolcraft County Soil Conservation Commission, to discuss this problem, and what role the County Road Commission will play in this program. The Chairman said they would look into the program as set-up in Alger County, which is under the jurisdiction of the Soil Conservation Commission, and discuss same with Ervin Simi, as to the role he can render in this regard.

The Clerk was instructed to write a letter of explanation to the Soil Erosion and Sedimentation Control Commission in Lansing, Michigan, informing them that the necessary organization will be established to carry out the control work under these statutes, and that the act will be complied with.

It was moved by LeRoy Belcik, supported by Earl LeBrasseur, that the meeting adjourn without day. Motion carried.

HE AND HIS COMPANIONS made quite a project of digging this station wagon from a snow-filled drive along the State Road. Buried up to its axels, the car had first to be shoveled out and then pulled with a truck and chain. To make matters worse, the weatherman that day was predicting more snow. (Tribune Photo)

Police report

Lawrence Burrell, 25, Route 1, Manistique was cited for no proof of insurance following an accident at 4:10 p.m. January 29 on Riverview Drive 1.1 miles east of the intersection with M-94.

The Harbor Inn police met an oncoming vehicle which forced his car off the road, causing it to strike a snowbank and a city-owned fence.

Kenneth Jones, 65, 709 Oak Street, was ticketed for violation of the basic speed law after an accident at 4 p.m. January 31 on M-41 near the intersection with County Road 440.

Police say the Jones vehicle slid off the left side of the snow-covered and slippery roadway into a mailbox.

Robert Peterson, 17, 544 Garden Avenue, was issued a ticket for violation of the basic speed law as the result of an accident at 2:30 p.m. February 1 on US-2 and County Road 473.

Police say the Peterson vehicle slid through a stop sign on County Road 433 and into the path of a car driven by Marilyn Iverson, 31, St. Paul, Minnesota.

A breaking and entering at the Sportsman Club on M-54 was reported January 27 by Elton Sample of Manistique. Entry was apparently gained by breaking a door. A quantity of soda pop was taken. Police are investigating.

Three juveniles have been charged with unlawful entry of the Harbor Inn in

Thompson. Police discovered two of the young people while making a regular check of the building January 27.

Recovered were a rifle and ammunition and a certain amount of small change belonging to the owner. The Harbor Inn is closed for the winter season.

City Police report

City police reported six minor accidents this week due mainly to ice and snow covered roads. Although no tickets were issued the drivers, one injury was recorded.

Darlene Welch, 35, 409 Alger Avenue, was injured in an accident which occurred at 11:20 a.m. January 29 at the intersection of Houghton Avenue and Deer Street.

Police say the Welch car was stopped at the sign when it was struck in the rear by a vehicle driven by Kevin MacGregor, 17.

GARDEN - The Fayette Ghostowners 4-H Club met on Tuesday January 27 for their second "Foods with an International Flavor" project meeting. The table was set in a Scandinavian motif. Honored guests were Mr. and Mrs. Paul Peterson and Mrs. Axel Rasmussen. The members prepared foods native to Denmark and Norway. Food prepared and served were Aebleskiver Fyldt Kaffe, Kage, and Sod Suppe. Mrs. Rasmussen and Mrs. Briggs and leader Mrs. Garth Briggs displayed many articles brought from Sweden, Norway, and Denmark by their families years ago. The group discussed the countries and learned about their past history and customs. The Club presented each guest with a centennial bell as a remembrance of the day. Leaders present were Mrs. Garth Briggs, Mrs. Herman Robere, Mrs. Neil Gauthier and Mrs. John LaTulip. Members enrolled in this project are Holly Briggs, Corinne Collins, Tamt Gauthier, Joan Lang, Becky LaTulip, Beth LaTulip, Connie Laux,
