## City OKs paper ballots

Paper ballots will be used in the upcoming Manistique city elections. The City Election Commission, consisting of City Attorney Mike Brooks, City Assessor Howard Benson and City Clerk Pat Erickson, made its decision at a public hearing Monday, upon the request for paper ballots by write-in candidate Harold Beck.

Beck requested the paper ballots because he and three others who have announced write-in candidacies want to use adhesive backed stickers on voting day.

County Clerk Fred Lesica, present at the request of Brooks because of his experience in setting up elections, was asked if the stickers could be used on the voting machines. "While there is a place on the machines for write-ins," said Lesica, "stickers would foul up the machines and could invalidate a lot of ballots if they are used."

Peter Mathson, whose name will be on the ballot, asked, "Why change now?" The other candidates had as much chance to file petitions as anyone, and there is a place for them to have their names written in.

Two sitting councilmen who are not running this year, Thor Reque and Doug Rose, were also at the meeting. Rose was against the move to paper ballots. "It would be setting a precedent. If anytime a candidate wanted to use paper ballots we switched to p-per ballots, it could create a lot of problems," he said. "The city has decided to use machines, and I think machines should be used."

Brooks made the point that since the city has decided to use machines, the voters ought to learn to use them.

Mayor Reque pointed out that voting machines are confusing to many people, and that, with so many write-in candidates, it would be fair if the paper ballots were used.

After meeting in private for a short time, the commission announced that paper ballots would be used.

## Heidel named PT editor

Carl Heidel

The Manistique Pioneer Tribune has expanded its staff with the addition of a managing editor, according to Frank Senger, the newspaper's owner and publisher. Senger announced today that he has hired Carl Heidel to fill the new post.

Prior to his selection to serve in the Pioneer Tribune position, Heidel had been the News Editor of the Osego County Herald Times in Gaylord. He had recently been appointed to that office after serving the Herald Times as reporter and photographer.

In addition to his work with the Herald Times, Heidel has background experience in the field of professional photography. He has worked as manager and photographer in a professional studio and now is freelance photographer holding membership in the Professional Photographers of America.

Mrs. Heidel, (Charlotte) is presently teaching English in the Gaylord High School and plans to join her husband in Manistique at the close of the current school year in June.

While Carl enjoys his photography as a hobby, Charlotte concentrates on sewing, knitting and writing. She hopes to devote

## Attention!

## Homemakers school opens tonight

The last minute details for the AMERICAN HOMEMAKER '76 Homemakers School in Manistique are being finalized by the staff of the Tribune and area merchants. Doors will open at 6:30 on Thursday, March 18 in the Parish Center. There will be no admission fee.

Preparations are being made for the 500 people expected for the event. Copies of the AMERICAN HOMEMAKER '76 Cookbook have been received along with samples and coupons. These will be given free at the door to each person attending.

Dozens of door prizes will also be awarded. These include 20 bags of groceries, the foods prepared on stage during the show, and many prizes from area merchants.

Area merchants will also have displays on the stage for use during the demonstration.

Gina Grave, well-known Homemakers School Home Economist, will spend a long day making preparations for the two and a half hour demonstration. She will be assisted by Mrs. Lawrence Aldrich Jr., Kelly King, Peggy King and Denise J. Anour. They will do the backstage tray set-up work and assist on stage to keep the program running smoothly.

Audiences in the Midwest have been thrilled by these programs for over 27 years. No other company has the experience, know-how, and personnel to produce the top quality promotions of Homemakers Schools. These programs are now attended by hundreds of thousands each year and are the largest

## Homemakers fill key role

Homemaker-oriented promotions in North America. Homemakers School Home Economists keep current on the needs and interests of homemakers. The AMERICAN HOMEMAKER '76 Cookbook includes practical, not-too-expensive recipes for yeast breads, desserts, beverages, main dishes, appetizers, salads and vegetables. A dozen of these will be prepared on stage.

Plan now to attend this area wide event. It's all free - no admission. There will be gift bags for everyone and plenty of door prizes.

See you on March 18 at the Parish Center at 7:30. Doors open at 6:30 for the 1976 Homemakers School.

## How high the tax?

BY WILLIAM JOLIN

Pioneer Tribune Staff Writer

Property taxes in Schoolcraft County will go up this year, but no-one knows just how much. The County Equalization Department has published figures on the equalization values to be used for the 1976 year, based on an equalization study made by the State Tax Commission, but for now those figures are tentative.

Property taxes are assessed on 50 percent of the True Cash Value (TCV) of all the property in the county. In 1975, taxes were paid on TCV of \$91,463,850. The state study showed that the value of the property in Schoolcraft County is actually \$113,640,876, an increase of 24 percent.

The state's study consisted in looking at property sales in the various townships and checking those property values against the assessments made in 1975. The 1975 values were determined to be only 28.75 percent of the TCV.

A multiplier must be applied to the 1975 valuations to compute the State Equalized Valuation (SEV), or 50 percent of the true cash value. The multiplier for Schoolcraft County for 1976 is 1.74.

County Equalization Director Robert Dawson stressed that all the facts and figures are not final yet. "We know that the assessments for the last several years were low," he said. "The question is 'how much low'."

In some of the townships, most of the sales studies were done on high-priced properties, and that could throw the

figures off. They can only take a sample of the properties in an area, and those samples might not be representative of the market values," said Dawson.

Several township assessors have questioned the state's equalization report, according to Dawson, and have asked for a review of the study. The state tax commission has agreed to look into any possible errors in its study.

Les Laakso, City Supervisor of the State Tax Commission, said that the tax commission is checking into possible errors in the equalization study. "I don't think that there will be any big changes," he said. "Inaccuracies in the valuations have been spread out over several years."

Laakso could not remember when the last study had been made.

Final decisions on the valuation of property and taxes will not be made for some time. The county must first review the report of the Equalization Director, and then the state Tax Commission must review the County's decision. According to Dawson, that process may take months.

According to Howard Benson, Manistique City Assessor, the City Board of Review is studying all city properties in the light of the proposed factors. He said that no changes in assessments would be made until this study is completed.

Benson stressed that if property is found to have been accurately appraised and assessed prior to the study by the Board of Review, no changes will be made in the assessment.

## Commissioners spend quiet night

BY DORIS HOLMSTROM

Pioneer Tribune Staff Writer

It was a night of sitting and listening for the Schoolcraft County Commissioners at their regular board meeting Tuesday night. The only real business which they conducted during that time was to receive and discuss annual reports.

Schoolcraft County Road Commission Chairman Robert Leny outlined proposed projects for 1976. Three bridges, he said, would be repaired. According to Leny, untreated timber bridges over the east and west branches of the Creighton River and one which spans Mead Creek will be replaced either with treated timber bridges or arch culverts. A new layer of blacktop will also be added to the Gulliver Lake Road.

In addition, Leny submitted a resolution proposing that "the Michigan Department of State Highways and Transportation incorporate planning and construction of that portion of US-2 west of the Schoolcraft County Airport to the now planned location of the new bridge over the Manistique River in the city of Manistique."

A motion, made by Commissioner Winifred Olsen, to adopt the resolution was passed with the understanding that the resolution would be added to an updated version of a similar request made to the state in 1973.

Reporting for the Mental Health Department, Phillip Jones told commissioners that during the year 1975, 142 new cases had been referred to him and 61 cases were closed. Since the program began in late 1972, he said, a total of 261 people have been served.

In the substance abuse area last year, 72 new cases were admitted.

Jones went on to explain program funding, saying that in 1975 the county paid only 2.1 percent of the total operating cost to the state, an amount which came to slightly more than \$15,000.

By 1980, he projected, the county's responsibility would increase to 10 percent, representing more than \$400,000.

Submitting his monthly report, Sanitarian Mac McDonald said that of the 75 food establishments in Schoolcraft County, all but the 13 seasonal ones had been inspected and received demerits ranging from 3 to 108.

"We've had good cooperation and extremely good compliance," he emphasized, "with the exception of 10 percent which may require administrative and/or legal action."

Second on McDonald's list of priorities

were several houses in the area which he feels should be condemned.

"We have the power to condemn them, but we have no power to demolish them. We approached the County Prosecutor on this and hope to get some action," said McDonald.

McDonald added that the city also has a share in the responsibility for demolition.

## Mercier receives license

Robert J. Mercier

Robert J. Mercier, an employee of Messier-Broullier Funeral Home in Manistique, was licensed to practice mortuary science February 13. A recent graduate of Wayne State University, where he earned a perfect 4.0 average, Mercier is also certified by the Kresge Eye Institute to prepare corneal transplants.

A native of Manistique, Mercier is a 1967 high school graduate who served in the United States Army from 1968 to 1971. While attending Bay de Noc Community College in Escanaba, he received an Associate of Applied Science degree and was nominated to "Who's Who in American Junior Colleges" for scholastic achievement.

Mercier and his wife, Lang, have four children: Nigo, Dep, Dep, Marvin and Paul. They live at 225 Schoolcraft Avenue.

 The Heddes have three children, Lisa, age 4, Eric, age 7, and Kirsin, five years old and anxious to begin kindergarten in the fall.  
 Family interests include various arts and crafts, camping and hiking.  
 "We're pleased to have Mr. Heddel join our staff," said Seeger, "and we look forward to the contributions which he will make to Schoolcraft County's prize-winning paper and to the community at large."

**Two charged in deer kill**

Following a weekend search of three area homes, charges were brought against two area men, Monday, by Department of Natural Resources officer John Walker.  
 Bulle Bennett of Sulliver was charged with the willful, illegal possession of venison and killing more than one deer in one calendar year, and Daniel Schaurer of the Green School area in Mueller Township was charged with the willful, illegal possession of venison. The charges were filed when several hundred pounds of meat were found in freezers at the homes of the two men and at the home of Harry Rosebush in Mueller Township.  
 Walker and State Police officers at the scene also confiscated several packages of migratory game birds.  
 According to Schoolcraft County Prosecuting Attorney Gifford Smith, bond has been posted for the men and both are scheduled to appear in the ninety-third District Court today. Federal authorities are being called in to deal with the game bird violations.

**Manistique High School**

Pam Scott

Stan Arnold, a teacher at Manistique High School, is in charge of the Distributive Education program here. The program was originally begun with an emphasis on office education. Arnold has worked in the program for six years. Stress is now placed on DE itself and office education is a separate class under John Virsa.  
 Arnold said that the main goal of DE is "to create an employable individual."  
 The class is in two sections of twenty-two students who are each involved in classroom and actual job experience. Classes are offered in two hour blocks, one of lecture and discussion and the second devoted to labs, which include making signs and working on research papers.  
 While two credits are received for classroom, students are also required to work at least twelve hours a week to get a third credit. The student's work credit is graded by his or her employer.  
 Subject matter during classes stresses

the basic aspects of marketing, retailing and selling. One of the lab projects worked on in class is a survey. Each student must make a survey related to his job. The student must make up all the questions and get at least 250 returns for good results.  
 Students are placed in retail sales jobs, restaurants, supermarkets and gas stations. Several are trainees at the Medical Center.  
 Arnold has a degree in Distributive Business Education. He enjoys the marketing and retailing aspects and especially the co-op experience involved. He is also looking forward to having a store in the new school, which will provide more training experience for students.  
 Next week, Arnold will be talking to juniors concerning next year's class. Students interested in the program must apply, be interviewed and then be selected for it.

**Key Role**

 book contains a wide variety of practical, easy-to-use recipes from several national food company test kitchens.  
 The foods prepared on stage will be given away as prizes. Dozens of other prizes will also be awarded. Each person attending will receive a gift bag containing samples and coupons.  
 The Homemakers School is free - no admission - and plans have been made to accommodate 500 people at the Parish Center. The doors will open at 8:30 on March 18.  
 Gina Grave regularly conducts these travels over 60,000 miles a year. She has lectured-demonstrated to thousands who have learned and enjoyed her programs.  
 The Tribune is proud to be a part of the 1976 Homemakers School schedule. Area merchants are very busy with their plans.  
 Nationally known products make this program possible in 37 states in 1976.  
 These popular programs often have standing room only, so plan to arrive early on Thursday, March 18 at the Parish Center.

**Ag day set**

According to R.A. McCarney, County Executive Director for the Mackinac-Luce-Schoolcraft County AGS Office, March 22, 1976, has been designated as Agriculture Day. It is a nation-wide effort that promotes better understanding between rural and urban Americans.  
 Today, one hour of farm labor produces nearly nine times as much food and other crops as it did in the period from 1919-1921. In 1974, the average American factory worker needed to work only four minutes to buy a one-pound loaf of bread.  
 Most people enjoy a healthy diet and want a healthy economy as well, so that everyone has a big stake in American agriculture. For 200 years, America's farmers have led the way in making America the best fed, best clothed nation on earth. And now, their output is making it possible for the American granary to feed large segments of a desperately hungry world.

There are two facts to remember the next time shopping. 1) Americans spend less of their take-home pay for food. The Japanese pay over 30 percent - Eastern Europe and Russia pay 35-50 percent - and our own countries the rate is over 70 percent - if the food is available at all. 2) On the average, Americans are spending a smaller percentage of their take-home pay for food every year. In 1950 an average American family spent 22.2 percent of its take-home pay for food. In 1966 it took 20 percent. This year the typical family will spend about 16 percent of its take-home pay for food.  
 So the system that brings good food on a regular basis is the best arrangement anybody in the world has come up with yet. American farmers and ranchers produced 67 percent of the world's food supply and 75 percent of all the food imported by countries who couldn't grow enough of their own, a \$22 billion market in the arm for the U.S. balance of trade.

**Engadine High School**

Julie McArthur

Saturday, March 13, the Sophomores had a band dance. "Vengeance" from St. Ignace was the band. They had a pretty good turn out. A new policy has been put into effect at dances now - anyone leaving the dance early must sign out at the door. This is to provide a record of when the

students leave, because the school feels there is a problem with drinking. If parents want to find out when their kids leave the dance, they can call the school.  
 Friday, March 12, was Parent-Teacher conferences. But, because of the weather the turn out was poor.

**Mail truck tips in snow**

James Ault, 18, Bark River, was traveling east on US-2 Monday morning enroute from Escanaba when the semi-trailer mail truck he was driving slipped off the road near Garden Corners into soft

snow and rolled over. State Police, who say Ault fell asleep at the wheel, ticketed him for careless driving. Ault sought his own treatment for injuries sustained in the 8 a.m. accident.

### New book given

"The Complete Outdoors Encyclopedia" by Vin T. Sparano has been presented to the Manistique School and Public Library as a memorial to the late Edward St. LaPointe, father of John D. LaPointe of the M.H.S. faculty.

The new publication, donated by friends of the family, contains all essential data, techniques and equipment needed for hunting, fishing, camping, shooting, boating, archery and first aid, plus a field guide to game animals and birds.

The book is currently available for circulation.

### Student battles poachers

Although all true sportsmen resent violators who illegally harvest game belonging to all residents, few people go as far as Jim Lorenson of Ironwood in an effort to curtail such activities.

Jim, a student at Pulpine University College in Ironwood, has printed and distributed a number of "WANTED" posters throughout the Western Upper Peninsula, urging those who observe illegal hunting to report the incident to the proper authorities.

With the rising incidence of poaching in and around deer yards now being reported by conservation officers, Jim Lorenson's campaign is very timely and winter recreationists can give deer a big assist by heeding the information on the posters.

### Couple plan wedding

Mr. and Mrs. Evert Strom of Iron River announce the engagement of their daughter Pamela A. to Marc D. Denson, son of Mr. and Mrs. Kenneth Tonnerson of Manistique.

Pam graduated from West Iron High School in 1974. Marc graduated from Manistique High School in 1973. They both attended Bay de Noc Community College in Escanaba. Pam is employed and residing in Escanaba. Marc is with the U.S. Air Force stationed at Bergstrom AFB, Texas. The couple plan a May 22 wedding in Iron River.

### Women complete role of mother

All mothers are women. "Mother is a role" "Woman" are persons. But, over the course of the years, the two have become confused to the extent that some people feel a woman is not a complete person until she is also a mother.

At the same time, the role of "mother" and with it the person "woman" has been separated from the role of productive worker. In the traditional view, mother stays home with the children. She is constantly available to them, always loving, calm and understanding, always self-sacrificing. She sends her husband off to make his mark in the world of work while she stays home to find her fulfillment in childrearing and housekeeping.

### A June wedding planned

Mr. and Mrs. Laurence Carley of Cooks announce the engagement of their daughter, Lori, to Robert Polon, son of Mr. and Mrs. Wilfred Polon of Manistique. Lori will graduate from Michigan Technological University in the spring of 1976. Lori is employed at the Chamber of Commerce in Manistique. A June 5 wedding is being planned.

### Susan Thornton writes for National Observer

A feature story titled "The Crisis Nursery: Home Without Family Troubles" was published in the March 13 issue of the National Observer. The author is Susan M. Thornton, the former Susan Awater of Manistique. The newspaper is available at the Manistique School and Public Library.

### Local birth

Mr. and Mrs. Wayne Fleck, 125 South Second Street, are the parents of a baby girl born March 10 at the Schoolcraft Memorial Hospital. The baby, named Susan Lynn, weighed nine pounds six ounces. The mother is the former Brenda Webber.

Mr. and Mrs. Mark Larson, 328 Deer Street, are the parents of a baby boy, Michael Steven, born on March 12. The baby weighed eight pounds seven and one half ounces. The mother is the former Cindy Bullard.

### Rocheftor-Lester vows exchanged

Karla Mae Rocheftor of Cooks and Edward Carl Lester of Garden were married on March 13 at the St. Mary Magdalene Church in Cooks. The 3 p.m. double ring ceremony was performed by Father Silko. Karla is the daughter of Mr. and Mrs. Ivar Rocheftor and Edward is the son of Mr. and Mrs. John Lester.

The bride, given in marriage by her father, chose a gown of chintilly lace over organza. Her veil was attached to a lace headpiece with pearl trim that was made by her mother. She carried a bouquet of yellow roses, baby's breath, and trailing ivy.

Margaret Lester, sister of the groom, was the maid of honor. Bridesmaids were Diane Thomas and Jill Wolfe, cousins of the bride, and Pamm Latulip. Their dresses were green dotted swiss and their flowers were mixed daisies and baby's breath.

Best man for the wedding was Richard Lester, brother of the groom. Groomsmen and ushers were John Crowski, cousin of the groom; Ricky Laux and George Leckson.

Serving as flower girl and ring bearer were Allison Montgomery and Jamie Tryan.

A reception for the couple was held at the Cooks-Town Hall for five hundred people. Dancing followed the buffet dinner.

The bride is a 1975 graduate of Big Bay de Noc High School. The groom graduated in 1974 and is presently serving in the Marine Corps in North Carolina.

### Mr. and Mrs. LaMontagne with quilt and flower arrangements

Although she and her husband have been retired for three years, Mrs. Art (Hazel) LaMontagne hasn't yet settled into her rocking chair. Her hobbies occupy the major portion of her time, along with chairing both the UPW Auxiliary Cancer drive and the Schoolcraft County Education committee.

"My major hobby," she said, "is flower arranging. I like to give demonstrations or to do it for my friends."

Mrs. LaMontagne worked for 25 years in two separate flower shops. A part of her education has also come from books and Extension Club flower schools in Traverse City and Detroit.

"You've got to love flowers and have a lively imagination to work with them. First, you have to visualize a design, either in a mass arrangement or a triangle, and begin by putting the heavier flowers and the deep colors at the base. Containers you find around the house can be adapted to a beautiful arrangement. You learn to make do with what you have."

Mrs. LaMontagne's workshop is filled with vases and pots, live plants and dried flowers and wealth of floral equipment.

She has scoured various rummage sales for wicker baskets and always keeps a supply of candles on hand to use in an arrangement.

"I've always said, 'everybody should own one bud vase,'" she added. "One single flower, as beautiful as a large arrangement."

A flower arrangement needs a lot of money, she said. "You could do something with five dollars, not very big, but pretty, with a nice design."

For people on a budget, she has a

springtime arrangement in mind that she can put together for under one dollar.

"You can buy daffodils for 59 cents a bunch at the A & P. Select a yellow or brown container and pick up 25 cents worth of lemon leaves at the florist and you can put the whole thing together for under \$1."

For a table arrangement, she suggests keeping the flowers low in order that people might see over them.

"I love flowers so much that I will never get out of arranging it not for myself, then for others. Flowers give me enjoyment. They're as necessary to me as eating."

A second, more time-consuming interest of Mrs. LaMontagne is creating quilts and skirts and so on from old neckties.

This winter she finished sewing together a quilt made from 100 neckties which she "bought and begged" from friends and at rummage sales.

The quilt measures four feet by seven feet and is stuffed with polyester. It took her three winters to make as Mrs. LaMontagne has no sewing machine and all of the work had to be done by hand.

She had no pattern to follow.

Each of the ties had to be ripped apart and the liner removed. Each also had to be washed by hand and steam pressed. As a guide for cutting she used the liner of a panty hose package.

"We have three grandchildren and they each want a quilt," she said. "I don't know what I'm going to do. I don't think I'm up to making two more."

Her next necktie project is a bicentennial skirt to be made of approximately 24 of her favorite ties.

### What's going on

by Marg Chandanis 341-6856

A Saint Patrick's Day party took place Wednesday at the Medical Facilities with Shirley Huston, Barb Tigas, Nancy Casey and Kathleen Reid being the hostesses to the approximately thirty guests in attendance. We have all heard and read about the twelve devoted ladies who donate time, energy and money each week, but there is an under-story. I'd like to feel you should know about. Her name is Mrs. Bernard Klais of Fannimore, Wisconsin. She is Mrs. Huston's aunt, and just about 82 years of age. Her husband was hurt quite severely and is so grateful to be well and walking again she donates money for events and prizes to our local group. This last offering received will help on the Saint Patrick's party and will supply miniature lemon pies for dessert made especially for the event by Mrs. Esther Blomquist. Any private person or organization interested in helping in any way may contact Mrs. Shirley Huston of Thompson at 341-6856.

Mr. and Mrs. William (Bobbie) Henry and son Billy have arrived safely in West Virginia where the Henry's plan to live and be employed.

Mr. Leo "Smoky" Kerridge has returned home after surgery at Purgason Hospital in Grand Rapids and is recuperating.

Renee Marie LaPlour, infant daughter of Mr. and Mrs. Leonard LaPlour, Intake Park Road, was baptized by Father Frank Lenz at the Saint Francis de Sales Church Sunday. The LaPlour's sister and brother-in-law, Mr. and Mrs. Wes Turan were the godparents on Sunday at the service.

Mr. and Mrs. Bill Sheldon Sr. of North Fourth Street left yesterday for a three month vacation in Paris, California, near Los Angeles; and will visit their son and family, Mr. and Mrs. Bill Sheldon Jr.

Mr. and Mrs. Emmett MacNamara and Mrs. Mike Ennis of Newberry recently returned from a vacation out there. They visited Mrs. A. C. McKinnon in Rancho Bonardo and made it to Las Vegas to enjoy the night life before the strike started there. They departed from the Ennis's at her brothers home in Oja, a town near Las Vegas, and returned home to Newberry by Amtrak.

The Mac's then went on to visit the Dale Ott's in San Jose and to San Francisco to view the colorful area. In Tucson, Arizona the Mac's visited with the Roland Boudreau's of Garden, spending the winter in Tucson, and spent time with Mr. and Mrs. Les Wilsher. After all that traveling the Mac's were ready to settle down for an enjoyable two week visit in Tucson with their brother and sister-in-law, the Francis MacNamara's.

Mr. and Mrs. Conrad Hoholik recently returned home from a two week vacation to Florida with their children, Patsy, Patrick, Mary Jo, Jackie and Billy. The Hoholiks toured the Cypress Gardens and Busch Gardens and visited at Disney World and Sea World. They were guests of Mrs. Honoliks' brother and family, Mr. and Mrs. Jim Williams of Jacksonville.

Mrs. Charlene Gould, Kris Glendon and myself motored to Marquette on St. Patrick's Day on Business and a wee bit of pleasure! Too bad all the nasty white snow did not melt and the bright green grass stood up in honor of the occasion!

Theresa Neville was named the best loser of the week Wednesday evening when the TOPS ladies met at Saint Albans Church and center. Theresa's challenge was Mrs. Delores Gould and Merilee Chaney. Thirty-two ladies weighed in. Election of officers took place and we will include the new officers name in next week's column.

Mrs. Charles Gould, Kris Glendon and myself motored to Marquette on St. Patrick's Day on Business and a wee bit of pleasure! Too bad all the nasty white snow did not melt and the bright green grass stood up in honor of the occasion!

Priscilla Lambert entertained her friend, Nancy Sangraw, on a Sunday afternoon with tea and cookies while Mrs. Sangraw was on vacation.

Mr. and Mrs. Bernard Mc Govern of Kenosha and Mr. and Mrs. David Lanco and children, Cathy and Allen of West Delta were here to attend the twenty-fifth wedding anniversary of Mrs. Wendia Mc Govern's and David's parents, Mr. and Mrs. Bernard Lanco. They were also guests at the home of Mrs. Wendia Lanco of North Fourth Street.

Don't forget! It is still not too late to purchase tickets for the annual Manistique area dance to be held on March 20 in Lower Michigan. Tickets are \$15 dollars per couple in advance, \$20 dollars at the door. This is an annual event and looked forward to by everyone. For tickets contact Patsy Hoholik at 341-6856 or Betty Belliveau, Michigan 4011. The phone number is 927-9892. Please enclose a self-addressed, stamped envelope. # Emeralds best Ontonogan ...

# fall to Negaunee

It's my ball ●●●

Manistique's Emeralds beat Ontonogan in the first round of the Upper Peninsula Regionals in Marquette last weekend, but couldn't bring off the final victory against Negaunee Saturday night.

Manistique led the Ontonogan Gladiators all through the game, maintaining at least a five point lead all along the way. The Emeralds were ahead at the end of the first quarter 13-8, and kept the Gladiators down by scoring point for point in the second stanza. Scoring at the half was 26-21.

The Emeralds pulled away from the Gladiators in the third quarter to take a commanding 15 point lead into the last stanza. The fourth quarter saw heavy scoring by John Pistulka and the Emeralds wound up with an 18 point victory, 66-48.

Pistulka led the scoring for the Emeralds with 18 points followed by Eric Regue, John Nelson, and Rick Jenerou with 12 points each. Ontonogan's forward Scott Weisinger led the Gladiators with 15 points and Jim Latvis was right behind him with 14.

Manistique managed to make 58 percent of its field goals and free throws, while the Gladiators only made 30 percent of the field goals and 50 percent at the charity stripe.

Manistique dominated the boards by grabbing 50 rebounds to 32 by Ontonogan. Jay Ketcik and Rick Jenerou were high rebounders for the Emeralds and Latvis and Weisinger led the Gladiators.

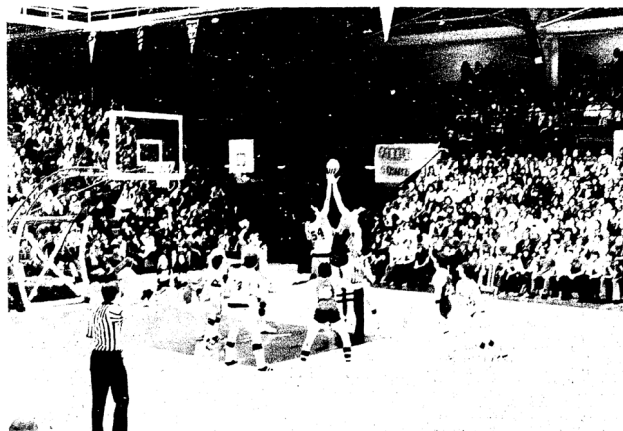

In spite of the snowstorm Friday night, 5,140 people turned out to watch the game. Saturday the roads were clear, and Manistique was well represented among the more than six thousand fans at the Field House at Northern Michigan University (NMU).

The Emeralds met Negaunee in the Saturday game and couldn't make their winning streak stick. Negaunee came from a 68-56 victory over Norway Friday and held on to their momentum to take the Regional Championship with a 64-39 win over the Emeralds.

The Miners started off with the initial score, and kept the lead all the way through the game. At the end of the first quarter Manistique was down six points with 10-16 score.

The Miners took off in the second quarter and had the Emeralds skunked at half-time 39-19. The third quarter saw the Emeralds outscore the Miners, but they couldn't catch up and the last quarter started with the Miners still up 48-31.

Negaunee held the Emeralds to eight points in the final stanza, while the Miners scored 14 points for a final score of 64-39. Rick Berger led the scoring for the Emeralds with 10 points, followed by

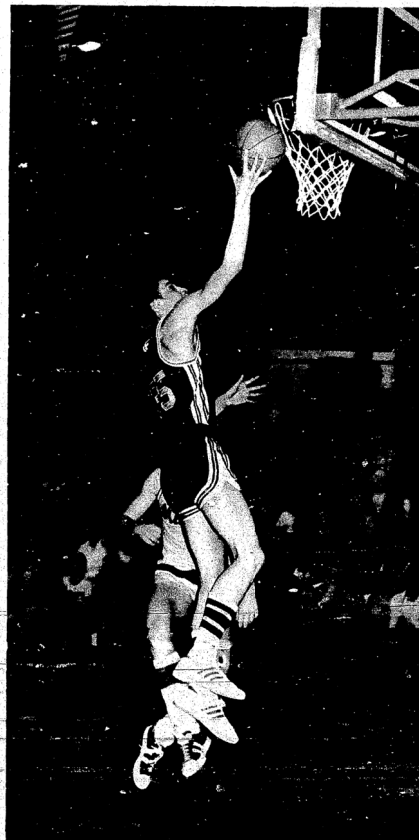

Jumpball on home territory ●●●

Ketcik with 8 and Nelson and Pistulka with six each. The Emeralds shot only 29 percent from the floor but got 69 percent of the free throw line.

High scorer for the Miners was Phil Gleason, making 21 points, with Dean Ellis scoring 16 for second place. The Miners kept up a 48 percent scoring average from the floor and 60 percent at the charity stripe.

Rebounds were about equal, Negaunee making 41 and Manistique 38. Both teams committed 15 personal fouls.

Coach Seb Rubick is planning for next year already. "What is there to say?" he said. "This week we're looking at films of the games and we're starting to look ahead to next year."

It's got to go in ●●●

## Cards of Thanks

We wish to thank all our friends, neighbors and relatives for the many cards, money, flowers and food, visits and the many words of comfort given during our recent bereavement—the death of our beloved husband, father, grandfather, Lloyd FitzPatrick, 41p1

Our special thanks to the German's Emergency Squad, Reverend Handrich, all the ladies who served lunch at the Hewitt Funeral Home.

We can never forget so much concern and kindness.

Sincerely,  
Alice FitzPatrick  
Children  
Grandchildren

We would like to thank the staff of the Medical Care Facility for their many kindnesses shown to our mother and sister, Laura Martin. We would like to thank Lydia Boushor for the entertainment she provided at the facility that Laura Martin enjoyed so much. We would also like to thank Dr. Fyvie, the Eastern Star Ida Chapter 54, and all her friends and relatives. You will always be remembered.

We wish to express our heartfelt thanks to the many friends, neighbors and relatives who by their acts of kindness in the recent death of our beloved mother, Della Fugere helped to lighten our burden of sorrow. Especially do we thank Father Frieburger, Father Lenz, Dr. Waters, the Medical Care Facility, the Messier-Brouillette Funeral Home, the V.P.W. Auxiliary, those who sent food, floral and spiritual bouquets, and helped in any way. We thank you all.

## Plant and Flower Care

MARCH'S SPRING FLOWER SHOWS

There's nothing subtle about the timing of spring flower shows! They all come in March when winter has worn out its resistance thin, and we'd give most anything for a glimpse of spring. Who can resist them - I hope you won't try! But while you're waiting for the gates to open, remember that flower shops are miniature flower shows at this time of year, offering a pretlude to spring, an invitation to enjoy the flowers of the awakening year, and to inhale their sweet fragrances.
